DANIEL F. DONOVAN,
Collector of Taxes for the City of Boston.

AIRCRAFT MATERIAL PRODUCTION 41 PER CENT OF TOTAL AUTOMOTIVE WAR JOB.

Behind current attempts to knock Germany out of the war by means of airpower, stands the teamwork of the automotive industry, which has done much to get bombers in the air over Hitler's domain.

The motor industry, starting as a scrub team in the aircraft field a year before Pearl Harbor has since attained major league stature.

In the two years since December 7, 1941, the industry's output of bombers and fighters has constantly soared. Measured in dollar volume, it rose from \$400,000,000 annual rate of production on the day of the Jap's assault to \$4,300,000,000 on the second anniversary of that "day of infamy."

The same upward spiral took place in deliveries of all forms of war materials by automotive plants. When Pearl Harbor news struck, they had reached an annual production rate of \$1,777,000,000 for all forms of military requirements: aircraft, military vehicles, tanks, guns, ammunition, marine engines and other equipment. Today the annual production rate tops the \$10,000,000,000 mark.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR PAINTING THE PARKMAN HOUSE, 33 BEACON STREET, BOSTON, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for painting the Parkman House, 33 Beacon street, Boston, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked "Proposal for Painting the Parkman House, 33 Beacon Street, Boston, Mass." and left before 2 o'clock on Tuesday, February 11, 1947, at the office of the Park Department with a certified check for \$300, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
FRANK R. KELLY,
(Feb. 1-8.) Commissioners.

CITY OF BOSTON.

OVERSEERS OF PUBLIC WELFARE.

PUBLIC AUCTION.

To be held at Frothingham School, Prospect Street, Charlestown, Wednesday, February 19, 1947, at 11 a. m.

The City of Boston will sell at public auction the following described property:

SEWING MACHINES.

Home Type, National.—Heads and cabinets, 485; heads only, 108; head (broken), 1; cast heads, 21.

Singer.—Heads and cabinets, 3.
Commercial Type, Heads Only.—Wheeler & Wilson, 399; Singer, buttonhole, 10, special, 8, Singer, 92. Union Special, buttonhole, 11; Metropolitan shirtfacers, 2; Standard, 3; Beacon Special, 1; miscellaneous, 3; cutting machines (miscellaneous), 7.

The above will be on display on the premises from 9 a. m. to 11 a. m., Wednesday, February 19, 1947. Machines to be sold in lots to be announced at the time of sale. All sales final.

Terms: Cash, and immediate delivery and removal by purchasers.

The Board reserves the right to reject any or all bids. Further particulars from Chairman, Overseers of Public Welfare, 43 Hawkins street, Boston, Mass.

MARGARET J. GOOKIN,
Chairman.

(Feb. 8-15.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BOYS' AND YOUNG MEN'S SUITS FOR INSTITUTIONS DEPARTMENT, CHILD WELFARE DIVISION.

The Supply Department of the City of Boston invites proposals for furnishing suits as required for Institutions Department. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, February 25, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Feb. 8.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GUTTER BROOM WIRE.

The Supply Department of the City of Boston invites proposals for furnishing the Public Works Department gutter broom wire. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Supply Department, Room 1001, City Hall Annex, before 12 m., Monday, February 17, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Feb. 8.) Superintendent of Supplies.

NO. 7

MAYOR CURLEY REFUTES CHARGES AND INNUENDOS BY ENEMIES WHO HAVE ASSAILED HIM IN RECENT MONTHS AND SOUGHT TO MISLEAD CITIZENS INTO THINKING HE WILL NOT SERVE OUT HIS TERM—BRINGS INTO VIEW FACTS IN REFUTATION OF SUCH CHARGES AND ATTACKS—FIRST, IN HIS RADIO BROADCAST ON FEBRUARY 3, HE SHOWS THAT AN APPEAL IN HIS BEHALF IS PENDING IN WASHINGTON AND UNDER THE CONSTITUTION NO CITIZEN IS GUILTY ON ANY CHARGE UNTIL LAST APPEAL TO THE SUPREME COURT HAS BEEN EXHAUSTED AND FINALLY HE HAS NEVER DOUBTED THE OUTCOME BECAUSE HE HAS BEEN GUILTY OF NO WRONGDOING OR INTENT AND NEVER PROFITED IN ANY MANNER BUT WAS A VICTIM OF CONFIDENCE MAN—CHARGES IN PRESS ALL PART OF PROPAGANDA SEEKING TO CHANGE FORM OF CITY GOVERNMENT, WITH NO BASIS OF TRUTH—SURE JUSTICE WILL TRIUMPH IN HIS FAVOR.

The following is the address of Mayor James M. Curley, on Monday, February 3, over Radio Station WMEX:

Before proceeding with a discussion of the problems of the cities, I feel it incumbent upon me to discuss briefly a matter that came to my attention recently. I had a visit from one of the editors of the *Harvard Crimson* who requested my opinion as to the essentials that are necessary to the success of a young man aspiring for public office. My reply to the interrogator was that he should have the wealth of Croesus, and the hide of an elephant. From the articles appearing in certain papers during the last few months, in the main, critical and rarely constructive, I am inclined to believe that my reply to the editor of the *Harvard Crimson* was a correct one.

The public of Boston has been treated to a series of articles of late which would give the impression that the outlook for Boston was extremely dark, and the prospects of my continuing as Mayor during my term were extremely doubtful. The public is gradually being led to believe that the case presently pending at Washington would be decided against me, notwithstanding the fact that an appeal was pending. In the event of the pending appeal not being allowed, every intelligent person must be aware of the fact that under the constitution and law of the United States, a man is innocent until he has exhausted his last appeal—which is the Supreme Court of the United States. It has all been part of the propaganda, having as its objective, a change in the form of government for Boston, and has no basis in truth.

Never Doubted Outcome.

I have never been disturbed as to the final outcome of the pending case in Washington for the reason that I have not been guilty of wrongdoing or of the intent to do wrong, and have never profited by my connections. I was simply the victim of a confidence man, and I am quite certain that ultimately justice will triumph.

Great stress has been laid upon petty matters which have been magnified so that they appear as major matters. For months these attacks have continued, but I do not believe, in the face of what has been accomplished during the first year of my administration, that these attacks will be of any avail, or that any fair-minded citizen of Boston will be influenced by the propaganda which emanates largely from persons who are not residents of Boston, but who are the beneficiaries of whatever is done in Boston in the matter of public service, traffic conditions, and general public improvements.

The average citizen of Boston is highly intelligent and is not greatly concerned as to the opinion that may be held by a nonresident whose views are published daily and who accepts of all that Boston has to offer and gives in return only destructive criticism and condemnation that is injurious to the city and to the conduct of public affairs. The credit of the city, which is among the highest today among American cities, can be impaired by destructive criticism of that kind that has been indulged in of late. Personally, I am not greatly disturbed at the criticism leveled at me, but I am disturbed at what effect the criticism may have on the standing and credit of the city itself. It is more a question of destroying Curley politically that has been the policy of certain groups for more than a quarter of a century, and this has proven ineffective during the entire time. But these efforts to destroy Curley at a time when the city is emerging from a condition dangerous to its future—due to the incapacity and incompetence of my predecessors—and when it is getting on a sound basis, is not only unwise and injurious, but is unpardonable—because, if it continues, it will unquestionably prove injurious to the welfare of the eight hundred thousand persons who live here who are interested in Boston and who love the city of their birth.

(Continued on page 219.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 17, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending February 8, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1947, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 167; nonresidents, 48; total, 215.

Death rate per 1,000 of population: All deaths, 14.59; nonresidents deducted, 11.33.

Death rate per 1,000 of population:

Last week, 16.15; corresponding week last year, 16.49.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 3; sixty years and over, 115. Total deaths: Male, 120; female, 95; deaths in hospitals and institutions, 138.

ACTING MAYOR JOHN B. KELLY PAYS TRIBUTE TO NATIONAL HEROES LINCOLN AND KOSCIUSZKO DURING BIRTHDAY OBSERVANCES — EXTOLS CHARACTER OF MARTYRED PRESIDENT AND LOVE OF AMERICAN IDEALS AS EXAMPLES CITIZENS SHOULD EMULATE IN ALL DUTIES AND ACTIONS WHICH AFFECT COMMUNITIES AND NATION — SPEAKS AT LINCOLN MONUMENT IN PARK SQUARE AND AT THAT OF KOSCIUSZKO.

The following is the address of Acting Mayor John B. Kelly at the observance of the birthday of Abraham Lincoln, while substituting for Mayor Curley:

Today, as never before in the history of the world, we need a political savior, another Abraham Lincoln. Our most humble and contrite prayers should be for another soul as strong and firm in the right that God gives us to see the light to save our world from cataclysmic destruction. Before we enter into this Lincoln anniversary we should re-examine the precepts and life of this man who, almost single-handed, preserved the Union.

When Lincoln became President he faced the most difficult task ever confronted by any of our Presidents. Many European powers, Great Britain among them being one of the strongest and bitterest, were determined to break in parts our United States.

With a staggering sentence on his lips and sorrow in his heart this great, homely man said, "The Union; the Union must be preserved."

This cry of his went from hill and dale, until even here in our New England men who had never been more than fifty miles from their own homes enlisted and went forward to battle for that slogan, "The Union must be preserved."

Civil wars in any country are the most horrible and devastating, for oftentimes brother fights against brother, father against son, neighbor against neighbor; then sectional hatreds, race controversies, and bitter rivalries of political parties arise. Then all the difficulties brought about are even worse than the actual battles fought in blood and grime, worse even than Libby Prison starvation. After physical wounds are healed, the mental and moral cuts and bruises must be overcome.

Lincoln laid the foundation for an approach to a more decent Americanism, which has been growing slowly ever since.

At present, however, our nation is suffering under similar conditions along with the world at large. Greed and jealousy produce wars; and greed and jealousy prevent healing of mental and moral wounds today.

These nations who are seeking to destroy our Union are at work in America and abroad to disrupt our republic.

Can each one of us prove ourselves to be a Lincoln; to stand firm in the right; to realize what it means to set our own house in order; to resolve not to be bitter in any dogma; to have compassion and good will for our fellow men, knowing that, if we are firm in the right as God gives us to see the right, nothing can conquer us or upset our young America?

Doing this, we will not only save ourselves but save our Union for which Lincoln so fervently worked and prayed.

Whenever you stand beside a Lincoln Memorial, I beg of you to study the face

of this great, good man, whose sterling qualities have never been surpassed. "With malice toward none and with charity for all."

At the Thaddeus Kosciuszko Monument.

Thaddeus Kosciuszko, the Polish hero, the anniversary of whose birth we pause to celebrate today, came of his own free will to this country to help the colonists to gain their freedom and independence.

The great Polish patriot's years here in America were divided into two periods: first, his unparalleled services in the Revolutionary War from 1776 to 1787; second, his return to America in 1797 to aid Thomas Jefferson, the great statesman, and other great men of the day.

Kosciuszko's keen ear had heard the echoes of "the shot that was heard around the world" before he left Poland in 1776. He boldly wrote to the British Secretary of State that he was going to join the rebel army, as the colonists were called.

Since sailing vessels were months in crossing the Atlantic, the earliest record we have of him here was in August, 1776, less than two months after the Declaration of Independence.

Thaddeus Kosciuszko was well educated and had two great talents, art and engineering. The former, his art, may be seen here in many outstanding sketches, in his landscape gardens, and in his planting of trees.

His engineering assignments from General George Washington, General Gates, and many others really contributed to winning the war. His first task was the fortifications at Billingsfort, Pennsylvania. His plans and executions here were so great that by December General George Washington wrote to John Hancock about this "very clever man" whom he had not yet seen, but "whose works spoke for him."

Students who remember the history of the Revolution recall with pain that terrible winter here in Pennsylvania and New Jersey, but joy came with the victories which followed, when General George Washington took command and forced General Charles Lee to resume the fight; nor can anyone forget Kosciuszko's caricature of Lee, the self-willed, arrogant general that he was. Early in the year of 1777 our Polish hero was assigned to erecting the works at West Point, New York. This experience was indeed a thrilling one; and the amazing fortification here on this summit even now is a never to be forgotten sight and a lasting tribute to him. Here, too, may be seen today some of the artistry of our hero, for

with his military engineering he found time to do some landscaping, planting wonderful trees, mapping, and laying out beautiful gardens.

Thus West Point, the Gibraltar of the Hudson, was Kosciuszko's greatest feat and one of the greatest in the world. Time does not permit a further recital of this masterpiece, for we want to talk of his second visit to America. This second trip was to help in the establishment of our young government. All the greatest statesmen were working to bring about a satisfactory method, especially Thomas Jefferson, to whom our Polish hero wrote many letters.

Let me give you just one quotation from Kosciuszko's letter to General Othe Holland Williams, dated February 11, 1783: "Oh how happy we think ourselves when conscious of our deeds, that were started from principle of rectitude; from the conviction of the goodness of the thing itself, from the motive of the good that will come to Human Kind."

Would that each one of us could speak from our hearts such worthy words!

MAYOR CURLEY IN RADIO ADDRESS REFUTES CHARGES.

(Continued from page 217.)

SAVING CITY CREDIT STANDING.

Every petty thing is magnified, and worth-while accomplishments are always disregarded. I am endeavoring to restore order out of what was chaos when I assumed office, January of 1946, and I am succeeding admirably according to the best municipal experts to be found in the state.

When I assumed office, I found that some 3,500 parcels of land had been taken over by the city for nonpayment of taxes. They not only produced no revenue, but they were a blight upon the city, and I proceeded to convert them from nonproducing revenue assets to revenue producing assets. The Board of Real Estate Commissioners has sold at auction properties that netted the city in excess of one and one quarter million dollars, and which have been converted from nonproducing agencies to revenue producing agencies.

I have recognized the trend of major business concerns in the establishment of branches at Wellesley and on the Framingham turnpike, and believed if proper inducements were made, it might be possible to change this trend and establish these industries in Boston—where, in the past, in most cases, they had sought locations outside of the city because of traffic congestion.

The piece of land at Cleveland Circle has been stressed as one wherein the property should have been sold at public auction and which was sold to a private concern, notwithstanding the fact that the property had been idle since long before the landing of Columbus—in fact, since the country was created—and in all probability, would have continued to remain so, the property was sold for a price 100 per cent in excess of the assessed valuation, with an agreement that a structure would be erected thereon at a cost of not less than \$250,000.

CRITICISMS OF LAND SALES.

The erection of this structure, in addition to netting the city \$33,000, immediately, would provide an annual revenue in taxation upon the property erected thereon, and, in addition, would provide employment for a large number of per-

sons, and would serve as an inducement—in the event of the enterprise being successful—for other concerns to locate in the immediate vicinity. The critics contended that if sold at public auction, a higher initial price might have been secured, and this undoubtedly is true. But the fact remains that I was interested in the richer prospect of having annual revenue for the city, and the prospect of inducing others to locate here, which would represent increased revenue to the city.

Stress has been laid recently on the sale of school lands at private sale at a price less than that which would have been received in the event of public auction. I beg to say, in this connection, that upon entering the office during January of last year, I discovered that school properties were being turned over to patriotic and religious organizations for one dollar with no added return to the city. The disposition of school lands and buildings, no longer required for occupancy for educational purposes, rests entirely in the hands of a Board comprised of the School Committee, the Superintendent of School Buildings, and other officials of the School Department. The disposition of these properties is made at a meeting over which the Mayor presides, and it has invariably been my custom to abide by the decision made by the school authorities.

I believe it only fair to state that in every case where property has been disposed of by the school authorities at private sale, it was with a view to inducing the development of the property so that it might be revenue producing for the city. I have been actuated solely by a desire to turn nonrevenue producing property, that has lain idle for many, many years, into revenue producing property at the earliest possible moment; and at the present time, the Real Estate Board of the City of Boston is preparing to advertise the sale of some 500 properties scattered throughout the city that have been taken for taxes, but which constitute, today, fire hazards and health hazards and are of sufficient area to permit of the erection of homes so badly needed for veterans and others.

BUYERS SHY OF PRICES.

Property at Commonwealth and Chestnut Hill avenues was recently advertised for sale at an upset price of \$125,000, and although there were more than fifty prospective buyers, no bid was received. I have requested the Board of Real Estate Commissioners to sell this property in its next public sale at auction at an upset price of \$15,000 lower than the first time it was offered; and I consider it good business for the city for the reason that it is an exceptional site for an apartment block, whereas it has been used simply as air space for the benefit of adjacent apartment houses, and with no benefit accruing to the city.

I shall recommend to the school authorities that the future sale of any property they desire to dispose of, shall be at public auction, and shall insist upon the same being done in all city departments, though I still adhere to the belief that the policy thus far pursued has been a wise one in the matter of getting action in the transfer from non-revenue producing to revenue producing.

I appreciate, in the matter of tax reduction, that the transfer of idle lands from a nonproducing revenue basis to a revenue producing basis, while a contributing factor to the lowering of the tax rate,

can be regarded only as a palliative and is not the real solution of the ills afflicting the cities. The problem of the cities in the matter of reconversion assumes gigantic proportions, due to the fact that during the period of the war, vitally necessary public improvements were neglected, and it became the obligation of the authorities in charge of the administration of cities and towns to provide, in two years, for the neglect of the preceding five years.

RELIEF FOR REAL ESTATE.

To do all this work in one year would place too great a burden on home owners and owners of real estate, generally, as well as on business concerns of the city. Consequently, we have adopted a policy of anticipating and completing the requirements in a period of two or more years. Under the law in Massachusetts, cities and towns, which are the creatures of the state, have no power to initiate legislation which will permit the securing of revenue for the conduct of public activities. In other words, we can only do what the Constitution of the state and the State Legislature permit us to do.

My budget recommendations for 1947 submitted to the City Council this afternoon, provide for appropriations which are \$6,350,000 in excess of similar recommendations for 1946. The major factors contributing to the increased recommendations are:

Cost of living wage and salary adjustments for city and county employees.

Shortening of hours of employment in the Fire and Police Departments as required under legislative enactments.

Increased waste removal and disposal costs.

Additional allowances for plant repairs postponed during the war years.

Increased costs of foodstuffs and medical and surgical supplies.

Additional welfare and soldiers' relief disbursements occasioned by increased allowances to recipients and their dependents to conform with state regulations.

Legislative liberalization of veterans pension laws.

From a percentage point of view, the total appropriations recommended represent roughly a 10 per cent increase over 1946, and yet it is evident from the columns of the public press that every large community throughout the country is faced with the same problem. According to the *New York Times*, the budget for the City of New York for the fiscal year beginning July 1, 1947, will "top by \$105,000,000 the record-breaking 1946-47 budget of \$865,200,000."

It is apparent from these figures that the New York budget for the next fiscal year represents a 12 per cent increase over that of last year. The City of New York has this advantage, however, over Boston in facing its budget problems. Under the new New York state plan for assistance to local communities, the City of New York will receive during the next fiscal year \$42,300,000 in increased disbursements from the state. In its last fiscal year, New York City received \$109,226,184 for state aid. At the present moment, Massachusetts municipalities are uncertain as to what assistance may be expected from the state, but are extremely hopeful that the Governor's special commission which is now studying the problem, may be able to work out a program under which the superior

taxing competence of the state may be utilized to relieve the 350 municipalities of the Commonwealth.

IN NEW YORK STATE.

What a well-devised program for state assistance can mean to local communities is set forth in the budget recommendations recently submitted by Governor Dewey to the state legislature. In the budget 55 per cent of state revenues have been allocated for financing assistance to local communities. This portion of the state budget totals \$371,000,000 or an increase of \$64,000,000 over similar assistance provided last year. Over 80 per cent of this increase has been set aside for welfare assistance to cities and towns. One of the items in this welfare program is of special significance. Twenty-two million dollars has been allocated to enable the State Department to make quarterly advance grants to municipalities.

Up to the present time, New York, like Massachusetts, has been content to reimburse municipalities long after they had actually paid out welfare funds. Under the new system, municipalities will receive state funds in advance of actual expenditures and will account for the expenditures at a later date. In his budget message, Governor Dewey made this interesting comment on the new procedure—"It will improve our welfare assistance practice, and make state assistance available to municipalities so that they do not have to borrow or otherwise finance the state's share of relief and other welfare payments."

In commenting on the fiscal relations between the state and its municipalities, Governor Dewey made the following observations in his budget message—"It is proper that the welfare of the local governments should be a prime concern of the state. However, this concern must not be carried to a point where it would weaken local initiative and responsibility. The major share of financing local functions must continue to be provided by the local communities themselves—if the taxing powers of the localities are not sufficient to enable them to take care of their special needs these powers should be broadened."

This statement is in conformity with the ideas and opinions expressed by Governor Bradford in his inaugural message. It is to be hoped that the Governor's special advisory commission will be able to benefit from the New York experience and thereby establish a local assistance program which will assure a broadening in the municipal tax base and a lessening in the burden at present borne by owners of real estate.

FINANCIAL STANDING ALWAYS HIGH IN CURLEY ADMINISTRATIONS.

During my three preceding administrations as Mayor the city enjoyed the highest financial reputation among great cities of the country. At the close of the first year of my fourth administration, it is a pleasure to announce to the citizens and taxpayers of the city some of the financial facts resulting during, and at the end of, the year.

The net debt of the city has been reduced \$1,488,402.82, as at the end of the year, the lowest net debt since 1925.

When I took office at the beginning of 1946, the outstanding revenue loans amounted to \$8,000,000, while at the end of 1946, there were outstanding only \$2,000,000 for this purpose, or a reduction of \$6,000,000 at the end of the year 1946.

During the year, it was necessary for the city to advertise loan issues on two different occasions, the first being on July 18, 1946, when bids were received from syndicates representing over 50 different investment houses for \$6,285,000 City of Boston bonds, maturities for which ended in periods of five years—ten years—fifteen years—twenty years—thirty years.

These bonds were awarded to the highest bidder with a coupon rate of $1\frac{1}{2}$ per cent, and a slight premium offered, making the net interest cost to the city of slightly under $1\frac{1}{4}$ per cent.

On November 22, 1946, bids were received from syndicates representing over seventy different investment houses for \$1,455,000 City of Boston bonds, maturities for which ended in periods of five years—ten years—fifteen years, and thirty years term debt. The bonds were awarded to the highest bidder at a coupon rate of $1\frac{1}{2}$ per cent, and a slight premium offered, making the net interest cost to the city of slightly lower than $1\frac{1}{4}$ per cent.

It is quite evident on the low rates of interest on the bonds of these two offerings and the great number of investment houses interested in obtaining the bonds of the city for resale to investors at lower rates than the coupon rate, that the credit reputation of the city in this, the first year of my fourth term as Mayor, is still among the highest among the great cities of the country.

PETTINESS OF PINSTICKERS.

I am reminded, when I consider the petty attacks of the pinstickers during the past year, of the approval represented by the silence during the preceding twelve years when stagnation and incompetence was permitted without protest by these same agencies. Boston has again become virile and is emerging from the chaos of the past twelve years, facing the future with the same vision and courage that has characterized the city from early days. Cooperation on the part of everyone is essential to preventing municipal decay, and to the restoration of Boston in the forefront of American cities.

I have labored unceasingly since assuming the office of Mayor to restore confidence and to give to the city what is necessary for the development of the city and the welfare of the people; and have received from a small portion of the press, the cheapest of criticism and abuse. It is apparent that these agencies are more interested in destroying Curley than in restoring Boston and preventing its decadence. I am interested in the upbuilding of Boston, and I shall continue upon the work of restoring and upbuilding the city regardless of whether my course pleases or displeases that handful of cheap critics who are endeavoring to conjure up false premises upon which to build a case.

In this connection, I am reminded of an old poem which runs as follows:

"It is easy to sit in the sunshine, and talk to the man in the shade;
It is easy to float in a well-trimmed boat and point out the places to wade.
It is easy to tell the toiler how best he may carry his pack,
But no man can rate a burden's weight, until it has been on his back."

I sometimes wonder how long the critics could carry the burden as I have done without crying like babies at the weight of the load.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,
MAYOR'S OFFICE, February 10, 1947.
To All Department Heads.

Subject: Overtime Pay.

In connection with the utilization of the services of per diem employees in emergency situations requiring more than the customary or regular hours of employment, department heads are authorized to observe the following overtime schedule:

A. Time and a half for all work in excess of eight hours performed on a week day.

B. Time and a half for all work performed on Sundays.

C. Additional straight time for work performed on holidays for first eight hours, and time and a half in excess of eight hours.

The foregoing schedule is permissive, not mandatory, and does not apply to functional operations, usual and customary, within a department. Since functional operations differ in various departments, the individual department head must determine when the emergency exists and under what circumstances the overtime should be paid.

Respectfully,

JAMES M. CURLEY, Mayor.

REPORT OF EDWARD J. ROWSE, DIRECTOR, DISTRIBUTIVE EDUCATION, ON ATTENDANCE AT NATIONAL RETAIL DRY GOODS ASSOCIATION CONVENTION IN NEW YORK, JANUARY 14 TO 16, 1947, INCLUSIVE.

At the convention of the National Retail Dry Goods Association in New York City, I attended the following sessions:

January 14, afternoon, employment problems.

January 15, morning, supervisory training; afternoon, employee relations; evening, smaller store clinic.

January 16, morning, joint meeting of Trade Board secretaries and educators; afternoon, distributive education panel.

Each session included three or more speakers, followed by a discussion period. Highlights of the convention were:

A clinical demonstration of better selling which illustrated the use of visual aids.—A. P. Dodge, Sales Training Consultant, Richmond, Va.

Labor's place in the market ahead.—Prof. Leo Wolman, Columbia University.

Labor-management cooperation.—Gleason Gardiner, Vice President, Forstmann Woolen Company.

Management training.—A. D. Albright, State Director, Distributive Education, Tennessee.

The most valuable meeting for my purposes was the small conference with Trade Board secretaries. At this meeting I heard much of what is being done in other cities and I was able to put into the record a short account of what is being done in Boston. Many cities are doing more in volume, at least than is being done in Boston. Philadelphia, for example, has over 500 high school pupils in Part-time Cooperative Classes

and has provided training in supervision for 2,000 store supervisors. In general, however, most cities are having the same problems as we have and it is very helpful to learn how others are attempting to solve problems.

I was able to identify the following State Directors of Distributive Education, in attendance:

Massachusetts, Connecticut, New York, Pennsylvania, West Virginia, Virginia, North Carolina, Tennessee, Wisconsin, Iowa, Georgia, Michigan, Ohio, Texas. Also the following city directors: Philadelphia, Cleveland, St. Louis, Des Moines, Sioux City, San Francisco, Richmond, Erie, Charlotte, Atlanta, Detroit, Washington.

It is interesting to note that Harry Claffin, a graduate of the High School of Commerce in the Class of 1917, was one of the principal speakers who addressed the large assembly on Wednesday evening. His subject was "Financial Control in Retailing."

Respectfully,

EDWARD J. ROWSE.

MAYOR CURLEY'S ENTIRE CONGRESSIONAL SALARY DONATED TO CITY HOSPITAL NURSING SERVICE.

The following letter was received by his Honor the Mayor:

February 3, 1947.

JAMES M. CURLEY, Esq.
Jamaica Plain, Mass.

DEAR SIR,—Will you answer through the press to what charity you gave your unearned salary as U. S. Representative?

I recollect when you were running for Mayor last time, one inducement you offered was turning over the salary in Washington, for which you contributed nothing.

I am sure the public would like to know how this promise was kept after election.
A. C.

His Honor's reply is given below:

DEAR A. C.—My entire salary last year as a member of Congress, amounting to \$10,000, plus an additional \$2,500, granted to members for expenses—a total of \$12,500—was turned over to the Boston City Hospital to provide nursing for those unable to pay.

I was required also, to pay a tax to the Federal Government on the salary, in the sum of \$1,200.

I lived up to my promise in every particular.

Very truly yours,

JAMES M. CURLEY,
Mayor of Boston.

TO PURCHASE MOTHER'S MILK.

HOSPITAL DEPARTMENT.

Approval has been given for the purchase of mother's milk for use in the Pediatric Department of the Boston City Hospital for one year from January 1, 1947.

It can only be purchased from the Directory of Mother's Milk, Inc. Our recent costs have averaged between \$1,000 and \$1,300 per month.

Approval has been given of an authorization, effective January 1, 1947, to cover a total cost not to exceed \$15,000 for the year 1947.

Purchases are now being made under an authorization which limited the cost to \$1,000 per month.

BUILDING DEPARTMENT.

APPLICATIONS RECEIVED BY THE BUILDING COMMISSIONER TO DO GAS FITTING FOR THE WEEK ENDING FEBRUARY 12.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
Joseph Ardini	30 Allston street	3	Connecting refrigerator	810

Morris Savitz	230 East Eagle street	1	Installing boiler	300
I. Shannaloffski	9 Newbury street	5	Installing manufacturing equipment	50
John F. Wilson	162 Main street	2	Installing tavern equipment	40

MOVE MADE BY MAYOR TO INCREASE REVENUES OF CITY BY REVISION OF FEES FOR LICENSES.

The following statement was issued by his Honor the Mayor on February 5:

There has been no general revision of fees for licenses and permits issued by the various departments of the city since 1938.

Believing that many of these fees should be revised upward, I have appointed a Board on new sources of revenue, to be composed of City Auditor Charles J. Fox, as chairman, City Collector Daniel Donovan and City Clerk John B. Hynes. The purpose of this Board is to make such recommendations which result from a study made by the members of the Board at the earliest possible moment.

Department heads are directed to study the fees in their respective departments, and make the necessary suggestions directly to this Board, which they feel might result in increased revenue.

MAYOR STARTS LEGAL ACTION FOR BENEFIT OF CITIZENS IN BOSTON, CONSUMERS OF GAS.

At a conference held on February 8 in the office of the Mayor at which were present: the Corporation Counsel, Joseph A. Scolponeti, Special Legislative Agent George J. Leary, and former City Auditor Rupert Carven, the question was considered of the appointment of a Special Counsel by the Law Department of the City of Boston for the prosecution of the claims against the Eastern Gas and Fuel Associates and Boston Consolidated Gas Company for moneys wrongfully obtained by them from consumers of gas in Boston.

The successful prosecution of this claim will mean a refund estimated at \$2,000,000 to the consumers of gas in Boston and surrounding cities and towns.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

Approval has been given to appoint the following named as provisional firemen at \$2,000 a year, effective at 8 a. m., Wednesday, January 22:

George T. Bacigalupo, 60 Leyden street, East Boston; John C. Barrett, Jr., 30 Worcester square, Boston; Aloysius P. Barron, 8 Marine road, South Boston; William R. Benson, 72 Perthshire road, Brighton; Walter Bithoney, 646 Harrison avenue, Boston; Robert E. Bluthardt, 7 St. Marks road, Dorchester; Joseph P. Boyd, 462 East Seventh street, South Boston; Harry Brundage, Jr., 29 Whipple avenue, Roslindale; Frederick F. Bury, 14 Dunster road, Jamaica Plain; Paul W. Buchanan, 69 Seymour street, Roslindale; Thomas F. Bohan, 22 Thomas park, South Boston; Paul J. Bouche, 18 Fifield street, Dorchester; Frederick J. Brady, 219 Hamilton street, Dorchester; George E. Butler, 166 Bolton street, South Boston; Walter J. Buckley, 12 Prospect street, Charlestown; Francis A. Cady, 44 Woodward street, South Boston; Anthony G. Calello, 385 Frankfort street, East Boston; William J. Carey, Jr., 32 Tennyson street, West Roxbury; Ralph

J. DiCarolus, 120 Howe street, East Boston; Morley J. Carter, 17 Weld Hill street, Jamaica Plain; Edward J. Casey, 43 Marcella street, Roxbury; John J. Casey, 449 Ashmont street, Dorchester; Joseph J. Censullo, 104 Marion street, East Boston; Louis Christina, 87 Webster street, East Boston; Paul J. Clancy, 21A Spring Park avenue, Boston; Thomas F. Clancy, 26 Bradlee street, Dorchester; Joseph F. Coleman, 22 Granville street, Dorchester; John F. Collier, 195 West Second street, South Boston; Francis X. Collins, 42 Milwood street, Dorchester; Frederick J. Collins, 43 Rockne avenue, Dorchester; Vincent T. Collins, 170 North Beacon street, Brighton; Joseph P. Connolly, 244 West Fifth street, South Boston; Paul C. Connors, 95 Blue Hill avenue, Roxbury; Paul F. Cook, 404 Centre street, Jamaica Plain; Robert A. Cook, 8 Tolman place, Roxbury; Paul R. Cardoza, 14 Speedwell street, Dorchester; John R. Cornish, 301 Norfolk street, Dorchester; Walter W. Corwin, Jr., 45 Sever street, Charlestown; Samuel J. Craddock, 411 Neponset avenue, Dorchester; John J. Creedon, 25 Pleasant street, Charlestown; Paul F. Curran, 29 Farquhar street, Roslindale; Thomas L. Cushing, 373 E street, South Boston; Carl F. Cugua, 86 Alexander street, Dorchester; Richard T. Daley, 52 North Crescent circuit, Brighton; Francis C. Devlin, 22 Royal street, Allston; Robert L. Devlin, 271 Heath street, Jamaica Plain; Robert Doheney, 3 Harvard place, Charlestown; John J. Doherty, 21 Allston street, Allston; John T. Doherty, 49 Woodlawn street, Jamaica Plain; Andrew W. Donlan, 29 Michael Gavin way, South Boston; John V. Donovan, 42 N street, South Boston; Frank S. Douglan, 1029 Tremont street, Boston; Francis P. Dowling, 26 Holmfield avenue, Mattapan; John F. Downey, 16 Dean street, Dorchester; Lawrence P. Dynan, 14 Winslow street, Hyde Park; William L. Eaton, 73 Hancock street, Dorchester; Robert E. Emerson, 131 Hampden street, Roxbury; Joseph P. Farley, 32 Monument street, Charlestown; Bernard E. Farwell, 713 Dudley street, Dorchester; Benjamin H. Fiske, Jr., 100 L street, South Boston; John J. Flynn, Jr., 20 Smith street, Boston; Richard C. Foley, Jr., 8 Carlford road, Jamaica Plain; William H. Foley, 845 Columbia road, Dorchester; Lester W. Franklin, 873 Huntington avenue, Boston; Ralph H. George, 71 Hilburn street, Roslindale; Francis J. Gilday, 20 Kingsboro park, Jamaica Plain; John J. Glennon, Jr., 560 La Grange street, West Roxbury; John F. Greene, 95 Emerson street, South Boston; Edward T. Gregory, 12 Clarkson street, Dorchester; Charles R. Gove, 30 Spring street, Boston; Thomas J. Guiney, Jr., 19 Rangeley street, Dorchester; Edward E. Gurnon, 24 Bellflower street, Dorchester; William E. Hackett, 75 Mt. Ida road, Dorchester; George R. Haines, 19 Hubbardston road, Dorchester; Alfred F. Hamel, Jr., 370 Bowdoin street, Dorchester; Thomas J. Hanley, 176 Sydney street, Dorchester; David J. Hansford, 12 Linden street, South Boston; Leonard F. Hansford, 42 Wordsworth street, East Boston; John A. Hardy, 84 Winthrop street, Roxbury; Daniel F. Harrington, Jr., 5 Russell street, Charlestown; John A. Hawkins, 28 Cerdan avenue, Roslindale; Robert D.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon January 15 the Mayor approved a contract with the Astor Exterminating Company for extermination of vermin at Boston City Hospital. Bids, opened Thursday, December 12, 1946, were as follows:

George B. DeLue Company, \$300 per month; Thomas A. Sheehan Company, \$250 per month; Astor Exterminating Company, \$237 per month.

PUBLIC WORKS DEPARTMENT.

Upon January 18 the Mayor approved a contract with the Construction Units for earth excavation and refilling to allow the Water Division employees to install, regulate or repair Water Division structures in City Proper, South Boston, East Boston, Charlestown and Roxbury districts at an estimated cost of \$30,275. The work contemplated in the contract is to be completed on or before December 31, 1947.

The following bids were received:

Construction Units, \$30,275; Appel & O'Toole Company, \$33,895; J. A. Sprissler, \$48,050; C. Russo Company, \$72,750.

Upon January 23 the Mayor approved a contract with Joseph Capone for earth excavation and refilling to allow Water Division employees to install, regulate or repair Water Division structures, also for the installation of wooden boxes and establishing post hydrants in the Brighton district at an estimated cost of \$9,767.50.

The work contemplated in the contract is to be completed on or before December 31, 1947.

The following bids were received:

Joseph Capone, \$9,767.50; Construction Units, \$10,075; Roslindale Contracting Company, \$11,745.20; R. A. Buccella & Sons, \$12,730; Appel & O'Toole Company, \$13,745; C. Russo, Inc., \$13,840; Pacella Brothers, \$18,950; Caruso & Barone, Inc., \$23,110.

SUPPLY DEPARTMENT.

Upon December 9, 1946, the Mayor approved a contract with Lalime & Partridge, Inc., for furnishing Ford passenger cars to the various city departments. The bid of Bowers Motor Sales, Inc., is irregular as they bid on the DeLuxe model, production of which has been discontinued by the Ford Motor Company. The total amount of the contract was \$8,669.32, with no cash discount.

Bids, opened November 26, 1946, were as follows:

Item 1.—Lalime & Partridge, Inc., \$1,627.16; Cote Motor Company, \$1,616.05; Bowers Motor Sales, Inc., \$1,530.55.

Item 2.—Lalime & Partridge, Inc., \$1,551.90; Cote Motor Company, \$1,619.22; Bowers Motor Sales, Inc., \$1,178.70.

Item 3.—Lalime & Partridge, Inc., \$826.95; Cote Motor Company, \$909.61; Bowers Motor Sales, Inc., \$641.85.

Item 4.—Lalime & Partridge, Inc., \$927.16; Cote Motor Company, \$990.05; Bowers Motor Sales, Inc., \$645.55.

Item 5.—Lalime & Partridge, Inc., \$1,275.95; Cote Motor Company, \$1,209.61; Bowers Motor Sales, Inc., \$1,076.85.

Item 6.—Lalime & Partridge, Inc., \$2,461.20; Cote Motor Company, \$2,519.22; Bowers Motor Sales, Inc., \$2,235.94.

Net Total.—Lalime & Partridge, Inc., \$8,669.32; Cote Motor Company, \$9,065.76; Bowers Motor Sales, Inc., \$7,309.44.

Remarks.—Lalime & Partridge, Inc., bidding on Super DeLuxe models, no delivery date stated, no maximum price stated; Cote Motor Company, 20 per cent maximum price increase, no delivery date stated, will deliver Super DeLuxe models (per telephone); Bowers Motor Sales, Inc., ten days cash discount, 1 per cent, no delivery date stated, price at time of delivery, bidding on DeLuxe models.

Lalime & Partridge have guaranteed their prices in a verbal telephone conversation.

Bowers Motor Sales, Inc., according to information from the Ford Motor Company, the DeLuxe model four-door sedan is not in production at present.

Cote Motor Company, on Item 5, bid on sedans instead of coaches as asked for.

Upon December 9, 1946, the Mayor approved a contract with the Charles N. Wood Company for furnishing Snow Fighter equipment to the Paving Service of the Public Works Department. The Public Works Commissioner has canceled the requisition covering Item 2 which calls for four of the smaller type Snow Fighter machines. He is, however, desirous of securing the larger model covered by Item 1, and for the best interests of the city it was requested that permission be granted to award a contract for furnishing to the Public Works

Department one Model FGRS Walter Snow Fighter, as per specifications, at a net price of \$21,175.50.

Bids, opened October 29, 1946, were as follows:

Item 1.—E. A. Forbes & Sons Company, delivered price, \$20,000; net total, \$20,000; Model F. W. D. M-7, six to seven months' delivery, Good Roads Sander Body V Frink Plow, Model 158S, or equal; Charles N. Wood, Inc., delivered price, \$21,653.60; less tax, \$478.10; net total, \$21,175.50*; Walter FGRS.

Item 2.—E. A. Forbes & Sons Company, delivered price, each, \$14,000; net total \$56,000; six months' delivery, F. W. D. Model SU Special, Good Roads Sander Body, or equal; Charles N. Wood Company, delivered price, each, \$15,944.15; less tax, \$394.15; net total, \$62,200; these are maximum prices, Walter Model FZMS, no delivery specified.

* Contract awarded.

Upon December 20, 1946, the Mayor approved a contract with Lalime & Partridge, Inc., for furnishing new commercial vehicles for the Water Division of the Public Works Department. There is not sufficient money in the C-4 item of the Public Works Department budget to accept the entire bid. It is requested that permission be granted me to award a contract to Lalime & Partridge, Inc., the low bidder, on the following:

Item 1.—Four $\frac{1}{2}$ -ton pickup trucks at a firm price of \$3,184.26.

Item 8.—Five $\frac{1}{2}$ -ton dump trucks at a firm price of \$9,621.10. Total, \$12,805.36.

Lalime & Partridge, Inc., have guaranteed to make delivery before January 1, 1947.

Bids were as follows:

Item 1.—Cote Motor Company, \$3,288.52; Lalime & Partridge, Inc., \$3,184.26*; Bowers Motor Sales, Inc., \$3,134.26; General Motors Corporation, \$4,178.18,† \$3,665.54.

Item 2.—Cote Motor Company, \$2,950; Lalime & Partridge, Inc., \$3,008.15; Bowers Motor Sales, Inc., \$3,280.15; General Motors Corporation, \$3,043.88,† \$2,848.46.

Item 3.—Cote Motor Company, \$1,503.12; Lalime & Partridge, Inc., \$1,540.20; Bowers Motor Sales, Inc., \$1,490.65; General Motors Corporation, \$1,669.01,† \$1,478.86.

Item 4.—Cote Motor Company, \$1,304.62; Lalime & Partridge, Inc., \$1,365.65; Bowers Motor Sales, Inc., \$1,380.20; General Motors Corporation, \$1,511.01,† \$1,320.86.

Item 5.—Cote Motor Company, \$19,495.65; Lalime & Partridge, Inc., \$20,030.75; Bowers Motor Sales, Inc., \$20,255.95; Granite Chevrolet Company, \$19,190; Moye Chevrolet Company, \$19,190; General Motors Corporation, \$23,218.05,† \$20,234.80.

Item 6.—Cote Motor Company, \$12,382.39; Lalime & Partridge, Inc., \$12,535.45; Bowers Motor Sales, Inc., \$12,637.57; General Motors Corporation, \$13,966.03,† \$12,176.08.

Item 7.—Cote Motor Company, \$18,714.03; Lalime & Partridge, Inc., \$18,025.15; Bowers Motor Sales, Inc., \$18,430.60; General Motors Corporation, \$15,544.19,† \$13,601.04.

Item 8.—Cote Motor Company, \$9,832.60; Lalime & Partridge, Inc., \$9,621.10*; Bowers Motor Sales, Inc., \$9,940.62; Granite Chevrolet Company, \$9,996.25; Moye Chevrolet Company, \$9,996.25; General Motors Corporation, \$11,270.85,† \$9,857.20.

Item 9.—Cote Motor Company, \$5,579.24; Lalime & Partridge, Inc., \$5,561.30; Bowers Motor Sales, Inc., \$5,500; General Motors Corporation, \$5,887.82,† \$5,496.92.

Item 10.—Cote Motor Company, \$19,223.25; Lalime & Partridge, Inc., \$18,010.10; Bowers Motor Sales, Inc., \$17,854.60; General Motors Corporation, \$17,581.35,† \$16,902.50.

Item 11.—Lalime & Partridge, Inc., \$3,401.41; White Motor Company, \$5,946.25,† \$4,756.05; Reo Motor Company, \$5,347.54; General Motors Corporation, \$6,220.29,† \$5,430.26; \$5,186.90, \$5,940.43,†

Item 12.—Lalime & Partridge, Inc., \$6,802.82; White Motor Company, \$5,946.25,† \$4,756.05; Reo Motor Company, \$10,695.08; General Motors Corporation, \$12,441.18,† \$10,860.52; \$10,373.80, \$11,880.86,†

Remarks.—Cote Motor Company, no definite delivery date, prices subject to increase up to 15 per cent; Lalime & Partridge, Inc., no definite delivery date, prices subject to increase up to 15 per cent, Items 11 and 12 do not meet specifications; Bowers Motor Sales, Inc., no delivery date specified, prices subject to increase up to 15 per cent; Granite Chevrolet Company, approximately 60 to 90 days' delivery on chassis, 6 months on equipment, prices subject to increase up to 15 per cent; Moye Chevrolet Company, 60 to 90 days' approximate delivery on chassis, 6 months on equipment, prices subject to increase up to 15 per cent, no copy of bid at auditor's office; White Motor Company, alternate bids on Model WB-22 do not meet specifications, delivery within 90 days of receipt of order, prices subject to increase up to 15 per cent; Reo Motor Company, delivery 120 days after receipt of order, no maximum prices or per cent quoted; General Motors Corporation, delivery information to be furnished, (coal strike is reason for delay), definite maximum prices are stated.

* Contract awarded.

† Maximum price increases.

Upon January 13 the Mayor approved a contract with the Hersey Manufacturing Company for the following:

Two 6-inch Hersey compound torrent meters.

The Water Division of the Public Works Department has contacted the Hersey Manufacturing Company and they have stated that they can assure a quick delivery. The Hersey Manufacturing Company is the manufacturer of this particular meter, and owing to the fact that the Division Engineer of the Water Division is in immediate need of this meter, approval has been granted. The total amount of the order is \$2,080; less 30 per cent, \$624; net total, \$1,456.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and mercantile houses for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

Boston, December 27, 1946.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Since June 30, 1942, when the last so-called ten-year contract expired, the city has been making annual contracts with the Coleman Disposal Company for disposing of the

garbage and refuse from the areas where collections had been made by city forces. In recent years, in certain of these areas, there has been a change-over from city to contract collections, but, under the terms of these contracts, all the material collected has been delivered to the above-mentioned firm, so that, basically, there has been no change in the situation as it existed in 1942. The contract which will expire at the end of the present month calls for an annual payment of \$414,000.

For some time past, the city has been considering other methods of disposing of its refuse and garbage, and studies have been made with a view of adopting incineration, where possible. Incineration, however, will not wholly solve the problem of complete disposal, as dumping space will still be required for ashes and other materials which cannot be burned, as well as for the residue from the materials that are burned in an incinerator.

The firm which has done the work of disposal since 1922 is the only concern having the facilities and dumping space available to accommodate the collections from the districts which it has been serving. Under the conditions which exist at the present time, I feel that it is absolutely necessary for the city to continue to avail itself of these facilities.

I have discussed with the officials of this firm the matter of making a new contract to cover our requirements for the calendar year 1947, and in the discussions which we have had, the company has asked for an increase in price based upon higher rates which it has had to pay for labor and for repairs to the equipment used in its business. This requested increase amounts to 18 per cent over the present contract price, and in view of higher costs which enter into this work, I am of the opinion that this request is not unreasonable.

In view of the conditions which exist, I respectfully request the authority of your Honor to dispense with advertising and to award a contract to Coleman Disposal Company, 40 Central street, Boston, for the disposal of garbage and refuse for the year beginning on January 1, 1947, and ending December 31, 1947, at a cost of \$488,520.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner.

ADDITION TO CONTRACT.

HOSPITAL DEPARTMENT (Sanatorium Division).

The Jarvis Engineering Company has been allowed to make an addition in the amount of \$275 to the contract for renewing the brinze coils in the walk-in refrigerators at the Sanatorium Division. This job was estimated and bid by all bidders on a total of 310 square feet of plastering to be renewed and repaired in the boxes. When work was started on this project, it was found that after coils were removed, a considerable amount of plastering needed to be done in excess of that estimated and bid. Both Mr. Clark, the supervising engineer, and the contractor believe that the amount of plastering to be replaced will amount to approximately 625 square feet instead of 310; and consequently the contractor is requesting an extra on this job of \$275. This extra was approved of by the Board of Trustees at a meeting held December 23, 1946.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

James S. Kelliher has been granted an extension of time for completion of the contract for alterations and additions to Fire Station, Engine 22, until February 5, 1947. The contract, dated October 8, 1946, was to have been completed within sixty days after date of approval, October 14, 1946. The date of completion in accordance with the contract was December 13, 1946. However, due to delays in the delivery and fabrication of various materials required on the job, it was impossible to complete the work within the time allowed in the contract.

M. Solimando has been granted an extension of time for completion of the contract in connection with alterations and additions to Fire Station, Engine 24, until February 8, 1947. The contract, dated October 14, 1946, was to have been completed within sixty days after date of approval, October 14, 1946. The date of completion in accordance with the provisions of the contract was December 13, 1946. However, owing to a change made in the first floor reinforced slab design after alterations were started, it was impossible to complete the work within the time allowed in the contract.

M. Solimando has been granted an extension of time for completion of the contract in connection with additions and alterations to Fire Station, Engine 1, until February 8, 1947. The contract, dated October 8, 1946, was to have been completed within sixty days after date of approval, October 14, 1946. The date of completion in accordance with the provisions of the contract was December 13, 1946. However, owing to a change in the first floor reinforced slab design after alterations had begun, the contractor was unable to complete his work within the time required by the contract.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., have been granted an extension of time for completion of the contract for laying and relaying water pipes in Oakview terrace and Belmore terrace, West Roxbury, approved September 26, 1946, from November 30, 1946, to May 1, 1947. This extension is requested for the reason that the contractor, handicapped by weather conditions unfavorable to the performance of this work satisfactorily, was unable to complete the work in the time scheduled.

Fred J. Wallace has been granted an extension of time for completion of the contract for repairs to the Albany Street Disposal Station to March 1, 1947. This extension is requested for the reason that the contractor has been delayed on account of the slow delivery of materials and also on account of extra work being done, not contemplated in the original contract.

John Deveney Company has been granted an extension of time for completion of the contract for removing snow in Areas 5 and 7, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Martin J. Kelly Company, Inc., has been granted an extension of time for completion of the contract for removing snow in Area 10, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Walter Reed Corporation has been granted an extension of time for the completion of the contract for removing snow

in Area 2, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

M. DeMatteo Construction Company has been granted an extension of time for completion of the contract for removing snow in Area 11, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

POLICE DEPARTMENT ORDER.

General Order No. 844.

By virtue of authority conferred by the Department of Civil Service and Registration, Santo D. Minutoli, who resigned, effective December 23, 1946, at 7.45 o'clock a. m., is hereby reinstated as a patrolman and assigned to Division 19, to be effective Thursday, February 6, 1947, at 9 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Lark street, South Boston district, as a highway, to Old Colony avenue, bounded and described as follows:

A highway named Lark street is hereby laid out, and extended to Old Colony avenue, and ordered constructed.

For the making of the aforesaid improvement, an easement for street purposes is hereby taken in the following-described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Edward L. Kligman (City of Boston Tax Title), bounded as follows:

Southwesterly by Old Colony avenue, twenty-six and 19-100 feet; northwesterly by land supposed to belong to Nihill *et al.*, four and 33-100 feet; northeasterly by Lark street, twenty-five and 23-100 feet; and southeasterly by other land supposed to belong to said Kligman (City of Boston Tax Title), eight and 77-100 feet, containing one hundred and sixty-four square feet, more or less.

The land, owners unknown, being the private way known as Lark street.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Lark street as hereby laid out and extended is bounded as follows:

Southwesterly by Old Colony avenue, twenty-six and 19-100 feet; northwesterly by the northwesterly line of said Lark street as hereby laid out and extended, seventy-nine and 23-100 feet; northwesterly by Lark street (public), twenty-five and 10-100 feet; and southeasterly by the southeasterly line of said Lark street as hereby laid out and extended, eighty-nine and 53-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the

northwesterly and southeasterly sides of said extension of Lark street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Lark Street, South Boston, Assessment Plan, November 15, 1946, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Michael J. Nihill <i>et al.</i>	\$33 42
2. Michael J. Nihill <i>et al.</i>	32 10
3. Ralph DeStefano.....	31 32
4. Elizabeth B. Barnes (City of Boston Tax Title).....	31 14
5. Edward L. Kligman <i>et al.</i>	312 42
6. Martha E. Odenwaller <i>et al.</i>	17 22
Total.....	\$457 62

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the extension of Lark street, South Boston district, as a highway, to Old Colony avenue, under the order of the Board of February 5, 1947, in the amount hereinafter mentioned, and awards said amount therefor:

Edward L. Kligman (City of Boston Tax Title), 164 square feet, \$1.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Sportmen's Show, the following rules are effective from January 30 to February 10, 1947, inclusive:

Parking of vehicles is prohibited in the following street:

West Newton Street, Boston Proper.

Both sides, from Falmouth street to Huntington avenue.

Southwest side, from Huntington avenue to St. Botolph street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of inspection of underground structures by the New England Telephone & Telegraph Company, vehicles are excluded from the following street from 7 a. m. to 7 p. m. on each of the following Sundays: February 2, 9, 16, 23, March 2, 1947:

Congress Street, Boston Proper.

From High street to Milk street.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city. Trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days

following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Sherman road, bounded as follows:

Northeasterly by the boundary line between the Town of Brookline and the City of Boston, by the northeasterly line of Sherman road, and again by the boundary line between the Town of Brookline and the City of Boston, by five measurements, seventy-one and 98-100 feet, three and 87-100 feet on a curve of seventy-seven and 79-100 feet radius, seven hundred thirty-three and 31-100 feet on a curve of one thousand three and 65-100 feet radius, one hundred forty-two and 78-100 feet, and one hundred sixty-five and 28-100 feet; and southwesterly by the southwesterly line of said Sherman road, by three measurements, three hundred and 29-100 feet, seven hundred sixty-nine and 84-100 feet on a curve of one thousand fifty-three and 65-100 feet radius, and seventy-three and 47-100 feet on a curve of one hundred twenty-seven and 79-100 feet radius, containing fifty thousand seven hundred and seven square feet, more or less.

The sewerage works to be constructed are as follows:

Six hundred linear feet of 10-inch pipe sanitary sewer and six hundred linear feet of 20-inch to 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on Sherman road as shown on the plan hereinbefore mentioned, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it. Said plan is on file in the office of the Street Laying-Out Department.

Lot.	Amount.
1. John Hancock Mutual Life Insurance Company.....	\$1,752 14
2. John Hancock Mutual Life Insurance Company.....	2,140 26
Total.....	<u>\$3,892 40</u>

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Sherman road, West Roxbury, and the construction of sewerage works therein, under the order of the Board of January 30, 1947, and awards no damages therefor.

Owners unknown (Sherman road), 50,707 square feet, nothing.

CIVIL SERVICE EXAMINATIONS.

COLLECTOR OF MILK SAMPLES, BOSTON HEALTH DEPARTMENT, MARCH 15, 1947.

Last date for filing applications, Monday, February 24, 1947, at 5 p. m.

Salary: Minimum, \$39.84 a week; maximum, \$45.84 a week.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To collect samples of milk, butter, oleomargarine, vinegar, and ice cream for chemical and bacteriological examination; to make sanitary inspection of conditions under which such products are sold, and to determine if persons selling them are licensed as re-

quired; to give testimony in court in prosecutions for violations of the law; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or who have passed their forty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

BOOKKEEPER-CLERK, LONG ISLAND HOSPITAL, BOSTON INSTITUTIONS DEPARTMENT, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: \$1,400 a year and maintenance.

Vacancies: At present there is one vacancy, to be filled on a permanent basis.

Duties: To keep records of patients' cash and valuables using ledger sheets for each patient to record deposits and withdrawals of cash and individual cards to record deposits and withdrawals of valuables, and making journal entries for recording daily deposits and withdrawals; to issue receipts for all cash and valuables received in office; to prepare monthly statements of patients' accounts; to notify relatives of discharged or deceased patients regarding disposition of cash or valuables; to prepare an annual report of unclaimed cash; to keep records of personal telephone charges and board of patients receiving pensions or allowances; to make salary advances to new employees pending certification on pay roll; to cash checks; to keep records and issue reports on contribution for various annual drives such as Community Fund, Red Cross, Salvation Army, etc.; to keep records of keys issued to all employees, obtaining a deposit upon issue and refunding deposit when key is returned; to follow up requisitions from the department from time of receipt from department heads to the time invoices have been approved and filed; to assist the postmaster; to perform routine office work, including typewriting; and to perform related work as required.

A knowledge of accounting principles involved in the handling of accounts and accounts payable is desirable.

Entrance Requirements: Applicants must have at least four years of full-time paid experience in office work.

Substitution: High school or equivalent education may be substituted year for year for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5. Also a supplementary test in typewriting.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject and in the supplementary test in order to become eligible.

PRACTICAL TEST FOR HOSE AND RUBBER GOODS REPAIRMAN, BOSTON FIRE DEPARTMENT (LABOR SERVICE), MARCH 12, 1947.

Last date for filing applications, Wednesday, February 19, 1947, at 5 p. m. Salary: \$44.75 a week.

Vacancies: At present there is one vacancy, to be filled on a permanent basis.

Duties: To repair all Fire Department hose sent to the Maintenance Division, removing damaged couplings, short lines of hose and replacing couplings; to repair rubber coats, patching, stitching and renovating damaged coats; to assist in sewing, cutting and shaping canvas and leather in the making of hose and axe belts, deck covers for apparatus and repair of fire helmets; and to perform related work as required.

Entrance Requirements: Persons who wish to take this test must register by filing application at the office of the Division of Civil Service, State House, Boston. Only citizens of the United States who have domiciled in the Commonwealth for one year next preceding the date of filing application have a right to apply. Applicants must have domiciled in the City of Boston for six months next preceding the date of filing application. Persons already registered for the Boston labor service need not file a new application, but should call at the office of the Division of Civil Service, State House, and add the rating of Hose and Rubber Goods Repairman, if they have not already registered under this rating.

Notice of the time and place of the practical test will be sent to those having applications on file within the required time.

Physical fitness to be determined by physical examination.

Names of those who qualify in the practical test and who pass the physical examination will be registered in the order of the date of application on the eligible list for this position. Names of veterans will be placed on the eligible list above the names of all other applicants.

District Chief Joseph W. Shea, District 11.

Lieut. Dennis A. Connelly, Engine Company 1.

Apparatus Operator Thomas J. Daly, Engine 21.

Apparatus Operator Walter J. Doody, Engine Company 51.

District Chief Shea was appointed to the department on February 6, 1903. He was promoted to lieutenant on September 16, 1910; to captain, February 1, 1924, and to district chief, July 5, 1929.

Lieutenant Connelly was appointed to the department, December 18, 1909, and was promoted to lieutenant, May 31, 1929.

Apparatus Operator Doody was appointed to the department, June 8, 1917, and Apparatus Operator Daly was appointed September 27, 1918.

Hoseman Dolan was appointed to the department, June 22, 1925, and Pay Roll Clerk Barry was appointed July 19, 1926.

All the foregoing-named officers and members leave the department with the best wishes of their associates.

III. RESIGNATIONS.

The following resignation, which became effective at 8 a. m., January 29, 1947, is hereby announced:

Provisional Fireman Thomas F. Clancy, Engine Company 46.

The following resignation, which became effective at 8 a. m., January 31, 1947, is hereby announced:

Provisional Fireman Saul Tobias, Engine Company 2.

The following resignation, which became effective at 6 p. m., February 1, 1947, is hereby announced:

Provisional Fireman Milton H. Arnstein, Engine Company 24.

The following resignation, which became effective at 8 a. m., February 3, 1947, is hereby announced:

John J. Deveney, Ladder Company 18.

IV. DROPPED FROM DEPARTMENT ROLLS.

The following named has been dropped from the department, effective as of 8 a. m., January 30, 1947:

Provisional Fireman David J. McKenna, Engine Company 37.

The following named will be dropped from the department, effective at 8 a. m., February 5, 1947:

M. O. P. Joseph D. Cannon, Ladder Company 19.

M. O. P. Joseph F. Doherty, Engine Company 49.

The foregoing men on probation were appointed to the department while serving in the armed forces of the United States. However, they are both now employed in the Boston Police Department and did not request reinstatement in the Fire Department within ninety days after their discharge from the armed forces, as required by Statute Law.

V. NEW CARD FOR AUTOMATIC BOOK.

A new page, No. 22, dated January 22, 1947, is being issued to the department today. This card will replace old page 22 which should be returned to Headquarters in the envelope provided on or before February 10, 1947.

VI. DISCONTINUANCE OF AUTOMATIC SIGNAL.

Notice has been received from the Boston Automatic Fire Alarm Company that the following automatic signal has been discontinued as of January 29, 1947:

Signal 314, building, 46 Central Wharf.

VII. B. F. M. R. A. ASSESSMENT NOTICES.

Members are again reminded to bring with them their current Boston Firemen's Mutual Relief Association assessment when they are transferred to another company.

Company commanders shall make sure that this instruction is complied with.

VIII. COMMENDATION.

Repairer Alexander A. Campbell and Cable Splicer Stephen A. Lydon of the Fire Alarm Division are hereby commended for repainting the fire alarm emergency truck. These members did this work during their spare time and their off hours.

The Fire Commissioner is pleased to grant these members one day off duty.

IX. RETURN OF MEMBER FROM ARMED FORCES.

Hoseman Philip T. Langan of Engine Company 44, who was granted a leave of absence March 25, 1944, in order to serve in the U. S. Navy, will return to active duty in this department, effective at 8 a. m., Wednesday, February 5, 1947.

X. REASSIGNMENT OF PROVISIONAL FIREMEN.

The following-named assignments of provisional firemen for February 3, 1947, announced in General Order 10, c. s., are hereby canceled, and they are reassigned, effective 8 a. m., February 5, 1947:

John P. Edgerly, Engine 48.

Vincent D. Spillane, Engine 43.

XI. TRANSFERS.

The following transfer, effective at 8 a. m., February 4, 1947, is hereby announced:

Hoseman Charles S. Sampson, from Engine 38 to Engine 39.

The following transfers, effective at 8 a. m., February 5, 1947, are hereby announced:

Hoseman Thomas J. Hession, from Engine 36 to Engine 17.

Hoseman James H. Curran, from Maintenance Division to Engine 37.

Hoseman William F. Gilmore, from Maintenance Division to Engine 14.

XII. MARINE STEAM ENGINEERS.

Company commanders shall check their personnel and if there is a marine steam engineer of 500 tons or more among them he shall submit his name to Headquarters as soon as possible.

By order of Fire Commissioner
RUSSELL S. CODMAN, Jr.

NAPEEN BOUTILLIER,
Chief of Department.

*General Order No. 14.***ANNUAL BALL.**

The sixty-eighth annual ball of the Boston Fire and Protective Departments will be held on Monday evening, February 10, 1947, at the Boston Garden.

The Fire Commissioner requests all officers and members, who are off duty, to attend the ball in uniform and participate in the Grand March. The success of this ball benefits directly all members of the fire-fighting force. If we expect the citizens of Boston to support the work of the Boston Firemen's Relief Fund by giving financial assistance to the ball through the purchase of tickets, it is incumbent upon all members of the department to show their own personal interest by being present on this occasion, except those members on actual duty.

Boston's citizens are following with much interest the manner in which the forty-eight-hour work week is being carried out by this department. The success or failure of this program will depend upon the actions of every individual member of the department. The commissioner considers, therefore, that it is all the more important this year to have the annual ball properly supported by the members of the department and, in particular, its chief officers. The public will be quick to sense any indifference or lack of interest on the part of our members in the success of this ball, and it is to the public that we must turn for the financial support of the relief fund.

The following is a brief outline of the program:

8-8.30 P. M.—Orchestra Concert.

8.30 P. M.—Entrance of Fire Commissioner, Chief of Department, Deputy Chiefs, District Chiefs, and invited guests, escorted by Fire Department Band and Military Drill Team.

8.45 P. M.—Presentation of special awards:

(a) Walter Scott Medal.

(b) Roll of Merit Bar and Special Commendations.

8.55 P. M.—Music by Boston Fire Department Band.

9 P. M.—Special Entertainment (Professional Vaudeville Show).

10 P. M.—Grand March.

10.30 P. M.—General Dancing.

The floor marshal is Armando Caggiano of Ladder Company 1. The chief of aides is Capt. James F. McFadden of Ladder Company 5. Members of the department detailed to the ball will report to the chief of aides at Boston Garden at 7 p. m., Monday, February 10, 1947.

Trustees, aides, members of the band, and others detailed to the ball will be granted detailed leave from 4 p. m., February 10, to 8 a. m., February 11, 1947.

Members detailed will attend strictly to the duties assigned them.

Relief fund ticket sellers are detailed as aides at the ball.

For officers, regulation uniform, sack coat and white gloves will be worn. For privates, regulation uniform, blue shirt, black tie and white gloves will be worn on this occasion. This applies to all privates in uniform, whether acting as aides or not.

Members in uniform are admitted to Boston Garden tax free.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 15.

TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, February 12, 1947, are hereby announced:

Lieut. Vincent J. Miller, from Ladder 8 to Engine 7.

Lieut. William H. Pineo, from Engine 33 to Engine 37.

Lieut. James C. Wilson, from Ladder 23 to Engine 21.

Lieut. Edward W. Sharkey, from Engine 24 to Engine 30.

Lieut. Thomas H. Kelly, Jr., from Engine 17 to Engine 18.

Lieut. Walter T. Kelley, from Fire Prevention Division to Engine 2.

Lieut. Edwin M. Finnegan, from Ladder 12 to Engine 12.

Lieut. Thomas F. Haley, from Engine 22 to Ladder 5.

Lieut. David Goldman, from Ladder 11 to Ladder 3.

Lieut. John T. Buckley, from Ladder 12 to Engine 34.

Lieut. Herbert C. Collins, from Engine 27 to Ladder 6.

Lieut. Gerald F. Donovan, from Ladder 33 to Engine 3.

Lieut. Charles Connors, from Headquarters to Ladder 33.

Lieut. Walter A. Gavin, from Ladder 23 to Ladder 7.

Lieut. John F. H. Fox, from Engine 19 to Engine 49.

Lieut. John J. Coakley, from Engine 5 to Engine 20.

Lieut. Edmund D. Farrell, from Ladder 22 to Engine 32.

Lieut. Patrick Callaghan, from Ladder 11 to Engine 34.

Lieut. Walter L. Sullivan, from Ladder 8 to Ladder 1.

Lieut. Vincent A. Bolger, from Ladder 23 to Ladder 10.

Lieut. Leo A. Wisentaner, from Ladder 24 to Ladder 17.

Lieut. John F. O'Shea, from Ladder 6 to Ladder 28.

Lieut. Peter P. Finnegan, from Rescue 3 to Engine 21.

Lieut. Francis M. Connell, from Engine 49 to Engine 7.

Lieut. Michael L. Galvin, from Rescue 1 to Engine 8.

Lieut. Anthony J. Langone, from Ladder 3 to Ladder 13.

Lieut. Francis P. Chapman, from Ladder 23 to Engine 25.

Lieut. Frederick W. Sullivan, from Ladder 20 to Ladder 5.

Lieut. Richard J. Lane, Jr., from Ladder 17 to Ladder 8.

Lieut. George Thompson, from Ladder 14 to Ladder 11.

Lieut. Johan G. W. Holmberg, from Ladder 17 to Ladder 12.

Lieut. Edmund J. Hagerty, from Ladder 13 to Ladder 15.

Lieut. Michael J. Camerlengo, from Ladder 25 to Ladder 16.

Lieut. William F. Linnehan, from Ladder 3 to Ladder 17.

Lieut. Robert J. Crawford, from Ladder 8 to Ladder 18.

Lieut. James A. Dailey, from Ladder 30 to Ladder 20.

Lieut. Peter F. Palmieri, from Ladder 18 to Ladder 22.

Lieut. Stephen J. Riley, from Ladder 32 to Ladder 24.

Lieut. John F. Doherty, from Ladder 18 to Ladder 20.

Lieut. Bernard J. McTernan, from Ladder 30 to Ladder 25.

Lieut. Jeremiah J. Cody, from Ladder 29 to Ladder 27.

Lieut. Peter H. Walsh, Jr., from Ladder 6 to Ladder 29.

Lieut. Charles E. Maus, from Ladder 27 to Ladder 32.

Lieut. Angelo Corolla, from Engine 9 to Engine 40.

Lieut. William R. Lovett, from Engine 24 to Engine 13.

Lieut. Winthrop S. Robbins, from Rescue 2 to Ladder 7.

Lieut. Frank B. Dunbar, from Engine 25 to Engine 11.

Lieut. Joseph L. Dolan, from Engine 17 to Engine 18.

Lieut. Joseph M. Cady, from Engine 43 to Engine 17.

Lieut. Michael Tuberosa, from Engine 40 to Engine 5.

Lieut. Joseph P. Hession, from Engine 21 to Engine 23.

Lieut. Andrew F. Collins, from Engine 23 to Engine 24.

Lieut. Richard E. Sullivan, from Engine 32 to Engine 27.

Lieut. Max Kneller, from Engine 36 to Engine 14.

Lieut. William T. Kenneale, from Engine 50 to Engine 32.

Lieut. Joseph L. Madden, from Engine 51 to Engine 34.

Lieut. William D. Kelly, from Engine 47 to Engine 31.

Lieut. George A. Comfrey, from Engine 8 to Ladder 31.

Lieut. Thomas F. Callahan, Jr., from Engine 37 to Engine 52.

Lieut. Michael A. Langone, from Engine 39 to Engine 40.

Lieut. John J. Sullivan, from Engine 34 to Engine 41.

Lieut. William J. Donahue, from Ladder 19 to Engine 43.

Lieut. Raymond E. Favret, from Engine 53 to Engine 48.

Lieut. Thaddeus T. Lewis, from Engine 52 to Engine 19.

Lieut. George E. Graney, from Ladder 17 to Engine 1.

Lieut. Philip F. Devlin, from Engine 10 to Engine 50.

Lieut. Joseph P. Anderson, from Engine 12 to Engine 50.

Lieut. Edward B. Nolan, from Engine 26 to Engine 50.

Lieut. Edward C. Steidinger, from Engine 42 to Engine 33.

Lieut. John J. Moriarty, from Engine 30 to Engine 53.

Lieut. William J. McCarthy, from Engine 30 to Engine 53.

Lieut. William D. Donovan, from Engine 1 to Engine 8.

Lieut. Charles F. Freiberg, from Rescue 1 to Rescue 2.

Lieut. Arnold L. Snell, from Rescue 1 to Rescue 2.

Lieut. Peter A. Thompson, from Ladder 24 to Ladder 12.

Lieut. John J. McCarthy, from Ladder 3 to Ladder 13.

Lieut. Robert W. Collins, from Ladder 4 to Ladder 3.

Lieut. James J. Gallivan, from Ladder 4 to Ladder 1.

Lieut. John P. Geary, from Ladder 19 to Ladder 15.

Lieut. Rizkallah Teebagy, from Engine 41 to Ladder 14.

Lieut. Milton F. Ritterbush (Military Service), from Ladder 8 to Ladder 26.

Lieut. Frederick J. Ford, from Engine 29 to Ladder 11.

Lieut. John A. Bonanno, from Engine 5 to Ladder 2.

Lieut. Dennis J. Donovan, from Ladder 29 to Ladder 9.

Lieut. Frederick P. Clauss, from Ladder 30 to Ladder 12.

Lieut. Joseph E. Kennedy, from Engine 52 to Engine 16.

Lieut. Thomas W. Barrett, Jr., from Engine 15 to Engine 20.

Lieut. John J. Walsh, from Engine 10 to Engine 22.

Lieut. Francis J. Mulhern, from Engine 25 to Engine 36.

Lieut. Herbert B. Varley, from Ladder 8 to Engine 44.

Lieut. Herbert I. McLane, from Engine 47 to Engine 51.

Lieut. Thomas J. Cooney, from Ladder 17 to Ladder 27.

Lieut. John A. Powers, from Rescue 3 to Fire Prevention Division.

Lieut. Edward F. Sullivan, from Rescue 2 to Rescue 3.

Hoseman James P. Shea, from Engine 21 to Fire Prevention Division.

Hoseman Thomas F. Callahan, from Engine 50 to Engine 21.

Hoseman William L. Kilduff, from Engine 13 to Ladder 30.

Ladderman William G. Carpenter, from Ladder 15 to Ladder 23.

Ladderman John C. Kabachus, from Ladder 13 to Ladder 23.

Provisional Fireman Arthur J. Cullinane, from Ladder 5 to Ladder 23.

Provisional Fireman Francis H. Baker, from Ladder 1 to Ladder 4.

Provisional Fireman John J. Donahue, from Ladder 1 to Ladder 4.

Provisional Fireman John C. Howland, from Ladder 5 to Ladder 8.

Provisional Fireman Andrew V. Smith, from Ladder 9 to Ladder 8.

Provisional Fireman Joseph J. Downing, from Ladder 15 to Ladder 17.

Provisional Fireman William H. Derah, Jr., from Ladder 13 to Ladder 17.

Provisional Fireman Francis J. Begley, from Ladder 16 to Ladder 30.

Provisional Fireman Edward D. Rooney, Jr., from Ladder 16 to Ladder 30.

Provisional Fireman Alfred Cataldo, from Engine 28 to Engine 26.

Provisional Fireman James C. MacHarrie, from Engine 28 to Engine 26.

Provisional Fireman Daniel F. Chisolm, from Engine 21 to Rescue 1.

Provisional Fireman James L. Glasheen, Jr., from Engine 18 to Rescue 1.

Provisional Fireman Francis W. Gallagher, Engine 16 to Rescue 1.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 16.

BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1946. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

Case of Hoseman Thomas J. McGrath of Engine Company 14, Box 2251, 9.56 a. m., December 20, 1946.

At 9.56 a. m., December 20, 1946, the department responded to Box 2251 for a fire in a dwelling at 2495 Washington street, Roxbury.

Upon arrival, Hoseman Thomas J. McGrath was informed by a letter carrier that there was a woman and two children in the apartment on fire on the fourth floor of the building. Hoseman McGrath went over the stairway and into the apartment on his hands and knees and heard a woman groaning. He took her out unconscious and passed her to Hoseman Hoban of Engine Company 12. He went into the room a second time and took out a child and passed her to Hoseman DeStefano of Engine Company 14. He went into the room a third time and carried out the remaining child. The woman and the two children were revived and the two children were taken to the City Hospital.

Inasmuch as Hoseman McGrath took great risk and was subjected to intense heat and smoke in effecting the rescues, Hoseman McGrath was highly commended in General Order No. 80, series of 1946.

Because of his quick action and great personal risk in performing these rescues, the Board recommends that Hoseman Thomas J. McGrath of Engine Company 14 be awarded the Walter Scott Medal.

Case of Aide to Deputy John F. Holland, Engine Company 22, Box 1542, 12.46 a. m., November 22, 1946.

At 12.46 a. m., November 22, 1946, this department responded to an alarm from Box 1542. Upon arrival they found the first floor at 96 Pembroke street on fire.

Aide to Deputy John F. Holland passed through the fire in the front of the house to the rear kitchen where he found a woman unconscious. He carried her to the street where she was revived and taken to the City Hospital.

Because of his quick action and the personal risk involved in carrying out this woman to safety, the Board recommends that the name of Aide to Deputy John F. Holland of Engine Company 22 be placed on the Roll of Merit.

Cases of Ladderman Roy E. Burrill, Ladder Company 12, and Ladderman Thomas F. Prendergast, Ladder Company 13, Box 1557, 4.43 a. m., December 25, 1946.

At 4.43 a. m., December 25, 1946, the department responded to an alarm from Box 1557 for a fire in a dwelling house at 141 Worcester street. On arrival of

the department at the scene, fire was bursting out of the three windows of the first floor and had possession of the only stairway.

Upon receiving information that persons were trapped on the third floor, a ladder was raised. Ladderman Roy E. Burrill of Ladder Company 12 proceeded over the ladder and carried a woman down the ladder. Ladderman Thomas F. Prendergast of Ladder Company 13 then went over the ladder and carried the woman's husband down the ladder to the street.

Inasmuch as both these men took great risk and were subjected to intense heat and smoke in effecting the rescues of the man and woman, Ladderman Roy E. Burrill, Ladder Company 12, and Thomas F. Prendergast, Ladder Company 13, were highly commended in General Order No. 80, series of 1946.

Because of the unusual personal risk to which these men exposed themselves in performing these rescues, the Board recommends that Ladderman Roy E. Burrill, Ladder Company 12, and Ladderman Thomas F. Prendergast, Ladder Company 13, be awarded Special Commendations.

Case of Hoseman Edward F. Sullivan, Rescue Company 2, special call at 1.28 p. m., June 27, 1946.

At 1.28 p. m., June 27, 1946, Rescue Company 2 responded to a special call from the Fire Alarm Office to a sand pit off Gardner street, West Roxbury.

Upon arrival, Rescue Company 2 was ordered to search for the body of a youth accidentally drowned in the sand pit. Hoseman Edward F. Sullivan of Rescue Company 2 donned a Scott Air Pak mask and searched under water for approximately twenty minutes before finding the body. This work was performed at risk to himself as it was the first time the mask had been used for such purposes in this department.

After reviewing this case, the Board recommends that Hoseman Edward F. Sullivan (now lieutenant) of Rescue Company 2 be awarded a High Commendation.

Case of Ladderman John C. Murphy, Ladder Company 14, Box 5274, 10.34 a. m., December 30, 1946.

At 10.34 a. m., December 30, 1946, the department responded to an alarm from Box 5274 and upon arrival found a serious fire in the cellar and the building at 253 Market street, Brighton, heavily charged with smoke.

Upon being informed that a bedridden woman was on the second floor and unable to escape, Ladderman John C. Murphy of Ladder Company 14 entered the building and made his way through heavy smoke to the room where this woman was confined and carried her from the building and into an adjacent house.

Ladderman Murphy endured considerable punishment from heavy smoke but nevertheless, with great disregard for his personal safety, he removed this woman in a manner reflecting great credit upon the Boston Fire Department.

After reviewing his case, the Board recommends that Ladderman John C. Murphy of Ladder Company 14 be awarded a High Commendation.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

February 15, 1947.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the fifth day of March, 1947, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

WARD TWO.

Giuseppe Russo—Land, with buildings thereon, on the southeasterly side of Lincoln street, numbered 2 rear, between estates of Benjamin Abramson, trustee, and Martin A. Farrington and an estate of Alice Sanseverino, and supposed to contain 1.184 feet, being lot B, George L. Philpott plan, dated July 27, 1923, recorded with Suffolk Deeds, Book 4494, page 360, tax for 1942..... \$106 60
Tax for 1943..... 106 60
Tax for 1944..... 103 74
Tax for 1945..... 110 50

WARD EIGHTEEN.

Frank Lósordo and Son, Inc. (reassessed from Augustus Hemenway)—About 23,020 feet of land on the southwesterly side of Wolcott street, bounded and described as follows: Northeasterly by Wolcott street; southeasterly and northwesterly by estates of City of Boston; southwest by estates of Harold J. Wright and another (numbered 7, 8, 10 and 12 Wolcott court), John R. Coffin and Joseph P. Sullivan (numbered 14 Yuill Circle), tax for 1943..... \$82 00
Tax for 1944..... 79 80
Tax for 1945..... 85 00

WARD TWENTY-ONE.

George Swartz, Trustee, Globe Realty Trust (reassessed from Charles Brodsky, Trustee of C. B. Trust)—About 833 feet of land lying in the rear from the southeasterly side of Brainerd road, bounded and described as follows: Northwest by an estate of Madeline M. Martens (numbered 18 Brainerd road); northeasterly by another estate of said Swartz, trustee; southwesterly by Fiske terrace; southeasterly by the boundary line of the town of Brookline, tax for 1940..... \$12 18
Tax for 1941..... 11 88
Tax for 1942..... 12 30
Tax for 1943..... 12 30
Tax for 1944..... 11 97
Tax for 1945..... 12 75
Also about 968 feet of land lying in the rear from the southeasterly side of Brainerd road, bounded and described as follows: Northwest by an estate of Madeline M. Martens (numbered 16); northeasterly by an estate of William W. Russell, trustee (numbered 12); southwesterly by another estate of said Swartz, trustee; southeasterly by the boundary line of the town of Brookline, tax for 1940... \$4 06
Tax for 1941..... 3 96
Tax for 1942..... 12 30
Tax for 1943..... 12 30
Tax for 1944..... 11 97
Tax for 1945..... 12 75

DANIEL F. DONOVAN,
Collector of Taxes for the City of Boston.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 3, 1947.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Fish, Kinsella, Madden.

The meeting was opened with the salute to the Flag.

VETO OF ANNUITY TO DEPENDENTS OF JAMES B. MCCARTHY.

The following was received:

City of Boston,
Office of the Mayor, January 28, 1947.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body favoring legislation for the payment of an annuity to the dependents of James B. McCarthy, a member of the Fire Department, whose death it is alleged was caused by injuries received in the performance of his duty.

Under either the Boston Retirement Act or section 89 of chapter 32 of the General Laws, the dependents of Mr. McCarthy are entitled to make an application for an annuity. If his death was attributable to his injuries and the Medical Board so certifies, the annuity will be granted in due course, and the resolution is unnecessary. If the Medical Board certifies that the death was not caused by the injuries, the resolution is disapproved on the grounds set forth in my communication of January 20, vetoing the Magner resolution.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

VETO OF RESOLUTION RE PATRICK J. O'ROURKE.

The following was received:

City of Boston,
Office of the Mayor, January 28, 1947.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution adopted January 20, 1947, favoring legislation relative to Patrick J. O'Rourke, a member of the Police Department. Mr. O'Rourke was reinstated in the department in 1938, after an absence of eleven years, and the legislation in question proposes to entitle him to all the rights and privileges of membership in the department as if his service had not been interrupted.

Although the language is not specific, it is evident that it is intended in some vague way to affect his pension rights.

He was a contributing member of the Boston Retirement System when he was discharged in 1927, and his contributions were repaid to him. When he again entered the employment of the city in 1938, he became, under the terms of the statute, a new entrant into the Boston Retirement System and his present situation is similar to that of several hundred other city employees who have broken periods of service.

I see no valid reason to establish an exception in his case and am impelled, therefore, to veto the resolution.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Daniel J. Daly, of 15 Norfolk street, Roxbury, Mass., to be Constable without power to serve civil process, and to serve without bond, for term ending April 30, 1947.

Robert Griffin, of 6 Harvard avenue, Dorchester, Mass., to be Weigher of Coal for term ending April 30, 1947.

Edward Brosemer, 841 Dorchester avenue, Dorchester, Mass., to be Weigher of Goods for term ending April 30, 1947.

Severally referred to the Committee on Constables and Confirmations.

APPOINTMENT OF MARTIN J. FINN.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1947.
City Clerk,

City Hall, Boston, Mass.
Dear Sir,—I hereby appoint Martin J. Finn, of 105 Forest Hills street, as a member of the Board of Street Commissioners, for the term ending the first Monday in January, 1950.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

BUDGET FOR 1947.

The following was received:

To the City Council.

Gentlemen,—I submit herewith my budget recommendations for the fiscal year 1947 and, for the first time since 1933, in full segregated form. The allowances recommended total \$51,347,530.06, and including \$11,720,069 previously appropriated by the City Council, make a grand total of \$63,067,599.06, and are \$6,359,614.99 in excess of the total budget recommendations submitted in 1946.

The total of these increases is shown in the following table:

CITY MAINTENANCE	\$5,721,142 73
COUNTY MAINTENANCE	300,002 41
REVENUE DEPARTMENTS AND ACCOUNTS	278,409 85
TOTAL INCREASE	\$6,359,614 99

CITY MAINTENANCE.

The following tabulation indicates by budget groups the differences between the appropriations of last year and the allowances of the current year:

TWO-YEAR BUDGET COMPARISON.

	CITY MAINTENANCE.		Increase.
	1946 Appropriations.	1947 Allowances.	
A. Personal Service	\$23,761,967 80	\$29,210,686 77 (a)	\$5,448,718 97

(a) Includes \$10,082,570 previously appropriated.

(b) Includes \$10,000 previously appropriated.

* Decrease.

PERSONAL SERVICE.

It is evident from an examination of the foregoing table that the major cause for this year's increase in the city's budget is the increased personal service requirements which are \$5,448,718.97 in excess of the appropriations for 1946. Effective January 1, 1947, the Emergency Compensation payments of 1946 were made a permanent part of the regular salary of employees, and an additional increase of \$200 per year was granted to employees, generally. This salary adjustment accounts for approximately \$4,000,000 of the increase. The provision for an additional 500 privates in the Fire Department, and 54 patrolmen in the Police Department, plus an additional allowance for the filling of vacancies in the Police Department to fill the established quota, accounts for \$1,150,000. The balance provides for an additional salary increase to the nurses at the Boston City Hospital and the Sanatorium Division, and new positions in the X-Ray and Collecting Divisions of the Boston City Hospital; step rates now in effect for employees; and provision in the Library Department to increase the hourly rate for extended services, to provide for step-rate increases in this department, and to conform with the union regulations in the bindery as to salary and hours of work.

CONTRACTUAL SERVICES.

This group covers services rendered the city by firms, individuals and corporations outside of the regular personnel of the city, and shows an increase of \$696,639.35 over similar appropriations for 1946. The major items included in this increase are as follows:

Contracts for the removal and disposal of waste show an increase of \$328,000¹ over similar contracts of last year, making necessary this additional allowance for the removal of ashes, dirt, and garbage. Plant repairs, which were postponed during the war years and on which some progress was made last year, require an additional allowance over last year of approximately \$90,000 in the Hospital Department, Fire Department, Police Department, Public Buildings Department, and Long Island Hospital. The increase in the rates for the board of children in foster homes, made necessary by the increased cost of living, requires an additional allowance for this purpose in the Child Welfare Department of \$25,000. The increase by the Commonwealth in the rate charged the City of Boston for patients confined in the state infirmaries makes necessary an additional allowance of \$12,000 over last year. The increased cost of printing by the City Printing Department makes it necessary to increase the allowance for police listing by \$17,800. For opening up new sections of Mount Hope, Fairview, and Evergreen Cemeteries, \$25,000 additional has been allowed. An allowance of \$45,000 has been provided for the microfilming of veterans' records in the new Department of Veterans Services. The Fire Department rented a garage and repair shop on Blue Hill avenue which requires an allowance of \$15,000 for annual rental. Due to the age of the present equipment in the Fire Department, the increased cost of repairs which cannot be made by the department forces, makes necessary an additional allowance of \$13,000. An increased allowance of approximately \$60,000 is necessary this year to provide for the Board of Real Estate Commissioners, the budget of which was charged last year to revenue.

EQUIPMENT.

There have been eliminated from this group allowances in excess of \$1,000,000 for motor vehicles and equipment. It is intended to borrow for such equipment a sufficient sum to compensate for these deductions, the major portion of which will be for fire apparatus. Although delivery on fire apparatus probably will not be made this year, it is legally necessary to have an appropriation available in order to make contracts for delivery. The Fire Commissioner is of the opinion that when this apparatus is received his department will be approximately 75 per cent equipped with modern fire-fighting apparatus. The major portion of the balance of this loan will be allocated to the Public Works, Police, and Park Departments.

The two-year budget comparison table, as previously shown, shows an increase over 1946 of \$357,989.10. This increase over 1946 is, in large measure, due to the availability of urgently needed equipment not previously available for various departments in the city, especially in the hospitals and institutions of the city.

SUPPLIES.

The increase of \$488,439.90 in this group is due to the increased cost of food, medical, surgical, and practically all other supplies purchased by the city.

MATERIALS.

The increase of \$32,650 in this group is due to the increased cost of paints, lumber, and other miscellaneous materials used in the various departments by departmental forces.

SPECIAL ITEMS.

The appropriations for pensions for employees, not members of the Contributory Retirement System, have been mounting annually, and this year an additional sum of approximately \$135,000 over 1946 will be necessary. The major portion of these pensions are provided in the Fire and Police Departments budgets. The Workmen's Compensation item has also increased, and this year will require an additional sum of \$10,000. An increase of \$100,000 in the relief item of the Veterans Services Department is necessary, due to an increase in the amount paid to veterans and their families, in conformity with state regulations, and for which item the city is reimbursed to the extent of 50 per cent. Welfare items, which are also in this group, have been increased \$300,000 over last year, and this increase is attributed to the increase in the average payments to recipients and the increased case load.

SPECIAL APPROPRIATIONS.

Although there is a reduction of \$417,321.41 in this group, as against 1946, nevertheless, allowances have been made as required by chapter 44 of the General Laws for the required payments out of taxes before any borrowing shall occur for the construction of buildings, construction of public ways, purchase of departmental equipment, and construction of sewerage works.

No appropriation for Emergency Compensation Allotment is necessary this year.

The Snow Removal allowance is the same as last year.

COUNTY MAINTENANCE.

The following table indicates in comparative form the main points of difference between last year's appropriations and the allowances recommended for the current year for County Maintenance:

TWO-YEAR BUDGET COMPARISON.

COUNTY MAINTENANCE.

	1946	1947	Increase.
	Appropriations.	Allowances.	
A. Personal Service.....	\$2,742,659 62	\$3,186 891 20(a)	\$444,231 58
B. Contractual Services.....	568,884 70	608,144 50	39,257 80
C. Equipment.....	54,875 51	82,128 95	27,253 44
D. Supplies.....	313,049 60	335,904 80	22,855 20
E. Materials.....	26,980 00	29,705 00	2,725 00
F. Special Items.....	71,177 81	75,557 20	4,379 39
Emergency Compensation Allotment.....	215,000 00	—	215,000 00*
Special Appropriations.....	96,700 00	131,000 00	34,300 00
Totals.....	\$4,089,329 24	\$4,449,331 65	\$360,002 41

(a) Includes \$1,048,699 previously appropriated.

* Decrease.

PERSONAL SERVICE.

It is evident from an examination of the foregoing table that the major cause for this year's increase in the county budget is the increased personal service requirements which are \$444,231.58 in excess of the appropriations for 1946. Salary adjustments similar to those for city employees account for \$329,000; step-rate increases, \$15,500; and statutory increases, \$105,000.

CONTRACTUAL SERVICES.

The increase of \$39,257.80 in the allowances for Contractual Services is mainly for repairs to the various county buildings and the House of Correction; and also for increases in allowances for jurors' services, and for compensation for masters and auditors in the Superior Court.

EQUIPMENT.

The increase of \$27,253.44 in this group is due, in large measure, to the increased cost of clothing, bedding, etc., at the House of Correction, and the availability of urgently needed equipment not previously available for the various county departments.

SUPPLIES.

The increase of \$22,855.20 is largely due to the increased cost of food, medical, and other supplies in the correctional institutions of the county.

MATERIALS.

The increase of \$2,725 in this group is due to the increased cost of materials used by departmental forces.

SPECIAL APPROPRIATIONS.

The increase of \$34,300 in this group is due to the increased allowance for plumbing repairs at the House of Correction, and an allowance to remodel the Northern Mortuary building.

REVENUE DEPARTMENTS AND ACCOUNTS.

TWO-YEAR BUDGET COMPARISON.

	1946	1947	Increase.
	Appropriations.	Allowances.	
A. Personal Service.....	\$1,521,526 01	\$1,753,283 93 (a)	\$231,757 92
B. Contractual Services.....	740,159 05	561,045 93	179,113 12*
C. Equipment.....	116,206 25	120,040 00	3,833 75
D. Supplies.....	61,110 00	60,354 75	755 25*
E. Materials.....	245,340 50	240,655 50	4,685 00*
F. Special Items.....	26,661 09	39,034 64	12,373 55
Emergency Compensation Allotment.....	91,400 00	—	91,400 00*
Special Appropriations.....	115,000 00	421,458 00	306,458 00
Totals.....	\$2,917,402 90	\$3,195,872 75 (a)	\$278,469 85

(a) Includes \$578,800 previously appropriated.

* Decrease.

The appropriations under this heading are made from revenue for the several departments. However, in the Special Appropriations group there is an item for the State-Boston Retirement System Pension Fund. The amount appropriated will be refunded in whole or in part from other funds.

I respectfully recommend the adoption of the budget as submitted after early consideration by your Honorable Body.

Very truly yours,
JAMES M. CURLEY, Mayor.

COMPARISON OF 1947 DEPARTMENTAL ALLOWANCES WITH 1946 APPROPRIATIONS.

APPOINTMENT OF ADVISORY BOARD.
VETERANS SERVICES DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, January 31, 1947.
City Clerk,
Boston, Mass.

Dear Sir.—In accordance with the authority contained in chapter 599 of the Acts of 1946, I hereby appoint the following-named persons to be members of the Advisory Board in the Veterans Services Department, each for the term of three years, ending April 30, 1949:

Lieutenant Colonel Philip S. Corbett, U. S. A., Retired, 215 Wren street, West Roxbury, Mass.
Reverend John J. Dugan, 300 Newbury street, Boston, Mass.
Colonel John J. Riley, U. S. A., Retired, 270 Parker Hill avenue, Boston, Mass.
Commander Thomas E. Barry, World War II Allied Veterans, Inc., Department of Massachusetts, 11 Beacon street, Boston, Mass.
Justice John J. Crehan, 40 Court street, Boston, Mass.

Respectfully,
JAMES M. CURLEY, Mayor.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

John J. Doherty, to be reimbursed as result of accident which occurred while in performance of duty.

William J. Jeffers, to be reimbursed for execution issued against him.

Margaret M. McCarthy, for compensation for collapse of water boiler at 513 Washington street, caused by water being shut off.

Arthur J. Roberto, for compensation for damage or injuries caused by an alleged defect in Summer Tunnel.

John X. Sullivan, to be reimbursed as result of accident which occurred while in performance of duty.

C. Vengrow, for compensation for damage to car by city truck.

Executive.

Petition of Alice M. Ralph to be paid annuity on account of death of husband, John G. Ralph, late member of Police Department.

Petition of Mary K. Kenney to be paid annuity on account of death of husband, John J. Kenney, late member of Fire Department.

Committee on Licenses.

Petition of Mary L. Lydecker for driveway opening at 8-14 Shawmut street.

Petition of Alvaro Mezzetti to operate bowling alleys on the Lord's Day, basement, South Station, Atlantic avenue, Ward 3.

JURORS DRAWN.

President KELLY—The Chair is in receipt of venires for jurors. The City Messenger will so notify his Honor the Mayor.

(The City Messenger reported that the Mayor was not available.)

Coun. KUSKO presided at the box in the absence of the Mayor.

Sixty-five traverse jurors, Superior Criminal Court, to appear March 3, 1947:

Carlo Altieri, Ward 1; Michael Castelluccio, Ward 1; Henry DiMaro, Ward 1; Alfred J. Matthews, Ward 1; Arthur L. Teal, Ward 2; William F. Stevens, Ward 2; Joseph S. Twohig, Ward 2; John A. Lydon, Ward 3; Alexander Shaye, Ward 3; Alfred H. Bergman, Ward 4; Edward J. Dole, Ward 4; Michael Byrne, Ward 6; John Kenney, Ward 7; Patrick J. Buckley, Ward 8; Peter J. Campbell, Ward 8; Antino M. Pergano, Ward 8; Francis A. Whiteley, Ward 8; Emerson C. Wiggins, Ward 9; James F. Page, Ward 10; Paul O. Irvin, Ward 11; William F. Leach, Ward 10; Louis Solomon, Ward 12; John F. Black, Ward 14; Israel Firestone, Ward 14; Edward Goff, Ward 14; Harry Karass, Ward 14; Isidore R. Pollan, Ward 14; Nathan Rudomen, Ward 14; Hyman Spiegel, Ward 14; Albert L. Robinson, Ward 15; Leo T. DeYoung, Ward 16; Richard C. Donogue, Ward 16; James A. Magner, Ward 16; John McCormack, Ward 16; Joseph H. Outram, Ward 16; James R. Armstrong, Ward 17; William J. Gallagher, Ward 17; John Judge, Ward 17; Bernard Krantzberg, Ward 17; Robert R. Lee, Ward 17; Robert W. Stackhouse, Ward 17; Ralph R. Arrington, Ward 18; Eldridge L. Crouse, Ward 18; Charles S. Donovan, Ward 18; Herbert L. Goudey, Ward 18; Robert F. Martell, Ward 18; Salvatore Mattalino, Ward 18; George R. Rochelau, Ward 18; Charles W. Sullivan, Ward 18; John G. Lynch, Ward 19; William J. McManus, Ward 19; Alfredo Procopio, Ward 19; William D. Stillings, Ward 19; Walter J. Connors, Ward 20; Thomas F. Kenney, Ward 20; Frederick T. Strickland, Ward 20; Malcolm U. Arthur, Ward 21; James H. Brennan, Ward 21; Joseph Glickman, Ward 21; William Teeman, Ward 21; Frank Edry, Ward 22; Daniel L.

Fahy, Ward 22; Meyer Price, Ward 22; Ralph F. Shepard, Ward 22; Charles L. Thompson, Ward 22.

One hundred sixty-three traverse jurors, Superior Civil Court, to appear March 3, 1947:

George Angrisano, Ward 1; Pasquale Caruso, Ward 1; John D'Ambrosio, Ward 1; Alfonso D'Amico, Ward 1; Joseph Farina, Ward 1; James F. Lawton, Ward 1; Anthony Luciano, Ward 1; Earl A. Nichols, Ward 1; Alexander Paone, Ward 1; Joseph Silva, Ward 1; Charles Daly, Ward 2; Winslow H. Schraftenberger, Ward 2; William Webb, Ward 2; Francesco Colabelli, Ward 3; James C. Easton, Ward 3; David Finlay, Ward 3; Peter L. Kokinos, Ward 3; Maurice V. Laponta, Ward 3; John Moretti, Ward 3; William Vassell, Ward 3; Harold A. Hill, Ward 4; John J. Morley, Ward 4; John E. Boyle, Ward 6; Raymond L. Fisher, Ward 5; Charles L. Hobbs, Ward 5; Charles W. Hunter, Ward 5; Harold W. Krogman, Ward 5; George E. Norton, Ward 5; John J. Perry, Ward 5; Samuel Shapiro, Ward 5; Michael A. Simmer, Ward 5; Henry D. Wright, Ward 5; Peter Connolly, Ward 6; John J. Daley, Ward 6; Salvatore DiMaggio, Ward 6; James J. Dunlap, Ward 6; John C. Gill, Ward 6; Fred L. Pollock, Ward 6; Edward J. Balfe, Ward 7; John M. Dahill, Ward 7; Harris F. Farwell, Ward 7; James T. Garvey, Ward 7; Martin J. Price, Ward 7; Thomas James Short, Ward 7; Lawrence E. Sorenson, Ward 7; Peter J. Wallace, Ward 7; Walter H. Arnold, Ward 8; Charles P. Clark, Ward 8; Daniel F. Cremin, Ward 8; Domenic Puccini, Ward 8; Eugene Calarese, Ward 9; Joseph K. Hyder, Ward 9; Michal Lyons, Ward 9; John A. McClain, Ward 9; James P. O'Keefe, Ward 9; Reginald A. Wilson, Ward 9; Frederick T. Mitchell, Ward 10; William A. O'Keefe, Ward 10; Peter Tertzagian, Ward 10; William Card, Ward 11; George W. Foshey, Ward 11; George R. Irwin, Ward 11; Charles B. McDonald, Ward 11; Edward J. Sugar, Ward 11.

Charles M. Bennett, Ward 12; James Davis, Ward 12; Malachi G. Duffy, Ward 12; John J. Flynn, Ward 12; Myer Kaplan, Ward 12; Irving Lappin, Ward 12; Urban A. Malone, Ward 12; Willis W. Perkins, Ward 12; Bernard T. Tracy, Ward 12; Samuel Waldman, Ward 12; William Leo Carey, Ward 13; Paul J. Fitz, Ward 13; Edward P. Guiney, Ward 13; Harry Hannissian, Ward 13; Thomas J. Hurley, Ward 13; Edward J. Moore, Ward 13; Timothy J. Moriarty, Ward 13; William Oblanas, Ward 13; Charles J. O'Brien, Ward 13; Joseph Yamasas, Ward 13; Anthony Alfano, Ward 14; James J. Bean, Jr., Ward 14; William J. Carmody, Ward 14; Harry Cohen, Ward 14; Hyman Cohen, Ward 14; Abraham Ernest, Ward 14; Leo L. Greenwood, Ward 14; Sidney G. Harris, Ward 14; Moses Horwitz, Ward 14; Norman Jackson, Ward 14; John E. Jardine, Ward 14; Thomas O'Brien, Ward 14; Ralph D. Pillman, Ward 14; Philip Resnick, Ward 14; Samuel Rubin, Ward 14; Daniel Swartz, Ward 14; Saul Wald, Ward 14; Patrick J. Cavanagh, Ward 15; David B. LeBrun, Ward 15; Patrick Moran, Ward 15; John J. Murphy, Ward 15; Francis F. Pender, Ward 15; John A. Mahoney, Ward 16; John A. MacPhail, Ward 16; William W. Murrin, Ward 16; Joseph A. O'Neil, Ward 16; Carl R. Peterson, Ward 16; George F. Kilduff, Ward 17; James F. McEtrick, Ward 17; Alexander McNabb, Ward 17; John T. J. Ryan, Ward 17; Isadore Silverstein, Ward 17; Ambert E. Thresher, Ward 17; Salvatore Vasapelle, Ward 17; Mairitz Caspersen, Ward 18; Edward L. Cataldo, Ward 18; Arthur L. Coombs, Ward 18; David Crowley, Ward 18; George P. Murray, Ward 18; William J. Nichols, Ward 18; Charles R. O'Connor, Ward 18; Wilhelm Ringdahl, Ward 18; Joseph W. Semple, Ward 18; Joseph R. Toronto, Ward 18; George I. Townner, Ward 18; Joseph R. White, Ward 18; Richard H. Barnett, Ward 19; Michael Duffy, Ward 19; Thomas J. Finley, Ward 19; Philip G. Goff, Ward 19; John F. O'Brien, Ward 19; Harry S. Bagley, Ward 20; Edward Boeck, Ward 20; Thomas Burns, Ward 20; Joseph F. Cronin, Ward 20; William J. Driscoll, Ward 20; Arthur J. Jolly, Ward 20; Patrick Waters, Ward 20; Benjamin Abrams, Ward 21; William Baker, Ward 21; James W. Davidson, Ward 21; Robert S. Egan, Sr., Ward 21; John D. Hopkins, Ward 21; Jacob Kramer, Ward 21; George Kushner, Ward 21; Louis M. Long, Ward 21; George Marks, Ward 21; Watson L. J. Millman, Ward 21; Arthur A. Nadeau, Ward 21; Raymond W. Rand, Ward 21; Harold Rubin, Ward 21; Patrick Tully, Ward 21; John J. Cavanaugh, Jr., Ward 22; Joseph A. Clair, Ward 22; Crendon Gray, Ward 22; Nelson H. Manning, Ward 22; Henry P. McGovern, Ward 22; George A. Muldoon, Ward 22; Carl E. Slater, Ward 22.

FORTY-EIGHT-HOUR WEEK FOR FIREMEN.

Coun. COFFEY offered the following:

Ordered, That the Fire Commissioner of the City of Boston be directed, through his Honor the Mayor, to live up to the mandate of the people who voted a forty-eight-hour week for firemen, both permanent and provisional.

Passed under suspension of the rule.

(Continued from page 234.)

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1947.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1947, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; that the appropriation for Pension Fund of the State-Boston Retirement System be met by any credits authorized by law and any excess by taxes that the appropriation for the Sumner Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section II, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1946, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1947; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1947, or for any other taxes or assessments payable to the Commonwealth, shall be payable in two equal installments, on July first and on October first, 1947; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1947, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to the Committee on Appropriations.

REVISION OF ASSESSMENT DISTRICT
KNOWN AS WARD 12.

The following was received:

City of Boston,
Board of Assessors, January 15, 1947.
John B. Hynes, Esq.,
City Clerk, Boston.

Dear Sir,—At a meeting of the Board of Assessors held on January 3, 1947, it was
Voted, In accordance with the provisions of General Laws, chapter 59, section 38, whereby "the assessors may in any year divide the city into convenient assessment districts," to revise the present existing assessment district of the City of Boston known as Ward 12, effective January 1, 1947, as indicated below:

District No. 28. The whole of Ward 12 (Roxbury East).

Reduce total district numbers from 50 to 49 and renumber the districts following new district No. 28, from No. 29 to No. 49.

Very truly yours,
PETER J. ALLEN, Chairman.

Placed on file.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing to be held on petition of Boston Consolidated Gas Company for approval of contract for purchase of gas from Eastern Gas and Fuel Associates, to be held at State House, February 11, at 10.30 a. m.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Coventry Realty Trust (referred December 16, 1946) for permit for driveway opening—recommending that permit be granted.

Report accepted; said permit granted.
Report on petitions to operate bowling alleys on the Lord's Day:

Mattapan Square Bowling Alleys, Joseph V. Celli, at 500 River street, Mattapan (referred January 27); West Roxbury Liederkrantz, Lee M. Jekowski, 46 Rockland street, West Roxbury (referred January 20)—recommending that permits be granted under usual conditions.

Reports accepted; said permits granted under usual conditions.

REPORT OF COMMITTEE ON CONSTABLES
AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Harold E. Hines (referred January 27), to be weigher of goods—recommending that the appointment be confirmed.

Report on appointment of Roger W. Curtis (referred January 27), to be weigher of wool—recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Coffey and Lane. Whole number of ballots 12, yeas 12, and the appointments were confirmed.

RECREATIONAL FACILITIES IN EAST
BOSTON.

Coun. COFFEY offered the following:

Ordered, That the Public Works Commissioner be directed, through his Honor the Mayor, to proceed immediately with the agreed-upon plans for the construction of schoolboys' stadium and other recreational facilities in East Boston.

Coun. COFFEY—Mr. President, last Wednesday we had a meeting down in the Mayor's office. The meeting was called by the Mayor. At that meeting were representative groups from the East Boston district. The letter we received from the Mayor invited us to attend the meeting. The Mayor said there were some plans other than the ones agreed upon some six or seven months ago by the Department of Public Works regarding the recreational facilities in East Boston which were to replace the taking over of the Wood Island Park by the state for the expansion of the airport. At the meeting we had engineers from the airport present along with Commissioner Cairns. It was stated they were willing to give an inland swimming pool, a wading pool for small children, but, although they had plans made, they had decided they would have to take away the stadium, with a seating capacity of 15,000, from the school boys of Boston. Everybody in Boston knows every high school team would use that stadium, as it is the only enclosed stadium within the confines of the City of Boston. I objected strenuously to the taking away of the stadium in East Boston. I might go back and say that since I was a little boy in East Boston we have always used that beautiful Wood Island Park we had, which consisted of four natural ball parks, two beautiful football fields and baseball diamonds, an outdoor gymnasium, a quarter-mile track, eight tennis courts, and also the beautiful

hills there for the mothers to go up and sit under the shade trees while the children were down wading at the two bathing beaches, or playing at one of the ball parks or in the gymnasium. Now that we have lost all that, and the state anticipates taking it for the expansion of the airport, we thought for a certainty we were going to get something substantial to replace our beautiful Wood Island Park. It was definitely decided at last Wednesday's meeting they were going to take away that stadium from us. What astounded me more than anything else is the fact that ever since Jim Curley has become a candidate for public office he has never once failed to carry East Boston. I do not care who the candidate might be, Jim Curley always came out of East Boston with a good plurality. Even when he opposed Fred Mansfield, a native of our town, Jim Curley in that election carried East Boston. The people of East Boston have been more than generous to Jim Curley. I might add for the record Jim Curley only comes to East Boston when there is a parade or a banquet. Other than that, I doubt very much if he knows one street from another in East Boston with the exception of probably the main highways in the town. Now, there was a suggestion, and they took a vote downstairs, to spend a few hundred thousand dollars on the reconditioning, I might say, of Wood Island Park, to take away the stadium and give us a wading pool and inland swimming pool in the Jeffries Point section of our town. I objected to the taking away of the stadium. Mr. Curley in a sarcastic manner, which he thinks is a sense of humor, said that the vote was unanimous until I called it to his attention. I told him to his teeth it was not unanimous. The press that are here now were present then when I told him. I told him that any time I voted against anything I wanted that vote recorded as such, and that nothing is unanimously passed when I am present at a committee hearing where a vote is taken and I object. I told him in more languages than one. I might say, speaking here on the floor now, Mr. Curley is quitting. The man that always hollers that he has done this and that for the people of Boston is quitting, I say, on the children of Boston. The only reason they want to take that stadium away from us in East Boston is this—they want that space for hangars for the airport. That is the only reason they want it. The excuse that they gave at the time was it would spoil the approach to the airport. That is a definite falsehood. There are three different entrances as it is now to the airport, and they do not need a fourth. They want that space for hangars. When I asked the gentlemen from the Public Works Department if they intended to put more hangars in this location where we are supposed to get these recreational facilities, they admitted that was the case. Still, in view of the fact that Mr. Curley said, "We will do away with the stadium," we will not do away with the stadium. This is one time the Mayor's bluff is going to be called. He has always fought the bankers and brokers on the air. He has always fought them in any public speeches he made. He is not going to quit now and give them the airport location where we want the stadium. We will not stand for it. This is one time Mr. Curley is going to be fooled. It makes no difference whether he is Mayor for the next three years or not. That does not enter the picture at all. It is a fact we in East Boston for once are going to get up in arms. I told him I would lead a delegation to City Hall. If I have to, I will. We want that stadium. Mr. Curley even went so far as to say the state can step in and take what they want. I disagreed with him. I said, "They cannot take what they want unless you give your approval." For example, if they want to build a hangar any place in East Boston on state property they first have to get a permit from the Street Department. That permit has to be signed by the Mayor of Boston. He signed one some three months ago, and they are starting to erect the hangars within ten feet of the people who live on Prescott street. There is filth there. The cellars are overflowed. Trucks are on the road day in and out. Ceilings and walls have caved in. Chimneys are falling down from the shaking of the Diesel engines carrying 25 tons of muck and mud. That is what we have been up against in East Boston. We have to put up with it. We thought we had somebody who would stay with us in the person of Jim Curley. He let us down badly last Wednesday when he agreed to go along with the bankers and brokers. Every airline is indebted to the bankers. Most of them are going broke. Two of them have loans, one for \$20,000,000 and one for \$50,000,000, to keep facilities operating. They have been losing money. Instead of Mr. Curley staying on the side of the people of East Boston who always were good to him, we find him making a statement that "We will do away with the stadium." Let me warn you, Mr. Curley, we will not do away with the stadium. If it is the last thing I do, I will fight you tooth and nail as long as I have breath in my body to get that stadium. Many of the gentlemen on the Public Works Department and the airport officials agreed to the plans. They themselves drew up those plans, and they were submitted to us months ago and agreed upon. The plans were in the Mayor's office last Wednesday in front of him. The group there represented the people of East Boston. Those plans definitely call for a stadium, along with an inland swimming pool, a wading pool, and an outside ball field, so that the stadium

BORROWING CAPACITY OF CITY FOR YEAR 1947.

The following was received:

City of Boston,
Board of Commissioners of Sinking Funds,
January 24, 1947.

John B. Kelly, President,
Boston City Council,
City Hall, Boston.

Dear Sir,—In accordance with the provisions of chapter 93, Acts of 1891, chapter 267, Special Acts of 1916, and chapter 225, Acts of 1931, it is estimated that the amount which the city will be able to borrow during the present municipal

year within the debt limit established by law, is \$10,562,031 as per schedule annexed.

Respectfully,

WILLIAM B. CAROLAN,
ARTHUR J. KELLY,
JOHN O. STUBBS,
MERRILL GRISWOLD,
BENJAMIN SPINOSA,
PATRICK McDONALD,
Board of Commissioners of Sinking Funds.
CHARLES J. FOX,
City Auditor.
HENRY F. BRENNAN,
City Treasurer.

CITY OF BOSTON AND COUNTY OF SUFFOLK.

Placed on file.	

would not be spoiled by others who want to use the ball field and who could use a ball field and would not have to use the stadium. We desire that stadium, Mr. Mayor. We are going to fight for it until we get it. The stadium cannot be built in any other section of Boston. That money has been allocated by the Legislature last year, \$1,300,000 for the expansion of the recreational facilities in place of World War Memorial Park, which is Wood Island Park, which is definitely going to be taken over by the state. My order reads that the plans originally submitted six months ago, which were on the Mayor's desk last Wednesday before this group, be carried out and that the people of East Boston be given fair play and that we get the stadium promised to us by the Department of Public Works and approved by every agency that presented the plans to us. I ask for suspension of the rules and passage of the order.

The order was passed under suspension of the rule.

Ordered, That his Honor the Mayor consider the advisability of refusing to sign any more permits for hangars for aeroplanes in East Boston until the recreational facilities agreed upon for the residents of East Boston are constructed.

Coun. COFFEY—Mr. President, this runs into my other order. Briefly, if the Mayor of Boston is honest and sincerely intends to get the people of East Boston recreational facilities which we are entitled to, there is one way he can do it. He can force the State Department of Public Works and the airport officials and the bankers to give us the recreational facilities they agreed upon six months ago by refusing to sign any more permits for hangars in East Boston. If he does that, we will have more than enough room to build a stadium. The boys in East Boston and all the other high school teams will use the field and the boys of East Boston and the other high school teams will have a real stadium.

The order was passed under suspension of the rule.

ACTION BY POLICE DEPARTMENT RE BOOKIES AND HORSEMEN.

Coun. COFFEY offered the following:

Ordered, That the Police Commissioner of the City of Boston be directed, through his Honor

the Mayor, to submit a report to the City Council showing what steps he has taken to clean up Boston regarding bookies and horsemen as a consequence of an order introduced at the last meeting of the Council.

Coun. COFFEY—Mr. President, I introduced here an order asking the Mayor to confer with the Police Commissioner regarding bookies and horsemen and other activities that were taking place throughout the City of Boston. I listened attentively here since the time that you took the chair, Mr. President. Letters were sent from the Mayor's office on Monday, as is usually the case, and opened at our session. Nothing has come from the Mayor stating that he would confer with Police Commissioner Sullivan regarding bookies and others who are operating illegally horse rooms throughout the entire City of Boston, especially in the district in which I live and which I represent. I suppose Mr. Curley does not care too much what is going on in the City of Boston. It is evident the Police Commissioner does not care, because he has made no statement to the press or otherwise that conditions are not as I presented them. The only statement that the press got was a statement from Captain Britt, who has called me a liar. The reason Captain Britt called me a liar was this. He said the statement I made on the floor of the Council last week—that he told me the Police Commissioner told him to lay off the bookies—was not true. Naturally he would call me a liar. He does not want his boss to think he made that statement to me. That is only natural. He went along with the Police Commissioner in not saying that things were as I presented them last week, at last Monday's meeting. They did not say anything about conditions in Boston. They did not say they had remedied the conditions in Boston. Since Captain Britt went to my district, I reiterate my statement of last week that the first year Captain Britt was over there he did a pretty good job on the bookies. His arrests averaged four a week. Then my argument was in the past four or five months, since he himself made the statement the Police Commissioner told him to lay off, and the records will prove my statement is true, the arrests were only about one a month, and no better than that. I do not have to tell you gentlemen in the Council here what is going on in Boston. I think you know as well as I do. Sometimes we do not give a darn what is going on. There is a condition now similar to this going on in Winthrop. The cop on the beat will say, "I am not going to do my job. Why

should I? I am not getting paid for it. Let the squad in charge of vice that are getting paid for it clean up conditions in Winthrop." That is the way conditions are today. They are going to be that way in Boston. I must have received a hundred letters, I dare say, and half of the letters were from Boston policemen telling me that conditions going on in the City of Boston were bad. They do not have to tell me, or you, or anybody else. We know what is going on. We do not have to leave our own neighborhood to know what is going on. Since I introduced the order last week I have heard nothing from the Mayor. That makes the Mayor a party to what is going on, in my opinion, within the confines of our city. After all, he can stop Tom Sullivan's pay tomorrow if he wants. He can stop it. There is nothing to stop him from stopping his pay. The Governor appoints him, but he has control over the pay roll. If he does not think Tom Sullivan is doing a fit job, I say he should stop his pay. He would stop the pay of any other city employee not doing a good job in his opinion. He could dismiss them from the department or demand their resignation for any reason, and they would find themselves out in the cold just like the average man who has put in so many years in the city service, discovers he has reached a certain age, and is told to get out. That law was passed in 1923. Why it was passed for the few and did not protect the many is beyond me. There are plenty of men forced out at seventy years of age who can still do a good day's work. After I know the decision on the Moriarty case tomorrow, next Monday I will be back with another order. If Moriarty is dismissed tomorrow, then I will ask Tom Sullivan's dismissal a week from today. If he is not dismissed, I will ask Mayor Curley to return every man over seventy years of age who can stand a physical examination to the city pay roll. In my opinion, they have as much right to come back and work after seventy as any other man regardless of the position he may hold. Getting back to the police conditions, since I have been doing my yelling last week there have been cruising cars running up and down the streets of Boston. In my own town they put cops outside fifteen different places. That went on last Tuesday and last Wednesday and for about two hours last Thursday. Then the cops were called off. One of the councilors reminded me there is a piece in the paper this week. I did not see it. It said, "Why has Councilor Coffey kept quiet after his blast on the police last week?" I can only blast every Monday. I am not going to spend any more on advertising in the newspapers unless the newspapers refuse to give me publicity. So long as they give me write-ups like they did last Tuesday, I will keep blasting on Monday and watch for the Tuesday papers. If conditions stay the way they are (I do not want them to get worse), I will put the ads in the newspapers, and I will go on the radio like I did once before. I had a controversy that went on four weeks with Superintendent Sheehan. I got the last word in. I made Superintendent Sheehan quit when I went on the radio and told him about conditions, where they were operating, and who and how, and who was protecting them. I never received an answer from Superintendent Sheehan to this day. Those conditions exist in my town. I want them stopped. If Captain Britt cannot do the job, then we should have someone who can. It looks as though he cannot. In the past four months he has done nothing over there. I want him removed. If necessary, let the Police Commissioner send his famous Superintendent Sheehan to our town. For 25 years he was the famous racket buster. For the past 25 years the bookies were operating all over the entire City of Boston. Sheehan knows that as well as I. Sheehan knows cops are bookies as well as I do. There is a cop in nearly every station that takes the horse plays to some bookie and gets the percentage. There is one in headquarters. They know that as well as I do. It is known everywhere. You might say, "Let them operate." All right. But not in my town. I do not want them operating in my town. The business firms over there are with me. You cannot walk by the square without seeing three or four bookies operating. Now, in conclusion, I want to say this, at a hearing last week Mary Driscoll saw fit to interject herself into this controversy between the Police Commissioner, Captain Britt, and myself. At a hearing before her board she said Captain Britt was doing a good job. Well, wasn't there some preacher who was going to make a sermon? I did not see anything in the papers about it. I bought all the papers I saw to see if there was anything in them. Wasn't he going to say who killed Cock Robin and to tell us the conditions in the taverns and the rum joints of Boston? He was supposed to say what he thought of the whole matter. I would like to have seen what he had to say so that I could come in on it here today. Let me tell you a bit about Mary Driscoll. First of all, there is a fellow in my town who wanted a license. He went up before the License Board and applied for it. He got a fixer. The fixer told him for \$600 he could get a license. He paid the \$600 and he got the license. He and his brother were not talking at the time. The mother who had to kick in the money for the license went to the brother, a policeman in Station 7. She told him the story. This policeman had a little courage and was going out on pension within a few weeks. He went to Mary Driscoll and accused the board of sticking his brother for \$600 for the license. He did a lot of yelling in uniform. He said, "I will get the \$600 or somebody will be

fired from this board." The \$600 was returned to him. Now, if you gentlemen do not believe that, talk to the fellow. He said he would come over and tell you, any one of you. He is a retired policeman. He is now living in East Boston. The \$600 was returned to him and not his brother. Just one other item. I was in a lunchroom in Maverick square. Someone was looking for a seven-day license. A couple of local office holders spoke in favor of the license. It was one time I was smart enough to stay away from the Licensing Board. Every time I have been up there I have been opposed. They did not ask me to go. The fellow that owns the place is a pretty good fellow. Mary Driscoll reprimanded the two officers. In her own words, and you can get them from the press —

Coun. COOK—Mr. President, a point of order. I do not think, even though the story is very interesting, I would like to hear the rest of it —

Coun. COFFEY—Mr. President, a point of order.

Coun. COOK—Is it within the content of the order? I would like to find out what the order is.

President KELLY—The Chair will rule that the matter that Councilor Coffey is talking on relates to the order before us.

Coun. COFFEY—Thank you, Mr. President. I do not see how it could help, for the simple reason I am talking on conditions in Boston. Mary Driscoll, who is a responsible office holder, has interjected herself into the argument. She stated Captain Britt is doing a good job. I am proving not only that he is not doing a good job, but she is not. She reprimanded two office holders for asking for a seven-day permit. She did not send an investigator but a board member, who brought a report back and said to the board that the place was loaded with bookies, both numbers and horse and dog bookies, and that he himself attended the place three different times and saw the bookies in operation, that they take a book play from the table and pass out a green sheet for an Armstrong, get a play from anybody in the restaurant, and go to the telephone and put the play in. It was one of her own board members. I guess that takes care of Mary Driscoll. She had better clean her own skirts and take care of her own conditions, which are rotten. Kids can be seen drinking in these joints, boys and girls of sixteen and seventeen. If you looked it up, within the past two years you would find 50 cases brought before her board where children have been drinking on the premises, some place she has given a license to. I can go on. I think I have brought out two good points. Mary Driscoll should keep her own skirts clean and forget about injecting herself into police business. She knows nothing whatsoever about it. To get back on the main speech, I am asking Commissioner Sullivan to make a report through the City Council or to the Mayor himself as to conditions in Boston. Joe Dineen had an article in the paper the past few days stating that false sweepstakes tickets are coming into Boston. That is true. Every year people get stuck with bad tickets. Whether they are good or bad does not make any difference. The police do not bother those who are selling them. I am going to ask that Superintendent Fallon be given the job of running the Police Department, and not the Police Commissioner. I have too many reports where an officer would be brought up on charges. The Police Commissioner would pick a hand-picked jury of his own, and afterwards those three captains would make a finding of not guilty in the officer's favor. He would call the officer in and tear up the report and say, "I am not paying attention to the report. I am the Police Commissioner. I am giving you 210 hours of punishment duty." I know one case where a policeman went over his head. The man was reprimanded and dismissed from the department, and he went to the Civil Service Commission. The Civil Service Commission saw fit to replace that man with back pay. I say this man is a czar. I have received hundreds of letters, and every one of those letters mention the same thing. This man is nothing but a czar. I do not think he will have too many friends in the Public Works Department nor in the Transit Department, which he left. Whether the report from him is to the Mayor or to the Council, I do not care which. I want Captain Britt taken out of East Boston. I do not care whom he puts over there. I would prefer his sending over Superintendent Sheehan. Let us see what Sheehan can do in the town. I will give him plenty of time to clean it up. He, too, like the police captain, may be told to lay off. Nearly everyone over there used the broom for the first few weeks or months. After that for some reason or other they all quit on the bookies. The bookies can do more with the police captains and deputies and superintendents and commissioners than any public office holder. If you do not believe me, find out who got all the medallions. Answer that question if you can. I doubt if there is a member of the Boston City Council that had influence enough to get a disabled veteran a medallion. I know I could not. I do not think you had more success than I. The bookies got medallions and used veterans' names. The veteran had to get a medallion to get a job. Most of them could not do a hard day's work. Driving a cab seemed like a good job with steady income. I hope the order is passed under suspension of the rule.

Coun. COOK—Mr. President, I think it is an order similar to the one passed last week. Am I right in understanding it was vetoed by the Mayor, before I go on?

President KELLY—It was not vetoed by the Mayor.

Coun. COOK—If they see fit to give us the information, I will be delighted to have it. I would like to rise and say, even though the President ruled he was in order in talking about matters I think are out of order, I would like to place myself on record in saying Mary Driscoll is doing and has done a wonderful job. I do no business at the Licensing Board.

Coun. BAYLEY—Mr. President, I agree with the distinguished councilor who has just spoken (Councilor Cook). I believe Mary Driscoll is one of the most famous licensing board chairmen we have ever had. I believe her skirts are clean. I believe we are very fortunate in having her. Her board is doing an excellent job. From the decisions I have heard her board make, I say thank goodness we have Miss Mary Driscoll as chairman of the board. I do not have such a high impression of the A. B. C. Board as I do of the local board which goes at the problems fairly and gives both sides earnest consideration. I want to be put 100 per cent behind Miss Mary Driscoll for her character, loyalty, and attention to duty.

Coun. COFFEY—Mr. President, once more on Mary Driscoll and her clean skirts.

Coun. COOK—Mr. President, a point of order. I would like to insist on a point of order. As I understand it, the order calls for an investigation of horsemen and bookies. I do not think Mary Driscoll has anything to do with it. Anything said about her will not add to or detract from the argument. I would like the President to consider that and rule on the point of order.

President KELLY—The Chair is going to rule, where Miss Driscoll's name came into the order, the Chair will allow it to be discussed for a short time.

Coun. COFFEY—Mr. President, one other thing I did not touch on before. I thought I said enough about it. Seeing two gallant and glorious attorneys have come to the defense of Mary Driscoll even though neither one of them do business before Mary's board, they saw fit to come to her defense. A man owns a tavern in Central square in East Boston. The place has been run as a honky-tonk joint for a number of years. The people in the district are disgusted with the way the place is operating. Those people live in the neighborhood. Men are rolled there. Men receive good beatings there. One man received a fractured skull. The owner was arrested for it eventually. The owner saw fit to ask a seven-day license. I opposed it. I asked Mary Driscoll if she knew the real owner. She said, "Only the man's name appearing on the license." I said, "That gentleman does not own it—he hasn't five cents to his name." I pointed out this gentleman standing there. I said, "This gentleman owns it." She said she knew he was always in there. I said that he operated and ran the place, and the men agreed he did. He was looking out for his interest in the place. I said to Mary Driscoll, "He is an alien. He was implicated in a \$50,000 razor blade robbery off one of the ships in the National Docks. He was found guilty. He was found guilty of selling narcotics and drugs." I said, "He is the owner. He admits he is the owner." She said, "He admits he is operating the place." With all that evidence brought out, the man did not deny it. I had his record with me at the time. Mary Driscoll saw fit to give them a seven-day license. I say again there are a lot of things going on in Boston that Mary Driscoll closes her eyes to. Recently she tried to put the blame back on the church and the parents of the children. Where those children do go into these places, how do mothers and fathers know where their children go when they do go out? If a child says he is going to the movies, the mother and father are tickled to death. What the child does after the child gets out, those parents do not know. Mary Driscoll wants to blame the parents for it. I know, as a father of five children. I had a little fellow I thought was in a store taking a drink. Instead he decided to go swimming. One of the neighbors came up saying he had been run over by a truck. Did we know it? We gave him the prior to go to the store. Within five minutes he was run over. It is the same with those children, your children and my children. It is up to Mary Driscoll to send out and have special investigators go into all these rum joints she knows are operating throughout the entire city. We have one or two in every spot that will sell to anybody as long as there is a dollar which comes across the bar. They will never ask a question as to the child's age. She knows it, and you and I know it. She should mind her own business and tend to her own affairs. If she does not, she will hear from me every Monday the same as Captain Britt and Police Commissioner Sullivan.

The order was passed under suspension of the rule.

ELECTION OF CITY CLERK.

Coun. KEENAN offered the following:

Ordered, That the City Council now proceed to the election of the City Clerk to serve for the term of three years beginning with the first Monday in February, 1947, and until his successor is elected and qualified.

The order was passed, and the Council proceeded to ballot for the election of the City Clerk, and the clerk called the roll, viz.:

For John B. Hynes—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Hannon, Hurlay,

Keenan, Kelly, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—18.

Nays—O.
John B. Hynes was declared elected City Clerk.
President KELLY—I would like to hear a word from the clerk.

Clerk HYNES—Gentlemen of the City Council, I wish to thank you very much for the action that just occurred. There is only one way I can show you how much I appreciate your confidence in me, and that is by doing a good job as City Clerk, and I will try to do it in the next three years. Thank you very much. (Applause.)

CLEANING OF WARD 17 STREETS.

Coun. KEENAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean up the sand and other dirt on the streets of Ward 17.

Passed under suspension of the rule.

OPPOSITION TO HOUSE BILL NO. 768.

Coun. KEENAN and CHASE offered the following:

Resolved, That the City Council of Boston, in meeting assembled, is hereby opposed to the enactment of House Bill No. 768 authorizing the city to sell Dorchester Park in Wards 16 and 17.

Coun. KEENAN—Mr. President, calling your attention to the need for parks, there is a bill in the Legislature to sell the land in Dorchester Park and the adjoining land in Ward 16. The people in Dorchester have had Dorchester Park for a great many years. I am quite surprised at his Honor the Mayor trying to put another land deal through by selling Dorchester Park. I hope his Honor the Mayor will see that this bill is killed and that the land on Dorchester Park will stay for the children of the district.

Coun. CHASE—Mr. President, talking on the order, I am very much opposed to his Honor the Mayor selling the public park in Dorchester in Councilor Keenan's district. I understand there are about 31 acres of public land he proposes to sell. Ever since 1891 it was used by the public for park purposes. Now, Mr. President, we have had an awful lot of talk throughout our entire city pertaining to land deals and land grabs by his Honor the Mayor. In my opinion, this is another land deal that his Honor the Mayor wishes to put across against the interest of the taxpayers. I believe, Mr. President, that his Honor the Mayor has shown on a number of occasions that he cannot be trusted to sell land—the public lands of the taxpayers. I think, Mr. President, that only recently the bad news that our city has been receiving about the land deals that his Honor the Mayor has made should only prompt us to be against him on all future land measures. The time has come, Mr. President, when we are going to do something about it or else the Attorney General's office will step in and do something about it and then it will not be too pleasant. Now, Mr. President, why does his Honor the Mayor desire to sell 31 acres of public land? Has he entered into some land deal with some real estate operator to buy it at a low price and sell it at a high price? What is this sudden demand for the selling of public property? There are altogether too many deals being put across on the public with their public lands. I think the time has come, Mr. President, when we as members of the City Council should do something about it. Not so long ago the Finance Commission called to our attention a certain deal entered into by his Honor the Mayor. The city lost anywhere from \$30,000 to \$75,000. Yet his Honor the Mayor notwithstanding that report, went ahead and sold the property at private sale. He now proposes to have the Legislature give him authority to sell either at public or private sale. Of course, we are going to be called upon to act on it. He wants the right given to him, Mr. President, to sell the land at private sale. Well, Mr. President, we have had too many occasions now of his Honor the Mayor selling at public sale and at private sale. Every time he made a sale at private sale it stunk to the high heavens. I hope the members of the Body will go along with this resolution.

Coun. LINEHAN—Mr. President, the only thought I have in mind relative to this is that it is very possible the Mayor might be going to transfer the land in the Boston Park Department to the Boston Housing Authority for the construction of one- and two-family homes for veterans. If the present park land is not being used for park purposes, probably it might be a good thing to have it used for veterans housing. If it is for any other purpose I for one would be against it 100 per cent. If this no longer is being used for park purposes and if it can be used by the Boston Housing Authority for building one- and two-family houses, then perhaps the councilors in those districts would be for it 100 per cent. That is something we will have to find out from some committee in the Council. I sincerely hope it will be referred so we can find out what the order wants to do and what they want to do with the bill in the Legislature.

The order was referred to the Committee on Parks and Playgrounds.

RESOLUTION ON JAMES T. MORIARTY.

Coun. KEENAN offered the following:
Resolved, That this Honorable Body request his Excellency, The Honorable Robert F. Bradford, Governor of the Commonwealth, to reappoint to the office of Commissioner of Labor and Industries, the Honorable James T. Moriarty.

ACTION ON RESOLUTION RE COMMISSIONER MORIARTY.

Coun. KEENAN—Mr. President, I would like to ask suspension of the rules and passage of the order on the resolution on Mr. Moriarty so that action may be taken by Wednesday.
President KELLY—Councilor, I cannot entertain that motion. The Committee on Rules will report back later on in the meeting.
Referred to Committee on Rules.

REPLACEMENT OF ANTIQUATED GAS LAMPS ON WARD 12 STREETS.

Coun. COOK offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present antiquated gas lamps with modern electric arc lamps on the following-named streets in Ward 12: Moreland street, Sonoma street, Ruthven street, Wayne street.
Passed under suspension of the rule.

RESURFACING OF CERTAIN WARD 12 STREETS.

Coun. COOK offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with granolithic pavement the following-named streets in Ward 12: Cliff street, Cope-land street, Crawford street.
Passed under suspension of the rule.

PAYMENT OF MEMBERS OF MEDICAL BOARD.

Coun. HANNON offered the following:
Ordered, That the members of the Medical Board, established to act on petitions of widows or dependents brought under section 89 of chapter 32 of the General Laws, be allowed and paid twenty-five dollars each for each meeting of said board which they attend and which is held for the consideration of said petitions, but not to exceed \$500 for each member in any one year; the amount so paid to be charged to the Contingent Fund.
Passed under suspension of the rule.

PROPOSED APPOINTMENT OF RALPH COLSON.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor be requested to consider the advisability of appointing Ralph Colson as a member of the Board of Recreation.

Coun. HANNON—Mr. President, what the intentions of his Honor the Mayor are with regard to the Board of Recreation I do not know. However, a vacancy does exist on that Board. If that vacancy must be filled, I hope it will be filled by the appointment of a live wire, somebody who has the interest of the children and real recreation at heart. Much fault has been found with the Board of Recreation. Some of it is groundless and some of it, without doubt, is based on facts. I think one outstanding factor of the Board of Recreation is that it has not been attended with much publicity. Not many people have been conversant with the work the Board of Recreation has been doing or has been attempting to do. I think this might be a cure if a live wire were put on the Board. I know Tom Turley has the interests of the youngsters at heart. I know Tom Turley. Some of the other members, I believe, are merely on there for the glory and honor of themselves. I think the purpose of the Board of Recreation in the beginning was to provide recreational facilities for the children of Boston. This might have been accomplished with or without funds. The Board of Recreation, if it could not get funds, if it aroused public interest, would get the funds elsewhere. I have been conversant with the career of Colson ever since he was a kid in the High School of Commerce. I know of his activities in the Department of Education in the state. The state has recognized his ability. He is a go-getter. Read the papers and see what he is going for the youngsters, taking them on board ships trying to obtain scholarships, discovering ways and means of having outstanding athletes obtain proper prominence in the world of sports. A fellow like that is the type we want on the Board of Recreation. I do not know even if he will accept it. If he would accept it, I think the city would benefit by acquiring his services.

The order was passed under suspension of the rule.

TAXICAB CHARGES, EAST BOSTON TUNNEL.

Coun. MUCHNICK offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to permit operators of taxicabs to charge passengers to the airport by way of Summer tunnel twice the regular tunnel toll fee for said passage through the tunnel.

Coun. MUCHNICK—Mr. President, I have spoken with many cab drivers in the last three or four months who are greatly disturbed over the fact that when they go to the airport by way of the tunnel they then have to wait in line until they get another fare at the airport. Sometimes, in order to save time they "deadhead" back which means they have paid another tunnel toll, while going through empty. Many of them have found it more profitable to do that than to wait half an hour or an hour. Well, because of that hour if they wait, they are working for roughly 20 or 25 cents an hour, and none of them can afford that. Now it seems to me if a passenger to the airport wants to use a cab, he should bear the burden of that extra charge. It is the passenger who asks the cab driver to take him through the tunnel. He should pay the fare both coming and going. In view of the fact it is his transportation that makes it necessary for the cab driver to wait around once he gets to the airport, if we ask the passengers to do this we are in no way imposing any extra burden on them because the passenger is the one choosing the cab as a means of transportation. We have provided him with cabs for transportation. We have given the passenger a limousine service which he can use if he wishes. He also has the means of using the Boston Elevated Railway in order to get to the airport. If it is the passenger who decides to take a cab it seems to me only fair that it is the one who should pay the added burden that is put on the cab driver and not the cab passenger. I do not know whether it is proper under our law to do this. I would suggest that this be sent to the appropriate committee and the Police Commissioner and the Law Department asked to come in to see if that order can be legally passed.

Coun. COOK—Mr. President, I was going to rise to a point of order. If there is such a hearing, I would like to see some of the taxicab drivers here too. I do not think it is in their interests to allow this at all.

The order was referred to the Committee on Public Safety.

RESURFACING WASHINGTON STREET.

Coun. BRYAN and CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be directed, through his Honor the Mayor, to construct new sidewalks and resurface with smooth paving Washington street, from Corinth street to West Roxbury Parkway.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of Jeremiah F. Murnane (referred January 13), to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of nine hundred seventy-five dollars (\$975) be allowed and paid to Jeremiah F. Murnane in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

PROVISIONAL APPOINTEES, FIRE AND POLICE DEPARTMENTS.

Coun. LINEHAN submitted the following:
Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to furnish the Boston City Council with a legal opinion relative to the legal rights and benefits of provisional appointees to the Boston Fire and Police Departments in the event that said appointees are injured in line of duty, said opinion to be forwarded to the City Council prior to the next meeting, and be it further

Ordered, That in the event that said appointees do not receive compensation under the present law while they are off duty as the result of injury sustained in the line of duty, the Corporation Counsel shall prepare and submit proposed legislation to the Massachusetts Legislature at the earliest possible time, amending the law so that said appointees shall receive compensation while off duty as the result of injuries received while in the performance of said duty. In the event that said provisional policemen and firemen are killed in line of duty legislation shall be prepared to adequately furnish their families with the pension regularly given to families of permanent appointees.

Passed under suspension of the rule.

REPAIRS TO MICHELANGELO SCHOOL.

Coun. RUSSO offered the following:

Ordered, That the School Building Commissioner be requested, through His Honor the Mayor, to make major improvements and repairs to the gymnasium and main auditorium of the Michelangelo School, Ward 3, viz.:

Gymnasium (Old Hall).

A. Painting and repairing of gymnasium and corridor leading thereto. Posts in rear of said hall should either be eliminated or if this is not practical, they should be rounded out up to above five (5) feet from floor and equipped with some soft material so as to prevent serious injuries to basketball players, etc.

B. All windows should be equipped with proper shades unless it is deemed more practical to change the glass in order to provide necessary privacy for boys or girls using facilities.

C. Present lighting system, whereby lights hang over fixtures, should be changed so as to prevent ball from striking fixtures, breaking bulbs, etc. Also, should provide more adequate light.

D. Reinforcement of basketball equipment.

E. Provide about 150 seats to accommodate people when hall is used for social dances or public games.

F. Provide adequate heating system in hall and adjoining rooms on each side of stage. Also improve ventilation.

G. Construction of shower and locker room in basement, using part of space in girls' room which is not needed, instead of compelling players to walk long distance across annex and exposing themselves to danger of becoming ill by catching colds, etc., after their bodies are heated up as the result of strenuous exercise.

Main Auditorium.

A. Thorough painting of entire auditorium, corridors, and staircases leading thereto.

B. Provide proper curtain (daylight beaded curtain) for the projection of 16 mm. motion pictures in place of present one intended for 35 mm. standard pictures which cannot be used owing to lack of proper talking picture equipment.

Coun. RUSSO—Mr. President, the Michelangelo School where we have our boys and girls and the gymnasium and auditorium being used by them are in a very deplorable condition. For over 25 years these places were not even painted, to say nothing of the fixtures. However, I am not going to take the time of the Council today to enumerate the amount of work that should be done to make the place at least look decent. I took time off and made a little investigation there myself with some public-spirited citizens. I therefore would like to present this list and I would like to have it incorporated in the order, so that the department will act on it and act right away. We are confronted with a budget of over \$60,000,000. To spend a few dollars in order to make our schools look decent and bring them up to date is not too much to ask. I do not think it is too much to spend \$10,000 or \$15,000.

President KELLY—The list will be so incorporated.

The order was passed under suspension of the rule.

APPOINTMENT OF WILLIAM F. O'CONNELL.

Coun. SULLIVAN offered the following:

Ordered, That the appointment by the President of the City Council of William F. O'Connell of 88 Newland street, Boston, as substitute stenographer-clerk for Alfred C. Holland, at present on a year's leave of absence without pay, at a yearly salary of \$2,700 be, and hereby is, approved.

The question came on suspension of the rule and passage of the order.

Coun. COFFEY—Mr. President, I would like this to be sent to a committee until I find out who the gentleman is I am voting on. All of us should have been informed before any appointment was made to this Body.

The order was referred to the Executive Committee.

APPOINTMENT TO BOARD OF RECREATION.

Coun. BAYLEY and LINEHAN offered the following:

Ordered, That the Corporation Council be asked to rule whether or not it is mandatory that his Honor the Mayor appoint a member of the Board of Recreation annually under the provisions of chapter 451, section 1, of the Acts of 1943; whether or not it is mandatory that he provide a budget for the minimum operation of said Board under the provisions of said chapter 451 of the Acts of 1943, and whether or not when a member's term has expired the appointment is continued.

Coun. BAYLEY—Mr. President, the Board of Recreation was set up by an act of the Legislature passed in 1943, chapter 451. It was accepted by the City Council December 11, 1944. It went into effect January 1, 1945. Now, Mr. President, I believe it is mandatory under the provisions of the law that a member be appointed each year. Section 1 provides that upon the expiration of the

term of office of a member appointed by the Mayor his successor shall be appointed by the Mayor for a term of four years. Previous Mayors have appointed annually members of this Board as former members' terms have finished. Mr. President, Miss Ellen H. Gleason's term expired January 2, 1947. There is a vacancy now on the board which should be filled under this Act of 1943, chapter 451. According to what I see in the newspapers, his Honor the Mayor has said he will not make the appointment to the Board of Recreation. Mr. President, if he feels he is against the Board of Recreation he can go to the Legislature and ask to have the law repealed. It is on the statute books. It has affected Boston. It is mandatory, in my opinion. I believe a court would so find. I am therefore asking the Council to pass this order so that the Corporation Council may give us an opinion as to whether or not the word "shall" is mandatory, and whether it is not required of the Mayor to appoint a successor who should have been appointed on January 2 of this year. One member of the Council has already offered a name for approval. I do not know the gentleman.

Coun. MUCHNICK—Mr. President, I would like a point of information.

President KELLY—Does the gentleman yield?

Coun. BAYLEY—Yes.

Coun. MUCHNICK—Did the person who is now being mentioned as one leaving the Board resign or was it an expired term?

President KELLY—I understand it is an expired term.

Coun. MUCHNICK—May I have another point of information?

President KELLY—State your point of information.

Coun. MUCHNICK—Isn't it true that under the law any person continues to serve until his or her successor is appointed and qualifies?

President KELLY—That is so, unless he resigns.

Coun. MUCHNICK—There is no resignation here, is there?

President KELLY—I have not seen any.

Coun. BAYLEY—Mr. President, I believe there is some question on the reply that you make. I have looked over the Act quite carefully. It provides that the term expires upon the expiration of the term. The term expires as of January 2, 1947. The lady in question is no longer serving. The Mayor has this obligation. Maybe he should have asked the Law Department. My opinion is the term expired January 2, 1947. There is a vacancy. No one is serving. There is no question on that. Mr. President, the second part of my order possibly may be open to a little more question. I would like a ruling of the Law Department on that. That is, whether or not the Mayor is required to provide money for a minimum budget for this Board. It is provided under section 3: "The board shall appoint a superintendent of recreation who shall devote his whole time to such duties as are imposed upon him by the act." Section 4: "The board shall study the recreational needs of said city and shall formulate plans for adequately distributed, coordinated and diversified recreational services. Such plans, with recommendations of the board, shall be submitted to departments of said city empowered by law to provide recreational services." It is impossible to have a superintendent of recreation and expect him to serve without pay when it is a full-time job. If no money is provided the board will not be able to appoint a superintendent of recreation or study the recreational needs and present proper plans unless it pays them out of its own pocket. I understand from the chairman of the Board of Recreation he is provided a minimum budget to present plans under the act of the Legislature. He is willing to perform his functions as required by the Legislature. I quote from the editorial in the morning paper:

"Of all places to pinch pennies, Mayor Curley has chosen recreation! The city that gave Joseph Lee and the playground movement to the nation has become a backwash of idle, decaying facilities and neglected opportunities, a model to the country of how to neglect the young and promote delinquency.

"The city's rich resources in recreation deteriorate in idleness, as children play in the streets. And Mr. Curley flings a defiance at the Legislature by letting the board die of starvation."

I believe it was the intent of the Legislature that this Board of Recreation should try to bring order out of the chaos and confusion that now exists in our playground system. I believe in providing the words "shall appoint a superintendent" that a superintendent shall be appointed, and that meant for the Mayor to perform his duty. The Mayor might not be too much in favor of this board. It is mandatory to provide another member of the board and a superintendent. I hope the Council will go along with me and we will get an opinion from the Corporation Council as to whether or not it is mandatory on the Mayor and as to whether or not he is fulfilling his duty as Mayor of Boston under the provisions of chapter 451.

Coun. COFFEY—Mr. President, all I want to say is that the information I have received is that it is a woman whose term has expired, Ellen

Gleason. Because Mary Driscoll is doing such a poor job as head of the Boston Licensing Board and because she has carefully stated she has the good of the children at heart, I urge that Mary Driscoll replace this lady now retired.

Coun. LINEHAN—Mr. President, I move an amendment to the order asking the Corporation Council to render us an opinion relative to section 1 as to whether or not a member whose term has expired shall continue as a member until her successor is appointed.

The question came on the amendment, and the amendment passed. The question came on the passage of the order as amended, and the order was passed under suspension of the rule.

ACCEPTANCE OF ADAMS CIRCLE, WARD 11.

Coun. MORIARTY offered the following: Ordered, That his Honor the Mayor confer with the Board of Street Commissioners to consider the advisability of accepting and laying out Adams Circle, Ward 11, Jamaica Plain. Passed under suspension of the rule.

SYMPATHY TO DR. MARY MOORE BEATTY.

Coun. HURLEY and LANE offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby extends its heartfelt sympathy and condolence to Dr. Mary Moore Beatty, Trustee of the Boston City Hospital, in the recent death of her beloved husband, John Francis Beatty.

Passed under suspension of the rule.

President KELLY—At this time the Chair will appoint Councilor Hurley as temporary chairman of the Executive Committee.

HANDBALL COURTS NEAR CARSON BEACH BATH HOUSE.

Coun. LINEHAN offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct two handball courts adjacent to the Carson Beach Bath House.

Passed under suspension of the rule.

ASH AND GARBAGE CONTRACTS.

Coun. CHASE offered the following: Ordered, That the Council Committee on Appropriations thoroughly inquire into all angles of the ash and garbage contracts let out by the city with a view to determining the advisability and possibility of giving the same to lower qualified bidders.

Coun. CHASE—Mr. President, you will no doubt recall how arrogant and dictatorial his Honor the Mayor was some time ago in refusing to allow his department heads to come before us to give us information as to the ash and garbage contracts. You will remember, sir, his Honor the Mayor said that it was none of the Council's business, it was purely an administrative matter. Well, Mr. President, the matter is now before us today. There is a new 1947 budget, a budget containing \$64,000,000 requested by his Honor the Mayor. You will find those items in the Public Works Department which his Honor the Mayor wants us, each one of us, to approve. Mr. President, this is not a matter which is outside the jurisdiction of the Council. It is a matter which is entirely within the jurisdiction of the Council. If it were not so, why has his Honor the Mayor submitted in a \$64,000,000 budget those very items pertaining to the ash and garbage removal? Now, Mr. President, I say to you that, in view of the fact that there has been a serious charge made of graft and collusion, serious intimations, sir, that his Honor the Mayor is not acting for the best welfare of the city in letting out these contracts, I say, in view of those serious charges, that it is up to us now to thoroughly inquire into each contract let out. We can do so through our Committee on Appropriations. This committee is now charged with the duty of finding out whether or not each item is reasonable or unreasonable, and of determining whether or not it is for the best interests of the taxpayers for the City Council to pass this budget as presented by his Honor the Mayor. That is, sir, our duty. That is what the arrogant gentleman downstairs said that we had no jurisdiction over, that it is purely an administrative matter. I repeat, sir, this matter is now before us. I am reminded that the gentleman from Brighton

(Councilor Madden) hurled some very serious charges when he said there was graft and collusion. He went so far as to name the bagmen of this administration. Nothing has been done about it. Are we automatically going to pass on his Honor the Mayor's budget of \$64,000,000? I recall a time back in 1939 when I was chairman of the Committee on Appropriations. At that time the annual municipal budget was \$42,000,000. There is a terrific increase over your 1939 figures. Yet we have the power, if we only assert ourselves, to reduce this budget. That is our main power. What action do we take on this matter, especially in view of the charges made? I have hopes, sir, your Committee on Appropriations will see fit to get a special appropriation from our Contingent Fund and publicly advertise in every newspaper in Boston that the Committee on Appropriations would like to have all persons interested in bidding on ash contracts come in before the committee and tell the committee at what price they are willing to do the same work that his Honor the Mayor has let out to the favored contractors. We have power today to do that. I say, if your committee does that and ascertains for a fact that the city can accomplish a big saving over the prices that his Honor the Mayor has entered into, then we, as the body charged with the duty of making reductions in the budget when necessary, should reduce the budget or tell his Honor the Mayor we will hold this budget up until the reletting of these contracts is accomplished. This, sir, is a reasonable order. It is merely calling upon your Committee on Appropriations to do something which they are charged with the duty of doing. It is merely reminding them, sir, of something which took place only a month ago and on which I have had occasion to check from outside sources, and I am led to believe, sir, we can do something on behalf of the taxpayers by finding ways of reducing the items for the garbage and ash contracts. I hope, sir, your committee will realize the powers they have vested in them. I hope, sir, that they thoroughly inquire into these ash and garbage contracts with a view of making material reductions.

The order was referred to the Committee on Appropriations.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Strand Daylight Bowling Alleys (referred January 13) for license to operate bowling alleys on the Lord's Day — recommending that permit be granted.

Coun. HANNON—What is the address?

President KELLY—No. 547 Columbia road, Dorchester.

Coun. HANNON—I would just as soon have it held for a minute.

President KELLY—The chairman of the committee withdraws the report.

Coun. LINEHAN—Mr. President, a point of information. I would like to know from the chairman of the Committee on Licenses, are we going to act on the petition referred back last week relative to the Boston Waterways, Inc.?

Coun. COFFEY—Mr. Fairbank was present at the meeting Friday. He has agreed as to the toll after a check is taken on all cabs used in the Sumner Tunnel. The check-up is to be today, tomorrow, and Friday. We are also getting a ruling from the Law Department as to whether or not we can put a clause in there asking Mr. Fairbank at no time to ask that the Northern Avenue drawbridge be opened, an agreement which Mr. Fairbank made. Then we told Mr. Fairbank action would be taken a week from today. He agreed to that, also.

RECESS.

On motion of Councilor Sullivan, the Council voted to take a recess at 4.10 p. m., subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 5.30 p. m.

REPORT OF EXECUTIVE COMMITTEE.

Coun. HURLEY, for the Executive Committee, submitted the following:

1. Report on order (referred today) that appointment of William F. O'Connell as substitute stenographer-clerk for Alfred C. Holland be approved—recommending that order pass.

The question came on the acceptance of the report of the committee. The report was accepted. Coun. MUCHNICK—Mr. President, could I have the order read?

(The order was read.)

Coun. MUCHNICK—Mr. President, at the outset let me make it clear I have absolutely nothing against this particular individual named in this order. I understand he works in the Election Department, so the chances are I know him. I do not connect that particular name with any par-

ticular face in that department. This is purely, as far as I am concerned, a matter of the proper procedure for the Council to follow. In my opinion, we do not need to have another job filled, and because of that I do not think we ought to take advantage of the fact a temporary vacancy occurred to give patronage when patronage is not needed and at a time when the City of Boston can very well pull in its oars and cut down here and there in order to save expenses. Assuming that this job would have to be filled, and I am assuming that for the moment only for the sake of argument, I understand from the discussion that went on in the Executive Committee that this applicant in particular does not know how to do stenography, and this job calls for a stenographer. If it calls for a stenographer, we should hire a person equipped with that knowledge. Now I suggested in the other room when we were in Executive, and I suggest again here now, let us lay this matter aside and let it ride for three or four or five weeks. Let us see if the work of the Council or the running of the City of Boston is in any way interfered with or delayed by the fact that this job is not filled. If at that time we can see any hindrance in the progress of the work of the Council or anything that in any way interferes with the proper functioning of the City of Boston, then will be ample time for us to talk about filling the job. But until such time as we learn that, it seems to me we owe a duty not necessarily to giving a job to somebody who might need one, because there are hundreds and perhaps thousands of people who could be employed by us if that were the only test. We owe our duty to the taxpayers of the city not to spend their money foolishly. We owe it to them to save as much money for them as we can so that it can be used in the proper channels. I move, Mr. President, that this matter lie on the table.

President KELLY—There is no debate.

The question came on the motion to lay on the table, and it was not a vote. Councilor Bayley doubted the vote and asked for a roll call. A sufficient number of councilors having joined him, the clerk called the roll. The motion to lay on the table was defeated, yeas 5, nays 9:

Yeas—Councilors Bayley, Bryan, Chase, Keenan, Muchnick—5.

Nays—Councilors Coffey, Hurley, Kelly, Lane, McCormack, Moriarty, Russo, Scannell, Sullivan—9.

Coun. COFFEY—Mr. President, my views are entirely the opposite to the view taken by the councilor who has just spoken (Councilor Muchnick). In my opinion, we definitely need another employee in the Boston City Council. I never met this gentleman. I think a mistake has been made in that he has not been introduced to the members of the Council, so we would know we had one more employee in our department here. In fact, we have lost Al Holland, a fellow we all liked and admired. He was a good worker. It is going to take a pretty good man to fill Al's place. From what I heard from Councilor Sullivan and Councilor Lane, who know the gentleman and know that he was on the job in the Election Department, he is a man who has had experience in City Hall. I think he will know the wants of the City Council. I think he will be able to fill Al's shoes in a very short time. This man took up typing to better himself, and he took up shorthand. He even went so far as to go back to school for a period. Even after he came back from the service he saw fit to take extra training under the G. I. Bill of Rights. I hope that the order is passed. I want it stated for the press, if the press was taking the statement of Councilor Muchnick, in my humble opinion the Boston City Council needs another employee to take the place of Al Holland.

Coun. BAYLEY—Mr. President, I hope the order will not pass today. We can have sufficient time to consider it thoroughly. I have not been shown the need of an additional employee. I would like to let this go for a month or so. If the work is overburdening the employees we have now, we can decide then we need another employee. I have heard no evidence that we need another employee. This man cannot do shorthand. There is a question of how good a typist he is. The man he replaces was a good shorthand man and a typist. If there is need of an employee, we have not been convinced this is the best man. Is this another private sale? Are we going to get the best man we can get? Let us leave it open and see who else will take the position at the big salary of \$2,700. Let us see if we can get a man to type and take shorthand, and get the best man possible. Let us see if civil service has a good man for the job. I am not convinced. I do not believe in private sales. I believe in getting the best man. I am not convinced we need another man. It is the first time we ever heard a new man was going to be brought before us. If he is the best man we can get, let us consider it. I do not believe he should be paid a salary over that which some others have been getting over a long time. I am not going to throw the people's money away. If we cannot have economy in our own Council, how can we expect to have it anywhere else? The people of Boston are looking to us to see what we can do. If we can achieve efficiency and economy, let us do so. Let us wait and see what disposition is made of this and if this is the best man we can have in Boston.

Coun. SULLIVAN—Mr. President, I do not feel you are going to gain anything by prolonging

this. Where the opposition has originally moved to lay this matter on the table, I now move the previous question.

The question came on the previous question, and it was declared voted. Councilor Bayley doubted the vote, and a sufficient number of councilors having joined him, the clerk called the roll. The motion was lost, yeas 4, nays 7:

Yeas—Councilors Hurley, Lane, Kelly, Sullivan—4.

Nays—Councilors Bayley, Bryan, Keenan, Linehan, McCormack, Moriarty, Muchnick—7.

Present—Councilors Chase, Coffey, Russo, Scannell—4.

Coun. CHASE—Mr. President, I wish to be recorded no.

Coun. KEENAN—Mr. President, I doubt the presence of a quorum.

President KELLY—Councilor Keenan doubts the presence of a quorum. The clerk will call the roll.

Coun. SULLIVAN—Mr. President, if a motion is in order, I move, if we adjourn in the doubting of a quorum, we adjourn until 6.45 p. m.

President KELLY—Councilor Sullivan is in order. Councilor Sullivan moves, if we do adjourn, we adjourn to 6.45.

Coun. MUCHNICK—Mr. President, a point of order. If there is no quorum, once it has been doubted, I do not know that we can move to adjourn or recess or suspend for anything.

President KELLY—I am here to uphold the rules of the Council. Councilor Sullivan's motion is in order. The question is on the doubting of the quorum, and the clerk will call the roll. If there is an adjournment, we adjourn to 6.45.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—The Chair will call a recess for five minutes while he studies over the rules.

(Short recess.)

President KELLY—The Chair was in error on Councilor Sullivan's motion. The motion before the Body on which a roll is started to be called is Councilor Keenan's motion doubting a quorum, and the clerk will call the roll.

Coun. SULLIVAN—Mr. President, there is nothing in our rules preventing us, when we adjourn, to adjourn to a specified time. I move that we adjourn until tomorrow afternoon at 2 o'clock.

President KELLY—A quorum is in doubt. There is no other business before the Body. No motion can be accepted.

Coun. SULLIVAN—Mr. President, I refer you to Rule 2.

Coun. MUCHNICK—Mr. President.

President KELLY—Wait a minute.

Coun. SULLIVAN—I will read Rule 2. "Rule 2. A quorum of the city council shall consist of twelve members. If, at the time any meeting is called to order, or if, during a meeting, on a vote on the adoption of a motion or order, or on a point of order raised by a member, a roll call shows less than a quorum present, the president shall declare the meeting adjourned; provided however, before adjournment is declared he may entertain a motion to adjourn to a specified time and said motion may be adopted by a majority vote of the members then present, and a meeting held in accordance therewith, if otherwise valid, shall be a legal meeting of the city council." That is Rule 2, Mr. President, of the rules of the City Council.

President KELLY—What year is that?

Coun. SULLIVAN—It does not make any difference. We carry them on year after year. This is rule book 1945. If there is an error in 1947—

President KELLY—The Chair will have to be governed by the rules for 1946 and 1947.

Coun. MUCHNICK—Mr. President.

President KELLY—Just a moment while Councilor Sullivan studies the rule book.

Coun. SULLIVAN—I do not know when the rules were changed. It seems as though a few words were deleted from our book because, Mr. President, as I told you up there at the chair, they were in the minutes of years past.

President KELLY—Councilor Sullivan, there is no discussion allowed, and a roll call is in order. Councilor Keenan doubted the presence of a quorum, and the clerk will call the roll.

Coun. SULLIVAN—Can we revert back to the roll call previously put before this one? There was a sufficient number.

President KELLY—A councilor may make a motion to doubt a quorum at any time.

Coun. SULLIVAN—Can the Chair declare by the rules of 1947 a ten-minute recess?

Coun. MUCHNICK—Mr. President.

President KELLY—I cannot on a question of a quorum accept any motions. I must act according to the rules. A quorum has been doubted, and the clerk will call the roll. There is no debate.

The roll was called, and there were ten members present, which was less than a quorum, viz.:

Present—Councilors Coffey, Kelly, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—10.

Adjourned at 5.48 p. m., to meet on Monday, February 10, 1947, at 2 p. m.

STREET CAR FARE IN OTHER CITIES.

The following is a list of some of the large cities that have 10-cent cash fare:

Atlanta, Ga., 10 cents, two tokens for 15 cents; Baltimore, Md., 10 cents, four tokens for 35 cents*; Boston, Mass., 10 cents; Buffalo, N. MERCHANT SHIP PRODUCTION.

Merchant vessels built in the United States in 1943 numbered 1,896 with a total deadweight tonnage of 19,239,626, according to a report by Admiral Land, chairman of the Maritime Commission and administrator of the War Shipping Administration. Of these 208, aggregating 2,044,238 deadweight tons, were completed in December. Of the 1943 production, 1,238 vessels were Liberty ships; 70 C-1 cargo ships, 53 C-2 cargo ships; 39 C-3 cargo ships; 5 C-4 cargo ships; 167 tankers; 28 coastal tankers; 57 Liberty tankers; 3 passenger-cargo vessels; 33 coastal cargo ships, including two concrete ships; 16 ore carriers; 27 concrete barges; 46 seagoing tugs; 114 military types, not transports; 53 special types and a considerable number of smaller types, including tugs, barges, etc. Late in 1943, Admiral Land said 2,900 ships were under control of the War Shipping Administration, operated by some 76 general agents of the W. S. A.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GLASSWARE, CUTLERY, AND CHINA TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites bids for furnishing glassware, cutlery, and china, as specified in proposal forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Glassware, Cutlery, and China." There will be a charge of twenty-five cents (\$0.25) for each set of proposals taken out. The bids will be publicly opened and read Monday, February 24, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

INSTITUTIONS DEPARTMENT.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Institutions Department of the City of Boston invites sealed proposals for the extermination of all vermin, including rats and mice, in the entire institution at Long Island, Boston Harbor, for the year 1947, in accordance with specifications. A bond of a surety company in the sum of the entire contract price will be required for the faithful performance of the contract. In their proposals bidders must quote rate per month. Only proposals obtained at the office of the Commissioner of Institutions of the City of Boston, 1109 City Hall Annex, signed by the bidder and left before 12 o'clock noon of Tuesday, February 25, 1947, at the office of the Commissioner with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before 12 o'clock noon on the date given above for receiving proposals. The successful bidder will be required to provide by disbursement for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws of the Commonwealth. Compensation law so entitled to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. Proposals are to be addressed "Proposals for Extermination of Vermin, Institutions Department." The Institutions Commissioner reserves the right to reject any and all proposals.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO ROADWAY OF WARREN BRIDGE OVER THE CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to roadway of Warren Bridge over the Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairs to Roadway of Warren Bridge over the Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, February 25, 1947, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Feb. 15.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING STIMSONITE REFLECTOR BUTTONS TO THE BOSTON TRAFFIC COMMISSION.

The Supply Department of the City of Boston invites proposals for furnishing Stimsonite reflector buttons to the Traffic Commission as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Stimsonite Reflector Buttons."* There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. The bids will be publicly opened and read Tuesday, February 25, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, FEBRUARY 22, 1947.

No. 8

ACTING MAYOR JOHN B. KELLY, SUBSTITUTING FOR MAYOR CURLEY, DELIVERS WELCOMING ADDRESS AT FANEUIL HALL UPON OCCASION OF JOINT OBSERVANCE OF BIRTHDAYS OF WASHINGTON AND LINCOLN — URGES CITIZENS TO MAKE PART OF DAILY LIFE THE PRINCIPLES FOR WHICH THESE HEROES STOOD AND UPON WHICH THE UNITED STATES WAS FOUNDED AND WHICH KEEP THIS COUNTRY GREAT AS WELL AS A LEADER IN WORLD CIVILIZATION — CALLS FOR PEACE AND HARMONY THROUGHOUT THE WORLD, THAT FELLOW MEN AND NATIONS ALIKE MAY ACHIEVE THEIR DESTINIES.

Acting Mayor John B. Kelly's address at Faneuil Hall on Sunday, February 16, reads as follows:

Mr. Chairman, Your Excellency, Governor Robert F. Bradford, Bishop Nash, Monsignor Phelan, Distinguished Guests, Ladies and Gentlemen.

It is a pleasure for me as the Acting Mayor of the City of Boston to extend to you a word of welcome here during these joint exercises honoring, as we do each year, two men who have gone down in the pages of history as probably the greatest Americans ever to have lived.

It is particularly fitting that Boston hold ceremonies honoring these men each year, for, as you know through your study of history, it was here in our beloved city that that momentous struggle began, the outcome of which was — American independence, the organization of these United States, and the creation of a democracy dedicated to the principles of government of the people, by the people, and for the people, and the doctrine of equality expressed in civil, political, and religious liberty.

George Washington, as you know, had one of the most unique roles in the beginning of the struggles for the independence of our country during the Revolutionary War, and also for the beginning of our great form of government, which is a result of the wisdom of Washington and the wisdom of other able men who surrounded him at that time. His and their ability, in winning the war against overwhelming odds with a poorly fed, poorly clothed, and negligibly equipped army, will live forever on the pages of our history books as one of the most inspiring stories in the history of our great nation. He played a unique role in the formation of the type of government which we enjoy in this country, and which, after 171 years of existence, has proven itself to be the finest form of government in the world and has also caused our country to become the most powerful nation in the world.

Boston's Leadership.

Indeed, it is fitting that Boston commemorate with exercises such as these the memory first of George Washington, for was it not here in Boston where were hung the lanterns in the Old North Church which sent Paul Revere on his famous ride that made possible the firing of the shot at Lexington Green that was, to quote the poet — "heard round the world."

The history of Boston is synonymous in its courage and vision in those days of yore with the courage and vision and ability and strength and the determination of George Washington. Washington is the symbol of all those men who dared and died, or were willing to die if need be, that this nation might have its birth. We should, in honoring his memory, as we do here today, lift our eyes and our hearts in prayer to Almighty God for having given to us during the most important period in the history of our beloved nation a leader with such magnitude, such courage, such vision, such strength, such determination, and such faith in the ideals which he so fully believed in and loved.

Before concluding my remarks with regard to Washington, I would like to call your attention, if I may, to his belief in the brotherhood of men. This can be particularly brought out this evening, for today, as you are probably aware from reading the papers, begins American Brotherhood Week. Brotherhood Week is extremely important, for within the meaning of brotherhood and the understanding of our fellow men, the understanding of the other nations of the world, lies the only true pattern for peace.

I will leave this brief résumé on Washington with his famous words — "Harmony and good will towards men are the basis of every establishment."

(Continued on page 251.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 24, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquises, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending February 15, 1947.
Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 200; nonresidents, 36; total, 236.
Death rate per 1,000 of population: All deaths, 16.01; nonresidents deducted, 13.57.

Death rate per 1,000 of population:

Last week, 14.59; corresponding week last year, 17.17.

Deaths by age periods, sex, etc.: Under one year, 18; one year to four years, inclusive, 5; sixty years and over, 146. Total deaths: Male, 126; female, 110; deaths in hospitals and institutions, 138.

REPORTABLE DISEASES: CASES AND DEATHS.*

DR. JOHN H. CAULEY, HEALTH COMMISSIONER, WARNS AGAINST DIPHTHERIA—SPEAKS AT MEETING OF CITY AND STATE HEALTH OFFICIALS, CALLING ATTENTION TO GROWTH IN NUMBER OF VICTIMS, AND CHARGES PARENTS WITH DUTY OF SEEING THAT CHILDREN ARE INOCULATED IN INFANCY TO CHECK DISEASE.

"Every child in Boston must receive protective treatment against diphtheria," said Dr. John H. Cauley, Health Commissioner of Boston, at a meeting of city and state health officials held at the Haymarket Square headquarters building. "There have been forty-seven cases of diphtheria reported to date this year, more than one a day. If we were to continue at this rate, there would be almost 400 cases during the year. These cases can be prevented and must be prevented. Parents have the great responsibility of making certain that their children receive inoculations with diphtheria toxoid in infancy and booster doses at intervals during childhood."

Immediate and concentrated action to stem the increase in diphtheria was agreed upon by Dr. John H. Cauley, Boston Commissioner of Health; Dr. James A. Keenan, Director of School Hygiene of the Boston Public Schools; Dr. Abraham D. Rubenstein, Health Officer of the North Metropolitan District, Massachusetts Department of Public Health; Dr. Morris Prizer, Boston City Hospital; Dr. Frederick J. Bailey, Deputy Commissioner of Communicable Disease, Boston Health Department, and Dr. George Kahn and Dr. Morris Davidow, Medical Inspectors of the Boston Health Department.

At six months of age, every child should be given protective treatment. Diphtheria, while it strikes at all ages, is particularly dangerous to the very young. Many cases occur below five years of age, and mortality rates are highest in these early age groups. Booster doses, or single injections of diphtheria toxoid, need to be given every three years to maintain protection at a high level.

"Our recent experience in the Charlestown section of Boston," said Doctor Cauley, "proves the need and value of booster doses." In 1946, one third of the total cases and one half of the deaths from diphtheria reported in the city occurred in this section, which has but one thirtieth of the population of the city. During the first week of January, Schick tests were given to over 1,800 children and adults. A Schick test does not protect against diphtheria. It merely shows whether or not the individual tested has adequate immunity. The results of the Charlestown tests proved conclusively that adequate protection against diphtheria was obtained only from inoculations with diphtheria toxoid early in infancy, followed by booster doses at three-year intervals thereafter.

A campaign for diphtheria immunization is starting immediately on a city-wide basis as a result of this meeting where the advice and experience of health experts was pooled. Family physicians provide diphtheria inoculations, and parents are urged to obtain these protective treatments immediately. The Boston Health Department also furnishes these inoculations at the Health Units and clinic stations throughout the city.

School children will be given an opportunity to receive a booster dose at school. There is no reason why any child should be unprotected against diphtheria. The danger from this disease is present now. Act immediately.

ACTING MAYOR JOHN B. KELLY PAYS TRIBUTE TO MEMORY OF WASHINGTON AND LINCOLN.

(Continued from page 249.)

TRIBUTE TO LINCOLN.

We honor not only the Father of our Country here today, but also the man who has gone down in history as the Saviour of our Country, the man who took unto himself the task of eradicating the vicious practice of slavery, where the body and soul of one man was supposedly owned and under the complete power of another man. Our debt to Abraham Lincoln can never be fully repaid, but we must attempt to try and repay it by keeping in mind always that for which he was so willing to fight, that for which he allowed himself to become President, and, as a result of becoming President, sacrificed his life by assassination—namely that, as our Constitution states—*All Men Are Created Free and Equal*.

The tribute to Lincoln which will be read to you later in the program, by Vincent P. Stanton of Boston College High School, will express in the words of Mayor James M. Curley the true character of that outstanding patriot and statesman.

The strength of Lincoln's character, the nobility of his life, his quality of leadership and his courage are incarnate in the hearts and souls of men who have lived in the fourscore years since his passing.

Page after page and book after book have been written regarding the true greatness of this outstanding American, but no mere words can ever fully and adequately express or portray this truly great American, whose belief was that the "House Divided Against Itself Cannot Stand."

So we humbly, as we did in the remembrance of Washington, raise our eyes and our hearts and our minds towards Almighty God, who has blessed our nation in so many numerous ways since its birth up to the present time, for having given unto us during the time which has proven to be the most critical period in the history of our United States a leader with courage.

Mere words, however, rendered on an occasion such as this are not sufficient to properly express our love and devotion for all the things these two men stood for, but, rather, we must inculcate into our everyday living these principles which I have had the honor of speaking to you about this afternoon, and by so doing we also will do what these men have done—

we will add to the strength and might and the power and the honor and the glory of our nation—and in so doing we will live in peace and harmony with our fellow men and other nations of the world; in so doing, by our efforts, we will be blessed by God and, when called upon to give an accounting of our stewardship, we will find the gateways of Heaven swung open to us, as they were to them for their efforts on behalf of their God and ours and their fellow men and ours.

MAYOR CURLEY APPEALS TO CITIZENS OF BOSTON IN AID OF RELIEF FOR GREECE.

The following announcement is released on advice of his Honor the Mayor James M. Curley:

"It gives me a deep feeling of civic pride, as Honorary Chairman of the Greek War Relief Association for Boston, to dedicate Sunday, February 16, 1947, as Greek War Relief Association Day, marking the start of a campaign to raise funds for rehabilitation of the gallant people of war-torn Greece.

"Throughout my life I have always held the highest admiration for the people of Ancient and Modern Greece. Their culture, refinement and fundamental ideals of the democratic way of life have been an inspiration to all mankind.

"No country in this world deserves our help, perhaps, more than heroic Greece. Her seven million people gave all they possessed—their homes, their property, even their lives—to stop the Axis during the crucial phases of World War II. We prayed those nights that the thinly-scattered lines of Greek Evzones would hold—would hold long enough for the Western democracies to arm.

"This, the Greeks did. Out of that effort has come an aftermath of famine, suffering, and misery. All America must now help these brave people to survive, for they cannot combat the overwhelming forces of disaster which face them, by themselves alone.

"I am sure the good citizens of Boston will respond generously to the appeal of the local Greek War Relief Committee, 607 Boylston street, Boston 16, Massachusetts, in an hour of dire necessity."

STATEMENT OF MAYOR JAMES M. CURLEY BY AIR MAIL FROM FLORIDA ON NEW HISTORIC LINCOLN DAY.

Although the 138th birthday anniversary of the Great Emancipator, Abraham Lincoln, has now come and gone—and due homage has been paid to his memory here and abroad, I would like to call public attention to the fact that another Lincoln day is coming this year.

Robert Todd Lincoln, who was the last remaining offspring of the martyr President, was, in his own right, an illustrious person. He was born in Springfield, Illinois, on August 1, 1843. He studied law at Harvard, served in the Civil War, was Secretary of War in the Garfield Cabinet, then Minister to Great Britain, and later counsel to, and President of the Pullman Palace Car Company.

Robert was found dead in bed in his home in Manchester, Vermont, on July

26, 1926. He was buried in the National Cemetery at Arlington, Virginia, across the Potomac River from Washington.

Here is the real story. Before he died, he turned over to the United States Government more than 10,000 letters to and from his father, Abraham Lincoln, together with drafts of state papers, pamphlets, and newspaper clippings—to be kept sealed in the Library of Congress until twenty-one years after the donor's death.

The twenty-one years have now expired. On July 26, 1947, the seal on these most historic letters, papers and documents will be broken in the Library of Congress. A new Lincoln day will have dawned. A hitherto unknown chapter of Lincolnia will be opened.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HOSPITAL DEPARTMENT.

General Division.

For the week ending December 31, 1946:

The following weekly nurses have been appointed:

Permanent.—Frances L. Connors, 672 East Eighth street, Carolyn Crehan, 6 Loring street, floor nurses, \$1,600 a year.

Temporary.—Loretta Kelly, 5 Hardy street, floor nurse (temporary), \$1,600 a year.

The services of the following employees have been terminated:

South Department.

Permanent.—Dr. Maurice Keller, 745 Massachusetts avenue, assistant physician, \$1,500 a year; Katherine Harkins, Julia F. Sullivan, 745 Massachusetts avenue, hospital laundry workers, \$20 a week; Ethel J. Rosenberg, 606 Harvard street, head nurse, \$1,880 a year.

The following special nurses have been employed at \$7 a day:

Mary Cronin, 11 James street, 1 day; Georgianna Esa, 132 West Concord street, Annette Romano, 9 Nancia street, 5 days.

For the week ending January 7:

The following weekly nurses have been appointed:

Permanent.—Mary Innocente, 29 Worcester square, Shirley Parker, Everett, Natalie Butera, 14 Pembroke street, Irma Iannitelli, 37 Forest Hills street, Amelia Doyle, 34 Worcester square, floor nurses, \$2,000 a year; Margaret Fitzpatrick, floor nurse (military substitute) to floor nurse (permanent), \$2,100 a year.

Temporary.—Sheila Hulme, 384 K street, floor nurse, \$2,000 a year; Mildred Sullivan, 140 Adams street, floor nurse, \$1,600 a year.

The following special nurses have been employed at \$7 a day:

Isabel Bazin, 4 Regina road, 3 days; Georgianna Esa, 132 West Concord street, 7 days; Marie Marotta, 251 Washington street, 3 days; Leonora Porreca, 29 St. Albans road, 2 days; Annette Romano, 9 Nancia street, 7 days.

DEPARTMENT CHANGES.

(Continued from page 255.)

senior hospital kitchen worker at \$25.50 a week and maintenance.

Sally Jenkins, 15 Hollingsworth street, Mattapan from general duty nurse (registered graduate) at \$1,902.50 a year to surgical nurse at \$2,022.50 a year.

Thomas L. Lomasney, M. D., 249 River street, Mattapan, from fourth assistant resident medical officer at \$1,820 a year and maintenance to third assistant resident medical officer at \$2,320 a year and maintenance.

INSTITUTIONS DEPARTMENT.

George R. Egan, 672 La Grange street, West Roxbury, from deckhand, permanent, inland mate, temporary, at \$2,800 a year to captain, permanent at \$3,200 a year.

OVERSEERS OF PUBLIC WELFARE.

Winifred Leamon, 1165 Dorchester avenue, Dorchester, from senior clerk and stenographer at \$2,200 a year to acting principal clerk at \$2,300 a year.

Winifred Leamon, 1165 Dorchester avenue, Dorchester, from senior clerk and stenographer at \$2,000 a year to acting principal clerk at \$2,100 a year.

PUBLIC BUILDINGS DEPARTMENT.

Carl W. Jansen, 22 Oakdale street, Jamaica Plain, from laborer at \$38.76 a week to junior custodian (building) at \$38.76 a week.

PUBLIC WORKS DEPARTMENT.

Joseph Colahan, 73 Bynner street, Jamaica Plain, from transitman, Grade II, at \$2,500 a year to temporary junior engineer, Grade III, at \$2,700 a year.

Coleman Hernon, 14 Moseley street, Dorchester, from laborer at \$38.78 a week to blacksmith at \$44.76 a week.

Thomas F. Walsh, 451 Talbot avenue, Dorchester, from chauffeur-laborer at \$41.76 a week to assistant machinist at \$41.76 a week.

Charles Calnan, 23 Woodward Park street, Dorchester, from deckhand at \$40.26 a week to temporary quarter-master-pilot at \$49.68 a week.

The Mayor has approved the following transfer:

PENAL INSTITUTIONS DEPARTMENT.

Edward L. Driscoll, 19 Corregidor court, Roxbury, from Massachusetts Department of Correction, Norfolk Prison Colony, as officer at \$2,250 a year and maintenance to Penal Institutions Department, House of Correction, as officer at \$2,250 a year and maintenance.

The Mayor has approved the following leaves of absence:

PUBLIC WORKS DEPARTMENT.

Milton H. Arnstein, 140 Warren street, Roxbury, laborer, \$38.76 a week.

John H. Logue, veteran, 51 Pontiac street, Roxbury, clerk, \$1,700 a year.

James A. Cullinan, veteran, 603 East Fourth street, South Boston, laborer, \$38.76 a week.

James G. Driscoll, veteran, 47 Farragut road, South Boston, laborer, \$38.76 a week.

CHANGE OF RATING.

PUBLIC WORKS DEPARTMENT.

The Mayor has approved the change in rating and compensation requested in the following letter:

BOSTON, January 13, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—William C. Bayer and Lawrence J. McLaughlin are employed as permanent electricians in the

Sewer Division. Mayor Kerrigan approved for each a change in compensation from \$7 a day to \$2,200 a year plus \$200 E. C. A., in both instances, also an immediate increase of \$100 a year, making their salary \$2,300 a year plus \$200 E. C. A., and a step-rate increase of \$100 per year until a maximum salary of \$2,500 was reached.

Because of an error, made by the Sewer Division, both employees have been paid \$2,200 a year plus \$200 E. C. A., from May 2, 1945, to December 31, 1946, instead of \$2,300 a year plus \$200 E. C. A., to which they were entitled.

This error was not discovered until the Sewer Division schedule of recent increases was sent to Civil Service which showed a change in compensation for both Bayer and McLaughlin from \$2,200 to \$2,600 a year, whereas their records showed them receiving \$2,300 a year previous to the increase.

To currently correct this error your approval is respectfully requested for an increase in compensation, as of January 1, 1947, for William C. Bayer, 70 Woodrow avenue, Dorchester, and for Lawrence J. McLaughlin, 8 Berwick street, West Roxbury, from \$2,600 to \$2,700 a year, the same as received by electricians employed in the Tunnel Service.

Respectfully yours,

ROBERT P. CURLEY,

Commissioner of Public Works.

VETERANS' RETIREMENT.

The Mayor has approved the following applications for Veterans' Retirement:

Edward L. Barry, 637 Dudley street, Dorchester, pay roll clerk in the Headquarters Division of the Fire Department.

Michael J. Scully, 185 Westville street, Dorchester, gardening laborer in the Cemetery Division of the Park Department.

Edmond J. Miles, 1558 Centre street, West Roxbury, assistant civil engineer in the Water Division of the Public Works Department.

Joseph M. Coffey, 3228 Main street, Springfield, laborer in the Highway Division of the Public Works Department.

Martin J. O'Malley, 58 Percival street, Dorchester, teamster-laborer in the Sanitary Division of the Public Works Department.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing bath towels to certain Boston public schools; hand towels to administrative offices; and gowns and aprons to Boston public school cafeterias. Bids, opened Friday, December 16, 1946, were received from the following concerns:

Bell Linen Service, Inc., Elk Laundry, Inc., Federal National Linen Service Company.

Award was made to the lowest responsible bidder in accordance with

specifications and standards, and contract was awarded as follows:

January 6, 1947, Bell Linen Service, Inc., 7 cents per bath towel.

January 6, 1947, Elk Laundry, Inc., 8 cents per hand towel for offices.

January 6, 1947, Federal National Linen Service Company, 40 cents per gown; 13 cents per apron.

The School Committee has approved proposals for furnishing oxygen, acetylene and calcium carbide for Boston public schools. Bids, opened Thursday, December 5, 1946, were received from the following concerns:

Air Reduction Sales Company, Linde Air Products Company, New England Gas Products, Inc.

Award was made to the lowest responsible bidders in accordance with specifications and standards, and contract was awarded as follows:

December 16, 1946, New England Gas Products Company (oxygen acetylene), \$753.20.

January 8, 1947, Air Reduction Sales Company (calcium carbide), \$364.

SUPPLY DEPARTMENT.

Upon January 23 the Mayor approved contracts as sought in the following letter:

BOSTON, January 21, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Attached is list of bids on proposals for furnishing hay, grain and feed to the various city departments for the months of February and March, 1947, which were publicly opened and read at this office on January 16, 1947.

I would respectfully request that permission be granted me to award contracts to the lowest bidders as indicated, with the following exceptions:

On Item 4 calling for poultry feed and Item 10 calling for cow feed, I would respectfully request permission to award these two items to William Culkeen & Sons, the second lowest bidder, for the reason that the lowest bidder on these two items is bidding on a brand of feed which has never been used before and this department has no information regarding the quality of this particular feed. The second lowest bidder is bidding on the Flory feed which is acceptable to Deer Island and has been used by them in the past.

Items 1, 2, 3, 8 and 9 have been canceled by Deer Island as they have no need for these particular items at the present time.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1.—No bid.

Item 2.—No bid.

Item 3.—No bid.

Item 4.—John J. White Company, \$3.75; William Culkeen & Sons, \$3.375*; American Flour Company, \$3.205; Thomas F. Culkeen, \$3.39; Curley Grain and Fuel Company, \$3.75.

Item 5.—John J. White Company, \$1.72; Louis E. Page, \$1.67*; William Culkeen & Sons, \$1.80; Curley Grain and Fuel Company, \$1.84.

Item 6.—John J. White Company, \$3.34; William Culkeen & Sons, \$3.79; American Flour Company, \$3.45; Thomas F. Culkeen, \$2.96*; Curley Grain and Fuel Company, \$3.29.

Item 7.—John J. White Company, \$1.37*; William Culkeen & Sons, \$1.45; American Flour Company, \$3.45; Curley Grain and Fuel Company, \$1.37.

Item 8.—No bid.

Item 9.—No bid.

Item 10.—John J. White Company, \$3.75; William Culkeen & Sons, \$3.375*; American Flour Company, \$3.205; Curley Grain and Fuel, \$3.75.

Item 11.—John J. White Company, \$1.72; Louis E. Page, \$1.67*; Curley Grain and Fuel, \$1.84.

Item 12.—John J. White Company, \$1.63; Louis E. Page, \$1.62; William Culkeen & Sons, \$1.60*; Curley Grain and Fuel, \$1.64.

Item 13.—John J. White Company, \$3.35*; William Culkeen & Sons, \$3.435; Curley Grain and Fuel, \$3.39.

Item 14.—John J. White Company, \$1.63; Louis E. Page, \$1.62; William Culkeen & Sons, \$1.60*; Curley Grain and Fuel, \$1.59.

Item 15.—John J. White Company, \$3.35*; Curley Grain and Fuel, \$3.39.

Item 16.—John J. White Company, \$2.45*; Curley Grain and Fuel, \$2.69.

Item 17.—John J. White Company, \$1.72; Louis E. Page, \$1.62*; Curley Grain and Fuel, \$1.69.

Item 18.—John J. White Company, \$3.35*; Curley Grain and Fuel Company, \$3.44.

Item 19.—John J. White Company, \$1.37*; Curley Grain and Fuel Company, \$1.44.

Item 20.—John J. White Company, \$2.75; Curley Grain and Fuel Company, \$2.49.*

Item 21.—John J. White Company, \$1.67; Louis E. Page, \$1.62; William Culkeen & Sons, \$1.60*; Curley Grain and Fuel Company, \$1.67.

Item 22.—John J. White Company, \$3.35*; William Culkeen & Sons, \$3.435; Curley Grain and Fuel Company, \$3.44.

Item 23.—John J. White Company, \$2.70; Curley Grain and Fuel Company, \$2.49.*

Item 24.—John J. White Company, \$19.75*; Curley Grain and Fuel Company, \$23.

Item 25.—John J. White Company, \$10.50*; Curley Grain and Fuel Company, \$10.99.

Item 26.—John J. White Company, \$3.50; Curley Grain and Fuel Company, \$3.14.*

Cash Discount, Ten Days.—John J. White Company, 1 per cent; Louis E. Page, 1 per cent; William Culkeen & Sons, 1 per cent; American Flour Company, net; Thomas F. Culkeen, 1 per cent; Curley Grain and Fuel Company, 1 per cent.

Brand of Poultry Feed.—John J. White Company, Purina; Louis E. Page, no bid; William Culkeen & Sons, Flory; American Flour Company, Arcady; Thomas F. Culkeen, no bid; Curley Grain and Fuel Company, Beacon.†

Brand of Cow Feed.—John J. White Company, Purina; Louis E. Page, no bid; William Culkeen & Sons, Flory; American Flour Company, Arcady; Thomas F. Culkeen, Flory Golden Flo; Curley Grain and Fuel Company, Beacon.†

Remarks.—Curley Grain and Fuel Company, † Crystal, \$5 per ton less.

* Contract awarded.

† Requisitions for poultry feed have been canceled since this bid was advertised.

Upon January 23 the Mayor approved a contract with the Dwinnell-Wright

Company for furnishing 6,000 pounds unground coffee at 33 cents per pound to Deer Island and Suffolk County Jail from February 1, 1947, to June 30, 1947. The total amount of the award was \$1,980 with a 2 per cent cash discount for payment in ten days.

Bids, opened January 21, were as follows:

4,000 Pounds Unground Coffee for Deer Island, Per Pound.—J. L. McCormick Company, 32.75 cents; Dwinnell-Wright Company, 33 cents*; Delano, Potter & Co., Inc., 34 cents.

2,000 Pounds Unground Coffee for Suffolk County Jail, Per Pound.—J. L. McCormick Company, 32.75 cents; Dwinnell-Wright Company, 33 cents*; Delano, Potter & Co., Inc., 34 cents.

Cash Discount, Ten Days.—J. L. McCormick Company, 1 per cent; Dwinnell-Wright Company, 2 per cent; Delano, Potter & Co., Inc., 2 per cent.

* Contract awarded.

Upon January 27 the Mayor approved contracts as indicated in the following letter:

BOSTON, January 24, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Attached is tabulation of bids on proposals for furnishing X-ray materials to the various city departments which were publicly opened and read at this office on January 20, 1947.

I would respectfully request that permission be granted me to award contracts to the lowest bidders as indicated on the attached sheet with the explanation that, on Items 6, 7, 8, 9, 10 and 11, which items are chemicals used in the development of X-ray films, permission be granted me to award a contract, without further advertising, to the A. A. X-Ray Solutions, Inc., 94 and 96 Shirley street, Roxbury, for the purchase of Ready to Use Chemicals, which is an innovation in chemicals for developing use. These have been accepted by the Boston City Hospital as a definite aid to their work.

The total amounts of the awards will be:

E. M. Parker Company, \$79,890.70;
A. A. X-Ray Solutions, Inc., \$6,543.82;
Total, \$86,434.52.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Parker Company, net; Westinghouse Electric Corporation, Westinghouse X-Ray Division, net.

* Contract awarded.

Upon January 27, the Mayor approved a contract as indicated in the following letter:

BOSTON, January 23, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached is list of bids on proposals for furnishing automobile batteries to the various city departments which were publicly opened and read at this office on January 14, 1947.

The terms of the original proposal called for a period of one year, but in my opinion prices will take a downward revision before the termination date in the proposal, i.e., twelve months.

For this reason, I would respectfully request that permission be granted me to award a contract, without further public advertisement, to the only bidder, the Atlantic Battery Company, at the prices indicated on the attached sheets for a period from February 1, 1947, to July 31, 1947.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Batteries, 6-8 Volts, 15 or 17 Plates, Capacity at 20-Hour Rate Not Less Than 100 Amps., Overall Dimensions.

Item 1. 75 Ten and One Half Inches Long by Seven and One Quarter Inches Wide by 8 Inches High, Each.—Atlantic Battery Company, \$10.61.

Item 2. 25 9 Inches Long by 7 Inches Wide by Nine and One Quarter Inches High, Each.—Atlantic Battery Company, \$10.31.

Item 3. 40 Ten and One Half Inches Long by Seven and One Quarter Inches Wide by 9 Inches High, Each.—Atlantic Battery Company, \$11.90.

Item 4. 15 Nine and One Sixteenth Inches Long by Seven and One Sixteenth Inches Wide by 9 Inches High, Each.—Atlantic Battery Company, \$10.31.

Item 5. 25 Ten and Five Eighths Inches Long by Seven and One Quarter Inches Wide by Nine and One Quarter Inches High, Each.—Atlantic Battery Company, \$11.90.

Item 6. 20 Batteries 9 Inches Long by 7 Inches Wide by Eight and One Half Inches High, 6-8 Volts, 13 or 15 Plates, Capacity at 20-Hour Rate Not Less Than 85 Amperes, Each.—Atlantic Battery Company, \$9.75.

Item 7. 20 Batteries Ten and One Half Inches Long by 7 Inches Wide by 9 Inches High, 6-8 Volts, 15 or 17 Plates, Capacity at 20-Hour Rate Not Less Than 110 Volts, Each.—Atlantic Battery Company, \$13.16.

Item 8. 25 Batteries 13 Inches Long by 7 Inches Wide by 9 Inches High, 6-8 Volts, 17 or 19 Plates, Capacity at 20-Hour Rate Not Less Than 125 Amperes, Each.—Atlantic Battery Company, \$17.40.

Item 9. 15 Batteries Sixteen and Three Quarter Inches Long by Seven and One Quarter Inches Wide by 10 Inches High, 6-8 Volts, 17 or 19 Plates, Capacity at 20-Hour Rate Not Less Than 150 Amperes, Each.—Atlantic Battery Company, \$25.80.

Item 10. 20 Batteries 17 Inches Long by Seven and One Half Inches Wide by 10 Inches High, 12-16 Volts, 13 or 15 Plates, Capacity at 20-Hour Rate Not Less Than 85 Amperes, Each.—Atlantic Battery Company, \$27.81.

Approximate total, \$3,818.05. No standard price list included in this proposal. Unable to know price of batteries not specified in proposal but required from

time to time. One per cent cash discount. Bidding on Atlantic battery. Hard rubber case.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

The Quincy Dry Dock and Yacht Corporation have been allowed to amend the contract for alterations to the motor vessel "James Michael Curley," as follows:

Additions: Supply labor to disconnect and remove for repairs two sets of 8-volt batteries, and reinstall and connect up after repairing, \$84; repair two sets of 8-volt batteries complete, except wood cases, consisting of 29L plates per cell, jars, covers, dual connectors and terminals to match Exide 370 A. H. batteries now in vessel, total weight, 784 pounds, \$403.50; repair compressor motor to prevent heating up, \$28; clean up and remove verdigris from six switchboard panels, \$120; disconnect and remove one relay switch LN-13-LC 32-volt, on generator, furnish new one and install, \$25; disconnect two 32-volt generators from main generator, repair and reinstall, \$158; disconnect and remove one new No. 552, Synchro SS2, 30 volts, Series 53.3 starting control, furnish new one and install for generator, \$62; total, \$880.50. The contractor shall furnish all labor and materials necessary for doing the work set forth in said items, and the city shall allow in full payment thereof the sum set forth therein. Original contract, \$38,820; additions, \$880.50; total amount of contract, \$39,700.50.

The M & R Construction Company has been allowed to amend the contract for erecting a wharf to replace the front wharf, including electrical work, at Long Island Hospital, Boston Harbor, as follows: By striking out in Article II, page 10 thereof, the date of completion appearing therein "December 2, 1946," and substituting in place thereof the date "December 31, 1946."

Construction Units of Boston has been allowed to amend the contract for repairs to Nurses' Home and furnishing cafeteria equipment at the Long Island Hospital, Boston Harbor, as follows:

Addition: Calk the windows at the Nurses' Home, Long Island, on the three sides that have been weatherproofed, for the sum of \$1,250. The contractor shall furnish all labor and materials necessary for doing the work set forth in said item, and the city shall allow in full payment thereof the sum set forth therein. Original contract, \$87,745; addition, \$1,250; total amount of contract, \$88,995.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Kenney Brothers, Inc., has been granted an extension of time for completion of the contract for furnishing and delivering miscellaneous furniture in various schools, approved June 5, 1946. Completion date to be extended from October 5, 1946, to February 28, 1947. This extension is requested for the reason that due to shortage of labor and material contract could not be completed on time.

PUBLIC WORKS DEPARTMENT.

Joseph P. McCabe, Inc., has been granted an extension of time for completion of the contract for removing snow in Area 12, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Hugh Nawn, Inc., has been granted an extension of time for completion of the contract for removing snow in Area 4, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Ward General Contracting Company has been granted an extension of time for completion of the contract for removing snow in Area 9, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Baker & Co., Inc., has been granted an extension of time for completion of the contract for removing snow in Areas 3 and 6, from December 31, 1946, to May 1, 1947. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Construction Units has been granted an extension of time for completion of the contract for repairing the pavement of the Sumner Traffic Tunnel, to January 7, 1947. This extension is requested for the reason that the contractor was delayed in starting work.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of construction of the Boston University Science Building, estimated to be one (1) year, parking of vehicles is prohibited in the following street, effective February 13, 1947:

Granby Street, Boston Proper.

West side, from Commonwealth avenue to a point one hundred and twenty (120) feet northerly.

FIRE DEPARTMENT ORDERS.

General Order No. 17.

I. PROMOTION.

The following promotion, which became effective at 8 a. m., Wednesday, February 5, 1947, is hereby announced:

District Chief Patrick E. Collins, District 2, to deputy chief.

II. TRANSFER.

The following transfer will become effective at 8 a. m., Wednesday, February 12, 1947:

Deputy Chief Patrick E. Collins, from District 2 to Division Headquarters, 72 Warren avenue, Boston.

III. INSTALLATION OF NEW FIRE ALARM BOXES.

In the near future new fire alarm boxes will be installed in the Alsen Village, Veterans Housing Project, Victory road, Dorchester.

12-345, Alsen Village, Victory road and Avenue G.

13-345, Alsen Village, Avenue G, opposite Avenue H.

14-345, Alsen Village, Avenue G, opposite Gibson street.

Box 13-345 will be connected in circuit 39; Boxes 12-345 and 14-345 will be connected in circuit 38.

These boxes should be added to assignment card for Box 345.

IV. CHANGE IN DESIGNATION ON ASSIGNMENT CARDS.

The schoolhouses named below have been discontinued and the auxiliary systems to the fire alarm boxes have been cut out of service. Assignment cards should be corrected as indicated:

Frances E. Willard School.—1673, Rutland and Newland streets (auxiliary) Frances E. Willard School. Delete (auxiliary) Frances E. Willard School.

Frothingham School.—4143, Prospect and Edgeworth streets (auxiliary) Frothingham School. Delete (auxiliary) Frothingham School.

Blackinton School.—6244, Blackinton and Leyden streets (auxiliary) Blackinton School. Delete (auxiliary) Blackinton School.

Capen School.—7424, East Sixth and I streets (auxiliary) Capen School. Delete (auxiliary) Capen School.

Paul Jones School.—6218, Horace and Byron streets (auxiliary) Paul Jones School. Delete (auxiliary) Paul Jones School.

The Bennet School, Chestnut Hill avenue, has been discontinued as a school and has been taken over by the Veterans of Foreign Wars. The fire alarm box, complete with auxiliary system, has been left in service. The assignment cards for this box should be changed to read as follows:

12-5181, Commonwealth Post 1016, V. F. W., 29 Chestnut Hill avenue.

V. FIRE ALARM BOXES DISCONTINUED.

Due to the discontinuance of the Tappan School and the Plummer School, the following fire alarm boxes have been removed from service permanently:

12-6117, Plummer School, Sumner and Lamson streets.

12-6172, Tappan School, Lexington street, near Marion street.

These boxes should be deleted from assignment cards 6117 and 6172.

VI. NEW PAGES FOR G. A. C. ASSIGNMENT BOOK.

New pages numbers 5, 12 and 13 for the G. A. C. assignment book are being issued to the department today. The new pages will replace old pages number 5, 12 and 13 which are to be returned to Headquarters in the envelopes provided on or before Monday, February 17, 1947.

VII. A. D. T. ASSIGNMENT.

The following signal number is to be added to the running cards of the A. D. T. Company in this department:

245, Orrin-Henry Investment Company, Inc., 2097-2115 Washington street and 9 and 11 William street, Boston. (Sprinkler.) Apparatus to respond: Engine 13, Ladder 12, District Chief 8. Nearest box is 2122.

VIII. DROPPED FROM THE ROLLS.

The following named has been dropped from the rolls of the Fire Department, effective as of 8 a. m., Monday, February 10, 1947:

Provisional Fireman Edward J. Kelly, Engine Company 50.

IX. COMMENDATIONS.

Ladderman James A. McNeil of Ladder Company 17 is hereby commended for sounding Box 4143 for a fire on Tufts street, Charlestown, and working at the fire on February 2, 1947, while off duty.

Provisional Fireman William E. McNulty of Engine Company 29 responded to and worked at Box 2482 on February 5, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 18.

I. ASSIGNMENTS OF PROVISIONAL FIREMEN.

The following assignments of provisional firemen, which will become effective at 8 a. m., Wednesday, February 19, 1947, are hereby announced:

Leo G. Bowen to Engine Company 51.

Joseph M. Davenport to Ladder Company 16.

Daniel E. Donovan to Ladder Company 16.

Lawrence P. Kelley to Ladder Company 4.

Arthur L. Jackson, Jr., to Ladder Company 23.

Bernard J. Kennedy to Engine Company 24.

John M. Loughman to Ladder Company 17.

Joseph D. Lydon to Engine Company 39.

Francis A. MacKenzie to Ladder Company 30.

Francis C. McGerity to Engine Company 25.

Julius G. Nemes to Engine Company 30.

John H. O'Neill to Engine Company 25.

John D. Rattigan to Ladder Company 15.

James B. Shields to Ladder Company 17.

Bernard J. Sullivan to Ladder Company 18.

Joseph B. Woods to Ladder Company 18.

II. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, February 19, 1947, are hereby announced:

Lieutenant John J. Coakley, from Engine Company 20 to Ladder Company 29.

Lieutenant Michael J. Camerlengo, from Ladder Company 16 to Engine Company 25.

Ladderman Lloyd V. Langill, from Ladder Company 8 to Engine Company 7.

Ladderman Frank I. Benford, from Ladder Company 13 to Engine Company 27.

Ladderman John C. Kabachus, from Ladder Company 23 to Ladder Company 13.

Ladderman John C. Reardon, from Ladder Company 27 to Ladder Company 8.

Ladderman Walter F. Thurston, from Ladder Company 18 to Ladder Company 8.

Ladderman Stephen S. Sangas, from Ladder Company 11 to Engine Company 29.

Ladderman James V. DiBello, from Ladder Company 2 to Engine Company 5.

Ladderman James F. Sullivan, from Ladder Company 26 to Engine Company 37.

Ladderman Frank J. Galvin, from Ladder Company 7 to Engine Company 17.

Ladderman John J. Crowley, from Ladder Company 7 to Engine Company 17.

Ladderman James J. Burton, from Ladder Company 14 to Engine Company 41.

Ladderman William F. Clancy, from Ladder Company 16 to Engine Company 45.

Ladderman George J. Green, from Ladder Company 16 to Engine Company 45.

Ladderman Thomas F. Meehan, from Ladder Company 27 to Engine Company 46.

Ladderman Franklin E. Lawrence, from Ladder Company 16 to Rescue Company 1.

Hoseman John F. Holland, from Engine Company 22 to Ladder Company 13.

Hoseman John F. Crowley, from Engine Company 9 to Engine Company 5.

Hoseman Thomas J. Hynes, from Engine Company 16 to Tower Company 2.

P. M. S. Walter R. Magoon, from Engine Company 46 to Engine Company 43.

P. F. Stanley W. Zebal, from Ladder Company 16 to Engine Company 45.

P. F. John R. Mullen, from Engine Company 7 to Engine Company 10.

P. F. Walter J. Smith, from Engine Company 40 to Engine Company 44.

P. F. Rodney W. Stratton, from Engine Company 45 to Ladder Company 16.

P. F. Norman L. Mayer, from Engine Company 45 to Ladder Company 16.

P. F. Harry C. Shea, Jr., from Engine Company 45 to Ladder Company 16.

P. F. Thomas E. Connolly, from Engine Company 41 to Ladder Company 14.

P. F. Charles F. Lamb, from Engine Company 17 to Ladder Company 7.

P. F. Bernard E. Farwell, from Engine Company 17 to Ladder Company 7.

P. F. William J. Kelley, Jr., from Engine Company 46 to Engine Company 52.

P. F. John J. Mullen, from Engine Company 46 to Engine Company 52.

P. F. Paul D. Walton, from Ladder Company 13 to Engine Company 22.

P. F. James E. Halpin, from Engine Company 37 to Ladder Company 26.

P. F. Alfred M. McLaughlin, from Engine Company 50 to Engine Company 36.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 19.

I. PROMOTION.

The following promotion, which became effective at 8 a. m., Wednesday, February 12, 1947, is hereby announced:

Engineer David I. Driscoll, Motor Squad, to engineer in charge.

II. RETIREMENTS.

The following retirement, which will become effective at 5 p. m., Friday, February 28, 1947, is hereby announced:

Interior Wire Inspector James A. Douglass, Electrical Inspection Division.

The following retirements, which will become effective at 8 a. m., Saturday, March 1, 1947, are hereby announced:

Lieut. Daniel J. Denehy, Engine Company 45.

P. M. S. John F. Howe, Ladder Company 7.

Interior Wire Inspector Douglass was appointed to the department June 24, 1927. Lieutenant Denehy was appointed to the department October 31, 1924, and was promoted to the grade of lieutenant May 3, 1944. P. M. S. Howe was appointed to the department July 25, 1945. All of the foregoing members leave the department with the best wishes of their associates.

III. DROPPED FROM DEPARTMENT ROLLS.

The following named will be dropped from the department, effective at 8 a. m., February 19, 1947:

M. O. P. Gerald F. Ryan, Engine Company 19.

The foregoing man on probation was appointed to the department while serving in the armed forces of the United States. However, he is now employed in the Boston Police Department and did not request reinstatement in the Fire Department within ninety days after his discharge from the armed forces, as required by statute law.

IV. RETURN TO DUTY FROM THE ARMED FORCES.

The following named who has been serving in the U. S. Navy, returned to duty in the Fire Department, effective at 8 a. m., Monday, February 17, 1947:

Hoseman Arthur E. Brennan, Engine Company 32.

V. TRANSFER.

The following transfer, effective at 8 a. m., Monday, February 17, 1947, is hereby announced:

Hoseman Arthur E. Brennan, from Engine Company 32, to Fire Prevention.

VI. FIRE ALARM BOX DISCONTINUED.

Due to the discontinuance of the Nahum Chapin School, the following fire alarm box has been removed from service permanently:

12-4115, Nahum Chapin School, Winthrop square.

Company commanders shall delete the foregoing box from the assignment card of Box 4115.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SOCIAL WORKER, MARCH 29, 1947.

Last date for filing applications, Monday, March 10, 1947, at 5 p. m.

This examination is open to males and females.

As a result of this examination, eligible lists for the classification of Social Worker will be established for Public Welfare Departments of all cities and towns in the Commonwealth. Certification will also be made from these lists for vacancies in the classification of Welfare Agent in municipalities with a population under 10,000. Certification will be made first from the local lists established in each municipality. In the event no such lists exist, certification will be made from a District list.

Salary: Inquiry should be made at local departments for the salaries paid in the various cities and towns.

Vacancies: From time to time.

Duties: Under supervision, in accordance with well-defined rules and regulations, to determine eligibility and extent of need of applicants and recipients for public assistance and welfare service by investigations and home visits; to make recommendations for assistance and to render, or assist in the utilization of, welfare services; and to perform related work as required.

Examples of Duties: Investigates eligibility and extent of need and develops plans of assistance of applicants for and recipients of public assistance, through interviews, home visits, and inquiries of relatives, employers, and representatives of other social agencies and of the community; obtains documentary evidence pertaining to eligibility and resources of applicants, such as records of birth, marriage, property, monetary resources; assists applicants and recipients in utilizing of other financial, health, and social service resources, and in realizing potentialities for rehabilitation within the family; determines extent of need on a family budget basis according to standards of assistance, rules, regulations, and policies, and makes recommendations as to initial assistance payments and subsequent changes or discontinuances of assistance; advises recipients as to use of, assistance; makes periodic reinvestigations of eligibility and extent of need; writes or dictates and currently maintains complete case records and conducts related correspondence; attends staff meetings and consults with superior in working out plans of assistance; interprets the public assistance program and its limitations to individuals in the community; makes full investigations of the legal settlement status of clients.

Applicants must have an understanding of the causes and problems of dependency and family insecurity, including the economic, social, health, and psychological problems; some understanding of public assistance programs and related laws; some understanding of methods and principles of public assistance case work; some knowledge of social resources; an understanding of attitudes and behavior; an aptitude for dealing with people.

Entrance Requirements: Applicants who have not reached their twenty-first birthday on the date of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Two years of satisfactory full-time paid employment within the last ten years in social case work in a recognized public or private social agency. *Substitutions:* (1) Education in a recognized college or university may be substituted for the specified experience on the basis of two years of education for one year of experience.* (2) Full-time training in a recognized school of social work may be substituted for the specified experience year for year. (3) Satisfactory full-time paid employment within the last ten years in a recognized professional capacity in the fields of social welfare, education, or public health, or satisfactory experience within the last ten years as a member of a local Board of Public Welfare or Bureau of Old Age Assistance who has regularly engaged in the investigation of eligibility and need for public assistance, may be substituted for the specified social case work experience on the basis of two years of such experience for one year of social case work. (4) Satisfactory full-time paid employment within the last ten years in a public assistance agency in clerical work directly related to social case work may be substituted for the specified full-time social case work experience on the basis of three years of such experience for one year of full-time paid social case work experience. Such work must have been on a continuous basis and must have been directly concerned with one or more of the following programs: Old Age Assistance, Aid to Dependent Children, General Relief, Aid to the Blind, or Soldiers' Relief.

In any of the above instances, where experience is required to have been had within the past ten years, credit may be given for such experience prior to the last ten-year period on the basis of two years of such prior experience for one year of such experience within the ten-year period.

*One year of education is equal to thirty semester hours credit or the equivalent in term-hours, quarter-hours, points, majors or courses.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE ENTRANCE, MARCH 22, 1947.

Last date for filing applications, Monday, March 3, 1947, at 5 p. m.

As a result of this examination, eligible lists will be established for all cities and such towns as are classified under civil service.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Duties: The regular duties of a patrolman.

Entrance Requirements: Applicants for the police service for the City of Boston shall be not less than twenty-two nor over thirty-five years of age at the time of filing application. Appli-

cants for the police service of all other cities and towns shall be not less than twenty-one nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Veterans who attain the age of twenty-one on or before the date of examination are eligible for admission to the examination. (See chapter 221 of the Acts of 1946.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440 of the Acts of 1945.)

Applicants for the police service for the City of Boston must be not less than 5 feet 7 inches in height and applicants for the police service of all other cities and towns must be not less than 5 feet 6 inches in height. Applicants must meet minimum weight requirements according to the following table:

Height in inches in bare feet.	Weight in pounds without clothing.
66	135
67	135
68	135
69	135
70	137
71	141
72	146
73	151
74	156
75	161
76	169

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test.

To become eligible applicants must obtain at least 70 per cent in the strength test, but the mark will not be averaged with the educational mark.

The practical questions will be based largely upon information contained in the July, 1946, edition of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 10 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

COLLECTOR OF MILK SAMPLES, BOSTON HEALTH DEPARTMENT, MARCH 15, 1947.

Last date for filing applications, Monday, February 24, 1947, at 5 p. m.

Salary: Minimum, \$39.84 a week; maximum, \$45.84 a week.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To collect samples of milk, butter, oleomargarine, vinegar, and ice cream for chemical and bacteriological examination; to make sanitary inspection of conditions under which such products are sold, and to determine if persons selling them are licensed as required; to give testimony in court in

prosecutions for violations of the law; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or who have passed their forty-fifth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after the date of honorable discharge. (See chapter 440, Acts of 1945.)

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

BOOKKEEPER-CLERK, LONG ISLAND HOSPITAL, BOSTON INSTITUTIONS DEPARTMENT, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: \$1,400 a year and maintenance.

Vacancies: At present there is one vacancy, to be filled on a permanent basis.

Duties: To keep records of patients' cash and valuables using ledger sheets for each patient to record deposits and withdrawals of cash and individual cards to record deposits and withdrawals of valuables, and making journal entries for recording daily deposits and withdrawals; to issue receipts for all cash and valuables received in office; to prepare monthly statements of patients' accounts; to notify relatives of discharged or deceased patients regarding disposition of cash or valuables; to prepare an annual report of unclaimed cash; to keep records of personal telephone charges and board of patients receiving pensions or allowances; to make salary advances to new employees pending certification on pay roll; to cash checks; to keep records and issue reports on contribution for various annual drives such as Community Fund, Red Cross, Salvation Army, etc.; to keep records of keys issued to all employees, obtaining a deposit upon issue and refunding deposit when key is returned; to follow up requisitions from the department from time of receipt from department heads to the time invoices have been approved and filed; to assist the postmaster; to perform routine office work, including typewriting; and to perform related work as required.

A knowledge of accounting principles involved in the handling of accounts and accounts payable is desirable.

Entrance Requirements: Applicants must have at least four years of full-time paid experience in office work. *Substitution:* High school or equivalent education may be substituted year for year for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5. Also a supplementary test in typewriting.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject and in the supplementary test in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 10, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Cantwell and Fish.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments, viz.: Weighers of Goods for term ending April 30, 1947:

John H. Holmes, 43 Burch street, Arlington, Mass.; Edwin H. Fritz, 90 Pearl street, Cambridge, Mass.

Constables without power to serve civil process, and to serve without bond for term ending April 30, 1947, viz.:

Charles J. McGrath, 46 Columbia road, Dorchester, Mass.; Alfred Santosuosso, 33 Thatcher street, Hyde Park, Mass.; and Alfred Blaustein, 23 Fernboro street, Roxbury, Mass., authorized to serve civil process upon filing of bond.

Severally referred to the Committee on Constables and Confirmations.

TRAFFIC LIGHTS AT HUMBOLDT AVENUE AND SEAVER STREET.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commissioner relative to your order of January 27, 1947, concerning the installation of traffic signal lights at the junction of Humboldt avenue and Seaver street, Roxbury.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, January 31, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated January 27, 1947, which reads as follows:

"Ordered, That the Traffic Commissioner be directed by his Honor the Mayor to install traffic

signal lights at the junction of Humboldt avenue and Seaver street, Roxbury."

There are no funds available at this time for the installation of traffic signals at this intersection.

Cable cannot be purchased and General Rose advises that the Supply Department has tried for the past few months to buy from the War Assets Administration without success.

Humboldt avenue and Seaver street is a dangerous intersection, especially for pedestrians and should be signalized when funds and equipment are available.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

SURVEY OF TAXICABS USING SUMNER TUNNEL TO AIRPORT.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commissioner relative to your order of January 27, 1947, concerning the making of a survey of the number of taxicabs using the Sumner Traffic Tunnel going to and from the East Boston Airport.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, February 5, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated January 27, 1947, which reads as follows:

"Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to make a survey of the number of taxicabs using the Sumner Traffic Tunnel going to and from the East Boston Airport."

Attached herewith is survey referred to.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.

Survey of the number of taxicabs using the Sumner Tunnel and the number of taxicabs going to and from the Logan Airport via the Sumner Tunnel during the ten-hour period between 1 p. m. and 6 p. m., Monday, February 3, and 8 a. m. to 1 p. m., Tuesday, February 4.

TIME.	BOSTON SIDE.			EAST BOSTON SIDE.			BOTH DIRECTIONS.		
	To Airport.	To Other Places.	Total Cabs.	From Airport.	From Other Places.	Total Cabs.	To and From Airport.	To and From Other Places.	Total Cabs.

Percentage.....	60.5	39.5	100.0	69.0	31.0	100.0	65.7	34.3	100.0

Peak hour 4 p. m. to 5 p. m. in both directions.
Cabs averaged about one person per trip.
During 10-hour period Sutcliffe's limousines made forty-two round trips.

President KELLY—Placed on file.
Coun. SULLIVAN—Mr. President.
President KELLY—Councilor Sullivan.
Coun. SULLIVAN—I move that last communication be referred to the Committee on Licenses.
Coun. KELLY—Councilor Sullivan moves the last communication be referred to the Committee on Licenses. All those in favor say aye, those opposed. It is referred to the Committee on Licenses.

"MISSION HILL VETERANS' MEMORIAL CIRCLE."

The following was received:

City of Boston,
Office of the Mayor, February 4, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of January 20, 1947, in connection with resurfacing the island on Huntington avenue, at the intersection of Francis street, with colored flagstones, providing a flagpole and new benches thereon, and changing the name of this island to "Mission Hill Veterans' Memorial Circle."

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, January 31, 1947.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I am acknowledging your letter of January 23, regarding the resurfacing of the island on Huntington avenue at the intersection of Francis street with colored flagstones; also, that this island be named "Mission Hill Veterans' Memorial Circle."

The circle in question is approximately 33 feet in diameter. It is of turf built up about 10 inches above the sidewalk. Around the perimeter are benches facing towards the roadways. In the center is a light pole and a sign reading "Hanlon Square," inadvertently, this sign was placed there by the Public Works Department, and the intersection is known as "Brigham Circle," after the hospital adjacent that bears this name.

There is no way in which the circle can be reconstructed and named "Mission Hill Veterans' Memorial Circle." The suggestions cover the removal of the turf, the construction of new benches to face towards the center of the circle, the surfacing of the area with flagstones and the erection of a flagpole in the circle.

In order to construct the area with flagstones it would be necessary to excavate the turf and loam down to the grade of the sidewalk, and unless this was done a 10-inch high step would be necessary

which would tend to be dangerous. The turning around of the benches so as to have them face in, instead of out, would also be very unwise. In a circle of such a small size the benches around the perimeter facing in, would, in my opinion, mean less privacy for the users of the benches as they would be in close proximity to the other sitters and facing them. Certainly, under such conditions it would not be used to attract many female sitters.

The area has been named the "Brigham Circle" in honor of the hospital bearing its name—it has also been named "Hanlon Square"—inadvertently, the proper and true name on record in this department is "Brigham Circle" and to change it would be extremely difficult.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

PURCHASE OF LAND ON BRUCE STREET, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, February 5, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the chairman of the Park Department relative to your order of January 20, 1947, in connection with the possibility of purchasing the lot of land adjoining the present accepted location for a small playground on Bruce street, West Roxbury.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 3, 1947.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of January 23, with inclosure, order from the City Council that the Park Commission consider the possibility of purchasing the lot of land adjoining the present accepted location for a small playground on Bruce street, West Roxbury.

The lot in question has 7,447 square feet. The land in question to be purchased by this department for playground purposes is very necessary. This department controls five lots with the lot in question between two of the lots now owned. Unless this lot containing 7,447 square feet is purchased there will be four lots city owned, then a gap privately owned and then an adjoining lot city owned.

Consideration should also be given to purchasing four in the rear to the northwest containing 16,001 square feet and thus provide suitable depth for a children's playground. At the present time the average depth for a playground is 100 feet. In my opinion this depth is too shallow, but if we could acquire the four other lots we would then have a children's playground with a maximum depth of 200 feet and a frontage on the Veterans of Foreign Wars Parkway.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

PARKING FACILITIES, CITY HOSPITAL VISITORS.

The following was received:

City of Boston,
Office of the Mayor, February 5, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from Mr. Jeremiah F. Sullivan, Acting Executive Director, Boston Housing Authority, received by the Superintendent of the Boston City Hospital, concerning your order of December 2, 1946, relative to parking facilities for visitors at the hospital.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, January 31, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Mr. Connors,—Enclosed is a copy of a communication received from Mr. Jeremiah F. Sullivan, Acting Executive Director, Boston Housing Authority, with regard to the order of the City Council concerning the question of parking facilities for those persons who visit the patients at the Boston City Hospital.

Sincerely yours,
JAMES W. MANARY, M. D.,
Superintendent.

Boston Housing Authority,
10 Post Office Square, Boston.
January 18, 1947.

James W. Manary, M. D., Superintendent,
Boston City Hospital.

Dear Dr. Manary,—Your letter of December 13, 1946, relative to the following order—

"Ordered, That his Honor the Mayor direct the trustees of the Boston City Hospital to provide proper parking facilities for those people who are visiting patients in the hospital and confer with the Boston Housing Authority relative to the use of

the vacant land on Harrison avenue, the property of the Housing Authority, for a hospital parking lot."

has been brought to the attention of the members of this Authority.

It is the opinion of the members that construction will start on this site within the very near future. In view of this fact, it is not deemed advisable to allow the area located in the South End, known as Development Mass-2-6, to be used for hospital parking facilities.

If this area were to be used for a parking area a considerable expense would be involved, and as the area could be used for only a short period of time, this expenditure would not be advisable.

The Authority regrets that it cannot be of assistance to you in this matter.

Very truly yours,

JEREMIAH F. SULLIVAN,

Acting Executive Director for the Authority.

Placed on file.

FORTY-EIGHT-HOUR WEEK FOR FIREMEN.

The following was received:

City of Boston,

Office of the Mayor, February 7, 1947.

To the City Council.

Gentlemen,—I transmit herewith communication from the Fire Commissioner relative to your order of February 3, 1947, concerning the forty-eight-hour week for firemen.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Fire Department, February 6, 1947.

Hon. James M. Curley,

Mayor of Boston.

Attention: Mr. J. Joseph Connors.

Dear Sir,—I am returning herewith to your Honor the attached communication from the City Council as introduced by City Councilor Coffey and attested to by City Clerk John B. Hynes.

Will you kindly inform the honorable members of the City Council that the mandate of the people of Boston who voted a forty-eight-hour week for firemen is being strictly complied with in accordance with the statute which prescribed a forty-eight-hour work week for permanent firemen. The forty-eight-hour week for permanent firemen became effective at 8 a. m., February 4, 1947.

The additional working hours for provisional firemen were established to accelerate their training program and qualify them for permanent positions in the department.

The work week established for the provisional men has been approved by your Honor and certified to by the Corporation Counsel as being within the legal jurisdiction of the Fire Commissioner and complying in every respect with the present statute.

Respectfully yours,

RUSSELL S. CODMAN, JR.,

Fire Commissioner.

Placed on file.

APPROPRIATION FROM CEMETERY FUND INCOME.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1947.

To the City Council.

Gentlemen,—In the preparation of the 1947 budget, provision was made, as in previous years, that \$60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund. Before this income can be utilized, it is necessary that an appropriation be made.

I accordingly submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of \$60,000, the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, February 5, 1947.

Hon. James M. Curley,

Mayor of Boston.

Dear Mr. Mayor,—By vote of the Board of Park Commissioners you are respectfully requested to issue an order on the City Council that the sum of \$60,000 be appropriated from the income of the General Cemetery Fund, to be expended under the direction of the Park Commissioner for Cemetery Division maintenance and improvement. This sum is to be appropriated under the provisions of chapter 117 of the Acts of 1913.

When making up the budget estimates for the Cemetery Division for the year 1947 it was indicated that the amount of \$60,000 could be deducted from the A-1 item (Permanent Employees) if permission was given to use \$60,000 for maintenance and improvement from the General Cemetery Fund.

Respectfully yours,

WILLIAM P. LONG, Chairman.

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of \$60,000 be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended under the direction of the Park Commissioner, for Cemetery Division maintenance and improvement.

Referred to Committee on Appropriations.

UNITED STATES SAVINGS BOND ALLOTMENT PLAN.

The following was received:

City of Boston,

Office of the Mayor, February 7, 1947.

To the City Council.

Gentlemen,—For the past five years, at the request of officials of the United States Treasury Department, the city has been making pay roll deductions for the purchase of United States Savings Bonds. During this period over \$3,000,000 has been deducted from salaries of city and county employees for that purpose. Eight thousand employees are still buying bonds of their government under this plan.

The officials of the United States Treasury Department have urged the continuance of this plan for an indefinite period. It is desirable, in my opinion, to continue to cooperate with the Federal Government in this worthwhile program.

I therefore submit herewith an appropriation order for the continuance for another year of the unit responsible for the handling of these pay roll deductions, and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the sum of twenty-seven thousand dollars (\$27,000) be, and the same hereby is, appropriated, to be expended under the direction of the Mayor, as administrative expenses in connection with the United States Savings Bond Allotment Plan, said sum to be charged to the Contingent Fund when made.

Referred to Executive Committee.

ABSENCE OF MAYOR FROM CITY.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1947.

To the City Clerk,

City Hall, Boston.

Dear Sir,—You are hereby notified of my intended absence from the city from February 8 to February 28, 1947, inclusive.

Very truly yours,

JAMES M. CURLEY, Mayor.

Placed on file.

REVISION OF FEES FOR LICENSES AND PERMITS.

The following was received:

City of Boston,

Office of the Mayor, February 5, 1947.

Statement of His Honor the Mayor.

There has been no general revision of fees for licenses and permits issued by the various departments of the city since 1938.

Believing that many of these fees should be revised upward, I have appointed a Board, on new sources of revenue, to be composed of City Auditor Charles J. Fox, as chairman, City Collector Daniel Donovan, and City Clerk John B. Hynes. The purpose of this Board is to make such recommendations, which result from a study made by the members of the Board, at the earliest possible moment.

Department heads are directed to study the fees in their respective departments, and make the necessary suggestions directly to this Board, which they feel might result in increased revenue.

JAMES M. CURLEY.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

William C. Bayer, to be reimbursed for money due him as employee of Public Works Department, Sewer Division.

Dr. Joseph H. Carey, to be reimbursed for services rendered Harold Wesson, employee of Public Library.

Frances Carney, for compensation for injuries caused by an alleged defect in Camp McKay.

Emil DiNozzi, for compensation for damage to car by fire engine.

Max Franklin, for compensation for damage to car by fire engine.

Green Brothers Realty Trust, to be reimbursed for taxes paid on property not owned by them on Renfrew street.

Garode R. Joyce, to be reimbursed as result of accident which occurred while in performance of duty as employee of Fire Department.

Jennie M. Lopes, for compensation for loss of coat while patient at City Hospital.

Laurence J. McLaughlin, to be reimbursed for money due him as employee of Public Works Department, Sewer Division.

John A. Nagle, to be reimbursed as result of accident which occurred while in performance of duty as employee of Bridge Division.

Packard Pharmacy, Inc., for compensation for damage to property at 46 Maverick square, caused by water being shut off.

St. Paul Fire & Marine Insurance Company, to be reimbursed for payment of loss to Harold C. Blanchard on account of damage to his car by fire apparatus.

Harry Simon, for compensation for damage to car by fire engine.

Temple Drug Company, for compensation for damage to property at 132 Cambridge street, caused by defective sewerage system.

Morris Young, for compensation for damage to property at 132 and 142 Cambridge street, caused by defective sewerage system.

Mary E. and Cecilia A. Donoghue, to be reimbursed for damages by reason of negligence of city in front of 220 and 222 Tremont street.

NOTICE FROM DEPARTMENT OF AGRICULTURE.

Notice was received from the Department of Agriculture re certificate for out-of-state dogs.

APPOINTMENT OF FREDERICK A. DAKIN.

Notice was received from the State Board of Housing that at a meeting on February 3, 1947, Frederick A. Dakin of 11 Ardmore road, Boston, was appointed as the representative member of the State Board of Housing to the Boston Housing Authority, the term ending December 23, 1948.

Placed on file.

ELEVATED SERVICE BETWEEN CITY POINT AND SOUTH STATION.

The following was received:

Boston Elevated Railway Public Trustees,
February 3, 1947.

To the Honorable City Council.

Gentlemen,—As requested by your Honorable Body at a recent hearing, the trustees have considered the question as to whether, with the introduction of an independent car line between City Point and the South Station, with a 5-cent fare without transfer privilege, the service between these two points would be self-supporting, and have instructed me to present to you the result of our study, based on counts for a typical week day on the City Point-South Station and the Army Base-South Station car lines.

The study shows that, with the present 10-cent fare and transfer privilege, income per weekday on these particular lines is \$138.29 in excess of cost of service. That is the income in excess of cost of service credited to these two lines without definite allocation of cost of carrying 8,098 passengers transferring to and from these lines according to length of ride over the entire system.

On the other hand, the study shows that, on the same basis, with a 10-cent fare with transfer privilege on these two lines and an independent 5-cent fare line without transfer privilege between City Point and South Station, the income would fall short of meeting the cost of service by \$80.16 per weekday.

The riding on these lines varies slightly each day, but not sufficiently to materially affect the result shown by the study.

The study indicates that the introduction of such an independent car line between City Point and the South Station would result in a reduction in revenue and an increase in operating costs which would convert the present excess of revenue over cost of service of \$138.29 per weekday (without definite allocation of cost of carrying transfer passengers according to length of ride over the entire system) to a loss of \$80.16 per day.

A simple check on the problem is the fact that, during the calendar year 1946, we carried 433,004,952 revenue passengers, the total wage cost charged to operating expenses was \$23,122,763.31, and the wage cost per revenue passenger, with no allowance for other operating expenses or for fixed charges, was 5.34 cents.

Very truly yours,

EDWARD DANA,

President and General Manager.

Placed on file.

REPORT OF COMMITTEE ON PARKS AND PLAYGROUNDS.

Coun. BAYLEY, for the Committee on Parks and Playgrounds, submitted the following:

Report on resolve (referred February 3) that City Council is opposed to enactment of House Bill 768, authorizing the city to sell Dorchester park in Wards 16 and 17—that same ought to pass.

The report was accepted, and the question came on the passage of the resolve.

Coun. BAYLEY—Last Friday, the committee held a public meeting on this matter at which everybody who attended was in favor of the resolve and was opposed to House Bill 768. There were many representatives there of various organizations. Father E. Ambrose Gallagher of St. Gregory's Parish was there. I received letters from one or two other Fathers. Representatives of Legion Posts and veterans' organizations were there, all in favor of the resolution, against House Bill 768. At that time it was brought out that this park is serving approximately 500 children each day. It is a going concern, and it is the feeling of your committee that no land should be sold which is now being used for playgrounds in the City of Boston. From all the testimony we received, that still is used by the City of Boston and at certain times of the year every part of it is in use, especially during the summer months. We think it is poor policy to authorize public or private or any other kind of sale of land now used by the Park Department and which is used for the children of Boston. It was brought out if this land were sold there was no other playground nearby, although there are four schools in the near vicinity. If that land were sold, other land should be bought and playgrounds erected to take care of the children in this district. I hope this resolve is passed.

Coun. CHASE—As co-sponsor of the order I join with the councilor from Dorchester (Councilor Keenan) because I not only feel strongly against the sale of playground property, but I feel strongly against his Honor the Mayor selling this land to private interests at private sale when those private interests in turn can turn around and resell it at a higher price. Under the terms of the bill, sir, that is exactly what could happen. With that in mind, sir, and in view of the Finance Commission's prior report concerning the Mayor's private sales, I feel it is for the best interest of the city for the Council to go along in opposition to this bill. I trust, sir, your Body as a whole will oppose the measure.

The resolution was passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Strand Daylight Bowling Alleys to operate bowling alleys on the Lord's Day—that permit be granted.

Report accepted; permit granted under usual conditions.

REQUESTED REMOVAL OF POLICE COMMISSIONER.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request information from Governor Bradford as regarding the removal of Police Commissioner who is over seventy years of age.

Coun. COFFEY—Mr. President, briefly on this and not going into the details of Police Commissioner Sullivan as a Police Commissioner and his official duties, I think now that Commissioner Moriarty has been removed as being over age, Governor Bradford should go down the line and remove every one over seventy years of age. This will help to make room for the veterans.

Coun. LINEHAN—I would like to hear the order read again.

President KELLY—The clerk will read the order.

(The order was read.)

Coun. LINEHAN—Mr. President, I hope I don't get involved in any personalities, but it does not seem to me the Council should go on record as asking the Mayor to ask the Governor to do anything regarding Commissioner Sullivan. It happens Commissioner Moriarty was retired for many other reasons than age, and I don't think that it was because of his age. In the case of Commissioner Moriarty, his term had expired and the Governor had all the right in the world to submit a new name for Commissioner of Labor and Industries, and that is what he did, and he could pick anybody of his own choosing, which he did. In the case of Commissioner Sullivan, his term still runs on—I believe it has several years to go—and I believe a man of Commissioner Sullivan's honesty and integrity and ability should be retained at least until his term expires. I don't go along with the thought that the Governor of this Commonwealth has that a man is done when he is seventy years of age. If that is true, we would have men like Baruch, one of the best statesmen of the United States, who was called upon by the President of the United States for his services, out of the running, and that would go for many men, not only in private life but in government service and in business. Men are not finished at seventy years of age, I hope I am not, and that many members of the Council are not at seventy. Are we going to take the stand that when a man reaches seventy years of age he is all done and should retire to the Old Home or something? I contend it is up to each individual case. If the man is healthy and still retains his faculties and is doing his job, whether in the state service, the city service, or the Federal service, he should be retained. You can't put a young veteran in

the place of Commissioner Sullivan as Commissioner of Police in Boston. I sincerely hope the councilor will withdraw this order because I, for one, happen to think a lot of Commissioner Sullivan. I think he is an able man, and I think he is honest. Certainly, he has his drawbacks, we all have. I have a drawback in that I like to get up here and talk. Some men don't like me for it in the Council, but, as I say, we all have our drawbacks and defects. I think Commissioner Sullivan's assets more than outweigh his so-called liabilities. What of it if the man does some things some people don't like in public office? I have requested different favors from Commissioner Sullivan through the years I have been a politician, and I can truthfully say I never had one done, but regardless of that, he still does a good job, and that is what counts, and I think the taxpayers as a whole think he is doing a good job and is trying to do a good job. I say, even if he is doing a dishonest job, it certainly should not be the job of the City Council to decide whether he is to be removed as Commissioner of Police. I think that is solely up to the Governor. As we know, the Governor to do that will have to show cause to remove him, and you can rest assured if he had cause he would present them to the Governor's Council. Certainly, the Republican Party can stand the patronage and put one of their own in there. I sincerely hope this order is not passed, and I will have to ask for a roll call on it. I am going on record as opposing it if the Boston City Council insists on passing it.

Coun. BAYLEY—I agree thoroughly with everything the distinguished councilor from Ward 7 has said. He brings out very clearly that Commissioner Moriarty's term had expired, and Commissioner Sullivan's term is still going on. Even though Commissioner Sullivan is a Democrat and I am of the opposite party, I have the highest regard for him. I think it would be poor judgment on our part at this time to ask the Governor why he does not remove him. That is the Governor's business. The members of the City Council have a job to do here in Boston, but we are not up here to ask reasons for his actions. I understand a Legislative Committee is studying the problem of recommending that there be nine instead of twenty-two councilors. At least, Boston will have a chance to vote on that, and if we continue to have orders of that stature, I think I know how the people will vote. Let us have intelligent orders up here and not try to infringe on the jurisdiction of other bodies.

Coun. MUCHNICK—While I agree with what Councilor Linehan has said, it seems to me the proper place for this order is to send it to the Committee on Rules. At this time I move it go to that committee.

President KELLY—Councilor Muchnick moves that this order be referred to the Committee on Rules.

Coun. COFFEY—Mr. President, the order is a simple one. It is not calling for Commissioner Sullivan's removal. I should file an order asking for his removal but as long as the Council here thinks so much of Commissioner Sullivan I suppose I might as well get on and tell why he should be removed. To begin with, Governor Bradford made the statement he removed Moriarty for one reason, and one reason only, that the man was over seventy years of age.

Coun. MUCHNICK—Mr. President,
President KELLY—Councilor Muchnick,—for what purpose does the councilor rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me that the motion is whether this should be referred to Rules and not whether Commissioner Sullivan should be removed.

President KELLY—I think his talk is in order. We have admitted remarks on Commissioner Moriarty from one of the other councilors. I think he is leading up to that motion.

Coun. COFFEY—Going back to what I have to say, I should introduce an order asking for his removal because in my opinion the gentleman is incompetent. I made the statement a few weeks ago he is taking orders from somebody, whoever that somebody is. He has been taking orders from the racketeers and bookies of Boston. The proof is easy enough to find out. There are bookies operating all over the City of Boston, and I don't have to tell you fellows that, you know it. You know there are horse rooms operating all over the city. They are in the South Boston ward the same as in my ward, and Commissioner Sullivan knows that. If he is honest, if he is competent, if he is sincere in his job, why doesn't he clean up the bookies? It would be easy enough to do. It is very easy to do. You can't say now the department is undermanned because it is not undermanned. The bookies are operating, and why don't they stop them from operating? Why do I have to have a police captain tell me, "Sure, I have done a good job in the first year and averaged four arrests a week; nevertheless, in the last few months I have made one arrest a month because I got orders from the Police Commissioner to lay off." One of the fellows who doubted me happened to talk to a business man in my town, and he was amazed to find out the business man said, "Coffey was absolutely right." Conditions were such as I told on the floor of this Council here. The captain over there is not doing a good job because he is not allowed to do a good job though

maybe he wants to. I don't say he is taking graft, and I don't say Sullivan is taking graft, but I do say this, I have not had a report from his Honor the Mayor yet. I don't know whether he has had a conference with Commissioner Sullivan within the past two weeks or not, but I have not heard anything from either his Honor the Mayor or the commissioner. Last week my order asked the Mayor to ask Sullivan to make a report to the City Council as to the rackets and bookies and the conditions in Boston. I have not heard anything from my order as yet. I do know one thing, since a week ago today, since I introduced my order, not one bookie has been arrested in East Boston, and they are operating in every section of the town, house to house, stores, barber shops, tailor shops, pool rooms, and liquor stores, and everybody in the town knows they are still operating. As far as the councilor from South Boston (Councilor Linehan) is concerned, he worked with Commissioner Sullivan. I don't know what friendship he has for him and if he wants to defend him, that is his business.

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—Will the councilor yield for a second?

President KELLY—Will you yield to Councilor Linehan?

Coun. COFFEY—I will not yield.

Coun. LINEHAN—You made a misstatement.

Coun. COFFEY—If he did not work for Commissioner Sullivan, I apologize. I know he worked with the Transit Department for awhile. I know you worked with the Transit Department, and I thought he was commissioner while you worked there. It is an honest mistake. I know you worked there, and he was commissioner at one time. If the gentleman wants to defend him, that is his right. I will never argue with anybody who wants to defend anybody up here. I am saying my point of view, and nobody is going to change it. If any of us could be changed, then I don't think we should be up here or we should not stay for any length of time. As for the gentleman from the Back Bay, I have to laugh. He does not know what is going on in Boston, never has known what is going on in Boston, and never will know what is going on in Boston. He is doing an honest job, he is a fine man, and he talks about a nine-man Council and he talks about how he wants some intelligent orders brought up here. Coming from him, I have to laugh. Intelligent orders! If there is anybody who can't correct me in this Body, it is the gentleman from Ward 5. I have listened to others, and I have learned from this Body. I have learned by keeping my eyes and my ears open and listening to others who have experience, but I never learned anything from the gentleman from Ward 5. We were talking on a million-dollar appropriation one day and fighting tooth and nail on it. All he was doing was bringing the World Series results and disrupting the meeting, and he talks about bringing in intelligent orders! I am not asking for Commissioner Sullivan's removal, and I am not asking you gentlemen to vote for his removal and I am willing this order go to the Committee on Rules. The order merely requests information from Governor Bradford, and I think as an office holder I have a right to introduce that order and ask whether Governor Bradford intends to remove him or not. This order is a request of the Mayor to request the information from Governor Bradford as to whether he is going to remove Commissioner Sullivan because he is over seventy years of age. The only reason I read in the newspaper that Governor Bradford removed Commissioner Moriarty was the fact that the man was over seventy years of age. It did not matter whether his term expired or not. When Mayor Curley was Governor, it was he who introduced a bill in the Legislature asking that all judges be removed after they reached the age of seventy, and I agree with him. If you are going to try to make room for the World War veterans or the young fellows, why let a man stay on the city or the county or the state who has a good job and has a good income and can go out on a darned good pension, and as a result of the removal have somebody else take his place? I am not forgetting, however, that I introduced an order in this Body asking all city employees be removed from office after they have worked in a department twenty years to make room for others. It is not bad to go on half pay or two thirds pay pension. I ask that the order go to the Committee on Rules.

Coun. LINEHAN—Mr. President, it seems to me we might have orders of this nature appear before us every week, and that is one reason why I am getting up here today to try at least to have it acted on today whereas we might have it a week from now or two weeks from now. Probably we ought to vote on this matter one way or the other today. Talking about retiring men in public service at seventy years of age, his Honor, James M. Curley, would be among those who would be retired, and I suppose it would be kind of asinine to ask the Mayor who is seventy-one or seventy-two years of age to ask the Governor who is probably around forty-two as to whether or not he is going to remove Commissioner Sullivan because he has reached the old age of seventy. Probably the commissioner is not as old as the councilor from East Boston thinks he is. I think we all agree the Mayor, whether we like him or not, still has his faculties. He has a lot of ability and can

do a good job for the city if he so chooses, and I feel as one councilor against him occasionally in this Council, that if he saw fit at seventy-two, he could be one of the outstanding men in the government of this nation if he so chose. I think Mr. Sullivan at the age of seventy or seventy-one or seventy-two, whatever he may be, is doing a good job and has done a good job in the public service all through the years. If he had not, you can rest assured he never would have been re-appointed by mayor after mayor through the years for one job or the other. It seems to me that is the test, the man to hold these jobs through the years must have done a good job or somebody would have passed him by along the trail. In the case of Commissioner Sullivan, it includes many mayors, it includes Curley himself with three or four terms as Mayor of Boston. It includes Mansfield, Kerrigan, and any other mayor who has held office during the tenure of office of Commissioner Sullivan in the various administrative positions which he has held. It seems to me if he could hold office as long as he has in high positions in the city service, at least his background up to now has been that of integrity and honesty and a job well done. I sincerely hope the Council will go along with regard to it and kill the order because if we want Commissioner Sullivan removed and all the others over seventy, that will also include the gentleman who now sits in the chair downstairs on the second floor, and I feel sure the Mayor wants to continue. He has already said, as a matter of fact, he hopes to continue and probably will even run for re-election. If he is going to run for re-election, he will wind up at seventy-six or seventy-eight years of age at the time he finishes his next term if he is elected. Let us not talk of retirement at seventy. I think the gentleman from East Boston and myself probably at the age of seventy will not be all done, but we would like to continue in public service if we can stomach it that long. I say, good luck to men like Commissioner Sullivan who take the insults and attacks from time to time during the course of their tenure of office. God knows how long they can take it like we do in the City Council. It is quite a burden for us in public office and those holding administrative positions to take lickings not only from the taxpayers but the men in public office themselves.

President KELLY—The question comes on referring this matter to the Committee on Rules.

Coun. COFFEY—Mr. President, the argument the councilor gave is a very poor argument, that Commissioner Sullivan has been appointed to position after position. We know that all you have to do is have the right connections. Maybe make the right contribution. They usually do. If there are three candidates, they take care of the three and can't possibly lose. We support one, and if we pick the winner, we get double crossed and get nothing. If we pick the loser, we are usually better off. All I want to say is the argument is a poor argument. Commissioner Sullivan holds an appointive office. Mayor Curley is seventy-two years of age, we know that, but he has been elected to office and we have nothing to say about his removal, but when a man holds an appointive office, we can say something about his removal. It would be silly and asinine for me to ask the Mayor to remove himself from office because he is elected by the majority of the people and in this last fight, it was a real majority that elected him, he got more votes than all his opponents combined. What you want to do is up to you fellows. I don't care if it is defeated and I am the only one to vote for it, because I will be back next week with other orders—I have more today. I am not saying Commissioner Sullivan is corrupt, I just said he is taking orders from somebody, and he is passing those orders along, and whether he has done that to the police captains in your wards I don't know, but he has done it to the police captain in my ward, and I don't like it. I want the town cleaned up and he has done not one damned thing to clean it up. Last week in my talk I asked that Superintendent Sheehan be put in Captain Britt's place. I have not heard anything with regard to Superintendent Sheehan. He is supposed to be the racket buster. I have a letter signed for a change saying one officer on the vice squad in South Boston has a brother in the numbers racket over there. I do care what happens in my ward. Getting back to this order, this order is simply a request asking Mayor Curley to request information from Governor Bradford as to whether he is going to remove Commissioner Sullivan because he is over seventy years of age. The reason I introduced it was that Governor Bradford made the statement he removed Commissioner Moriarty because he was too old.

Coun. LINEHAN—Mr. President, I want to ask the councilor from East Boston whether or not he does not think he could get the same type of information by writing a personal letter to Governor Bradford rather than putting it in the Minutes of the City Council.

Coun. COFFEY—I don't feel I have to write to anybody. I have a right to introduce the order.

President KELLY—The question comes on referring the order to the Committee on Rules. All those in favor say aye, those opposed no. It is ordered, and the order is referred to the Committee on Rules.

The order was referred to the Committee on Rules.

REQUESTED REMOVAL OF CITY EMPLOYEES OVER SEVENTY.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor remove all city employees from the city pay roll who are over seventy years of age to make room for World War II veterans.

Coun. MUCHNICK—I move that it be sent to the Executive Committee with the request that the Law Department inform us as to whether that can be done under the law.

President KELLY—The Chair will rule, councilor, all employees seventy years of age have to get off the pay roll unless they are department heads.

Coun. MUCHNICK—I did not quite get that.

President KELLY—The Chair will rule all city employees who have reached the age of seventy have to retire unless they are department heads.

Coun. MUCHNICK—If that is the law and, frankly, I don't know that it is, but I am perfectly willing to take your word and the City Clerk's word for it, all I wanted to do was to have the Law Department give us an official ruling.

President KELLY—I just got a ruling from the City Clerk. If you would rather have it from the Law Department —

Coun. MUCHNICK—I said your word and the word of the City Clerk is good enough for me.

President KELLY—You have no objection to the order? Councilor Coffey asks for the suspension of the rules.

Coun. LANE—Mr. President, I would like to have unanimous consent to make a statement.

President KELLY—Are you talking on the order?

Coun. LANE—The order has been referred to the Rules Committee, has it?

President KELLY—Not yet.

Coun. LANE—Talking on the order. I have listened to the alert gentleman from Ward 1 (Councilor Coffey) speaking on the order he just introduced about men in public service over seventy years of age. I, too, feel in some cases possibly men over seventy years old have in the main outlived their usefulness. In the particular case, however, of our present Police Commissioner of the city, Colonel Thomas Sullivan, I am familiar with the fact that the man certainly has an alert mind, he is an unusually capable individual, and I feel, despite the fact of his age, his advanced age, that he is still a qualified man to continue in public office. It has been stated here, I believe, that the man is over seventy years of age. Is that right, Mr. President? However, Colonel Thomas Sullivan of the Boston Police Department is now sixty-eight years old. He was born on February 25, 1878, and on February 25 of the calendar year in which we are now he will be sixty-nine years of age, and, if you wish further verification of his age, his birth certificate is on file in the Gate of Heaven Church, South Boston. Thank you.

Coun. COFFEY—Mr. President, I learn something every day. I said about 20 minutes ago that I am willing to learn. It looks as though the gentleman from Ward 21 went out of his way to get this information. I have been told by cops and sergeants that the man is seventy-one years old. Let us go back a few years, because I don't know whether that record is right or not. Many a time I have gone down to the Welfare Department and had to get statements from old-timers there before I could get a person old age, because they could not get their birth record, or because their birth records were wrong, or because they did not have a first name. I think that is common, and I think you fellows have gone through the same thing I have. Whether this is true or not is another story. If I am not mistaken, he was in the Spanish American War and, if he was, that was some 48 or 49 years ago. I did not say he is incompetent, I did not say he is not qualified. I said he has taken orders from somebody. There is in the district which Councilor Lane represents a Captain Donovan who is as crooked as a cow's horn. I made statements on the police station doorsteps and the courthouse doorsteps in Central square, and I made speeches in other public halls in East Boston telling people what Captain Donovan was, and how he got his appointment, and what he paid for it, and why he got it. You can ask anybody in East Boston, and they will remember it, and now he is out in Brighton and is doing as tough a job there as in East Boston. If you don't believe me, pick up the papers every day in the week and see what happens in Allston. I may add in closing, Mr. President, that I will check this information and, if it is correct, I will come back when he is seventy years old and ask for his removal.

The order was passed under suspension of the rules.

ELECTION OF JUDGES.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to order the Law Department to file legislation for the election of judges.

Coun. COFFEY—Mr. President, the reason I introduce this order is very simple. I read here in yesterday's Boston Sunday Globe: "New 9-Man Council Urged by Adlow in Boston Crisis." I didn't know we had a crisis in Boston, to begin with, and Boston like every other city in the entire country has a high tax rate for the simple

reason that the cost of everything is so high. Tax abatements have been given by the Tax Appellate Board and have been given by our own Tax Commission right here in Boston, and a lot of abatements are given to widows and others in need, and the high cost of everything has, naturally, brought up the tax rate not only in Boston but in every section of the country. Mr. Willis saw fit to ask for Plan E in Boston. At my request last year one of the councilors who is now a Senator looked up the tax rate in Saugus and he found out they had a larger tax rate in Saugus than in Boston.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick. For what purpose does the gentleman rise?

Coun. MUCHNICK—I would like a point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me the tax rate in Saugus is not the subject matter of the present order.

Coun. COFFEY—I am through with the tax rate. Mr. President, yesterday's paper said Judge Adlow sent a 14-page report or communication to the members of the Legislature. He wants the abolishment of the present City Council of twenty-two and substitution of a body of nine whose members have been winners of nominations in an elimination primary. That was declared yesterday by Judge Adlow of the Municipal Court as the remedy or the quickest way out of the Boston municipal crisis. Well, Judge Adlow wants nine men elected who have been nominated. He says nothing here about a run-off primary or nomination for the Mayor of Boston. That is out, he does not want that, just the nine members nominated, and then have them run for the election. Nothing about the Mayor. That is out entirely. "This was the basic recommendation of Judge Adlow's 14-page communication to the legislative commission studying the Boston charter. The commission, headed by Senator Charles J. Innes, had solicited such proposals from anyone interested in finding solutions for present administrative shortcomings . . ."

That is a laugh, that anybody up on Beacon Hill says there are any shortcomings in the City of Boston, and he ought to look at what is happening on Beacon Hill.

. . . all to be given due consideration before the commission reports to the Legislature March 15.

"After outlining the election processes which for years have produced the 'bedlam' which attends Council sessions, Judge Adlow writes . . . I have to comment on that 'bedlam' which attends Council sessions. I have to admire the gang down here for one thing: we fight everything out until we are all in, until two or three o'clock in the morning if necessary, but up in the Legislature the leader gets the word, the whip gets the word, and, boy, how they put the pressure on it. The thing goes through, and if you are of their party and you do not stick with them they tell you directly you will never be re-elected, we will see to that, we will go out of our way to defeat you. They have done it to a good old friend of mine, Bill Baldwin, who has passed on. He was in the House 12 consecutive years, and he didn't see fit to go along with the Republicans on a bill, and they told him they would defeat him, and they did defeat him in the following election. Down here we have fights. Of course we have fights. That is the best way to get the best legislation, to fight it out until you get what you want. Wouldn't this be a swell Body if Councilor Madden and Councilor Coffey were appointed by Councilor Kelly to take this side, and the other councilor from Brighton and someone else to take the other side and to pass the word around that this has got to go through. This has to go through, this has to be killed, or that has to be killed. There would be nobody out of line, and everybody gets his orders and they follow their orders. I am going to come to the point about what I am trying to bring out about my good friend Judge Adlow. He said:

"It is unnecessary to note that men who are willing to hold office under these conditions cannot represent a high type of citizenship."

Who the hell does Judge Adlow think he is? Gee! His daily associates are with bookies and lawyers who are so crooked we would not have them in East Boston even, and that is saying something. Every day in the week he associates with them, he has to, that is his job. He says hello to them when he goes in the courtroom and about ten minutes later he is interviewing that same bookie. I will get to that in a minute. He says the only ones who would run for office are those in the "few wards having strong organizations; the campaigns for office are fiercely contested. Partisanship is intense, strife bitter, and violence commonplace."

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick. For what purpose does the gentleman rise?

Coun. MUCHNICK—I am still at a loss to see what this has to do with the election of judges.

President KELLY—Let me see the order. Judge Adlow made the statement; it is in there. He is quoting what Judge Adlow said.

Coun. MUCHNICK—Mr. President, would you advise me just how Judge Adlow's statement in the newspaper has to do with the election of judges? What have his comments on this subject or any other subject to do with this?

Coun. COFFEY—That is a point of information, and I yield for no point of information.

President KELLY—The Chair will rule it feels Councilor Coffey is going to prove Judge Adlow's statements in yesterday's paper are ill advised. He is leading up to the order.

Coun. MUCHNICK—A point of order, Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—This order, as I read it, applies to the election of all judges, not merely municipal court judges or a judge to fill Judge Adlow's place. It seems to me this is properly a subject for the Rules Committee. It is not something closely identified with the running of the City of Boston.

President KELLY—This is a request to his Honor the Mayor. The Chair will rule it is in order.

Coun. COFFEY—Mr. President, he says: "Partisanship is intense, strife bitter, and violence commonplace."

I have not had any fights over there in the past ten years. None of the followers have had any fights. I don't think there have been any fights in any of your wards other than tongue lashing which are commonplace and which he likes to give out from the bench time and time again, knowing he is going to get a write-up.

"Out of the resultant confusion emerges our city government—and the shameful spectacles of our street corners are transferred to the Council Chamber in City Hall, there to provide a continuous performance for the edification of the partisans and the disgust of decent citizens." I wonder if he means the bookies. Because I think out of a 24-hour period he gives five hours on the bench, and out of that five hours he associates more with bookies than anybody. They are facing him every day in the week, and the bookies' lawyers, as I said previously, and the fellows say, "Good morning, Judge," before he puts on his robe, and a few minutes later he is before him representing bookies before the famous Judge Adlow. I will skip some here, and the reformist charter makers of 1909, and he goes on to say, "Without leadership, people drift like a rudderless ship. There is nothing to give the masses direction."

Only Judge Adlow. "If Boston of the pre-charter era had a Lomasney, a Curley, a Donovan, an Innes," you notice he got Innes in there because it is in his bill—or a Curtis, it could be said it had in them men who could stimulate public interest in issues and rally formidable groups to the standards of men and causes. Equally important was the part these men played in keeping in their proper places the henchmen and hangers-on who, for better or worse, have always been an element to be reckoned with in our democratic society."

He goes on to say: "Politicians overrun city. Every candidate for office must now build his own machine, raise his own funds, organize his own army of understrappers and henchmen. Instead of a few bosses the city is overrun with candidates, campaign managers, campaign treasurers, and many others who represent the impediments of political machines." Well, I have not had any contributions. I think you fellows will have to agree with me you don't get a hell of a lot of contributions from anybody, either. They did not give us contributions. The political machines we have, the henchmen we have, the treasurers we have, what does he mean? It is the men and women of Boston who are willing to support us. There are very few people who support you that bother you for anything. They don't have to. A lot of them have plenty of ability to get the things they want themselves. The only ones who bother us, as Judge Adlow correctly states, are city employees who want to advance themselves or get more money or better positions. The men who have succeeded the 'bosses' have all of their faults and none of their virtues. That is a break for us.

"Boston's immediate problem is to be emancipated from them, and a proper charter can do it. Objectively, Boston's plight is revealed in its financial predicament. Doubtless corruption has contributed to this condition, but other conditions share a major portion of the responsibility. If corruption in its literal and legal sense were the sole blemish on the city, a few indictments procured by the District Attorney could do more for the cause of good government than any charter changes. The real evil derives from the system that has annexed itself as a superstructure to the city government, a system calculated to support the horde of henchmen and followers of the galaxy of politicians and petty bosses who today represent the only semblance of organized political strength in a city rendered helpless by nonpartisanship."

I can skip most of this, and get down to the part I really want to talk about. He says: "As for the incumbents—that is us—" a word may be said for them. That is pretty kind of him in a nine-column attack. "Most of these men embark on their political careers with the loftiest aspirations. But the system eventually overwhelms them. Beset by favor seekers they are reduced to the condition of errand boys. They are servants of the people in its literal and mental sense. Some quit in disgust. Others hold on, hoping that some favorable turn in politics will provide a happy means of escape to a better field of service."

Well, I want to say this about Judge Adlow, and there is nobody here who can contradict me because there were only three men in the room when Judge Adlow went in and sought a favor. He sought office, if I remember rightly, and in 1930 I happened to be in the wrong room in the State House. I was in the Legislature at the time, and there were two other men who came in that room, one by one door and one by another door.

I never knew who Adlow was, but Governor Allen was one of the men and the other was Mr. Adlow. He sought a favor, he sought a judgeship, and he got it from Governor Allen. I don't know what his party is, and I don't care what his party is, but I happened to be in that room that day and I know that he who talks about our doing favors in turn was seeking a favor, and got that favor, and as Judge Mahoney well stated, "What is a judge but a lawyer who knew a Governor?" Judge Mahoney could have added to that and said, "What is a judge but a lawyer who made a contribution to a Governor?" I get a kick out of Judge Adlow. He wants a nine-man Council.

I have said here before that I don't care whether there is a nine-man Council or a twenty-two-man Council, and I don't care whether this is my last year in office or not, but I am not going to sit by and have Judge Adlow or anybody else make an attack on me as one of the members of the 22 councilors and say conditions are this and conditions are that, when all the man has to do is look around him. I went up there with a fellow they framed as a bookie to protect Superintendent Sheehan's cousin, and I made a scene in that courtroom and Judge Adlow was going to throw me behind the bars for contempt of court because I made that scene, but I told him that man was innocent—they were framing him. Then when we went to a higher court—we took an appeal from Judge Adlow's \$25 fine—the gentleman they found guilty was Sheehan's cousin who came up and testified. He testified for them and said, "Of course, he is not a bookie. He works in the kitchen in the Boston City Hospital. I was the bookie." He was found guilty in a lower court.

I asked him when he was going to the kitchen to take the slips in, and the other fellow testified, and the jury went out and came back in three minutes with a "Not Guilty" verdict. So I say that Judge Adlow can look to home. His argument is that he wants a nine-man Council because "broader constituencies cannot help but produce broader men."

I suppose he means a city-wide fight would produce more intelligent men. That is right, but who would control the nine-man Council? Is there any one of us who can afford a city-wide fight? I can't. I probably could get by with six or seven small front page ads in the Boston Post, but I would not be able to send a circular all over the entire City of Boston, to hell with it. I would quit politics and keep the money.

The only ones elected would be those who can get the contractors to back them, and the city would be controlled by five men. As it is, at least we are always squabbling, and that shows we cannot get along, and that is a good sign in my opinion. I have squabbled up here for years and I will squabble again before I leave here this year. It might be today or it might be next Monday, but I am going to squabble before the year is over, and I am going to holler louder than anybody else has hollered out here.

Coun. BAYLEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—A point of order.

President KELLY—Will you state your point of order?

Coun. BAYLEY—I don't see what this has to do with the appointment of judges, whether we squabble up here or not. It is taking a long, devious way to lead to the question.

Coun. COFFEY—I will not walk out.

President KELLY—Councilor Coffey.

Coun. COFFEY—You absent yourself and go home and bury yourself.

President KELLY—Councilor Coffey.

Coun. COFFEY—A nine-man body would be a wonderful body for the city. I probably won't be up here so those who do serve will be probably much better off without me. I will say this, that what Mr. Adlow is looking forward to is to get in right with those on Beacon Hill at the present time so that he can get one more favor. He has his judgeship now, but I suppose he wants to be moved a rank higher, so that he can get a \$3,000 or \$4,000 increase. I can't see what other reason Judge Adlow has for writing a 14-page communication to the papers. They are not in favor of Plan E, they are in favor of a nine-man Council.

You get a nine-man Council and the Mayor is a figurehead, and the manager whoever he will be will be a Republican and he will be a figurehead. Your nine men will run the city of Boston and out of those nine men you can rest assured the wealthiest contractors in the City of Boston will have at least five of those nine men, and you can rest assured you will have real professional politicians running for the City Council if it is going to be a nine-man body because one out of five is going to be a big fellow in the years ahead. They will get what they want. Naturally, they will get what they want. They have the money to get what they want, and they have the backing to get what they want. They will put it through this Republican-controlled Legislature and they will put it on the ballot just like Judge Adlow said. We were repudiated at the polls by 128,000 to 56,000. He did not say anything about the Legislature raising their own pay, and he did not say the Legislature did not put it on the ballot as to whether they were to receive a salary increase or not. How would they have been defeated? They would have been murdered, they would not have got the vote we got. The votes we got were personal friends who thought we were doing

a good enough job to give us a decent salary and by giving us a decent salary they thought they would make better councilors of us. Give the Police Department \$60 a week which is enough to live on, and if they do anything crooked, don't give them a trial, just fire them. The Legislature took the salary, they did not put it on the ballot. If they had, Judge Adlow might have another story here today about how badly the Legislature was defeated when they sought a salary increase on a referendum. I dare say they would have been defeated ten to one or better. In the future if Judge Adlow or any other judge wants to make an attack on the Council, it is all right with me, I will get up and answer it, but he does not have to go any further than his own courtroom to find out what is going on in the city. Bookie after bookie come in and pay a \$25 fine. Fine them \$200 or \$500 every time they come in, and see how quickly they will go out of business, but when they can reach an attorney who knows the judge and they can get a \$25 fine, they can make that within the next hour.

Coun. MUCHNICK—Mr. President.

Coun. COOK—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Cook.

Coun. COOK—Mr. President, sticking to the order, if there is anybody in this Council who has a reason for offering an order like that, I think I would be the one. But the cure for judges or any part of government that does not do its governmental function in the best manner is not by the election of judges. We would be subject to all the ills we are accused of in a body such as ours—and what ills we are accused of in a great many instances are true—but the cause of those ills is not the number of councilors. It is the power that has been given to this Body. Any body that has a purely negative power such as we have, which is merely to say "No" to a budget or to cut, with no power to override a Mayor, when we in our wisdom as 22 councilors coming from all sections of the city see fit to put something positive through, then the Body must of necessity make speeches in most cases to no avail. I don't think this Body is as bad as Judge Adlow has painted it. I think he ought to write another article talking about the powers the nine-man Council should have, and I think he will agree with me any Council should have more power than we have today. I agree with him in many of the things he said, and I disagree likewise with many other things, but getting to the election of judges, it would throw that part of the government which should be of the highest type which lawyers enjoy, the highest confidence of the public into a political contest, and I don't think any political contest, whether it be city-wide, Mr. President, could I have a little order, please?

President KELLY—Councilor Cook.

Coun. COOK—Any body which should enjoy such respect should not be open to political contests. We all know that political contests—no matter who the contestants are and what the district is—will lead to many statements which may not be openly vicious but by innuendo cast reflections on the character of the men in office and thus put them on guard when they succeed to an office that, whatever they do, there will always be somebody to impugn their motives. Let us show the judiciary and the Legislature, which in many instances has not been of the highest type, that the City Council will not offer to them a remedy which is worse than the existing situation. If there is anything wrong with the judiciary, there is only one place to look at, and that is the men who put them in power. If there is any system, it might be of an outside body composed of legal talent and laymen who would pass upon appointments besides the Executive Council, we then might arrive at better judges. We also might arrive at better judges if in the lower courts they were not allowed to practice law, if they were on a full-time job with a salary commensurate with their positions. Those are the remedies for the evils that exist in the judiciary. I don't think it is an evil when a judge goes on record as giving his views as to whether there should be any change in any form of government. If he uses words which may be ill-advised, then we can answer him, but we should not try to cure the situation by such a recommendation as has been brought by the councilor from Ward 1.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Mr. President, I don't know Judge Adlow. In all the years I have heard him spoken of, I have always heard the very best about him, and that by the most friendly element in the city—the day-to-day, continually unfortunate drunkard who goes before him for the crime of drunkenness. Years ago I first heard Judge Adlow's name in connection with a very generous and humanitarian treatment of those people, and I developed a fondness in *absoluta* for him, not knowing the gentleman, which carried with me up to yesterday when I read his opinion in the Boston newspapers. I would say he is guilty of the worst piece of intellectual dishonesty I have had the misfortune to read in a long time. It might be well said of Judge Adlow that he is a creation of the system he now condemns and a system which was described by Councilor Coffey in Councilor Coffey's own unique manner of description. I heartily agree with very much of what Councilor Coffey said although perhaps I might have phrased myself a little differently, but basically, Mr. President, I don't know what is disgraceful or shameful about doing favors.

I don't know by what process the poor, down-trodden people of this or any other city are going to get even the slightest of their rights unless they can turn to us who are disposed to remember how well they supported us in seeking an office of the type we hold today. I am mindful of the fact that no one in Charlestown came to me and asked me to run for public office; no one ever said I was a worthy savior of the community. My entrance into politics was purely voluntary, entirely on my own volition, and I represented myself to them as one worthy of whatever support they could give me and I would pay them by grateful and sincere personal service to them. If I made mistakes in the Boston City Council, I have not made mistakes that another officeholder in his time has not made. As to the critics of the system, that is the only one by which the poor and needy can be brought into the focus of public attention. I wonder if the supporters of the Governor who appointed Adlow were all hand picked by that Governor when he was a candidate for the governorship? In other words, did the Governor who appointed Mr. Adlow deal with the ward heelers we are supposed to be? Did he deal with the henchmen of these ward heelers, or did he have the moral stomach to say that type of person need not vote for him, that he did not want their support. You have had first families in this state long enough, those who go back to Plymouth Rock and the Mayflower, the type of which it was said, last fall, that Maurice Tobin had only a public record and that Mr. Bradford had a record of family and tradition; but Bradford took the vote of Charlestown and of East Boston and the rest of the slum districts in Boston, and so did Governor Fuller, who appointed Adlow. Does anybody care to challenge that point? Since they contributed to putting that gentleman into a position from which he could appoint Adlow, Adlow ought to be on his knees night and day thanking the riffraff, so to speak, because there are more of the riffraff than there are the top drawer. He is secure now, and has been for some years and will be for many to come, I hope, but we should bear in mind that next year, 1948, when the present State Legislature, Republican Party Legislature, is running for re-election, those men will take support from whom and to whatever extent they can get it for them in Charlestown, and today they term me riffraff. They term Coffey riffraff and Hannon and Linehan and anyone else who does not have a tradition of family; who can only show as reason for being here so many years that they served their own kind well. And as for the responsibility of the condition of Boston today, a very close and very exhaustive and very scrupulous examination of accounts of the City of Boston over the years will show that many members of the Massachusetts Legislature, past or current, have made money on the City of Boston. When John Kerrigan's bill was pending in the Massachusetts Legislature two years ago, I had one of the most substantial members of that body, a House Chairman, ask me how well I knew Kerrigan, that he wanted an appointment with him for the purpose of getting some city bonding business, and that he could do Kerrigan a lot of good when the bill was reported back into the House. Good government! Is that how you achieve good government? I come in here every day regularly at ten o'clock, and I sit here as long as the personal services I have to render keep me here, and there is many a time I open my mail and I find a five-cent thank-you card from some old man or some old woman for the old age assistance which I had something to do with accelerating. I have been asked in this city to contribute my vote to some of the cheapest, trickiest, and dirtiest propositions that have ever been advocated by cheap, low-type, but very successful and substantial solid citizens. And the only requests I get in my district from what Adlow calls the partisans and henchmen and, in effect, the riffraff are that they want jobs. No danger of going to jail for getting somebody a job, but if you fall into the plans that have been enunciated to me, and undoubtedly to some others of you, you will be left holding the bag. They will be in the clear to pursue their hypocritical way, corrupting those of us who are known to be broke and to whom the sight of a few dollars is supposed to be sufficiently strong to break down the scruples we learned from the finest people in the world, our own poor fathers and mothers, who put us into the position of where and what we are today. We did not inherit these things because we belonged to a certain financial or social caste in our districts. We don't have but one or two of those districts in Boston, so that when you get them you have to fight for them, and we come up here and we are naturally disposed to fight, and I don't say always intelligently. Sometimes we are a little too personally vengeful, but I don't think that there could be a question as to sound morality successfully leveled at any one of us. He decries the doing of favors, says that we are errand boys. How conveniently they will do favors when election year rolls around.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—I have been as interested as anybody else in the past few minutes in listening

to a remarkably fine oration, but I should like to know what it has to do with the election of judges.

Coun. COFFEY—What is he talking about? President KELLY—He is raising a point of order.

Coun. COFFEY—He did not ask for a point of order. He started in to make a speech.

Coun. MUCHNICK—I thought I had asked for a point of order, and I think the record will so indicate.

President KELLY—Will you state your point of order, Councilor Muchnick?

Coun. MUCHNICK—I would like to know what this has to do with the election of judges, everything that has gone on in the last five or six minutes.

President KELLY—The Chair will rule the councilor is a little afield, but I think he is leading up to his point. Councilor Kinsella.

Coun. KINSELLA—I don't know whether or not I agree with the nine-man theory, Mr. President. I have in mind that the voting strength of some of our Boston wards is much larger than our other cities in the Commonwealth, and yet those cities have, by virtue of their status, their own mayor and their own councilors, and why aren't the Boston wards entitled to one man to whom they can come with a personal appeal? If I were on my deathbed, I could say this, knowing right well salvation or damnation depended upon it, no one in my district has come to me yet with a hush-hush proposition that was designed to corrupt me or to prove to me they were corrupt. What propositions that have come to me have come from the white-collar tribe in and around the State House that are respectable by virtue of their bank account and by no other means.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—It seems to me the order —

Coun. COFFEY—The councilor has not stated his point of order.

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me the virtue of any individual councilor or member of the Council Body as a whole is not the subject matter of the order, but the order is asking that judges be elected.

Coun. KINSELLA—Mr. President.

President KELLY—The Chair has ruled that the councilor has been afield. He will lead up to the matter of the order.

Coun. KINSELLA—It seems to me such a matter was introduced by Councilor Coffey. I am only enlarging on the statements which were allowed.

President KELLY—I am letting you enlarge on them with the realization that you finally lead up to the order.

Coun. KINSELLA—In spite of the interruptions, and in spite of the contrary interest which I received, I want to say as emphatically as I know how that it ill becomes Judge Adlow or anyone else now in a secure, permanent, lifetime position, a position of responsibility and trust, a position that must be looked upon as one of the most substantial and of consequence in the city, not only in his profession but as a citizen, to decry now the system that made out of a choice group as a gentleman of some ability to observe conditions, since he apparently lives in the county and he knows all about us, and has been asked to write about us, then half its good is gone. If it is purely voluntary from his distaste of the present conditions, then I would suggest that Judge Adlow retire and get away from it all, where he won't be victimized by the actions around here. I am a little sick and tired of people throwing mud at us all the time. The over-all, long-lasting integrity of the Boston City Council cannot be challenged by someone on the side line. There are plenty of faults at the top of the pile and at the bottom of the pile, but first let them clean their own houses before they give to themselves the right they do to make us what they are not. We will work out our own salvation for years, and each of us will make a little mark in the sand, and when we quit the mark is erased, and someone else comes along. We are groping toward the goal of perfection. It will be a long while before anyone now living sees a substantial approach to it, but it is my theory, if we are ever going to be perfect or nearly perfect in our public representations of our wards and those who put us in here, we must of necessity do as many personal favors as possible. All you men here are hard-headed, practical, cold-blooded, material-minded men and will be for the next few months, and yet you know, in spite of all you do for some people in your ward, most of the derelictions when the votes are counted will be from people for whom you have done the most. That is always the record. It applies to every one of us, and if we choose to live by that system of personal service, and I do—and I don't pride myself on being a parliamentarian or of having a commanding knowledge of the charter, but have it in the record in as black a type as you can put it—I want to be known when I am done as a fellow who still was welcome to live in the district and for whose defeat they will be sorry six months later. That is what I would like to see happen, and I don't think I am any more of a sentimentalist than anyone else here. I should much prefer to have them remember me as the type of fellow they could go to and get a straight-

forward answer and from whom they could get a favor or have someone else grant it for them. I want to live in peace and harmony with the people in Charlestown. I don't want to have to move out when I am through with this office or any other office. That is my ambition. If it is the ambition of some to be parliamentarians, or to become a man in the financial affairs of Boston, more power to them. No one discourages the efforts he makes, but no judge or no commissioner can tie his hands when I want to do a personal favor in my ward, and bear in mind, gentlemen, always bear in mind, that there is not a one in the top bracket—take the old Yankee Governors, it was our kind of people who made them Governors. If you won't remember it, I don't blame them not to remember it. It is our kind that makes Governors, there are so damned many of us who have not got anything. We are in a position to give, and we give. Then we go back to the anonymity and obscurity from which we sprung before election day. But many of us are right. Someone said, "Too many of us have not got anything." While I am on my feet, I am going to make a mild criticism of one of the worst faults of our kind. We have too much of a proneness and disposition to look up to the guy that has money. We had evidence not so long ago of looking up to the guy who has dough, and abandoned to their fate the able people who could not drum up dough. They stick together, did you ever notice that? Did you ever notice it? They count on us keeping at each other's throats—Coffey fighting with me, me fighting with Hannon, Madden fighting with Scannell. That is what they love, and they step in and by weight of numbers alone take from us what this city has, a voice in this body. I can hardly blame them—they play the game right. They talk about recognizing the minority, for instance, when jobs are being passed out from now on; the Governor in the full flush of his victory talks about recognizing the minority. There is no greater minority than the ruling class in this city today, a handful, and many of them don't live in the city, along Tremont and Washington streets, but along State street. They don't live in the city, but they tell you who the next Mayor will be, and will tell you today, if you want to know. That is not the kind of man who can come into Ward 2 and tell them whom they will elect as councilor. Fortunately, they don't reach that far. I have had something to do with the Yankee type of candidate for Governor, and I have heard them say, "I am going to South Boston next Wednesday night. How will I act over there?" Patronize them. Patronize them. Be all things to all men. The great great-grandmother was born in Ireland in 1805. They go down to Joe Russo's ward, and Joe is suddenly stunned to realize that somebody whose ancestry is supposed to go back to Plymouth Rock, by some means, by some alchemy, was defrauded, and one of the great great-grandmothers came from Spezia in Italy. All things to all men. The end result is that all the substantial minorities elect to office a representative of the only minority. Isn't it true? You bet your life it is. Just think it over. Let us stop being fools up here, let us show them we have sense and certainly we know how to use it. Let us do it in self-defense if for no other reason, and we won't be at the mercy of the Adlows. What newspaper in the city will take from the *City Record* or from the copious notes of the reporters anything that is said here in defense of our integrity, and to do personal favors and become errand boys if it pleases us? Let my last sentence in the record be, I am proud I am an errand boy for people who took me at my own estimate.

Coun. RUSSO—Speaking on the order, as to the intention of Judge Adlow and his remarks which have been printed in the daily newspapers, if that is his belief, I feel we ought to have election of judges with all due respect to all the rest of the men on the bench. I have had the fortune of being elected as councilor of my district close to eight years. Two months after I had taken the oath of office, when I found out what the powers of the Boston City Council were, with all due respect to Mayor Tobin and with all due respect to other mayors that have followed him year after year, I have submitted orders in the Council asking that the Legislature change our charter to give the Council the power they should have, and that is to have the veto power over the Mayor. We must realize, and I guess Judge Adlow realizes, that our form of government with all its faults has made us the most powerful nation in the world; at least, we can enjoy the privilege of freedom of speech which I am sorry to say in most parts of the world is not enjoyed. When he says that by having a nine-man Council, it is better than a twenty-two man Council who are present here now, I fail to see any constructive criticism or any enlightenment to which his remarks were directed, to bring about the Plan E system of municipal government in the City of Boston. All that I have been able to hear is that nine men will be elected city-wide as councilors and that they will elect a mayor and that they will appoint a city manager. Still, I wonder if many of the people know in the City of Boston under the Plan E system of government, if they have a direct wish when they are voting for certain individuals—I am wondering if they know their vote that they are casting for their choice may be given to someone who is not of their choice. When he goes on to say there is favoritism, there is corruption, I wouldn't mind if it came from a

man who did not hold any judicial position or who did not hold any prior political position. I am only wondering if that, Mr. President, is not the way of doing things, starting from our capital in Washington and all the way down to every city in the United States.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick,—for what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—I don't wish to be boring, but I don't wish to be bored. Mr. President, we are going into Judge Adlow quite a bit, and we have not touched the subject of election of judges.

President KELLY—Will you lead up to that, councilor?

Coun. RUSSO—If I may at this time—President KELLY—Wait a minute. I will inform the councilor such has been the subject matter. Councilor Russo.

Coun. RUSSO—I would like to inform the councilor who has the awful habit in the City Council that I am darned sick of his trying to interrupt individuals when they are talking. He wants to be heard when he is on a subject matter.

President KELLY—Councilor Russo.

Coun. RUSSO—I say, Mr. President, I am talking on the subject matter.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick,—for what purpose does the gentleman rise?

Coun. MUCHNICK—For several purposes.

President KELLY—Will you name one?

Coun. MUCHNICK—I don't particularly care—

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—I doubt the presence of a quorum.

President KELLY—Councilor Muchnick doubts the presence of a quorum. The clerk will call the roll.

The clerk started calling the roll, with the following members responding "Here": Councilors Bayley, Bryan, Chase, Coffey, Cook, Hannon, Hurley, when Councilor Hurley said:

Mr. President, on what is the vote?

President KELLY—A quorum is being doubted by Councilor Muchnick.

The clerk continued calling the roll, and the following members responded "Here": Councilors Keenan, Kelly, Lane, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan.

President KELLY—A quorum is in attendance, and Councilor Russo will continue.

Coun. RUSSO—Mr. President, I believe that it is the duty of the Boston City Council when an attack is directed at the Council we ought as Councilor Kinsella well stated defend ourselves, even if it may be in self-defense. Does Judge Adlow mean that a person running on a city-wide ticket, by having broader constituency, will result in broader men being elected to the City Council? I wonder what he means by that remark. Does he mean that a poor individual has no right to run for any office even if he may desire, or does he mean it will be only a small few with money who could be elected to the City Council? Does he intend to insult my intelligence or the intelligence of the rest of my colleagues? Thank God I don't have to bow to anyone for all my actions in the Boston City Council for the past eight years. I have always been a type who was willing to learn, and I believe that none of us will ever stop from learning. I accept constructive criticism and I will be very glad to. I wonder if Judge Adlow was not one of the individuals, if the information I have been given is correct, who was in favor of the twenty-two-man Council Body when we had the nine-man Council? I am only wondering, Mr. President, if that is true, that it will avoid corruption in our government. If there is any corruption, I wonder if we should not start from the head way down to the feet. I wonder if when Judge Adlow was appointed to the judgeship, he did not know the Governor at all, or did he know him, and if he did not know him, I wonder who introduced him to the Governor? I am also wondering if there were any political strings pulled. That is nice, Mr. President. That is what has made America great. You must know something and you must know someone. I wonder if Judge Adlow takes the attitude that if he is taken out of the judgeship there is no better man than he is who can take his place. Certainly there is, Mr. President. We have greater men in the United States than any man holding public office all over the nation who can fulfill those positions. True, we are errand boys, and I, for one, am glad I can be an errand boy for some of my constituents. You and I must realize we are, even if we start from in this building itself, or start in the State House itself, or in Washington itself. If we as councilors are given the runaround right here in the City Hall, isn't it fair to assume that the individual, the ordinary taxpayer who comes in to the building, is getting the double runaround, and how about the State House and how about Washington? Why, that is all over. So I say, Mr. President, the only thing the Boston City Council needs is power. If we are errand boys, it has been the State Legislature which has made this Body an errand boy. As I say, I for one am glad, regardless of the title, that I am able to do something for some one who is in need. With all due respect

to his Honor the Mayor downstairs, if the Congress of the United States did not have the veto power over the President of the United States, then we would have a dictatorship here. If the State Legislature did not have the veto power over the Governor, you would have a dictatorship here in the State of Massachusetts, and in all the states throughout the United States. There is no question or doubt that we have a dictatorship here in the City of Boston, with all due respect to his Honor the Mayor. I believe that if the Legislature would give the City Council of Boston the veto power over his Honor the Mayor, we would be placed in more responsibility, each and every one serving in the Boston City Council.

Coun. CHASE—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—May I have the order read?

President KELLY—The clerk will kindly read the order. (The order was read.)

Coun. CHASE—I wish he would confine his remarks to the order in question.

President KELLY—He started off on the order. Councilor Russo.

Coun. RUSSO—I will end up with the order, and I believe I have been talking on the order because it is a direct answer to Judge Adlow in so far as his opinion is concerned. He has seen fit to indulge himself in big headlines as "Adlow Blasts Hub Politicians," and I believe we are considered Hub politicians. I would like to ask Judge Adlow, too, if he were to run for office, if that would be his own attitude then. Mr. President, not to take up more time I maintain, and I have stated time and time again, unless the State Legislature sees fit to give to this Body the veto power over the Mayor, which will take us away from being a body of men who make suggestions to his Honor the Mayor—I know in my eight years in office many good suggestions have been brought up here by each and every one of us, but when it has hit the second floor downstairs, it has gone to the wastebasket. There is nothing we can do within the law to revive whatever ideas we had. Therefore, as I maintain and reiterate again, if we were given more responsibility upon the shoulders of each one of us, we would be responsible for our actions. It would not be as it is today when it lies directly on the second floor whether or not this or that should be done. If that is the intention, Mr. President, of Judge Adlow's opinions, and I have the greatest respect for the men on the bench, then I say it would be a good idea if we would have election of judges and then we would not have any more of these individuals saying to us after they have acquired their position that they hate politicians.

Coun. MUCHNICK—Mr. President, there has been a lot of talk here about people who do know and who do not know Judge Adlow. There is talk about people who happen to be lawyers and various other things connected and not connected with this order. I would like it stated clearly in the record that there are roughly twenty-five or thirty years during which it has been my pleasure and privilege to know Judge Adlow and know him intimately. While I happen to be a lawyer, I do not appear in his court. I have not appeared in his court once in the last ten years. I do not intend to appear there because I stay out of that court as much as I can. I do not intend to appear there for the next ten years. To clear up any suspicions I do not represent bookies. My practice is confined almost completely to civil work. But I do happen to know Judge Adlow. I have never yet met a finer, more able fellow both as a public-spirited citizen and a member of the bar than Judge Adlow happens to be. I may be wrong—

Coun. COFFEY—Mr. President, a point of order. Is the gentleman leading up to the order?

Coun. MUCHNICK—Yes, Mr. President, and by a more direct route.

President KELLY—Thank you, councilor.

Coun. MUCHNICK—Judge Adlow may not be right in what he proposes in this particular article. But I would stake everything I have and that I ever hope to have on the fact that Judge Adlow is honest about his convictions. There is no question in my mind about his intellectual honesty either in the past or in the present.

Coun. RUSSO—Don't you feel, Mr. President, he has talked long enough to come to the point?

President KELLY—He said he is leading up to it quickly. I trust he will.

Coun. MUCHNICK—I will not lose the trend of it, either.

President KELLY—Thank you, councilor.

Coun. COFFEY—Mr. President, will the gentleman yield for a question?

Coun. MUCHNICK—Yes.

Coun. COFFEY—Isn't it true, councilor, Judge Adlow was one of those advocating a twenty-two man Council instead of a nine-man Council?

Coun. MUCHNICK—It is my understanding he not only voted for the twenty-two man Council but was one of the leaders in the fight to put the twenty-two man Council into effect. At the time that he was fighting for that particular piece of legislation, I am sure that he felt he was doing the right thing. I am sure he now feels his present article is the right thing. Whether or not we agree with the contents of the article is unimportant. I know he is honest in his convictions, no matter what he does, and because of the honesty and in-

tegrity and ability of a man like Judge Adlow, that honesty and integrity and ability is pretty well developed among the members of the bench. It is true of far the great majority of men on all the courts in the Commonwealth. It is because of things of that nature that we have been fortunate in the bench of Massachusetts under the present system.

Coun. RUSSO—Mr. President, a point of order. The question is whether or not we should have the election of judges in this state.

Coun. MUCHNICK—Yes, Mr. President. It seems to me that up to this time, outside of Councilor Cook, I am the only one touching on the order.

President KELLY—Well, I hope you lead up to it.

Coun. MUCHNICK—I have already led up to it. I am discussing the order. I am giving my reasons why judges should be appointed and not elected. I am using Judge Adlow as one example.

President KELLY—Thank you for leading up to the main matter.

Coun. RUSSO—Mr. President, I hope you do the ruling and not him.

President KELLY—I am doing the ruling, councilor. Councilor Muchnick, I hope you are leading up to the real meat of the order.

Coun. MUCHNICK—I have already led up to it and stated my position. It is because the bench is manned by people like Judge Adlow that I am in favor, with some of the corrections suggested by Councilor Cook, of letting the present system prevail. I am greatly opposed to the popular election of judges.

President KELLY—That is fine.

Coun. LINEHAN—Mr. President, now that the speeches are over, I can now make a point of order.

President KELLY—State your point of order.

Coun. LINEHAN—I do not think that the Corporation Counsel can present such a piece of legislation to Beacon Hill. I would like the clerk to so rule, it has nothing whatsoever to do with the affairs of the City of Boston.

President KELLY—The order is a request for his Honor the Mayor to take certain action. His Honor the Mayor has the right to take whatever action he wants.

Coun. LINEHAN—It does not seem to me the City Council can ask the Mayor to do something which under the law as Mayor he cannot do.

President KELLY—It is just a request, councilor. The Mayor can do as he sees fit.

Coun. LINEHAN—I never knew, Mr. President, we could ask the Mayor an illegal request. I do not think it is within our power or jurisdiction. We have heard about it before—within our jurisdiction.

President KELLY—There is nothing illegal about the order.

The question came on the suspension of the rule, and the passage of the order, and it was not a vote.

Coun. COFFEY—Mr. President, I move that the order go to the committee.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—This order stands rejected. Do you move reconsideration?

Coun. MUCHNICK—Mr. President, I move reconsideration so that it will go to a committee.

The question came on reconsideration, and the Chair declared it was not a vote. Councilor Coffey doubted the vote and a sufficient number of councilors having joined him, the clerk called the roll. Reconsideration was lost, yeas 6, nays 10.

Yeas—Councilors Coffey, Hurley, Kelly, Russo, Scannell, Sullivan—6.

Nays—Councilors Bayley, Bryan, Chase, Cook, Hannon, Keenan, Kinsella, Linehan, Moriarty, Muchnick—10.

BOYS' CLUB IN EAST BOSTON.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor request the owners of Suffolk Downs race track to build a boys' club in East Boston.

Coun. COFFEY—Mr. President, this order asks for the owner of the Suffolk Downs race track to build a boys' club in East Boston. I have introduced the order for several reasons. The main reason, of course, is that Suffolk Downs is receiving eight more racing days this year than they received in the past. All the traffic that goes to Suffolk Downs as a rule goes through East Boston. They clutter up our streets. Several of our children have been injured. Several children have been killed as a result of traffic going to and from the horse track. They make a huge profit every year. They do not contribute very much to the people of Boston as a whole. I thought whereas the track was right in East Boston and East Boston has not a boys' or girls' club in it that the owners of Suffolk Downs, after enjoying such a splendid year last year and now receiving eight more racing days, would contribute some of the money of those eight racing days to the building of a boys' and girls' club, something similar to the boys' and girls' club they enjoy in Charlestown. I hope the order is passed, under suspension of the rule.

The order was passed under suspension of the rules.

REQUESTED REPORT BY TRANSIT COMMISSION.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request the Transit Commissioners to report to the City Council what property is being taken and what property has been bought or sold in the past years, and when the work is to start on the rapid transit job in East Boston.

Coun. COFFEY—On this order, Mr. President, I am asking that some information be given the members of the City Council as to what land was bought and sold in the East Boston section where the rapid transit is going to go from Gove street to the Orient Heights section of East Boston. There is all kinds of talk about options being taken and speculators being at work, working in the section in which the rapid transit is supposed to go. Leases are being let and so forth. I think it is for the benefit of everybody that this information be given to the members of the Council so we will know, and so we can inform others who own property where this rapid transit is supposed to go and warn them to hold on to their property and not lease it or let it out on option. I will ask that this order go to the Executive Committee and that the members of the Transit and the Planning Boards be invited to attend next week's session and give us this information.

The order was referred to the Executive Committee.

PLAYGROUND AT GRANT SCHOOL.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor request the School Committee to take immediate action on the tearing down of the U. S. Grant School which has been condemned and that the schoolyard be converted into a playground for children.

Coun. COFFEY—Mr. President, on this order, three months ago I talked to the Mayor about the tearing down of the condemned Grant School. This is a street that runs parallel with Chelsea street where all the traffic goes to the horse and dog tracks and the North Shore. This building has been condemned now for six years. It is in a natural playground area. If it is taken down, being in a congested area, it would become a natural playground for the children. There would be a very small cost to the City of Boston to put in swings, seesaws, and sand, and so forth. They would have one of the best play areas in the entire city at a cost of probably \$3,000 or \$4,000 for the equipment only. I am informed that the school would probably be taken down by building wreckers for nothing. The bricks and other material in there would more than pay them for the work they did on it. There is nothing left in the school. The boilers and pipes were taken out, and everything else has been taken from the school. I asked the Mayor in a letter three months ago about this, and I have had no reply. I am forced to introduce this order to get some action. I ask for suspension of the rules.

The order was passed under suspension of the rules.

APPOINTMENT OF WILLIAM F. O'CONNELL.

On motion of Councilor Sullivan, the Council took No. 1 under unfinished business, from the calendar, viz:

1. Order approving appointment of William F. O'Connell, as substitute stenographer-clerk, at yearly salary of \$2,700.

President KELLY—Councilor Sullivan calls up No. 1 on the calendar. The question is on the passage of the order.

Coun. HANNON—Mr. President, this is a very embarrassing position to be placed in. I do not want anyone to feel that I am opposed to any man obtaining a position. Good luck to him. I think any man is welcome to any job he can get. I am always happy to contribute to the providing of employment to any man or any group of men. However, even in politics I think there is a certain spirit of fair play that should be emulated. If I were on any job I would not want anybody put in over my head. I do not feel that I am going to contribute to putting anybody else in over the head of another person who has been here. No employee here means any more to me than any other employee. They are merely employees. But I believe in fair play, just as when Bill Greeley went into the service and we promoted Dinny Shillue to take Bill Greeley's place in the next higher step as far as salary was concerned, and each one in the lower brackets was promoted up. This is only a temporary promotion. I still believe the same system ought to prevail. If a man has been here and has done his work, I think he should at least be treated fairly enough so that if there is an opening higher above him, he should be given that opening. So I move that this order be amended, and the name of William Bailey be substituted for William O'Connell at \$2,700 a year. Later we can move that Mr. O'Connell be promised to start in here at \$2,300.

Coun. LINEHAN—Speaking on the amendment, Mr. President, I would like to ask the clerk, through you, sir, if it is possible to substitute

words other than those words—substitute for "stenographer-clerk," and put in whatever work these gentlemen are going to do.

President KELLY—I am informed it is not necessary to define any position in the City Council, especially a substitute position.

Coun. LINEHAN—Mr. President, I do not want to go on record today or any other day, as filling a vacancy such as a specific vacancy with a specific title of "stenographer-clerk" with any gentleman who has absolutely no experience or ability to do the job of stenographer-clerk. Now if the gentleman from Roxbury can get around the words "stenographer-clerk" and put in whatever Mr. Bailey's job happens to be at the present time and lower the salary down to what Mr. Bailey gets, I will vote in favor of William F. O'Connell. I certainly cannot vote for William F. O'Connell as a substitute stenographer-clerk at \$2,700 when he cannot possibly fill that job. He cannot possibly do it. It has been admitted he cannot. I do not think you make the Council look like an efficient body. Some people do not think we are now. Even in our own minds we ought to straighten it out. We certainly do not look clever or efficient in our own eyes, never mind anybody else's, to say we are having a gentleman take the place of Al Holland, an efficient stenographer-clerk, and fill his place with a gentleman who is going to do nothing but greet the public. Let us not kid ourselves and say we are going to fill the job for a year and at the end of a year we will not ask to have him kept on. There is no question in my mind if Al Holland stays in the Registry of Deeds office at least six years and Leo Sullivan's term extends six years, and he will fill out his term, God willing, with the possibility of more terms, Leo Sullivan will be glad to retain Al Holland. He will do a good job in the Registry of Deeds, as we all know. It seems to me eventually we come to the point if this job is needed at all this fellow will fill it permanently. We cannot postpone filling it indefinitely. You might give Al Holland a leave of absence for two or three years. We cannot do it forever. If the job is not needed, I say let us do away with it. If we need another greeter in the Hall here, let us change the job back to some other job from stenographer-clerk. Best of all, to protect Al Holland if he wants to come back, do not fill the job at all. At the end of a year if he does not like the job in the Registry of Deeds, we will gladly take him back. We would be glad to get him. We know he is a valuable employee. I do not think it is good business to substitute another man for Al Holland because he is a good fellow. I do not doubt he is. Other people besides the councilor from Roxbury tell me he is a good fellow. We all know a lot of good fellows. The only patronage I have is one constable. We used to get two. I do not see why the gentleman from Roxbury should get any more consideration than the gentleman from Ward 7. To be brutally frank about it, I was not asked if I had a capable man to fill this position. I do not think any other councilor was. I stand to be corrected. I can only speak for myself. If this man is not going to do the job of stenographer-clerk, does it mean we need another man to greet the public? I do not think we do. I think every councilor here in his own mind agrees with me even though he does not get up and say so. If we need a stenographer-clerk in place of Al Holland, let us get a stenographer-clerk in and not a greeter. That is what it boils down to here. If we need a stenographer-clerk, let us get a stenographer-clerk. It is all right to say, "I do not want to do a man out of a job." At the same time I want a man who will take dictation for me if I need him. I think every other councilor in the near future is going to find out we are going to have to do more work of the errand-boy type, looking for jobs for different people, writing letters to Congressman McCormack or people looking for work. I had more requests for work in the last three weeks than all last year. I am assuming every councilor is the same. I do not doubt but what we are going to need the assistance of an aide in place of Al Holland, but not a greeter. If we are going to fill the job at all it should be with an experienced stenographer-clerk.

Coun. HURLEY—Mr. President, I am going to vote against the amendment substituting William Bailey's name because Mr. Bailey came to me voluntarily last week and told me he wanted no part of the job, he is very satisfied with the job he has, and he has no desire to step into Al Holland's job or rating. For that reason I will vote against the amendment to substitute Bailey's name for O'Connell's name.

Coun. MUCHNICK—Mr. President, last week just before this particular matter became unfinished business for this week, I suggested that we should wait and see if this job needs filling. We should wait to see if the Council would function as well without filling this job as it would if the job were to be filled. I wondered at that time and I wonder now whether or not the City of Boston will run as well five or six weeks from now as it ran the past week while this job was still unfilled. I think most of us in here know that this job is not a necessary one at the moment. If it is not a necessary job there is no reason why we should take \$2,700 of the taxpayers' money and waste it merely because a good fellow wants a job and merely because somebody may have told him he will try to get it for him. That is not our function. We are not here for the purpose of handing out unnecessary jobs to people

merely because they want them, merely because they need some weekly income. There is not any one of us in here who could not bring in at least 20 people on half an hour's notice who would like a similar job and who could use a similar job. That is no reason why we should take the taxpayers' money for one job or 400 or 500 of such jobs. We are faced now with an increased budget which means an increased tax rate. Wherever we can save \$2,700 without impairing the efficiency of the city we should do it and we must do it. On the second point that was so ably brought out a few minutes ago by Councilor Linehan—if this job must be filled, then clearly the need calls for somebody who can take dictation and transcribe it and do the necessary typing. That is, if we need anybody here, and I very frankly doubt it, we need somebody who can handle stenographic and clerical work, and until such time as we get somebody who can do that kind of work there is no reason to discuss the matter at all. Now, most of the men in the Council either are or have been in some business or other. I know very well that in their own private businesses no member of the Council would hire anybody at \$2,700 a year if there was not a need for that person to fill some specific job and if that person did not have the ability to do the work. If we would not do that in our own private businesses, I do not believe any one of us here is stupid enough to do it. It seems to me we have no right to take the taxpayers' money—in a sense we are trustees—and waste it. In the same way, I sincerely hope both the amendment and the original order are defeated.

Coun. COFFEY—Mr. President, talking on the order. I do not know what the amendments are, and I do not care. They do not interest me. But I disagree with the gentleman who just took his seat the same as I disagreed last week. It is his opinion we do not need another man here. It happens to be my opinion we do need another man here. Besides that, we can also use a girl telephone operator on this floor. The more help we have here the better it is for us, the easier it makes it for us. I never met the gentleman in question until today. He happened to be in the Executive Chamber at 8.45 a. m. when I walked in. Then I did not know who he was until after I got talking with him. One thing I must say for him he was on the job this morning. He got in bright and early and before nine o'clock had the mail distributed, and was sitting at his desk to answer the telephone. The most important thing in my opinion in this body is that somebody will answer that telephone and give people an honest answer. I am cognizant of the fact that over 100 times I have come in early in the morning and found people on the telephone who did not belong in City Hall in any official capacity whatever. If anybody called to get a councilor, they got a sarcastic answer. They got some foolish reply that the councilor was not in, never would be in, and never does come in. It has happened more than once. It has happened even here. Councilors have taken the floor as a result of it. I have heard the councilor from Ward 3 (Coun. Russo) could not get a constituent on the telephone. I have heard councilors on the other side complain about it. I say the man is needed badly. That is my opinion. As far as wasting the taxpayers' money, I would not mention that too often if I were some of the members of this body. Sometime the taxpayers might get up in arms and ask these people if they have not wasted the taxpayers' money in one capacity or another. I would not go into that too often. Twenty-seven hundred dollars is a nice salary. That is true. We all can get constituents who would like to get that job. Of course, we could bring in 20 or 30 people on half an hour's notice to take the job. That is true. It so happens a man was picked for that job. Can you or anybody within the hearing of my voice answer this question? Of all those who work on the fourth floor in the City Hall, didn't somebody sponsor them at some time or another. How did they get the job if they were not sponsored?

Coun. LINEHAN—Mr. President, I never sponsored anybody. Will the gentleman yield for an answer?

Coun. COFFEY—Yes.
Coun. LINEHAN—If I remember, I thought he wanted an answer. If I remember the question, he wanted to know if somebody in the Council did not at some time or other sponsor any of these people up here.

President KELLY—I think what he meant was

Coun. LINEHAN—I would like to have him answer.

President KELLY—Will you define your question?

Coun. COFFEY—I thought I made a general statement. I mentioned nothing about what has happened recently or any members of the body. I said, can anybody tell me at some time or other whether everybody working on the fourth floor was not sponsored by somebody or other? This goes back over a period of years before you and I were here. There are only two appointments to my knowledge since I have been here, both sponsored. Councilor Hurley admits he sponsored one, and Councilor Russo will not deny he sponsored the other. These are the only two councilors who sponsored anybody for jobs here. Going back over the years, you will find out everybody on the floor was sponsored by somebody or

other. I would like to have got this job for my constituents. I had the good fortune of having one of my closest friends work on the floor. He has passed on. When the job was filled, I did not recommend anybody. A good man came up. Even the councilor from Ward 5 (Councilor Bayley) admits the gentleman is worthy of the job he holds. Everybody will agree that every man on the floor is all right. They might have their grievances against them or personal feelings. I do not know. I am on friendly terms with every one of them. I do say the press only carried half of the story last week, just Councilor Muchnick's statement that we were throwing away \$2,700, that the man is not needed. We need the man. We can use a telephone operator over and above this position now being filled. I hope that the man gets the job. I am going to vote for him. I think he is capable of filling the job.

President KELLY—The question comes on the amendment.

Coun. HANNON—What is the amendment?

President KELLY—Substituting the name of William Bailey for the name of William O'Connell.

The question came on the amendment, and it was not a vote. The question came on the passage of the order. The roll was called, and the order was passed, yeas 10, nays 8:

Yeas—Councilors Coffey, Hurley, Kelly, Kinsella, Lane, McCormack, Moriarty, Russo, Scannell, Sullivan—10.

Nays—Councilors Bayley, Bryan, Chase, Cook, Hannon, Keenan, Linehan, Muchnick—8.

Coun. BAYLEY—Mr. President, I move reconsideration. I believe reconsideration should prevail and that we should not approve of this gentleman at \$2,700. Last week I said there were several people, quite a few people, who could do both shorthand and typewriting who would be willing to fill that job for \$2,700 a year. I have since been informed there are several. The civil service list can provide people at \$2,500 who can take both shorthand and do typewriting work, if we admit the position is necessary, and I do not agree it is necessary.

The question came on reconsideration, and it was not a vote. Councilor Bayley doubted the vote and, a sufficient number of councilors having joined him, he asked for a roll call.

Coun. LANE—Mr. President, one week ago when this matter was being discussed about the appointment of Mr. O'Connell—

Coun. COOK—Mr. President, a point of order. I thought we were in the middle of a roll call.

President KELLY—We had not started it.

Coun. COOK—I did not think you could talk before you had this roll call doubting the vote.

President KELLY—The Chair will rule the roll call had not commenced and Councilor Lane is in order.

Coun. LANE—One week ago we discussed freely the appointment of this individual, at which time I voted in favor of him. You recall, Mr. President, at that time I brought to your attention the matter of another individual, a temporary appointee on this floor receiving less money, and you answered me, apparently interested as you were in Bailey. I do not question that, that he recently received an increase which you secured for him and you would be quite willing to go through very shortly for another increase for him. With the hope that you will soon equalize the pay with this new appointee, I am in favor of voting on Mr. O'Connell. I hope you will keep your word with me on Elmer Bailey.

The roll was called, and the motion to reconsider was defeated, yeas 7, nays 11:

Yeas—Councilors Bayley, Bryan, Chase, Cook, Keenan, Linehan, Muchnick—7.

Nays—Councilors Coffey, Hannon, Hurley, Kelly, Lane, Madden, McCormack, Moriarty, Russo, Scannell, Sullivan—11.

Present Councilor Kinsella.

REPORT OF COMMITTEE ON CONSTITUTES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Edward Brosemer (referred February 3) to be Weigher of Goods for term ending April 30, 1947—that same be approved.

Report on appointment of Robert Griffin (referred February 3) to be Weigher of Coal for term ending April 30, 1947—that same be approved.

The reports were accepted, and the question came on confirmation. Committee, Councilors Madden and Coffey. Whole number of ballots 15, yeas 15, and the appointments were confirmed.

INFORMATION ON MOTION TO TAKE FROM COMMITTEE.

Coun. MUCHNICK—Mr. President, how many votes does it require to take something from a committee that has been in less than thirty days?

President KELLY—Fifteen votes.

Coun. MUCHNICK—Is that fifteen or two-thirds of those present?

President KELLY—Two thirds of the entire membership are 15 votes.

Coun. MUCHNICK—Thank you.

LIGHTING FACILITIES, COOK AND WARREN STREETS, WARD 2.

Coun. KINSELLA offered the following:

Ordered, That his Honor the Mayor be requested to order the Street Lighting Division of the Public Works Department to install a bracketed electric light on the carrying pole on Cook street, opposite Sheafe street, in Ward 2, Charlestown, and to survey Warren street, Ward 2, Charlestown, for the purpose of improving the street lighting facilities thereon.

Coun. KINSELLA—Mr. President, briefly those two locations are among the darkest we have in Charlestown. I would like to describe this order as the type that Judge Adlow undoubtedly would not approve of. It is fair to assume any ordinary citizen going in and making such a request would not get as far as we would. I hope he does not object too strenuously when he realizes we are getting a few extra lights where we need them badly in Charlestown.

The order was passed under suspension of the rules.

SEPARATE SCHOOL OF NURSING.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor confer with the trustees of the Boston City Hospital to consider the advisability of separating the school of nursing from the general nursing school.

Coun. HURLEY—Mr. President, two weeks ago today I introduced an order asking that the Mayor confer with the Board of Trustees of the Boston City Hospital. I wanted Celia Knox, director of the school of nursing, to show reasons why she should not be removed. I do not know how far along that matter has gone, whether the Mayor has conferred with the Board of Trustees or whether the Board of Trustees has this order under consideration. In the meantime, in the past few weeks, from my own personal observation and talk with various members of this Body, the situation at the hospital in regard to nursing has become very bad. In introducing this order I thought that pending the decision of the Board of Trustees in studying this matter about the removal of Miss Knox if the Mayor would confer with the Board of Trustees to have the Board of Trustees separate the school of nursing from the general nursing service in the hospital, I am quite sure there would be a marked improvement in conditions in the hospital. It will be amazing to members of this Body to realize that the superintendent of nurses has 990 employees of the hospital under her direct control, if she has any control. We have 253 graduate nurses working. I do not know how many nurses are supposed to be working in the hospital. I imagine it is twice the number of nurses that are working there. We have 153 students in our own school in the Boston City Hospital School of Nursing. We have 191 affiliate nurses that are affiliated at our hospital from various hospitals throughout New England. We have 17 senior cadets plus 189 medical workers, which include ward maids, assistant helpers and so forth. We have 167 male medical workers, which include orderlies, porters, and the like, and 20 house workers, and chambermaids and cleaners who work in nurses' homes. This is a large amount of work for any one director in any institution. I do not think Miss Knox has the capacity and the ability and, yes, the education, to conduct a school with over 368 nurses in it, including 153 of our own nurses, 191 affiliates, and 24 teaching nurses at the hospital. I think the director of nursing in the Boston City Hospital should have one school and take care of that school. That is what her title calls for, director of the school. She should have a lot of work to perform. It would give her, the director, the opportunity of visiting the Massachusetts General Hospital and hospitals probably similar in size to the Boston City Hospital and comparing notes with the directors of the other hospitals in regard to their schools of nursing with the thought in mind of improving conditions in our hospital. I was reading an article yesterday about the graduation of nurses at the St. Elizabeth's Hospital. In that article it went on to say Sister So-and-So, director of the school of nursing, capped the new graduate nurses, and she was assisted by another Sister with the title of director of general nursing. Director of general nursing means that she has charge of all the work of the nurses, the graduate nurses, taking care of the sick plus the help that work in the wards throughout the hospital. I stated that conditions have got worse since I talked here two weeks ago. It was only last night that I went into the hospital at about quarter past eleven. Medical 7 and Medical 8 Neurological Services take care of bad cases of brain and spine injuries, and anything pertaining to the nervous system. They are located in Medical 7 and 8. One nurse was taking care of that type of patient. She was running back and forth from the seventh floor to the eighth floor and from the eighth floor to the seventh floor. In Dowling Building 2 North and 2 South there are many post-operation cases, serious cases, as I said before. There is a violation of the City of Boston fire rules. The fire door is supposed to be closed at all times except when someone is passing from ward to ward. It is fastened back and locked back, opened. Ward 1 and Ward 2. Ward 1 of course we know is the ward where people are taken to the hospital for alcoholism, and are confined there. The nurse

has a very difficult job in maintaining order in that particular ward. The next ward is a female medical ward. In that building in Wards 1 and 2 is one student nurse. When I say one nurse, I mean one student nurse, not a graduate nurse, a student nurse. In Surgical 1 and 2, female and male wards in the surgical building, the same condition existed. One nurse is taking care of post-operation cases, leg amputations, people operated on for gall bladder and kidney trouble. On surgery there is one student nurse between those two floors. Mr. President, I hate to say this but in a very short time, probably within a month we are going to lose four hospitals in New England that are sending their students to our hospital for further training. This is going to make a very big dent in this figure I quoted of 191 affiliates that are now training at our school. Their student nurses and our own student nurses and our affiliates are doing a grand job at the hospital. Without them our hospital would not exist today. Our hospital after eleven o'clock at night is staffed generally by these student nurses. Four large hospitals that are now affiliated with us are withdrawing their students from our school because they are sent to our school for specialized training that their hospitals do not have facilities for. If a girl is sent into our hospital from some outside hospital where they do not have a Pediatric Department, that girl comes to our hospital for a period of time to take pediatrics. They come to our school for one particular subject. During the night instead of being assigned to pediatrics, we find we have a shortage in the maternity or surgery or medicine, and the girls are removed from specialized training to some other training they had in their own hospital. The directors of the schools of nursing are sick and tired of seeing these affiliates in capacities where we should have nurses or our own students. They know it is a waste of time on the part of students going over the same subjects they had in their own school. Four large hospitals are withdrawing their students. Let me remind you gentlemen you are going to have lots of complaints from people living in your district for lack of attention and lack of nursing and care from now on. As I stated, in these wards last night it was bad. You can understand yourself, gentlemen. I know you are all in the hospital at various times. When you go into a ward to visit a constituent, and you wait there for probably half an hour and find out that the student has come up and down the stairs and asks to be excused because she has been very busy in another ward she was assigned to, that is bad. I am telling you in another month you are going to have a serious condition. I charge, Mr. President, that all this condition is brought about by this particular woman who is directing our school, or supposed to be directing our school of nursing. She is no more directing the school than you are. She spends probably an hour or two in the hospital daily. If you doubt it go up or call up, and ask for her. Go there now. Call up on the telephone at 9, 10, or 11, and ask for her. She has just stepped out. She is not in the hospital. She has an arrogant, bad way about her. It was only last week, walking through one of the corridors where the place was crowded with help and with visitors, that a young student nurse was going to the cafeteria to have lunch. Her cap was not turned up on the corner as it should be. The director walked over in front of the crowd and pulled the cap off the nurse, and told her to go back to the ward. She kept the cap herself. In the eyes of the students, that is a disgrace. Here is a girl working with the seniors and prepared for graduation. She is sent back humiliated to the same people she has been taking care of. They lose faith in the girl. Something happened to take away that rank. Something happened to take that cap off her head. These are only part of the conditions in the hospital, directed by the director of the school of nursing. At any time a nurse complains justifiably by letter there is not the courtesy of an answer. In desperation, as I stated before, if she uses the telephone, the girl is browbeaten and insulted over the telephone and told not to be bothering her. I spoke to the nurses in the hospital on different occasions. There are things this body here found, and they want to correct the situation at the hospital. They are all good girls. They love their school. They will work for it, and they want to work there. It is not a question of compensation. Four or five girls only yesterday who worked in the school resigned without cause and without reason. They were never asked why they resigned. They stated they were satisfied now that the compensation is better. I asked them, "Why don't you come back? This is your school and these are your friends, you graduated with them and worked with them." They say, "Councilor, we will not come back while she is in charge." In the meantime, I want the Board of Trustees and the Mayor to go over there. This is a great suggestion. I have talked it over with the Trustees and the heads of the services, the medical and surgical. They agree there should be a division in the school of nursing away from the general nursing situation in the hospital. I know of no people who are more interested in the welfare of the hospital than every member of this Body. Every day some one of them is doing a favor helping their constituents who are sick and injured to make their lives better and easier if possible while they are laying up there at our hospitals. I know it does not reflect credit on us when this situation comes up. We will have the thanks and prayers not only of the

nurses but of all the patients in our hospital. Mr. President, I suggest that we send this to a committee and see in the absence of the Mayor if we could not arrange through the committee to work directly with the Board of Trustees of the hospital and see if we could help them and help us to see our way to make this possible.

Coun. COOK—Mr. President, I would like to add if they call in some of the doctors, especially those at the head of the services, they would agree with the councilor as to the attitude of Miss Knox and the constant demoralization of the nurses at the hospital.

The order was referred to the Committee on Hospitals.

LOAN ORDER FOR TRAFFIC LIGHTS.

Coun. RUSSO offered the following:

Ordered, That his Honor the Mayor be requested to send to the City Council a loan order for sufficient moneys to take care of installation of automatic traffic lights in intersections where needed in the City of Boston.

Passed under suspension of the rules.

TRAFFIC LIGHTS, WARD 3 INTERSECTIONS.

Coun. RUSSO offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at the junction of Fleet and Commercial streets, at Eastern Avenue Wharf, and at all other intersections on Atlantic avenue and Commercial street.

Coun. RUSSO—Mr. President, I believe this is not the first order I have put in for the installation of traffic lights at the intersection of Fleet and Commercial streets and at the wharf where the Long Island boat comes in and leaves. I have had a letter from Dr. Sacchetti from the Long Island Hospital commending me on the first order I put in the Council approximately a year ago, telling me how vital it is that traffic lights be installed at that intersection. Only last week I received another letter from the Commissioner and from the doctor which was forwarded to me again, asking that I do something about it in order to have the installation of traffic lights effected. I had several talks with individuals in authority in the Traffic Department. Bill Desmond has agreed with me that is one spot where traffic lights should be installed immediately. As a matter of fact, in talking it over with him I asked if we should not have traffic lights along Commercial street and Atlantic avenue and all the intersections down there. Ever since the Elevated structure was taken down, that has been made a thoroughfare. Unless something is done, Mr. President, and done immediately, I feel a serious accident may happen and then it will be too late to act to save lives and save the injured. I am looking ahead to avoid in the future having any serious accidents or at least try to reduce the amount of accidents. I have been informed by Mr. Desmond that the only way we can install traffic lights is for the Mayor to send a loan order to the Council in order to have sufficient money to erect these traffic lights. I do hope his Honor the Mayor will send in to the Council a loan order for this worthy purpose. I feel we will be doing our duty to the people of the City of Boston by erecting these traffic lights where necessary in order to reduce or eliminate further serious accidents in the City of Boston. May I also add in the various orders I have presented there is one at Kneeland street and Harrison avenue, Albany and Broadway, and various other intersections where these lights are needed. During the past few years on account of the war they have been unable to get the equipment. However, I have been informed they are able to get some of the equipment now. I trust his Honor the Mayor will send in this loan order immediately in order to have the traffic lights installed. I hope the order is passed under suspension of the rule.

The order was passed under suspension of the rules.

PETITION OF BOSTON WATERWAYS, INC.

Coun. LINEHAN—Mr. President, I would like to move at this time a point of information. I would like to ask the chairman of the Committee on Licenses whether or not we are going to have a report on the petition of the Boston Waterways, Inc.

Coun. COFFEY—Mr. President, the report which has come back from the Traffic Commissioner is still in the clerk's hands. It will not get to me for two or three days. I will have a committee meeting during the week.

Coun. LINEHAN—May I ask the councilor what clerk it is who has the report?

President KELLY—Mr. Hynes, the City Clerk. The Clerk of Committees will get it tomorrow afternoon or Wednesday morning.

Coun. LINEHAN—There is no possible way to get it in Executive Session?

President KELLY—It has been referred unanimously by the Council to the Committee on Licenses earlier in the meeting.

Coun. COFFEY—May I further state I got a report this afternoon from the Law Department. I have not had a chance to show it to the committee members.

Coun. LINEHAN—Why I rise to ask the question is that last week I asked the same question and was told we would probably act on it this Monday. I have several orders here, Mr. Chairman.

SIDEWALKS, WILLOW COURT, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic or black top sidewalks in that part of Willow court, Ward 7, which does not already have sidewalks.

Passed under suspension of the rules.

TRUCKS OF WALTER REED CORPORATION.

Coun. LINEHAN offered the following:

Whereas, The drivers of trucks belonging to the Walter Reed Corporation, which are hauling clay fill from Congress street to the Clapp street dump, are negligent in allowing parts of their loads to pile up high on Boston street, Ward 7, creating a health menace to the residents and causing damage to property in the immediate vicinity as a result of said clay splashing against houses; therefore, be it

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take immediate steps to compel the Walter Reed Corporation to keep Boston street, Ward 7, clean from the vicinity of St. Mary's School to Willow court.

Passed under suspension of the rules.

REFUSE DROPPED ON OLD COLONY AVENUE.

Coun. LINEHAN offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to compel dump trucks traveling along Old Colony avenue, in the vicinity of Old Harbor Village, to travel in such a way as to prevent refuse from dropping off said trucks into Old Colony avenue, Ward 7.

Passed under suspension of the rules.

STREET ILLUMINATION AT WARD 12 INTERSECTIONS.

Coun. COOK offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install proper street illumination at the intersections of Warren and Savin streets and Warren and Maywood streets, Ward 12.

Passed under suspension of the rules.

OBSTRUCTION OF PASSAGE OF FOOT TRAVELERS.

Coun. HANNON offered the following:

Ordered, That section 36 of chapter 39 of the Revised Ordinances of 1925 be amended by including in the first line the words "public place," so that the line will read as follows: "No person shall in a street, or public place, unreasonably obstruct the passage of foot travelers."

Referred to the Committee on Ordinances.

REFUSAL OF PERMIT TO MRS. GERHARDT EISLER.

Coun. KEENAN offered the following:

Ordered, That his Honor the Mayor be requested to revoke the permit of Brown Hall on Huntington avenue, if Mrs. Gerhardt Eisler, wife of the leader of the Russian spy ring who is now facing federal charges of conspiring to overthrow the United States Government, is allowed to speak in said hall on Friday evening, February 14.

Passed under suspension of the rules.

RETIREMENT ALLOWANCES FOR CERTAIN POLICEMEN AND FIREMEN.

Coun. MORIARTY and LANE offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation relative to retirement allowances for policemen and firemen retired for accidental disability under the Boston

Retirement Act, so called, provided such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rules.

RETIREMENT OF FIREMEN.

Coun. MORIARTY and LANE offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation to make certain provisions of law relative to the retirement of firemen apply in the City of Boston, provided such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. MORIARTY, for the Committee on Public Lands, submitted the following:

Report on message of the Mayor and order (referred January 6, 1947) for sale of land at Commonwealth and Chestnut Hill avenues—that same ought to pass.

The question came on the report of the committee, and the report was accepted. The question came on the passage of the order.

Coun. BAYLEY—Mr. President, may I have more information on this matter?

President KELLY—I would be glad to get it for you.

Coun. MORIARTY—Mr. President, some time ago this was originally put up at public auction, this parcel of land at Commonwealth and Chestnut Hill avenues. It was put up at public auction at an upset price of \$125,000. The city auctioneer held that public auction. He received no bids. I am given to understand that there were interested parties, but no bids were submitted. I have been lately informed that there are parties interested in that particular parcel of land at the now present upset price of \$110,000. The Committee on Public Lands feels the city will derive some benefit at this reduced upset price if the land is ultimately purchased.

Coun. BAYLEY—Mr. President, is this a public auction?

President KELLY—This is a public auction, councilor.

Coun. LINEHAN—Is this a question, Mr. President, where the city might get \$125,000 or \$135,000, or is it just a \$110,000 minimum?

President KELLY—They may get anything over \$110,000 at public auction.

Coun. LINEHAN—I would like to ask the chairman if that is so.

Coun. MORIARTY—Answering the councilor from South Boston, the auctioneer likewise informs me that there is no prohibitive bidding. If one chooses to go beyond \$110,000, the city will accept any bid beyond \$110,000.

The question came on giving the order its first reading. The clerk called the roll. The order was rejected, yeas 14, nays 3 (15 votes being necessary for passage).

Yeas—Councilors Bryan, Carey, Cook, Kelly, Kinsella, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—14.

Nays—Councilors Chase, Coffey, Keenan—3.

Present—Councilor Bayley.

Coun. MUCHNICK—Mr. President, I move reconsideration for the purpose of having the matter sent to the Executive Committee. In the event it is reconsidered and acted upon favorably, it will stay in the Executive Committee until next week or the following week, and we can have the Chairman of the Board of Real Estate Commissioners in to give us some information, more information than we now have.

Coun. MORIARTY—Mr. President, I understand the chairman of the Real Estate Commissioners has limited knowledge on this. He merely acts as auctioneer. It was originally Park Department land. Therefore, it may be the Park Commissioner can give the councilor the knowledge he wishes.

Coun. MUCHNICK—I would be glad to have him there in addition to or in substitution for the chairman of the Board of Real Estate Commissioners.

Coun. COOK—Mr. President, evidently the Park Commissioner is in favor of it. I have voted in favor of it. It seems to me we ought to have a public hearing, and maybe the people around the district would like to state their views. I suggest if we have reconsideration we have a public hearing at which time all those interested will be invited.

Coun. CHASE—Mr. President, the reason I voted in the negative is because I desire more information on this matter. As all of us know, there is considerable controversy over sales of public land. I do not think it is wise for us to hastily go into this matter with a view to selling it without knowing what it is all about. In view of the fact that I have not had much knowledge and I am not well acquainted with the facts, I voted in the negative. I hope, sir, that the matter goes back to the committee and a public hearing will be given on the matter.

The question came on reconsideration, and reconsideration carried.

President KELLY—What is the pleasure of the Body?

Coun. MUCHNICK—Mr. President, I move that the matter be sent to the Executive Committee with instructions to hold a public hearing, at which time we may invite the Park Commissioner and the Real Estate Commissioner and the Law Department and any other department heads that the Body would like to have.

President KELLY—Councilor Muchnick makes a motion that this matter be referred to the Executive Committee and all those interested parties be invited.

Coun. MUCHNICK—At a public hearing.

President KELLY—At a public hearing.

Coun. LINEHAN—Mr. President, I move to amend it by inviting in addition to the department heads leaders that might represent the different churches and clubs in that ward, whatever ward it is. I do not know what number it is.

President KELLY—The Chair said all persons who are interested. That covers it.

Coun. LINEHAN—I am being specific. I am not leaving it to anybody's choice. I want specifically mentioned the people who are invited.

President KELLY—Councilor Muchnick, write out your motion, noting specifically whom you want invited, and give it to the clerk. We will call a recess for two minutes. Write out your order, please.

(Short recess.)

The CLERK—Councilor Muchnick moves it is to be referred to the Executive Committee, and the following people invited: Park Department, Law Department, Real Estate Board, leaders of the churches and synagogues, veterans' organizations, local boards of trade, local and state representatives and senators, union organizations, women's clubs, at a public hearing before the Executive Committee.

President KELLY—Does that include everybody?

Coun. KINSELLA—Mr. President, a point of information. We recently took a vote on passage.

President KELLY—That is right.

Coun. KINSELLA—Fourteen votes were recorded in favor.

President KELLY—That is right.

Coun. MUCHNICK—Then reconsideration was voted. I will ask the clerk a point of information through you. Since the matter will stand defeated without reconsideration, but reconsideration having been found, isn't it in order now for another motion for passage?

President KELLY—A motion to refer takes precedence over a motion to pass. Any motion would be in order but a motion to refer takes precedence over a motion to pass. Councilor Muchnick's motion is to refer the matter to the Executive Committee with instructions to invite these people.

Coun. KINSELLA—Is a motion to pass now in order?

President KELLY—If the motion to refer to the Executive Session is rejected, a motion to pass is in order.

Coun. KINSELLA—May I ask Councilor Muchnick to withdraw his motion for the purpose of putting the motion for passage once more? I have a specific reason for it.

Coun. MUCHNICK—Mr. President, I would like to know what the reason is. I do not think passage would prevail.

Coun. KINSELLA—Well, Mr. President, unofficially I would like to say I want to see Councilor Chase vote for it. It would then be given passage and first reading. The public auction is the thing that has been stressed for so long. Now in between the first and second reading you can ascertain the information that he says he would like to have adduced. I would like to prevail on him to change his vote on the next motion to pass from No to Yes and give it its first reading and all the subsequent details can be brought out since the public auction which is promised meets all his past criticisms on the sale of public lands.

President KELLY—Councilor Muchnick's motion has been put.

Coun. MUCHNICK—It is not withdrawn.

President KELLY—To withdraw that motion he needs unanimous consent.

Coun. KINSELLA—If Councilor Chase is allowed to answer my question?

Coun. LINEHAN—I object.

President KELLY—The question is on reference to the Executive. Councilor Muchnick does not withdraw his motion.

Coun. KINSELLA—I was going to say there is not anything for Councilor Linehan to object to.

President KELLY—That is what I am pointing out.

Coun. LINEHAN—I thought you said Councilor Muchnick had withdrawn it.

President KELLY—Nothing has been withdrawn. I just explained it would take unanimous consent to withdraw. Have you that information, Councilor Chase, for Councilor Kinsella?

Coun. CHASE—Mr. President, in answer to the gentleman from Charlestown, all I can say is I am not well acquainted with the facts surrounding the transactions. If some one could give me the explanation—

Coun. KINSELLA—Mr. President, I would like to say in the intervening two weeks between now and two weeks from today all the information necessary and pertinent can be adduced not only for the benefit of Councilor Chase but for the

others who voted against it for the same reason that Councilor Chase voted against it. There is always a possibility of defeating it on the second reading if the information is not forthcoming.

Coun. CHASE—Mr. President, I still feel the same way I did when I cast my vote. I should know more about the matter before I vote in the affirmative.

President KELLY—All right.

The question came on referring the matter to the Executive Committee, and the motion was carried.

TRAFFIC LIGHTS AT BROWN AVENUE AND CUMMINS HIGHWAY.

Coun. McCORMACK offered the following: Ordered, That the Boston Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the intersection of Brown avenue and Cummins Highway, Ward 19.

Passed under suspension of the rules.

"STOP" SIGNS AT ELM STREET AND SEAVENS AVENUE, WARD 19.

Coun. McCORMACK offered the following: Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install "Stop" signs at the intersection of Elm street and Seaverns avenue, Ward 19.

Passed under suspension of the rules.

ELECTRIC LIGHTING ON CERTAIN WARD 19 STREETS.

Coun. McCORMACK offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take the necessary steps to have the gas lights changed to electricity on the following streets in Ward 19: Holbrook street, Eliot street, Paul Gore street, Dunster road, Aldworth street, Florence street, Forbes street.

Passed under suspension of the rules.

TRAFFIC LIGHTS AT HILLSIDE AND CALUMET STREETS.

Coun. CAREY offered the following: Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic lights at the intersection of Hillside and Calumet streets, in Ward 10.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON RULES.

Coun. SULLIVAN, for the Committee on Rules, submitted the following:

Report on resolution (referred February 3) that Council request the Governor to reappoint to office of Commissioner of Labor and Industries James T. Moriarty—that same ought to pass.

The question came on the acceptance of the report of the committee, and the report was accepted. The question came on the passage of the resolution.

Coun. SULLIVAN—Mr. President, I think it is now in order to place this resolution on file.

The question came on the motion that the resolution be put on file, and the motion was defeated.

Coun. LINEHAN—Mr. President, I now move that the resolution be forwarded to the Governor in the proper procedure, and that the report of the Committee on Rules for other than placing it on file—

President KELLY—That has been defeated.

Coun. LINEHAN—I now move that the order itself, the resolution, be forwarded.

The question came on the passage of the resolution, and the motion carried.

President KELLY—At this time the Chair will appoint Councilor McCormack chairman of the Executive Session.

RECESS.

On motion of Councilor Sullivan, the Council voted at 5.52 p. m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President KELLY at 6.05 p. m.

Adjourned at 6.06 p. m., on motion of Councilor Muchnick, to meet on Monday, February 17, 1947, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 28, 1947.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8.15 o'clock p. m., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Norton, and White.

APPROVAL AND AMENDMENT OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion of the Superintendent and under a suspension of Section 267 of the regulations, the minutes of previous meetings were amended as follows:

Nov. 12, 1946, on page 212, to provide that the appointment of Dorothy M. Colahan, assistant, Roxbury Memorial High School (Girls), to take effect Jan. 1, 1947, shall read to take effect "June 16, 1947."

Dec. 23, 1946, on page 250, to provide that the appointment of Rita F. Fitzgerald, teacher, elementary, William Lloyd Garrison District, to take effect Feb. 1, 1947, shall read to take effect "June 20, 1947."

ACCEPTANCE OF OFFICE

The following communication was received:

Jan. 28, 1947.

Miss Louise Kane, Secretary
Boston School Committee
Dear Miss Kane:

This is to acknowledge your communication of January 17, 1947, in which you inform me that at the meeting of the School Committee held on January 14, 1947, the Superintendent reported my assignment as Deputy Superintendent, to take effect January 15, 1947, and that the assignment was approved unanimously by the School Committee.

I am very grateful to the Superintendent of Schools and to the School Committee for their confidence in me and, for the new honor which has come to me.

I appreciate, of course, as do my colleagues on the Board of Superintendents, that the new title is simply superimposed upon an old title, for in fact and by law I remain an assistant superintendent. I shall continue to the best of my ability to perform such duties as the Superintendent sees fit to assign to me.

Sincerely yours,
(Signed) M. J. Downey,
Assistant Superintendent.

Placed on file.

DEATH

The Superintendent reported the death of the following-named

teacher who had been retired on pension:

Boston Technical High School—Bradley C. Rodgers, Jan. 20, 1947. Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent, to take effect on the date stated, was presented:

Department of School Lunches—Marie C. Norcross, cafeteria attendant, Jan. 31, 1947.

Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting the retirement from active service of the following-named member of the State-Boston Retirement System, to take effect Jan. 31, 1947, as certified by the Boston Retirement Board:

Dwight-Everett District—Margaret M. O'Brien, teacher, elementary.

The communication was placed on file, the retirement on pension of Margaret M. O'Brien because of ill health was approved, and the provisions of the regulations requiring her to refund a portion of the money paid to her while on leave of absence for rest in the school year 1945-46 were waived.

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting the retirement from active service of the following-named members of the State-Boston Retirement System, to take effect on the dates indicated, as certified by the Boston Retirement Board:

High School of Commerce—George A. Fellows, master, Jan. 31, 1947.

Clarence R. Edwards Intermediate District—Laura B. Tolman, teacher, intermediate, Dec. 31, 1946.

Department of Physical Education—Henry L. Caswell, junior master, military drill, Jan. 31, 1947.

Placed on file.

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting the retirement from active service of the following-named veterans, who had been retired on pension under the provisions of Chapter 32 of the General Laws, as amended by Chapter 483 of the Acts of 1945, and by Chapter 678 of the Acts of 1945:

William E. Joyce, senior custodian, James Otis School, Jan. 21, 1947, \$30 per week.

Walter R. Mungovan, senior custodian, William Lloyd Garrison School, Jan. 21, 1947, \$32.50 per week.

Placed on file.

WITHDRAWAL OF APPOINTMENT

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting that he has withdrawn the appointment of Isabelle A. Koury, teacher, elementary, Elihu Greenwood District, which was approved at the meeting of Dec. 17, 1946.

Placed on file and the withdrawal of appointment approved.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

English High School—Herbert Zoll, junior master (from teacher, intermediate, James P. Timilty Intermediate District), Feb. 1, 1947.

Gilbert Stuart District—Grace A. Lindsay, teacher, elementary, Feb. 1, 1947.

Longfellow District—Joan F. McAuliffe, teacher, elementary, Feb. 1, 1947.

The rules were suspended and the appointments approved, the four members present voting in the affirmative.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The superintendent submitted, under the provisions of section 365, paragraph 3 of the regulations, the following list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Thelma G. Adamson, Katherine L. Alberti, Beatrice V. Buttles, Anna McEligott Byrnes, Anna Belle Camp, Barbara Childs Dixon, Mary Conlon Donlon, William F. Duffy, William F. Finucane, George F. Gilbody, Jr., Lenore Duboff Goldberg, John F. Grady, Joseph G. Green, Jr., Mary F. Heineman, Robert B. Heineman, Annie Molloy Holder, Dora King Houston, Mary E. Jacobs, Mary Kelly Jagiello, Pauline Kane, William D. Kelly, Katherine Stone Magulion, Caesar Muollo, William F. Murray, Anna K. Norton, Alice Dwyer Porowski, Calvin H. Raulerson, Wanda R. Reid, John J. Ryan, Alexander J. Spano, Margaret Clancy Sweeney, Ruth Madison Tavie, Alice McCaffery Thompson, Mary Davey Tobin.

Day Intermediate Schools—Thelma G. Adamson, Katherine L. Alberti, Julia Marriner Barry, Anthony L. Bruno, Beatrice V. Buttles, Anna McEligott Byrnes, Janice Patterson Cate, William B. Cate, Ruth J. Coughlin, Eleanor Sweeney Crowley, Thomas E. Crowley, Hazel Butler Daley, Teresa Tehan Drohan, William F. Finucane, Lenore Duboff Goldberg, Robert B. Heineman, Mary E. Jacobs, Mary L. Howard Jones, William D. Kelly, Helen Delaney King, Claudia Dwyer McCarthy,

Martha Volk Mealwitz, Phyllis Daly Morrison, William F. Murray, Anna K. Norton, Emma McDonald O'Shea, Catherine Clancy Porter, Wanda R. Reid, Marjorie Taylor Sanderson, Libby Cohen Sherman, Estelle Sisson Stahl, Bernice Friedman Staller, Margaret Clancy Sweeney, Alice McCaffery Thompson, Mary Davey Tobin, Mary O'Hare White.

Day Elementary Schools—Mary A. Young Boyne, Beatrice V. Buttles, Mabel Dockendorff Clarke, J. Evelyn Mozynski Colburn, Margaret Daly Doyle, Mary S. Finnegan, Anne Callahan Ford, Annie Molloy Holder, Leona Karlsberg, Marion Warren Mahoney, Ruth A. McLaughlin, Madeline Goodale McLean, Theresa E. O'Hearn, Catherine Clancy Porter, Bernice Friedman Staller, Ola Walden Teixeira, Marion Blodgett Telless, Mary Burbage Thomas, Mary O'Hare White, Marjorie E. Whitehead.

Kindergarten—Clare B. Conway, Elinor McDermott Galvin, Mollie Sirkin Goldblatt, Dora King Houston, Etta Burman Maddoff, Marion Blodgett Telless, Marguerite M. Tibert.

Boston Trade High School—Richard M. Burns, William F. Murray, John J. Ryan.

Classes for Conservation of Eyesight—Thelma Ricles Post.

Special Classes—Agnes K. Fennessey, Anna Murphy Hickey, Ruth Costello Moulds.

Speech Improvement Classes—Mary L. Howard Jones, Anna Rush Ryan.

Department of Household Science and Arts—Mary Conlon Donlon, Marie T. White, teachers of cookery. Mary Conlon Donlon; teacher of sewing.

Department of Music—Samuel Goldberg.

Department of Physical Education—William D. Kelly.

Approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—Joseph S. Aversa, co-operative instructor, Jan. 14, 1947; Robert A. Payne, co-operative instructor, Jan. 20, 1947.

Department of Industrial Arts—Edward F. Lordan, shop instructor, Jan. 22, 1947; George A. Lyon, shop instructor, Jan. 14, 1947.

Approved.

TEMPORARY SCHOOL NURSES

Department of School Hygiene—Theresa D. Lally, Jan. 20, 1947; Mary J. White, Jan. 13, 1947; Claire P. Hutchinson, Jan. 22, 1947.

Approved.

STUDENT ASSISTANTS

(New appointments)

Boston Technical High School—Robert J. Ringer, mechanical department, Jan. 8, 1947.

Boston Trade High School—Thomas G. Babcock, mechanical department, Jan. 16, 1947.

Approved.

EVENING SCHOOLS **Term 1946-47**

Central Evening High School—John H. Ward, first assistant, Jan. 9, 1947.

Roger Wolcott Evening School—Grace D. Lennon, assistant, Jan. 9, 1947.

Boston Trade High School (Evening Classes)—Walter P. Dockray, assistant, Jan. 6, 1947; Edward J. Murphy, assistant, Jan. 7, 1947; Paul Byrne, George T. Hall, toolkeepers, Jan. 6, 1947; Walter D. Sichel, toolkeeper, Jan. 7, 1947; Gerald Cunningham, Edmund S. Olson, toolkeepers, Jan. 9, 1947.

Evening Opportunity School—Arthur S. Cooper, toolkeeper, Jan. 6, 1947.

A communication was received from the Superintendent under date of Jan. 28, 1947, reporting that subject to the approval of the School Committee he has appointed the following-named clerical assistants for service in the evening schools:

South Boston Evening Commercial High School—Mary M. Cunningham, Jan. 7, 1947.

Boston Trade High School, Evening Classes—Catherine J. Sullivan, Jan. 6, 1947.

Approved.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1946-47

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting that subject to the approval of the School Committee, he has assigned the following named persons to serve in the Department of the Extended Use of the Public Schools for the term 1946-47:

Assignments

Leaders—Thomas P. Hazell, Dec. 21, 1946; Louise J. Giglio, Beatrice M. Lombard, Salvatore J. Saccardo, Jan. 3, 1947; Edith W. Wylie, Jan. 17, 1947; Ada Courage, Jan. 31, 1947.

Assistant Leaders—Matthew T. Hoey, Jan. 15, 1947; George J. McCarron, Jan. 29, 1947.

General Helpers—Thomas P. Hazell, Dec. 21, 1946; John F. Doherty, Salvatore J. Saccardo, Jan. 4, 1947; Matthew T. Hoey, Jan. 15, 1947.

Helpers—Salvatore J. Saccardo, Jan. 4, 1947; Joseph Richards, Jan. 19, 1947.

Attendants—Robert E. Burns, James J. Keegan, John J. Farren, Thomas J. Gordon, John J. Keohane, John N. Murphy, Edward F. Lanergan, Jan. 4, 1947.

Reassignments

General Helpers—Harry Berlin, Edward F. Lanergan, Jan. 4, 1947.

Helpers—Edward F. Lanergan, Oct. 3, 1946; Mildred F. McCarthy, Jan. 17, 1947.

Attendant—Harry Berlin, Jan. 4, 1947.

Approved.

LEAVES OF ABSENCE

A communication was received from the Superintendent under date of Jan. 28, 1947, reporting that subject to the approval of the School Committee, he has discontinued the leave of absence for military service granted Thomas R. Pennypacker, master, Public Latin School, at the meeting of Sept. 21, 1942 (see p. 169), said discontinuance to take effect Jan. 19, 1947.

Placed on file and the discontinuance approved from the date stated.

On the report of the Superintendent, leaves of absence for rest were granted the following-named teachers for the term specified:

Girls' Latin School—Blanche W. Harding, assistant, Sept. 1, 1947, to Aug. 31, 1948, for rest.

Department of Manual Arts—William Moore, shop foreman, Sept. 1, 1947 to Aug. 31, 1948, for rest.

On the report of the Superintendent, leaves of absence without pay, under a suspension of the regulations, were granted the following-named teachers for the terms specified:

Mary Hemenway District—Mary A. Barrett, teacher, elementary, Dec. 1, 1946, to Feb. 28, 1947. Sherwin District—Dorothy C. Foley, assistant, special class, Dec. 2 and 3, 1946, and from Dec. 12, 1946, to Mar. 31, 1947.

Department of Household Science and Arts—Lillian H. Pearson, teacher of cookery, Jan. 1, to Mar. 31, 1947.

TRANSFERS

A communication was received from the Superintendent under date of Jan. 28, 1947, reporting that subject to the approval of

the School Committee, he has made the following transfers of teachers:

Augusta H. Bergson, teacher, kindergarten, Rice-Franklin District, to the same position in the Hugh O'Brien District, Feb. 1, 1947.

Adelaide C. Maginnis, teacher, kindergarten, James A. Garfield District, to the same position in the Washington Allston District, Feb. 1, 1947.

Approved.

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting that subject to the approval of the School Committee, he has made the following transfer:

Ella Sisto, assistant, Roslindale Evening School to the same position in the William Blackstone Evening School, Jan. 7, 1947.

Approved.

DESIGNATIONS

A communication was received from the Superintendent under date of Jan. 28, 1947, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1947:

Public Latin School—Wilfred L. O'Leary, junior master, as acting head of department, men (vice William H. H. Peirce, absent on leave), Jan. 10, 1947.

Brighton High School—Margaret S. Miller, assistant, as acting head of department, women (vice Elizabeth I. O'Neill, absent on leave), Jan. 13, 1947.

Dwight-Everett District—Ellen A. Murphy, teacher, intermediate, as acting vice principal (vice Gertrude M. Wyeth, absent on leave), Jan. 9, 1947.

Placed on file.

GARDENING, SEASON OF 1947

The Superintendent offered the following five orders:

ORDERED, That the Superintendent is hereby authorized to conduct instruction in gardening during the season 1947 from Feb. 1 to Dec. 31, 1947, the summer term of which shall coincide with the summer vacation period.

ORDERED, That the Superintendent is hereby authorized to appoint teachers of gardening to the following ranks for service during the season 1947:

Supervisor of gardening.

Garden assistant.

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in the gardens during the season 1947.

ORDERED, That any teacher of gardening appointed for the season 1947 may be transferred by

the Superintendent from one position to another for which said teacher holds the required license, and said teacher shall be paid according to the schedule established for the position actually filled during any session certified to by the Director of Industrial Arts.

ORDERED, That the hours of service of teachers and custodians employed in gardening during the season 1947, unless otherwise specified, shall be such portion of the time between eight o'clock A. M. and eight o'clock P. M. as the Superintendent may direct.

The five orders passed.

SALE OF SCHOOL PROPERTY

The following preamble and order were offered:

WHEREAS, the Julia Ward Howe School Annex, Dale Street, Roxbury, is now vacant and not in actual use for school purposes, it is hereby

ORDERED, That it is advisable to sell the following-named property which is not now required for school purposes, in accordance with the provisions of Chapter 259 of the Acts of 1906:

Julia Ward Howe School Annex, Dale Street, Roxbury: Building only.

The preamble was adopted and the order passed, the four members present voting in the affirmative.

ADVANCE IN DATES OF GRADUATING EXERCISES

The Superintendent offered the following:

ORDERED, That for the current school year, the Superintendent is hereby authorized to advance the date of the graduating exercises of The Teachers College to Thursday, June 12, 1947.

The regulations were suspended and the order passed, the four members voting in the affirmative.

The Superintendent offered the following:

ORDERED, That for the current school year, the Superintendent is hereby authorized to advance the date of the graduating exercises of Latin and day high schools to the week beginning Monday, June 2, 1947.

The regulations were suspended and the order passed, the four members present voting in the affirmative.

ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of Jan. 28, 1947, submitting in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report of Edward J. Rowse, Director, Distributive Education, on his attendance at the National Retail Dry Goods

Association Convention held in New York City, Jan. 14 to 16, 1947, inclusive.

Placed on file.

APPOINTMENT, OFFICE OF SUPERINTENDENT-SECRETARY

A communication was received from the Secretary, under date of Jan. 28, 1947, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service and of the Librarian, State Library of Massachusetts, she has appointed Mary E. Harkins, as assistant, Group D, in the offices of the Superintendent-Secretary, by transfer from the State Library of Massachusetts, to take effect Feb. 1, 1947.

Placed on file and the appointment approved, to take effect on the date stated.

On motion, it was

ORDERED, That the salary of Mary E. Harkins, assistant, Group D, in the offices of the Superintendent-Secretary, is hereby established at the rate of twenty-four dollars (\$24) per week, to take effect Feb. 1, 1947.

ANNUAL REPORT OF THE BUSINESS MANAGER

The Annual Report of the business Manager on the cost of public school education in the City of Boston for the financial year 1945, being School Document No. 1, 1946, was presented.

The report of the Business Manager was accepted and was adopted as the financial report of the School Committee for the year 1945.

TERMINATION OF SERVICE OF CUSTODIAN

A communication was received from the Superintendent, under date of Jan. 28, 1947, reporting that in accordance with the recommendation of the Schoolhouse Custodian, he has terminated the services of John J. Downey, senior custodian, Lawrence Schoolhouse, effective Jan. 10, 1947.

Placed on file and the termination approved from the date stated.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian under date of Jan. 28, 1947, reporting the death on Dec. 12, 1946, of Joel Sargent, senior custodian, East Boston High Schoolhouse, and recommending that all money due him be paid to his widow, Charlotte Sargent.

Placed on file.

On motion, it was

ORDERED, That the salary due Joel Sargent, late senior cus-

todian, East Boston High Schoolhouse, be paid to his widow, Charlotte Sargent.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian under date of Jan. 28, 1947, recommending that leaves of absence on one-half compensation be granted the following-named custodians for the periods specified because of personal illness:

Joseph J. Hurley, Junior Custodian, Boston Clerical Schoolhouse, Feb. 1 to 28, 1947.

John J. McCarthy, Junior Custodian, Grover Cleveland Schoolhouse, Feb. 1 to 28, 1947.

John J. Mullane, Senior Custodian, Ellen H. Richards Schoolhouse, Feb. 1 to 28, 1947.

Hugh A. Stevenson, Senior Custodian, Andrew Jackson Schoolhouse, Jan. 27 to Feb. 28, 1947.

Lawrence J. Sullivan, Junior Custodian, Grover Cleveland Schoolhouse, Feb. 1 to 28, 1947.

James J. Walsh, Senior Custodian, Theodore Roosevelt Schoolhouse, Feb. 1 to 28, 1947.

Placed on file and leaves of absence on one-half compensation granted for the periods specified.

RESOLUTION ON WILLIAM RANDOLPH HEARST

Mr. White: In view of the fact that our government has set aside Jan. 26 to Feb. 1, 1947, as "National Youth Week" it seems highly appropriate that the Boston School Committee pay honor to a great American who has been a pioneer in the fight against juvenile delinquency and in a campaign to instill high moral principles in the lives of American youth. Therefore, I have prepared and wish to submit for your consideration the following preamble and resolution:

WHEREAS, William Randolph Hearst, editor, philanthropist and outstanding American, in his wisdom and foresightedness to safeguard the youth of America, joined hands with the Boston School Committee in the Fall of 1943 to establish a recreational program for 'teen agers—a program of their own choosing in which they share full responsibility, and

WHEREAS, This program developed into fourteen night recreation centers conducted in well-lighted, well-heated, well-ventilated and well-staffed public school buildings, and

WHEREAS, These fourteen night youth centers have operated continuously for four years, despite the acute period of fuel shortage, and

WHEREAS, These night centers have resulted in a closer

bond between day school education and night recreational activities, and

WHEREAS, As a result of the wisdom of the Boston School Committee and the Massachusetts Youth Committee, sponsored by the Boston Hearst newspapers—Record, American, Sunday Advertiser,—this youth guidance program of recreation and education has served as a powerful influence for moral and patriotic uplift, and

WHEREAS, The dividends paid by this guidance program have been partially attested to in the report of Miss Katharine F. Lenroot, Chief of the United States Children's Bureau, that juvenile delinquency had decreased twenty-eight per cent in Boston during the year 1945—the second largest decrease in the country, and

WHEREAS, The success of these centers in Boston attracted such widespread interest that hundreds of centers patterned after them have been established throughout the country, and

WHEREAS, William Randolph Hearst has further shown his intense interest in the youth of the United States, not only by combating juvenile delinquency on a national scale, but also by his efforts to instill in youth a true picture of American ideals through the medium of his Junior Victory Army and his annual nation-wide History and Oratorical Contests for high school and college students, and be it

RESOLVED, That the Boston School Committee, representing approximately 100,000 pupils in a city of approximately three-quarters of a million persons, expresses to William Randolph Hearst its sincere appreciation and gratitude for the service he has rendered in helping to mould the character and lives of the youth of our city and nation.

The preamble and resolution were adopted, the four members present voting in the affirmative.

The Committee adjourned.

Attest:

LOUISE KANE.

Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ELECTRICIAN, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: The entrance salary is \$1,950 a year; the maximum salary is \$2,250 a year.

Vacancies: At present there is one vacancy, to be filled on a permanent basis.

Duties: To take care of high and low tension light and power circuits, electric motors, kitchen and laundry stoves, sterilizers, sewing and cutting machines, electric fans, X-ray and shock treatment machines, fire alarm systems and telephones; to set poles for street lighting and high tension line transformers; to locate trouble on light and power circuits; to install new motor driven machines, such as washing machines, toasters, refrigerating machines, dish-washing machines, bread slicers, etc.; and to perform related work as required.

The ability to install wire in accordance with the Fire Underwriters' Code, to work without a helper, and to climb poles with lineman's climbers, as well as a knowledge of the proper wire for underground and overhead distribution services, is required. A knowledge of moving picture machines is desirable.

Familiarity with the National Electrical Code, issue of 1940, and the 1943 supplement to the National Electrical Code is required. Copies of this code and supplement may be obtained at the office of the New England Insurance Rating Association, Room 619, 89 Broad street, Boston, at 5 cents each.

Entrance Requirement: Applicants must possess a journeyman electrician's license on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,320 a year; the maximum salary with maintenance is \$1,620 a year. The entrance salary, plus one meal a day, is \$1,600 a year; the maximum salary, plus one meal a day, is \$1,900 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To cut, fit, manufacture, and repair all types of clothing, including men's suits and overcoats, women's coats, etc., and to supervise patients in performing the simpler tasks connected with this work, such as mending, sewing buttons, pressing and cleaning; to keep machinery and tools in good working condition; to requisition the supplies; and to perform related work as required. The ability to handle the patients tactfully is necessary.

Entrance Requirement: Applicants must have at least one year's paid experience as a tailor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, *i. e.*, partly based on expenditures by the municipality.

AIDS PAID TO ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

AIDS PAID TO PUBLIC ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME OF MASSACHUSETTS SCHOOL FUND.

State participation in the financing of education began with the establishment of the Massachusetts School Fund in 1834, the income from which was to be used "for the aid and encouragement of common schools," (chapter 169, Acts of 1834). The principal of this fund is now \$5,000,000. The income of the fund has been distributed in many different ways. In 1835, population and the amount raised by local taxation for school support were the determining factors. Many changes followed until the present complex provisions were enacted, mostly in 1919, with some modification in later years.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR PLASTIC GAS LAMP GLOBES.

The Supply Department of the City of Boston invites proposals for furnishing plastic gas lamp globes to the Public Works Department. The bidder must use the form of proposal with specifications and drawing, obtainable at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Thursday, March 20, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Gas Lamp Globes."* The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

(Feb. 22-Mar. 1.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

SALE OF OLD X-RAY MACHINES.

The Trustees of the Boston City Hospital invite sealed proposals for purchase and removal from the hospital of two (2) old X-ray machines as described below:

1. Campbell Clinix type fluoroscopic table with 30 MA, 85 KV. This table was used for fluoroscopy only and there is no tube stand or tube.

2. Westinghouse single transformer and control, 150-240 volts AC, 50-60 cycles, capacity 30 MA and 35KV. Westinghouse tube stand and parts.

These machines are no longer required by the hospital. They are approximately ten years old, dismantled, and must be purchased "as is," some of the parts being defective or missing. A certified check for \$100, payable to the City of Boston, if the proposal is not carried out, must accompany each bid. The bids must be made in duplicate, the one with the check to be left at the office of the Superintendent of the Boston City Hospital, 818 Harrison Avenue, Boston, before 2 o'clock p. m. of Thursday, February 27, 1947, at which time and place the bids will be publicly opened and read. The duplicate bid must be filed with the City Auditor, City Hall, Boston, before 2 o'clock p. m. on the date named above for receiving bids. The machines may be seen by applying at the X-Ray Department, Boston City Hospital, 818 Harrison Avenue. The Trustees reserve the right to reject any and all proposals.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH,
(Feb. 22.) President.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN LEWISTON STREET, TAUNTON AVENUE, TACOMA STREET, FARRAR AVENUE, ROSEBURY ROAD AND NAVARRE STREET, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Lewiston street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Lewiston Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 7, 1947, with a certified check for fifteen hundred (1,500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(Feb. 22.) Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MARCH 1, 1947.

No. 9

REPORTS OF FRANCIS J. DALY, HEAD OF DIVISION OF JUVENILE ADJUSTMENT, ON ATTENDANCE AT 32D ANNUAL CONFERENCE OF NATIONAL LEAGUE TO PROMOTE SCHOOL ATTENDANCE, IN BALTIMORE, OCTOBER 14 TO 17, 1946, AND NATIONAL CONFERENCE ON PREVENTION AND CONTROL OF JUVENILE DELINQUENCY, IN WASHINGTON, NOVEMBER 20 TO 22, 1946.

The following is the report of attendance of Francis J. Daly at conference of the National League to promote school attendance:

I was invited to address the first postwar conference of the National League to Promote School Attendance which was held in Baltimore on October 14 to 17, 1946.

This organization is composed of directors of attendance departments, children's bureaus, guidance departments, and other educational administrators and workers for whom the troubled and unadjusted child is the chief concern in the school and in the community. It was attended by representatives of this type from all parts of the country.

The theme of the conference was stated to be "The changing concept of attendance service as an important factor in pupil adjustment—in school, at home, and in the community." The organization is one which supports efforts for the best legislative means of keeping children in school, studies trends in child labor activities, and recommends a case study approach to every problem of attendance which is aggravated by maladjustment either in the school or at home.

Address to Conference.

My address was on "The Development of Programs to Meet Adjustment and Attendance Needs." Some highlights of this address were as follows: Years ago the concept of the schools' responsibility for the control of maladjustment, truancy, and delinquency seemed largely along lines of segregation or policing efforts. Early statements of policy about seventy-five years ago consistently emphasized "incurability" as a characteristic of the children worked with, and enforcing the law as the major responsibility of the attendance supervisor.

A survey I have made of present practices in all large cities of the country and in every state of the Union, clearly indicates a changed approach to the problems of the maladjusted and truant child. Twenty out of the twenty-five largest cities have established child guidance clinics or juvenile adjustment services of some sort. Twenty-one out of these twenty-five have developed coordinating units for child welfare like the Boston schools Bureau of Child Accounting. Back of this there has been a definite realization that certain broad aspects of school functioning have a great deal to do with either the causation of, or control of, maladjustment, truancy, and delinquency.

I summarized forty-three separate studies which showed a median I. Q. of delinquent and maladjusted children to be within the dull normal range. This was contrasted with relatively poor development of curriculum and other aspects of school function to meet the special needs of this group. Similar survey of studies indicating the relationship of failure and retardation to consequent development of difficulty among children was outlined, together with a brief appraisal of programs in some cities through which failure and retardation has been reduced to a small fraction of what it was in those same cities not too many years ago. The permeation of the school system with a sensitivity to the problems of the maladjusted child was discussed, together with various means of achieving this.

Health Handicaps.

The relationship of undetected or uncorrected health handicaps to the later development of failure, retardation, maladjustment, truancy, and delinquency proved to be of special interest to the conference group. Physical handicaps, disfigurements, anomalies, have direct relationship in many cases to subsequent trouble and difficulty for the child, with vision and hearing defects being of special meaningfulness in this respect.

(Continued on page 288.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

JOSHUA H. JONES, Editor.

P. NICHOLAS PETROCELLI, Associate Editor.

WILLIAM J. PATRON, Business Agent, 63 City Hall, Boston

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 3, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquises, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending February 22, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 192; nonresidents, 43; total, 235.

Death rate per 1,000 of population: All deaths, 15.94; nonresidents deducted, 13.03.

Death rate per 1,000 of population:

Last week, 16.01; corresponding week last year, 15.20.

Deaths by age periods, sex, etc.: Under one year, 21; one year to four years, inclusive, 2; sixty years and over, 149. Total deaths: Male, 136; female, 99; deaths in hospitals and institutions, 150.

REPORTABLE DISEASES: CASES AND DEATHS.*

DIRECTOR OF PUBLIC CELEBRATIONS DISCUSSES BUDGET OF DEPARTMENT.

George James Curley, Director of Public Celebrations, made the following statement concerning the 1947 budget estimate for his department:

"The 1947 budget estimate for Public Celebrations is lower than the estimate made for the year 1946. While it is true that the figure of the 1947 estimate is higher than the actual expenditures of 1946, the total allowed is not as high as the total allowed in 1946."

CONTRIBUTION FOR ANIMALS FOR FRANKLIN PARK ZOO.

George James Curley, Director of Public Celebrations for the City of Boston, was presented a check on behalf of the Diamond Peacock Club, by Vincent F. Chapman, at 12 noon, February 26, in the Mayor's Office.

The check will be used in a fund which is being raised for the purchasing of animals for the Franklin Park Zoo.

REPORTS OF FRANCIS J. DALY, HEAD OF DIVISION OF JUVENILE ADJUSTMENT.

(Continued from page 285.)

With regard to special schools and classes for the mentally retarded, it appears that while not so many seriously maladjusted or delinquent children come from these groups as from the dull normal group, nevertheless, they do face certain special handicaps and social dangers. Any time that error is made in diagnosis so that a child becomes assigned to a special education program, particularly one which is segregated from the normal stream of child growth through the schools, then there are potentialities of unnecessary maladjustment for that child. There was considerable discussion of this from the floor and many statements concerning the necessity for controlling unnecessary maladjustment among the special class group.

TENDENCY IN CITIES.

A tendency in many cities throughout the country toward the establishment of special classes in the regular junior and senior high schools, thus minimizing the degree of separation and feeling of differences that these children have, was also discussed, as were special programs of vocational training, guidance, and placement for these children.

I presented a survey of state programs of subsidy for work with the socially handicapped, which have been developed within the past several years in twelve different states. What this means is that those states are supporting programs in the local communities' school systems similar to our juvenile adjustment program here. The same survey showed a variety of types of pre-court proceedings having been developed in large city school systems all over the country. Through these the school attempts to make sure if there might not be some proper way for the school system to adjust the child rather than simply to refer truancy cases to courts. Discussion from the floor at this point revealed a consensus that these pre-court proceedings programs were extremely successful. In summary, a greatly changed concept of what attend-

ance work means is evident throughout the country as a whole. The degree of change from the old policing function is amazing. Not only do the attendance personnel themselves approach problems of nonattendance on a case study basis, but all the appropriate forces of the school system as a whole are being intelligently marshaled to help children who are problems and children who have problems before they become chronic truants or seriously maladjusted. Better still, attempts are being made to deal with those aspects of school functioning which may be causing those problems in the first place.

Other addresses to the convention included discussions of such subjects as "Pupil Personnel and Counseling," "How Curriculum Affects Attendance," "Child Development Needs," "Child Guidance Clinic Work," "Child Labor Standards and Legislation," "Visiting Teacher Programs," and "The Value and Utilization of a School Census."

Report of Attendance of Francis J. Daly at National Conference for the Prevention and Control of Juvenile Delinquency, held at Washington, D. C., November 20, 21, 22, 1946.

On personal invitation of the Attorney General of the United States, I was invited to be a member of a selected panel on "The Schools" at the National Conference for the Prevention and Control of Juvenile Delinquency.

This was one of a group of panels meeting in this conference, from the reports of which one hundred thousand printed copies of a statement of the national program will later be issued. The other panels included "The Church," "The Home," "Community Coordination," "Institutional Treatment," "Juvenile Courts and Detention," "Role of Police," "Recreation," "Housing," "Youth Participation," "Citizen Participation," "Child Guidance," "Rural Aspects," "Case Work-Group Work," and "Statistics."

I was selected as a member of an editing committee of three for the report on the schools, the major aspects of which may be summarized briefly as follows:

1. A school system should know its individual pupils and have all the facilities in personnel, tests, records, etc., through which this can be brought about.
2. The school program must meet the needs of individual pupils, and this implies knowledge of their abilities, learning levels, interests, physical capacities, special aptitudes and disabilities, etc. Special attention needs to be given to the problem of curriculum for the dull normal or slow learning child.
3. The school system needs to carry on a continuous program of curriculum revision and planning.
4. The teachers of the school system must be alert to tell-tale signs of potential or beginning maladjustment or delinquency.
5. The school system must have available special services to aid the teacher in understanding and adjusting pupils. These should include such personnel as physicians, juvenile adjustment workers, remedial reading specialists, psychiatrists, psychologists, or other specialists.
6. The school system should offer organized guidance and counselling services to all pupils.

7. The school system should see that every child of school age attends school as regularly as possible, and that the curriculum is of such value that he desires to continue learning either in school or out of school.

The panel group emphasized that too frequently are the causes of truancy to be found in the school, and also that some children have severe academic, physical, or social limitations which indicate the necessity of specialized programs for them, or services to them, if non-attendance is to be avoided.

8. The school should aim to develop children who are effective family members now and who will be effective parents later.

The panel group emphasized that a school program which is so verbalized, unrealistic and purposeless that the child sees little relationship between what goes on in the classroom and his present and future problems of everyday living, will not achieve this objective.

9. The school should be concerned with the moral and religious growth of the pupils.

10. There should be an organized health and nutritional program in the schools. It seemed of special importance to the panel group that physical defects and handicaps noted should be given follow-up attention, and all remediable defects corrected.

11. The school should have an emotional climate conducive to learning and to wholesome pupil growth and development. The panel group stressed that such a condition cannot be obtained in a classroom dominated by fear, threats, and punishment.

12. The schools should utilize the most effective teaching methods in assisting the pupils to learn.

13. The school should have an effective class size.

14. New teachers should have adequate preparation to take their place in the modern school. In this matter it was stated considerable emphasis must be placed on the teacher's education in the social service aspect of the teacher's job as well as on curriculum planning and child study responsibilities, rather than have the teacher still be no more than subject matter specialist.

15. The school should carry on a planned program of in-service training of staff personnel. This should include work shops, teachers meetings, etc.

16. The school should maintain close contact with every child's home and neighborhood.

17. The schools should offer many and varied activities for the leisure time of its pupils.

18. The school plant should be designed for school and community recreation activities, and should be available for such use outside of school hours.

19. The school should consider its learning outcomes and goals in terms of desired changes in behavior.

The panel group stated, in summary, that too often the schools are willing to accept lip service as evidence that a child has learned. Only when teachers, principals, and supervisors reorient themselves in terms of the behavior-goal concept and have the cooperation of the parents in this point of view, can we expect the school to make rapid strides in the wholesome behavior development of all its pupils.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

Fireman Thomas J. Berninger of Engine Company 7 has been granted an increase in salary from \$2,400 to \$2,700 a year.

Approval has been given to promote the following-named second engineers to the position of first engineer, with increases in salary from \$2,800 to \$2,900 a year, effective 8 a. m., February 12:

Second Engineer Henry Currie, fireboat, Engine 31.

Second Engineer Francis J. Donnelly, fireboat, Engine 31.

Second Engineer Leo E. Morrin, fireboat, Engine 31.

HOSPITAL DEPARTMENT.

General Division.

For the week ending January 28:

The following provisional employees have been appointed:

William Sinclair, 10 Chestnut avenue, Francis Bartley, 18 Leverett street, Arthur Annis, 61 Appleton street, James J. Keefe, 675 Cummins Highway, Herbert Purdy, 37 Worcester street, Joseph L. Coyne, 435 Shawmut avenue, Robert Campbell, 80 West Concord street, James R. Hilson, 1829 Dorchester avenue, Joseph E. Callahan, 22 Barnes street, John F. McLaughlin, 1 Cottage street, Lawrence P. Fenton, 469 Shawmut avenue, Joseph W. Stoddard, 108 Regent street, Albert Paschal, 17 Albion street, Joseph E. Sylvia, 1821 Washington street, Edward F. Kesterton, 26 Worcester square, Floyd A. Warren, 148 West Newton street, Peter J. Nee, 428 East Sixth street, Victor Roberts, 12 Rutland square, hospital medical workers, \$25 a week; Louise Holmes, 600 East Fifth street, Mary Eldridge, 19 Sawyer avenue, Mary G. Rogers, 274 Eustis street, Frances Z. Staiti, 279 Eustis street, Olga A. Babikian, 24 Dover street, Elizabeth Killoran, 68 West Concord street, Mary Annis, 61 Appleton street, Theresa Murphy, 113 Hampden street, Catherine Holman, 12 Julian street, Eileen Rogers, 16 Julian street, Mary A. Walsh, 104 Main street, hospital medical workers, \$24 a week; Gerard Hafner, part-time hospital medical worker at \$18.84 a week to hospital medical worker at \$24 a week; Albema Murphy, 5 Haviland street, Catherine Cyr, 3 Andrews street, Jane Gillis, 17 Orchard street, hospital house workers, \$24 a week; Matthew Burke, 73 Maywood street, hospital house worker, \$25 a week; Mary Kavanaugh, 37 Sharon street, Margaret Joyce, 133 East Cottage street, hospital laundry workers, \$24 a week; Ernest Binns, 37 Woodward avenue, hospital kitchen man, \$25 a week.

South Department.

CONTRACTS AWARDED.

(Continued from page 291.)

gasoline to the various city departments which were publicly opened and read at this office on January 20, 1947.

The Socony-Vacuum Oil Company submitted an irregular bid inasmuch as their proposal was submitted in letter form and not on the printed proposal form furnished by the city.

The Socony-Vacuum Oil Company have given this department a maximum guaranteed net price of 9.95 cents per gallon, exclusive of all Federal and State taxes.

Bearing in mind the irregularity of this bid, but in view of the saving accruing to the city it is respectfully requested that permission be granted me to award a contract, without further public advertisement, to the Socony-Vacuum Oil Company at the prices shown on the attached sheet.

The approximate total of the contract is \$12,225.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Posted Commercial Consumer Tank Wagon Price on Day of Bid, Per Gallon.
—Tide Water Associated Oil Company, 11.3 cents; Colonial Beacon Oil Company, 11.3 cents; Cities Service Oil Company, 11.3 cents; Socony-Vacuum Oil Company, 11.3 cents.

Minus Differential of—Per Gallon.
—Tide Water Associated Oil Company, 1.25 cents; Colonial Beacon Oil Company, .25 cent; Cities Service Oil Company, 1 cent; Socony-Vacuum Oil Company, 1.52 cents.

Net Price, Day of Bid, Per Gallon.
—Tide Water Associated Oil Company, 10.05 cents; Colonial Beacon Oil Company, 11.05 cents; Cities Service Oil Company, 10.3 cents; Socony-Vacuum Oil Company, 9.78 cents.*

Approximate Total.—Tide Water Associated Oil Company, \$12,562.50; Colonial Beacon Oil Company, \$13,812.50; Cities Service Oil Company, \$12,875; Socony-Vacuum Oil Company, \$12,225.

Maximum Guaranteed, Net, Per Gallon.
—Cities Service Oil Company, 11.3 cents.

Trade Name or Brand.—Tide Water Associated Oil Company, Tydol Ethyl; Colonial Beacon Oil Company, Esso Extra; Cities Service Oil Company, Cities Service Ethyl; Socony-Vacuum Oil Company, Mobilgas Special.

Remarks.—Tide Water Associated Oil Company have amended our proposal; Cities Service Oil Company offer a 1 per cent cash discount; Standard Oil Company submitted no formal proposal; a letter was submitted instead agreeing to furnish not more than 125,000 gallons at the same price and subject to the same terms and conditions now covered in our contract with them.

* Contract awarded.

Upon February 7 the Mayor approved a contract with Trimount Bituminous Products Company, the lowest bidder, for furnishing bituminous patching mixture to the various city departments until December 31, 1947, and during any extension of said period as hereinafter provided, at a price of \$5.72 per ton. The total amount of the contract was \$68,640.

Bids, opened February 6, were as follows:

Approximately 12,000 Tons of Bituminous Patching Mixture as Per Specifications, Per Ton.—Trimount Bituminous Products Company, \$5.72*; H. H. McGuire & Co., Inc., \$6.02; National Contractors Company, Inc., \$6.08; Warren Brothers Roads, \$6.15; S. J. Tomasello Corporation, \$6.45.

Cash Discount, Ten Days.—Trimount Bituminous Products Company, 2 per cent; H. H. McGuire & Co., Inc., 2 per cent; National Contractors Company, Inc., 2 per cent; Warren Brothers Roads, 2 per cent; S. J. Tomasello Corporation, 2 per cent.

Remarks.—Bid filed at auditor's office by Connors's Corporation, no bid filed at Supply Department, \$4.94 per ton, 2 per cent.

Upon February 7 the Mayor approved a contract with Thomas E. Hogan, Inc., for furnishing tires and tubes to the various city departments. The total amount of the contract was \$6,495.41.

Bids, opened February 5, were as follows:

Item 1. 750 x 24 Truck Tires, Each.—Firestone Stores, \$1,284.75; General Tire Company, \$1,419.84; Automotive Distributors, \$1,241.76; Stretton & Cheyne, \$1,206.48; Edward S. Quirk Corporation, \$1,217.04; Thomas E. Hogan, Inc., \$1,186.80; Cities Service Oil Company, \$1,378.80.

Item 2. 750 x 24 Tubes, Each.—Firestone Stores, \$137.04; General Tire Company, \$146.88; Automotive Distributors, \$125.52; Stretton & Cheyne, \$128.88; Edward S. Quirk Corporation, \$130.08; Thomas E. Hogan, Inc., \$125.28; Cities Service Oil Company, \$147.36.

Item 3. 900 x 24 Truck Tires, Each.—Firestone Stores, \$1,824; General Tire Company, \$1,928.64; Automotive Distributors, \$1,752; Stretton & Cheyne, \$1,603.68; Edward S. Quirk Corporation, \$1,729.20; Norwalk Tire and Battery Company, \$1,682.88; Thomas E. Hogan, Inc., \$1,685.28; Merchants Distributors, \$1,743.84; Cities Service Oil Company, \$1,959.12.

Item 4. 900 x 24 Tubes, Each.—Firestone Stores, \$183.60; General Tire Company, \$197.04; Automotive Distributors, \$168; Stretton & Cheyne, \$172.56; Edward S. Quirk Corporation, \$174.24; Norwalk Tire and Battery Company, \$180.48; Thomas E. Hogan, Inc., \$168; Merchants Distributors, \$175.68; Cities Service Oil Company, \$197.28.

Item 5. 1000 x 20 Truck Tires, Each.—Firestone Stores, \$1,155.15; General Tire Company, \$1,101.90; Central Tire Company, \$1,005.15; Automotive Distributors, \$1,050; Stretton & Cheyne, \$1,085.70; White Motor Company, \$1,240.80; Edward S. Quirk Corporation, \$1,095.30; Norwalk Tire and Battery Company, \$1,065.75; Thomas E. Hogan, Inc., \$1,067.40; Merchants Distributors, \$1,104.30; Cities Service Oil Company, \$1,041.60.

Item 6. 1000 x 20 Tubes, Each.—Firestone Stores, \$187.75; General Tire Company, \$181.50; Central Tire Company, \$181.25; Automotive Distributors, \$162.50; Stretton & Cheyne, \$176.25; White Motor Company, \$201.50; Edward S. Quirk Corporation, \$177.75; Norwalk Tire and Battery Company, \$184.25; Thomas E. Hogan, Inc., \$171.50; Merchants Distributors, \$179.25; Cities Service Oil Company, \$164.

Item 7. 1200 x 24 Truck Tires, Each.—Firestone Stores, \$764.40; General Tire Company, \$808.02; Central Tire Company, \$665.04; Automotive Distributors,

\$663.78; Stretton & Cheyne, \$738.90; White Motor Company, \$820.98; Edward S. Quirk Corporation, \$724.68; Norwalk Tire and Battery Company, \$705.18; Thomas E. Hogan, Inc., \$706.20; Merchants Distributors, \$730.68; Cities Service Oil Company, \$689.16.

Item 8. 1200 x 24 Tubes, Each.—Firestone Stores, \$132.90; General Tire Company, \$142.80; Central Tire Company, \$128.40; Automotive Distributors, \$115; Stretton & Cheyne, \$128.50; White Motor Company, \$142.70; Edward S. Quirk Corporation, \$126; Norwalk Tire and Battery Company, \$130.50; Thomas E. Hogan, Inc., \$121.70; Merchants Distributors, \$127; Cities Service Oil Company, \$118.

Item 9. 34 x 7 Tubes, Each.—Firestone Stores, \$132.50; General Tire Company, \$142.25; Central Tire Company, \$128; Automotive Distributors, \$116.25; Stretton & Cheyne, \$124.50; White Motor Company, \$142.25; Edward S. Quirk Corporation, \$125.50; Norwalk Tire and Battery Company, \$130.25; Thomas E. Hogan, Inc., \$121; Merchants Distributors, \$126.50; Cities Service Oil Company, \$114.25.

Item 10. 32 x 6 Tires, 10-Ply, Each.—Firestone Stores, \$357.60; General Tire Company, \$378; Central Tire Company, \$328.20; Automotive Distributors, \$326.50; Stretton & Cheyne, \$335.80; White Motor Company, \$383.70; Edward S. Quirk Corporation, \$338.70; Norwalk Tire and Battery Company, \$329.70; Thomas E. Hogan, Inc., \$330.40; Merchants Distributors, \$341.60; Cities Service Oil Company, \$322.30.

Item 11. 32 x 6 Tires, 8-Ply, Each.—Firestone Stores, \$265.80; General Tire Company, \$281.40; Central Tire Company, \$238.40; Automotive Distributors, \$242.50; Stretton & Cheyne, \$249.70; White Motor Company, \$294.40; Edward S. Quirk Corporation, \$251.90; Norwalk Tire and Battery Company, \$245.10; Thomas E. Hogan, Inc., \$245.50; Merchants Distributors, \$254; Cities Service Oil Company, \$247.

Item 12. 32 x 6 Tubes, Each.—Firestone Stores, \$91.20; General Tire Company, \$97.20; Central Tire Company, \$108.90; Automotive Distributors, \$103.50; Stretton & Cheyne, \$105.90; White Motor Company, \$120.90; Edward S. Quirk Corporation, \$106.80; Norwalk Tire and Battery Company, \$44.85; \$55.35; Thomas E. Hogan, Inc., \$82.80; Merchants Distributors, \$87; Cities Service Oil Company, \$95.10.

Item 13. 600 x 16 Passenger Tires, Each.—Firestone Stores, \$211.80; General Tire Company, \$224; Central Tire Company, \$194.60; Automotive Distributors, \$193; Stretton & Cheyne, \$199.20; White Motor Company, \$227.60; Edward S. Quirk Corporation, \$207.20; Norwalk Tire and Battery Company, \$207.60; Thomas E. Hogan, Inc., \$200; Merchants Distributors, \$202.60; Cities Service Oil Company, \$191.

Item 14. 600 x 16 Passenger Tubes, Each.—Firestone Stores, \$86.80; General Tire Company, \$92.40; Central Tire Company, \$84; Automotive Distributors, \$74; Stretton & Cheyne, \$81.60; White Motor Company, \$93.20; Edward S. Quirk Corporation, \$84.80; Norwalk Tire and Battery Company, \$85.60; Thomas E. Hogan, Inc., \$81.20; Merchants Distributors, \$82.80; Cities Service Oil Company, \$69.20.

Item 15. 650 x 16 Tires, Each.—Firestone Stores, \$173.40; General Tire Company, \$193; Central Tire Company, \$167.30; Automotive Distributors,

\$158.30; Stretton & Cheyne, \$171.20; White Motor Company, \$173.10; Edward S. Quirk Corporation, \$172.70; Norwalk Tire and Battery Company, \$163.70; Thomas E. Hogan, Inc., \$168.30; Merchants Distributors, \$174.10; Cities Service Oil Company, \$164.20.

Item 16. 650 x 16 Tubes, Each.—Firestone Stores, \$37.65; General Tire Company, \$40.05; Central Tire Company, \$36.30; Automotive Distributors, \$36; Stretton & Cheyne, \$35.25; White Motor Company, \$40.35; Edward S. Quirk Corporation, \$35.55; Norwalk Tire and Battery Company, \$36.90; Thomas E. Hogan, Inc., \$34.05; Merchants Distributors, \$35.85; Cities Service Oil Company, \$29.25.

Total.—Firestone Stores, \$7,026.31; General Tire Company, \$7,374.92; Central Tire Company, \$3,265.54; Automotive Distributors, \$6,528.61; Stretton & Cheyne, \$6,544.10; White Motor Company, \$3,881.48; Edward S. Quirk Corporation, \$6,697.44; Norwalk Tire and Battery Company, \$5,248.09; Thomas E. Hogan, Inc., \$6,495.41; Merchants Distributors, \$5,365.20; Cities Service Oil Company, \$6,927.62.

Brand.—Firestone Stores, Firestone, Grade 1; General Tire Company, General, Grade 1; Central Tire Company, Armstrong; Automotive Distributors, Pennsylvania or Gillette, Grade 1; Stretton & Cheyne, Dayton; White Motor Company, Firestone, Grade 1; Edward S. Quirk Corporation, U. S. Royal, Grade 1; Norwalk Tire and Battery Company, Norwalk, Grade 1; Thomas E. Hogan, Inc., Fisk; Merchants Distributors, Kelly Springfield; Cities Service Oil Company, U. S. Acme, Grade 1.

Discount.—Firestone Stores and White Motor Company are net, all other bidders are 2 per cent, ten days.

* Contract awarded.

† Indicates incomplete bid.

FIRE DEPARTMENT ORDERS.

General Order No. 20.

I. RESPONSE TO ALARMS OF FIRE.

Upon receipt of a still alarm call for fire within a building the operator in charge in the Fire Alarm Office will dispatch the nearest engine company, ladder company and district chief and immediately transmit the nearest city box.

Paragraph 5 of General Order No. 74, Series of 1946, is hereby rescinded, and the following paragraph is substituted therefor:

At all times upon receipt of an alarm from the American District Telegraph Company, Boston Automatic Fire Alarm Company and General Alarm Corporation, the operator in charge of the Fire Alarm Office will transmit the preliminary signal and the box number of the private company and immediately follow this by transmitting the nearest city box.

II. U. S. O. CAMPAIGN.

All city employees have been requested by his Honor the Mayor to participate in the drive for funds by the U. S. O. Greater Boston Campaign Committee.

Envelopes containing literature and money envelopes are being issued to the department today.

District chiefs shall see that all companies are supplied with contribution envelopes.

Company commanders shall accept contributions from members who may desire to give them and will write the names and the amount subscribed by each member of their commands on the outside of the white envelopes forwarded with this order. The money will then be placed inside the envelopes which are to be sealed and forwarded to Miss Mary C. Kelley, at Headquarters, on or before Friday, February 28, 1947.

Envelopes should be delivered at Headquarters, between the hours of 9 and 11 a. m., on any week day, up to and including February 28.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

General Order No. 21.

I. TRANSFERS.

Master John J. Leahy, from Engine Company 47 to Engine Company 31.

First Engineer Edmund M. Hourigan, from Engine Company 47 to Engine Company 31.

First Engineer Maurice A. Daly, from Engine Company 47 to Engine Company 44.

Second Engineer Henry F. Hayes, from Engine Company 47 to Engine Company 31.

Hoseman Joseph A. Campbell, from Engine Company 47 to Engine Company 44.

Hoseman Harold P. McLean, from Engine Company 47 to Engine Company 44.

Hoseman Francis P. McCarthy, from Engine Company 47 to Engine Company 44.

Hoseman William V. McNamara, from Engine Company 47 to Engine Company 31.

P. M. S. Lawrence J. McAdams, Jr., from Engine Company 47 to Engine Company 31.

P. M. S. John E. Lydstone, Jr., from Engine Company 47 to Engine Company 44.

P. M. S. Raymond R. Doldt, from Engine Company 47 to Engine Company 44.

P. M. S. Edwin C. Neiman, from Engine Company 47 to Engine Company 31.

P. M. S. Louis M. McLaughlin, from Engine Company 47 to Engine Company 44.

P. F. Louis Christina, from Engine Company 47 to Engine Company 44.

P. F. Richard E. Pare, from Engine Company 47 to Engine Company 44.

P. F. Chester I. Wall, from Engine Company 47 to Engine Company 44.

P. F. Arthur R. Marr, from Engine Company 47 to Engine Company 44.

P. F. Frank S. Douglin, from Engine Company 47 to Engine Company 44.

Hoseman Franklin E. Lawrence, from Rescue Company 1 to Ladder Company 17.

Ladderman John F. Gilbrook, from Ladder Company 17 to Rescue Company 1.

Ladderman William L. Kilduff, from Ladder Company 30 to Rescue Company 2.

Hoseman Biaggi Germano, from Engine Company 42 to Ladder Company 30.

II. ASSIGNMENT OF PROVISIONAL FIREMAN.

The following assignment, which will become effective at 8 a. m., Wednesday, February 26, 1947, is hereby announced:

Francis J. Dowling to Ladder Company 32.

III. PROMOTIONS.

The following promotions, which became effective at 8 a. m., February 12, 1947, are hereby announced:

Temporary First Engineer Edmund M. Hourigan, Engine 47, to First Engineer.

Second Engineer Henry Currie, Engine 31, to First Engineer.

Second Engineer Francis J. Donnelly, Engine 31, to First Engineer.

Second Engineer Leo E. Morrin, Engine 31, to First Engineer.

IV. RETIREMENTS.

The following retirements, on account of accidental disability, which will become effective at 8 a. m., Saturday, March 1, 1947, are hereby announced:

Hoseman Daniel F. Hooley, Engine Company 37.

Ladderman David W. Regan, Ladder Company 4.

Ladderman Joseph A. Flynn, Ladder Company 5.

Hoseman Hooley was appointed to the department August 13, 1926; Ladderman Regan was appointed February 1, 1924, and Ladderman Flynn was appointed December 22, 1933. All these men leave the department with the best wishes of their associates.

V. RESIGNATION.

The following resignation, which became effective at 8 a. m. on Wednesday, February 19, 1947, is hereby announced:

Provisional Fireman Robert E. Welsch, Ladder Company 20.

VI. CHANGE IN DESIGNATION OF ASSIGNMENT CARDS.

The Comins School and the Benjamin Pope School have been discontinued and the Auxiliary Fire Alarm System in these schools have been permanently disconnected. The assignment cards for the following fire alarm boxes should be corrected as indicated:

2366, Tremont and Parker streets (auxiliary), Comins School. Delete (auxiliary) Comins School.

7451, East Fifth and O streets (auxiliary), Benjamin Pope School. Delete (auxiliary) Benjamin Pope School.

VII. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 176, A. J. Tower Company, 2-38 Simmons street, Boston. (Sprinkler system). Apparatus to respond: Engine 13, Ladder 12, District Chief 8. Nearest box is 13-2241.

Signal 217, American Optical Company, 312 Border street, East Boston. (Sprinkler system). Apparatus to respond: Engine 9, Ladder 2, District Chief 1. Nearest box is 6174.

VIII. COMMENDATIONS.

Ladderman William F. McNulty of Ladder Company 11 is hereby commended for assisting the members of Ladder Company 11 in the attempted resuscitation of an unconscious man on February 16, 1947, while off duty.

Ladderman Kenneth E. Liddell of the Fire Prevention Division is hereby commended for responding to and working at fire, Box 3813, two alarms, on February 22, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

ELECTRICIAN, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: The entrance salary is \$1,950 a year; the maximum salary is \$2,250 a year.

Vacancies: At present there is one vacancy, to be filled on a permanent basis.

Duties: To take care of high and low tension light and power circuits, electric motors, kitchen and laundry stoves, sterilizers, sewing and cutting machines, electric fans, X-ray and shock treatment machines, fire alarm systems and telephones; to set poles for street lighting and high tension line transformers; to locate trouble on light and power circuits; to install new motor driven machines, such as washing machines, toasters, refrigerating machines, dish-washing machines, bread slicers, etc.; and to perform related work as required.

The ability to install wire in accordance with the Fire Underwriters' Code, to work without a helper, and to climb poles with lineman's climbers, as well as a knowledge of the proper wire for underground and overhead distribution services, is required. A knowledge of moving picture machines is desirable.

Familiarity with the National Electrical Code, issue of 1940, and the 1943 supplement to the National Electrical Code is required. Copies of this code and supplement may be obtained at the office of the New England Insurance Rating Association, Room 619, 89 Broad street, Boston, at 5 cents each.

Entrance Requirement: Applicants must possess a journeyman electrician's license on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NUMBER AND ESTIMATED COST OF NEW BUILDINGS AND ALTERATIONS, REPAIRS, ADDITIONS, ETC., FOR WHICH APPLICATIONS HAVE BEEN FILED FOR THE YEAR ENDING DECEMBER 31, 1946.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 17, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Cantwell, Fish, Russo and Scannell.

The meeting was opened with the salute to the Flag.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Fred D. Bankett, for compensation for loss of coat while patient at City Hospital.

Catherine F. Barry, for compensation for damage to car by fire apparatus.

Charles H. Blackwood, for compensation for loss of clothing while patient at City Hospital.

Marion Halliday, for compensation for injuries caused by an alleged defect at 84 Traverse street.

Mary M. Lynch, for compensation for damage to car caused by an alleged defect in Morton street.

Ruth Marble, for compensation for injuries caused by an alleged defect in street.

Helena Ryan, for compensation for injuries caused by an alleged defect at 37 Fulda street.

Axel J. Stenberg, to be reimbursed as result of execution issued against him.

Sun Oil Company, for compensation for damages to billboard by city truck.

Committee on Licenses.

Petition of Walter M. McDonough Company, for driveway opening at 708 Columbia road, Dorchester.

The petition was declared referred to the Committee on Licenses.

Coun. LINEHAN—Mr. President, is it possible to have that passed today?

President KELLY—If you confer with the chairman of the Committee on Licenses.

Committee on County Accounts.

Petition of Frank C. Walsh, prison officer in House of Correction, to be retired under provisions of chapter 678 of Acts of 1945.

COMMUNICATIONS FROM THE FINANCE COMMISSION.

The following were received:

City of Boston,

Finance Commission, February 12, 1947.

To the Committee on Civil Service.

There are several bills before your committee which would authorize the placing of various present office holders in the service of the City of Boston under the civil service laws and regulations thereunder. Some of these provide that the individuals to be thus favored shall be subject to noncompetitive qualifying examinations. Others would give full civil service standing to individuals without any test of qualifications whatever.

On the merits of these proposed advantages to individuals the Finance Commission wishes to point out that authorizations like those proposed seriously injure the morale of the municipal employees generally. They usually interfere with the natural progress to higher positions of those who began at the bottom through civil service regulations. Thereby they stifle natural and desirable ambitions, and tend to destroy *esprit de corps* in the departments affected.

Moreover, there is one among these bills which is likely to have even more vexatious results if established precedent is followed. It is Senate No. 201 which authorizes placing the employees of the Licensing Division of the Mayor's office under civil service. The bill before you grants this highly-prized privilege to the employees listed as such "upon the effective date of this act," and then the act reads:

"Sect. 2. This act shall take effect upon its passage."

When acts in the above form have been approved in the past, it has usually happened that this munificence of the Legislature has been abused by the administration in office at the time. The cloak of civil service has been thrown over many besides those who were intended to be benefited. In almost every such case, on the eve of final approval of the bill, a large number has been added to the particular pay roll affected. It has contributed substantially to the present overloading of the pay roll in many spots.

In the instance of the Licensing Division of the Mayor's office, if the bill must become law, the Finance Commission believes it should be amended to provide that only those who were on the division pay roll on January 1, 1947, should benefit. There were four at that time and that four are still there.

There is this additional consideration: The position at the head of this division is titled the "City Censor." Under the law the Mayor himself of course, is the City Censor. The employee designated as such is merely the Mayor's agent. Like all positions in the Mayor's office, the employees assigned to the Licensing Division have been

outside the civil service laws by special enactment intentionally. The Mayor being the municipal policy maker, it has been deemed proper to permit him to select without civil service those who are expected to help make and carry out his policies. One of the most delicate problems of the Mayor's office, is this very work of the Licensing Division, the carrying out of the Mayor's policies in respect to public entertainment.

It seems to the Finance Commission that to impose upon one mayor the selections of a preceding mayor for this delicate work would not tend to produce harmonious relations between a mayor and his subordinates; and, if history repeats itself, which is quite likely in this instance, a future mayor is likely to be saddled with a number of employees in confidential positions in whom he might have little confidence. In such an event it would likely follow that the city would acquire another batch of employees performing no worthwhile service.

In any event the Commission believes the doors should not be opened to permit further enlargement of the pay roll by the authority asked for in the bills before you.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,

ALEXANDER WHEELER,

LEO J. DUNN,

FREDERICK DEANE,

FREDERICK W. ROCHE.

The Finance Commission.

ROBERT E. CUNIFF, Secretary.

City of Boston,

Finance Commission, February 14, 1947.

To the Committee on Education,

Senator Ralph C. Mahar, Chairman.

Gentlemen,—The Finance Commission wishes to record its objection to House Bills 794 and 795, acts relative to discharge of teachers or superintendents of public schools.

Although it is recognized that in the field of educational law it is frequently necessary to enact a comprehensive statute affecting all communities alike for the purpose of insuring a uniform standard in school administration, it frequently happens that the situation peculiar to a municipality, in all reason and justice, should exempt that municipality from the coverage of such a statute.

Again, it may happen that the school administration of a city has been thoroughly and competently studied and suitable legislation passed so that the solution to the problem sought to be reached by the proposed statute has already been achieved and in a manner which best fits the needs of that city. Such is the situation in Boston.

After a survey of school administration in Boston, popularly known as the Strayer Survey and universally regarded as a classic by students of public education, several statutes were enacted to implement the basic tenets of this survey. One of these is chapter 497, Acts of 1946 covering the election, tenure, and prerogatives of the Superintendent of Schools.

The provisions of House Bills 794 and 795 affect teachers and superintendents, their dismissal and retention; in the case of teachers, also, by implication, their number. Furthermore, the duties and prerogatives of the superintendent and other officials with respect to teachers will be affected by the proposed legislation. Whatever may be the merits of the proposed legislation as it would affect other cities and towns, it would conflict with present law and organization in Boston, and deprive the city of the gains made in chapter 497 of the Acts of 1946.

The Finance Commission believes that the ground work having been laid for the future administration of Boston schools as the result of the Strayer Survey and its implementation, and in a manner tailored to the best interests of the city, the provisions of House Bills 794 and 795, which would accord uniform treatment to all municipalities including Boston with respect to the provisions of the bills, would tend to nullify the benefits to Boston achieved in the survey and in present law consequent on the survey.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,

ALEXANDER WHEELER,

LEO J. DUNN,

FREDERICK DEANE,

FREDERICK W. ROCHE.

The Finance Commission.

ROBERT E. CUNIFF, Secretary.

Placed on file.

RECOVERY OF GEORGE HERMAN "BABE" RUTH.

Coun. MUCHNICK and HANNON offered the following:

Resolved, That it is the hope and prayer of the Boston City Council, in meeting assembled, and as an expression of the sentiments of the citizens of Boston, that George Herman "Babe" Ruth may obtain, by the grace of God, a quick recovery from his present illness, so that he may continue to be a living symbol and worthy inspiration to the youth of America.

Passed unanimously under suspension of the rules.

PRINTING OF COUNCIL PROCEEDINGS.

Coun. HANNON offered the following:

Ordered, That the City Council Committee on Printing be requested to direct the Superintendent of Printing to immediately arrange for the printing of the City Council Proceedings in a more legible type and style.

Coun. HANNON—Mr. President, I think this is a very constructive order. Many times we are forced to go back to the records of previous weeks and it is pretty hard to read the minutes of the Council; they are printed in such small type. I think that is something that might well be amended or corrected, and I think it would improve not merely the ability of the councilors to look back and check on previous meetings, but might assist other people to read the minutes of the meetings.

Coun. BAYLEY—Mr. President, I agree with the distinguished gentleman from Ward 13. It is pretty difficult with all the talk that goes on at the Council to have sufficient paper to record the minutes. It is my hope the councilors will be noted more for their brevity in the future so that we will use no more paper than we have to at the present, and keep the speeches to a reasonable length of time and have legible type as recommended by the distinguished councilor from Ward 13.

The order was referred to the Committee on Printing.

SIDEWALKS ON EAST SIXTH STREET, WARD 7.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on both sides of East Sixth street in Ward 7.

Passed under suspension of the rules.

DORCHESTER HEIGHTS IMPROVEMENTS.

Coun. LINEHAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make whatever improvements are necessary to place Dorchester Heights in proper condition for the spring and summer seasons.

Passed under suspension of the rules.

SANDING OF SOUTH BOSTON BEACHES.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to resand all the beaches in South Boston so that they will be in good condition for the summer season.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Daniel J. Daly (referred February 8) as Constable, without power to serve civil process and to serve without bond, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of Alfred Blaustein (referred February 10) to be Constable, for term ending April 30, 1947, authorized to serve civil process upon filing of bond—recommending that appointment be confirmed.

Report on appointment of Charles J. McGrath (referred February 10) to be Constable, without power to serve civil process and to serve without bond, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of Edwin H. Fritz (referred February 10) to be Weigher of Goods, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of John H. Holmes (referred February 10) to be Weigher of Goods, for term ending April 30, 1947—recommending that appointment be confirmed.

The reports were accepted, and the question came on the confirmation of the appointments.

Coun. KEENAN—Mr. President, a point of information.

President KELLY—State your point of information.

Coun. KEENAN—Could I have the sponsor of Mr. Daly as a constable?

Coun. SULLIVAN—Mr. President? I will be happy to please the gentleman from Ward 17. I am the sponsor of Daniel J. Daly for constable.

Coun. KEENAN—Mr. President, I don't think it is fair. I would like to see the councilor get as many jobs as he can for his constituents, but I don't think it is fair to the other councilors to have one constable and another councilor have two for the period of 1947.

President KELLY—Councilor, I am informed that Councilor Sullivan has only one constable.

Coun. KEENAN—I am informed differently, Mr. President. He had one constable in 1947.

and he was promoted to a job as clerk in the City Council, and now he is getting another constable.

President KELLY—Councillor Sullivan has only one constable. This is his constable.

Coun. KEENAN—Mr. President, I ask when the vote is taken, that we vote separately on the confirmations of the constables.

President KELLY—The question is on confirmation of the other appointments.

Coun. MUCHNICK—Mr. President, I want to know whether or not that should have been handled by the Committee on Constables and Confirmations?

President KELLY—That is the report of that committee, councillor. The committee reports recommending the confirmations, and the Chair will appoint Councillors McCormack and Kinsella to receive, sort and count the ballots.

Coun. BAYLEY—Mr. President.

President KELLY—We are voting on them separately.

Coun. BAYLEY—Mr. President, who are we voting on now?

President KELLY—On all the appointments except Mr. Daly. The appointments are confirmed.

Coun. BAYLEY—By what vote, Mr. President? President KELLY—Eleven in the affirmative and none in the negative.

Coun. BAYLEY—Does that mean we adjourn, Mr. President?

President KELLY—It does not, councillor. The question now comes on the confirmation of Mr. Daly.

Coun. KEENAN—Mr. President, I ask that the name of Daniel J. Daly be sent to Executive.

President KELLY—Councillor Keenan asks that the name of Daniel J. Daly be sent to Executive.

Coun. SULLIVAN—Mr. President, I would like to know for what reason. Just a minute ago, I voted for three or four, taking the word of the committee, and I want to know why this name should be referred to the Executive Committee.

Coun. KEENAN—Mr. President, in answer to the councillor from Roxbury, the reason I am opposing the confirmation of Mr. Daly as constable is that Councillor Sullivan had a constable the first of the year. He saw fit to promote his constable to a \$2,700 a year job, and I think I am correct when I state that if he saw fit to promote him and get him a job at \$2,700, the councillor should be satisfied and not ask for another constable because it is not fair to the other councillors, including myself. I only have one constable, and I am damned sure I have not had any favors from the Mayor's office during 1946 and 1947 although I would like to get another constable on. If the other councillors have one constable, I think it is fair to everyone not to have two. I ask that this be referred to the Executive Committee.

Coun. HURLEY—Mr. President, I think the request made by the councillor from Ward 17 is rather unusual. We are all allowed one constable and this is the constable for the councillor from Ward 9 (Councillor Sullivan), and if this appointment is not confirmed by this Body, that would be giving one of us two constables, and I am sure the Mayor is not going to start giving me or the councillor from Ward 17 (Councillor Keenan) another constable. The councillor from Ward 9 has no constable now. On the promotion he secured for his friend, I think he was entitled to it, and I think it is a pity when men pick on little things like this and say, "Don't give him a job, don't give him a constable." I hope this does not go to the Executive Committee, and that we act one way or another today.

President KELLY—The question comes on referring this matter to the Executive Session.

Coun. SULLIVAN—Mr. President, I am very much surprised to see a fellow councillor get up on the floor and oppose another councillor because he is getting a job. I hope to drop dead if I ever stop another councillor from getting one or a hundred jobs more than I am. This, gentlemen, is being aimed at me personally, so take it out on me personally and not on somebody looking for a job and holding him up and depriving him of one week's pay because I was fortunate enough to fill a temporary job that was open here. Twenty-one of you had the same opportunity but because I was on the job and I asked for it first I got the O. K. on it as long as three months ago. I don't squawk when others come to work here. I say, good luck to any councillor no matter how many jobs he can get. I am all for it if the money is in the budget for employees and there are vacancies, fill those vacancies. Why, when a councillor gets up here and opposes an individual, he is not opposing that individual, he is opposing me in this case. This is my constable, and if I can get him a better job tomorrow, I will, and another name for Dan Sullivan will be in here next Monday. I am sorry, Mr. President, that this had to come up on the floor. I have always been taught to take a licking but never to go out and let your feelings run away with you and bring them here on the floor of the Council. I hope this name is not referred to the Executive Committee, and that it will pass here today.

Coun. BAYLEY—Mr. President.

President KELLY—The question comes on referring this name to the Executive Committee, Councillor Bayley.

Coun. BAYLEY—Mr. President, I think the gentleman from Ward 17 (Councillor Keenan) is right, and I think we should look into the qualifications of this new proposed constable to make sure

it is necessary for the City of Boston to have another constable. The fact that last week the majority of the councillors confirmed a man as stenographer-clerk at the City Council at \$2,700 a year who could neither typewrite nor take shorthand is not a reason why we should put another man on the public payroll unless we are sure, first, the constable is needed and, secondly, that this man can adequately fill the job. I think we should examine his qualifications, and I think it is entirely reasonable that this matter be referred to the Executive Committee.

Coun. HURLEY—I expected that, Mr. President, that the gentleman from Ward 5 would get up and oppose any poor fellow getting a job. I guess it is in the blood. Mr. President, there was nothing said when the gentleman who just spoke had a constable, and if he had ever been brought before any committee he would never have been appointed a constable. This is the watchdog watching the morals and finances and everything pertaining to Boston. He got a constable, but his name will not be mentioned by me. He named a constable who was appointed by us and, Mr. President, he had a record a mile long. That is the type of man he is, always biting and chasing and yelling at people. I don't believe he is sincere, but if he were sincere and his constable was above reproach, then he would have reason to get up and talk to us. But when a man will appoint a constable, yes, when I say constable, it means one of our friends who has been good to us, our good political worker, and that is what his constable was, a good political worker; but he had made a few mistakes. The councillor did not think at that time to question the man's character or his morals as long as he was able to ring a door bell or get a signature on a nomination paper. That was the main requisite for being a constable in his eyes, but now the shoe is on the other foot, it is someone else looking for a constable so he says, "Let us examine him, let us cross-examine him, let us find out what his moral standing is in the community, what is his character, his reputation." It was not so with him. Ah, this is hypocrisy. Mr. President, when they go along like this. The gentleman from Ward 5 continually is resorting to hypocrisy in this Body. A friend of the poor? Yes, he has a heart like — — —

Coun. LINEHAN—Mr. President, I object. A point of order.

President KELLY—State your point of order.

Coun. LINEHAN—I object to the gentleman stating the councillor is getting up here and using hypocrisy. I ask that be stricken from the record, there is too much of it.

Coun. HURLEY—I oppose that. The councillor was not in the Chamber when I said that.

President KELLY—The Chair will rule every councillor will try to refrain from personalities.

Coun. LINEHAN—I move it be stricken from the record, Mr. President.

President KELLY—Wait a minute. Councillor Linehan's motion is out of order. Councillor Hurley has the floor.

Coun. COFFEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. COFFEY—A point of order.

President KELLY—State your point of order.

Coun. COFFEY—If there is any truth in the statement made, and I don't think there is, it should not be taken from the record.

Coun. HURLEY—In answer to Councillor Coffey, may I say when I get through I will welcome the councillor from Ward 5 to stand on his feet and say I am not telling the truth here or that I have made some misstatements. In concluding, Mr. President, it is sickening when we hear people getting up here and asking about how other people live and what other people do. As the councillor from Ward 9 (Councillor Sullivan) so well stated a few weeks back, probably there are lots of things that have happened in our lives that have not become public and that we would like to keep quiet, too.

Coun. BAYLEY—Mr. President, I shall be delighted to answer the distinguished gentleman from Ward 8 (Councillor Hurley). In the first place, the man to whom he referred did not have a record a mile long, he had a very slight record. When that was brought to my attention, I asked that he be replaced by a man who had served five years in the service of his country with a distinguished war record. When I found out he had been arrested several times for drunkenness I asked that he be replaced because I believe every man appointed should be a man above reproach, and I was pleased and wanted to place a veteran of five years' service in the United States Army and to see the other man was removed. Mr. President, instead of argument on the merits of the matter — — —

Coun. HURLEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. HURLEY—Will he yield for one question?

Coun. BAYLEY—I will not.

Coun. HURLEY—I knew you would not.

Coun. BAYLEY—We were not allowed to investigate, and were not allowed to investigate the gentleman who was put on as stenographer-clerk to see if that man could type or take shorthand. We are not allowed to ask if constables are necessary for the City of Boston. We are not allowed to ask if the man is qualified to fill the job or waste \$2,500 of the taxpayers' money. Because we are against the administration, we are called

names here, we are told we are using hypocrisy from those in the majority trying to rule the city and run down the minority, Mr. President.

President KELLY—Councillor Bayley, this name was before the Committee on Constables and Confirmations. The committee investigated the man and brought back a report and submitted his name to the Council that he should be confirmed.

Coun. BAYLEY—Are you making a speech here or are you giving a ruling?

President KELLY—Councillor Bayley, I am answering your statement that the man was not investigated.

Coun. BAYLEY—It is not necessary for you to answer the question. If you do, you should take the floor.

President KELLY—Councillor Bayley, you will be in order.

Coun. KINSELLA—Mr. President, I want a point of information.

President KELLY—State your point of information, Councillor Kinsella. Councillor Bayley, do you yield the floor?

Coun. BAYLEY—For a point of information I will yield.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Frankly, I don't know what this is about. I want the chronology, and I would appreciate a statement of the Chair.

President KELLY—I will explain it to you, councillor. The Committee on Constables and Confirmations reported on the name of Daniel J. Daly of 15 Norfolk street, Roxbury, to be a constable. Upon investigating the gentleman they brought in a report that his name should be passed by the Council for confirmation. Councillor Keenan made a motion the other names be severed from this name, so we passed the other names which were confirmed. This name has come up for confirmation and Councillor Keenan made a motion that this man's name be referred to the Executive Committee. We are talking on that motion, councillor. Councillor Bayley.

Coun. BAYLEY—I was elected by the people of Ward 5 to represent them, and I am going to continue to do so to the best of my ability, no matter what names I am called, no matter what slander may be cast, no matter that it is said that I am using hypocrisy or bringing up a red herring; I am going to do my job even if I am a minority of one until this city is cleaned up and until we are allowed to speak our minds as expected without abuse. I have taken it for several weeks because I am in the minority, but I am going to fight for the rights of my district and the minority of this city. The question at issue is, whether we should refer this matter to the Executive Committee to see if the man who will be paid by the citizens of Boston is fit for the job; secondly, if the job is necessary. There are many jobs not necessary now, and it is about time we cut expenditures and started saving. I don't want a tax rate of \$48 or \$50 in this city. We are not getting economy when we put a man on the city pay roll who is not necessary. Let us look into the matter, let us have economy. I believe a great many positions have been created that are not necessary at the present time. We could save a great deal of money if we wanted to for the citizens of Boston. I am going to stand up and fight for their rights, no matter what names I am called and no matter what slander may be cast, and I will continue to take the abuse while I am in this seat and until I am silenced. I hope the Council will have regard for the rights of the taxpayers. We made a mistake a week ago, and if we are not careful there may be nine of us or less, soon.

President KELLY—The question now comes on referring this name to the Executive Committee.

Coun. CHASE—Mr. President, I understand the matter before us is pertaining to some constable who has not been subject to interrogation.

President KELLY—The Chair might answer that by saying the Committee on Constables and Confirmations has already passed on the man, councillor. His name is before the Body for confirmation. Councillor Keenan has made a motion that this man's name be referred to the Executive Committee.

Coun. CHASE—Mr. President, I am adverse to putting on the public pay roll any more constables. I think, Mr. President, under the circumstances I can speak as one who cannot be subject to the cry of hypocrisy because I don't happen to have any constables on the city pay roll. Apparently his Honor the Mayor a long time ago in his mad desire to keep me in step with him discharged the constable I suggested some time ago, and then word was sent up that I could have my constable remain on the city pay roll provided I kept in line. Mr. President, I don't desire to keep in line with his Honor the Mayor if he gave me ten constables. Frankly, sir, I am glad I have no constable on the public pay roll because I feel that they are unnecessary. I feel that the city can get along without them, and I hope, sir, no one can say I am taking a hypocritical stand because I don't happen to have any constable on the public pay roll. I don't intend to stay in line with his Honor the Mayor in order to have a constable on the public pay roll, which James Michael would probably like to have. Sir, I think that it is too bad when we must obligate ourselves in our votes to his Honor the Mayor simply because he has seen fit to give the privilege

to your councilors in the appointment of constables. I think it is bad for the city because I know a good many of us, sir, would like to go along on certain matters and would like to disapprove certain matters which his Honor the Mayor submits to us but because we have some dear friend, sir, who is on the public pay roll as a constable through Mr. Curley's approval we don't dare. I say, sir, that is a bad condition, to be under obligation to his Honor the Mayor because of what he might do in retaining some dear friend on the public pay roll. I have not sought one favor of his Honor the Mayor and I have not stepped into his office once, and I don't intend to. I am under no obligation to the man, sir, and I intend to vote here as my own conscience dictates and not what Uncle Jim downstairs tells me to do. Now, sir, I think in view of the fact that his Honor the Mayor over in the Parker House last year made a big issue of the surplus number of constables on the public pay roll, he contended at that time they were unnecessary and that he intended to abolish them, that he should stick by his word and abolish them. But, no, Mr. President, he is gradually adding on to the list of constables so that now there are almost as many as there were at the time he saw fit to criticize the large number. I hope, Mr. President, that none of your honorable members here feel I am unduly criticizing this or making this an issue, but I honestly believe, sir, in view of what his Honor the Mayor has said indirectly to me, that I could have my constable retained if I would not go out of line, I honestly feel, sir, that his Honor the Mayor has an undue hold on your Honorable Body when he approves the constables whom your councilors submit to him. In other words, sir, his Honor the Mayor is playing the old game, you scratch my back and I will scratch yours. Now, sir, I should think his Honor the Mayor would abide by his original thought that he gave to us in such a belligerent manner two days after he was sworn in as Mayor. You recall, sir, at that time one of his keynotes was that there are altogether too many city constables on the public pay roll, that they were an unnecessary burden to the city treasury and that he intended to do away with them. Sir, here we have another constable submitted to us by his Honor the Mayor for the public pay roll. I say to you, sir, that this is ample proof that his Honor the Mayor either did not know what he was talking about, or he just was making another wild statement and not intending to live up to it.

President KELLY—The question comes on referring this matter to the Executive Committee, Councilor Coffey.

Coun. COFFEY—I don't intend to get into this debate, and did not intend to, to begin with. There is a vacancy evidently in the councilor's ward for a constable, and that is his privilege, to name a gentleman from his district. I have no objection to what has been said up to the time Councilor Chase took the floor, but I have to oppose everything that the councilor from Ward 4 (Councilor Chase) just said. To begin with, neither Curley nor Tobin nor Kerrigan had a hold on me, and they never will. Maybe some of the councilors thought the present Mayor might have had a hold on me until the time I put on an exhibition a week ago last Tuesday, and I think that convinced one and all and everybody in the entire city that no one had a hold on me and never will. I have a constable to name myself. I always believed in the spoils system—to the victor goes the spoils. The fellow had guts enough, evidently to walk into the Mayor's office and ask for the job as constable and he got it. It is all right for the gentleman to get up and talk hypocrisy, and he says he is not talking in a hypocritical manner because he has not a constable on the pay roll this year. He had a constable on the pay roll last year, if I am not mistaken, and I don't mean 1946, I mean 1945, under the same Mayor Kerrigan and probably, too, under Mayor Tobin for some seven years. I did not know that he was related to the gentleman downstairs, the Mayor of Boston. He must be on more friendly terms than I am with him, because I have never referred to him as Uncle Jim. This is the first time I have heard that mentioned on this floor. I did not know they were related through blood or politics or some other relationship. Evidently they are related. He says he has never been in the Mayor's office. What the hell is he doing in politics? What are his constituents doing out there? They keep re-electing him and he is pretty popular out there, I know that.

Coun. CHASE—Mr. President.

President KELLY—Councilor Chase, for what purpose does the gentleman rise?

Coun. CHASE—May I remind the councilor not so long ago —

President KELLY—For what purpose?

Coun. CHASE—A point of order.

President KELLY—State your point of order.

Coun. CHASE—The gentleman is using language unbecoming to a councilor.

Coun. COFFEY—I think that is nothing new for me.

President KELLY—Councilor Coffey.

Coun. COFFEY—As I say, the office is open downstairs, and any time I can do a favor for anybody from East Boston, I am going down to get the favor done. If I can get a job for anybody in East Boston, I am going downstairs and I am going to holler like hell if I don't get the job and if somebody else gets it from other districts, sure, I want as many to work in my district as I can get, that is political common sense. The more I put

to work the better organization I am building for myself, and I am no fool. He runs errands, and he is no fool. He has been elected continually here and to the Legislature. But when Mayor Kerrigan was Mayor, he never came in, he sat outside maneuvering over the telephone, calling downstairs "O. K., Johnnie, that has passed," and "O. K., Johnnie, we are working on this one." Now, just because Curley is Mayor—he is anti-Curley. The majority in his district are anti-Curley, thank God. The same as the majority of Ward 5 are, thank God. Curley carried both their wards last year whether they know it or not. I just got a note which says "If Councilor Bayley of Ward 5 wants to save money for the city, why doesn't he ask the Mayor to knock his constable off?" That would be fine, to knock off his constable and put Sullivan's on. I don't see why we should not give this to Sullivan. As I said last week, I had a fellow for a job with 30 years' experience in the department, but a new man got the job. I didn't object to it, I just failed where the other fellow made good. He was on the ball and he got the job before I got on the ball. If I had been on the ball before he, I would have had the job because there was a vacancy there. When they started talking about saving the tax rate, something happened on Beacon Hill. A statement came down they want to charge 15 cents for the Boston Elevated fare, from somebody down in Wareham who does not have to pay the tax. I don't think it was any Bostonian, I don't think it was anybody like the Mayor of Boston asking for a 15-cent fare for Boston. There has been a lot of bitterness in the last month and there will be a lot in the next ten months. If we introduced an order today to tax Harvard College, wouldn't you hear the gentleman from Ward 5 raise the roof, he wouldn't want the tax rate on Harvard College. We are only after a lousy, measly, councilor's job, and I hope to God we have sense enough to pass it and to give the job to the councilor from Ward 9 who has a vacancy.

President KELLY—The question comes on referring this matter to the Executive Session.

Coun. CHASE—Mr. President, the gentleman from East Boston (Councilor Coffey) contends I had a constable through my friends originally put on the public pay roll. May I remind you, sir, when I took office about ten years ago there was a gentleman from Ward 4 as a city constable. It was called to my attention, sir, that his name, with other names, was submitted before this Honorable Body. Naturally, I voted to go along with that constable and with the other constables, but I never asked his Honor Mayor Tobin or Mayor Kerrigan or Mayor Curley to appoint a constable for me. There was a constable, sir, at the beginning of last year who was submitted from Ward 4. I believe he worked about three weeks, up until the time I started to get out of line, and then when I took issue with Mayor Curley on some important municipal matter and did not go along with him, the man was discharged, and I was told, sir, by those who are apparently closer to Mayor Curley, that I could have this man replaced and put back on the public pay roll, but I would have to keep in line. I had my choice, sir, of either going along with Mr. Curley on matters of tremendous municipal importance and apparently against the welfare of the city in order to keep this constable or else I had the choice of voting the way my conscience dictated and not having the constable on the pay roll. Sir, I soon made up my mind and said I did not want any part or parcel of Jim Curley and his favorites, and I have been voting, sir, as my conscience has dictated to me, without any indirect pressure brought to bear on me because of some constable or some relative or some friend who is on the public pay roll because of my efforts. Sir, I think his Honor the Mayor in typical Curley fashion has shown once more that he does a lot of wild talking and promises a lot, but does not keep his promises. By that I mean, sir, when he had the audacity publicly to proclaim that there are too many constables on the public pay roll, and he went so far, sir, as to show how unnecessary they are, and that he proposed to do away with them all, and now, sir, you have just as many constables on the public pay roll as you ever had.

Coun. LINEHAN—Mr. President, I am sorry I don't agree with the gentleman from Ward 4 (Councilor Chase) relative to pressure being brought to bear in order to maintain your constables on the pay roll because I certainly have been against measures submitted here by his Honor the Mayor when I thought he was wrong, and I have not on any occasion since I have been back in the Council had his Honor the Mayor directly or indirectly threaten to take the so-called constable I sponsored off the pay roll. So I am kind of surprised to hear this has been done to the councilor from Ward 4 although he is a lawyer and should find out from his Honor the Mayor whether or not the Mayor wants this constable off the list. I don't take the word of any person who says he is close to his Honor the Mayor because there is so much plotting in politics, it might be a question of needing the gentleman from Ward 4. It seems to me if the gentleman from Ward 4 at least does not want to say, "I think this gentleman is a fit person for constable, and therefore I hope he is appointed if there is a vacancy and it should be filled," I don't think the gentleman from Ward 4 should leave an inference that all of us who do not get up are under the threat if we don't go along with the Mayor that

we lose our constable. Because, as I said before, I have never on any occasion had the Mayor or any of the assistants down in his office even hint to take the so-called constable I received as political patronage away from me. Of course, as a matter of fact, he wouldn't be taking away from me, he would be taking the bread and butter away from the fellow and his wife and seven kids. I did not know that the constable of the gentleman from Ward 4 was fired because of Councilor Chase's activities in the Council, or was it because he was not doing a good job for the city. If he was not doing a good job for the city he should have been fired. I think every councilor in this Body, to be fair to Councilor Chase, should not vote for the appointment of any constable until Councilor Chase has received his constable. That goes for the councilor from Ward 9 or any other councilor in this Body. I think it is only fair, regardless of whether the councilor is anti-administration or whether blue blood or Ward 4 or Ward 5. He is no different from any other member of this Body. That goes for the gentleman from Ward 5. I know his political philosophy is different, but I think the others coming from different sections should at least listen to him. We don't have to agree. If they do not attack us personally, certainly we should not attack them personally because of their stand. I am going to get up on every occasion when I see the President of this Body does not rule a councilor out of order when he is out of order. The President of this Body has permitted that to go on since the first of the year, and I don't think it is fair to the rest of us councilors. It is about time he got up on his feet and ruled them out of order, otherwise we are looking like a bunch of clowns. We have rules, and let us live up to them. I have fought since I have been here, I have fought four and one-half years, and I never had any occasion to abuse the rules, I don't think, and I think the City Councilors will agree I fight hard. I hope I fight clean. I think the gentlemen from Wards 4 and 5 have fought clean. They disagree with a great many of us in political philosophy, but again, sometimes, I wonder if they do. I find myself going along with them on economy measures, so what does that make me? I am not better than the gentleman from Ward 4 or the gentleman from Ward 5 in your eyes. If you want to abuse me, don't do it in the Council, you can see me outside of the room at any time. I don't think you should do it in this Council. If you don't do it to me when I am out here fighting his Honor the Mayor when I think he is wrong, why should you do it to the gentleman from Ward 4 and the gentleman from Ward 5? I don't think it is fair on the part of the councilors to listen to any member getting up and attacking another in the wrong way. It is not fair of the President of the Council to sit idly by and permit it. I think it is about time he ruled them out of order whenever they are out of order, and whatever is out of order should be stricken from the minutes. If it is out of order, it is out of order and deserves no place in the *City Record*. I certainly did not intend to get into this argument, it is picaresque. It is the appointment of a constable. It has gone through the Committee on Constables and Confirmations, but just because it has gone through the committee, there is nothing in the rules that says this Body as a whole cannot ask to have it submitted to the Executive Session for action. That has been done on more than one occasion in other matters. What is wrong with that, if the gentleman from Ward 17 wants to do it? What of it? If he has a personal reason, that is his business. Those of us on the City Council who want to go along with him, that is our business. If we don't want to go along with him, that is our business. I say that I can vote along with the gentleman from Ward 17 if I so desire, and I have my reasons. I might think we did not need any more constables and so I would go along with the gentleman from Ward 4. I can well remember not long ago when I asked how many constables were on the pay roll. We were told they had to cut down seriously, and each City Councilor was given one constable instead of two. We all took it on the chin, and we got one job and that is all the job I got until luckily this week without any, you might say, going down the line for Mayor Curley I was very lucky to get an appointment for 90 days to fill a position that had to be filled. That is the total amount of patronage I have received. I believe some of the other City Councilors have gone down the line for Curley when they thought he was right on a great many occasions, and they thought he was right on more occasions than I did, but that is our business. We have the right to go down the line with Curley on every measure and we might do it sincerely. If we don't feel his measure is good, why hold it against us? I can't understand it. Why should you be mad at the so-called minority because the minority gets up once in a while and at least expresses an opinion which they have in their minds? If the majority got the votes which they had all during 1946 up to 1947, I supposed there is no need to get up and talk because they have the votes. Those in the minority have fought and are keeping on fighting, a useless fight, probably, but on occasions we won out, and therefore I say our efforts were not entirely negligible. We do occasionally win a fight, but at least we get up here and say what we have the right to say, and we express what we think is right, whether the rest of the councilors agree with it or not. If the taxpayers know we

are fighting for or against the measure, that is all right, too. It is up to the taxpayers to decide who is doing the right job or the wrong job, it is up to the constituents to decide when we come up for re-election. Some of us will be defeated and probably because we don't do a good job in the eyes of our constituents. If that is what it is, I hope they fire me if they think I am not doing a good job. If they think I will vote "yes, yes, yes" without fighting on every measure his Honor submits, whether appointments of constables or anything else, and they don't like it, I am sorry to say I will continue to do it for the next two years if we have this form of government. I am letting the councilors know if I get up here I am doing it because I think it is the right thing, and may I leave the impression that probably the councilors from Wards 4 and 5 think they are doing right when they fight for what they think is right? If the rest think we are fighting for what is wrong, why not get up like gentlemen without attacking us? Probably this is too much, Mr. President, but I hope the President of this Body gets on the job and from now on rules things out of order when they are out of order.

President KELLY—The question comes on referring this matter to the Executive Session.

Coun. BRYAN—Mr. President, as chairman of the Committee on Constables and Confirmations, the committee felt there was a vacancy, and the name of Mr. Daly was named as a substitute for the original man. We interrogated the young man and found him of outstanding character and fine qualities, and we brought back that report. Charles J. McGrath, another young man, submitted here, before he entered the service some years ago was constable. He has now returned from the service and he is only asking for his job back, so we also sent the name of Charles J. McGrath.

President KELLY—The question is on referring this matter to the Executive Session.

Coun. CHASE—Mr. President, I want to commend the gentleman from South Boston (Councilor Linehan) for the fair attitude he has taken in this matter. Sir, notwithstanding the fact that I appreciate his willingness to be of help to me if I saw fit to approve his Honor the Mayor's giving me a constable, I want him and the other members of the Council distinctly to understand I would not accept ten constables from his Honor the Mayor. I don't want any gratuities from his Honor the Mayor.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—While I am thoroughly in accord with Councilor Linehan and Councilor Chase in this matter, it seems to me that is not the subject of discussion right now.

President KELLY—The point of order is well taken. We are speaking on the subject of referring the name of Daniel J. Daly, as constable, to the Executive Committee.

Coun. CHASE—I was leading up to it, Mr. President.

President KELLY—All right.

Coun. CHASE—Mr. President, the reason why I don't feel that it is becoming for me to accept any gratuities from his Honor the Mayor is simply because his Honor the Mayor is that type of person who gives and then takes back.

Coun. KINSELLA—Mr. President, does the gentleman mean gratuity as a piece of patronage or something which must be given quietly and surreptitiously?

President KELLY—Councilor, will you answer that question?

Coun. CHASE—Mr. President, I don't think my statement is so ambiguous that the gentleman from Charlestown (Councilor Kinsella) did not understand what I was referring to. I don't think it is necessary for me to give the gentleman from Charlestown an answer.

President KELLY—Councilor Chase.

Coun. CHASE—I merely state, sir, his Honor, in my opinion, is the type of person who gives and then takes back. Now, Mr. President, I frankly feel, sir, on consulting the City Charter that this privilege his Honor the Mayor extends to the City Councilors is a violation of the Charter because your City Charter distinctly says, sir, the Council shall have no part in the hiring or in the letting out of contracts; in the hiring of workers or the letting out of contracts. I think you will agree with me, sir, that if any of your councilors were to take part in the letting out of contracts either for themselves or for some other individual, that it would be a direct violation of the Charter, and I think in view of the Charter provisions as to the hiring of help, municipal help, that this privilege his Honor the Mayor gives to us is a direct violation of that. I think, sir, it would not stand in court if the issue were tried. I think, sir, that his Honor the Mayor in submitting a list of 40 constables to the City Council, 20 being his own personal followers, and the other 20 to the councilors, it is just a case of his Honor the Mayor scratching our backs and we in turn scratching his. I think, sir, it does not make for good government under these conditions because we cannot honestly look on any list of constables as submitted to us under those conditions in a fair manner and in a manner which is beneficial for the taxpayers because we are prejudiced, we have some selfish motive in view; in order for his Honor the Mayor to approve his twenty, we get twenty. I don't think, sir, that

is the reason why we were sent here. I think, sir, we were sent here honestly to pass judgment on matters with a view of watching out for the City Treasury, with the view of watching out for the tax rate, and when his Honor the Mayor sends up his list of constables involving a pay roll of \$100,000, namely, \$50,000 for him and \$50,000 for the City Council, that is not something which is for the welfare of the taxpayers. It means an expenditure of \$100,000 which, as Mayor Curley said over at the Parker House, is nothing but a waste of the taxpayers' money. It is regrettable sir, he did not live up to his promise made that day before us, and that he did not make any appointments of constables.

President KELLY—The question comes on referring the matter to the Executive Session.

Coun. KINSELLA—Mr. President, when I came into this Body in 1942 I had no prior knowledge or instruction in the art of acquiring constables. I seemed to inherit a few my predecessor had, and as time went on and I became acquainted with the situation, I enlarged on that number until at one point I had five men known as constables. In those days Mayor Tobin had 78 constables on the city list of which possibly thirty were in his own name and fifty or less of the others parceled out to the 22 councilors of the City of Boston. It was considered legitimate and no one of these councilors today who served under Maurice Tobin can recall any quarrel that went on as to the appointment of any constable regardless of who sponsored him. In 1945 Maurice Tobin became Governor of the Commonwealth, and left behind him the appointing power of 78 positions as constables, but John Kerrigan, went to civil service and was given permission to appoint 13 more, making a total of 91 constables. Check the record. And yet we fight in this Chamber today, the strongest and most enthusiastic supporters of John Kerrigan, criticizing Curley for having 60 or under.

Coun. MUCHNICK—Mr. President, a point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me Mayor Kerrigan's supporters and their reasons for supporting him are not the subject under discussion.

President KELLY—The question before us is referring this matter to the Executive Session. Councilor Kinsella was leading up to that matter. I hope he is.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—Will you rule on that?

President KELLY—The Chair will rule he is leading up to the point. Councilor Kinsella.

Coun. KINSELLA—Mr. President, I don't have any personal ill will for any man in this Body, and that means every one of the 21 others besides myself. If there is any man at any time who can advance a sound reason or a sound logical argument, I will support him because I am beholden to none of the others on the Body. So I can agree with Councilor Bayley that he has a right to be anti-administration, but there is a moral obligation on Councilor Bayley's part to make it plain to everyone why it is he is so consistently anti-administration. He must prove beyond all doubt not only to those of us here who would like at times to support him but to the people of Boston that everything Curley does is wrong, always had been wrong and always will be wrong.

Coun. BAYLEY—Mr. President.

President KELLY—Councilor Bayley, for what purpose does the gentleman rise?

Coun. BAYLEY—A point of order.

President KELLY—Will you state your point of order?

Coun. BAYLEY—I think the gentleman is out of order. I don't think the question of my being anti-administration, if I am, is under debate. The question is whether this will be referred to the Executive Committee.

Coun. KINSELLA—Mr. President, he described himself as anti-administration.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—Councilor Bayley's description of himself is not the present issue.

Coun. KINSELLA—Mr. President, Councilor Bayley offered the description of himself.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—When he offers it here, it is a subject of consideration while I am present. Curley does not own me, and never did, and I am one of the very few in this Body who can say I never voted for Curley when he ran for public office, nor do I claim today I voted for him in 1945.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—He is not as wrong as they make him out to be every Monday of the year.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—How the councilor has exercised his franchise in the voting booth is not under discussion now.

President KELLY—The Chair will rule he is leading up to the matter. Councilor Kinsella.

Coun. KINSELLA—Mr. President, the minority can plead dereliction because they are the self-styled minority. I suggest they examine their conscience and try to find out an excellent reason for the constant, persistent, vicious, bitter, acrimonious, anti attitude they take every Monday. I can respect their views. This is the place to debate this thing. We are taken over the coals every Tuesday for long-winded debates, but we have an excellent precedent for them. We had fist fights on the floor of the national Congress as recently as a month ago between Rankin and McCormick. We have had fights and insults in the august body of the U. S. Senate, and we see the UN in session at Lake Success fighting among themselves.

Coun. BAYLEY—I don't think the question of fist fights on the floor of Congress or the UN has anything to do with the appointment of constables.

President KELLY—In this debate every councilor has gone off the subject. The question before us is referring this matter to the Executive Session.

Coun. KINSELLA—I don't believe it should go to the Executive Session. Why go in there when every fellow with experience knows what is going to happen? Personally, I don't know of anyone's great desire to take a fellow member over the jumps every Monday. Mr. Chase can tell you of a legislative rule that ought to be enacted in this Body, a rule that forbids you to refer to anyone by name or by title unless quoting from a public document. But he can attack Curley or any mayor of this city or a person of equal integrity, a person who has to go to the same type of constituency, and he can question every motive of his in putting on a constable. Then we wonder at the negative editorials and the negative headlines. We have plenty of precedent for our conduct and we ought to cease to be ashamed of it. The Boston City Council on this day labored greatly and brought forth a constable. Mr. President, this is our business, and the gentlemen who tell you it is robbing the public are guilty of only a half truth. Everyone of these constables is provided for in the budget, and on the assumption we provide for a hundred of them—we know we don't provide for that many—ninety of the hundred are used, and when the tax rate is set on June 14 the salaries of the other ten will be in there and will play its part in determining the tax rate. We are not adding anything to the cost of the constables of the city, and these men know that. As for the action of the committee, it is not too long ago that one of the two gentlemen on my right suggested if these committees were not going to function they ought to be abandoned. I said that here five years ago. I am in full accord with that. Now, the committee has functioned. It has done the sort of investigatory work they claim should be done on these individuals, luckless or otherwise, and their recommendations cannot be thwarted because of shallow and specious charges that the public is going to be mulcted to the extent of \$1,800 for one more constable. There is not a man in here, including the self-styled minority, that would not take the constable, that would not help somebody in their district if all the terms were favorable, if they were able to have him and still take the anti-administration, the negative attitude here every Monday. We have heard loose talk of gratuities, and that is off the subject, I suppose, although it was part of the statement made by somebody who had a good deal to do with keeping this discussion alive. Gratuities. I wonder what he means by gratuities. There are a lot of common terms in this business. There is patronage, there is gratuity, there is perquisite, there is emolument, and they all mean the same. They wind up under the blanket heading of a favor, and we discussed that at length last Monday. I don't know why anyone should raise any opposition to the confirmation of Daly or anyone else whose name is submitted here. It is an obligation Sullivan undoubtedly feels he owes the fellow, and he abided by the decision of this Body and sent the name to Walter Bryan's committee. Bryan functioned as the gentleman on my right said no committee functioned, and he came out with a report which simply said that the gentleman bore out well under investigation and, therefore, it was the considered opinion of the committee that the whole Body should confirm the appointment. Mr. Chase has had experience with me in the past when I got up and supported things that did not pass, but supported them because I liked the spirit in which he submitted them, I liked the meat of the subject he placed under consideration before the Body. I then was on the losing side with the others. I would do as much for Mr. Bayley. I have nothing but a static feeling on the personal side for every member of this Body but, my God Almighty, it taxes the imagination, it taxes your credulity to think every Monday from January 1 to December 31, and then starting all over again the next year, that everything Curley does is wrong. It is impossible for the man to be wrong so much, it is impossible to stigmatize or find fault with a councilor who comes from a poor man's district like Sullivan does, when he comes in here and says, "I am asking your approval of a job for a fellow who needs it." Now, the committee has not only examined him but say they want him, and so has the press and so has everyone in the gallery, and Daly is probably saying, "Why did I ever go after

that, to become a political football for \$34 a week?" The Council labored and brought forth a constable. That is the best we can say for ourselves when the thing should have been given perfunctory approval one hour ago, and we might well have been on toward the completion of more important city-wide business. I don't know whether I can plead with good common sense, a thing we are all possessed of, to forget the matter now by voting it in or out, and getting along to the things that are nearer and dearer to the hearts of the experts, the commercial business aspects of the city, and never mind human, personal services. I think myself I would settle any time to do a personal favor. The city took good care of itself before we ever heard of it, and it will take excellent care of itself after we are gone, and while we are here in the interim between what the city wants and what it will be, we won't do too much to hurt it. No one ever walked out of this Chamber on a Monday night conscience stricken because he had not cast the right vote, but probably at the moment his black heart told him it was not the right vote to cast, and I don't refer to the present personnel of the Council, I am referring to any man who ever served. No one ever took it so seriously that they lost a night's sleep. I hope this does not go to the Executive Session, Mr. President, and I hope we settle it here and now forthwith, once and for all.

President KELLY—The question comes on referring this matter to the Executive Session.

Coun. CHASE—Mr. President, I have no doubt most of the councilors here know what particular type of work their particular constables are doing, but I have great doubt, sir, whether we here know what constables put on the pay roll by his Honor the Mayor are doing. I have heard many stories, sir, not so long ago, to the effect that a couple of the Mayor's appointees, some of his constables, while drawing their public pay roll only report once or twice a week. I have heard the story, sir, that some of the constables somehow, even though they only hold \$34 a week jobs as down in Florida. I don't know how true that is, but the fact is, sir, neither does any other councilor know. You may know where your constables are, but you don't know where his Honor the Mayor's are. I don't think it is right, sir, because he probably has 25 constables on the pay roll and they are drawing down an average of \$2,000 a year, and that is \$50,000 a year. For what? Because they happened to support him for Mayor. What kind of duties are they performing? Are they coming in once a week to collect the \$40 a week, or is the City Treasurer mailing the check to them? Occasionally they report to the Mayor's office and say, "Hello, Jim." I don't know, but I do realize this, there has been considerable criticism about the constables in the City of Boston who are maintained at an expense of about \$100,000 a year by the taxpayers. So, sir, that is the reason why I took the attitude that I don't want any gratuities from his Honor the Mayor.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick, for what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me it comes within the rules to rule out of order anyone who speaks repetitiously on the same subject.

President KELLY—That is right.

Coun. MUCHNICK—And so repetitiously.

President KELLY—The question is on the motion to refer this matter to the Executive Session. All those in favor say "aye," those opposed, "no." The Chair is in doubt. Those in favor of referring to the Executive Session will please rise. Three. Those opposed will please rise. The motion is lost, 9 to 3.

Coun. BAYLEY—I ask for a roll call.

President KELLY—Councilor Bayley doubts the vote and asks for a roll call, and a sufficient number joining him, the clerk will call the roll.

The motion to refer the appointment to the Executive Committee was lost, yeas 3, nays 8.

Yeas—Councilors Bayley, Chase, Keenan—3.

Nays—Councilors Bryan, Coffey, Hurley, Kelly, Kinsella, Lane, McCormack, Sullivan—8.

Present—Councilors Cook, Hannon, Linehan, Muchnick—4.

President KELLY—The motion now is on confirmation, and the Chair will appoint Councilors McCormack and Kinsella to receive, sort and count the ballots.

Coun. MUCHNICK—Mr. President.

President KELLY—I am sorry, a vote is in progress, Councilor Muchnick.

The appointment of Daniel J. Daly as constable was confirmed, yeas 10, nays 3.

President KELLY—The Chair might make the statement we have several matters in the Executive Session. What is the pleasure of the Body? Do you want to continue with the orders?

Coun. COFFEY—I move we go into Executive Session.

President KELLY—Councilor Coffey moves we go into Executive Session. All those in favor, say "aye," those opposed, "no." The Chair will ask for a rising vote. Those in favor of the Executive Session, please rise. Those opposed. It is not a vote, and the motion is lost.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition of Walter M. McDonough Company (referred today) for driveway opening at 708 Columbia road—recommending that permit be granted.

Report accepted; permit granted under usual conditions.

TYLER STREET BRANCH LIBRARY.

Coun. COFFEY, for Councilor Russo, offered the following:

Ordered, That the Trustees of the Boston Public Library be requested to reopen the Tyler Street Branch Library in Ward 5.

Ordered, That the Public Buildings Commissioner be requested, through his Honor the Mayor, to put in first-class condition a part of the Municipal Building on Tyler street for use as a branch public library.

Severally passed under suspension of the rules.

PAYMENT OF DIVIDENDS BY ELEVATED.

Coun. MUCHNICK, COOK and KEENAN offered the following:

Ordered, That the Corporation Counsel be requested by his Honor the Mayor to investigate the possibility of invalidating the present requirement which compels the Boston Elevated Railway Company to pay a guaranteed dividend to stockholders regardless of earnings.

Coun. MUCHNICK—Mr. President, as a lawyer I feel that the present Act probably is safe and that the stockholders of the Boston Elevated Railway are going to receive their guaranteed dividends. It seems to me very much in the public interest that the Law Department make an exhaustive examination of the law in this and other jurisdictions to see if there is any way in which that particular section of the Act can be invalidated. It seems very unfair that the people of Boston and the other surrounding cities and towns should have around their necks at all times the obligation to pay dividends to stockholders of a company which has continuously run in the red. I feel, and those who join in the order with me feel, that perhaps a further examination of the law might result in some way of finding relief for the public. Several weeks ago I suggested the Elevated conduct a scientific survey to see by means of that survey if they could eliminate waste and extravagance, if any were found to exist. In this morning's Post, there is an excellent editorial, the last paragraph of which I would like to read into the record. The same thing is again suggested, and I would like to quote from the editorial before I conclude.

"All the legislative wrangling is pointless without a few basic facts. What, for example, is the unit cost to each rider of the Elevated service? This can only be determined by fair valuation of all the physical properties of the El, plus the operating cost, plus creation of cash reserves for maintenance and replacement and extension, divided by the number of passengers who ride the El annually. If it is first determined by impartial auditors that a 10-cent fare will not pay the cost of running the El, we should know what it does cost and how much each citizen pays in hidden taxes over and above the 10-cent fare charged the riders."

It seems to me if that impartial audit were obtained, and if a scientific survey were obtained, we might go a long distance toward finding out what the real facts are, and until we get, as the paper says, at the basic facts, there is not too much point in all the fuss that has been made in the last few days.

Coun. COOK—Mr. President, I move to amend the order by asking the Corporation Counsel to explain fully the powers the City Council has under the General Laws, chapter 160, section 2.

President KELLY—Councilor Cook moves to amend the order. The question first comes on the amendment. Councilor Cook.

Coun. COOK—Mr. President, in reading chapter 160, section 2, which relates to railroads, the statute says that the City Council of the City of Boston has powers in original jurisdiction, except as otherwise provided, to rule upon the operation, maintenance and management of railroads. I would like the Corporation Counsel to explain that fully to us so that we may take such steps as might be advisable to correct the impending rise in rates of the Boston Elevated Railway, and that rise in rates seems to be the culmination of a well thought-out plan by those who do not have the interests of the citizens of the City of Boston at heart, but the interest of the stockholders, the majority of whom do not come from the City of Boston, perhaps, as the councilor from Ward 14 said, these stockholders don't even live in the Commonwealth of Massachusetts. What brought this forcibly to the attention of the City of Boston is the statement allegedly reported in the Boston Herald by the President of the Senate who said in argument against public ownership of the line, and I quote, "Why should people in Pittsfield and Wareham help pay for transportation in Boston? Let the people who ride the El pay for it." What a provincial, middle age, isolationist attitude, the same

attitude that caused that vicious Act in 1915 which foisted upon the public the permanent guaranteed dividends to stockholders of the Boston Elevated. Whether there was money to pay the dividend or not. We recently had a meeting which was attended by the general manager, and the general manager upon questioning by the councilor from Ward 1 said they spent \$2,000,000 on new equipment, new cars. Of course, the purpose of that was to build up the stock and the appraisal value of the Boston Elevated Railway so that the stock price, share price, would remain high in the event the State took it over or had to take it by eminent domain or condemnation. In answering this argument from the President of the Senate, we learn of the peculiar psychology that has created most of the laws of the City of Boston, the out-of-town view that so long as the out-of-town people, and I don't believe he really represents them, don't have to pay much, so long as the City of Boston carries the burden, why help the City of Boston, and there is the fact that there are some rates for insurance on automobiles. If we had a flat rate, everybody in the State would probably pay between \$20 and \$25. Instead of that the man from way out in the sticks, so-called, pays his \$20 and says, "Let Boston pay \$90 or more." In answer to the argument, why should the people in Pittsfield and Wareham pay for transportation, what would he say if we had the power, and that is why I ask the opinion, to put turnstiles in the South Station and the North Station and charge every commuter who comes in to drop ten cents in the turnstiles. Our city has been called the Hub, but shall we prevent people from out of the city from using our city hospitals? Shall we prevent them from coming into the public libraries or schools? Shall we say the City of Boston shall be Santa Claus? It seems to me the men in the Legislature think so, but then, when the City of Boston asks for the relief that they are entitled to, they immediately come back with cries of economy and graft. Why, you can find more graft in that public Elevated bill than you can find in 25 years' rule in the City of Boston. It is the people who did not live in the City of Boston who put it on us, and it is about time that it was publicized to the residents of Boston and those from outside the City of Boston, that what helps Boston helps the State and what hurts Boston hurts the State. If they want to share the wealth and the honor and the culture that comes in the City of Boston, they must be ready to help out in the burden. I think if we can find we have power to act, and if the Legislature does not help us so that we don't have this unwarranted rise, and I say unwarranted, because the Attorney General's office and the Auditor's office are having the Boston Elevated books for audit to prove their so-called deficits are false figures; if we investigate carefully and find out about their salaries and their purchases and about what they call depreciation, I think the Supreme Court in the last analysis will say the Boston Elevated so far as it can see has been run for the benefit of the stockholders and not for the public, that their figures are lies. The only reason for bringing this up here is in the hope that this publicity will show how the Commonwealth of Massachusetts depends upon the success of Boston, and the success of Boston is hindered and hurt by these snide remarks of the senator who is President of the Senate, who comes from without the City of Boston and who would have no compunctions about putting more burdens on the City of Boston. I hope we can get some good opinion from the Corporation Counsel and then we can take action upon it.

President KELLY—Does Councilor Muchnick accept the amendment?

Coun. MUCHNICK—Oh, yes.

President KELLY—The question comes on the amendment.

Coun. LINEHAN—Mr. President, I can well remember several weeks ago when we had the General Manager of the Boston Elevated before us. He agreed with us at that time in addition to those on the committee and in addition to those invited by the committee to attend the meeting, if the five-cent fare were put up to ten cents that would do away with the necessity of raising the fares in the so-called zone system from ten cents to fifteen cents which I suggested along with another councilor, in reference to charging people receiving a long ride a charge of fifteen cents, those having a half mile to a mile ride five cents. It was agreed if the fares were ten cents, there would not be any necessity of raising the fare higher than that. I can't possibly see why this suggestion was made by the gentleman from Wareham, the senator who happens to be the President of the Senate, saying to raise the fares to fifteen cents. It reminds me of several months ago when we had many of our business executives come before us and ask us to vote \$5,000,000 for off-street parking with the threat from gentlemen also outside of Boston who said if Boston did not try to take care of itself and vote the \$5,000,000 the chances were the State would not do anything for Boston. Lo and behold, we voted for the \$5,000,000, and now we hear the President of the Senate wants to raise the fares of the Boston Elevated to fifteen cents. Are the members of the Legislature sincere when they say if Boston tries to help itself a little bit, we will help them later on in the Legislature. Of course, this is later on in the Legislature, the year 1947 is in session, but here we find a leading Republican of the State Legislature saying in effect that the cornerstone

of our economic arch which is Boston is not the cornerstone of our economic arch. I suppose that is what he means, but it seems to me what he means is, soak Boston taxpayers more and more, it will help those outside Boston. If he represents the brains of the Republican party, I am sorry to say the City of Boston which has many Republicans carrying on business here certainly is not going to get much help from the Legislature which has saddled Boston with many debts over a period of years. There are many of us who served in the Legislature who realize that the members from Boston only number about 40-odd representatives on Beacon Hill out of a number of 240 in the House, in the Senate about 18, I think, out of 40 senators. From Boston there are about three or four senators, so there is the answer as the gentleman from Wareham says, what do we care about Boston. We are not going to do anything for Boston which is going to cost our district one penny. I might say in deference to him, one of the ablest Republican legislators on Beacon Hill, one of the smartest legislators on Beacon Hill and generally a very good businessman—he represents business interests pretty well—but unfortunately when it comes to adding a little burden onto the taxpayers down on the Cape of which he only represents a few thousand probably 25,000, he says, "Well, I am going to protect those 25,000 taxpayers down there against the thousands upon thousands of taxpayers in Boston." But he suggests one thing: that it is not only the little property owner in Boston looking for help, it is the big businessman and the many people who work in the city who do not reside in Boston. I said earlier many of the businessmen in Boston did not come from Boston, but if the Boston tax rate is lowered because of the action of the Legislature which I am sorry to say I don't think it will be, it means those people outside of Boston of necessity will receive more, so that if they give us some benefit we will have more business in Boston and the businessmen who do their business in Boston will get the benefit of it. So the Republican Senator from Wareham is wrong when he says only the people of Boston receive the benefit if the City of Boston gets some assistance from the State. The City of Boston is not looking for any charity from the State Legislature, they are just asking for a fair deal. But if that is a fair criterion of what treatment Boston is going to get from the Legislature this year, I am very sorry to say we will probably be getting an amount which is nil; that is to say nothing. Several past years other than last year we did get a small contribution for the deficit of the Sumner Tunnel but we won't get that this year because the Sumner Tunnel ran at a profit last year, so that I don't think the city is going to get much help from the Republican-dominated Legislature, and I say that because I cited earlier that out of 240 representatives I think they have about 95 Democrats. In the Senate we have about 17 or 18 Democrats or less than that, I think, against 23 or 24 Republicans. So if the Republican party, with its head, Governor Bradford, actually wanted to do something for Boston, they have the votes, they could do it, and they know full well that Boston needs help. I don't mean just to the small property owner, I mean the big businessman, because he is paying not only the \$40 or \$45 tax rate per thousand, but he owns large parcels of property which are taxed and, therefore, it is the big businessman who will ultimately get the big relief. But the gentleman from Wareham says, "I am watching for my little Cape Cod house owners in Wareham rather than the big business property owners in Boston." I hope the Boston Elevated Trustees don't see eye with him and raise the fares to fifteen cents because if they do, God help them, I think in the long run they will lose money, I think it will be poor business practice. I hope the trustees don't go along with Senator Nicholson from the Cape.

Coun. KINSELLA—Mr. President, just very briefly on this. Mr. President, I am surprised that Mr. Nicholson would say what he is quoted as saying in the papers this morning. He is usually a little more astute on subjects of this importance. It is not so long ago Mr. Nicholson and Republican leaders on Beacon Hill were saying that Boston was the centre of the Commonwealth and a good deal of New England, and what might happen to Boston might happen to Massachusetts and New England, when they were discussing the millions for improvement for the airport and the port of Boston. It seems now rather strange that such a well-informed man as Mr. Nicholson is, and such a public-spirited gentleman as the senator from Wareham is, would get up and recommend the 15-cent fare for the Boston people, predicated on the theory that as long as the Boston people alone use the service, or those in what I like to call the "deficit area," they should be held responsible for it. It is an unusual thing to hear men of his calibre say that. However, we all know from a rather perfunctory survey of the facts, this all springs back to the 1941 payment on the deficit for the year 1940 which was held up and has since been held up to the extent of \$3,600,000. Mr. Dana was here at the hearing before the Public Safety Committee, and he said he thought the court's decision was going to be rendered in favor of the Elevated, to be allowed to take that \$3,600,000. Apparently the decision was rendered favorably, and now they are forced to the necessity of borrowing money and I understand the interest on it is going to be allocated to the 14 cities and towns

in the metropolitan district. I believe I read some figures very lately that there were 238,000 stockholders in the Elevated. We know by the Public Control Act of 1918 they are guaranteed \$5 annually per share of stock. We know also, as do the attorneys facing me across the room, that the Supreme Court has ruled the whole Public Control Act as constitutional, and while I agree 100 per cent and more, if possible, with Councilors Muchnick and Cook, I don't see where the Boston City Council can step in justifiably and ask for a legal opinion seeking to rescind that portion of the Act by which the \$5 a year is paid on each share of stock and guaranteed. It is not a fluctuating dividend. The Public Control Act has been in effect something like 28 years, from 1918 up to the present time, and one lady in particular, known to be the largest stockholder, has in that time on 1,500 shares of stock been given annually \$7,500 earnings, and for 28 years it means the staggering total of \$210,000 to just one person. That all comes out of public money. It all came out of public money. Personally, I don't think there is anybody in this city that could ever prove the intricacies of the bookkeeping system and place his finger squarely on the cause of this trouble. We know the Elevated system has been operated at a reported deficit for all but two years of the Public Control Act. We know that because every year it is an absolute necessity for the 14 cities and towns to contribute to the total deficit. This year surprisingly enough a court ruling which was favorable to the Elevated resulted in a deficit of something like \$738,000 or \$758,000 being reported because of the court ruling certain taxes on their properties need not be paid. Now, what authority we have in the matter I don't think can be determined readily in here. I don't think it is anything we ought to ask the Law Department to determine for us. I think of ourselves even a quick perusal of the Public Control Act will show we are stripped of all authority, we have no power. All we have is the privilege to talk about it here and make no progress as on many other things of which we talk. While I heartily sympathize with the contents of the order and feel we ought to find means by which the Elevated could be put on a paying basis in the interest of all concerned, I don't think the Chamber of the Boston City Council is the place to talk about techniques or technicalities. In 1939, Mr. President, the Finance Commission of this city encouraged the Council to appropriate \$70,000 for a survey conducted by the late Timothy Callahan in conjunction with James Kelleher, now Assistant Corporation Counsel, and the report was issued in the spring of 1941, two years later. On the strength of that report, Governor Tobin, then Mayor Tobin, asked that Governor Saltonstall refuse to permit the payment of the deficit of 1940 in the year 1941. I asked Mr. Tobin with whom I was not then friendly—that is the spring of 1941, please remember—I asked Mr. Tobin in the presence of a hundred odd members of the Legislature at the Parker House there to encourage some phase of the vehicular highway. I said, "In 1938 you paid the 1937 deficit?" He said, "Yes." I said, "In 1939 you paid the 1938?" "Sure." I said, "In 1940 you paid the 1939?" "Sure." "Now, in 1941, you are holding up the payment of the 1940 deficit. Is that because next November you are seeking re-election?" I frankly tell you now I was not friendly with the gentleman at the time, so I embarrassed him no end by these pointed questions. And instead of answering me he simply looked at his wrist watch and said, "It is five minutes of two, and we know you don't want to be late for the two o'clock session. There will be more of these luncheons." He thanked us for attending, and that broke up the meeting. Since 1941 that \$3,600,000 has been lying idle in the custody of the Governor's Council, and the lack of the payment of 1941, six years ago, is responsible for the present plight of the Elevated. They have been leading a hand-to-mouth existence because they knew that all operating expenses, all salaries, all maintenance costs, and all premiums on stocks and bonds would be paid out of the pockets of the riding public of the metropolitan transit area. With a guaranty such as contained in the 1918 Public Control Act, and please remember it was certified as constitutional, how could you expect those men to break their necks and be efficient operators of the system when everything was guaranteed out of the public funds of 14 cities and towns? For the third time, I would like to say I would like to commend Councilors Cook and Muchnick for putting in such a straightforward order. I also say to both gentlemen, and while we have talked about this, and I was as guilty as anyone else, talking in this Chamber endlessly, the fact remains there is no way we can rescind that portion of the Act by which the \$5 annual dividend of that stock has been guaranteed since the Act is and has been almost a generation constitutional. Unless we find some way out of the mess we are going to go from the frying pan into the fire. I sincerely hope some man of discernment in this city can find out what the trouble is and can give us service for which we have been paying for 30 years and which we have not received.

The order as amended was passed under suspension of the rules.

APPOINTMENT OF TEMPORARY CHAIRMAN OF EXECUTIVE COMMITTEE.

President KELLY—At this time the Chair will appoint Councilor McCormack as temporary chairman of the Executive Committee. Councilor Muchnick.

Coun. MUCHNICK—I was going to make a motion, but I won't make it now.

RECESS.

On motion of Councilor Bryan, the Council voted at 4.20 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 5.20 p. m.

HANDBALL COURTS NEAR CARSON BEACH BATH HOUSE.

The following was received:

City of Boston,
Office of the Mayor, February 11, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Commissioner, relative to your order of February 3, 1947, concerning the construction of two handball courts adjacent to the Carson Beach Bath House.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Park Department, February 7, 1947.
J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of February 5, with inclosure, order from the City Council requesting the Park Commissioner to construct two handball courts adjacent to the Carson Beach Bath House.

Please be assured every consideration will be given to this order. Unfortunately I do not think it is possible to construct two handball courts next to the Carson Beach Bath House, but I do think it is possible to construct two in the area directly across from the Bath House. I will be pleased to furnish a further report at a later date.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRAFFIC LIGHTS, KNEELAND STREET AND HARRISON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of the Boston Traffic Commission, relative to your order of January 27, 1947, concerning the installation of traffic signal lights at the intersection of Kneeland street and Harrison avenue, Ward 3.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Traffic Commission, February 11, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated January 27, 1947, which reads as follows:

Ordered, That the Traffic Commissioner be instructed, through his Honor the Mayor, to install traffic signal lights at the intersection of Kneeland street and Harrison avenue, Ward 3.

There are no funds available at this time for the installation of traffic signals which are not already encumbered.

Very truly yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

MICHELANGELO SCHOOL IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, February 15, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of Construction, Department of School Buildings, relative to your order of February 3, 1947, concerning the improving and repairing of the gymnasium and main auditorium of the Michelangelo School, Ward 3.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Department of School Buildings,
February 12, 1947.

Mr. John B. Kelly,
Acting Mayor of Boston.
My dear Acting Mayor,—Concerning City Council order, February 3, 1947, requesting the Commissioners of School Buildings to make major

improvements and repairs to the gymnasium and main auditorium of the Michelangelo School, Ward 3 (subject of your form letter to me dated February 5), for consideration and report, please be informed that this department plans to do considerable work in the Michelangelo School during the year 1947, which will principally be in the nature of painting in the gymnasium and auditorium and might be considered a major improvement.

You should know that the expenditures in this school last year were \$4,735.16 which is 28 per cent above the average expended last year in other schools in the system.

Very truly yours,
JAMES H. MOONEY,
Superintendent of Construction.

Placed on file.

CLEANING OF WARD 17 STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order dated February 5, 1947, concerning the cleaning up of sand and dirt on the streets of Ward 17.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 11, 1947.

To J. Joseph Connors, Chief Clerk, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Order in Council, February 5, 1947.
Receipt is acknowledged of your memorandum of February 5, attaching order in Council as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean up the sand and other dirt on the streets of Ward 17."

At the present time, thirty men and five trucks are working every day cleaning the streets of Ward 17.

On account of the large quantity of sand spread on these streets when icy conditions existed, and the accumulation of other dirt, it will take several weeks to thoroughly clean this area.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESURFACING OF WASHINGTON STREET, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 3, 1947, concerning the construction of new sidewalks and the resurfacing with smooth paving of Washington street, from Corinth street to the West Roxbury Parkway.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 12, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works construct new sidewalks and resurface with smooth paving on Washington street, from Corinth street to the West Roxbury Parkway, and this will advise you that this street will be put on the list to be given consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

TRAFFIC LIGHTS, D STREET AND OLD COLONY AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commissioner, relative to your order of January 27, 1947, concerning the regulation of traffic lights at D street and Old Colony avenue, Ward 7.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Traffic Commission, February 11, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council Order dated January 27, 1947, which reads as follows:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to regulate the existing traffic lights at D street and Old Colony avenue, Ward 7, so as to provide a 12-second interval for pedestrians to cross this dangerous intersection.

Investigation discloses that there are comparatively few pedestrians crossing at this intersection; that most of the movements are straight and that even without the pedestrian interval there is a good opportunity for crossing D street or Old Colony avenue providing the pedestrian crosses with the green.

To put in a 12-second pedestrian period at this intersection would seriously interfere with the traffic movement particularly during the rush hours on Old Colony avenue.

Very truly yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

RESURFACING OF CERTAIN WARD 12 STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 17, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 3, 1947, concerning the resurfacing with granolithic pavement of the following-named streets in Ward 12: Cliff street, Copeland street, Crawford street.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 12, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with granolithic pavement the following-named streets in Ward 12: Cliff street, Copeland street, Crawford street.

Please be advised that these streets will be put on the list to be given consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred February 10) for appropriation of \$27,000 for administrative expenses in connection with United States Savings Bond Allotment Plan—that same ought to pass.

The report was accepted, and the order was passed, yeas 13, nays 0.

Yeas—Councilors Bayley, Bryan, Chase, Coffey, Cook, Hannon, Keenan, Kelly, Kinsella, Lane, McCormack, Muchnick, Sullivan—13.

Nays—0.

2. Report on petition of Margaret F. Harrington (referred February 5) to be paid annuity on account of death of husband, James C. Harrington, late member of Fire Department—recommending passage of accompanying order, viz.:

Ordered, That under the provisions of section 89 of chapter 32 of the General Laws, an annuity of one thousand dollars be allowed and paid to Margaret F. Harrington, widow of James C. Harrington, a member of the Fire Department who died on January 13, 1945, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the payments to date from January 13, 1945, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The report was accepted and the order was passed.

PETITION OF BOSTON WATERWAYS, INC.

Coun. MUCHNICK—Mr. President, if I am in order at this time I move the petition of the Boston Waterways be taken from the committee and acted on.

President KELLY—Councilor Muchnick moves that the petition of the Boston Waterways be taken from the Committee on Licenses and be acted upon.

Coun. MUCHNICK—The reason for making this motion is that three weeks ago when this was referred back to the committee it was stated at that time, if my memory serves me correctly, by the chairman of the committee that within one

week there would be a report back to this Body and that there would be a hearing on it that week. It is my understanding that there has been a hearing and that certain conditions that were imposed on the petitioner have been complied with by the petitioner and there still has been no action. In view of that, it seems only fair that the matter come back before the Body now and that the petitioner be informed whether he will get his license or not.

President KELLY—Councilor Coffey, talking on the motion.

Coun. COFFEY—It was not stated it would be reported back here or that action would be taken upon it immediately. The statement was made by me that the hearing would be held the same week that the petition was referred to the Committee on Licenses. We held a hearing that week which was on Friday. At the request of one of the committee members we asked that a survey be made of the Summer Tunnel as to the number of taxis using the tunnel on certain days of the week. That survey was made and a report sent back to the Council here, and the Clerk informed me last Monday that I as chairman of the committee would receive the report some day last week which was, as it turned out to be, last Wednesday. On top of that I received a letter from Mr. Fairbanks stating that he had written a letter to the Legislature asking to withdraw a bill he had filed giving the Department of Public Utilities sole control over waterways in Massachusetts or any port in any part of Massachusetts and the East Boston airport. In the letter Mr. Fairbanks stated that Mrs. Cutler, chairman of the committee, is going to ask the committee to recommend leave to withdraw the bill. Now, we come up to today, the only day any action could be taken. Four of the committee members I polled today have voted the matter should lay on the table for at least another week. If the gentlemen as a whole want to take the matter from the committee, that is up to them, but at the present time I have been able to poll four of the committee and those four have recommended that the petition stay on the table, that is, before the Committee on Licenses for at least another week.

President KELLY—The question is on the motion to take from the committee. All those in favor will please rise. It is not a vote. It takes 15 votes to take from the committee.

Coun. COOK—Mr. President, a point of information.

President KELLY—Will you state your point of information?

Coun. COOK—Within 30 days or 60 days?

President KELLY—The petition has been before the Committee on Licenses since January 27, and it takes 15 votes.

Coun. SULLIVAN—Mr. President.

President KELLY—Councilor Sullivan.

Coun. BAYLEY—Mr. President, a point of order.

President KELLY—Councilor Sullivan is recognized.

Coun. BAYLEY—Mr. President, a point of order.

Coun. SULLIVAN—Mr. President, I move when we adjourn we adjourn for two weeks from today.

Coun. BAYLEY—A point of order, Mr. President.

President KELLY—Will you state your point of order?

Coun. BAYLEY—This petition of the Boston Waterways was referred to the Committee on Licenses back in December, 1946, at least two months ago when it originally came in; therefore, it does not require 15 votes.

President KELLY—The Chair rules 15 votes—

Coun. BAYLEY—You ruled it was referred less than a month ago. Was it not first referred back in December, 1946?

President KELLY—The latest reference to the committee was January 27, and that would require 15 votes to remove it.

Coun. BAYLEY—The first reference does not count?

President KELLY—That is right.

Later in the session Coun. COOK said—Mr. President.

President KELLY—Councilor Cook.

Coun. COOK—A point of parliamentary inquiry about your ruling and where it is taken from, referring back to the committee after it has come out from the committee and been adopted. I don't think the President is correct in the ruling, that the Waterways petition is not 30 days now because it has been referred back within 30 days to the Committee on Licenses. I would like to be informed as to the authority.

President KELLY—One minute now, councilor. Rule 14, page 4, the first paragraph, "If within 30 days the matter referred to committee is not reported upon, it may be recalled by a two-thirds vote of all the members." Rule 14, page 4, first paragraph, councilor. Last paragraph in Rule 14, the first paragraph on the fourth page.

Coun. COOK—Do I understand, Mr. President, your ruling on that provides when a committee has had it and it comes out to Executive and is referred back?

President KELLY—The Chair rules the last time it was referred to the Committee on Licenses was January 27, councilor, and the time does not start until it is referred to any committee.

THE NEXT MEETING.

Coun. KINSELLA—Mr. President, President KELLY—Councillor Sullivan was recognized.

Coun. SULLIVAN—I move that when we adjourn we adjourn for two weeks from today.

President KELLY—Councillor Sullivan moves that when we adjourn we adjourn to meet two weeks from today. All those in favor say aye—

Coun. BAYLEY—Mr. President, President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—Speaking on the motion. Is there a holiday coming up next week, or what is the reason we do not meet next week?

President KELLY—The gentleman does not have to explain why he made the motion. He made the motion we adjourn to two weeks from today.

Coun. MUCHNICK—Mr. President, while it is true the gentleman does not have to give the reason, I would like to ask him through the Chair if he would give his reason.

Coun. SULLIVAN—The Mayor being away, and there being before the body no official city business.

Coun. MUCHNICK—It seems to me, Mr. President, the Mayor was away today but we have under the law a provision for an acting Mayor, and it seems to me, further, there is plenty of city business which was discussed here today, particularly in the Executive Session. Under those circumstances and the reason given by the moving party, I suggest the motion be defeated.

President KELLY—Councillor Sullivan makes the motion that when we adjourn we adjourn until two weeks from today.

Coun. CHASE—Mr. President, I would like to know through you how much business we have pending in the Executive Session?

President KELLY—Nothing pressing of importance in the Executive Session, councillor.

Coun. CHASE—Would you enlighten me, sir, as to just what is pending in the Executive Session?

President KELLY—We will find out. The only thing in there is the Transit Board Order, councillor, and the sale of land on Chestnut Hill on which the Executive Committee will hold a public hearing.

Coun. KINSELLA—I would like unanimous consent to make a brief statement.

President KELLY—There is a motion before the body.

Coun. KINSELLA—I am sorry, I withdraw the request.

Coun. BAYLEY—Mr. President, I hope this motion will not prevail, and that we will meet next week. I understand there is no holiday and I see no reason for not meeting next Monday when we have matters before the committee and when we may be able to act at that time on the petition of the Boston Waterways.

President KELLY—The question is on the motion that when we adjourn we adjourn until two weeks from today. All those in favor—

Coun. CHASE—Mr. President—

President KELLY—Councillor Chace.

Coun. CHASE—Mr. President, I see no good reason why this Council should adjourn for two weeks. We have actually pending business in Executive Session. We have the Waterways pending, and who knows an awful lot may happen within the next week. The mere fact that his Honor the Mayor is on vacation does not necessarily mean we should take a vacation. I think, sir, in view of the fact that we have pending matters before this Body we should meet next week, and I urge the Council not to go along on the adjournment.

President KELLY—Councillor Sullivan made a motion that when we adjourn we adjourn for two weeks from today. All those in favor say aye, those opposed, no. The Chair is in doubt, and asks for standing vote. All those in favor, please rise. Please rise, that when we adjourn we adjourn until two weeks from today. Those opposed. It is not a vote.

STATEMENT BY COUNCILOR KINSELLA.

Coun. KINSELLA—Mr. President, President KELLY—Councillor Kinsella.

Coun. KINSELLA—I ask unanimous consent to make a short statement.

President KELLY—Councillor Kinsella asks unanimous consent to make a short statement. Hearing no objection, he may.

Coun. KINSELLA—Mr. President, I want to say for the record that two weeks ago today the City Clerk, John B. Hynes, was returned to his position. I was not here to vote for Mr. Hynes, the City Clerk, but I would like to applaud the judgment and wisdom and good taste of the Council in returning him to his position.

MOTION TO ABOLISH THE COMMITTEE ON LICENSES.

Coun. MUCHNICK—Mr. President, President KELLY—Councillor Muchnick.

Coun. MUCHNICK—May I ask the Chairman of the Committee on Licenses a question through you?

President KELLY—Do you care to answer the question?

Coun. COFFEY—No. Mr. President, what is he doing on his feet?

President KELLY—Councillor Coffey refuses to answer your question. Councillor Muchnick, for what purpose does the gentleman rise?

Coun. MUCHNICK—I would like to put the question just the same, and if I know anything about the rules, I think I am correct.

Coun. COFFEY—He is out of order.

President KELLY—If you have a motion, I will be glad to accept a motion in writing.

Coun. MUCHNICK—I don't want to make a motion, Mr. President.

Coun. COFFEY—He is out of order.

Coun. MUCHNICK—I want to ask a question and I believe I am entitled to get the question on the record.

Coun. COFFEY—A point of order.

President KELLY—If you rise to a point of information—

Coun. MUCHNICK—I have a point of information.

President KELLY—What is your point of information?

Coun. MUCHNICK—Will the Chairman of the Licenses Committee inform me, through you, Mr. Chairman, when he intends to have a meeting of his committee for the purpose of acting on the petition of the Boston Waterways, Inc.?

President KELLY—Councillor Coffey.

Coun. COFFEY—When I feel like it, Mr. President.

Coun. MUCHNICK—Mr. President, President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—To make a motion.

President KELLY—Councillor Muchnick.

Coun. MUCHNICK—I move that the Committee on Licenses be abolished.

President KELLY—It is referred to the Committee on Rules.

MOTION TO ABOLISH COMMITTEE ON MILITARY AFFAIRS.

Coun. BAYLEY—Mr. President, President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—I am going to move that the Committee on Military Affairs be abolished. We have come twice to 14 votes. I am going again to move that it be abolished.

President KELLY—Councillor Bayley moves the Committee on Military Affairs be abolished.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—If one motion to abolish a committee is referred to the Committee on Rules, it seems to me somewhat logical a second motion to abolish a committee belongs in that committee.

President KELLY—That is a motion the Council has voted on two or three times to abolish, and they claim there is no need of the committee.

Coun. MUCHNICK—My claim is that there is no need of the Committee on Licenses, the way it is acting.

President KELLY—Is it your wish, Councillor Bayley, that it be referred to the Committee on Rules?

Coun. MUCHNICK—It is my wish the Chair act logically.

President KELLY—It will be referred to the Committee on Rules.

Later in the session Coun. BAYLEY said—Mr. President.

President KELLY—Councillor Bayley.

Coun. BAYLEY—A point of parliamentary inquiry, Mr. President.

President KELLY—Will you state your point of parliamentary inquiry?

Coun. BAYLEY—My question is, why was my motion of three or four weeks ago to abolish the Committee on Military Affairs put to a vote and today it is referred to the Committee on Rules?

President KELLY—Councillor Muchnick questioned the judgment of the Chair when he referred the other matter to the Rules Committee.

Coun. BAYLEY—It was before the Body three or four weeks ago.

President KELLY—Councillor Muchnick questioned my judgment.

Coun. BAYLEY—I feel both motions could be voted on without being referred to the committee.

President KELLY—The Chair does not feel the first motion with regard to the Committee on Licenses should be voted on because it has to do with the rules of the Council, and it is a necessary committee.

REPRESENTATION BEFORE COUNCIL COMMITTEES.

Coun. COFFEY offered the following:

That the Law Department draw legislation that members of the Council not attorneys be allowed to take a fee for representing a party before City Council committees, with same legal standing as members who are lawyers.

Coun. COFFEY—Mr. President, I make a motion that in the future attorneys in this Body be disallowed to act as representatives for anybody coming in here seeking anything before the Boston City Council. May I ask that it be acted upon today?

President KELLY—The Chair will rule, no matter what action the Council takes, an attorney has the legal right to represent any client.

Coun. COFFEY—A point of information.

President KELLY—Will you state your point of information?

Coun. COFFEY—You claim the attorney has the right to act in a legal capacity for anybody seeking anything before the Boston City Council or the city? You make that ruling? They have a legal right?

President KELLY—One minute, councillor. A lawyer has the right to act as the legal representative on anything before the Council. Of course, if he acts as attorney on anything coming up in the City Council, he cannot cast his vote on it if he is acting as attorney.

Coun. COFFEY—In that way they can take the fee that an ordinary member of the City Council who is not an attorney cannot take. Therefore, I make a motion that those who are not members of the bar be allowed to take the same fee that members of the bar may get when retained by anybody seeking anything before this Body.

President KELLY—The Chair will rule he can't accept your motion, councillor. The Council has no authority to make attorneys out of the laymen on the Council. I can't accept your motion.

Coun. COFFEY—Mr. President.

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Coffey.

Coun. COFFEY—I would like to amend my motion that the Law Department draw up a bill for the Legislature so that the members of the Boston City Council who are not attorneys can be in a position to take a legal fee acting for anybody seeking anything through the Boston City Council so that we would not be considered grafters in the event of taking a fee.

President KELLY—That is referred to the Committee on Rules.

LIGHTING SYSTEM ON BROOKLEDGE STREET, WARD 12.

Coun. COOK offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to improve the lighting system on Brookledge street, Ward 12.

Coun. COOK—This is one of the ordinary orders that go through. I would like to point out to the Council it seems to me when they replace some of the gas lights with electric lights in many instances they put a small electric bulb on top of the pole. I think it is bad for the city from all viewpoints. In my district, there have been many holdups and many assaults because the light that emanates from a plain bulb without a reflector is of no value at all. I think the Commissioner of Public Works should take steps to improve the lighting system not only on Brookledge street but throughout the whole city.

The order was passed under suspension of the rules.

MOTION TO ADJOURN.

Coun. COOK—I move we adjourn. President KELLY—There is another matter. Will you withdraw your motion?

Coun. COOK—Yes.

LIGHTING SYSTEM, SPRING PARK AVENUE.

Coun. McCORMACK offered the following: Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take immediate steps to correct the lighting system on Spring Park avenue, Ward 19. Passed under suspension of the rules.

TEMPORARY LIBRARY QUARTERS IN NEPONSET SECTION.

Coun. KEENAN, MUCHNICK, HANNON and FISH offered the following: Ordered, That the Trustees of the Boston Public Library be requested to provide temporary library quarters in the Neponset section. Passed under suspension of the rules.

Adjourned at 5.35 p. m., on motion of Councillor Cook, to meet on Monday, February 24, 1947, at 2 p. m.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SOCIAL WORKER, MARCH 29, 1947.

Last date for filing applications, Monday, March 10, 1947, at 5 p. m.

This examination is open to males and females.

As a result of this examination, eligible lists for the classification of Social Worker will be established for Public Welfare Departments of all cities and towns in the Commonwealth. Certification will also be made from these lists for vacancies in the classification of Welfare Agent in municipalities with a population under 10,000. Certification will be made first from the local lists established in each municipality. In the event no such lists exist, certification will be made from a District list.

Salary: Inquiry should be made at local departments for the salaries paid in the various cities and towns.

Vacancies: From time to time.

Duties: Under supervision, in accordance with well-defined rules and regulations, to determine eligibility and extent of need of applicants and recipients for public assistance and welfare service by investigations and home visits; to make recommendations for assistance and to render, or assist in the utilization of, welfare services; and to perform related work as required.

Examples of Duties: Investigates eligibility and extent of need and develops plans of assistance of applicants for and recipients of public assistance, through interviews, home visits, and inquiries of relatives, employers, and representatives of other social agencies and of the community; obtains documentary evidence pertaining to eligibility and resources of applicants, such as records of birth, marriage, property, monetary resources; assists applicants and recipients in utilizing of other financial, health, and social service resources, and in realizing potentialities for rehabilitation within the family; determines extent of need on a family budget basis according to standards of assistance, rules, regulations, and policies, and makes recommendations as to initial assistance payments and subsequent changes or discontinuances of assistance; advises recipients as to use of assistance; makes periodic reinvestigations of eligibility and extent of need; writes or dictates and currently maintains complete case records and conducts related correspondence; attends staff meetings and consults with superior in working out plans of assistance; interprets the public assistance program and its limitations to individuals in the community; makes full investigations of the legal settlement status of clients.

Applicants must have an understanding of the causes and problems of dependency and family insecurity, including the economic, social, health, and psychological problems; some understanding of public assistance programs and related laws; some understanding of methods and principles of public assistance case work; some knowledge of social resources; an understanding of attitudes and behavior; an aptitude for dealing with people.

Entrance Requirements: Applicants who have not reached their twenty-first birthday on the date of filing application will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Two years of satisfactory full-time paid employment within the last ten years in social case work in a recognized public or private social agency. Substitutions: (1) Education in a recognized college or university may be substituted for the specified experience on the basis of two years of education for one year of experience.* (2) Full-time training in a recognized school of social work may be substituted for the specified experience year for year. (3) Satisfactory full-time paid employment within the last ten years in a recognized professional capacity in the fields of social welfare, education, or public health, or satisfactory experience within the last ten years as a member of a local Board of Public Welfare or Bureau of Old Age Assistance who has regularly engaged in the investigation of eligibility and need for public assistance, may be substituted for the specified social case work experience on the basis of two years of such experience for one year of social case work. (4) Satisfactory full-time paid employment within the last ten years in a public assistance agency in clerical work directly related to social case work may be substituted for the specified full-time social case work experience on the basis of three years of such experience for one year of full-time paid social case work experience. Such work must have been on a continuous basis and must have been directly concerned with one or more of the following programs: Old Age Assistance, Aid to Dependent Children, General Relief, Aid to the Blind, or Soldiers' Relief.

In any of the above instances, where experience is required to have been had within the past ten years, credit may be given for such experience prior to the last ten-year period on the basis of two years of such prior experience for one year of such experience within the ten-year period.

*One year of education is equal to thirty semester hours credit or the equivalent in term-hours, quarter-hours, points, majors or courses.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN POND STREET, BETWEEN ROCKWOOD STREET AND NEILLIAN CRESCENT, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Pond street, between Rockwood street and Neillian Crescent, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Pond Street, between Rockwood Street and Neillian Crescent, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, March 13, 1947, with a certified check for four hundred and fifty (450) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Mar. 1.) Commissioner of Public Works.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL THERAPIST, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

Salary: The entrance salary with maintenance is \$1,320 a year; the maximum salary with maintenance is \$1,620 a year. The entrance salary, plus one meal a day, is \$1,600 a year; the maximum salary, plus one meal a day, is \$1,900 a year.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING AND RELAYING WATER PIPES IN FURBUSH ROAD, HACKENSACK CIRCLE, HART STREET, KEITH STREET AND LIBBY STREET, WEST ROXBURY; ARNOLD STREET, VALE STREET AND THIRD NEW WAY, HYDE PARK; BEECHCROFT STREET AND SOLDIERS FIELD ROAD, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying and relaying water pipes in Furbush road, Hackensack Circle, Hart street, Keith street and Libby street, West Roxbury; Arnold street, Vale street and Third New way, Hyde Park; Beechcroft street and Soldiers Field road, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in Furbush Road, Hackensack Circle, Hart Street, Keith Street and Libby Street, West Roxbury; Arnold Street, Vale Street and Third New Way, Hyde Park; Beechcroft Street and Soldiers Field Road, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, March 14, 1947, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Mar. 1.) Commissioner of Public Works.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To cut, fit, manufacture, and repair all types of clothing, including men's suits and overcoats, women's coats, etc., and to supervise patients in performing the simpler tasks connected with this work, such as mending, sewing buttons, pressing and cleaning; to keep machinery and tools in good working condition; to requisition the supplies; and to perform related work as required. The ability to handle the patients tactfully is necessary.

Entrance Requirement: Applicants must have at least one year's paid experience as a tailor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN WATERMAN ROAD, WEST ROXBURY, BETWEEN NEPONSET AVENUE AND BOURNE STREET, AND MINOR SEWERAGE WORKS IN WOODBOURNE ROAD, CARTH ROAD, BURRWOOD ROAD, HODGDON TERRACE AND FLORIAN STREET, WEST ROXBURY, AND NILES STREET, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Waterman road, West Roxbury, between Neponset avenue and Bourne street, and minor sewerage works in Woodbourne road, Carth road, Burrwood road, Hodgdon terrace and Florian street, West Roxbury, and Niles street, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Waterman Road, West Roxbury, between Neponset Avenue and Bourne Street, and Minor Sewerage Works in Woodbourne Road, Carth Road, Burrwood Road, Hodgdon Terrace and Florian Street, West Roxbury, and Niles Street, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, March 18, 1947, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Mar. 1.) Commissioner of Public Works.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

TO GENERAL CONTRACTORS.

PROPOSALS FOR WASHING, PLASTERING, PAINTING, WALL TILE, FLOOR MASTIC TILE, CERAMIC WORK, SHEET METAL WORK, MISCELLANEOUS CARPENTRY, GLAZING AND WINDOW SHADE WORK, VOSE HOUSE, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for washing, plastering, painting, wall tile, floor mastic tile, ceramic work, sheet metal work, miscellaneous carpentry, glazing and window shade work, in Old Nurses' Home, known as Vose House "C," Boston City Hospital, in accordance with the specifications, giving a bond of a surety company, satisfactory to the Trustees therefor, in the sum of the full amount of the contract price. In their proposals bidders must submit separate prices for the items specified. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock p. m. on Thursday, March 6, 1947, at the office of the Superintendent, with a certified check for \$300, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before the time for opening the bids. The rate per hour to be paid to those who are to be employed under this contract must not be less than the rate of wages determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract. The Trustees reserve the right to reject any and all proposals. Proposals are to be addressed "Proposal for Washing, Plastering, Painting and Miscellaneous Work, Vose House 'C,' Boston City Hospital."

TRUSTEES OF THE BOSTON CITY HOSPITAL,
MARTIN J. ENGLISH, M. D.,
(Mar. 1.) President.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING FOOTBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning football equipment for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Football Equipment." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, March 12, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The School Committee reserves the right to reject any or all bids, and to accept the bid or bids which it deems best for the interests of the city. The bidder awarded the contract must furnish a suitable bond or deposit of money or other security for the faithful performance of the contract in the amount of not less than 50 per cent thereof.

HENRY J. SMITH,
Business Manager of the School Committee.
(Mar. 1.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC AND MISCELLANEOUS PAINTS FOR VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing paints to the various city departments, on specifications contained in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Paints." There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Monday, March 10, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Mar. 1.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC BUILDINGS DEPARTMENT.

INVITATIONS FOR PROPOSALS FOR PAINTING WORK IN CITY HALL ANNEX, BOSTON.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in City Hall Annex, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, March 12, 1947, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, March 3, 1947, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES E. SULLIVAN,
Superintendent of Public Buildings.
(Mar. 1.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing surgical supplies, as required, for city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., on Tuesday, March 18, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Surgical Supplies."* The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Mar. 1.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 550 GRADE A METAL LOCKERS WITH LOCKS.

The Supply Department of the City of Boston invites proposals for furnishing metal lockers for the Fire Department, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and plainly marked "Proposal for Metal Lockers."* *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bids will be publicly opened and read Friday, March 14, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Mar. 1.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR PLASTIC GAS LAMP GLOBES.

The Supply Department of the City of Boston invites proposals for furnishing plastic gas lamp globes to the Public Works Department. The bidder must use the form of proposal with specifications and drawing, obtainable at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of proposals.* The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Thursday, March 20, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Gas Lamp Globes."* The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN JERSEY STREET, ROXBURY, BETWEEN BOYLSTON STREET AND PARK DRIVE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Jersey street, Roxbury, between Boylston street and Park Drive. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Jersey Street, Roxbury, between Boylston Street and Park Drive," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, March 12, 1947, with a certified check for two thousand (2,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MARCH 8, 1947.

No. 10

SAFETY OF AMERICAN FORM OF GOVERNMENT RESTS ON SOUNDNESS OF GOVERNMENT IN MUNICIPALITIES AND SIMILAR UNITS, MAYOR CURLEY TELLS RADIO AUDIENCE OVER STATION WMEX IN REGULAR MONTHLY DISCUSSION OF MUNICIPAL AFFAIRS AND PROGRESS—THE STRUCTURE OF A NATION WILL LAST ONLY AS LONG AS GOVERNMENT AT THE BASE IS SOUND AND SOLVENT—CALLS FOR AN ENLIGHTENED PROGRAM OF FEDERAL, STATE, AND LOCAL INTEGRATION AND COOPERATION AS MOST URGENTLY NEEDED TO TRANSFER FROM DEPRESSION AND WAR TIMES TO PEACEFUL LIVING.

The following is the address of Mayor Curley over radio station WMEX on Monday Evening, March 3:

No unit of government deals more intimately and frequently with the daily life of the majority of Americans than the city. It guards the citizen's home against burglary and fire; it protects him against disease; it looks to the purity of the water he drinks, the food he eats, even the air he breathes; it conducts the schools where his children are educated; it builds his streets and sidewalks and keeps them clean; it provides facilities for his recreation; it looks to his safety, his health, and his welfare in a score of different ways.

The resident of a city meets the state or federal government face to face on only a few occasions during the year; but his own municipal government is at his side every minute of every day. It is in the performance of its role as provider of vital and necessary services that the city meets its most onerous problems; for remember that the city is no free agent to serve its people in the manner and to the extent its people may wish. It has the responsibility in full but is granted strictly limited means with which to meet that responsibility.

Cities do not share in the sovereign rights that are divided between the federal government and the states. Whereas the upper levels of government are free to revise and expand their revenue systems in times of stress and expansion, our cities must continue to rely on real estate taxation as the main support of municipal activities.

The residents of cities comprise over 56 per cent of the population of the nation. An analysis of the annual income of the various occupational groups in the country readily discloses the fact that the urban 56 per cent of the population produces approximately 73 per cent of the nation's annual income. Although almost three fourths of the national income is produced within the corporate limits of our cities and towns, the taxes payable on that income have gone largely and increasingly to the federal and state governments.

Federal and State Revenues Jump.

According to the Census Bureau, between the years 1932 and 1941 federal revenues increased 313 per cent and state revenues 138 per cent, while the revenues of cities increased only $2\frac{1}{2}$ per cent. Despite this negligible increase in income, the financial burdens on cities have steadily increased. Every type of municipal cost has risen along with the universal rise in prices. Because of its restricted revenue base a city has only one outlet for advancing costs — namely, higher tax rates.

Disturbed by the rise which has taken place in municipal tax rates in the past two decades, certain self-righteous critics have labeled the whole municipal financial structure as wasteful and extravagant, and have given scant consideration to the fact that the major growth which has taken place in municipal expenditures during the present century has been occasioned largely by factors beyond the control of the administrative officials of our cities.

One hundred years ago municipal government was a rather simple affair. President Charles W. Eliot of Harvard, who was born in Boston in 1834, described conditions during his boyhood in his home city as follows:

"There was no public water supply. Water for household use was brought in buckets from neighboring wells. There was no sewer in the whole town and no pavement except a cobblestone pavement in a few of the principal streets. There were no street lights to speak of — only a few scattered whale-oil lamps. Protection against fire was afforded by a hand pump and a voluntary bucket brigade. Police protection was furnished by a day and night watch consisting of duly authorized, respectable citizens. Public health work was confined to vaccination and isolation duties."

(Continued on page 313.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 10, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending March 1, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 194; nonresidents, 51; total, 245.

Death rate per 1,000 of population: All deaths, 16.62; nonresidents deducted, 13.16.

Death rate per 1,000 of population:

Last week, 15.94; corresponding week last year, 18.45.

Deaths by age periods, sex, etc.: Under one year, 22; one year to four years, inclusive, 1; sixty years and over, 140. Total deaths: Male, 144; female, 101; deaths in hospitals and institutions, 150.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR CURLEY MAKES REPLY TO FINANCE COMMISSION, REFUTING STATEMENTS MADE CONCERNING TWO CITY DEPARTMENTS—CONCURS WITH REPORT WITH REFERENCE TO SOLUTION OF MAJOR PROBLEMS CONFRONTING CITY BUT POINTS OUT FALLACIES IN STATEMENTS CONCERNING PUBLIC WORKS AND ASSESSING DEPARTMENTS—SAYS PUBLICATION IS CRITICAL OF THINGS DONE DESPITE MOST PROGRESSIVE YEAR IN LAST DECADE—POINTS TO MISTAKES RELATIVE TO SUMNER TUNNEL REVENUE AND MATTER OF ABATEMENT OF TAXES.

The Mayor on March 5 sent the following reply to the Finance Commission in answer to its report:

MR. EDWARD MULLEN, *Chairman,*
Boston Finance Commission.

GENTLEMEN,—The annual report of your body has been received, and that portion has been given consideration that applies to two departments of the city which have been singled out as targets by your commission in the annual report.

In the main, the report is largely a compilation of partial reports with reference to the conduct and activities of the city during the past year.

I heartily concur in the recommendation with reference to the solution of the major problem confronting the City of Boston, which does not differ in any degree from the problem confronting other major American cities in which a solution for their difficulties has been found in the establishment of greater cities.

I concur with your conclusions that, provided that all cities and towns within fifteen miles of Boston were included in a Greater Boston, it would give to our city the greatest impetus for commercial and industrial development it has ever known, since it would place us in the forefront of American cities with a population which, I believe, would give us fifth place among American cities, or in the vicinity of two and one quarter millions of population.

This concentration of power and inhabitants could not fail to be a major contribution to the development of our industrial and commercial life and would, of necessity, result in the adoption of economics beneficial to every city and town included in the Greater Boston.

NEITHER JUSTIFIABLE NOR TRUE.

It is most pleasing to find that the criticism that has been leveled at the conduct of the city departments has been confined largely to two departments of the city, and in both cases the criticism was neither justifiable nor true. I have requested an answer from the Public Works Commissioner, and it is herein set forth:

"The Finance Commission report of January 31, 1947, has been brought to my attention, and there are items on which I feel that comment should be made.

"The report, as a whole, is critical of things done. After the most progressive year in the last decade in the City of Boston, no word of commendation was included in the entire report.

"This department and the Commissioner have been criticized for their actions as regards the disposal of refuse. It would be of interest to the people of Boston to know that the cost of disposing of a cubic yard of refuse by the present method of land dump is 37 cents, and that the total cost under this method of disposal is less than one dollar per person per year. I hardly believe that the Finance Commission could suggest a method in the City of Boston that would be more economical than this. If the Public Works Department were allowed to do so, there are many low areas in the City of Boston in which we could establish sanitary-fill dumps. This is a method in which rubbish is disposed

of by way of land dump, and each night the day's deposit is covered with a soil topping, rendering it not unpleasant to the eye and sanitary and inoffensive in every respect. These areas eventually will become valuable taxable property.

"The key source of complaint by the Finance Commission has been as to the costs of the collection and disposal of ashes, garbage, and combustible waste, overlooking the all-important fact that no householder desires a dump in the vicinity of his place of abode. The department has endeavored to make possible short hauls by the location of dumps upon available vacant land in various sections of the city, but, invariably, the protest has been so great that it has been impossible to secure locations which would permit of short hauls.

INCINERATION NOT COMPLETE STORY.

"We must remember that incineration is not complete disposal; that there is a great deal of refuse that is noncombustible; and that the ordinary by-product of incineration itself is an ash residue which must, in turn, be disposed of so that dumping areas must always be available.

"In the report of the Finance Commission it is stated on page 49 that the Sumner Tunnel showed a surplus of \$263,422 for the year 1946. From a careful check-up of the receipts and expenditures during the past year, it was evident to the officials of this department that a large surplus would accrue from the operation of the tunnel, and, according to figures which I have just obtained from the office of the City Auditor, it appears that the surplus was \$535,974.45, and not the amount indicated by the Finance Commission in its report."

The report with reference to the Assessing Department deals largely with cases that occurred before the present Assessing Board was organized. The recommendation of the Finance Commission that it would be to the interest of the city to accept decisions made by the Tax Appellate Board, rather than settlement through the office of the Corporation Counsel or by the Board of Assessors, is not borne out by the facts. The fact is that, in cases that have been adjudicated by the Board of Tax Appeal, the average abatement granted represented approximately 26 per cent of the valuation of the property in question, while abatements granted by the Assessors or settled by the experts of the city, whether employed by the Law Department or by the Assessing Department, have not been in excess of 6 per cent, on an average, of the valuation of the property.

ASKS FOR TRUTH.

I sincerely trust that the Finance Commission will make a further check-up and set this matter forth truthfully, as it should be, namely, that a saving of 20 per cent in the settlement of cases by the Board of Assessors has resulted in a tremendous saving to the city. The report is extremely illuminating and worthy of consideration and study by the Finance Commission—and is here included:

"As of January 1, 1946, an analysis of the real estate market indicated that substantial increases in assessed valuations were warranted. Knowledge of such increased sales prices was generally known to all persons interested in real estate in the City of Boston. The Assessors' sales file indicated that returning war veterans were well aware of such increases. These men, assisted by the most helpful method of

financing ever devised in this country, namely, the G. I. Bill, were forced to pay prices for residential real estate 200 to 250 per cent of the prices existing before they entered the service. Tenants of commercial real estate likewise were being increased from the fall of 1945 on as high as 200 per cent. These facts in regard to the 1946 valuations, of course, were within the knowledge of the Finance Commission.

AS TO REDUCING ASSESSMENTS.

"The Commission likewise was of the opinion, as disclosed in the report, that there was no justification for reduction in assessments. In carefully worded phrases it attempts to convey the impression that the assessments upon the properties increased in 1946 were abated sometime prior to January 21, 1947. The facts are that the great number of abatements occurring on 1946 valuations were due largely to abatements on properties which were not increased in 1946, as well as substantial abatements granted to widows, to service men entitled to exemption under the temporary emergency war act for both real estate and poll taxes, and to decisions upon and settlement of matters pending before the Appellate Tax Board.

"The statement of the Finance Commission that, upon assumption of office by Mayor Curley, 'the new assessors, on the instructions of the new Mayor, adopted the policy of settling these cases without specific order of the Appellate Tax Board' is absolutely false.

"The Commission's statement that 'those who had influence enough to obtain abatements for clients reaped, in 1946, their greatest harvest in this field. Valuations fixed by preceding Boards of Assessors in 1940, 1941, 1942, 1943, 1944, and 1945 on which the Assessors, to 1946, had resisted all pressure now began to move downward. These consisted in large part of the cases pending before the Appellate Tax Board. They were settled in Assessors' conferences. Thousands of cases were wiped off the books by the settlement process. . . ' is best answered by stating that any settlements made by the Board of Assessors were not based upon influence held by any person but were made solely upon the basis of what was best for the city.

"The Commission's statement that previous Boards of Assessors had resisted all pressure is contrary to the record. During the year 1944 the Board of Assessors, in the exercise of 'resisting pressure' abated taxes in the amount of \$3,424,995.07. In 1943, still resisting pressure, as the Finance Commission says, that Board of Assessors abated \$4,879,130.04; in 1942, \$4,232,389.48, and in 1941, \$5,264,094.07. If the Commission is correct in its statement that the previous Boards did not settle the appeals pending before the Appellate Tax Board, then the figures of abatement herein cited must have been granted as abatements upon properties for the current year in each case—no other alternative is possible.

"In any discussion concerning the large amounts of refunds reported by reductions in valuations determined by the Appellate Tax Board, as well as those granted by the Board of Assessors, it would be clearly under-

stood that these refunds are practically all the results of valuations for many years during which you were not Mayor. It should also be realized by citizens and taxpayers that these refunds of valuation prior to 1946 are a tremendous burden upon the present taxpayer who is obliged to finance these refunds through no fault of the present administration.

"When the present Board of Assessors took office they were faced with the problem of providing cash refunds for approximately five hundred cases already determined either by agreement or decision of the Appellate Tax Board, amounting to approximately one million dollars, which should have been paid before you took office.

NUMBER OF APPEALS.

"Also facing the Board of Assessors when they took office in 1946 were 12,792 appeals pending before the Massachusetts Appellate Tax Board versus Boston. The present Board of Assessors, by prudent settlement of pending appeals, has reduced the number of such appeals from 12,792 to 7,357. The total number of appeals withdrawn during the tenure of the present board is 6,211; the amount abated by this Board in the settlement of these appeals is approximately 6 per cent of the assessed valuation, as compared with approximately 26 per cent of valuations abated by decision of the Appellate Tax Board." (End of Assessors' Report.)

In conclusion, I desire to state that, in my opinion, the increases in valuation made in 1946 more nearly approached real values than have occurred for many years past. The policy of the Board of Assessors is such that, in granting abatements of approximately 6 per cent of valuation, as against approximately 26 per cent of valuation, it shows sound business judgment even though the settlement and withdrawal of many of these cases may be effected through consideration of present values.

Respectfully,

JAMES M. CURLEY, Mayor.

MONTREAL GREETES BOSTON ON INAUGURATION OF NON-STOP PLANE SERVICE.

The following letter was received on March 3 by the Mayor from Camillien Houde, Mayor of Montreal:

DEAR MR. MAYOR,—The Northeast Air Lines have consented to convey to you the greetings of the Mayor of Montreal and of its citizens on the occasion of the inauguration of a non-stop plane service between the City of Boston and the City of Montreal.

I feel sure that you will join me in the appreciation of this forward step which brings us even closer together and makes us even better neighbors in providing our respective citizens with added facilities to meet more frequently if possible.

I wish to add, dear Mr. Mayor, my personal regards to you and beg you to accept in commemoration a token which may remind you of this occasion, as this modest gift bears the crest of our city.

Yours very truly,

CAMILLIEN HOUDE,
Mayor of Montreal.

MAYOR CURLEY OBSERVES ANNIVERSARY OF THE BOSTON MASSACRE BY PLACING WREATHS ON MONUMENTS AND AT STATE STREET SITE OF BLOODY EVENT.

The following was released by his Honor the Mayor, on March 5:

The 177th observance of the Boston Massacre took place today at the Memorial erected on Lafayette Mall on the Boston Common to the memory of Crispus Attucks and the patriots who died with him on the occasion of the Boston Massacre. It represented the first real movement for the establishment of the independence of the United States of America, and marked the death of Samuel Maverick, James Caldwell, Samuel Gray, Patrick Carr, and Crispus Attucks. It is unfortunate that the people at large failed to appreciate the importance of the event in the movement for the establishment of American liberty.

Daniel Webster well said: "From the moment of the Boston Massacre we may date the severance of the British Empire." The wanton firing on Boston men on that night of consternation prepared the Boston Tea Party, Paul Revere's Ride, Concord Bridge, Breed's Hill, and the departure from Boston of the British soldiery and fleet. The shot fired on Lexington Green "heard round the world" was an echo of the British musket that felled an American Negro and rallied a people to a conception of liberty, equality, and in these later days, social justice, which the world has yet to see paralleled.

As Mayor of Boston it is my privilege to urge upon all Americans the duty and privilege of honoring these silent patriotic dead in whose humble lives were nurtured the seeds of honorable revolution, and in whose tragic hands and martyrdom American Independence was conceived.

We have a higher appreciation of the importance of the event when we realize that the New World, where the emancipation of man was made possible and where the seeds of liberty and independence were sown, saved the Old World more than a century later and more recently again saved the World from brutal oppressors.

We all look forward with hope and confidence to the writing of a permanent peace during the Administration of the present genuinely American leader of our people who presides over our destinies, as President of the United States, Harry S. Truman. We have our international problems, which under his leadership, we are endeavoring to meet with courage, fortitude, and charity. We likewise have our domestic problems in the sections of our nation where to the present, some have failed to interpret the true meaning of liberty and equality and have failed to understand that in every crisis the Negro has proven both hero and martyr, and in all the long history of the race, have never produced a traitor. This being the history of the Negroes in the life of our nation it is clearly the duty of our Government to extend to them, as well as to all men, regardless of race, creed, or color, the fullest possible measure of honor and justice.

SOUND AND SOLVENT GOVERNMENT SUBJECT OF MAYOR CURLEY'S MONTHLY RADIO ADDRESS.

(Continued from page 309.)

This undoubtedly is a typical description of the American city of 100 years ago. It is unnecessary, I believe, to take the time to point out the great expansion which has taken place not only in Boston but in every other American city in these major municipal services. Municipal expansion, however, has not been confined to these elementary types of service. In late years many new activities have arisen, and today the American city is rendering a multitude of services compared with the number performed at the beginning of the present century.

MUNICIPAL SERVICES MULTIPLY.

Why this great expansion and development in municipal activities? I shall enumerate three causes which, in my opinion, are responsible for the multiplication of municipal services.

First, Congestion of Population. Dwellers in urban communities require and demand much more service from their local governments than is furnished by the small town or hamlet. Life in a large city is extremely complex, thus requiring a great number of regulatory services on the part of government. What would be termed "luxuries" on the farm are considered "necessities" in the tenement. The outstanding developments which have occurred in the commercial, industrial, and business aspects of city life have been strong forces in the expansion of local government activities.

Second, the Progress of Science. In 1848 Boston was content to take its water supply direct from its surrounding rivers and lakes. Filtration and chemical treatment of the water was unheard of. Seventy-five years ago milk was milk. Today it is "certified milk," "Grade A milk," "homogenized milk," etc.; and every circumstance of its production is watched by inspectors. The automobile has brought traffic police, overpasses, underpasses, and traffic signals. Electric light has brought the demand that every street be illumined from end to end from dusk to daylight. Speaking generally, only rarely, as in the case of the steam fire engine, have new scientific discoveries or applications resulted in the simplification of municipal services.

Third, Expanding Ideals of Social Service. We are no longer content that the poor shall live in crowded, unsanitary tenements. As a result we have building codes, tenement house inspectors, slum clearance, and expansive housing developments. The modern municipal conscience requires schools and playgrounds in a profusion which would have astounded our great-grandfathers. We are no longer willing to leave the complete care of the sick and indigent to the ministrations of private and ecclesiastical charity.

Need I go on? Let me sum up by saying that the concentration of population in our urban centers combined with the improvements accompanying the developments in science and our changing social concepts have forced the expansion and development of municipal activities and services during the present century. As administrative officials we have been powerless to prevent the increased municipal costs which, naturally, have accompanied these forces.

REVENUE BASE EXPANSION.

Up to 1930 the base on which municipal revenue systems rested was sufficiently strong and sturdy to support expanding municipal costs. That year the assessed valuations of real and personal property in Boston reached an all-high figure of roughly two billion dollars. In the sixteen years which have elapsed since that time Boston valuations have shrunk \$435,762,600, or a reduction of 22 per cent from the all-time peak. This reduction, in itself, has caused a \$9 increase in the tax rate.

Among the important causes of declining property valuations in our large metropolitan cities has been the movement of people to the suburbs. According to the last federal census, Boston's metropolitan area contains 2,350,514 persons, of whom 1,579,698, or 67 2/10 per cent, live outside the city limits. During the last decade, while Boston Proper declined 10,372 in population, the adjacent metropolitan area increased by 52,989.

When individuals and industries leave a large metropolitan city, its costs do not decline for two very apparent reasons. Those former residents who have moved to suburban localities do not desert the city altogether. They merely transfer their domiciles beyond the city limits and continue to work, shop, and play in the urban center. The central city continues to be involved in heavy expenses for this transient population, but unfortunately it no longer collects income from this group as before. Again, it must be realized that no shrinkage in area accompanies the exodus to the suburbs. Police and fire protection, sewerage and sanitation activities, street and highway maintenance, and many other city expenditures must continue on the same scale as before.

TAX EXEMPT PROPERTY.

Another cause which complicates the revenue problem in our large metropolitan cities is the large amount of property value exempt from taxation.

Tax exempt property in our large cities has increased in recent years by federal purchases of land, local acquirement of tax delinquent property by foreclosure proceedings, and statutory exemptions for property used for literary, charitable, and educational purposes. To illustrate—exempt property in Boston last year was valued at \$527,200,000. This total represents an increase of 22 per cent in 15 years, with 42 per cent of this increase occurring in federal holdings. The extent of this exempt property in our city may be better appreciated when I tell you that its valuation is equivalent to one third of the total taxable valuation in the city and that it equals the total valuation of Wards 7 to 22, inclusive.

The Boston Finance Commission in a recent report made this interesting observation: "The taxable land area in the city is figured to be 51 per cent of the whole area, since the exempt area is 33 per cent and the street area is 16 per cent. This means that no taxes are levied on about one half the land area of the city."

Most of the 49 per cent which is not taxed is used quite as much by those who pay no taxes in Boston as by those who do." The removal of property through tax exemption from the tax rolls does not cancel the demand for services on the part of local government. Federal buildings, housing projects, the State House, tax foreclosed property, and private educational institutions require police and fire protection, streets and

roads, sewer and water facilities, and all the multitude of services a municipal government supplies. It should be remembered and emphasized, therefore, that the exemption of certain properties from taxation, regardless of their character, merely increases the burden on the property which remains subject to taxes.

When municipalities existed primarily to preserve law and order and to protect persons and property, the local property tax was the natural and principal source of revenue. It has held this position while the American city has been developing into a vast service organization, constantly increasing the number of activities which it carries on. The property tax undoubtedly was appropriate when most wealth was in the form of real property and the services of local government were few and simple. But the property tax has become burdened by the multitude of services which it must finance and by the growing importance of other forms of property. Wealth is found now in large amounts not only in real property but also in stocks and bonds and the earnings of industrial and commercial workers. The state governments have been imposing new obligations on the local governments, and the federal government has stimulated the extension of social service at all levels. But the states, while compelling the cities to assume new functions, have generally reserved for their own use many of the revenues which should be going to the local governments in return for the burdens they are carrying.

COOPERATION CALLED FOR.

An enlightened program of federal, state, and local integration and cooperation is urgently called for. Never in its history has this nation faced such a complexity of economic and social problems—hangovers from the depression days plus the current problems of conversion from war to peace. The cities, the states, and the federal government each have an equal part to play in our future. None can hold the stage alone. All must act in the national interest. Since it is in the cities that most of the problems exist, the city is more severely under stress than any other political subdivision. Every move and every effort toward readjusting our nation to peace must be focused more and more on the city, because that is where the nation's economic interest lies.

It has been said that democracy "will die at the local level if local government can not continuously supply essential services of high quality at reasonable cost." If democracy fails in the cities, it fails all over. The safety of the American form of government in the final analysis, therefore, rests on the soundness of the governments in municipalities and similar units. Like an edifice whose strength depends materially upon the footings next to the earth, the structure of a nation will last only so long as government at the base is sound and solvent.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 24-inch and 30-inch reinforced concrete pipe, 12-inch pipe sanitary sewer, and six catch-basins in Independence Drive, between 240 feet north of Veterans of Foreign Wars Parkway and Brookline line, in the West Roxbury district, at an estimated cost of \$21,000.

MAYOR CURLEY EXTENDS HEARTIEST GREETINGS TO CITIZENS OF BOSTON ON MUNICIPALITY'S BIRTHDAY AS A CITY—PROUD OF MUNICIPALITY AND PEOPLE FOR RICH ACCOMPLISHMENTS DESPITE ALL OBSTACLES—NOTES CONTRIBUTIONS TO PUBLIC WELFARE OF CITY, STATE AND NATION AS NOTABLE—THANKS POSTMASTER CONNOLLY FOR ISSUING SOUVENIR CACHET TO COMMEMORATE EVENT AND PROGRESS MADE SINCE INCORPORATION—SCORES CRITICS WHO CARP AND TRY TO HINDER INSTEAD OF CONTRIBUTING IN WORTH-WHILE WAY TO PROGRESS.

Relative to the birthday of the City of Boston Mayor Curley issued the following statement:

Tuesday, March 4, is the 125th anniversary of Boston as a city. On March 4, 1822, the voters adopted the Boston City Charter, which previously had been approved by the General Court of Massachusetts. Boston thus had the distinction of becoming the first city in the Commonwealth, after nearly 200 years as a town, and it is recognized as the oldest large city in the United States.

On such an occasion I feel that it is highly fitting and proper that I extend to all citizens of our historic city my heartiest greetings. As Mayor of Boston, now serving a fourth four-year term, I am very proud of our municipality and its people. I know you share this feeling with me. In spite of many obstacles we have made rich accomplishments.

Boston, at the time of the adoption of its City Charter, was a town of 46,000. Several attempts, over a period of more than half a century, had been made to incorporate it as a city, but it was not until March 4, 1822, that these efforts culminated in success.

Since that date, despite a Puritanical conservatism that sometimes—and perhaps still does—border on the ridiculous, our contributions to the public welfare of city, state, and nation have been notable.

COSMOPOLITAN CITY.

The Boston of today has a population of 770,816 in the City Proper although it serves some 2,500,000 people in its metropolitan area. This purely local population consists of 73.2 per cent native-born white, 23.5 per cent foreign-born white, and 3.3 per cent other races. We are truly a cosmopolitan people.

During our century and a quarter as a city, although there may be a small minority in our midst who would sell us short, we have developed Boston to a greater degree than many of our critics care to admit. Our Greater Boston, with an area of 1,062 square miles, is the fifth largest metropolitan district in the country and contains 54 per cent of the total population of Massachusetts. We are a growing and prosperous region, rich in cultural and economic assets and in historical tradition.

We have more than 5,300 manufacturing plants and 27,800 mercantile establishments. As the shopping, commercial, industrial, transportation, and population center of New England, we have the greatest wool market in the United States, the shoe and leather center of the world, the center of high grade textile manufacturing, the center of the quality of the confectionery trade, the most up-to-date fishing port in the world, and we are one of the three great rubber-manufacturing centers in America.

Of late years, until a recent belated awakening, there had been a lethargic attitude toward Boston's progress. We now see the Port of Boston and the Logan Airport—two of our greatest potential assets, being developed. They promise much for the city's future.

Rich as our past may have been, I feel that we are merely on the threshold of greater things. A spirit of cooperation among our people, and a helpful consideration by our General Court, can

assure us a restored position at the pinnacle among the cities of our nation. As for me, as Mayor, I stand ready, willing and anxious to do my part. Let us all pull together.

CITY HONORED BY POSTMASTER.

We have been signally honored on this occasion by the Postmaster of the City of Boston, Mr. Patrick J. Connolly, who has issued a souvenir cachet of endorsement, not only of the 125 years of the city's growth, but also of its present administration. On the left-hand side of each envelope, submitted through the Public Relations section of the Post Office, Boston 9, Mass., there shall appear a special stamp commemorating an important epoch in Boston's history.

I wish, publicly, to thank Postmaster Patrick J. Connolly, for what he has done. I am sure it will be appreciated by all citizens of our Greater Boston area, for whatever suburb they may come from, they always register Boston as their home.

I have tried faithfully to promote Boston's progress. I have done those things which I have thought might be most helpful. We all make mistakes. I shall give you one quotation: "The galleries are full of critics. They play no ball. They fight no fights. They make no mistakes, because they attempt nothing. Down in the arena are the doers. They make many mistakes because they attempt many things. Ford forgot to put a reverse gear in his first automobile. Edison once spent over two million dollars on an invention which proved of little value. The man who makes no mistakes lacks boldness and the spirit of adventure. He is the one who never tries anything new. He is a brake on the wheels of progress."

As a city, Boston, though more than three centuries old, has passed its 125th charter anniversary. I hope I have contributed to its progress. When history is recorded I shall be proud to have been known, not as a brake—but as a spark plug that has speeded the wheels of Boston's greatness on to higher and greater heights.

RETIREMENT BOARD REPORT.

At meetings of the Boston Retirement Board, held on the following dates, February 14, February 21, and February 28, the retirement from active service of the following-named employees under the provisions of chapter 521 of the Acts of 1922, was approved to become effective at the close of business, February 28, 1947:

HOSPITAL DEPARTMENT.

Catherine Monahan, cleaner, salary at time of retirement \$1,335 a year.

FIRE DEPARTMENT.

George A. Cusack, hoseman, salary at time of retirement \$2,700 a year.

Daniel J. Denehy, lieutenant, salary at time of retirement \$3,300 a year.

James A. Douglas, electrical inspector, salary at time of retirement \$2,700 a year.

Joseph A. Flynn, ladderman, salary at time of retirement \$2,700 a year.

Charles E. Gibbs, hoseman, salary at time of retirement \$2,700 a year.

Daniel F. Hooley, hoseman, salary at time of retirement \$2,700 a year.

Patrick E. McDonough, hoseman, salary at time of retirement \$2,700 a year.

David W. Regan, ladderman, salary at time of retirement \$2,700 a year.

PARK DEPARTMENT.

Dennis Moriarty, laborer, salary at time of retirement \$2,025 a year.

POLICE DEPARTMENT.

Henry Bronstein, patrolman, salary at time of retirement \$2,700 a year.

PUBLIC BUILDINGS DEPARTMENT.

Katherine Leahy, cleaner, salary at time of retirement \$1,335 a year.

PUBLIC WORKS DEPARTMENT.

Patrick J. Feeney, inspector, salary at time of retirement \$2,500 a year.

REGISTRY OF DEEDS.

Katharine L. Brady, clerk, salary at time of retirement \$2,200 a year.

Attest:

WILFRED J. DOYLE, *Chairman*:

HEALTH COMMISSIONER AND PHYSICIANS COMBINE TO STAMP OUT DIPHTHERIA IN CITY AFTER CONFERENCE WITH MAYOR CURLEY—ESTABLISH LOCATIONS IN VARIOUS SECTIONS OF CITY TO CONDUCT GENERAL IMMUNIZATION PROGRAM—DISCOVERY OF 40 CASES AT CITY HOSPITAL FORCED PRECAUTIONARY ACTION.

A conference was held on March 3 at the office of the Mayor, at which were present Dr. John H. Cauley, Health Commissioner for the City of Boston, and Dr. Morris Prizer, Physician-in-Charge at the Boston City Hospital, Contagious Diseases.

The Mayor was informed that there are 40 cases of diphtheria at the Boston City Hospital, which is more than they have had at the hospital at any time during more than 15 years. Over the week end, two deaths from diphtheria have occurred.

It was stated at the conference that general immunization was started in 1922, and immediately there was a drastic reduction in the number of cases and deaths from diphtheria. From 1930 to 1940 cases of diphtheria were so rare that parents took it for granted that diphtheria was not a problem to be concerned about.

From 1940 to 1945 there was a slight but gradual increase in the number of cases of diphtheria, and during the last four months of 1946 the diphtheria situation assumed an alarming proportion. During the entire year of 1946 there were 153 cases of diphtheria and 10 deaths.

It is apparent that the immunization resulting from the use of serum wears off after a period of time, and, as a measure of protection for the health of the children of the city, the Health Department and

the medical profession have decided to conduct a campaign of immunization at once.

The success attending a similar campaign in 1922 and 1923 justifies the belief that, with cooperation on the part of the public generally, the high standard of health maintained during these years can be restored, and it is hoped that all will cooperate at once. The public schools of the City of Boston will distribute pamphlets giving the various locations in the city where immunization may be received. In addition, the following locations have been made available for the immunization against diphtheria—all health units, all well baby clinics, and eight housing projects.

The fullest cooperation is being received from the Children's Hospital, the Pediatric Department of the Boston City Hospital, and the 1,700 doctors in the City of Boston. All family physicians in Boston have been informed by letter of the situation and will cooperate with the Health Department and will furnish immunization to children who are brought to their offices.

LOCKERS FOR FIREMEN.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, February 4, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—With the employment of 500 provisional firemen in connection with the operation of the 48-hour work week which becomes effective at 8 a. m., February 4, 1947, it is necessary that we purchase lockers in order that the new members may place therein their clothing, rubber boots, and other department and personal property.

This procedure is necessary in order to safeguard this property when they are absent in response to alarms or while off duty.

Only \$6,000 has been allowed in the 1947 Fire Department budget to pay for the purchase of all Fire Department furniture and furnishings, including 500 lockers which cost approximately \$18 each. This will mean an expenditure of approximately \$9,000.

Your Honor's permission is therefore requested to allocate the sum of \$9,000 from the reserve of the Departmental Equipment Loan, Non-Revenue, to the Fire Department, Furniture and Furnishings, Departmental Equipment Loan.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

STATE-BOSTON RETIREMENT BOARD REPORT.

To the Auditor.

At a meeting of the State-Boston Retirement Board, held on February 14, 1947, the following-named employees of the State-Boston Retirement System, were voted to be retired at the close of business, February 28, 1947:

ASSESSING DEPARTMENT.

Jeremiah L. Murphy, clerk, salary at time of retirement \$2,200 a year.

BUILDING DEPARTMENT.

Theodore Eldracher, inspector, salary at time of retirement \$3,100 a year.

FIRE DEPARTMENT.

John F. Howe, ladderman, salary at time of retirement \$2,400 a year.

PARK DEPARTMENT.

James F. McNamara, gardener-laborer, salary at time of retirement \$2,012.52 a year.

SCHOOL DEPARTMENT.

Elizabeth R. Brady, elementary assistant, salary at time of retirement \$2,400 a year.

Mary Cunningham, teacher, salary at time of retirement \$2,400 a year.

Theresa Currie, assistant, salary at time of retirement \$2,400 a year.

Clara G. Dennis, assistant, kindergarten, salary at time of retirement \$1,920 a year.

A. Harriet Haley, assistant in charge, salary at time of retirement \$3,072 a year.

Agnes R. Hurley, assistant, salary at time of retirement \$2,400 a year.

Christine Long, assistant, kindergarten, salary at time of retirement \$1,920 a year.

Lucy D. Macarthy, assistant, salary at time of retirement \$2,400 a year.

Anna T. O'Brien, vice principal, salary at time of retirement \$3,072 a year.

Nellie E. Powers, vice principal, salary at time of retirement \$3,072 a year.

Mary R. Stark, head of department, salary at time of retirement \$3,936 a year.

Mary J. Monahan, vice principal, salary at time of retirement \$3,072 a year.

Arvid J. Wahlstrom, foreman, salary at time of retirement \$3,072 a year.

WILLIAM J. KENNEY,
Secretary and Executive Officer.

NEW AMBULANCE FOR PUBLIC BUILDINGS DEPARTMENT.

A new ambulance was delivered on February 28 to the Public Buildings Department of the City of Boston which department operates the Ambulance Station at 17 National street, South Boston.

The new ambulance was purchased to replace one which was borrowed from the Boston City Hospital when a Reo, of 1933 make, broke down and was of no further use.

The South Boston Station is extremely busy answering calls from the water front, the railroads and the industrial plants of South Boston. During the summer season it serves the South Boston and Dorchester beaches. They also answer all multiple fire alarms in Boston. The facilities are also available to the Old Age Assistance Division of the Public Welfare Department in transferring aged and infirm people to convalescent homes.

The Ambulance Station was motorized under one of Mayor's Curley's earlier administrations. The purchase price of ambulance was \$5,235.

TO SELL HORSES.

The Mayor has approved the following request of the Institutions Commissioner:

BOSTON, February 6, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested for the Institutions Department to sell four horses at an estimated price of \$400 and to advertise the sale of such in a Sunday newspaper. The Institutions Department has motorized its equipment at the Long Island Hospital and has no further use for horses.

These horses have been offered to other departments but the offers have been declined.

The ages of these horses are between sixteen and eighteen years, and as they have served the Institutions Department faithfully emphasis would be placed on our selecting a suitable buyer.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

GIFT TO CITY HOSPITAL.

His Honor the Mayor on March 3 released the following statement:

To the Honorable the City Council.

GENTLEMEN,—Charles S. Bolster, Esquire, Trustee under the will of Emanuel Nathan, late of Boston, Massachusetts, has presented to the City of Boston a draft in the amount of one thousand dollars (\$1,000) payable to the City of Boston "to be used for the benefit of the City Hospital on Harrison Avenue" in payment of the specific charitable bequest to the City of Boston by Mr. Nathan.

Emanuel Nathan was born in Hungary and in his early youth as an immigrant came to our country and adopted as his home our city in the early thirties of the nineteenth century. Mr. Nathan resided on Elmwood court in the Roxbury Crossing District, and in this district he engaged in business, organizing and developing the Roxbury Chemical Works.

As Mayor of the City of Boston and in its name, I am very pleased to present to your Honorable Body for your acceptance this charitable bequest of Emanuel Nathan. It is the underlying thought as expressed in gifts like Mr. Nathan's that cause our charitable institutions to carry on with renewed faith and zeal in the service of our citizens.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,
MAYOR'S OFFICE, February 18, 1947.

To All Department Heads.

DEAR SIR,—This is to notify you that I have appointed George James Curley, Director of Public Celebrations, as the chairman of the Red Cross Drive for the city employees this year. The Drive will take place between March 1 and March 26.

The materials for each department have already been sent to you, and I would appreciate it very much if you would appoint one member of your department to take charge of the Drive in your particular department. Kindly send his name to George Curley at the earliest possible date, so that a meeting with them might be held.

For any further information in regard to the Drive, contact Mr. Curley's office.

Sincerely yours,

JOHN B. KELLY,
Acting Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to employ Rosalie C. Dolan, 1384 Commonwealth avenue, Allston, as temporary typist-clerk at \$27.84 a week.

Permission has been given to continue the employment of Constance Barry, 21

Worcester square, Boston, as temporary typist-clerk at \$27.84 a week.

FIRE DEPARTMENT.

The Mayor has approved the retirement of the following-named members: William M. Phelan, captain, 140 Bayswater street, East Boston, has been retired at \$2,200 a year.

David A. Shea, ladderman, 2 Folsom street, Roslindale, has been retired at \$1,800 a year.

Edward F. Brickley, hoseman, 42 Wyman street, Jamaica Plain, has been retired at \$1,800 a year.

Romeo L. Corletti, hoseman, 132 Dakota street, Dorchester, has been retired at \$1,800 a year.

William F. Nicholson, hoseman, 311 Belgrade avenue, Roslindale, has been retired at \$1,800 a year.

HEALTH DEPARTMENT.

Approval has been given for an adjustment in compensation from \$2,400 a year to \$2,600 a year, effective February 5, 1947, to the following provisional supervising public health nurses, who are filling established positions of supervising public health nurses: Frances G. Couture, Anna M. Curley, Nettie B. Kibur, Dorothy McManus, Mary E. Welch.

HOSPITAL DEPARTMENT.

Permission has been granted for a \$200 a year increase for the following nurses, effective February 12:

Floor Nurses.

Marguerite McDonough, from \$1,584 a year to \$1,784 a year.

Mary Dardis, from \$1,780 a year to \$1,980 a year.

Ann Cormier, Margaret Dodd, Elizabeth Maloney, Margaret O'Rourke, Mary Wardock, from \$1,900 a year to \$2,100 a year.

Margaret Barry, Steva Belansus, Natalie Butera, Frances E. Connors, Marion Costa, Carolyn Crehan, Doris DeBlois, Amelia Doyle, Mary Doyle, Adrienne Dubuc, Louise Ellis, Patricia King Fay, Dora Finney, Walter Gannon, Ellen Gremore, Dorothy E. Gricus, Ruth H. Hantakas, Esther Holland, Sheila Hulme, Mary Hurley, Irma G. Iannitelli, Mary Innocente, Ruth M. Johnson, Rita Kelly, Stella Lambros, Mary Lehan, Mary L. Masterson, Valerie McBurnie, Marion Nigro, Helen O'Connell, Sonia Opalinsky, Jeanne Papineau, Shirley Parker, Marie Stanley, Mildred Sullivan, Gertrude Tighe, Ruth Vanidestine, Ruth Walsh, Wilma H. Vitalone, Mary J. White, Marion Randall, from \$2,000 a year to \$2,200 a year.

Nedra M. Brown, Irene Coughlin, Mary E. Flaherty, Jacqueline Frost, Charlotte Gerardell, Margaret F. Lynch, Vincent Phillips, Mary Reed, Jeanette Roussie, Anna N. Sheehan, Olive Stabenfeldt, Ina R. Slocumb, from \$2,050 a year to \$2,250 a year.

Agnes Ahern, Florence Allen, Helen Allen, Mae Bowdring, Olive Brown, Irene Collins, Pauline Delaney, Anna Doherty, Dorothy Donovan, Catherine Fay, Margaret Fitzpatrick, Rita Gaffney, Ruth Gray, Agnes Harney, Mildred Hodgkins, Marie Horne, Lucy Johnson, Margaret Kennedy, Loretta Lynch, Rita MacDonald, Blanche Mankiewicz, Edna Manning, Margaret Manning, Helia Maynard, Mary J. McCarthy,

Upon February 6 the Mayor approved a contract with Baker & Co., Inc., for

sheet asphalt pavement, sewerage works and water works in Independence Drive, from Veterans of Foreign Wars Parkway to the Brookline Line, at an estimated cost of \$83,815.50. The work to be done under this contract is to be completed September 1, 1947. The following bids were received February 5:

Baker & Co., Inc., \$83,815.50; John Deveney Company, \$92,057.50; Charles Capone, \$95,011; Charles Struzziery Company, \$101,724.50; Construction Units, \$108,617.50; C. & R. Construction Company, \$113,150.25; James A. Susi, \$132,830.

SUPPLY DEPARTMENT.

Upon December 19, 1946, the Mayor approved a contract with Frank Bownes Company, Inc., for furnishing paint to the Traffic Division for the Sumner Traffic Tunnel for the following: 500 gallons Modene interior cement and stucco finish, white, or equal, at \$2.28 per gallon. The total amount of the order was \$1,140, with no cash discount.

Bid, opened December 16, 1946, was as follows:

Frank Bownes Company, Inc., \$2.28 per gallon, net.

Upon January 23 the Mayor approved a contract with the Hersey Manufacturing Company as requested in the following letter:

BOSTON, January 21, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On November 27, 1946, this department opened bids for furnishing and delivering water meters to the Water Division of the Public Works Department.

The only bid received was from the Hersey Manufacturing Company, South Boston. At the conclusion of a conference held with the Division Engineer of the Water Service after the opening of bids, the Division Engineer felt that the prices were high and, at that time, no action was taken.

He has since changed his mind and states that he has many unmetered services now operating and the additional costs for meters will be more than made up by installing the meters. Therefore, it is respectfully requested that you approve the recommendation to award a contract, without further public advertisement, to the Hersey Manufacturing Company for furnishing the meters.

The total amount of the contract will be \$45,873.60.

Respectfully yours,
WILLIAM I. ROSE,
Superintendent of Supplies.

Bid was as follows:

Water Meters.

2,000 Five Eighths Inch, Each.—Hersey Manufacturing Company, \$14.40.

200 Three Quarter Inch, Each.—Hersey Manufacturing Company, \$21.60.

50 1-Inch, Each.—Hersey Manufacturing Company, \$31.68.

20 One and One Half Inch, Each.—Hersey Manufacturing Company, \$60.48.

50 2-Inch, Each.—Hersey Manufacturing Company, \$90.72.

5 3-Inch Disc., Each.—Hersey Manufacturing Company, \$172.80.

5 4-Inch Disc., Each.—Hersey Manufacturing Company, \$288.

5 3-Inch Comp., Each.—Hersey Manufacturing Company, \$234.

5 4-Inch Comp., Each.—Hersey Manufacturing Company, \$390.

Upon January 28 the Mayor approved a contract with Howe & French, Inc., for furnishing sulphuric acid and sodium bicarbonate to the various city departments from January 18, 1947, to December 31, 1947. Prices quoted are subject to change depending on the condition of the market at time of delivery. The approximate total of the award was \$1,156.80, less a 2 per cent cash discount for payment within ten days.

Bids, opened January 17, were as follows:

Approximately 14,400 Pounds Commercial Sulphuric Acid (Oil of Vitriol), as Per Specifications.—Howe & French, Inc., \$2.45 per hundredweight*, delivered, 20 cents per hundredweight (50 cents, minimum).

Approximately 30,000 Pounds Sodium Bicarbonate, in 100-Pound Bags, as Per Specifications.—Howe & French, Inc., \$2.68 per hundredweight.†

Total.—Howe & French, Inc., \$1,156.80.
Cash Discount.—Howe & French, Inc., 2 per cent.

* Subject to increase or decrease on basis of supplier's price at time of delivery. Supplier Monsanto Chemical Company.

† Subject to availability and market price at time of delivery.

Upon February 7 the Mayor approved a contract with Barney & Carey Company for furnishing lumber to the Water Division of the Public Works Department. The total amount of the contract was \$2,060.

Bids, opened February 7, were as follows:

Item 1.—Barney & Carey Company, \$118 per M*; Cowan Lumber Company, \$135 per M (all quotations rough, add \$5 per M for planing if wanted); Downes Lumber Company, \$135 per M, Dis&2e.

Item 2.—Barney & Carey Company, \$118 per M*; Cowan Lumber Company, \$135 per M (all quotations rough, add \$5 per M for planing if wanted); Downes Lumber Company, \$140 per M, D4s RL.

Item 3.—Barney & Carey Company, \$118 per M*; Cowan Lumber Company, \$135 per M (all quotations rough, add \$5 per M for planing if wanted); Downes Lumber Company, \$100 per M, D4s RL.

Item 4.—Barney & Carey Company, \$118 per M*; Cowan Lumber Company, \$135 per M (all quotations rough, add \$5 per M for planing if wanted); Downes Lumber Company, \$140 per M, D4s RL.

Item 5.—Barney & Carey Company, \$220 per M*.

Item 6.—Barney & Carey Company, \$220 per M*.

Cash Discount.—Barney & Carey Company, 2 per cent; Cowan Lumber Company, 2 per cent; Downes Lumber Company, 2 per cent.

* Contract awarded.

Upon February 7 the Mayor approved a contract with the United States Rubber Company for furnishing 800 rubber coats to the Fire Department at a price of \$8.07 each coat with an additional 25 cents for the large size coats. The total amount of the contract was \$6,456.

Bids, opened February 6, were as follows:

800 Rubber Coats, Each.—United States Rubber Company, \$8.07* (25 cents additional for sizes 48 to 54); Continental Rubber Works, \$9.43; Goodale Rubber Company, Inc., \$8.60.

Discount.—United States Rubber Company, net; Continental Rubber Works, 2 per cent, ten days; Goodale Rubber Company, Inc., net.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing supplies, labor, etc., to the several departments. Communications from the heads of the various departments interested were as follows:

MUNICIPAL COURT, WEST ROXBURY.

BOSTON, February 3, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—It is requested that advertising in the *City Record* be dispensed with for the budget items of this court as listed below, for the reasons set forth:

B-4. Transportation of Persons—this covers commitments of prisoners by the court officers, and the travel and other expenses of the probation officers.

D-1. Office Supplies—this includes government postage, and the balance after this charge is deducted is less than \$1,000, and covers all printing, dockets, forms, stationery supplies, advance sheets, legislative acts, and the like.

Yours respectfully,

FOR THE COURT,
GEORGE B. STEBBINS, *Clerk.*

PARK DEPARTMENT.

BOSTON, January 21, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—We are making plans for the repair of all the spraying equipment in the Park Department. We have four power sprayers that are now in need of extensive repairs. This equipment was purchased from the Fitzhenry-Guptill Company of Cambridge, Mass., who are also the manufacturers of it. We therefore feel that this company is the best qualified to make the repairs.

It is necessary for us to arrange for the installation of new tank and new silent chain drive, repair of pressure pump, and the tune-up of all the power motors on each of these sprayers. The total cost of the work is estimated at \$1,900.

Accordingly, it is respectfully requested that we be allowed to enter into an agreement with the Fitzhenry-Guptill Company for this work and to issue them a service order in the amount of \$1,900, charged to B-39 in our budget.

Respectfully yours,

WILLIAM P. LONG, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, December 6, 1946.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—On November 14, 1946, bids were publicly opened and read at this office for furnishing a Bus Type Mobile X-Ray Chest Survey Unit for 70 mm. film to the Health Department. Attached is tabulation of bids which were received.

Dr. John H. Cauley, Public Health Commissioner, has made a careful study of the specifications of this unit and has recommended the General Electric X-ray equipment as that best suited for his requirements.

It is respectfully requested that I be granted permission to award a contract

to the General Electric X-Ray Corporation. The total amount of the contract will be \$24,590, net.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

HEALTH DEPARTMENT.

BOSTON, December 5, 1946.

GEN. WILLIAM I. ROSE,

Superintendent of Supplies.

MY DEAR GENERAL ROSE.—I have carefully reviewed the proposals submitted by the various X-ray concerns to furnish the Mobile X-Ray Unit, together with the Gas-Electric Generator.

After a study and review of the requirements of the Boston Health Department for a unit of this type and of the specifications for furnishing the equipment and also after a careful review of the equipment furnished by the General Electric X-Ray Corporation to various city institutions and private physicians, I am of the opinion that the materials and supplies proposed by that company would meet all our requirements, as set forth in the original specifications.

I therefore recommend that the proposal submitted by the General Electric X-Ray Corporation be accepted.

Yours very truly,

JOHN H. CAULEY, M. D.,
Health Commissioner.

BOSTON, February 4, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—On September 21, 1946, your Honor signed a contract with William J. Troy Company, 6 Glenville terrace, Boston, for the delivery to the Public Buildings Department of one (1) fully-equipped 1946 Meteor-Cadillac ambulance in the sum of \$4,642, which contract was accompanied by a faithful performance bond in the sum of \$2,325. At the time the contract was signed the O.P.A. controlled the selling price of ambulances, and the contract sum of \$4,642 was the O.P.A. price. Due to the instability in the automotive field and the scarcity of ambulances, delivery could not be made for some months. Although the Troy Company has still not received the ambulance from the manufacturer, that company can now procure such an ambulance within a very short time.

Upon the removal of O.P.A. controls, the price of the ambulance has increased from \$4,642 to \$5,235 or slightly more than ten per cent (10%). This price is in accordance with the manufacturer's established list price. In view of this rise in price, the William J. Troy Company feels that the original contract works undue hardship upon it, and has accordingly informed the city that it will not undertake to deliver the ambulance unless the original contract is canceled and a new contract written at the prevailing list price of \$5,235. The Troy Company is in a position to make delivery of the ambulance within a week after such new contract has been signed. If the city tried to buy the required ambulance from another dealer, it would have to wait at least six (6) months before delivery could be made, and would have to pay no less than \$5,235. The foregoing procedure has been recommended by the Law Department.

In view of the urgent need for the ambulance, I deem it to be in the best interests of the city to cancel the above-mentioned contract dated September 21, 1946.

and respectfully request your Honor's permission to dispense with public advertising and award a new contract to the William J. Troy Company, for the delivery, within one week, of a 1946 Meteor-Cadillac ambulance, in the sum of \$5,235.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 4, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—On September 10, 1946, bids were opened for the purchase of thirty (30) 1½-ton dump trucks, on Requisition No. G532, Public Works Department, Sanitary Service.

The lowest bidder was Dan O'Dea, Inc., who also was the only bidder to offer Dodge trucks. The bid price for each vehicle was \$2,267.56, net, delivered, 1946 model. However, due to the fact that the trucks could not be delivered on time because of the instability in the automobile field, no formal contract was executed.

At the present time, Dan O'Dea, Inc., has offered to deliver thirty (30) 1½-ton Dodge trucks, 1947 models, at the price of \$2,450.16, net, delivered, per vehicle. The proposed price of \$2,450.16 is the manufacturer's established list price, net, delivered to the City of Boston.

In the event the manufacturer's established list price for the vehicles in question is decreased by the time of delivery, the city, under the terms of the proposed contract, will be required to pay only such decreased price. In the event such list price is increased by the time of delivery, the city will be able to terminate the contract without liability.

In view of the foregoing, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Dan O'Dea, Inc., Lowell, Mass., for the delivery of thirty (30) 1½-ton Dodge trucks, 1947 models, at the unit price of \$2,450.16. This procedure has been recommended by the Law Department.

The estimated total amount of the proposed contract is \$73,504.80.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 5, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On October 1, 1946, your Honor approved a contract with Automotive Distributors, Inc., 201 Brighton avenue, Boston, for the furnishing of automotive repair equipment, in the sum of \$9,615.01, which contract was accompanied by a faithful performance bond in the sum of \$4,825.

At the time the contract was signed, the O.P.A. controlled the selling price of such equipment and the contract sum was the O.P.A. price. Due to the difficulty in obtaining some of the equipment, delivery of all of the items could not be made at one time. Although the Automotive Distributors, Inc., have still not received all of the required equipment from the manufacturer, they can now procure all of the items within a very short time.

Upon the removal of O.P.A. controls, the prices of the items still undelivered have increased in accordance with the following schedule:

Item 4. One truck hoist, contract price, \$1,015; proposed price, \$1,342.

Item 5. One passenger car hoist, contract price, \$299; proposed price, \$345.

Item 6. One Alemite tube tester outfit, contract price, \$1,178; proposed price, \$1,268.

Item 12. Ten pairs jack stands, contract price, \$147.50; proposed price, \$190.

Item 25. One 10-horse power air compressor, contract price, \$755; proposed price, \$966.

Item 65. One tap and die set $\frac{1}{4}$ inch to 1 inch, contract price, \$62; proposed price, \$71.

Item 66. Spark plug cleaner and tester, contract price, \$16.50; proposed price, \$49.50.

Item 67. One B406 Allen analyzer, contract price, \$287.50; proposed price, \$330.

Item 68. One E136 Allen synchrograph, contract price, \$170; proposed price, \$204.80.

Item 69. One Allen Ford adapter, contract price, \$8; proposed price, \$8.80.

Item 71. One E23 timing light, contract price, \$4.50; proposed price, \$5.20.

Item 72. One G4 compression gauge, contract price, \$6.50; proposed price, \$7.50.

Item 73. One E30 growler, contract price, \$15; proposed price, \$17.20.

Item 75. One E530 starter servicer, contract price, \$393.50; proposed price, \$492.

Item 76. One set F165 charger leads, contract price, \$8; proposed price, \$9.80.

Item 77. One armature lathe, contract price, \$30.50; proposed price, \$35.

Total contract price, \$4,396.50; total proposed price, \$5,341.80.

The foregoing proposed prices are in accordance with the manufacturer's established list prices. In view of this rise in prices, the dealer in question feels that the original contract works undue hardship upon him, and has accordingly informed the city that he will not undertake to deliver the material unless the original contract is canceled and a new contract written at the prevailing list prices in the total sum of \$10,560.31 which is an increase of \$945.30. The dealer is in a position to make immediate delivery of the required equipment after such new contract has been signed. If the city tried to buy the required items elsewhere, it would have to wait at least four months before delivery could be made, and would have to pay the increased manufacturer's established list prices.

In view of the urgent need for the above-listed automotive equipment, I deem it to be in the best interests of the city to cancel the above-mentioned contract dated October 1, 1946, and respectfully request your Honor's permission to dispense with public advertising and award a new contract to Automotive Distributors, Inc., for the immediate delivery of the items listed in this letter. This procedure has been recommended by the Law Department.

The total amount of the new contract is \$10,560.31, a new increase of \$945.30 as compared with the contract of October 1, 1946.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 5, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to purchase one (1) trailer type compressor (mounted on two wheels), without publicly advertising, from the Builders Equipment and

Supply Company, 40 Canal street, West Medford, Mass. This piece of equipment is available for immediate delivery.

The Division Engineer from the Water Division of the Public Works Department has inspected this compressor and state that it is excellent for his requirements in every way. It is extremely difficult to secure this equipment in the open market, and we have received no bids when publicly advertised for same.

In my opinion, the best interests of the city would be served by granting me permission to award this item to the Builders Equipment and Supply Company.

The total amount of the award will be \$1,495.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to purchase, without publicly advertising, one (1) 1947 DeSoto Custom Suburban nine-passenger, complete with heater, spare tire, electric clock, fluid drive, and baggage rack.

This car will be used by the Institutions Department for the Child Welfare Division and Long Island Hospital. The seats are adjustable so that it may be quickly converted into an ambulance for one litter patient. Commissioner MacDonald has inspected this car and states that it is ideal for his purpose.

Immediate delivery is guaranteed by the Allston Motor Company, 183 Brighton avenue, Allston. The DeSoto Company are at present the only manufacturers of this type of equipment, and in my opinion no advantage would be gained by publicly advertising.

The cost will be \$2,752.40; less tax, \$120—\$2,632.40; less turn-in allowance on 1942 Mercury, \$800; total, \$1,832.40.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

The Construction Units have been granted an extension of time for the performance of their contract in connection with additions and alterations to fire station, Engine 46, until March 20, 1947. The contract, dated November 12, 1946, was to have been completed within sixty days after approval, November 21, 1946. The date of completion in accordance with the provisions of the contract was January 20, 1947. However, owing to difficulties experienced by the contractor in obtaining materials required for the performance of the contract and because of additional work which could not be foreseen until partitions and walls had been ripped out, the contractor was unable to complete the work within the time required by the contract.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract made November 6, 1946, with Peabody Construction Company, for alterations and repairs to Nurses' Library and Dietetic Laboratory, Boston City Hospital, from December 20, 1946, to February 1, 1947. This extension is requested

because of delay in delivery of materials necessary for the work called for in the contract.

PUBLIC WORKS DEPARTMENT.

M & R Construction Company has been granted an extension of time for completion of the contract for repairs to roadway of Warren Bridge, over the Charles river, to February 25, 1947. This extension is requested for the reason that the contractor has been delayed due to inclement weather.

SUPPLY DEPARTMENT.

The Mayor has approved the extension of contracts as follows:

George D. Emerson Company, relative to the purchase of groceries and canned goods for delivery to the city departments, to April 30, 1947.

H. A. Johnson Company, relative to the purchase of groceries and canned goods for delivery to the city departments, to April 30, 1947.

Reid Murdoch, Division of Consolidated Grocers Corporation, relative to the purchase of groceries and canned goods for delivery to the city departments, to April 30, 1947.

Shawmut Dairy, Inc., relative to the purchase of milk and cream for delivery to the Boston City Hospital, to April 30, 1947.

Boston Ice Company, Division of American Ice Company, relative to the purchase of kerosene and range oil for delivery to the city departments, to September 30, 1947.

ADDITION TO CONTRACT.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Approval has been given for an addition in the amount of \$275 to the contract of the Jarvis Engineering Company for renewing the brine coils in the walk-in refrigerators at the Sanatorium Division. This job was estimated and bid by all bidders on a total of 310 square feet of plastering to be renewed and repaired in the boxes. When work was started on this project, it was found that after the coils were removed, a considerable amount of plastering needed to be done in excess of that estimated and bid. Both Mr. Clark, the supervising engineer, and the contractor believe that the amount of plastering to be replaced will amount to approximately 625 square feet instead of 310, and consequently the contractor requested an extra on this job of \$275.

FIRE DEPARTMENT ORDERS.

General Order No. 23.

I. ASSIGNMENT OF MEN ON PROBATION.

The following assignment, which will become effective at 8 a. m., Wednesday, March 5, 1947, is hereby announced:

M. O. P. Thomas F. Connors to Engine Company 44.

II. ASSIGNMENTS OF PROVISIONAL FIREMEN.

The following assignments, which will become effective at 8 a. m., Wednesday, March 5, 1947, are hereby announced: Provisional Fireman Paul J. McGowan to Engine Company 31.

Provisional Fireman Paul J. Murphy to Engine Company 31.

III. TRANSFERS.

The following transfers, which will become effective at 8 a. m., Wednesday, March 5, 1947, are hereby announced:

Hoseman John J. Reardon, from Engine Company 22 to Engine Company 49.

Hoseman George H. King, from Engine Company 13 to Engine Company 42.

Ladderman Francis J. Dooley, from Ladder Company 9 to Ladder Company 19.

Ladderman Cleveland W. DeRoche, from Ladder Company 29 to Ladder Company 27.

Hoseman William E. Stowe, from Engine Company 22 to Engine Company 44.

P. F. Frank S. Douglin, from Engine Company 44 to Engine Company 22.

IV. RETIREMENTS.

The following retirements, which became effective at 8 a. m., Saturday, March 1, 1947, are hereby announced:

Hoseman Patrick E. McDonough, Engine Company 2.

Hoseman Charles E. Gibbs, Engine Company 18.

Hoseman George A. Cusack, Engine Company 51.

The following retirements, which will become effective at 8 a. m., Wednesday, March 5, 1947, are hereby announced:

Capt. William M. Phelan, Ladder Company 31.

Capt. Edwin F. Fay, Fire Prevention Division.

Hoseman Edward F. Brickley, Engine Company 13.

Hoseman Romeo L. Coletti, Engine Company 17.

Hoseman William F. Nicholson, Engine Company 45.

Ladderman David A. Shea, Ladder Company 16.

Hoseman McDonough was appointed to the department January 12, 1944; Hoseman Gibbs was appointed February 1, 1924, and Hoseman Cusack was appointed May 14, 1926.

Captain Phelan was appointed to the department July 11, 1913; he was promoted to the grade of lieutenant January 27, 1928, and to captain December 18, 1933.

Captain Fay was appointed to the department April 10, 1916; he was promoted to the grade of lieutenant January 27, 1928, and to captain October 16, 1940.

Hoseman Brickley was appointed to the department February 1, 1924; Hoseman Coletti was appointed October 19, 1917; Hoseman Nicholson was appointed February 1, 1918, and Ladderman Shea was appointed June 14, 1918.

All the foregoing officers and men leave the department with the best wishes of their associates.

V. RESIGNATION.

The following resignation, which became effective at 8 a. m., February 27, 1947, is hereby announced:

Provisional Fireman Robert W. Gallagher, Engine Company 21.

VI. EXAMINATION FOR PROMOTION TO CAPTAIN.

Notice has been received from the Department of Civil Service that an examination will be held on April 26, 1947, for promotion to the grade of captain in the Boston Fire Department.

The examination is open to permanent lieutenants in the department who have been employed in this grade, after certification, for at least one year prior to the date of examination.

Subjects and weights of examination are: Seniority, 3; report, 2; practical questions, 10; total, 15. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner. When completed, applications should be sent to the Division of Civil Service, Room 148, State House, and must be placed on file not later than Monday, April 7, 1947, at 5 p. m.

Posters containing information concerning this examination are being issued to the department today. These notices are to be posted in conspicuous places in all fire stations and other buildings of the department not later than March 4, 1947.

VII. APPRECIATION.

The Fire Commissioner is in receipt of the following letter from Mr. Clifford J. Sennott, son of the late Daniel F. Sennott, former Chief of Department, which he is pleased to publish for the information of the department.

"DEAR MR. COMMISSIONER,—The Sennott family wish to thank you, your officers, and men of the Fire Department for the kindness to us during our bereavement.

The participation and conduct of the men at the services was a credit to the Fire Department.

Sincerely,

CLIFFORD T. J. SENNOTT."

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 847.

The resignation of Patrolman Sydney A. Feldman of Division 10 having been presented, it is hereby accepted, to take effect on Wednesday, February 26, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 848.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System, effective at the close of business, Friday, February 28, 1947.

Wherefore, In view of this operation of law, after February 28, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Henry Bronstein, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

BOOKKEEPER-CLERK, LONG ISLAND HOSPITAL, BOSTON INSTITUTIONS DEPARTMENT, APRIL 12, 1947.

Last date for filing applications, Monday, March 24, 1947, at 5 p. m.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 24, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Carey, Fish, Hurley and Scannell.

The meeting was opened with the salute to the Flag.

REPLACEMENT OF GAS LAMPS ON CERTAIN WARD 12 STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 3, 1947, concerning the replacement of gas lamps with modern electric arc lamps on the following-named streets in Ward 12: Moreland street, Sonoma street, Ruthven street, Wayne street.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 18, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works replace the present antiquated gas lamps with modern electric arc lamps on the following-named streets in Ward 12: Moreland street, Sonoma street, Ruthven street, Wayne street.

Please be advised that the Lighting Service of the Public Works Department will have a survey of these streets made with a view to making the changes as requested.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

REPLACEMENT OF GAS LAMPS ON CERTAIN WARD 19 STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 10, 1947, concerning the changing of gas lights to electricity on the following streets in Ward 19: Holbrook street, Eliot street, Paul Gore street, Dunster street, Aldworth street, Florence street, Forbes street.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 18, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works take the necessary steps to have the gas lights changed to electricity on the following streets in Ward 19: Holbrook street, Eliot street, Paul Gore street, Dunster road, Aldworth street, Florence street, Forbes street.

Please be advised that the Lighting Service of the Public Works Department will have a survey of these streets made with a view to making the changes as requested.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

IMPROVED LIGHTING ON CERTAIN WARD 2 STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 10, 1947, concerning the installation of a bracketed light on the carrying pole on Cook street, opposite Sheafe street, in Ward 2, Charlestown, and the surveying of Warren street, Ward 2, for the purpose of improving the street lighting facilities thereon.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 18, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install a bracketed light on the carrying pole on Cook street, opposite Sheafe street, in Ward 2,

Charlestown, and to survey Warren street, Ward 2, Charlestown, for the purpose of improving the street lighting facilities thereon.

Please be advised that the Lighting Service of the Public Works Department will make a survey of these locations with a view to improving the conditions, if necessary.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

LIGHTING AT CERTAIN WARD 12 INTERSECTIONS.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 10, 1947, concerning the installation of street illumination at the intersection of Warren and Savin streets, and Warren and Maywood streets, Ward 12.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 18, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install proper street illumination at the intersection of Warren and Savin streets, and Warren and Maywood streets, Ward 12.

Please be advised that the Lighting Service of the Public Works Department will make a survey of these locations with a view to improving the conditions, if necessary.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SIDEWALKS, WILLOW COURT, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, February 18, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of February 10, 1947, concerning the installation of granolithic or black-top sidewalks in that part of Willow court, Ward 7, which does not already have sidewalks.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Public Works Department,
February 17, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install granolithic or black-top sidewalks in that part of Willow court, Ward 7, which does not already have sidewalks.

Please be advised that this street will be put on the list of streets to be given consideration during the present year.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESANDING OF SOUTH BOSTON BEACHES.

The following was received:

City of Boston,
Office of the Mayor, February 24, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of February 17, 1947, in connection with the resanding of the beaches in South Boston for the summer season.

Respectfully,
JOHN B. KELLY, Acting Mayor.

City of Boston,
Park Department, February 20 1947.

Mr. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In the absence of Mr. Long from the city, I acknowledge receipt of your memo. of February 19 requesting the Park Commission to resand all the beaches in South Boston for the summer season. Accompanying the memo. was an order of the City Council, sponsored by Councilors Linehan and Scannell, requesting that this work be done. The order was passed in City Council on February 17 of this year.

Immediately upon Mr. Long's return to the city, your memo and the order will be called to his attention.

Very truly yours,
ARTHUR J. O'KEEFE, Secretary.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

W. B. Castle, for compensation for damage to car caused by an alleged defect in Huntington avenue.

Arthur V. Collins, for compensation for damage to car caused by an alleged defect in Child street, Jamaica Plain.

John Gottlieb, for compensation for damage to car by city truck.

Headquarters, First Service Command, for refund on ferry tickets.

George J. Kaden, for compensation for damage to car by city truck.

Edward E. Kenney, for compensation for loss of overcoat while patient at City Hospital.

Ruth G. Wesson, for compensation for injuries caused by an alleged defect at Marlborough street and Massachusetts avenue.

Alfred F. Whiting, Jr., for compensation for damage to car by city car.

PERMIT FOR CHILDREN TO APPEAR.

A petition was received from John S. Bowes for children under 15 years of age to appear at Tributary Theatre, New England Mutual Hall, March 1, 8, 15, and 29.

Permit granted under usual conditions.

MINORS' PERMITS.

Petitions for permits for 11 newsboys and 1 boot-black were received, and permits granted under usual conditions.

LICENSE FOR TRANSIENT VENDOR.

The petition of Florence McCollum for license as transient vendor for sale of health foods at Tremont Temple was received, together with bond of Century Indemnity Company.

License granted under usual conditions and fee paid February 18, 1947.

SALARIES OF MEMBERS OF BOARD OF APPEAL.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Corporation Council to prepare and file legislation authorizing an increase in the salary of the members of the Board of Appeal, from ten dollars per day to twenty-five dollars per day.

President KELLY—Councillor Hannon.

Coun. HANNON—Mr. President, I am filing this order because I think it is something that has been overlooked in the general increase in salaries. The members of the Board of Appeal of the Building Department are established businessmen who give their time to hear the various appeals from the decisions of the Building Commissioner. They are men of means and men of unchallenged integrity, and I think in these days it is an outrage to ask them to continue to serve at \$10 per day. I thought it would be possible to increase their salaries, but I am informed the salary is established by statute and it is necessary, therefore, that the statute be changed in order that this increase be given these men. I hope this matter will be presented to the Legislature by the Committee on Rules, and I hope favorable action is taken upon it.

President KELLY—Councillor Hannon asks suspension of the rules and passage of the order. The order was passed under suspension of the rules.

HEARING TO UNION BY BOSTON HOUSING AUTHORITY.

Coun. LINEHAN offered the following:

Whereas, As a result of a labor disagreement between the Boston Housing Authority and the International Brotherhood of Firemen, Oilers, Operators, Helpers and Maintenance Men, Local Union No. 3, during the year 1946, a very serious health condition arose in the low income housing developments due to a lack of adequate heat. Tenants were compelled to turn on their electric stoves in order to secure heat and as a result of the overloading of the electric system it ceased to function, leaving said tenants without any heat. No coal or oil was delivered to the projects at that time due to sympathy of other union men. The Boston Health Department was called in because of the terrible unhealthy conditions which arose due to the aforesaid condition and many tenants became ill and were taken to the Boston City Hospital, and

Whereas, The Boston Housing Authority and the said union settled their differences and as a result an agreement was entered into between said parties and it is now the contention of said union that the Boston Housing Authority has breached said agreement, and

Whereas, Said union on February 7, 1947, served notice to the United States Department of

Labor, under the Smith-Connolly Bill that a work stoppage involving their union was forthcoming against the said Boston Housing Authority, and if at the end of the 30-day period of waiting, which expires thirty days after February 7, 1947, said parties do not arbitrate to a satisfactory settlement, and if the said union should call a strike, it will lead to untold misery, hardship and unhealthy conditions for the tenants of said housing developments, therefore, be it

Ordered, That his Honor the Mayor request the members of the Boston Housing Authority to grant a hearing to the union for the purpose of amicably settling the said labor dispute to the end that the tenants of the housing developments, under the jurisdiction of the Boston Housing Authority, will not be compelled to undergo the same health menace that they experienced during 1946 when many men, women and children suffered sickness due to lack of heat because of a labor disagreement between the Boston Housing Authority and the members of said union.

President KELLY—Councillor Linehan.

Coun. LINEHAN—Mr. President, I am taking the floor of the Council today in the hope that whatever action this Council may take might cause the members of the Boston Housing Authority and the officials representing the union in question here to get together and amicably settle their disputes in regard to the labor conditions that exist in the different projects relative to the firemen, helpers, and other employees that come under the jurisdiction of this particular union. I think many of the councilors here today remember the conditions that existed in the housing projects in their districts due to a similar condition that existed relative to a strike of, I think, about a year ago. At that time the Boston Housing Authority and the union were not able to get together to settle their disputes, and as a result the men went out on strike, a right which labor has had and will have, I hope, over many, many years to come. The unfortunate part of these labor troubles that take place in this particular function, you might say, of housing needy families is the effect it has on the tenants. I am not worrying so much about the members of the Boston Housing Authority because they can live in their homes and have heat. I am not so much worried about the workers involved here, men who are working in the housing projects and belonging to this union, because I think eventually they will probably receive some kind of just treatment by the Boston Housing Authority. But I am afraid before this just treatment comes from the members of the Boston Housing Authority we might have a period of strike, and of course if we do we will have the same conditions existing in the projects that existed a year ago. We had then untold misery. I think you can well remember the conditions that existed because those conditions were described in our Boston papers. It was a terrible indictment on public officials and union men together, in not being able to get together so that the poor unfortunate tenants did not suffer, but unfortunately a year ago they did. Now, about one week or so after the trouble started a year ago, I took the floor of this Council and filed an order demanding his Honor the Mayor summons in the members of the Housing Authority and officials of the union so that they might get together and settle their strike, so that the people in the housing projects throughout the city would not suffer. At that time I can well remember his Honor the Mayor stated to the newspaper men he would not inject himself into the proposition due to the fact that he said the Boston Housing Authority was an entity by itself and was not subject to the jurisdiction of the Mayor. As you know, the Boston Housing Authority is not a department of the city, it is a body created by the State Legislature which has one member appointed by the State Board of Housing and the other four members appointed by the Mayor of Boston with the sanction and approval of the Boston City Council. So I suppose we have some indirect control, but it seems to me that is only when they come up for appointment. After we appoint the men to be on the Boston Housing Authority they can practically tell us to go where they want us to. That has happened on several occasions, but in most instances they have been cooperative with the members of the City Council relative to any orders we might file pertaining to housing. As I say, the strike did take place a year ago, and rather than wait for this so-called 30-day period to expire—which will expire, I believe, around March 9, 1947, which is only, you might say, ten or twelve days away—rather than wait for that point to come, I decided to take a chance in getting my ears pinned back by the members of the Boston Housing Authority and the members of the union, and I am doing so for the sake of the tenants. I am primarily interested in the people who are not represented in this strike, the tenants. I suppose the taxpayers of Boston are also interested in seeing the people living in these projects at least receive the heat they are entitled to under the contract with the Boston Housing Authority, that is to say, when tenants hire an apartment in any of the low-income housing projects, one of the charges is for utilities, which includes heat; therefore, it is a breach of the contract so long as they are not supplying heat to the tenant. Way back in 1941, there was an agreement entered into by the members of the Boston Housing Authority—and at that time John Breen was the chairman—and the said

union which I mentioned in the order of today. Among the conditions set forth in that agreement is a list of about six conditions, and the union at this time contend that several of those conditions have been breached by the Boston Housing Authority. Personally, I don't think that is so important to this Body, I don't think it comes under our jurisdiction. That comes solely under the union and the Boston Housing Authority and probably the United States Department of Labor. I am hoping before the 30-day period expires and before the men can go out on strike that a representative from the United States Department of Labor will be permitted to come down before the members of this Boston Housing Authority along with the union officials to discuss the disputes in question. It is my sincere hope, and I believe the hope of the other councilors who have housing projects in their districts, that these men can come together for the benefit of the people living in the projects. I don't ask the members of the Boston Housing Authority to grant all the requests of the union men. I am asking the members of the Boston Housing Authority, through his Honor the Mayor, and at the present time the Acting Mayor, John B. Kelly, to do all in his power to get both parties together to attempt to settle their disagreements. As I said at the outset, I don't want to become a party to the argument one way or the other. You might say I am speaking for the many thousands of tenants who live in the housing projects. I suppose there are other councilors here who feel the same way I do; primarily, they are interested in the health and welfare of the tenants. I think both the union and the members of the Boston Housing Authority owe it to good government, you might say, and to the public, that they arbitrate in an equitable manner to such an extent that the tenants and taxpayers are protected. I don't think any member of the Boston Housing Authority will be so obstinate as to say, "There is no union going to tell us what to do." I don't think the members of the Boston Housing Authority should attack the problem that way. I don't think the members of the union should say, "You give us this and that, and this and that, or else we go out on strike." I certainly hope neither one of them act that way, and I hope they get together and say, "Let us see if we cannot get together on this agreement." This agreement which went in effect in 1941, as I understand it, remained in effect until around 1943, I believe it was, unless the Boston Housing Authority gave the union representatives thirty days' notice in writing, they would not abide by the written agreement. It is my understanding that the written agreement has been lived up to verbally since the time of its so-called expiration. Now, I don't know whether that is so or not, but I don't think it is our job to decide whether it is existing at the present time. If it is, it seems to me fundamental the Boston Housing Authority should go down the line and abide by every condition that exists in the contract, if it exists at all today. If it does not, the question is, has the union a right to present its claims for adjustment to the members of the Boston Housing Authority and let the members of the Boston Housing Authority decide whether they are just or unjust. If they are unjust, at least in the opinion of the Boston Housing Authority, I sincerely hope a third party representing the Department of Labor from Washington will be called in, in order to evaluate the claim, so that we will get a decision and so that both sides, you might say, will be satisfied, and that the men will keep working and that there will be no stoppage, so that we won't have the City Hospital crowded like we did a year ago. It is still crowded, anyhow, but there will be more demands at the hospital to crowd in more people than should be in there. I can well remember in Old Harbor Village last year there were many, many babies very sick as the result of the fact that they could not get the milk heated for them due to the lack of heat. I was informed most of the tenants put on the electric stoves and as a result of that added burden on the electrical supply it caused it to peter out, the load was so great, and then they did not have any electricity at all and they did not have the heat from the stoves. God help us, I hope we don't have that happen this year. I am filing this order early enough so that we cannot have an excuse either from the Boston Housing Authority or the members of the union that this did not get a public hearing before the union called a strike. The union has complied with the law. It sent a letter to the Department of Labor announcing the fact that it is complying with the law by giving the thirty days' written notice before they order a stoppage of work. I sincerely hope the Acting Mayor, if the Mayor is not back in time, will send the order down to the Boston Housing Authority; rather than sending it down, demand they have a hearing between the members of the Boston Housing Authority and the officials of the union. Up to date there really has not been any kind of hearing on written charges. The Boston Housing Authority has requested written complaints be submitted by the union, which the union has done, but there has been no hearing on those written charges, and I am hoping the Acting Mayor of the City of Boston will use his high office to compel, or request at least, the members of the Housing Authority to get together with the union before the 30-day period expires, so that there won't be any stoppage of work.

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Mr. President, I am not going to oppose the passage of the resolution and I am not going to take any issue with Councillor Linehan; I agree heartily with practically everything he says, but I would like to remind this Body I have some people working in the Boston Housing Authority in different capacities, and you can believe me and put it right in the record that if I thought any of them was getting unionized and by that means conspiring to work harm on such large portions of the population, they never would have gotten a job from my hands. I am not opposed to unions but I am opposed to the back-door methods many of these patronage seekers adopt. There was no labor union through which they had to pass to get the job. They came to me and they went to Linehan, they went to Russo, and they went to any one in the Chamber they thought had sufficient prestige with the Housing Authority to put them in jobs in many instances far exceeding our own income. Forgetting the jobs, every measure of protection is thrown around them. Most of them have been hired with the understanding the job would be a lifetime job if they wanted it that way, and in return, all they were asked to contribute was a fair and honest day's work for what was considered to be a fair and honest day's pay. After they become firmly established there and are accustomed to the \$40-odd salary a week, they unionize and then get avaricious in their demands. But whatever their demands are, are of no concern to me now. I can't possibly be opposed to labor as such, but I am one character who will stand up here in public and tell you a good deal of our ills today, city, state, and national, are due to the greedy avariciousness of the labor unions. They got their jobs by the simple expedient of coming to us who hold ourselves liable, you might say, for their welfare in putting them on the pay roll at a job where in many instances they know nothing about it, but about which they acquire knowledge, and then they go around trying to hamstring the operation of an undertaking whose success or failure can have good or dire consequences for so many harmless people. Another commentary I want to make is that the Boston Housing Authority as such has employee tenants of the Housing Authority, so that they not only live in the developments, but the where-withal to live there comes from the Authority that owns their living quarters. I said I don't intend to oppose the passage of this, nor do I, but I dare think, now that the order has been introduced, that we might very well have stayed out of this entirely for the excellent reason that they are making their own bed, let them lie in it. No one need criticize me as anti-labor, because I come from the type of people who themselves were never anti-labor. Conditions here would have been vastly different had the Authority at the outset required that certain categories of workers be already unionized before they got the work, but that is not so, Mr. President, and I think you can agree with me because you probably have people working in one capacity or another in the Housing Authority in capacities normally unionized, and your man or men did not have to pass through the hands of any labor union. Now, with a little security behind them, they are going to turn around and make it extremely difficult for helpless people to live in the peace and comfort that is guaranteed them in their leases. I think we ought to keep out of this. Let them settle their own differences with the Boston Housing Authority. Let them remember how they got their jobs. I don't care who protects them for the next twenty years, but those I got in owe me an everlasting debt of gratitude for getting them jobs that no one else would get them. I discharged my obligation but I never would have done it had I thought I was contributing to one more labor situation. I hope the order passes and I hope what I have said will be looked upon as a fair estimate of the opinion of everybody in this Chamber and every member of the Council who ever asked anything at the hands of the Boston Housing Authority. Let them work out their own salvation without any interference from us. But once again, I want to repeat, if they make their beds, let them lie in them.

Coun. LINEHAN—Mr. President.

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Muchnick, not having spoken.

Coun. MUCHNICK—Mr. President, in the first place, let me make it clear when the councillor from Ward 2 (Councillor Kinsella) says he believes his sentiments are those of everyone else in the room, I think for myself I am able to speak my own sentiments and don't want to be bound by anything that has been said by him in this matter, or by anyone else.

Coun. KINSELLA—Mr. President.

President KELLY—Councillor Kinsella, for what purpose does the gentleman rise?

Coun. KINSELLA—Just to ask the councillor a question.

President KELLY—Do you yield for a question?

Coun. MUCHNICK—Surely.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Don't you think from your experience with me that I recognize your ability to speak for yourself? And have you never before heard the expression, "I think I speak for

the other members of the Body?" Your vote will determine exactly how you feel, Councilor Muchnick, without taking me to task for making a perfectly routine statement.

President KELLY—Councilor Muchnick. Coun. MUCHNICK—There not having been any question, there is nothing for me to answer.

President KELLY—Councilor Muchnick. Coun. MUCHNICK—Mr. President, it seems to me that question involves some interpretation of the law concerning the right of the people in certain federal and city units to organize and, therefore, I move we send it to the Executive Session with the request the Law Department come down and interpret the whole situation for us.

President KELLY—Councilor Muchnick makes a motion it be referred to the Executive Session.

Coun. LINEHAN—Mr. President. President KELLY—Talking on the motion, Councilor Linehan.

Coun. LINEHAN—Mr. President, frankly, I don't know that I want the motion to prevail, because I think I have given what the law is. It is up to the members of the Boston Housing Authority alone to decide this matter. Coming back to the councilor from Charlestown's remark, I thought I made myself clear that one year ago some of us in public office were probably kind of lax, we were not on the ball, so that at the time the so-called firemen went on strike the people were without heat. That is solely the reason why I am up here today. I am a former member of the Boston Housing Authority but that does not preclude me from filing orders which I think are good orders. Certainly I have put people to work on the Housing Authority and I expected them to earn their day's pay. If they don't they can get fired and that goes for anybody I have helped to put to work whether it is for the city or for the Boston Housing Authority. I will tell them never to come back to me if they get fired because they did not do a good job, but I certainly think it is the duty of the Boston City Council to protect the large number of citizens of this city who might be hurt as far as their health is concerned if the heat is stopped at the end of the so-called 30-day period, about which I spoke.

What are we to do? Will we wait for the 30 days to go by and if something is not done and the strike develops, let the people freeze in the housing project? I say no, if this little order of ours can convince the members of the Boston Housing Authority and the union to get together mutually to settle their differences, so that there will be no strike and nobody will be without heat. If this order accomplishes that, I certainly think we have done the people of Boston a good service. I certainly think it is within our jurisdiction to file orders such as this. Of course, I admit it is not a department of the city, but do you have to file orders all the time only on matters that come within the departments of the city? I might say that the Health Department was called in last year on this matter after the strike took place, because the children could not get their milk warmed up and the tenants could not get heat in the apartments to keep warm. The bed was made for them but it was a cold bed. I am not talking about the workmen. Let them sleep in the beds they are making. I am talking about the beds for the tenants. I thought I made it clear, Mr. President, that I am not taking sides. I have already told representatives of the union I am paramourly interested in the rights and welfare of the tenants, not the workmen there. I thought I made myself clear I don't know whose fault it is, and primarily that is not my interest. My interest is merely to ask them to get together to see if they can iron out their difficulties, to see if they can do it in such a way there will not be any strike. I don't know whether there will be a strike or not, at the end of the 30-day period, but it is possible that there will be, if they don't enter into some sort of agreement because it happened last year. I happen to have two projects in my district which have probably about 1,800 families. Am I going to let the 30-day period go by without taking the floor of this Council and voicing a protest or at least urging the members of the Boston Housing Authority and the union to get together? I think that is all my order says. I don't condemn the members of the Boston Housing Authority and I don't put the workmen on any pedestal, and if I said that in my speech I certainly did not intend it. I don't think the councilor from Charlestown, if he looks back and reads the minutes taken down by the stenographer, will find I have condemned the members of the Boston Housing Authority or put the workmen on a pedestal. I think I have stuck to the subject of the order, the welfare of the tenants. I am sure he feels the same way I do. I said the workmen have a right to strike, and I believe in it, but there is a question of opinion as to whether or not many of the ills that beset the nation today are the creation of labor. We can talk all day as to whether or not the union man has a right to go out on strike in a government institution. You can take both sides of the question and argue intelligently, but I am not taking sides in this case between the members of the Housing Authority and the union. I am merely asking them to get together for the benefit of the tenants. I don't think I am infringing on the rights of any councilor here and I don't think I am putting them on the spot when I ask for the passage of an order like this, because, after all, I am a former member of the Boston Housing Authority who served with two of the present members. I certainly don't want it to appear that I am kicking them around

a bit, but I think we can advise them. Can we advise them on such matters? I think we can. We appoint four of them to the Board and we just, as a matter of fact, confirmed two of them a short while ago. I certainly hope the gentleman from Charlestown did not get the idea I was throwing down the members of the Authority against the workman. I made myself clear today, I thought, when I said I am primarily interested in the welfare of the tenants.

President KELLY—The motion is to refer this matter to the Executive Session.

Coun. KINSELLA—Mr. President. President KELLY—Councilor Kinsella, talking on the motion.

Coun. KINSELLA—Mr. President, I hope it does not go there. I understood clearly the contents of the order and the statements that followed, and I did say I was in hearty accord with about 99 per cent of the meaning of the order. The only difference—if there is a difference—is that I took one tack and Councilor Linehan took another. I said at the outset I am not going to oppose the passage of the order—that is clearly in the record—for the excellent reason that I believe the order is in order. Of course, we have a right to suggest to the Boston Housing Authority; in fact, we have a right to order them if the condition is desperate enough, as it bids fair to become. Whether they obey the order or not is another thing. I realize the middle of the road the councilor took but I went off on a tangent and took one side of it. My only complaint was, after getting their jobs by one means they conspire by joining a labor organization to beat additional terms out of their employers and making, as I put this phrase, harmless people suffer. Of course I am in full accord with what you say. Nor do I in any way imply you or anyone else in the Body cannot put such an order or resolve in. You most certainly can, and so could I, if I wanted to; there is not any divergent view there, and there is perhaps more meeting of the minds than is apparent on the surface. If I choose to go the whole hog on the question handled by the many individuals in such a way that it is distasteful to me, I certainly have a right to get up and take that tangent. I am supporting the resolution and everything that it implies and contains. For the record, I hope that the gentlemen who are planning, you might say, this hamstringing, will read exactly what one councilor thinks of them. If they are going to lose their jobs tomorrow for any reason, particularly through some fault they themselves are answerable for, they can come running to us since we are the means by which they got in, but I want to repeat as strongly as I can again, if they had to qualify by union membership for the positions, that would be one thing, but they got them purely under the patronage system, and that is what I had in mind. Now they have made their beds, let them lie in them and let them carry on their own negotiations without even a hint or suspicion of interest on our part.

President KELLY—The question is on referring this matter to the Executive Session.

Coun. RUSSO—Mr. President. President KELLY—Talking on the motion, Councilor Russo.

Coun. RUSSO—May I have the City Clerk read the order?

President KELLY—The City Clerk will read the order.

(The order was read.)

President KELLY—The question is on referring this order to the Executive Session. All those in favor say "aye," those opposed, "no." It is not a vote.

Coun. LINEHAN—I move the passage of the order.

President KELLY—Councilor Linehan moves the passage of the order, and asks for suspension of the rules. All those in favor say "aye," those opposed, "no."

The order was passed under suspension of the rules.

INCOME TAX REDUCTION IN LOWER BRACKETS.

Coun. LINEHAN offered the following: Whereas, The 1947 U. S. Congress is at the present time considering the advisability of a reduction in the Federal income tax; therefore be it

Resolved, That the Boston City Council, in meeting assembled, hereby favors an income tax reduction for those persons who are in the lower income brackets, as advocated by State Representative Henry L. Shattuck and U. S. Senator Henry Cabot Lodge, Jr.; and be it further

Resolved, That copies of this resolution be sent to the Massachusetts delegation in Congress.

President KELLY—Referred to the Committee on Rules.

Coun. LINEHAN—May I talk on this? President KELLY—I am sorry, councilor.

The resolve was referred to the Committee on Rules.

FRANKLIN PARK ZOO.

Coun. CHASE offered the following: Resolved, That the Boston City Council is opposed to the administration's program of being pound-foolish in the granting of millions of dollars worth of abatements and the letting out of large

contracts without public bids and the penny-wise policy of curtailing on the maintenance of Franklin Park Zoo.

Coun. CHASE—Mr. President. President KELLY—Councilor Chase. Coun. CHASE—Mr. President, we have had — Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick. For what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order. President KELLY—State your point of order.

Coun. MUCHNICK—It seems to me this should go to the Rules Committee even if it should not be ruled out of order on that ground, because if I remember hearing correctly, there are three separate items in the resolution. I have no objection to any one of the three, but let them be taken up properly. I don't want to stay here all day.

President KELLY—The Chair is going to rule the resolution is in order, because it relates to city business. The second part of the order relates to business we have before the Appropriations Committee in the annual budget. The Chair is going to rule the resolution is in order. Councilor Chase.

Coun. CHASE—Mr. President, it seems to me, sir, in view of what has recently been called to public attention, Franklin Park Zoo is badly depleted and the cages are in poor order and so forth, and so forth, all because of lack of sufficient money to maintain these items, and that this calls for some criticism by the members of your Council, sir. I have in mind that his Honor the Mayor has adopted the policy of being pound-foolish and penny-wise. His Honor the Mayor apparently believes in denying the children of Boston and the public of Boston the right to have a public zoo in Franklin Park, a zoo, sir, which can be maintained annually, at a reasonable cost, and at a cost which your taxpayers, sir, would not object to, in my opinion. Some of the taxpayers in Boston are very much opposed to his Honor the Mayor's program in giving millions and millions of dollars out for real estate tax abatements, millions of dollars of abatements, sir, to the upper brackets, and when I say millions of dollars of abatements, I don't mean merely assessed valuation in millions but actually, sir, millions of dollars which the city treasury is turning back. I say, sir, in this Chamber, in the not too far distant future, will learn what I say is true: millions of dollars of taxpayers' money are being returned on account of millions of dollars of tax abatements. That, sir, in my opinion, is a pound-foolish policy. On the other hand, sir, we learn that this administration is letting out millions of dollars of contracts without public bid; in other words, the administration in its desire to economize, does not seek the lowest qualified bidder. It has been called to our attention under this system of thousands of dollars more than they actually would have to pay for work performed if the contracts were let out at public bid. That, sir, I submit to you, is a pound-foolish policy. It has been called to our attention his Honor the Mayor cannot find sufficient money to buy a tiger or a bear or monkeys because of the conditions of the cages to keep them in. What kind of policy is this? Millions of dollars on the one hand out of the window against the interest of the taxpayers because of this policy of penny-wise-pound-foolish in trying to economize apparently on our Franklin Park Zoo. I am sure, sir, no councilor here desires to abide by such a program, and I submit to you that the facts disclosed in the latter part of 1946 and so far in 1947 show exactly what I have said. This apparently, sir, is the policy of the administration, pound-foolish and penny-wise, all to the detriment of your taxpayer. His Honor the Mayor has always contended, sir, that he is the Mayor of the poor, that he wants to take care of the people who are unable to take care of themselves. I know of a good many poor children in Boston who have not got sufficient funds to go to the movies and many of their mothers and sisters would like to take them out to Franklin Park Zoo to see the animals, but in many cases, sir, there are no animals to see, just broken-down, empty cages. Why? Because this city cannot afford it? But the city can afford to give millions of dollars wrongfully in tax abatements and the city can afford, sir, to give out millions of dollars of contracts without public bid, without ascertaining whether or not they can have these contracts accepted on a lower basis. I urge the Council to go along with the resolution, sir.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, talking on the resolution.

Coun. COFFEY—It is all right for us to come in here week after week listening to the same thing week in and week out. So I suppose I will have to get up here—someone usually does—to say that because it is Curley, it is wrong. Kerrigan was O.K. Everything little Johnnie did was all right. The councilor from Ward 4 used to sit outside and he did not bother to come in here but kept the door partly open, and he would call down to the Mayor's office, "O.K., Johnnie, it is passed. O.K., Johnnie, that went through." Johnnie gave abatements, Johnnie gave contracts, and so did "Moe," in the several years he was Mayor of Boston. Moe gave abatements. Moe gave contracts without bid. I remember time and time again some of the members of this Body asked during the Kerrigan and Tobin administrations that the books be brought over from the assessors' office. We never got a look at those books and we have never seen the books. So now that Curley is here, it is all wrong. If little Johnnie did it and if Moe did it, it was all right.

There were eight long years of doing it and there were very few councilors who took their feet to complain about what was going on, and definitely the councilor from Ward 4 was never one to stand up and ask what little Johnnie or Moe was doing for the eight years they held office. But every time he gets an opportunity to take a pot shot at the administration, he takes advantage of it and he takes that shot. So I say if Curley is guilty of wrongdoing, the same wrongdoing has been done by the former two mayors, little Johnnie and Moe, and the responsibility is theirs, the same as it is Curley's.

President KELLY—Councilor Chase asks for the suspension of the rule.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsells, talking on the order.

Coun. KINSELLA—I would like to see a component piece to that order going in now providing something else in the line of material betterment for our unfortunate poor, and I might see some merit in this. We had a war which to all intents and purposes engulfed us to August, 1945. If my memory serves me correctly, there was no such thing as the importation of wild animals for zoological purposes. Some time back in 1942, if I remember, they even took the State House iron picket fence down and sold it for junk because iron and steel and other metals were so scarce during the war. Concrete and cement were on top priority, only to the government or government agencies and for private builders who were doing government work. I am beginning to think that probably last night the gentleman from Ward 4 was rather desperate when he realized he had nothing today for which to condemn Curley, and then suddenly the zoo presents the master chance: Curley is now responsible for not bringing animals in here that were not procurable, and if they were procurable proper quarters for them could not be built or repaired or maintained, and the simple truth and justice of that statement does not appear to be attractive enough to an intelligent, likeable fellow like Perley D. Chase. I said a year ago I am sick and tired of coming to this Chamber and hearing Monday after Monday, *ad infinitum*, from January 1 to December 31, beginning with 1946, that Curley is everything. We had the rottenest, stinkiest conditions under his two predecessors. I would like to have somebody show me the record that a zoological specimen at Franklin Park Zoo was replenished and rehabilitated at any time since 1939 up to January 7, 1946. Is there ever going to be an end to it? And the way the young man, after talking two or three minutes, gives the impression of being ready to blow a cylinder head because of Curley, gives the impression he might be pleased no end to pick up tonight's paper and see that Curley dropped dead. How can he express a view like that? You don't have to love him. How in heaven's name can a man who so many people in his ward find attractive, have such a narrow and bigoted and restricted and intolerant view of another fellow man? Because he is under orders from someone in his party to keep sniping, keep hacking away, keep ambushing him. Tell the story long enough and often enough and enough people will believe you. How can any man call himself a Christian, without any mealy-mouthed type of hypocrisy since we are all Christians,—how can any man who calls himself a Christian take such an attitude week in and week out?

Coun. BAYLEY—Mr. President.

President KELLY—Councilor Bayley, for what purpose does the gentleman rise?

Coun. BAYLEY—I believe the distinguished councilor from Ward 4's motives are not under discussion.

Coun. KINSELLA—The more we know about motives, the more we will get to the meat of these matters.

Coun. COFFEY—He did not rise to a point of order.

President KELLY—The gentleman raised the point of order, that the motives of the councilor of Ward 4 are not under discussion.

Coun. KINSELLA—Warn me and I won't repeat it.

Coun. BAYLEY—What is the ruling, Mr. President?

President KELLY—Just one minute, councilor, and I will make the ruling.

Coun. BAYLEY—I was waiting.

President KELLY—Just wait. I will rule the motives of the councilor from Ward 4 are not under discussion.

Coun. BAYLEY—Thank you.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—I only repeat what I said that does not concern his motives. These animals were not procurable during the war and if they were, the proper materials to be used in caging them safely were not procurable. That is a matter of record, when we lost a fence here and lost a fence from the State House and other public places; that is not talking for the record, either, if the gentleman is looking for reasons. This sudden concern over giving the poor of the city a chance to look at the animals, I say if they are as poor as he claims and they cannot go to the movies, I submit unless they live within a stone's throw of the zoo, they cannot afford the car fare across the city, what with the present rates of fare. I believe we

ought to build up every city agency we have and I am not opposed to any money in the budget for the purpose of rehabilitating and repopulating the animal population of that zoo but I think the gentleman from Ward 4 would achieve far greater success if he stuck to the meat of the order and not go off on a tangent into personalities. But the truth of the matter is that Curley did inherit a pretty rotten situation in this city, and when he is blameworthy I will stand up and join forces with Councilor Chase or anyone, when I am convinced he is blameworthy. I don't say Curley as a person or as a personality is one whit a better man than the persons who helped him into the office of mayor, and by any other name even though a Democrat, he probably would not be as reprehensible to certain people in this Chamber. And I won't run downstairs to him when he comes back and say, "Look, I defended you." I don't care if it never appears in the record. If we are now talking on budgetary items, I will stick to it, but when a gentleman will go purposely and deliberately and with malice or far out of the way to take for his lesson sermon today, "The guilt of Curley," in giving out this and restricting that, then in all fairness why doesn't he stand up and justify the same technique employed by others who, in his nostrils, did not smell to high heaven so much. I will vote for anything that will help the kids of this city, rich or poor, who could be taught a love for their fellowman if they start off by loving some little animal. Let us keep Curley out of it and let us make a hearty resolve here that next Monday we will celebrate it as "Curley day," Curley day for once and let the old gentleman have one 24-hour period during which he is not castigated, slandered, libelled, or maligned because he is Curley and for no other reason. When he is wrong, Curley can't put me on his side, and when he is right, no one can put me against him, and that is how I ask you to treat me, it is just as I treat you. I suggest a little more tolerance when speaking here on orders of this type. I suppose in common with the rest of us, Curley abhorred that recent fall of snow that made things so disagreeable for a couple of days. Did Curley cause that, too? I am only pleading for fairness. Curley hasn't a vote in this Body, we should remember that. As exalted as his position is, he cannot come in and defend himself. Let us not back-stab him while he is away, at least, and I am not the Curley spokesman. When I want to walk in and out of this Hall, I want to walk in and out when Curley or any of Curley's friends tell me I can. But I want to be fair with them. I wouldn't stand here and see Chase or anyone else kicked around because he happened to be what or who he is, and I tell you that face to face. If there is any good in this order, I am for it. I would like to see the zoo rehabilitated and repopulated, and clearly in the record again, it was the war condition existing in this country, existing from 1939 to 1945, that resulted in the poor, shabby condition, not only of the animals at the zoo but their quarters. I am mindful, too, there are a lot of human families in Boston whose daily allotment of food costs less than the meat for one carnivorous animal in the zoo, bear that in mind, but of the two I will take the human family. Whatever this order says, I am for it.

Coun. CHASE—Mr. President.

Coun. COOK—Mr. President.

President KELLY—Councilor Cook, not having spoken.

Coun. COOK—I wish the President would be more strict on his rulings on points of order. Councilor Chase's order has to do with the matter of abatements, and that will come up when we discuss the budget. I don't think we ought to spend more time on this subject, which might be called "Hold that tiger, rope him in the zoo, James Michael." Let us take that up in due course.

Coun. CHASE—Mr. President.

President KELLY—Councilor Chase.

Coun. CHASE—Mr. President, may I say, first, in answer to the prior speakers, it is a fact, sir, that your city treasury has paid out millions of dollars in tax abatements and that your various department heads have let out millions of dollars of contracts without public bid and without ascertaining the lowest possible bid. Those two things I contend, sir, have a material effect on your tax rate, and those two things, sir, run into millions of dollars, whereas your zoo question amounts to probably a hundred thousand dollars tops. It would seem to me, sir, that I in my representative capacity as City Councilor have a right to criticize the administration because of that unwise policy that it has adopted. Sir, one other member of your Council has accused me of taking orders, apparently from the Republican leadership. Well, sir, all I can say is that during the ten years that I have held office in this Council and the years I have been in the State Legislature, I have been labelled as an independent Republican simply because I have had the courage to get on my feet and take issue with the Republican leadership when I thought they were wrong, and I submit, sir, the record speaks for itself. Look up your records and you will see how much Chase has been told how to vote. I vote the way my mind dictates to me.

President KELLY—The question is on the passage of the order. Councilor Chase asks for the suspension of the rules. All those in favor say "aye," those opposed, "no." It is ordered.

The order was passed under suspension of the rules.

NAMING OF STREET JUNCTIONS, WARD 3.

Coun. RUSSO offered the following:

Ordered, That the committee on naming squares be requested, through his Honor the Mayor, to consider the naming of the junction of Charter and Hinchman streets after Isadore J. Accardi, a soldier who was killed in action on July 13, 1944; the junction of Hanover and Commercial streets after William J. Green, a soldier who was killed in action on July 9, 1944; and the junction of Foster and Commercial streets after Carmine A. Dantone, a soldier who was killed on January 31, 1945.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Russo.

Coun. RUSSO—Very briefly, there has been a request made from the Carmine A. Dantone Post No. 13, American Veterans, that these particular intersections and squares be named after these three men who died in this World War II. I, therefore, submit the names and the locations of the squares to be named, and I hope that the committee on the naming of squares will give this full consideration. I desire the passage of the order.

The order was passed under suspension of the rules.

DISCONTINUANCE OF USE OF SOME LAND FOR VICTORY GARDENS.

Coun. MORIARTY and COOK offered the following:

Ordered, That the Park Commissioner confer with his Honor the Mayor to consider the advisability of discontinuing some Park Department lands for the purpose of victory gardens, to restore said areas formerly used as recreational spaces and one space in particular, the Playstead in Franklin Park.

Coun. MORIARTY—Mr. President.

President KELLY—Councilor Moriarty.

Coun. MORIARTY—Mr. President, in a recent perusal of this year's Park Department budget, I recognized an appropriation for the continuance of victory gardens. I questioned Mr. O'Keefe and Mr. Murphy as to where the additional moneys would be used. He said for the continuance of victory gardens which were established during the war years. I brought out the fact that in Ward 11, the Jamaica Plain area, we have a tremendous playground devoted in years prior to the war for the purpose of recreation, and comes the war, the City of Boston generously turned it over to public-spirited citizens to grow their own foodstuffs. It was thought during the war years because there was a scarcity of produce on the public market the people might grow their own, a very commendable attitude, but, however, with the cessation of war activities we find ourselves to have returned to a degree of normalcy. The commercial markets can supply the necessities of life, foodstuffs, to those who wish. One of the councilors in attendance brought out that in his section there was a definite clamor for the continuance of these gardens. I did not dispute him, but at the time I said one knows one's own section best. Therefore, in this order I ask the Park Department to discontinue the use of the playground in Franklin Field as grounds for victory gardens and return it to its former use. The residential opinion out there is that they want it restored to its former use. I trust that his Honor the Mayor and the Park Commissioner will confer and agree on this order.

President KELLY—Councilor Moriarty asks for suspension of the rules —

Coun. BAYLEY—Mr. President.

President KELLY—Talking on the order, Councilor Bayley.

Coun. BAYLEY—Mr. President, I am in accord with the order but I recognize it refers only to some of the victory gardens. In my section we have had victory gardens in the Fenway which served two or three wards, which have not been used as a playground, and in our section we hope they will be continued as victory gardens.

President KELLY—This refers to all space, particularly to Franklin Park.

Coun. BAYLEY—All or some?

Coun. MORIARTY—No, I believe I said some, Mr. President.

President KELLY—The Chair will rule that is right.

Coun. BAYLEY—I would like to have it "some," Mr. President, because in my section we want to continue. There are about a thousand people who want to get space.

President KELLY—It says "some."

Coun. BAYLEY—Thank you.

The order was passed under suspension of the rules.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on petition of Frank C. Walsh, Prison Officer in House of Correction (referred February 17) to be retired as veteran—recommending that same ought to pass.

Report accepted; said order passed.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of Alfred Santuosso (referred February 10) to be constable without power to serve civil process and to serve without bond for term ending April 30, 1947—recommending that appointment be confirmed.

The report was accepted, and the question came on confirmation of the appointment. Committee, Councilors Lane and Kinsella. Whole number of ballots 10, yeas 9, nays 1, and the appointment was confirmed.

COMMENDATION OF CITY CENSOR.

Coun. LANE and HANNON offered the following:

Whereas, The citizens of Boston have always been proud of the purity of our city and have ever striven to keep from the doors of Boston anything which might tend to lower the moral standards of our city, and

Whereas, The censorship of Boston has been repeatedly commended for the staunch support of all things morally right, and

Whereas, The City Censor of Boston visited New York City to attend and review a showing of the production "The Iceman Cometh" and as the result of this visit made the decision to ban some lines, or expressions of the show, and

Whereas, The City Censor has been severely and publicly criticised by the author, Eugene O'Neill, for his ban of filthy and unfit expressions from the stage of Boston theaters, therefore be it

Resolved, That the members of the Boston City Council, in meeting assembled, desire to commend Walter Milliken, City Censor, for his honesty of purpose, his courage, and determination to adhere strictly to the high moral code long enjoyed by the theatergoers of Boston.

Coun. LANE—Mr. President.

President KELLY—Councilor Lane.

Coun. LANE—Mr. President, we have all read in the local press in the last few days about the severe criticism directed at our official censor, Walter Milliken, by Eugene O'Neill, the noted dynamic, loquacious playwright in New York, regarding the discussion on his latest release "The Iceman Cometh." There was considerable talk Boston should ban the presentation if it attempted to come to Boston. As the result, the City Censor was invited to go to New York to view the play and offer his suggestions, which he did. He offered suggestions which would enable the playwright to bring the play "The Iceman Cometh" to Boston, but the playwright, Eugene O'Neill, failed to cooperate but came out with a press release prominently displayed in Boston and New York. We are all familiar with the fact that when John Casey, who was official censor in the City of Boston for twenty-four years, extending from 1908 to 1932—we are all familiar with the fact and we can recall clearly to mind he, too, had a tangle with the same Eugene O'Neill when O'Neill tried to bring to Boston the highly publicized "Strange Interlude" which failed to appear in Boston. We know that Walter Milliken, a young man taken from the Federal service, on leaving the service was taken by his Honor the Mayor and put in this position in the hope that as City Censor he would do a good job. He is doing a good job, he is enthusiastic, he is zealous. He feels to allow this play to come to Boston in its present form would not be proper to the theatergoers of Boston. Only yesterday in the Catholic Pilot, the official Catholic organ in the diocese of Boston, appeared the following editorial entitled "Barnum Would Understand." And the item follows:

"Barnum Would Understand

If 'The Iceman' faileth to come to Boston, it is not because the play has been banned here. The play has not been banned! The Boston censorship office was invited to view the play in New York and offer suggestions. On the face, this appeared a sensible idea—a decent, realistic method of avoiding fuss and furor.

And right here is an opportunity to say that Walter Milliken and Beatrice Whelton, of the Boston censorship office, for the entire term of their service, have competently and conscientiously fulfilled the duties of an unthanked, delicate and onerous job.

The City Censor and his assistant enumerated about twenty-five words and phrases which they thought could be dropped from 'The Iceman Cometh' with no loss to the drama's impact and with advantage to good taste.

So we suggest that Eugene O'Neill is guilty of the cheapest demagoguery when he says—'In reply to the idiotic demands of the Boston censorship, I can only say that I will not change, nor allow to be changed, one word of "The Iceman Cometh"!' Actually, the Boston censorship has served no 'demands' idiotic or unidiotic. Like a child in the dentist's chair, Mr. O'Neill howls before the dentist has even said 'please open wide.'

'The Iceman Cometh' is incredibly dreary and dirty, as near literal ditch water as language can become. It is a failure. Patrons trickle past the turnstiles—and leave after the second act.

So Mr. O'Neill's strategy is clear. If he can convey that 'The Iceman' has been 'banned in Boston' he may entice the patronage of that purulent, unhappy legion who can't resist forbidden fruit. But the trick is getting transparent by now. We believe that it won't work.

This despairing, filthy play—replete with tavern dialogue lower than the conversation in real taverns—is also unbelievably dull. If 'The Iceman' stayeth away from Boston forever, if he never showeth his vacuous, dirty face here, the city should congratulate itself. Life is beset with many inevitable boredoms—it seems silly, to add another and pay admission to endure it."

Mr. President, I certainly think our City Censor is to be complimented, and I hope that this is passed under the suspension of the rules.

The order was passed under suspension of the rules.

President KELLY—The Chair will appoint Councilor McCormack chairman of the Executive Session.

BOSTON WATERWAYS PETITION.

Coun. MUCHNICK—Mr. President, I would like to make a motion.

President KELLY—You are in order, Councilor Muchnick.

Coun. MUCHNICK—I move the petition of the Boston Waterways be taken from the Committee on Licenses to the floor of the Council.

President KELLY—Will the gentleman withdraw that motion until after the Executive Session?

Coun. MUCHNICK—I understand there are several members who are anxious to leave quickly, and I would like to get this disposed of.

President KELLY—The Chair will put the motion. Councilor Muchnick makes a motion that the petition of the Boston Waterways be withdrawn from the Committee on Licenses.

Coun. MUCHNICK—Mr. President, I would prefer to be speaking on this motion if the committee were in the room.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—On February 3, Mr. President, on page 94 of the record, at the top of the page, Councilor Linehan asked for a point of information. He wanted to know when the petition of the Boston Waterways would be acted on, and I quote from the record the answer of Councilor Coffey, chairman of the committee:

"Mr. Fairbank was present at the meeting Friday. He has agreed as to the toll after a check is taken on all cabs used in the Summer Tunnel. The check-up is to be today, tomorrow and Friday. We are also getting a ruling from the Law Department as to whether or not we can put a clause in there asking Mr. Fairbank at no time to ask that the Northern Avenue Drawbridge be opened, an agreement which Mr. Fairbank made. Then we told Mr. Fairbank action would be taken a week from today. He agreed to that, also."

That is the end of the statement by the chairman of the committee. That took place February 3, 1947, just a little while before the meeting adjourned. Now, it seems to me that in view of that statement having been made by the chairman of the committee and in view of the fact that an agreement was allegedly entered into with the petitioner that he would have action on February 10, that we ought to take that from the committee today and vote. It is long after February 10.

President KELLY—The question is on taking this from the Committee on Licenses. Those in favor, please rise.

Coun. MUCHNICK—May I ask you to ring the bell?

President KELLY—I have been ringing it for five minutes, councilor. Those in favor of the motion will please rise. It is not a vote.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—It is my understanding that this has been in the committee for four weeks and under those circumstances it seems to me the vote should only require a majority.

President KELLY—The Chair will rule under Rule 14 if within 30 days a matter referred to a committee is not reported upon, it may be returned by a two thirds vote of all the members. The Chair will rule it has not been in the committee for 30 days.

Coun. MUCHNICK—I doubt the vote, Mr. President, and I ask for a roll call.

President KELLY—Sufficient members having joined, the clerk will call the roll.

The roll was called, with the following result:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Cook, Hannon, Keenan, Lane, Linchan, McCormack, Muchnick—11.

Nays—Councilor Sullivan—1.

Present—Councilors Kelly, Kinsella, Russo—3.

President KELLY—Eleven votes in the affirmative and one in the negative, and the motion is lost.

RECESS.

On motion of Councilor Russo the Council voted at 3:40 p. m., to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KELLY at 3:53 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

Report on message of Mayor and order (referred August 5, 1946) authorizing Public Buildings Department to lease space in markets at annual rental of 25 per cent more than present rental, etc.—that same ought to pass.

The report was accepted, and the order was passed.

TRAFFIC SIGNALS AT CERTAIN HUNTINGTON AVENUE INTERSECTIONS.

Coun. SULLIVAN, for Councilor Carey, offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals on Huntington avenue, at the intersection of Francis street, and also on Huntington avenue, between Wait street and Fenwood road, in Ward 10.

Passed under suspension of the rules.

EASTERN AVENUE WHARF LEASE.

Coun. McCORMACK offered the following:

Ordered, That his Honor the Mayor instruct the Corporation Counsel to investigate the 999-year lease on Eastern Avenue Wharf, Atlantic avenue, with the hope of cancelling this lease.

Coun. McCORMACK—Mr. President.

President KELLY—Councilor McCormack.

Coun. McCORMACK—In 1941, Mr. President, I made an investigation of a lease of the Eastern Avenue Wharf. This lease was given for 999 years. The city at that time could have bought the property, the fee of the property, for \$275,000. At the end of 999 years, the city will have paid \$3,648,000 in rent, and the land will go back to the original grantors. I recommended to Mayor Tobin at that time that he stop payment, and he did, and to my amazement last week at the budget hearing I understood from the City Auditor that payments have again been resumed. I gave the Mayor a report at that time that it was an abuse of power, that no Mayor or any city official had the right to tie up future generations. The lease has 904 years to go, and it will cost the city \$3,616,000 in rent. My suggestion is that the city buy the fee from the present owner which can be had for \$50,000 to \$75,000 and save the city that additional money.

The order was passed under the suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of William J. Jeffers (referred February 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Highway Division, Public Works Department, recommending passage of the accompanying order, viz.:

Ordered, That the sum of fifty dollars (\$50) be allowed and paid to William J. Jeffers in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Highway Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

Adjourned, on motion of Councilor Sullivan at 4 p. m., to meet on Monday, March 3, 1947 at 2 p. m.

ELEVATED ROAD INCOME.

Reporting that in 1944 the income of the Boston Elevated Railway decreased by \$193,541.05 and the cost of service increased by \$1,826,963.49, the Public Trustees of the railway, in their annual report filed with the Legislature on January 31, 1945, announced that although the cost of the service exceeded receipts by \$393,020.27 in 1944, there would be no deficit assessed upon the cities and towns served because this amount had been taken from the \$1,000,000 reserve fund, leaving a balance of \$606,979.73 in this fund as of January 1, 1945.

The railway had an excess of \$1,605,601.46 of income over cost of service in 1943.

POLICE DEPARTMENT PERSONNEL.

The police personnel of the department on November 30, 1945, consisted of 1 superintendent, 5 deputy superintendents, 28 captains, 63 lieutenants, 1 lieutenant-inspector, 185 sergeants, 1,867 patrolmen, 15 patrolwomen, 94 provisional temporary patrolmen and 1 provisional temporary patrolwoman; total, 2,260.

On November 30, 1945, there was a total of 2,502 persons, including civilian employees, on the rolls of the department.

During the year in General Orders, officers were commended as follows:

Captain, 1; lieutenants, 6; sergeants, 8; patrolmen, 34; department as a whole, 1.

POLICE EXPENDITURES.

During the twelve months ending November 30, 1945, the total expenses of the Boston Police Department amounted to \$6,426,363.77. This included the pay of the police and employees, pensions, supplies, expense of listing (\$68,253.96, the annual listing on January 1 of all residents twenty years of age or over), and the maintenance of the Police Signal Service.

In the corresponding period of 1944, expenditures totaled \$6,202,557.44.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLING STEEL BOILERS IN THE RICE SCHOOL, DARTMOUTH AND APPLETON STREETS, SOUTH END, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installing steel boilers in the Rice School, Dartmouth and Appleton streets, South End, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, March 19, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after Monday, March 10, 1947, at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Friday, March 14, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than five per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice of sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

The above is subject to the approval of the Civilian Production Administration as applicable.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR CATALOG CASES AND PERTINENT EQUIPMENT.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for supplying certain card catalog trays and pertinent equipment. Details and specifications as to finish and hardware may be had upon application at the business office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, March 19, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, March 10, 1947, at the business office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON,

By MILTON E. LORD,
(Mar. 8-15.) Clerk Pro Tem.

PROPOSALS FOR FURNISHING PENCILS, PENS,
PENHOLDERS, CHALK, INK, NOTEBOOK
COVERS AND OTHER ITEMS FOR THE BOSTON
PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the Supply Room of the School Committee, 440 Brookline avenue, Boston, pencils, pens, penholders, chalk, ink, notebook covers and other items as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Pencils, Pens, Penholders, Chalk, Ink, Notebook Covers and Other Items." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check payable to the City of Boston in the amount of one hundred dollars (\$100) must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, March 26, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The bidder awarded the contract must furnish a suitable bond or deposit of money or other security for the faithful performance of the contract in the amount of not less than 50 per cent thereof.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT TILE FLOOR CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING
NEW ASPHALT TILE FLOOR AT THE SCHOOL
ADMINISTRATION BUILDING, 15 BEACON
STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing new asphalt tile floor at the School Administration Building, 15 Beacon street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, March 18, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$100, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(Mar. 8.) Superintendent of Construction.

RELIEF EXPENDITURES FOR VETERANS' SERVICES FOR THE MONTH OF FEBRUARY, 1947, SHOW INCREASE OF \$24,902.37 IN FUNDS ADVANCED AND 191 CASES AIDED—REPORT OF COMMISSIONER DAVID J. BRICKLEY TO MAYOR CURLEY GIVES FACTS—OF THE 191, 57 WERE WORLD WAR I AND BALANCE WORLD WAR II CASES—PAYMENTS TO BENEFICIARIES OF ALL WARS INCREASED BY \$7,273.67.

Relief expenditures for the Veterans' Services Department show an increase of 191 cases for February, 1947, over the same period of 1946, according to the report of the department submitted to his Honor, Mayor James M. Curley, by the Commissioner, David J. Brickley. This amounted to an expenditure of \$24,902.37. Of these cases 57 were veterans of World War I and the remainder of World War II. The report also shows that payments made to beneficiaries of all wars showed an increase of \$7,273.67.

The complete report reads as follows:

BOSTON, March 11, 1947.

TO HON. JAMES M. CURLEY, *Mayor*.

FROM DAVID J. BRICKLEY, *Director, Veterans' Services*.

MONTHLY REPORT FOR FEBRUARY, 1947.

DEAR SIR,—I have the honor to submit the report of the Department of Veterans' Services for the month of February, 1947:

Expenditures for February, 1947.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 24, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending March 8, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 188; nonresidents, 42; total, 230.

Death rate per 1,000 of population: All deaths, 15.60; nonresidents deducted, 12.75.

Death rate per 1,000 of population:

Last week, 16.62; corresponding week last year, 18.32.

Deaths by age periods, sex, etc.: Under one year, 21; one year to four years, inclusive, 0; sixty years and over, 144. Total deaths: Male, 126; female, 104; deaths in hospitals and institutions, 140.

REPORTABLE DISEASES: CASES AND DEATHS.*

MONTHLY REPORT TO MAYOR CURLEY OF RELIEF EXPENDITURES FOR VETERANS' SERVICES SHOWS INCREASE OF \$24,902.37.

(Continued from page 337.)

Relief expenditures for February, 1947, show an increase of 191 cases and \$24,902.37 in expenditures as compared to the corresponding period in 1946. A World War I comparison shows an increase of 57 cases and \$6,680.83 in expenditures, and a World War II comparison exhibits an increase of 136 cases and \$9,896.65 in costs as compared to February, 1946. The Emergency item (payments made to beneficiaries of all wars) shows an increase of \$7,273.67 as compared to February, 1946. The general increase in costs is caused not only by the case load increase, but also by the over-all increase in budgetary allowances to all cases as a result of the provisions of chapter 584 of the Acts of 1946, which directs that the City of Boston shall pay the amounts specified by the Commonwealth. However, this Act also provides that the Commonwealth shall reimburse, during 1948, 50 per cent of all veterans benefits paid with their approval during 1947.

The 934 cases aided during the month of February, 1947, represent a total of 2,033 individuals benefited through the facilities of the Department of Veterans' Services. There were 144 cases dropped from these rolls during the month of February, 1947, chiefly because of the acceptance of private employment.

CLASSIFICATION OF CASES AIDED DURING FEBRUARY, 1947.

	Civil War.	Indian War.	Spanish War.	Mexican Border.	World War I.	World War II.
Unemployable veterans...	0	0	5	1	200	126
Employable veterans.....	0	0	0	0	81*	225*
Wives.....	0	0	0	0	0	3
Widows.....	15	5	56	1	121	12
Children.....	3	0	0	0	11	1
Mothers.....	0	0	0	0	16	39
Fathers.....	0	0	0	0	2	11
	18	5	61	2	431	417

* Of the 306 employables (World War II, 225; and World War I, 81), 81 have already been dropped from these rolls because of employment and other reasons. This is the greatest number of employable cases receiving aid from this department since 1939. The majority of these veterans have been drawing Veterans Readjustment Allowance since their discharge and, having drawn all these benefits, are now seeking aid from this department.

ORIGINAL APPLICATIONS.

Carried forward from preceding month.....	68
Original applications for aid during February.....	163
Original applications granted aid during February.....	89
Original applications rejected during February.....	43
Original applications referred to other cities or towns.....	14
Investigations not completed.....	85

REAPPLICATIONS.

Carried forward from the preceding month.....	48
Reapplications for aid during February.....	195
Reapplications granted aid during February.....	170
Reapplications rejected during February.....	23
Reapplications referred to other cities or towns.....	5
Investigations not completed.....	45

During the month of February, 1947, this department collected \$309.75, which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which required the repayment of same to the City of Boston.

Respectfully submitted,

DAVID J. BRICKLEY,
Director.

SEEKS INFORMATION ON FARE INCREASES BY BOSTON ELEVATED RAILWAY.

On March 4 the Mayor made public the following letter:

Mr. Edward E. Whiting, *Chairman*, Board of Trustees, Boston Elevated Street Railway Company.

DEAR MR. WHITING.—At a meeting of the Metropolitan Transit Council held at the office of the Mayor, City Hall, School street, Boston, Massachusetts, on Tuesday, March 4, 1947, at 11 a. m., in accordance with the provisions of section 3, chapter 333, of the Acts of 1931, for the purpose of considering whether or not the fares and charges of the Boston Elevated Street Railway Company for service shall be increased, it was voted by the Council as follows:

Section 6 of chapter 159 of the Special Act of 1918 provides that the public trustees of the Boston Elevated Street Railway Company shall, from time to time, fix such rates of fare as will reasonably assure sufficient income to meet the cost of service.

In the opinion of the Metropolitan Transit Council it is clearly the duty of the trustees of the Boston Elevated Street Railway Company to fix the rates of fare.

The Metropolitan Transit Council requests that a report of their action and reasons therefore shall be sent to the Metropolitan Transit Council within seven days.

Sincerely yours,

JAMES M. CURLEY, *Chairman*,
Metropolitan Transit Council.
JOHN D. MCCARTHY, *Secretary*.

VOTES AGAINST INCREASE IN EL FARES.

At a meeting of the Metropolitan Transit Council called under Statutes of 1931, chapter 333, section 3, to further consider whether or not the fares and charges for service of the Boston Elevated Railway Company should be increased, said meeting being duly held at the office of the Mayor of Boston, City Hall, Boston, at 11.30 a. m. on March 12, 1947, 25 votes being present, it was

Voted, That, upon such information as the Council has before it as to the affairs and finances of the Boston Elevated Railway Company, it is the sense of the Council that the fares and charges for service of the Boston Elevated Railway Company should not be increased above the fares and charges for service now in force.

MAYOR SIGNS AIRPORT WATER TAXI APPLICATION.

Mayor Curley on March 11 issued the following statement:

I have this day, March 11, 1947, signed the application as approved by the Boston City Council for the establishment of a ferry service across Boston Harbor between the terminal at Boston Proper and the terminal in East Boston opposite the Logan Airport.

After consultation with the Public Works Commissioner, and in conformity with the third last section of the order adopted by the City Council which reads —“(That Licensee will comply with such other reasonable regulations as, from time to time, may be established.)”

The regulation, in the opinion of the Public Works Commissioner, which I share, is that the terminus in Boston Proper shall be on the north side of the Congress Street Bridge.

TO TAKE PROPERTIES FOR HOUSING PROJECTS.

At a meeting held in the office of the Mayor, at which were present authorities interested in relieving the housing shortage and providing homes for veterans and others, it was agreed that the following properties be taken:

In Dorchester—80,000 feet, to accommodate 32 families; in the West Roxbury section—986,000 feet, to accommodate 370 families; in the Hyde Park section—3,400,000 feet, to accommodate 550 families; and in the Roxbury section—200,000 feet, to accommodate 100 families.

EAST BOSTON RAPID TRANSIT EXTENSION PLANS APPROVED.

Upon March 3 the Mayor issued the following communication from the Transit Commissioner:

There probably never has been a municipal project so thoroughly studied as the East Boston Rapid Transit Extension, plans for which were signed by the Mayor and Transit Commissioners on December 11 and by the Commissioners of the Department of Public Utilities at noon on March 3.

The reason for this long study is the cause of the appearance for the first time in Transit legislation of a clause which required the Department of Public Utilities to approve the estimates of cost made by the Transit Department before construction could be started.

This study has been continuous since December 11. On February 5 it appeared from the analysis of the Department of Public Utilities engineers that the Transit plan was satisfactory and that their estimates of cost were in accord with those of the Transit Department, that is, as follows: Transit estimates, \$7,981,405; Department of Public Utilities estimates, \$7,858,776.

Both are well within the \$8,500,000 provided by the enabling acts.

Upon the signing of the plans by the Department of Public Utilities Commissioners the Transit Department immediately began to prepare specifications for steel, lumber, waterproofing, and other materials without which the department cannot proceed with construction.

It will be necessary also for the Transit Department and the Boston Elevated to execute a contract for use before the specifications are advertised.

It is obvious that, owing to the limitations imposed by law for advertising contracts, several weeks must elapse before actual work can be begun.

When the work gets under way there will be employment for several hundred men. It is provided in the enabling acts that the department shall employ, in so far as practicable, honorably discharged veterans of World War I and II.

CIRCULAR LETTER NO. 4.

CITY OF BOSTON,
MAYOR'S OFFICE, March 5, 1947.

To All Department Heads.

Subject: Labor Management Committee.

In a corporation the size of Boston, grievances on the part of employees with regard to classification, hours of employment and other related matters are bound to arise. It is for the best interest of the city that such difficulties be settled promptly and amicably. To this end, the following procedure has

been agreed on for handling employees' grievances in the larger departments of the city.

1. Employees' grievances shall be reported in the first instance to the recognized representative of the group with which the employees are affiliated. This representative will contact the supervisory officials of the group concerned, state the grievances and ascertain the possibilities of alleviating the complaints. If this initial approach is not productive of a settlement, the representative may request the consideration of the head of the department involved.

2. In the event a satisfactory determination of the difficulty is not possible within the department, the representative may file a request for a hearing and review of the grievance by the Labor Management Committee, to consist of three officials representing the city and three representatives of the Boston Council of Municipal Employees. I have designated City Auditor Charles J. Fox, Budget Commissioner John A. Sullivan and John J. Connelly, Executive Secretary of the Public Works Department, as members of the committee representing the city.

This committee will review all grievances of city employees, where it is evident employee representatives have exhausted all reasonable methods to reach an amicable settlement at the department level. The findings of the committee will be communicated to the heads of the departments involved.

3. In the event the members of the Labor Management Committee are unable to reach a decision on a particular grievance, or if a department head objects to the recommendations of the committee, the matter shall be reported to the Mayor with all the records on the case. The decision of the Mayor in such cases will be final.

Department heads and officials are requested to cooperate to the fullest possible degree with employees' representatives and the Labor Management Committee on all personnel matters which may be brought to their attention.

Respectfully,

JAMES M. CURLEY, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

William E. Powers, 96 Byron street, East Boston, has been reinstated at \$2,700 a year.

Approval has been given for the transfer of Chemist Hiram Y. Waterhouse, permanent intermittent employee of the Fire Department and the Public Works Department of the City of Boston, to permanent chemist in the Fire Department at \$3,100 a year.

The following change has been allowed in the 1947 Fire Department budget:

1 Chemist, one-half year, \$1,550, should be changed to read: 1 Chemist (full year), \$3,100 a year.

The following retirements have been approved:

William P. Nicholson, 311 Belgrade avenue, Roslindale, hoseman, at \$1,800 a year.

Romeo I. Coletti, 132 Dakota street, Dorchester, hoseman, at \$1,800 a year.

Edwin F. Fay, 8 Bellevue street, Dorchester, captain, at \$2,200 a year.

Edward F. Brickley, 42 Wyman street, Jamaica Plain, hoseman, at \$1,800 a year.

David A. Shea, 2 Folsom street, Roslindale, ladderman, at \$1,800 a year.

William M. Phelan, 140 Bayswater street, East Boston, captain, at \$2,200 a year.

HOSPITAL DEPARTMENT.

Permission has been granted for an increase in salary for the following nurses:

Floor Nurses.—Dorothy Andrews, Frances Barry, Lillian Blackburn, Richard Bolin, Doris Carmickle, George Esa, Marion Falvey, Eleanor Harkins, Mary Johnson, Margaret Lariviere, Gloria Lewis, Mary Moriarty, Ann Murphy, Miriam Randall, Annette Romano, Janet Thackery, Janice Thompson, Ruby Webster, from \$2,000 a year to \$2,200 a year.

Floor Nurses, Part-Time.—Grace Cossey, Barbara Flaherty, Mary Shand, from \$1,120 a year to \$1,220 a year; Arvilla Vaughan, from \$1,240 a year to \$1,340 a year.

Head Nurses.—Marie Horne, from \$2,140 a year to \$2,340 a year; Grace McKay, from \$2,280 a year to \$2,480 a year.

General Division.

For the week ending January 28:

The services of the following employees have been terminated:

Permanent.—Eleanor Madden, Newton, Stella M. Lambros, Dracut, Ruth Vanidestine, 78 Carruth street, floor nurses, \$2,000 a year; James F. Goode, 56 Forest Hills street, hospital medical worker, \$27.18 a week.

Provisional.—John Egan, 976 Harrison avenue, Edward J. Lamphier, 328 Shawmut avenue, John D. Maguire, 104 Warren street, William F. Kelley, 56 Tobin street, George Fitzpatrick, 19 Hamlet street, Jackson Coppage, 308 Warren street, Helen Roman, 5 Marshfield street, hospital medical workers, \$25 a week; Ellen Reardon, 665 Massachusetts avenue, Alice Garnett, 21 Woodbury street, Margaret Haley, 53 East Lenox street, Katherine MacLeod, 9 O street, hospital medical workers, \$24 a week; John Hawkes, 226 Ninth street, elevator operator, \$26.68 a week; Sheila Hulme, 384 K street, floor nurse (temporary), \$2,000 a year; Leo Fitzpatrick, 17 National street, male nurse, \$41.68 a week; Estelle Cousins, 107 Marlborough street, technician, \$1,500 a year; Constance Clayton, 105 Homer street, junior clerk-typist, \$1,400 a year.

South Department.

Provisional.—Percy Alexander, 86 Waltham street, hospital house worker, \$25 a week.

The following weekly nurses have been appointed:

Permanent.—Annette Romano, 9 Nanacia street, floor nurse, \$2,000 a year.

Temporary.—Miriam Randall, 56 Mascom street, Mary J. White, 19 Boutwell street, floor nurses, \$2,000 a year.

Ellen Gremora, floor nurse from \$1,900 a year to \$2,000 a year.

The following special nurses have been employed at \$7 a day:

Isabel Bazin, 4 Regina road, 8 days; Frances Foley, 38 Winter street, 4 days; Marie Marrotta, 251 Washington street, 7 days; Leonora Porreca, 29 St. Albans road, Agnes Randall, Needham, 2 days.

For the week ending February 11:

The following special nurses have been employed at \$7 a day:

Helen Anderson, 92 West Selden street, 2 days; Doris Antoine, 60 Crawford street, Isabel Bazin, 5 Regina road, 6 days; Louise Burns, 231 Park Drive, 2 days; Catina Bartoli, Medford, 4 days; Martha Buswell, 121 Lonsdale street, 1 day; Gloria Ceraulo, 36 Glenville avenue, Eleanor Cassidy, 11 Worcester square, Dorothy Dever, 43 Mattakeeset street, Mary Donovan, 6 Morrow street, 2 days; Mary Doak, Medford, 1 day; Bertha Eden, 218 Dacia street, 2 days; Mary Grant, 111 Warren street, 1 day; Marion Jope, North Randolph, 3 days; Marie Johnson, 15 Dewey street, Anna King, 591 East Fourth street, 1 day; Jennie Lattour, 32 Hartford street, 4 days; Mary Lee, Somerville, 2 days; Ethel Lobacz, 568 Newbury street, 1 day; Marie Marrotta, 251 Washington street, 6 days; Hannah Moore, Cambridge, 1 day; Loretta Mara, 92 Rockview street, Sonia Michaelwicz, 440 Newbury street, 3 days; Laura Pompelli, 53 Warwick street, 4 days; Anna Rowe, 10 Perkins square, Arlene Resmini, 51 East Springfield street, Anna Sedote, 420 Washington street, Marie Tovoni, 696 Massachusetts avenue, 2 days; Bernice Stanley, 25 Beacon street, Martha Buswell, 121 Lonsdale street, 1 day.

Sanatorium Division.

Approval has been given for the following appointments:

Temporary hospital house workers at \$25 a week, pending receipt of a permanent list from Civil Service:

Harold V. Hurley, 47 Dracut street, Dorchester.

Cameron MacDonald, 25 Temple street, Dorchester.

John F. Howard, 12 Arcadia park, Dorchester.

John F. McMahon, 39 Folsom street, Dorchester.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

INSTITUTIONS DEPARTMENT.

Upon March 1 the Mayor approved a contract with the Thomas A. Sheehan Company for the monthly extermination of vermin in the Long Island Hospital, Long Island, Boston Harbor. Bids, opened February 25, were as follows:

Thomas A. Sheehan Company, \$115 per month.

Safety Fumigant Company, \$135 per month.

C. A. Chafe, \$140 per month.

The Safety Fumigant Company and C. A. Chafe did not file their proposals on the prescribed forms required by the department. Neither did their certified check for \$200 accompany their proposals. Their proposals, therefore, cannot be considered.

PARK DEPARTMENT.

Upon March 1 the Mayor approved a contract with C. Dale Garbutt, Inc., for painting the Parkman House, 33 Beacon street, Boston. Bids, opened Tuesday, February 11, were as follows:

C. Dale Garbutt, Inc., \$2,440; John T. Bradley, \$3,129; M. Melchiono Company, \$3,177; Max Cahn, \$3,185; R. Tweed & Son, \$3,347; Realty Maintenance Company, \$3,385; M. L. McDonald Company, \$3,385; Patrick J. Sullivan, \$3,430; Careful Cleaning Company, \$3,455; Boston Painting and Decorating Company, \$3,650; John D. Ahern, \$3,700; Russell E. McCassey, Inc., \$3,740; George J. Bartley Company, \$3,919; H. Piken & Co., \$3,955; Nicholas Bello, \$4,030; John M. Kennedy, \$4,268.

SUPPLY DEPARTMENT.

Upon March 3 the Mayor approved a contract with contractors in accordance with the request of the Supply Depart-

ment Superintendent as contained in the following letter:

February 28, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—On January 28, 1947, bids were publicly opened and read on proposals for furnishing industrial and medical gases to the various city departments as per attached list.

Since the administering of medical gases is extremely technical, all bids were referred to the Boston City Hospital for recommendation. In accordance with the recommendations received from the Superintendent of the Boston City Hospital, I would respectfully request that permission be granted me to award contracts to the lowest bidders as indicated on the attached sheets with the following exceptions:

On Item 3 calling for twenty-four (24) tanks of cyclopropane gas, I would request that the only bid received on this item be rejected and that permission be granted me to award this item, without further advertising, to the Ohio Chemical Company at a price of \$27 per tank; on Items 5 and 8 calling for seven hundred (700) tanks of oxygen, "D" size, and one hundred seventy-five (175) tanks of gas mixture, "D" size, I would respectfully request that permission be granted me to award these items to the S. S. White Dental Manufacturing Company at a price of \$2.23 per tank and \$3.37 per tank respectively. These awards are in accordance with the recommendations received from the Superintendent of the Boston City Hospital.

Total amounts of awards are as follows: S. S. White Dental Manufacturing Company, \$2,828.73; Linde Air Products Company, \$2,509.38; Ohio Chemical Company, \$648; New England Gas Products Company, \$550; total, \$6,536.11.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1. 50 Tanks Acetylene, 275 Cubic Feet to Tank, Per Cubic Foot.—New England Gas Products, Inc., \$2.40; National Cylinder Gas Company, \$2.15; Linde Air Products Company, \$2.15.*

Item 2. 200 Tanks Carbonic, Pure, Bone Dry 99.5 Per Cent Pure, 50 Pounds to Tank (for Refrigeration), Per Pound.—New England Gas Products, Inc., 5.5 cents.*

Item 3. 24 Tanks Cyclopropane, 100 Gallons to Tank, Per Tank.—Puritan Compressed Gas Corporation, \$27, Style B.

Item 4. 3,500 Tanks Oxygen, 244 Cubic Feet to Tank, Per Cubic Foot.—New England Gas Products, Inc., 80 cents; National Cylinder Gas Company, 69 cents; Linde Air Products Company, 60 cents, Cascade, 65 cents, cylinder.*

Item 5. 700 Tanks Oxygen, "D" Size, Per Tank.—S. S. White Dental Manufacturing Company, \$2.23; New England Gas Products, Inc., \$2.*

Item 6. 4 Tanks Nitrous Oxide, "G" Size, 3,200 Gallons to Tank, Per Tank.—S. S. White Dental Manufacturing Company, \$23.62.*

Item 7. 150 Tanks Nitrous Oxide, 250 Gallons to Tank, Per Tank.—S. S. White Dental Manufacturing Company, \$3.89*; New England Gas Products, Inc., \$4.50.

Item 8. 175 Tanks Gas Mixture, "D" Size, Per Tank.—S. S. White Dental Manufacturing Company, \$3.37; New England Gas Products, Inc., \$3.

Discount.—S. S. White Dental Manufacturing Company, 2 per cent; New England Gas Products, Inc., 2 per cent; Puritan Compressed Gas Corporation, 2 per cent; National Cylinder Gas Com-

pany, net; Linde Air Products Company, 2 per cent.

Remarks.—S. S. White Dental Manufacturing Company, lost tank prices, Items 5, 6, 8, \$7.50 each; Item 7, \$30 each; Puritan Compressed Gas Corporation, lost, unaccounted for, or damaged cylinder prices, Item 3, \$9.60 each; free loan of cylinders for three months; after three months a 2 per cent demurrage charge will be assessed; Linde Air Products Company, 35 pound Cascade oxygen, 65 pound cylinder oxygen; the seller reserves the right to make a demurrage charge of 2 cents per cylinder per day for all time over thirty days that the cylinder is out of the seller's possession; all cylinders (except oxygen cylinders used for oxygen therapy purposes) must be returned by the buyer not later than ninety days after their delivery.

* Contract awarded.

Upon February 3 the Mayor approved a contract with lowest bidders as indicated for furnishing surgical dressings to the various city departments. The total amounts of the contracts were as follows:

Thomas W. Reed Company, \$49,750; E. F. Mahady Company, \$1,554.40. Total, \$51,304.40.

Bids, opened January 21, were as follows:

Item 1. 50 Dozen 2-Inch Rolls Gauze Bandage, 10-Yard Lengths, Per Dozen.—E. F. Mahady Company, \$1.02, J. & J.; Johnson & Johnson, \$1.02; McKesson & Robbins, Inc., Eastern Drug Division, \$1.02, J. & J.; Thomas W. Reed Company, \$1.02, J. & J.*

Item 2. 15,000 Band-aids, Per Case.—E. F. Mahady Company, 52 cents, J. & J., 100 to box; Johnson & Johnson, 52 cents; McKesson & Robbins, Inc., Eastern Drug Division, 52 cents, J. & J.; Thomas W. Reed Company, 52 cents, J. & J.*

Item 3. 5,000 Rolls Bandage, 36-Inch Gauze, "Nu-Wrap," or Equal, 1 by 10 Yards, 28 by 24, Cut 2, 3 and 4 Inches as Required, Per Roll.—E. F. Mahady Company, 84 cents, J. & J.; Johnson & Johnson, 84 cents; McKesson & Robbins, Inc., Eastern Drug Division, 84 cents, J. & J.; Thomas W. Reed Company, 84 cents, J. & J.*

Item 4. 100 Cartons Bandages, Sheet Wadding, Ready Cut, 3, 4, 5 and 6 Inches, Per Carton.—E. F. Mahady Company, \$4.07, B. & B.; Johnson & Johnson, \$4.28; McKesson & Robbins, Inc., Eastern Drug Division, \$4.28, J. & J.; Thomas W. Reed Company, \$4.28, J. & J.; \$4.07, B. & B.*

Item 5. 5,000 Pounds Cellu Cotton, 2 or 8 Pound Cellu Rolls as Needed, Each Roll Entirely Covered by Wrapper in Even Layers, 12 by 18 Inches Wide, Curity, J. & J., or Equal, Per Pound.—E. F. Mahady Company, 20 cents,* 8 pounds, Forest Fleece; 21 cents, 2 pounds, Forest Fleece; Johnson & Johnson, temporarily discontinued; McKesson & Robbins, Inc., Eastern Drug Division, no bid; Thomas W. Reed Company, 22 cents, 2-pound roll; 21 cents, 8-pound roll.

Item 6. 50 Cartons Cellulose Wipes, 5 by 6, J. & J., or Equal, Per Carton.—E. F. Mahady Company, \$6, 5 by 9, B. & B.; Johnson & Johnson, \$6.30; McKesson & Robbins, Inc., Eastern Drug Division, \$6.30, J. & J.; T. W. Reed Company, \$6, B. & B.* \$6.30, J. & J.

Item 7. 75 Cartons Chux, 600 to Case, Regular, Per Carton.—E. F. Mahady Company, \$10.45, J. & J., 600 to case; Johnson & Johnson, \$10.45, 600 to case; McKesson & Robbins, Inc., Eastern Drug Division, \$10.45; T. W. Reed Company, \$10.45, J. & J.*

Item 8. 500 Rolls Cotton, Absorbent, 12 Inches Wide, 1-Pound Rolls, Per Pound.—E. F. Mahady Company, 41 cents, J. & J.; Johnson & Johnson, 41 cents; McKesson & Robbins, Inc., Eastern Drug Division, 41 cents, J. & J.; T. W. Reed Company, 41 cents, J. & J.,* 45 cents, B. & B.

Item 9. 200 Pounds Cotton, Absorbent, 1-Pound Rolls, J. & J., Red Cross, or Equal, for Eye Work, No Substitutes, Per Pound.—E. F. Mahady Company, 85 cents, J. & J.; Johnson & Johnson, 85 cents; McKesson & Robbins, Inc., Eastern Drug Division, 85 cents, J. & J.; T. W. Reed Company, 85 cents.*

Item 10. 300 Pounds Cotton, Non-Absorbent, 1-Pound Rolls, J. & J., Red Cross, or Equal, Per Pound.—E. F. Mahady Company, 64 cents, J. & J.; Johnson & Johnson, 64 cents; McKesson & Robbins, Inc., Eastern Drug Division, 64 cents, J. & J.; T. W. Reed Company, 64 cents.*

Item 11. 300 Cartons Cotton Balls, Jumbo or Medium, J. & J. or B. & B., Per Carton.—E. F. Mahady Company, \$2.85, medium, J. & J., 4,000 to carton; Johnson & Johnson, \$2.85, medium balls, 4,000 to carton; \$7.30 jumbo, 2,000 to carton; McKesson & Robbins, Inc., Eastern Drug Division, \$2.85, medium, 4,000 to carton; \$7.30, jumbo, 2,000 to carton; T. W. Reed Company, \$7.30, J. & J.*

Item 12. 7,000 Yards Gauze, Absorbent, Bleached, 40 by 36, 1-Yard Flat Fold, Soft Compress, Per Yard.—E. F. Mahady Company, none; Johnson & Johnson, none; McKesson & Robbins, Inc., Eastern Drug Division, none; T. W. Reed Company, none.

Item 13. 600,000 Yards Gauze, Absorbent, Bleached, 20 by 12, 1-Yard Oval, 100-Yard Roll, Per Yard.—E. F. Mahady Company, 46 cents, 18-inch oval, J. & J.; Johnson & Johnson, 46 cents, 18-inch oval; McKesson & Robbins, Inc., Eastern Drug Division, 46 cents, J. & J.; T. W. Reed Company, 46 cents, J. & J.*

Item 14. 30 Cartons Combine Dressing Rolls, 8 Inches by 20 Yards, Per Roll.—E. F. Mahady Company, \$1.54, J. & J.,* 12 to carton; Johnson & Johnson, \$1.54; McKesson & Robbins, Inc., Eastern Drug Division, \$1.54, J. & J.; T. W. Reed Company, no bid.

Item 15. 100 Gross Masks, Gauze, with Metal Bands, Curity, Per Dozen.—E. F. Mahady Company, \$1.76, 50 gross; Johnson & Johnson, no bid; McKesson & Robbins, Inc., Eastern Drug Division, no bid; T. W. Reed Company, \$1.76.*

Item 16. 100 Gross Masks, Gauze, B. C. H., J. & J., Per Dozen.—E. F. Mahady Company, \$1.76, 4 dozen to carton; Johnson & Johnson, \$1.76, 4 dozen to carton; McKesson & Robbins, Inc., Eastern Drug Division, \$1.76, J. & J., 4 dozen to carton; T. W. Reed Company, \$1.76, J. & J.*

Item 17. 500 Gross Bellevue, or Equal, 100 Dozen to Carton, Per Gross.—E. F. Mahady Company, \$1.656, J. & J.; Johnson & Johnson, \$1.656; McKesson & Robbins, Inc., Eastern Drug Division, \$1.656, J. & J.; T. W. Reed Company, \$1.656.*

Item 18. 500 Rolls Adhesive, 12 Inches by 5 Yards, Per Roll.—E. F. Mahady Company, \$1.35, J. & J.; Johnson & Johnson, \$1.35; McKesson & Robbins, Inc., Eastern Drug Division, \$1.35, J. & J.; T. W. Reed Company, \$1.35, J. & J.*

Item 19. 1,500 Rolls Plaster, Adhesive, Assorted, Cut to Fit Holder, 12 Inches by 10 Yards, Per Roll.—E. F. Mahady Company, \$2.25, J. & J.; Johnson & Johnson, \$2.25; McKesson & Robbins, Inc., Eastern Drug Division, \$2.25, J. & J.; T. W. Reed Company, \$2.25, J. & J.*

Item 20. 72 Rolls Plaster, Adhesive, 3 Inches by 5 Yards, Per Roll.—E. F. Mahady Company, 42.5 cents, J. & J.; Johnson & Johnson, 42.5 cents; McKesson & Robbins, 42.5 cents, J. & J.; T. W. Reed Company, 42.5 cents.*

Item 21. 100 Rolls Plaster, Adhesive, 2 Inches by 5 Yards, Per Roll.—E. F. Mahady Company, 29.25 cents, J. & J.; Johnson & Johnson, 29.25 cents; McKesson & Robbins, Inc., Eastern Drug Division, 29.25 cents, J. & J.; T. W. Reed Company, 29.25 cents, J. & J.*

Item 22. 75 Rolls Plaster, Adhesive, 1 Inch by 5 Yards, Per Roll.—E. F. Mahady Company, 14.66 cents, J. & J.; Johnson & Johnson, 14.66 cents; McKesson & Robbins, Inc., Eastern Drug Division, 14.66 cents, J. & J.; T. W. Reed Company, 14.66 cents, J. & J.*

Item 23. 10 Cartons Zobec, Four and One Half Inches by 100 Yards, 8 Ply, Per Roll.—E. F. Mahady Company, \$4.10, J. & J.; 10 rolls to carton; Johnson & Johnson, \$4.10; McKesson & Robbins, Inc., Eastern Drug Division, \$4.10, J. & J.; T. W. Reed Company, \$4.25, B. & B., Lisco; \$4.10, J. & J.*

Item 24. 50 Cartons Curity, Four and One Half Inches by 100 Yards, 8 Ply-10, Per Roll.—E. F. Mahady Company, \$4.60, J. & J.; Johnson & Johnson, \$4.60, J. & J.; McKesson & Robbins, Inc., Eastern Drug Division, \$4.60, J. & J.; T. W. Reed Company, \$4.60, J. & J.*

Item 25. 60 Cartons Sponges, Zobec, or Equal, 3 by 3, 4,000 to Carton, Per Carton.—E. F. Mahady Company, \$21.30, J. & J.; Johnson & Johnson, \$21.30; McKesson & Robbins, Inc., Eastern Drug Division, \$21.30; T. W. Reed Company, \$21.30, J. & J.*; \$21.70, Lisco, B. & B.

Item 26. 60 Cartons Sponges, Zobec, or Equal, 4 by 4, 4,000 to Carton, Per Carton.—E. F. Mahady Company, \$21.75, J. & J.; 4 by 4, 2,000 to carton; Johnson & Johnson, \$21.75, 4 by 4, 2,000 to carton; McKesson & Robbins, Inc., Eastern Drug Division, \$21.75, 4 by 4, 2,000 to carton; T. W. Reed Company, \$21.75, J. & J., \$21.70, Lisco, B. & B.*

Item 27. 50 Cartons Strips (Special Operating Room), Ray-Tex, 4 by 8 by 12, 1,000 to Carton, Per Carton.—E. F. Mahady Company, \$35.35, J. & J., 2,000 to carton; Johnson & Johnson, \$35.35, 2,000 to carton; McKesson & Robbins, Inc., Eastern Drug Division, \$35.35, J. & J.; T. W. Reed Company, \$35.35, J. & J.*

Item 28. 100 Cartons Underpads, 18 by 24, 200 to Carton, J. & J., or Equal, Per Carton.—E. F. Mahady Company, \$19.50, J. & J.; Johnson & Johnson, \$19.50; McKesson & Robbins, Inc., Eastern Drug Division, \$19.50, J. & J.; T. W. Reed Company, \$19.50, J. & J.*

Cash Discount.—E. F. Mahady Company, 2 per cent; Johnson & Johnson, 2 per cent; McKesson & Robbins, Inc., Eastern Drug Division, 2 per cent; T. W. Reed Company, 2 per cent.

Remarks.—E. F. Mahady Company, shipment can be made one third every thirty days during the contract period, orders accepted only according to our ability to ship; Johnson & Johnson, shipment can be made one third every thirty days during the contract period, orders accepted only according to our ability to ship; McKesson & Robbins, Inc., Eastern Drug Division, shipment can be made one third every thirty days during the contract period, orders accepted only according to our ability to ship; E. F. Mahady Company, no B. & B. insert on Item 15, Supply Department copy.

*Contract awarded.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

FIRE DEPARTMENT.

Approval has been given of the following additions to the contract of James S. Kelleher, for alterations and additions to fire station, Engine 22, Warren avenue, South End.

Addition No. 2.—Furnish labor and material for covering floors in two new officers' rooms, closets, bunkrooms on second floor, new kitchen, toilet, and lounging room on third floor with a mastic material; and installing asphalt tile over the entire areas, \$977.50.

Addition No. 3.—Furnish labor and material for installation of additional radiation in rear portion of main first floor and large room on third floor, \$953.10.

Total of additions Nos. 2 and 3, \$1,930.60; original contract, \$38,491; total contract with foregoing additions and addition No. 1, dated December 5, 1946, \$41,681.60.

On the second floor two new officers' rooms, closets, and a bunkroom have been installed and on the third floor a new kitchen, toilet, and large lounging room have been added. The wood floors of these rooms are in very poor condition being constructed of old worn-out plank floors. In order to avoid accidents and further deterioration of the floors they should be covered with asphalt tile.

The original plans did not include installation of any heating for rear portion of the main apparatus room and the radiation in the large room on the third floor is insufficient. Additional radiation should be installed in both these locations in order that the fire station can be properly heated during cold weather.

Although the foregoing is in addition to the work contemplated in the original contract it is incidental thereto.

Approval has been given of the following additions and deduction to the contract of Construction Units, dated November 12, 1946, for alterations and additions to fire station, Engine 46, Peabody square, Dorchester.

Addition No. 2.—Furnish labor and material for installation of oil burner, \$1,200.

Addition No. 3.—Furnish labor and material to install metal lath and plaster ceiling in rear of bunkroom, \$242.

Total of additions, \$1,442.

Deductions.—Substitute manually-controlled overhead doors in place of electrically-operated overhead doors, \$875.

Original contract, \$26,893; total contract with foregoing additions and deduction and addition of December 24, 1946, \$29,204.05.

In the original proposal the contractor submitted a price of \$1,200 for the installation of an oil burner. However, this was eliminated from the contract as government approval could not be obtained for its installation at the time the contract was awarded.

Under the contract it was not intended to do any work in the rear bunkroom area but as the ceiling is in very poor condition a new ceiling should be installed in this area.

It appears to be impossible to obtain electrically-operated doors at this time as called for in the original contract and months might pass before such doors could be obtained. In order to place the station in commission as soon as possible, manually-controlled overhead doors must be installed.

Although the foregoing is in addition to the work contemplated in the original contract it is incidental thereto.

Approval has been given of the following addition in the contract of M. Solimando, dated October 8, 1946, for alterations and additions to fire station, Engine 24, located at 434 Warren street, Roxbury.

Addition No. 2.—Furnish labor and material for the installation of Vulcan radiation for the first floor of the fire station, \$270.

Original contract, \$31,577; total contract with deduction of November 4, 1946, addition of January 3, 1947, and foregoing addition, \$31,875.

The contractor has installed a tile wainscoting throughout the entire main first floor and if old heating pipes were replaced over this new tile it would deter considerably from the appearance of the main apparatus floor. The cost of installation of Vulcan radiation is very reasonable and would add to the appearance of the main floor.

Although the foregoing was not contemplated in the original contract it is incidental thereto.

Approval has been given of the following deduction in the contract of M. Solimando, dated October 8, 1946, for alterations and additions to fire station, Engine 1, located at 119 Dorchester street, South Boston, Massachusetts.

Deduction No. 2.—Deduct installation of linoleum on entire third floor and five officers' rooms on second floor, \$700.

Original contract, \$28,903; total contract with foregoing deduction, addition of November 26, 1946, and deduction of November 4, 1946, \$27,411.

The contract calls for the installation of linoleum on the second and third floors for the sum of \$1,742. However, there appears to be quite a shortage of linoleum at the present time and the contractor is unable to obtain a sufficient quantity to cover the areas specified in the contract.

The five officers' rooms on the second floor are now covered with a fairly good quality of battleship linoleum which is probably superior to new linoleum which would be installed if obtainable. No great use is being made of the third floor area so that linoleum installation could be eliminated here.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

M. Spinelli & Sons Company, Inc., have been granted an extension of the time of completion of the contract for alterations at the Jamaica Plain High School. Contract was approved by your Honor August 8, 1946. Completion date to be extended from January 31, 1947, to March 1, 1947. This extension is requested for the reason that work was delayed on account of shortage of certain material required for job.

FIRE DEPARTMENT.

James S. Kelleher has been granted a further extension of time for the performance of a contract for alterations and additions to fire station, Engine 22.

The contract is dated October 8, 1946, and was to have been completed within sixty days after the date of your Honor's approval of the contract, you having signed the contract on October 14, 1946. The date of completion in accordance with

the contract was December 13 but an extension of time for completion was granted to February 5, 1947.

However, due to delays in the delivery and fabrication of various materials required on the job and the fact that certain necessary additions to the work contemplated in the original contract have been requested by the Fire Department, it has not been possible to complete the work by February 5. Request is made for a further extension of time for performance of work under the contract, and additions, until March 18, 1947.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract with N.L.C. Engineering and Equipment Company, for reconditioning No. 2 Ames Vertical Una-Flow engine, powerhouse, Boston City Hospital, from September 20, 1946, to February 1, 1947.

This extension of time is requested because of delay in delivery of materials necessary for the completion of the contract.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 12-inch pipe surface drain connection, 15-inch pipe overflow connection, and eight (8) catch-basins in Lewis street and Safford street, between Edwards street and Irwin avenue, in the Hyde Park district, at an estimated cost of \$4,000.

A 12-inch pipe surface drain and three (3) catch-basins in Rosebery road, between Taunton avenue and Ruskindale road, in the Hyde Park district, at an estimated cost of \$4,180.

A 12-inch pipe surface drain and three (3) catch-basins in Taunton avenue, between Blake street and Orchard street, in the Hyde Park district, at an estimated cost of \$6,200.

A 21-inch pipe surface drain and five (5) catch-basins in private land (land of the Commonwealth of Massachusetts), between Navarre street and Stony Brook, in the Hyde Park district, at an estimated cost of \$3,770.

A 15-inch pipe surface drain, nine (9) catch-basins, and one drop inlet in Tacoma street and Farrar avenue, between Bradlee street and Irwin avenue, in the Hyde Park district, at an estimated cost of \$10,850.

A 24-inch and 30-inch reinforced concrete pipe surface drain, a 12-inch pipe sanitary sewer, and six (6) catch-basins in Independence Drive, between 240 feet north of Veterans of Foreign Wars Parkway and Brookline Line, in the West Roxbury district, at an estimated cost of \$21,000.

POLICE DEPARTMENT ORDERS.

General Order No. 851.

The following-named persons are hereby appointed permanent patrolmen in this department and are assigned as follows, effective Wednesday, March 5, 1947, at 10 o'clock a. m.:

Lester K. Greenwood, Jr., to Division 1.

Raymond F. McCarthy to Division 4.

Nicholas Richards to Division 4.

James W. Harrington to Division 6.

John J. Stronach to Division 6.
Edward J. Griffin to Division 7.
James E. Brothers to Division 9.
Arthur A. Pappas to Division 10.
Thomas J. Casey to Division 11.
Michael W. Monahan to Division 13.
Jeremiah M. McCarthy to Division 14.
Joseph F. Hickey to Division 15.
Daniel Jacobs to Division 15.
Walter M. Clark to Division 16.
James B. O'Leary to Division 16.
George H. Gravel to Division 17.
Vincent P. Neary to Division 18.
James S. McLaughlin to Division 19.
Thomas P. O'Reilly to Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 852.

The resignation of Patrolman William E. Powers of Division 1 having been presented, it is hereby accepted, to take effect Thursday, March 6, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 853.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Saturday, March 8, 1947, at 7.45 o'clock a. m.:

Lieut. John E. Curran, Division 18, thirty-four years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 854.

The resignation of Patrolman William F. Joyce, Jr., attached to Superintendent's Office (armed service roll), having been presented, it is hereby accepted to take effect as of Saturday, March 8, 1947, at 5.45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 855.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business, Monday, March 31, 1947.

Wherefore, In view of this operation of law, after March 31, 1947, the said police officer shall no longer be an ac-

tive member of this department, and it is hereby ordered that its records be so amended.

Patrolman Joseph A. Murphy, Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 856.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer; effective at the close of business Monday, March 31, 1947.

Wherefore, In view of this operation of law, after March 31, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Thomas McDermott, Division 18.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 857.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, March 11, 1947, at 9 o'clock a. m.:

Patrolman Donald A. MacMillan, Division 10.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 858.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, and that his name be placed upon a pension roll with pay at the rate of two thirds of the annual compensation received by him in the office from which he is retired; effective Wednesday, March 12, 1947, at 7.45 o'clock a. m.

Patrolman Daniel T. Doyle, Division 8, 26 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

HEALTH DEPARTMENT DENTAL SERVICE IN BOSTON.

Eleven dental clinics were maintained in 1944 for the use of pre-school and school children. As in previous years, the objective of these clinics is preventive dentistry and every effort is made to teach the child the proper care of the teeth. Correlation between class instruction in dental health and the visits to the clinic is encouraged by the school nurse, the dental hygienist and the health educator.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 10, 1947:

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: John P. Cronin, 33 Brackett street, Brighton, Mass., Constable without power to serve civil process, and to serve without bond for term ending April 30, 1947.

Weighers of Goods, for term ending April 30, 1947.

Edward D. Landry, 66 Simpson avenue, Somerville, Mass.; and Thomas F. Culkeen, 195 Medford street, Charlestown, Mass.

Weigher of Coal, for term ending April 30, 1947: Sidney M. Limer, 584 Washington street, Brookline, Mass.

Severally referred to the Committee on Constables and Confirmations.

HAULING OF CLAY FILL BY WALTER REED CORPORATION.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order dated February 10, 1947, concerning the hauling of clay fill by the Walter Reed Corporation in Ward 7.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 24, 1947.
To Mr. J. Joseph Connors, Secretary, Mayor's Office.
From Robert P. Curley, Commissioner, Public Works Department.

Subject: Order in Council, February 10, 1947.
Receipt is acknowledged of your memorandum of February 13, attaching copy of order in Council, February 10, 1947, as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take immediate steps to compel the Walter Reed Corporation to keep Boston street, Ward 7, clean, from the vicinity of St. Mary's School to Willow Court."

I now have a report from the Sanitary Division Chief Supervisor stating that on February 9, 1947, the Walter Reed Corporation furnished six men and a truck to clean Boston street; and in addition, is making every effort to keep streets in immediate area clean by a street-cleaning patrol.

It is expected that all hauling of this excavation material will be completed by April 1.

ROBERT P. CURLEY,
Commissioner of Public Works.
Placed on file.

UNCOVERED DUMP TRUCKS.

The following was received:

City of Boston,
Office of the Mayor, February 27, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Health Commissioner, relative to your order dated February 10, 1947, concerning

uncovered dump trucks travelling in the vicinity of Old Harbor Village, Ward 7.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Health Department, February 25, 1947.
To Hon. James M. Curley, Mayor of Boston.
From John H. Cauley, M. D., Commissioner of Health.

Subject: Council Order, February 10, 1947.

Dear Sir,—We have your memorandum of February 13, 1947, transmitting to this department the City Council order of February 10, 1947, requesting the Health Commissioner to compel dump trucks traveling along Old Colony avenue, in the vicinity of Old Harbor Village, to travel in such a way as to prevent refuse from dropping off said trucks into Old Colony avenue, Ward 7.

Private contractors and persons collecting refuse in the City of Boston receive a license from the Public Works Department and one of the provisions of such a permit is to have proper covers for the trucks.

On February 3, 1947, the chief inspector and the district inspector of the Housing and Sanitation Division of this department while making a routine examination of the Mile Road area in Dorchester noted a truck travelling towards the Coleman Brothers Dump on the Mile Road with the truck uncovered. The truck was identified and the company owning the truck was contacted and notified to provide proper canvas covers. On several subsequent days, a number of other trucks were stopped and the operators were notified to properly cover their trucks.

Due to these conditions involving the littering of public streets, the Police Department was contacted and for the past two weeks a police officer has been stationed in this vicinity stopping the offending trucks and taking court action when necessary.

During the past ten days conditions have greatly improved at this area.

Our inspectors are still making daily observations and will continue to do so until satisfied that this matter has been cared for properly.

Respectfully,
JOHN H. CAULEY, M. D.,
Health Commissioner.

Placed on file.

TYLER STREET BRANCH LIBRARY.

The following were received:

City of Boston,
Office of the Mayor, February 27, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of Public Buildings, relative to your order of February 17, 1947, concerning the placing in first-class condition a part of the Municipal Building on Tyler street, for use as a Branch Public Library.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
February 26, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—Referring to order submitted to the City Council by City Councilor Coffey for City Councilor Russo, to put in first-class condition a portion of the Oak and Tyler Street Municipal Building for the purpose of using same as a Branch Public Library.

I would advise you that four months ago at a conference in his Honor Mayor Curley's office with Mr. Lord, library trustees, and myself, it was agreed that the present School Supply Department located at Oak and Tyler streets be transferred to another location and these quarters be renovated in order to provide a suitable Branch Public Library at this building.

Very pleased to inform you that a special appropriation to take care of the above outlined change is prepared and will be submitted to the Council for their approval.

Yours truly,
JAMES E. SULLIVAN,
Superintendent of Public Buildings.

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the director of the Boston Public Library, relative to your order of February 17, 1947, concerning the reopening of the Tyler Street Branch Library in Ward 3.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Library Department, February 25, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Mr. Connors,—I wish to acknowledge receipt of your transmittal under date of February 19, 1947, of the order passed by the City Council on February 17, 1947, in which the Trustees of the Public Library are requested to reopen the Tyler Street Branch Library in Ward 3.

For the information of the Council I wish to state that his Honor the Mayor has made arrangements whereby funds are to be available from the

appropriations of the Public Buildings Department in the current fiscal year 1947 to permit certain building rearrangements and alterations, whereby the Library's School Issue Department, at present located in the Tyler Street Municipal Building, will be moved to quarters in the South End Municipal Building, and the quarters thus vacated in the Tyler Street Municipal Building will become available for the reestablishment of a library reading room for the benefit of the residents of the Tyler street area.

It is understood that, as soon as the 1947 appropriations are made available by the action of the City Council to the Public Buildings Department, steps will be taken forthwith to carry out the building rearrangements and alterations mentioned above, and that the library reading room in the Tyler street area will be reestablished immediately thereafter.

Yours sincerely,
MILTON E. LORD, Director.
Severally placed on file.

DISCONTINUANCE OF CERTAIN VICTORY GARDENS.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department relative to your order of February 24, 1947, concerning the advisability of discontinuing some of the Park Department lands for the purpose of victory gardens, and to restore these areas to their former use as recreational spaces, in particular, the Playstead area in Franklin Park.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 28, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—This will acknowledge receipt of memo, from office of the Mayor with enclosure, order from the Boston City Council requesting that the Park Commissioner consider the advisability of discontinuing some Park Department lands for the purpose of victory gardens and to restore these areas to their former use as recreational spaces. The order refers in particular to the Playstead area in Franklin Park and was filed by Councilors Moriarty and Cook.

Councilor Moriarty has filed with the Park Commissioner a petition with several hundred names requesting that the Playstead area at Franklin Park, which heretofore has been used as a garden area, be returned to use as a recreational area.

Your memo, with the accompanying order from the two councilors, and the petition filed at this office by Councilor Moriarty, will be called to Mr. Long's attention immediately upon his return.

Very truly yours,
ARTHUR J. O'KEEFE, Secretary.
Placed on file.

TEMPORARY LIBRARY QUARTERS IN NEPONSET SECTION.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Director of the Public Library of the City of Boston relative to your order of February 17, 1947, concerning the provision of temporary library quarters in the Neponset section.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Library Department, February 25, 1947.
Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Mr. Connors,—I have your transmittal under date of February 19, 1947, of the order passed by the City Council on February 17, 1947, requesting that the Trustees of the Public Library provide temporary library quarters in the Neponset section.

For the information of the Council I wish to state that steps are being taken actively, (1) looking toward the putting of the quarters occupied by the Neponset Branch Library into condition satisfactory to the Building Commissioner of the City of Boston as meeting the requirements of the public safety, and (2) looking also toward providing temporary quarters for the branch library activities during the period necessary for putting the permanent quarters of the Neponset Branch Library into condition to meet the requirements of the public safety.

An offer has been received from the local post of the Veterans of Foreign Wars in Neponset to make its quarters at 10 Minot street available temporarily for the branch library activities.

Steps are being taken at once looking toward the setting up of temporary library activities in these quarters.

I should state further that the quarters occupied by the Neponset Branch Library are privately owned, and not by the City of Boston, and that the necessary steps putting these quarters into satisfactory condition to meet the requirements of the public safety rest with the owners of the property rather than with the Library as such. All steps possible are being taken to expedite having this done.

Yours sincerely,
MILTON E. LORD, Director.

Placed on file.

SIDEWALK INSTALLATION, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 17, 1947, concerning the installation of granolithic sidewalks on both sides of East Sixth street in Ward 7.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 25, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of East Sixth street, Ward 7, and this will advise you that this street will be put on the list of streets to be given consideration during the 1947 construction season.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

LIGHTING SYSTEM, BROOKLEDGE STREET, WARD 12.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of February 17, 1947, concerning the improvement of the lighting system on Brookledge street, Ward 12.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 25, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works improve the lighting system on Brookledge street, Ward 12.

Please be advised that the lighting service of the Public Works Department will have a survey made of this street with a view to improving the present lighting system.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

LIGHTING SYSTEM, SPRING PARK AVENUE, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to Council order of February 17, 1947, in connection with correcting the lighting system on Spring Park avenue, Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 25, 1947.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works take immediate steps to correct the lighting system on Spring Park avenue, Ward 19.

Please be advised that the lighting service of the Public Works Department will have a survey of this street made with a view to making the changes as requested.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SALE OF SEWING MACHINES.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the chairman of the Public Welfare Department in which it is requested that authority be granted for the sale of the sewing machines, described in the communication, which are no longer needed for any public purpose.

In view of the fact that this surplus equipment is still scarce on the market, I deem it the part of wisdom to dispose of it at a time when its sale should bring a substantial return to the city. For this reason, I respectfully recommend passage of the accompanying order by your Honorable Body, providing for the sale of this equipment at public auction.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of the Public Welfare,
February 17, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—Authority is hereby requested of your Honor and the members of the Boston City Council for the sale of the sewing machines described below which are no longer needed for the purpose for which they were bought for this department and, therefore, request is made that they be disposed of by public auction to be conducted by Mr. Irving Lewis, Chairman of the Real Estate Commission, in that the sale value will undoubtedly exceed five hundred dollars (\$500):

Home Type, National.—Heads and cabinets, 485; heads only, 108; head (broken), 1; cast heads, 21.

Singer.—Heads and cabinets, 3.
Commercial Type, Heads Only.—Wheeler & Wilson, 399; Singer, buttonhole, 10; special, 8; Singer, 92; Union Special, buttonhole, 11; Metropolitan shirtfacers, 2; Standard, 3; Beacon Special, 1; miscellaneous, 3; cutting machines (miscellaneous), 7.

Very truly yours,
MARGARET J. GOOKIN, Chairman.

Ordered, That the Public Welfare Department be authorized to sell, at public auction, the following-named equipment, no longer needed for public purposes, viz.:

Sewing Machines.

Home Type, National.—Heads and cabinets, 485; heads only, 108; head (broken) 1; cast heads, 21.

Singer.—Heads and cabinets, 3.
Commercial Type, Heads Only.—Wheeler & Wilson, 399; Singer, buttonhole, 10; special, 8; Singer, 92; Union Special, buttonhole, 11; Metropolitan shirtfacers, 2; Standard, 3; Beacon Special, 1; miscellaneous, 3; cutting machines (miscellaneous), 7.

Referred to Executive Committee.

SALE OF PIGS, DEER ISLAND.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the City Council.

Gentlemen,—I submit herewith an order for the sale of three hundred pigs at the House of Correction, Deer Island.

It would appear from the attached communication of the Acting Penal Institutions Commissioner that these pigs are surplus, and should bring the sum of approximately three thousand dollars to the City Treasury.

I favor the sale of these surplus pigs, and respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Penal Institutions Department,
January 18, 1947.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—At the present time we have a surplus of three hundred (300) pigs at the House of Correction, Deer Island, which we would like to sell.

At present the market price is so that by the sale of these pigs the City of Boston could be enriched by approximately three thousand dollars (\$3,000).

Therefore, we respectfully request permission to dispose of this surplus stock of pigs.

Very truly yours,
JOHN F. NEVINS,
Acting Penal Institutions Commissioner.

Ordered, That the Commissioner of the Penal Institutions Department be, and hereby is, authorized to sell three hundred surplus pigs at an approximate price of three thousand dollars for the lot.

Referred to Executive Committee.

SALE OF PROPERTY ON ELMWOOD STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the City Council.

Gentlemen,—I forward herewith an order for the sale of property at 14 Elmwood street, Roxbury, to the Eliot Square Post, No. 356, American Legion. At the present time this property is occupied by this veterans organization, and I have been given to understand that this organization has spent a sizeable amount on the property to make it fit to occupy. I am also informed by the Superintendent of Public Buildings that considerable more work must be done on the property before it can be placed in good condition.

In view of these circumstances, and in view of the fact that this property is no longer needed by the city for any public purpose, I recommend that it be sold to the above-named organization for the sum of two hundred dollars.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
September 6, 1946.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—Referring to the letter of August 9, 1946, regarding an offer by the Eliot Square Post No. 356, American Legion, of two hundred (200) dollars to purchase the building and land at 14 Elmwood street, Roxbury, which at present is leased by the City of Boston to the John E. Gilman Camp No. 44 of the Sons of Union Veterans, for \$1 per year, which organizations have permitted joint occupancy of both.

This building is in rather poor condition as painting is required on both interior and exterior surfaces, windows are in need of repair, and plumbing and heating systems have to be completely gone over. In view of the condition of this building and the further fact that this offer if accepted will benefit a veterans' organization, I favor the acceptance of this offer.

If this offer is accepted, I have been informed by Mr. Pickett, Commander of the Eliot Square Post No. 356, American Legion, that satisfactory arrangements have been made to allow the John E. Gilman Post the necessary number of evenings that they will require to hold their meetings.

Very truly yours,
JAMES E. SULLIVAN,
Superintendent of Public Buildings.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately three thousand five hundred nine (3,509) square feet of land, together with the building thereon, situated on the westerly side of Elmwood street, at the corner of Elmwood court in the Roxbury district of the City of Boston; and

Whereas, The said parcel of property is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at private sale for the sum of two hundred dollars (\$200) to the Eliot square of Roxbury Post No. 356, American Legion, Inc., all the City of Boston's right, title and interest in and to the said parcel of property, hereinafter described, and to execute and deliver a deed thereof satisfactory in form to the Law Department of the City of Boston. The said parcel of property is bounded and described as follows:

Easterly by the westerly line of Elmwood street, thirty-nine and 95-100 (39.95) feet; southerly by land now or formerly of John C. Goehring *et al.* and of Carl Bisenbach *et al.*, eighty-one and 30-100 (81.30) feet; westerly by other land of the City of Boston by a line through the center of brick wall, forty-eight (48) feet; northerly by the southerly line of Elmwood court, seventy-nine and 14-100 (79.14) feet, containing three thousand five hundred nine (3,509) square feet of land, more or less. Said parcel of land, the location of the building thereon, and all of said measurements are shown on a plan marked "City of Boston, Elmwood Court, Elmwood Street, Roxbury, February 11, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

AMENDMENT TO COMPENSATION AND CLASSIFICATION PLANS.

The following was received:

City of Boston,
Office of the Mayor.

To the City Council.

Gentlemen,—I transmit herewith for consideration by your Honorable Body the attached proposal by the Budget Commissioner to amend the Compensation and Classification Plans for the Officers and Employees of Suffolk County.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Budget Department.

To the Mayor and City Council.
Gentlemen,—Chapter 185, section 10-A, of the General Laws provides that "the assistant recorder in any registry district, may, with the approval of the judge, appoint one or more technical assistants whose compensation shall be fixed by the judge, subject to the provisions of Sections 48 to 56, inclusive, of Chapter 35. Said assistants shall perform such duties as the court may from time to time assign to them."

Rule 3, "Classification of New Positions," of the "Rules for the Administration of Classification and Compensation Plans for the Employees of Suffolk County," provides, in part, that "whenever a new position is established . . . the appointing authority shall forthwith report this fact to the Budget Commissioner with a full statement of the circumstances and a description of the duties."

The Register of Deeds for the County of Suffolk, acting in his capacity as Assistant Recorder of the Land Court, has, with the approval of the Judge of the Land Court, requested the establishment of the classification "Technical Assistant," the compensation for which has been fixed by the Judge of the Land Court at \$4,900 per annum.

Complying with the requirements of Rule 3 of the County Plan, I have made an investigation of the actual and proposed duties and responsibilities of this position, and recommend the establishment of the following new classification:

Title of Class: Technical Assistant.
Duties: Under general direction of the Judge of the Land Court and the Register of Deeds, acting in his capacity as Assistant Recorder of the Land Court, to take full charge of the Registered Land Division for the County of Suffolk, which includes the acceptance of original documents for registration, dictating of new certificates, checking of instruments for signature, and other related work as required.

Fixed Salary: Annual, \$4,900.

In view of the fact that there is an existing classification of "Technical Assistant" in the County Classification Plan, and again acting under the provisions of Rule 3, I recommend that this classification be changed to read "Laboratory Assistant," which title, in my opinion, more accurately covers the duties as set forth in the Plan.

Respectfully yours,
JOHN A. SULLIVAN,
Budget Commissioner.

Ordered, That the Compensation and Classification Plans for the Officers and Employees of Suffolk County, as amended, be, and hereby are, further amended as follows:

Insert the following new classification:
Title of class: Technical Assistant.
Duties: Under general direction of the Judge of the Land Court and the Register of Deeds, acting in his capacity as Assistant Recorder of the Land Court, to take full charge of the Registered Land Division for the County of Suffolk, which includes the acceptance of original documents for registration, dictating of new certificates, checking of instruments for signature, and other related work as required.

Fixed Salary: Annual, \$4,900.

Strike out under the Title of Class, the present classification of "Technical Assistant," and insert in place thereof the Title of Class, "Laboratory Assistant," the duties and range of compensation under this classification to remain unchanged.

Referred to Committee on County Accounts.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Kenneth L. Bradbury, for compensation for injuries and damage to car by car of Fire Department.

Walter H. Breslin, for compensation for damage to car by city truck.

Edward Brosemer, to be reimbursed as result of execution issued against him.

Frank C. Burns, to be reimbursed for executions issued against him.

Paul H. Curtis, to be reimbursed for execution issued against him.

George C. Hallisey, to be reimbursed for loss of clothing while in performance of duty as employee of Street Laying-Out Department.

Robert E. Harrington, to be reimbursed as result of accident which occurred while in performance of duty as employee of Fire Department.

Home Decorating Company, Inc., for compensation for damage to truck by truck of Public Works Department.

Mary A. Kelly, for compensation for damage to property at 29 Burton street, caused by backing up of sewage.

Dorothea C. Mahoney, for compensation for injuries caused by an alleged defect at 558 East Broadway.

James D. McCarthy, for compensation for loss of clothing while in performance of duty as employee of Street Laying-Out Department.

Melvin J. Melanson, to be reimbursed for executions issued against him.

Thomas Murphy, to be reimbursed as result of accident which occurred while in performance of duty as employee of School Committee.

Frank Rogers, Jr., to be reimbursed for loss of tools in fire at Highland street garage.

Joseph M. Rohan, to be reimbursed as result of accident which occurred while in performance of duty as employee of Sanitary Division.

United States Coast Guard, to be reimbursed for duplicate payment on various water bills.

James J. Cox, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

Catherine A. Doyle, for compensation for damage to property at 738 Bennington street, caused by water being shut off.

Thomas E. Walsh, for compensation for damage to property at 5 Haven street, caused by water entering cellar.

COMMITTEE ON LICENSES.

Petition of Boston Elevated Railway to operate motor vehicles over Hill Top street, between Granite avenue and Hallet street, in either direction.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Alfred Blaustein, having been duly approved by the City Treasurer, was received and approved by the Council.

RESIGNATION OF LEO E. HYNES.

Notice was received of the resignation of Leo E. Hynes as constable.
Placed on file.

ELECTION OF MARGARET A. LEARSON.

Notice was received from the Boston Retirement Board of election of Miss Margaret A. Learson as member of the Retirement Board, her term being from March 1, 1947, to September 30, 1948.
Placed on file.

APRIL 19 AS NATIONAL HOLIDAY.

Coun. BAYLEY offered the following:
Resolved, That the Boston City Council in session assembled hereby urges that favorable action be taken by the Committee on the Judiciary at Washington on House Joint Resolution 46, of 1947, filed by Congresswoman Edith Nourse Rogers, asking that national recognition be given to the 19th day of April, 1775, by authorizing and requesting the President of the United States to proclaim April 19th of each year as Patriots' Day for the commemoration of the events that took place on April 19, 1775, and inviting the people of the United States to observe the day with appropriate ceremonies in commemoration of the patriots who laid down their lives for the cause of independence.

Referred to the Committee on Rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

Report on petition of George W. Girvan (referred January 27) for amount of execution issued against him on account of his acts as operator of patrol wagon belonging to Station 9 of the Police Department—recommending passage of the accompanying order, viz.:

Ordered, That the sum of two hundred sixty-seven dollars and thirty-seven cents (\$267.37) be allowed and paid to George W. Girvan in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

The report was accepted, and the order was passed.

REPORT REQUESTED ON VETERANS' HOUSING PROGRAM.

Coun. LINEHAN and HANNON offered the following:

Ordered, That his Honor the Mayor request the Boston Housing Authority to make an early report to the Boston City Council relative to the progress of the City of Boston's ten million dollar Veterans' Housing Program for construction of one- and two-family houses.

The order was passed under suspension of the rules.

REQUESTED CANCELLATION OF CERTAIN CONTRACTS.

Coun. KEENAN offered the following:
Ordered, That his Honor the Mayor be requested to instruct the Fire Commissioner to cancel any contract he may have with the Seagrave Corporation and the American-LaFrance Foamite Cor-

poration for fire apparatus due to the fact that these concerns have been indicted by the Federal Grand Jury for collusion.

Coun. KEENAN—On July 2, 1946, the City of Boston awarded a contract to American-LaFrance Foamite Corporation for four pieces of apparatus at a price of \$13,055. They were the third highest bidder. Mack Motor Company of 75 North Beacon street of Boston, Massachusetts, was awarded a bid for three pieces at \$12,733.31, and another award went to Ward LaFrance Truck Division of Great American Industries of New York City, a contract for three pieces of apparatus for \$12,300. His Honor the Mayor sought to award the contract to American-LaFrance Company for the apparatus although they were the highest bidder. On February 23 of this year in the Boston Post was an article which stated the United States has indicted the American-LaFrance Company for the monopoly of fire equipment, not only in the City of Boston but the outlying communities. The Fire Commissioner said that the American-LaFrance Company contracted with the city last July to supply the new equipment but up to date the city has received none of the apparatus ordered six months ago nor heard when it can expect delivery. Mr. President, I made it my business to contact the other companies and they tell me they can deliver the other four pieces of apparatus for less money and quicker than the American-LaFrance Company that his Honor the Mayor awarded the contract to, although they were the third highest bidder. I ask that this order be sent to the Executive Committee and that the Fire Commissioner be notified to come up here to explain to us why the apparatus has not been delivered and the bid not awarded to the lowest bidder.

The order was referred to the Executive Committee.

BURGLAR ALARM EQUIPMENT AT HOUSING PROJECTS.

Coun. RUSSO and COFFEY offered the following:

Ordered, That the Boston Housing Authority be directed by his Honor the Mayor to consider the advisability of installing burglar alarm equipment in all housing projects in the City of Boston.

Passed under suspension of the rules.

TAX ABATEMENTS IN 1946.

Coun. CHASE offered the following:

Ordered, That the full Board of Assessors be called before the Executive Session of today's session for the purpose of determining the places and reasons for tax abatements given during 1946.

Coun. CHASE—Mr. President, as I understand it, sir, the Boston Finance Commission recently came out with a report informing the public that during the year 1946 the Boston Board of Assessors granted tax abatements amounting to cash rebates of \$4,874,922. As I understand it, Mr. President, \$32,719,000 was written off the assessed valuations for the year 1946, and \$43,743,000 was written off the books for the year 1945 during the year 1946 by the present Board of Assessors with the full sanction of his Honor the Mayor. The Boston Finance Commission in part said, in writing up their report, "Those who had influence enough to obtain tax abatements for clients reaped in 1946 their greatest harvest in this field." Mr. President, I have always maintained that one of the most lucrative fields for graft is right down in the Board of Assessors. Millions of dollars, Mr. President, can be unjustifiably handed back to the taxpayers by the Board of Assessors. Whether or not, sir, these abatements were granted justifiably or unjustifiably, we don't know, but it seems to me, sir, that circumstances surrounding the granting of these abatements are mighty peculiar. You and I know, Mr. President, that certain men in this administration who are able to walk into the Mayor's office and recommend million dollar abatements with the hope of getting a \$40,000 fee are not beyond the possibility of doing things which are unethical, and I say to you, sir, that in my opinion many millions of these dollars are nothing but outright graft. Yet, Mr. President, what will be done about it? The Boston Finance Commission has submitted a report to us criticizing the granting of these many millions of dollars of abatements but what other authority can delve into this matter to find out whether or not they are justified in granting these abatements? I don't know of any authority other than the Mayor's office, but we have an authority, sir, right now before us, the authority of passing on a municipal budget, and we have the authority, sir, in passing on the Assessing Department budget and calling up before us the full Board of Assessors and asking them to explain to us the full expenditures of their particular department and how they spent their money and what they spent it for, and what abatements were granted. We have that implied authority, sir, and we can use it for the purpose of determining whether or not these abatements are justified. I venture to say, sir, that many councilors around this semicircle believe because I am a Republican I am criticizing the Board of Assessors and the Curley administration, but I make this charge, sir, that there will be many Republicans who have benefited under the Curley administration; there will be many Republicans,

wealthy men, who have been cooperating with the gentleman downstairs. And I say to you, especially the Democratic members of this Council, that I am not hitting at the Mayor because he is a Democrat or because he is Curley, I am making this an issue because I believe, sir, of all the forms of graft and corruption, your Board of Assessors are able to produce the greatest amount. Graft and corruption existing in contracts are chicken feed compared to what takes place here, and what can take place, sir, through the Board of Assessors. Do you realize what has happened during the year 1946? Over \$4,000,000 in cash, directly or indirectly, has been taken from the city treasury and paid back to land owners who had their property assessed, and then within a few months, sir, had it cut down by the very same authority that assessed it at a high figure. The Finance Commission said in substance that some one with influence got these large abatements. Mr. President, your City Council has on two different occasions officially requested through the medium of orders of the Boston City Council that tax abatements granted for the year 1946 be given to us, the names and addresses and the amounts of all abatements over \$20,000, and your Council in its wisdom went one step further and unanimously adopted an order requesting the tax abatements for the year 1945. Yet, sir, we have not received one item of information from the Board of Assessors and we, the elected members of your city government, charged with the duty annually of passing on this municipal budget which includes the Board of Assessors, apparently are being ignored by a department over which we have authority. Now, sir, in view of this Finance Commission report, I say to you, since we are in no little way charged with the making up of the annual tax rate, that we should have something to say as to abatements, and I believe this is the time to do it, especially in view of the recent report which discloses fabulous sums handed over by the Board of Assessors of the taxpayers' money. I think, sir, we can get this information, and I don't think under the circumstances the Board of Assessors would dare thwart us at this time while we have the budget before use. I hope, sir, this order passes.

Coun. COOK—Mr. President, this order has been brought up on two previous occasions at least, in substance, by the same councilor. One of the reasons the Board of Assessors has seen fit not to answer is that the Supreme Court in a few cases decided we have not the power to get the information we desire, and I would like to say that I do wish the City Council had that power. I would have liked to have seen the councilor at meetings in the Legislature when changes in the charter were being discussed insist that if they change the charter we be given that power. I so expressed myself, and I am amazed that the councilor has not seen fit to attend any of these meetings and talk in the same vein. It is my opinion, backed up by a few cases decided by the Supreme Court, that we have not the power to get this information. We vote for these orders, and what the Board of Assessors does not wish to answer, they don't have to. The Finance Commission sees fit to give something to newspapers before they give it to anybody else. The gentleman cries graft, and he has been crying graft for over a year. The Finance Commission is a little bit timorous about crying graft, but they insinuate, and it seems to me, under the charter, they have the power, if they think there is graft, to go to the proper authorities, to the District Attorney's office or the Attorney General's office, and I say the Finance Commission, even though they give it to the papers, should print the whole side of the picture and also delve into it with the powers that they have. Now, the Corporation Counsel appeared before the Appropriations Committee, and he said that when he came in, there were 12,000 cases before the Tax Appellate Board, and over 6,000 of them have been cleaned up by way of settlement or trial. He also stated, and I think he is telling the truth, that in many cases heard before the Appellate Tax Board, the appellant usually gets most of what he wants, and that the city—not only the City of Boston but other appellees—are beaten in a tax case. I would like to bring to the attention of the councilor who just spoke and to the Finance Commission that most of these returned moneys, at least in my opinion, involve not only the year 1946 abatements, but many years before. I have not seen anything yet, although it may be up in the Legislature now, about a bill to reduce the amount of interest paid to appellants. Somebody is appealing now from the tax assessment in 1944, say, or 1940. No matter what amount he gets by way of abatement, 4 per cent interest is paid for every year from that year on, and that is unjustifiable. There are many real estate owners that would just as soon pay their tax bills knowing that they can get an abatement and can count on 4 per cent interest which they never could get from a bank. The Finance Commission could, if they so desired to, give a truthful and complete picture, take a list of all the cases that have been brought before the Tax Board, not only for the City of Boston but for all others for the past five years, and find out how much the cities assessed them at and find out how much the appellants said it should have been assessed at, and find out what the percentage of abatements was; whether they were in favor of the appellant or in favor of the city, and whether it pays to compromise and settle the case. As I said before, the Board of Assessors under the ruling of the

Supreme Court does not have to give us the information, and I should think by this time the councilor would have been convinced that they don't have to give it and that they are not going to give it, and if we want to use our power in cutting the budget, it will not affect the giving of abatements. As a matter of fact, it may tend to allowing their giving larger abatements to make up for the cut in the budget. I think we are talking too much here and not enough in the Legislature, that the remedy for having a good city government with checks and double checks is a strong Council with power to do that which is right for the whole city, and not change the method of voting and not to make any other changes that are contrary to American principles of government that have gone through our establishments. I don't think that the Council can do anything but pass the order, but I don't think we ought to expect anything from it.

Coun. COFFEY—Mr. President, I heartily agree with what Councilor Cook has said. There have been any number of councilors up here who have introduced similar orders to the order introduced today by Councilor Chase. When he first introduced it, I had the thought in mind that I would like to amend the order to read also the years 1945 and 1944. I know that the councilor from Ward 10 (Councilor Carey), for a number of years, along with other councilors here, has asked the Board of Assessors to come over here and show us their books. Just as the councilor from Ward 4 has well said, there has been many a Republican who has benefited this year probably. I don't know. I think I know they have benefited in 1945 and 1944 and the past dozen years. We have had orders in here asking the Finance Commission to come before the Executive Committee, and we have yet to get the Finance Commission to come up here. The only time anybody ever came here was the secretary of the Board, who gets \$5,000 a year. He was asked one question, and he got up in a huff and left the Executive Chamber and went out and has not been back to the Council Chamber since. I think the Finance Commission is bluffing myself. If they are not, let them put the cards on the table and show what is taking place in the Board of Assessors. They have the power and the means and the investigators, and under the City Charter they are the only authority who can go in and investigate any city department. I would like to amend the order to read that not only the Board of Assessors be invited to come over before the Executive Meeting of the City Council but also that the members of the Finance Commission come up here and attend some of the meetings and tell us what they have, if they have anything at all.

President KELLY—Councilor Coffey moves that the order be amended.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella, talking on the amendment.

Coun. KINSELLA—Mr. President, I was looking through some of the records here, and I find that in 1943 under date of September 20, Councilor Hanley, the then councilor from Ward 11, offered such an order as I read now: "Ordered, That his Honor the Mayor request the assessors of the City of Boston to prepare and compile a complete list of all names, properties and amounts of abatements granted by them from January 1, 1938, to January 1, 1943, inclusive; and be it further Ordered, That his Honor the Mayor request the Appellate Tax Board to prepare and compile a complete list of all names, properties and amounts of all abatements granted by them to Boston property owners from January 1, 1938, to January 1, 1943, inclusive," and so forth. Subsequently—I can't find in the record any answer either from the Board of Assessors or the Law Department of whom he sought certain pertinent information until in June, 1944, about one year later. I am not prepared to say that Councilor Cook gave us the correct answer when he said we have not any right. I don't mean to say I propose to contend with his point of view, it is only that I don't know whether we have the right, but apparently from the record we don't have the right. I remember the Mayor of 1941, and I was not then in this Body, but I remember that the present Mayor, Mr. Curley, on the radio stated that for the four years prior there were \$104,000,000 of abatements given of which \$64,000,000 was handled by only four law firms in the city. That would be an average of \$16,000,000 a year for just four law firms, meaning that the other \$40,000,000 was handled by any number of firms or people. Yet, apparently, that information which Mr. Curley might have had and could have substantiated had he been called upon to do so, apparently was never challenged. Understand, I am offering no defense of Mr. Curley any more than Councilor Chase is guilty of any attack upon him. I think his order today is in good taste in so far as he himself thinks. I can't support him because the record here does not show me that in 1943, four years ago, or in 1944, three years ago, Mr. Chase said anything about the abatements of the administration then in. I would like to have it written in the record, too, that I am not finding fault with past administrations because the principal figure of that administration is out of elective office, not in the least. I am trying to arrive at a ground on which I can support Mr. Chase's claim and I don't see any record here that Mr. Chase supported Councilor Hanley's claim and at another time Coffey's claim, and Carey's claim, that we ought

to be allowed to see certain records. Since there is nothing here, it is rather difficult in 1947 because of the Finance Commission's report to lend aid and comfort to Mr. Chase's efforts.

Coun. CHASE—Mr. President, will the gentleman yield?

President KELLY—For what purpose does the gentleman rise?

Coun. CHASE—For a question, Mr. President. President KELLY—Will you yield for a question from Councilor Chase?

Coun. KINSELLA—Yes.

President KELLY—Councilor Chase.

Coun. CHASE—With reference to Councilor Hanley's order, was it adopted by the Council?

Coun. KINSELLA—It was adopted by the Council under suspension of the rules.

Coun. CHASE—Was Councilor Chase opposed to the order?

Coun. KINSELLA—No.

Coun. CHASE—It was a unanimous adoption.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Kinsella.

Coun. KINSELLA—Councilor Chase knew the facts at that time, as he pretends to know them now, but he did not get up and say anything about the assessors then. There is nothing in the record that he offered anything other than what the rest offered, a perfunctory nod of the head when the question was put of "All those in favor, say aye," and no answer. It is not even lip service. I am not finding fault with the order, but I don't find anything in two records, one four years old and one three years old, that there was any crying need at that time, and if there was, the cry was uttered by one man, Councilor Hanley. I don't know what the \$4,000,000 means, whether that is the total valuation of the property on which the taxes were abated or whether that was the money, \$4,000,000, which of itself was the tax amount on valuations. While I still contend perhaps he has a valid claim to the information, I would like to ask him a question which I really don't ask for the purpose of seeking an answer, but I will ask more or less academically, does he expect to get better treatment today than other councilors in past years have gotten, even though he may feel entitled to the information? By what means is he going to force it when they could not? Hasn't the thing been publicized enough on the front pages of the papers? Everyone in the City of Boston was conscious of the opinion of the Finance Commission. I don't think it should be used as a publicity means.

Coun. RUSSO—Mr. President.

President KELLY—The question is on the amendment. Councilor Russo.

Coun. RUSSO—Mr. President, I would like to ask you through the City Clerk whether or not the Council has the right to demand from the assessors the information just now being sought?

President KELLY—We have not any right to demand it, but we can request the information.

Coun. RUSSO—I realize that, Mr. President, but if my memory serves me right, I believe in the past we have introduced orders asking the Corporation Counsel for an opinion, and again if my memory serves me right, I believe the answer was we had no right to demand the information that the councilor seeks. However, realizing also we have a right to ask his Honor the Mayor to give us some information if he so desires through the medium of his department heads, we are no further ahead or closer than we have been for years. As Councilor Cook stated, it is up to the Legislature to empower the Council with some authority. Then you will have councilors with responsibility upon their shoulders, each and every one of us. In the eyes of the public we are looked upon as having superior authority, more superior authority than we really have, only that the newspapers at times—although this item has been publicized—do not print and state to the public that the councilors have no power to demand information that they seek. That would eliminate any responsibility upon our shoulders. I heartily agree with Councilor Chase that we ought to have the information. However, if we have not the power to demand the information what else can we do? We are in the same position we have been since the revised charter was given to the City of Boston. The twenty-two-man Council had some opposition, and they are trying to bring opposition to the twenty-two-man Body. When we present an order, we are merely requesting, and that is as far as we can go, to request the information. If the information is not forthcoming, we have no other course we can take in demanding the information the councilor seeks. Although I am in accord that we should get the information, I am in favor of the order which has been presented at the present time, but I really can't see how far we can get.

President KELLY—The question comes on Councilor Coffey's amendment.

Coun. LINEHAN—Mr. President once again we are getting back to what are the powers of the Council, and some of the councilors have brought up the prior years to now. I think we agree on what happened in 1942, but what we are interested in is what happened during the year 1946. As the councilor from the Back Bay (Councilor Chase) said, he is sure he voted for the order in 1942 or 1943, but I don't know as I agree with the gentleman from Charlestown (Councilor Kinsella) that we should not go along with the gentleman from Ward 4 because Councilor Chase did not make a speech in 1942 or 1943. In 1942 and 1943 the councilor might not have cared to make a speech

on it and he was perfectly within his rights. In 1946 he cares to make a speech on it, and I think that is within his rights. If the then Councilor Hanley was present today, probably he would make a speech on the councilor's order, and certainly he would be within his rights. I hate to think I am a member of a Body where we are confined and restricted in such a manner by the City Charter as construed by the Corporation Counsel as of this year, but to all intents and purposes, about all we can do is pass on the budget and pass on the bond issues. I am one councilor who hopes that is not all we do here. Even though we have not specific power to demand that the assessors come before us, although at times we try to get them before us, I should think as department heads they should come before us if for no other reason that the respect due to the Boston City Council. Even though the public at large might not think of us, I should think the department heads once in a while would pay us a little respect inasmuch as they come before us for the money to run the departments. I think Councilor Chase realizes after the budget is passed, he can kiss whatever chance he has of getting the assessors before us, but while the budget is pending, he has a better chance of getting somebody from the department to come up here with facts and figures. If the members of the Assessing Department care to, they can present facts and figures relative to the order, and let us assume they don't have to, there is nothing to say that they cannot. It seems to me that they can if they so desire. As a matter of fact, the City Charter says the Mayor at any time may attend and address the City Council in person or through the head of a department or member of a board upon such subjects as he may desire. So if the Mayor does care to present some facts and figures to us on matters which do not come within our jurisdiction, the Mayor still has the authority under the City Charter to furnish us information as set forth on page 19 in the Municipal Register. Even though the councilor from the Back Bay might not have any specific power, he certainly has the right to request it, and it is my sincere hope that the Assessing Department does something about the order in order to clear up the atmosphere. I mean, if there is a little smoke around here relative to the granting of abatements, it would seem to me it should be cleared up. If there isn't anything smoky in the atmosphere relative to abatements, they can come before the members of the Council while it is giving hearings on the budget to give some facts and figures relative to what the councilor from Ward 4 desires. Understand, they don't have to do it and neither does the City Council have to pass the budget in tote of the Assessing Department. Probably the gentleman from Ward 4 might interest the members of the Council to eliminate some items from the budget. I guarantee he will probably have a hard job getting enough votes in the City Council to succeed in that particular approach, but you never can tell, something might be eliminated. I, for one as a member of the City Council, would like to have the Assessing Department come before us, and it was my understanding they were coming up but at the last minute we were informed they would not. I suppose that is why we have these delays and dilatory tactics, because we have not got the specific power according to the present Corporation Counsel and some other Corporation Counsels to demand it, we have not that right. Personally, I hope to live to see the day that some court of law will construe just what matters come within the jurisdiction of the City Council and until that time comes, there is no question, every Corporation Counsel from now until the day when we have a court case will answer on almost every occasion that it is not within the jurisdiction of the City Council; that is, if his Honor the Mayor so desires that answer to be, and I don't doubt the Corporation Counsel will so rule, the matter does not come within the jurisdiction of the City Council. I hope the order is passed, and further hope the assessors do recognize the fact that we are the directors of the City of Boston and that they will come before us and give us facts and figures in order to clear up the atmosphere even though we cannot, according to the Corporation Counsel, specifically demand information from the assessors.

President KELLY—The question first comes on Councilor Coffey's amendment.

Coun. CHASE—Mr. President.

President KELLY—Councilor Chase, talking on the amendment.

Coun. CHASE—This much I do know, Mr. President, many, many millions of dollars of abatements were granted during 1946 on the Little Building property, and there was something wrong somewhere because the rents in that property have been jacked up. All the stores on the street floor have been rented, and the total income taken in far exceeds any of prior years. Down on Huntington avenue where there was a \$100,000 abatement given to a man by the name of Cohen, the gentleman who was going to have his sidewalk bought by the city for \$35,000, who bought that property a few months before the abatement was given. He proceeded immediately to renovate and invest more money in it and gradually, sir, enhanced the valuation of the property, the property actually is worth much more than when he bought it. Another fact, sir, pertaining to that property, is that all these stores are rented and were rented at the time that this abatement was given, whereas in prior years many of these stores were vacant. In my opinion,

sir, that building and the Little Building did not warrant the abatements that were given. Having those two specific properties in mind, sir, I have in mind the comment of the Finance Commission in their report about some one having influence to get these abatements. I frankly believe, sir, many, if not most of the many millions of dollars of abatements given last year were unjustified, and I say, sir, if the members of your City Council are unable to get this information, who is empowered to get the information? Is this a closed corporation between the Mayor's office and the Board of Assessors? Those are the only two entitled to better information. There is nothing in the books, Mr. President, to my knowledge which says that the Board of Assessors can legally deny us the information or deny any member of the public that information. In my opinion, sir, it is a matter of public record, and any member of your public has the right to go down and say to the Board of Assessors, "I would like to know how much abatements were given at 96 Water street in the year 1946," and there is nothing in the books to prevent the Board of Assessors from giving that information, to my knowledge. We are not mere members of the public, sir, we are the elected representatives of the people, we are members of the city government, we are charged with the duty of passing on this \$60,000,000 budget, a considerable portion of which is spent by your Board of Assessors. Surely, we have the right now that the budget is before us and in determining whether the Board of Assessors' budget is being properly spent, to interrogate the Board of Assessors on, for example, their silence. What do they do to earn their silence? They inform us of their duties, some of which are granting abatements, and we can delve into those abatements. If they have the audacity to refuse us, sir, we have this one almighty power, and that is to deny the Board of Assessors their annual allotment until they give us the information, and we can do the very same to the Mayor's office, deny passage of the budget until they comply with our reasonable orders, and this order of mine is a reasonable one: it is seeking information which we as members of the City Council are entitled to, information which any member of the public is entitled to. It is vital information. The granting of abatements, Mr. President, in no small way affects your municipal tax rate, and I say, sir, what affects your municipal tax rate we as members of the City Council are entitled to look into through the indirect authority of the passage of the municipal budget. I hope, sir, the Council will go along with the order.

President KELLY—The question comes on Councilor Coffey's amendment to Councilor Chase's order, and the passage of the order.

The order as amended was passed under suspension of the rules.

FIVE-DAY WEEK.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct all department heads to put into operation, commencing Saturday, March 15, a five-day week by closing down the departments wherever possible and by maintaining a skeleton force in those departments which public convenience demands be kept open.

Coun. HANNON—There is pending before the Legislature at the present time a bill which, if adopted, would permit the various cities and towns of the Commonwealth to establish a five-day week. We here in Boston are going to be faced with the fact beginning this Saturday with the banks in Boston closing on Saturday. We likewise have knowledge of the fact that many of the department stores have adopted a five-day week, and I think it is about time for the city itself to fall in line. At the present time, the status of the bill in the Legislature is still in committee, it has not yet been reported, but undoubtedly it will be reported favorably, and at that time I feel certain this Body can adopt, pending the final passage of the bill through the Legislature, this order starting a week from Saturday which is the 15th of March, the Saturday after the banks go on the five-day week; that the city itself put into effect a five-day week as far as possible. The 15th is the Saturday before the 17th of March. I think it is a good time to begin, and I hope the order is adopted.

The order was passed under suspension of the rules.

SOUTH END AND SOUTH BOSTON HOUSING PROJECTS.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to inquire from the Boston Housing Authority what progress has been made toward the erection of the South End and South Boston Housing projects.

Coun. HANNON—Mr. President, for quite awhile now the citizens of Boston have been faced with the fact that over in South Boston and the South End we have two big holes that were caused by the removal of existing buildings and we were told some time ago that upon those sites were to be erected houses for the underprivileged of the city. We have been told many times in the past that these houses are going to be constructed, but if we do not get on the job and construct them, I think the houses will be out-moded and

people probably will have their own homes built before the Housing Authority constructs these projects. I know they tell us they are waiting for Congress, but I wonder what they are doing to try to wake up Congress. Yet, you go throughout the country and recently I saw two or three housing projects under construction by other cities. If other cities can go ahead with them, why not the City of Boston? At least, I say why don't they keep us conversant with the facts that are holding back the continued construction and the removal of these blighted areas?

Coun. MADDEN—Mr. President, I would like to amend that order also to ask the Mayor to ascertain the present status of the \$10,000,000 loan passed by this Council last year.

President KELLY—Councilor Linehan has already introduced that order.

Coun. MADDEN—I would like at this time to speak on it. Mr. President, recently going down and coming up from the South, I was astonished at the number of houses being built all the way from Baltimore to Key West. I guess we are about where the South is getting back at the North, and the shoe is on the other foot. After the Civil War the South yelled for a great many years about the carpetbaggers in the North. Now it begins to appear the Southern Senators are sand-bagging the North, and for some reason or another, we cannot seem to get building supplies up here, yet when you travel through the South you see mountains of lumber in every single city; not only mountains of lumber but you see new housing going up every place. I made it my business to inquire at no less than eight different cities and I was told, "No trouble at all." I went into different real estate offices and suggested I would like to rent a house down there. They say there are all kinds of houses. It seems to me if the South can do it, we must be able to do it. It seems tragic that this great nation can win a global war, that this great nation finds it necessary to take the cream of our youth, to pull them out of school and classroom, out of their families and break up their whole lives and send them all around the world, and when they come back, bureaucratic Washington says, "We are awfully sorry, we haven't any way we can get any housing for you." Gentlemen, I know of nothing that is more acute today than the housing situation, and if it is necessary to use the veterans as the object or cause of the housing boom, that is O. K., the veterans don't mind. Certainly, if you keep your housing for veterans, the places that they vacate will help non-veterans. I have knowledge of no law today that is any finer than the law passed last year by the Legislature permitting the passage of the \$10,000,000 loan. Something must be done, something must be done. I have kept track of the people last year who came to me, at my home or my office, and asked me to intercede in the local district court to see if they could not get an extension of the order to vacate. It was astonishing to know over 70 different people applied to me for help, and as the various attorneys in the Council will attest, as well as all the other members, I think we are positively powerless, there is nothing we can do, and it is an unfortunate situation. So I say, God knows that the housing situation could be improved in the South End and in South Boston, but I think just as urgent, something should be done about the \$10,000,000 order we passed last year. There are today veterans and other people who could not be veterans, and certainly that is no stigma against the man with a family who could not be in the service, clamoring for houses. Something must be done about the housing situation, certainly. I sincerely hope this order passes, referring to Councilor Linehan's order.

The order was passed under suspension of the rules.

INCREASED PENSIONS TO RETIRED CITY EMPLOYEES.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the trustees of the Retirement Fund to increase the pension now paid to all city employees retired because of age in an amount not exceeding four hundred dollars to combat the increased cost of living.

Coun. HANNON—Mr. President, in many fields of endeavor nowadays a temporary or emergency raise has been granted to the employees in order to offset the high cost of living. However, nothing has been done for the poor pensioned city employees. I filed an order about six months ago asking that all those receiving under \$1,000 a year in pension from the City of Boston be granted an increase of up to \$1,000. This was granted up to \$720, but nothing has been done for the old timer who has given the best years of his life to the City of Boston, men who have worked thirty-five or forty years giving their all in any job assigned to them. Now they are outside, having been given a paltry \$700 or \$800 pension, just enough to keep them out of the bread line and just enough to keep them from old age assistance. I think it is about time we took the strings off the pocketbook up there on the Retirement Fund and give these old people something. I don't care what they are getting, if they were pensioned from the city because of their age, you can bet your life they are not getting enough to live on. I was taught up in the Legislature never to introduce an order to amend the City of Boston's retirement system,

that we have the best retirement system in the country. What a lot of baloney that is. You can see men who have high positions in the city, lieutenants and captains on the police and fire department forces, getting a measly \$1,000 pension or something of that nature. They cannot get by on that, yet we here who claim we can't live on 50 bucks a week or this or that, have not done a thing to help out the poor worker sixty-five or seventy years of age who has toiled hard for the City of Boston. We ask them to live on that pension. We ought to hide our heads in shame. I think it is about time we demand something worthy be given to each and every former employer who was pensioned because of old age, and the reason I say that is if they were not pensioned because of old age but because of disability, the disability pensioner is getting a better break than the poor soul who got kicked out because they said he was too old to work. We put out the pensioner but he who goes out for disability goes out of his own volition, he makes a choice, but when we say to a man sixty-five in the Police Department or Fire Department or to a man of seventy in the Public Works Department or Park Department, "You can't work for us any longer, we are going to take care of you," let us do it, let us take care of him.

The order was passed under suspension of the rules.

ORDINANCE RE FORECLOSURE SALES BY CITY.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor be requested to direct the Corporation Counsel to prepare an ordinance which will prohibit anybody who has an interest in land, or buildings, which is foreclosed by the city, from bidding for the purchase of said property at foreclosure sale.

Coun. HANNON—Mr. President, during the past week or so I have been beset with the idea that this foreclosed real estate, so called, of the City of Boston might become a racket. I had a couple of kids in my district, GI's, interested in purchasing a vacant lot of land that had been vacant for years and that apparently nobody wanted. The boys made known their desire to purchase it, and I got in touch with the Real Estate Department, and the Real Estate Department directed me to the Law Department, and through the Law Department I found out that for some reason or another the foreclosure proceedings on it had never been prosecuted to completion. Because I am a councilor, I was advised that the matter would be hastened. I communicated with his Honor the Mayor and I told the Mayor of the desire of these two ex-GI's to buy this piece of land and to establish some business there, a business which would be an improvement to the property and to the district, and which would be an asset to the boys themselves. Then they were confronted with calls from an attorney who told them that of course he had a mortgage on this piece of property and he would be glad to sell it to them. When the boys told me that, I said, "I will get hold of him, and I will call him up and find out where we stand between him and the city." He never saw fit to get in touch with me despite the fact that I called him two or three times, and then to confirm it and show I was not kidding, I wrote a letter to him and had the boys mail it, but I never got an answer from the letter, either. Anyway, the matter went along, and these boys could have bought the interest in that property for \$1,000 but they would not proceed with the sale until they could determine what they were buying and how much the back taxes amounted to. The Mayor told me the property would be up for sale in November, and I think it was last October I contacted him. Well, I got a lot of baloney from another department here and, of course, it took us long after I pulled it out of the Real Estate Department and the Law Department; it took us so long in the Real Estate Division that finally last week this property was put up for sale along with other pieces of property at one sale in the Williams Municipal Building on Shawmut avenue. I told these boys to go down and bid for it. This land had been idle for years, and apparently nobody wanted it, but lo and behold, when they got down there, here is the same little attorney hiding in a corner waiting for them to come in and wanting to know if he could not make a deal with them, he would give them a few hundred or so and they would not bid on it, or they could give him a few hundred and he would refrain from bidding on it. Well, the kids, ordinary kids, not sharpshooters any longer—they gave up the uniform and all the sharpshooting when they got out of the army—met this sharpshooter waiting for them up in the municipal building on Shawmut avenue. This land was supposed to be purchasable for \$1,000 and the kids went down there with their \$500 down payment to make on the land, but this Mr. Attorney who wanted to sell his interest in the land for \$1,000 previously kept bidding and bidding until finally that piece of land was knocked down not to the GI's, but to this eminent attorney-at-law for \$2,700 or \$2,800. The two GI's quit bidding when it got to \$2,700 because they didn't want to go to jail, never mind going into bankruptcy. My point is this: if that man had an interest in that property before the city foreclosed on it, what right has he got to go up there now and buy it in from the city? He would not be buying it

unless he is benefiting by the transaction. He knows what those taxes amount to, and he has had every opportunity to protect his rights in that property, and he has had every opportunity to redeem the property from the city by the payment of due taxes. But, no. The thought that permeates my mind, probably he and many others are saying to the city, "You can go to the devil about your taxes, let them run up, and in a few years from now we will go in and buy the property back." That should not be. The city demand on the property is for taxes, and when the city forecloses for nonpayment of taxes, then I believe the city should rule or some precedent should be established so that every former owner of the property has alienated any right to redemption. I have not any faith in these wise guys who are trying to hoodwink kids out of the service. I have no faith in the trimmers who are smart enough to let the taxes run up to such an amount that they don't care to redeem them, and then present themselves at an auction sale of the City of Boston and buy the property back for far less money than it would cost if they had been honorable enough to pay their taxes. That is not why we foreclose real estate. We foreclose primarily to get some of the taxes back, and I don't think we should countenance any action by this man or any other shyster lawyer who is trying to bid kids into paying possibly \$2,700 or \$2,800 for a piece of land he knows in his heart is not worth more than \$1,000.

Coun. BAYLEY—Mr. President, I move the petition of the Boston Waterways be taken up.

President KELLY—We are discussing Councilor Hannon's order at this time.

The order was passed under suspension of the rules.

PETITION OF BOSTON WATERWAYS, INC.

President KELLY—Councilor Bayley.

Coun. BAYLEY—Mr. President, I move the petition of the Boston Waterways be taken from the Committee on Licenses.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, talking on the motion.

Coun. COFFEY—Mr. President, talking on the motion. I saw all the lawyers up in a huddle and I was wondering which one was going to get up and offer this motion. I noticed the councilor from Ward 14 (Councilor Muchnick) and one of the other councilor lawyers, Councilor Bayley, were talking to Mr. Fairbank outside for a little while, and I was wondering if the lawyers were in on this and all the rest of us out. I met Fairbank once, and I saw him in the corridor now getting through talking to one councilor, and no sooner than he gets through talking to one councilor, another councilor comes rushing in with a brief case, and he no sooner took his seat than another one was going to introduce the motion, but by that time he found Councilor Hannon had a motion or an order about to be read off. It seems kind of funny to me, the lawyers are so interested in this Waterways; funny how they met Fairbank. I was on the Committee on Licenses last year, and I never had the pleasure of meeting Mr. Fairbank, never spoke to him, never knew who he was until I held a meeting here about five weeks ago over there in the Executive Chamber where we gave Mr. Fairbank a hearing, and to our amazement we discovered that Mr. Fairbank, not trusting us and having plenty of influence somewhere, went to the Legislature and introduced a bill there through little Freddie Willis of Saugus and Jordan of Revere, nonresidents of Boston, the same as Mr. Fairbank is a nonresident of Boston, wanting to take the right away —

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MUCHNICK—Will the gentleman yield?

Coun. COFFEY—No, of course not.

President KELLY—I am sorry, councilor. Councilor Coffey.

Coun. COFFEY—Mr. Fairbank saw fit to go before the Legislature, as I say, with advice from little Freddie from Saugus and Jordan from Revere, two nonresidents, and I repeat, the same as Mr. Fairbank is a nonresident of Boston, and he had the gall to introduce a bill there asking the Legislature to take away all the power from the City of Boston, to turn over all those powers to the State Department of Public Utilities by an act of legislation, mind you; that the airport and all water facilities leading to the airport be turned over to the State Department of Public Utilities, and that power be taken away from the Boston City Council on the passage of any legislation pertaining to any piece of water running from the airport to any other part of the entire state. The gentleman, as I said, must have had a lot of influence with the Legislature. Evidently he has a lot of influence with certain members of the Council who are attorneys and they are the ones who seem to be in the foreground and want this piece of legislation put through. The majority of the Committee on Licenses voted to keep this on the table. I was one of the members who voted to keep it on the table for several reasons: one reason is that some moneys are going to be lost in revenue to the Summer Tunnel; another one is some cab drivers and a lot of GI's are going to lose money in the taxi business, and the taxi business is not at its best right now. That is why I get a kick from the

councilor from Ward 14 (Councilor Muchnick) whom I think is attorney for Waterways, Inc. If he is the attorney, I think he ought to be man enough to get up here on the floor today and admit he is the attorney and disqualify himself from voting. He did it once before on another matter before this Body, and I think he should do it today if he is the attorney, and I personally think he is because he is taking such an active interest in Mr. Fairbank and Waterways, Inc., and I think the gentleman ought to get up and admit he is the attorney and disqualify himself and not vote. Who is this Mr. Fairbank? The gentleman comes from the South Shore or the North Shore somewhere. He is a nonresident of Boston. He came into Boston and wants to run a few boats from the South Station to the airport. He wants to take passengers over there at a certain price. All right, that may be true enough, that he wants to go in business in Boston, but I have had two young fellows come to me who want to go into the same business and personally I would rather see the two G's, residents of Boston, get the permit than an outsider. Then on top of that Mr. Fairbank goes one step further. Before we even act on this matter, he goes over to the airport and hires some property over there to be used for a wharf, so he says. I don't know of any wharf over there, and I am at the airport at least once a day every day in the week. He claims he has hired this piece of property over there from one who owns one of the terminal buildings, and he intends to build a wharf. Mind you, that is long before we act on this matter. On top of that, not trusting what is going to happen here, he goes up to the Legislature and has a bill introduced there by nonresidents of Boston asking that powers be taken from the Boston City Council and be given to the Department of Public Utilities. My argument is a good argument, I think. There are something like 150 cabs that cruise the airport all day. They get a living from that, and quite a few of those boys live in my town. Quite a few could not get a medallion in Boston because it was a racket, and others who had influence got medallions, but the young GI who did not get the medallion was forced to go to some other town, take somebody in as a partner, get a medallion from that city or town, and cruise in and out of the airport all day. These fellows are Boston residents, and about 60 per cent of them live in my ward. They had a meeting on this, and every one of them is opposed to this 100 per cent. Every cab organization throughout the entire city is opposed to this because it is going to hurt their business some, and in the future, if it grows into a growing business, it is going to hurt their business more, and we know the cab business today is not what it was a year ago, and we are really taking bread out of the mouths of these young fellows and their families, fellows who are trying to make a living. I hope this order is not taken from the committee and I hope they have not enough votes to take it from the committee. If they have, good luck to them. I think my argument has been a reasonable one: to begin with, the man is an outsider, the cab business is going to be hurt, the drivers are going to be hurt, and so are their families; the Sumner Tunnel is going to lose tolls, and this we know for a certainty. Another argument is that the Northern Avenue Drawbridge will have to be opened because under Federal law if any boat blows its whistle that drawbridge has to be opened, and the only solution we have, we can put in a clause, in the event the bridge is opened, we can ask that the permit be revoked, but we have no assurances we can revoke it once it is issued.

Coun. MUCHNICK—Mr. President.

Coun. MADDEN—Mr. President.

President KELLY—Councilor Madden, talking on the motion.

Coun. MADDEN—Mr. President, I hope this order passes. This is a typical example of Council dilatory tactics; no wonder the press attacks us and people say we are punching below the belt. Here is a young man out of the service who comes into Boston and wants to establish a genuine, legitimate business and this august Body, or a certain element in it, pushes him around. Gentlemen, I am not the counsel for this young man, I don't even know the man other than by sight, but I think it is a black mark on the Boston City Council, the way they have been pushing the kid around. What the hell difference does it make where he comes from? Boston has been built with the finances of people who live throughout the Commonwealth. Why should a man have to live in Boston to spend his money here? That is preposterous. I made it my business since the man came in here to inquire among the taxicab drivers if they had any opposition to this. There seems to be 200 or 300 taxi drivers in Brighton and not one single taxi driver has come to me and said, "I don't think you should vote for it, because it is going to hurt me." On the contrary, gentlemen, each and every man I have talked with has said to me, "Councilor, that tunnel airport taxi trip is a pain in the what-you-may-call-it; when we go through the tunnel we have to pay, and when we come back we have to pay again, and you have to wait in line." You ask the average taxi driver in the city and he will tell you, "I hate that trip, and if I can duck it I do duck it." No, gentlemen, that is not the real issue. The real issue is this: you have a young man who comes to you on a perfectly legitimate business proposition who says, "Gentlemen, you are the Boston City Fathers, I would like to establish a legitimate business, a business that would be of assistance to the people of Boston and your guests,

a business that would reflect credit on the City of Boston, a business that is a step in the right direction." Now, we find month after month this young veteran getting kicked around. That is nothing new, veterans have got kicked around from time immemorial. After the last war we got kicked around and pushed around, and they are getting pushed around today. Many elected to office have given the veteran lip service, "Oh, I would do anything for the veteran; nothing is too good for the veteran," and that is all they have been getting, nothing, nothing. If there is a spark of decency and fair play and honesty among the gentlemen of this Council, I say you owe it to yourselves, you owe it to your constituents, and you owe it to the young fellows who have the guts to have gone over there and fought for your hides. How much longer is this Body going to be the laughing stock of the City of Boston? No wonder Judge Adlow and others say we have too many councilors, they fight this and they fight that. Gentlemen, where there is a lot of smoke, there is some fire. This is a perfectly legitimate request, something we as city fathers owe the people of Boston, it is something that we as city fathers owe those boys who have given so much for this country. Where the hell would any of us be today if it were not for the courage and the guts of these kids? A lot of us were very, very fortunate that we could stay home and avoid this terrible war. These kids were pulled out of their families and sent over there with nice things said to them, a pat on the back and all kinds of nice things said, a parade and a bunch of boys down at the platform. On the day of Curley's inauguration, as I said only a month or so ago, I can remember that very night when I was going back to Lovell General Hospital, one of those kids and myself sat on the same bench on the train going back to Ayer; I can remember that boy with his crutches sitting near the window, and I saw him looking out at the stars and the moon, and I can hear him say, "Gee, what a swell guy Jim Curley is." The day I left the hospital I called on this boy, and he was buoyed up with the hope and with the thought that the Mayor of the city was going to do something for the veterans. I can remember that kid getting off the bed and leaving his crutches there and calling his buddies around, and he turned to me and he said, "Colonel, don't the Mayor and me stand just like that?" and I said, "I think that's right, Jim." And he went on, "See that, fellows, when I come out of the hospital my brother and I are going to buy a truck and the Mayor is going to get work for us." How in the name of God can any man, the Mayor of Boston or any one play ball with those disabled veterans? Shame on you, Mr. Mayor. I don't see how you can let these boys go without helping them, without jobs, giving contracts without bids. That is not on the up-and-up, Mr. Mayor. And I say to you gentlemen, if we as members of this City Council push this young man around, shame on you, gentlemen. Shame on you.

Coun. SULLIVAN—Mr. President.

President KELLY—Councilor Sullivan.

Coun. SULLIVAN—Mr. President, as long as the councilor from Ward 22 (Councilor Madden) is defending a veteran from outside the City of Boston he has paved the way for my argument to be presented before this Body. First is this, if the permit was granted, it would vitally affect the treasury of the City of Boston, and I believe that is what each and every one of the twenty-two of us are here for, to protect the treasury of the City of Boston. I have veterans, too, Mr. President, veterans in my district, and it was only a year or two ago that the Legislature increased the number of cabs here in the City of Boston, and they had to be Boston residents to get and obtain one of those licenses. There are 100,000 and some odd veterans here in the City of Boston, too. That is the trouble with us, we worry too much about outsiders. Let us take care of the people of Boston. It is all right to get up here and espouse the cause of the veterans. We each and every one of us have veterans in our own district. Let us look into the future for these veteran cab drivers earning their living here in the City of Boston. Let us go back a couple of years when Sutcliffe came in here for a limousine permit to operate between the hotels and the airport. At that time, they only wanted and were only going to operate three limousines. Last year they came back here again seeking further extensions of that permit, and when the question was put to them, how many limousines are you operating now? eleven, Mr. President. Eleven. They changed their minds and went from 3 to 11, and then they come back looking to put on buses with a blanket permit to operate through all the streets stopping and discharging passengers wherever they saw fit. Let us now go into the Waterways angle. Yes, the veterans right at the present time may feel as though this thing is not going to hurt them because they can get a fare in town to the South Station but, gentlemen, don't forget the same way the Sutcliffe thing extended, so will this extend, putting in a berth at the North Station and Hotel Manger, and the veterans who operate cabs won't get fares from the North Station and Hotel Manger or through the Sumner Tunnel. Let us look into the future for the veterans. If we are going to talk for the veteran, let us watch out for them in the future. You know the cab driver has seen his day, his day is gone. They are not getting rich, they are barely getting by. Let us go on now to see what the city is going to lose. On page 96 of the Council Minutes of February 10 it shows the report of the Traffic Commissioner on which I

asked that a survey be made of the number of cabs using the Sumner Tunnel. On February 3, from 1 to 6 p. m., and that was on a Monday, a grand total of 556 cabs using that tunnel. There were 342 going to and from the airport, or a total of 556. That was on Monday. On Tuesday, February 4, there was a grand total of 426 going to and from the airport using the Sumner Tunnel. In other words, gentlemen, there was a total on two days in a ten-hour period of 978 cabs using the tunnel. Of those 978 cabs there were 645 of them, better than two thirds of the cabs using the tunnel who were either going to or from the airport. Now, gentlemen, it is for you to decide if this permit is granted, how many cabs will be prevented from using the Sumner Tunnel, and whatever figure you arrive at yourself out of the 645 a day, you can multiply that by 40, 40 cents a day for each cab, and you can multiply that by 300, and it will give you over \$12,000 a year which the city will lose by the granting of this Waterways permit. Under the City Charter, all we can obtain is \$10 for the first boat and \$5 for each succeeding boat after that, and according to the word of the petitioner he will require three boats to start in. Bear in mind that all we can receive from him in one year is \$20 for the granting of this license and a loss of at least \$12,000 or better for each and every year they are in operation. I hope, Mr. President, that this is not taken from the Committee on Licenses.

Coun. MUCHNICK—Mr. President, in the first place, let me state clearly that I agree with the remarks of Councilor Madden, and in the second place, may I state just as clearly that I am not counsel for Boston Waterways, Inc., nor am I counsel for anybody connected with the company, nor have I ever been counsel for that company, or anybody connected with that company. Let me state further that it is my belief that the councilor from Ward 1 (Councilor Coffey) knows that, and he knew that when he made the statement which he did make, and I don't believe he made it in good faith, and I had just as soon call him on it here as any place else. I have not taken any special interest in this, any greater interest in it than I have in any other civic matter, but one of the reasons why I am interested in this is now I have not cared to state possibly prior to now, and I had just as soon not state it now unless the councilor from Ward 1 wants me to. If he does, he can say so. If he does not say so, I will keep it for the present. There is no question in my mind that most of us know what that reason is, why this has been held up in committee for so long. It seems to me the only decent thing the members of this Council can do —

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, for what purpose does the gentleman rise?

Coun. COFFEY—Does the gentleman yield?

Coun. MUCHNICK—No, I don't yield.

Coun. COFFEY—Will he state some reason?

Coun. MUCHNICK—If the gentleman wants me to give the reason, I will be glad to do it.

Coun. COFFEY—Reason for what, Mr. President?

Coun. MUCHNICK—One of my reasons for being so anxious in having this disposed of one way or the other now.

Coun. COFFEY—He can give any reason he wants to. I don't care what the hell he says, I will listen to it.

Coun. MUCHNICK—One of the reasons, Mr. President, why I and some other members of this Council have been so anxious to get this disposed of is that there are rumors floating around Boston that this has been held up pending the payoff.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey.

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. COFFEY—Will the gentleman yield for a question?

Coun. MUCHNICK—I will yield for a question.

Coun. COFFEY—Will he say who is handling the pay-off money and if I am in?

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—If it becomes necessary for me to go any further in this, Mr. President, I had just as soon give it to the proper authorities.

Coun. COFFEY—Mr. President, let him give it.

If he has guts enough, let him give it here.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. KINSELLA—Mr. President, I want to protest the implication. I want to protest that implication very strongly. I am a member of that committee.

Coun. MUCHNICK—I did not know I had yielded.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—I was going to ask the gentleman to yield while I record my protest.

President KELLY—Does Councilor Muchnick yield for a question?

Coun. MUCHNICK—No.

Coun. KINSELLA—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. KINSELLA—For the record, I want to defend myself.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick.

Coun. MUCHNICK—I don't know that the question of what the councilor from East Boston refers to as my guts is in issue here. I don't believe they are. I for one don't believe that they

are in issue, that there is any question about it, and if it becomes necessary at the right time and at the right place, I am perfectly willing to do what I consider to be my duty. For the present, we are only concerned with the granting or denial of a license. I don't care whether this license is granted or denied if this Body acts in good conscience and in good faith, but before this Body can act, it is necessary to have that taken from the committee and brought on the floor. That is my only purpose in getting it out from the committee today.

Coun. KINSELLA—Mr. President.

Coun. LINEHAN—Mr. President.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—If Councillor Linehan wants to speak, I will gladly defer to him in what I have to say.

Coun. LINEHAN—I got up with Councillor Muchnick five minutes ago.

President KELLY—Councillor Kinsella is recognized.

Coun. KINSELLA—Mr. President, some time after the election of John B. Kelly as President for 1947, I was made a member of the Committee on Licenses and my name appears as such on the record. I don't think the statement hinted at by the councillor from Ward 14 (Councillor Muchnick) ought to be taken as a blanket indictment of anybody, or a specific indictment of any one man. I have as much principle in this matter as Councillor Muchnick has, for it or against it, and it was not my hope or intention to get into this debate today even though there is much to be said on both sides. Much of what Councillor Madden said is precisely correct and to the point, and much of the objection offered by the chairman of the committee, Councillor Coffey, is of the type which should be listened to in all conscience, but the extraneous matter introduced here as a slanderous attack on the motivating thought of the councillors, whether they be designated as a member of the committee or not, is something I won't tolerate. I have as much principle and integrity as any attacker who wants to get on the floor in this Chamber and question my motives for taking a diametrically opposite view to the one he holds himself. Councillor Madden brought up the question of veterans and where they come from, and on the surface, it can appear to be a sufficient reason, standing off and apart by itself, but it is not sufficient reason to dissent. It goes well beyond that; veterans in many of our cities and towns that are not residents can't use certain of their facilities, and no one makes any point about it. We have the Massachusetts Legislature, the parent organization of the cities and towns, the body on which we saddle all the responsibility for the condition of Boston, made from outside of Boston who do not give Boston the better of it when there are two conditions to be picked, one of any two conditions. I don't know that it is wrong to favor a Boston man if a Boston man can supply the necessary equipment and guarantee the service at no more cost, but the mere fact of a man being a resident from outside of the city, as I said a moment ago, is not in and of itself sufficient reason for turning down Mr. Fairbank here, or any other operator by any other name.

Coun. COOK—Mr. President.

President KELLY—For what purpose does the gentleman rise, Councillor Cook?

Coun. COOK—For a question.

Coun. KINSELLA—For a question.

Coun. COOK—Will the gentleman to whom I like to listen sometime during his answer explain why the Committee on Licenses after all this time feels it is necessary to keep it in committee and not bring it before the Council for honest debate?

Coun. KINSELLA—I think I can thank Councillor Cook for asking that question because it gives me an opportunity to say that at no time, at no time while I have been on the Committee on Licenses, 1947, have I attended a hearing, and I understand the chairman has had a couple of them, nor have I discussed it with the chairman. On my oath I will tell you that, I have never discussed this or any other matter in 1947, the year in which I am a member, with Coffey or anyone else, nor have I discussed it with the supporters of Mr. Fairbank. So I am not in a position to answer the question to your utter and complete satisfaction. There has been so much pulling and hauling in this Chamber on that item it would appear that all license matters receive the same treatment by the same group at all times, and we know they do not. I do not deplore the support of a man outside of Boston because it is not a valid enough ground on which to proceed, but if that question is raised along with the question of lost revenue for which there is nothing returned in its place, how can we get up here and question expenditures when we throw away \$10,000 or \$20,000 a year, according to Councillor Sullivan, which in the absence of proof to the contrary I will have to accept as accurate. He did not take the count, the count was taken by members of the Traffic Department, and unless we want to impugn their motives we must say their count was accurate and precise and honest. I think, Mr. President, and I am speaking personally for myself, that Councillor Muchnick, with all of his known decency, gentlemanliness and responsibility, ought to stand up on his feet as readily now as he was to inuenduate and indict the entire committee, and apologize.

Coun. MUCHNICK—Mr. President.

President KELLY—Councillor Muchnick, for what purpose does the gentleman rise?

Coun. MUCHNICK—I am perfectly willing to comply.

President KELLY—For what purpose?

Coun. MUCHNICK—Will the gentleman yield so that I can comply with his request?

President KELLY—Will the gentleman yield for that statement?

Coun. KINSELLA—Yes.

President KELLY—Councillor Kinsella yields the floor.

Coun. MUCHNICK—I made no effort to indict the entire committee, nor did I refer, if I remember, specifically to members of the committee. I referred only to some members of the Body, without stating whether they were or were not members of the committee, and, Mr. President, while we are on the subject, my feeling is that this debate is as lengthy as it is because it is known to some members of this Council that I have to catch a five o'clock train, and I won't be here much longer.

Coun. RUSSO—Mr. President.

Coun. KINSELLA—Mr. President.

Coun. COFFEY—You can stay here till five, brother.

President KELLY—Councillor Russo, not having spoken.

Coun. KINSELLA—I had yielded only for this statement.

President KELLY—I asked you, did you yield the floor to Councillor Muchnick?

Coun. KINSELLA—This statement, Mr. President, I gave no indication that I had finished, but I will within a minute.

Coun. RUSSO—Mr. President —

President KELLY—Councillor Kinsella.

Coun. KINSELLA—I would like the councillor to remain for one moment.

Coun. RUSSO—Mr. President.

Coun. KINSELLA—I would like to say, Mr. President, instead of just the members of the committee, he has broadened the scope of his innuendo. When he refers to certain members of the Council, is the committee's responsibility to bring this in or not to bring it in, and it is the chairman's personal responsibility to bring it in or not bring it in after ascertaining the will of the committee. Since almost all the twenty-two members are here, it seems to me there has been a little overly generous conduct exhibited today in bringing almost every member in on the indictment. Whether he referred to the committee or not, I think he ought to withdraw the innuendo and insinuation. He is the one who used the term "payoff." Is there anyone in the Chamber who remembers anyone else using it first in connection with this? Since he was the instigator of the use of that word, he ought to be the first to retract it. I would not ask the gentleman for an apology if I did not think he were a gentleman. I consider the source from which it sprang, knowing every one else shares that knowledge with me, but since they also share the knowledge he is a gentleman and fundamentally a decent person and a lawyer, to boot, I don't know why he won't have the principle and manhood to take to his feet and say that he is sorry that he impugned the motives of fellow members or of a fellow member and clear us of a statement made rashly, intemperately, and immoderately.

Coun. MUCHNICK—Mr. President, will the gentleman yield?

Coun. KINSELLA—I am done.

President KELLY—Councillor Linehan is recognized.

Coun. LINEHAN—Mr. President, before the gentleman from Ward 14 (Councillor Muchnick) leaves, I suppose it is about time some other lawyer got up and spoke beside the gentleman from Ward 14. I remember all the lawyers are indicted by the gentleman from East Boston (Councillor Coffey), and I can simply say this, there are many more in this Council beside the lawyers who want to vote one way or the other on this. Probably all the lawyers will vote for it, but I think there will be at least five others who are not lawyers who will vote for it. So we get up here and bat each others' ears in because some of us take this side and others take that side. We had not been able to get enough votes actually to vote on it till one day we happened to get enough votes, but due to the gentleman from Ward 9 (Councillor Sullivan) moving it go back, we did not have a final vote. It seems to me it is about time we get rid of this matter. We all know what it is all about, and we can vote for it or against it. If you sincerely think the City of Boston is losing money or a lot of money as a result of this, you can vote against it, but I don't think the city is going to lose much money, I believe we will have a better means of transportation from the airport down to near the South Station, and I believe many citizens of Boston are going to use it and want it. Also, it will take a little traffic off the streets of East Boston. I am not the councillor from East Boston but I still say it will take some traffic off the streets of East Boston. I suppose we do represent the city as a whole so I can quote how it will affect East Boston. Against these advantages there is a loss of a small amount of revenue, you might say, through the traffic tunnel. As far as that is concerned, they tell me they cannot take care of the traffic going through there now and we need another one. In my opinion, it will take some of the tunnel traffic and it will enable people to move along faster. Coming down to it, it is an economical means of transportation and it takes off traffic from the main highways to the waterways. Is that good? I think it is. I am speaking for all the lawyers when I say we should vote for this or against it, whichever way we might vote, on the merits of it if we vote for it. I think I speak for all the attorneys when I say it is terrible to be an

attorney in this Body. I have heard myself attacked ever since I have been a member of this Council. It is an awful thing that any member of the Council should attack a group of lawyers who happen to serve in the Boston City Council. Does that mean if we are, don't run for public office? That is the way it looks like in the Boston City Council. I for one am an attorney, and I have never attacked the motives or character or object of any councillor in the City Council ever since I have been a member, and I sincerely hope in the future that no member will say any other member is dishonest or impugn his motives or anything like that, because it is not allowed under the rules. I sincerely hope the President from now on does not allow any member of the Council to get up and attack the motives of another. After all, there are rumors on almost every item that comes before the City Council, and I am sorry to say the gentleman from Ward 14 got up and practically losing his head talked about rumors because, God help us, there are plenty of rumors, but let us not let them disturb us but let us vote as we see fit, one way or the other.

Coun. RUSSO—Mr. President.

President KELLY—Councillor Russo.

Coun. BAYLEY—Mr. President, not having spoken.

President KELLY—Councillor Russo is recognized.

Coun. BAYLEY—I have not spoken, and it was my motion.

President KELLY—Neither has Councillor Russo.

Coun. BAYLEY—Thank you.

Coun. RUSSO—Mr. President.

Coun. BAYLEY—Be fair.

President KELLY—Councillor Bayley, keep order. Councillor Russo is recognized.

Coun. RUSSO—As a member of the City Council —

Coun. MADDEN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. MADDEN—I rise for the purpose of moving the previous question.

Coun. BAYLEY—I second the motion.

President KELLY—Councillor Russo has the floor. The motion is not in order.

Coun. RUSSO—As a member —

President KELLY—Unless Councillor Russo yields to you.

Coun. MADDEN—Will he yield, Mr. President?

President KELLY—Will Councillor Russo yield to Councillor Madden?

Coun. RUSSO—No, Mr. President.

President KELLY—Councillor Russo.

Coun. RUSSO—As a member of the City Council, that is the fourth time I am repeating, and I hope some one does not get up and make me repeat it again — I feel it is my duty to ask the councillor from Ward 14 on his particular statement that he made that he must leave the Chamber. I will ask the President to let him wait because we have been patient and waited when he talked. What did he mean when he said he was not referring to any member of the committee but referring to some member of the City Council?

Coun. MUCHNICK—Mr. President.

Coun. RUSSO—He impugns the motives of each and every councillor, and I want an explanation or an apology.

Coun. MUCHNICK—Mr. President, does the gentleman yield before I leave, for an answer?

President KELLY—One minute.

Coun. RUSSO—I will yield.

President KELLY—One minute, councillor. I will explain if Councillor Russo yields for a question, he still holds the floor.

Coun. MUCHNICK—I am not asking him the question.

President KELLY—One minute. If he yields for a statement from Councillor Muchnick, Councillor Russo yields the floor.

Coun. RUSSO—I am yielding for a question from Councillor Muchnick.

Coun. MUCHNICK—I don't want to ask him any question. He wants to ask me a question.

President KELLY—I am explaining Councillor Russo's rights to hold the floor. Councillor Russo, if you yield to Councillor Muchnick for an answer to your question, you are yielding the floor to Councillor Muchnick. Do you yield to Councillor Muchnick? If you yield to Councillor Muchnick to ask you a question, you still maintain the floor.

Coun. RUSSO—Mr. President, I would be glad to yield the floor to give the councillor time to explain if the President will recognize me when he gets through so that I can take the floor.

President KELLY—Will you do that Councillor Muchnick?

Coun. MUCHNICK—Mr. President, let me state clearly if I take the floor for the purpose of answering the question, I will take it for all purposes and will move the previous question. If the councillor wants to act that way, then I will be happy to answer his question.

President KELLY—Does the councillor yield under those circumstances?

Coun. RUSSO—Mr. President, that is another thing, to move the question.

President KELLY—Councillor Russo.

Coun. RUSSO—I believe he is not man enough to stand up here and answer the question.

Coun. BAYLEY—He wants to, he wants you to yield the floor to him.

Coun. RUSSO—To move the previous question. What are we coming to, are we going back to Russia?

Coun. BAYLEY—Mr. President.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Bayley.

Coun. RUSSO—I was speaking.

President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—Will he yield to me for a question?

President KELLY—Will Councilor Russo yield for a question?

Coun. RUSSO—Yes.

President KELLY—Councilor Bayley.

Coun. BAYLEY—Do you wish the councilor from Ward 14 to answer the question. He is willing to do so.

Coun. RUSSO—He made the statement.

Coun. BAYLEY—He has five minutes to do it if he is ready to yield.

President KELLY—Councilor Russo.

Coun. RUSSO—Mr. President, I don't take anything he says for somebody else.

President KELLY—Councilor Russo.

Coun. RUSSO—The councilor from Ward 14 demanded from me to yield the floor so that he might be able to move the previous question. That was in order to eliminate debate and take away my right to express myself according to my conscience and the dictates of my mind. Mr. President, I sat here and listened to the pros and cons on this particular argument. It has been brought up by a member of the City Council by innuendo that the Council is just a Body of men who are to receive graft in order to act, and I believe as one member of the Council I will not stand idly by and let that go through without taking the floor and defending myself and other members of the Council. I for one will weigh all the evidence and convincing talk. The question has been brought up that this particular petitioner is a veteran. I have all the respect for a veteran regardless of where he comes from, but as a member of the City Council I have to exercise my conscience and mind for the purpose for which I was sent in here, to safeguard the interests not only of the treasury of the City of Boston but the interests of the veterans of the City of Boston. This is not a question of whether a person is a veteran or a non-veteran. I believe that this is a question of whether or not we will be entering into a contract with this petitioner and allowing, the taxicabs of the City of Boston to pay the freight for the loss that they will derive from the Summer Tunnel. It is too bad, Mr. President, that we at times have to take the floor because of innuendoes and other inferences made by some one else that will lead the public to believe that we are a bunch of grafters. In so far as using the word of attorneys who are members of the City Council, I have said time and time again I don't know whether I should be happy I am not an attorney or should be sorry I am not one. By that I mean, Mr. President, the only reason that I have made those remarks has been because as the previous speaker, the councilor from Ward 7 said, he himself has stated just only recently the same statement. I for one don't impugn the motives of any member of the Council, whether he is an attorney or not. I say that there is considerable talk that should be given either for or against, and that does not mean if you vote for it that you have been paid off, and the ones that vote against it have not. As Councilor Linehan has stated, let us vote according to our conscience, but dare no one get up and impugn the motives of another councilor regardless of whether he is for it or against it. We have our department heads who are the ones we rely upon to give us the information in order to arrive at a conclusion to give our votes. If I remember correctly, the Commissioner of Public Works has sent in a letter to the City Council stating his opposition to this particular license. Councilor Sullivan has received the information in so far as how much money the Summer Tunnel will lose if we grant this license. The chairman of the Committee on Licenses, that is, his committee has seen fit not to bring it out before the Council up to this time. Does it mean because they did not bring it out that they are waiting to get word for a payoff? If the Committee on Licenses has seen fit by a majority vote not to bring it in, they may be seeking other information they would like to have in order to bring it before the Body, and if it is brought up before the Body today, I will vote one way or the other. I say, Mr. President, I feel that we ought to have respect for the committee, the same respect that we have for the Council. I do hope that the License Committee will bring it out as soon as possible.

President KELLY—Councilor Bayley.

Coun. CANTWELL—Mr. President.

President KELLY—Councilor Cantwell.

Coun. CANTWELL—Mr. President, as a member of the Committee on Licenses this year, from the time the Waterways came in some time last year, I was in favor of it right along through, and I am in favor of it, and I still intend to vote for it because I think it is going to benefit the City of Boston. My hands are clean as far as being on the Committee on Licenses.

Coun. COOK—Mr. President.

President KELLY—Councilor Cook, not having spoken.

Coun. COOK—Mr. President, we have gone far afield and I would like to hear from somebody who knows some good and valid reason why this matter which has been threshed out since Sep-

tember 23, 1946, at two public hearings, Executive Committee hearings and License Committee hearings, remains in the committee and does not come out before the whole Body for a vote. I am not impugning anybody's motives, but I want to know what further information or what other reasons the Committee on Licenses has that it wants to keep it in its own committee instead of bringing it out one way or the other?

President KELLY—Councilor Coffey, the chairman of the committee.

Coun. COFFEY—There are a lot of things I am going to say. I don't think Councilor Cook was here when I took the floor before. I talked for about fifteen or seventeen minutes on the reasons why we did not bring it out.

Coun. COOK—I was here.

Coun. COFFEY—No, you were not here. We have gone far afield on this thing, Mr. President. It is too bad the councilor from Ward 14 is not here, but he said he had to catch a train at five o'clock. Couldn't he postpone taking it and take the water taxi to East Boston and take a plane? He could stay here until 8 o'clock then and listen to some of the reasons he is going to get, along with some of the other councilors that got up here in a high and mighty manner, and I hope to hell they don't think they scare anybody when they get up and pound the desk and holler about this, that and the other because they are going to get an answer whether they like it or not. They have gone far afield on this. Starting with Councilor Linehan, I want to say it might reduce traffic in East Boston as he suggested, but I would know more about that. It won't affect our traffic one bit in East Boston. Cutting down traffic going to the airport does not mean anything to the residents of East Boston but cutting traffic to Suffolk Downs and the dog tracks does mean something to the people of East Boston. Any car going through the Summer Tunnel continues one half block and then they are off the grounds of East Boston all the way to the airport, so it is not going to relieve the traffic situation in any way whatsoever. The councilor from Ward 22 (Councilor Madden) got up hollering we are depriving the young veteran. What the hell are we going to do for these kids? Not only we in the Council, but he brought the Mayor in. I hate like hell to bring that argument up, veteran, veteran, veteran, veteran. The veteran does not want the argument brought up. Thirty years ago I was stupid enough to become a veteran, leaving high school, and my kid was stupid enough when he was eighteen years old to become a veteran because if you are wise you won't become a veteran, you will stay over here and get what is coming to you. You get the big bucks, not the \$50 a month these kids got, nor the \$30 a month I got. What the hell did we get for it? Why the hell does he blame the members of the City Council for what the veteran has not got? If there is anybody who has been for the veterans, it has been the members of the City Council. I think this is the only large city in the United States that passed a decent appropriation for veterans' housing. Nobody objected to it, we went along with it, and congratulated the gentleman from Ward 7 (Councilor Linehan) on his efforts; passed everything he brought in. Just because he happens to be interested in this veteran from Cohasset, a place where you can't go down and go in for a swim unless you are a resident of Cohasset—you get driven to hell out of there whether you are a veteran or not. You can hold the Distinguished Service Cross but you still can't go swimming in that private beach down at Cohasset. But that gentleman can come up here and he can get editorials printed in the Boston Herald from the famous Bill Mullins who fought Sutcliffe tooth and nail to keep him out of the airport and who has fought tooth and nail to put this man over in the airport. He has been asked at a meeting if Bill Mullins was his partner. Then we have the statement from the councilor from Ward 14 (Councilor Muchnick) that if you don't vote for this, you are one of those waiting for a payoff. I can go right back here to probably the only time anybody got a payoff in this Council, a report of the Executive Committee of July 22, 1946, when Councilor Fish submitted the following, chapter 315 of the Acts of 1946, entitled "An Act authorizing the city of Boston to refund to the Somerset Hotel Company of Boston a certain alcoholic beverage license fee"—that it be and hereby is accepted, and recommended the order ought to pass. "Councilor Muchnick, Mr. President, in view of the fact that I am counsel for the company, I would like to record I am not participating in the voting." There is one payoff. That definitely is a payoff, and I asked today if he was man enough to admit he was counsel for this Waterways, and if he was counsel for it, I asked him to excuse himself from voting and not vote on this matter. Muchnick is pretty cute in his ways. There has not been a week that he has not jumped up on two or three councilors and interrupted them just to throw them off their trend of thought and confuse them if possible, and ask for a point of order, ask for a point of information, and in 99 out of 100 times go on a leading statement where he is asking for no point of order and he is asking for no point of information. Now, he has been cute in this matter and brings out "if the chairman of the license committee wants me to state my reasons or one of my reasons which I would rather not do," he says, "as to why this is being held up before the committee, then I will state that reason." Who the

hell does Muchnick think he is kidding? Especially me? I will take a buck and who the hell does not know it, and I am probably the only one who has guts enough to say I will take a buck. I would like to see the guy that does not take a buck, let me know the guy who does not take a buck. Who does he think he is kidding? A lawyer can go out and take a fee—

Coun. BAYLEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—I don't think the gentleman from Ward 1 has the right to impugn the motives of all the councilors as apparently he is doing. I think he should be declared out of order, Mr. President.

President KELLY—The Chair will ask the councilor if he will stay on the question, which is to take it from the committee.

Coun. BAYLEY—Will the Chair rule on my point of order?

Coun. RUSSO—It is well taken.

President KELLY—The Chair has made its ruling by implication. He will ask the gentleman to stay on the question, which is talking on the matter of taking this from the committee. Councilor Coffey.

Coun. COFFEY—The trick of Councilor Muchnick's statement was the vote is pretty close, and Councilor Muchnick wanted to make that statement for only one reason, to put a little fear in some of those who might go along with us, who believe the city would lose revenue and cab drivers would be affected. Then, take Councilor Madden from Ward 22. He said he has talked to 200 cab drivers in his ward. That is pretty far distant from my ward and downtown wards where they do get a fare to the airport, a fare that is well paid. He has used that method in the past, and he is going to use it again in the future. He has used it for one reason, to keep those in line to vote for the passage of this order today. The councilor from Ward 11 (Councilor Moriarty) has walked in, and I was hoping Councilor Cantwell would be here. I am glad Councilor Lane is here, because I am going to speak on something pertaining to him. The councilor from Ward 11 will tell you, and so would Councilor Cantwell if he were here the same as Councilor Kinsella said, they were not interviewed by me, they were not approached by me. I never asked which way they were going to vote, but there were four members, a majority of the committee, opposed to this and they voted to lay it on the table, and I said when I got up here previously, I am one of those four who voted to lay it on the table, and there is proof sufficient to make a liar out of Muchnick which he is. Councilor Moriarty and Councilor Cantwell were never approached, they were never talked to on the matter, and they were never asked to vote against this matter; not once did I ask them to vote against this matter, they can vote as they see fit. I have no jurisdiction over them. In the event I needed one more vote to bring it out or keep it in committee, I would have asked them how they were going to vote. The gentleman from Ward 22 (Councilor Madden) says he is tired of the dilatory tactics and methods being used in this Council. He brought the Mayor in, he brought the contractors in, and he brought a lot of other things in, and he can get up and deny this or answer it, and it involves you also, Mr. President. Before we came to the vote for the presidency in 1946, Councilor Lane called me that morning—

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan, for what purpose does the gentleman rise?

Coun. LINEHAN—I don't see why the President allows—

President KELLY—I don't know what the gentleman is going to say.

Coun. LANE—What has the election of the presidency of this Council to do with this matter?

Coun. COFFEY—It is leading up to the question of the gentleman from Ward 22.

Coun. LINEHAN—Mr. President, will you rule whether that is in issue or not?

President KELLY—I will permit the councilor to proceed briefly. If he is not in order, I will rule it out of order.

Coun. LINEHAN—I certainly don't want to have anybody bring up what took place in regard to the presidency of this Council.

President KELLY—I assure you if the question is not in order, the President will rule it out of order. Councilor Coffey.

Coun. COFFEY—Mr. President, the gentleman from Ward 22 went far afield, went so far afield he had a kid on crutches in some hospital, and told about that kid and Jim—I suppose he meant Jim Curley—he told how Jim Curley was going to do something for that kid, get the kid a truck or something after he got out of the service. No one objected to his line of talk, there wasn't anyone who got up on the floor and asked what that had to do with the passage of the order. He talked about dilatory methods being used in the Council, and he didn't like it, that was what made us the laughing stock of the city. As I said, Councilor Lane called me up in 1946, the morning of the election of the presidency of this Body. He said, "Who are you going to vote for?" I said, "Nobody. I have not made up my mind." He said, "Will you give Madden the first two votes?" I said, "Yes." He said, "All right, I promise you Madden will give you the first two votes."

President KELLY—The Chair will rule there is nothing under discussion on this matter.

Coun. LINEHAN—And I was the loser, and I don't mind objecting to it.

Coun. COFFEY—The one year I elected the president, the same gentleman.

Coun. LINEHAN—You didn't.

Coun. COFFEY—Oh, yes, I did, Bill Carey and I.

Coun. LINEHAN—Mr. President.

President KELLY—Councillor Linehan, for what purpose does the gentleman rise?

Coun. LINEHAN—Personal privilege.

President KELLY—State the personal privilege.

Coun. COFFEY—What has that to do with yielding the floor?

Coun. LINEHAN—When he said he elected—

President KELLY—Just a minute. Will Councillor Coffey yield the floor to Councillor Linehan?

Coun. COFFEY—No.

President KELLY—Councillor Coffey.

Coun. COFFEY—I kept my word and voted for Madden once. He voted for me once; got a call from Kelly and voted for Kelly on the second ballot.

President KELLY—The Chair will rule that has no bearing on the matter.

Coun. MADDEN—I am very much against this proposition. The argument advanced by Councillor Sullivan has been in good faith, and as Councillor Linehan has said, any councillor may well vote pro or con here and still be perfectly all right. I would like to answer Councillor Sullivan in a fair and impartial way. I don't question for one minute the figures as such, that there were 500 cars going through the tunnel. Who am I to question and say there should be 200 or 300 cars heading for the airport? I don't question these figures. I am saying this, gentlemen, for many months, yes, years, you have heard people say, "Let's do something for Boston, let us do something for the veteran," yet, it seems to me when that opportunity presents itself for some reason or other, the debate gets afire and gets dragged out. I think, and I believe, that the only possible cab drivers who at all would be affected and the only possible revenue that could be at all affected would be the cab drivers in the area of the South Station. Certainly, if a man gets a cab on School street at the Parker House or the Touraine, or any other place in the city, he is not going to say, "Drive me down to the water taxi." He is saying, "Drive me to the airport." I say in all fairness that there will be very little loss of revenue from taxicabs, with all due respect to Councillor Dan Sullivan; I don't doubt that there will be some loss but not as much as that. I heartily agree with Councillor Sullivan on his solicitude for the city treasury. I was a little bit pleased and much surprised today when I heard where the Finance Commission now say what Madden said months ago about excessive payments for ash and garbage is pretty near true, and the Finance Commission comes out today that overpayments for garbage and refuse removal exceeded a million dollars. That is what I said months ago. I am suggesting that as one way we could save money, much more than we lose in the loss of the taxicabs through Sumner Tunnel. It is regrettable that the men who come in here from the various districts, men who certainly stand up in the esteem of their neighbors—heaven knows, Coffey, Kinsella and Russo and Hannon and Lane or anybody, if their friends and neighbors did not think we were pretty decent fellows they would not send us here, and I don't think it comes with good grace for any other councillor to attack the motives of some other councillor because he disagrees with him. I don't say that in chastisement of Councillor Muchnick because I don't know what he was alluding to, but I have heard it said that there is a shakedown in this case, and it is regrettable that every single bit of business transacted by this Council casts some innuendo, smell, or reflection. I think the people in the various sections of the city have a pretty good idea of the background, the ability, the honesty, and the integrity of the men they send to City Hall. Certainly, the majority of the people in the various wards are not stupid when they send a man to this august assembly. I am sure the people know what they are doing. I disagree with the venerable and capable councillor from Ward 1 (Councillor Coffey) that to be a veteran is stupid. If it is stupid, gentlemen, to offer your life, and it may be for the salvation of your country, then I have been stupid twice. But how about the young kids who had no alternative, boys of seventeen or eighteen in the draft age, are you going to call a boy pulled out of his classroom stupid. No, gentlemen. The stupidity lies with our gentlemen who for years and years have failed to evolve a formula that would stop wars and as a consequence the cry is that they had to be used, you might say, as fire extinguishers. One of these boys is back and he is not asking, gentlemen, for the world with a fence around it. He comes to you and me as a gentleman and he says, "Men, I have a proposition to make. I think it is on the up-and-up. I would like to establish a business in the City of Boston." I can't see any occasion or necessity for protracted debate. I can't see in sincerity why any such thing as this should be tabled. The fact is that it was tabled, and doubtless probably the committee had a good reason. I wasn't there so I certainly cannot impugn their motives, but I am saying this, gentlemen, as a veteran I go several times a month to various posts of which I am a member, for instance, to the Legion, the Veterans of Foreign Wars, Purple Heart; I have to, I served with these kids, and I have to stay with them now. Nobody is questioning the fact that Councillor Coffey was a veteran, but I do say this, gentlemen, and I don't say it to contravene anybody, I say it

to carry on to you the story I get night after night in various veterans' organizations. They say to me, "Councillor, you were one of us. Is there any legitimate, decent reason why the city should not do something about veterans' housing? Is there any decent, legitimate reason why the veterans of the city should not have an opportunity to bid on garbage and ash removal? Is there any decent, legitimate reason why a veteran cannot start a waterways or any other legitimate business?" Of course not. I don't think it comes with good grace for those of us here who have been so highly honored by our constituents to put other councillors in the light or shadow that we are motivated and we act only under certain impulses or where there is a payoff. I think each and every one of us owe it to the Body itself and to the other councillors to refute and knock down any such rotten innuendoes. I think the remarks of Councillor Muchnick probably were a bit reprehensible, probably he spoke them in a tone of anger, but I am sure he intended no offence to any single councillor or to any member of this Body. It was one of those things, gentlemen, you may hear in the cloakroom, you hear it in the streets, "They say the Council is a ridiculous, laughable body," and they could not say that if we did not give them some opportunity to, and we have been giving them an opportunity in this particular case. It is just an honest, legitimate piece of business and something that might well be of benefit and of credit to the city and I for one cannot see any legitimate, honest reason for waiting. I may be all wet, but I can't see any honest, legitimate reason why this matter is not thrashed out on the floor and the man told, "Put in your boats," or, "Take them out."

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase, not having spoken.

Coun. CHASE—Mr. President, I believe the circumstances surrounding this are deplorable in view of what has been said in the Council today. It is regrettable, Mr. President, that the gentleman from East Boston saw fit to pass out a blanket indictment on each and every member of the Council who happens to be a member of the bar and likewise, Mr. President, it is regrettable that the gentleman from Ward 14 made the statement that he did. Under the circumstances, Mr. President, in view of the fact that these meetings are covered by the press, I think I can reasonably say from ten years' experience as a member of this Body, tomorrow morning the newspapers of Boston will print a very sad picture of the City Council. It is regrettable, sir, this incident has happened. I may say, sir, as a member of the City Council, as a member of the Massachusetts bar, I have no other motive in voting the way I have on this matter other than the fact that I believe I am voting right and properly, and I am basing my vote strictly on the merits of the case. It would seem to me the 700,000 population of Boston, because of the accusations and the innuendoes hurled by the opponents and the proponents of this measure, are going to be left in darkness as to the true situation, the result being, Mr. President, that each and every one of the twenty-two members of this Council will be forced to carry some burden of the accusations hurled, and I again repeat, it is regrettable. I have not heard any such accusations one way or the other, other than what I have heard in this Chamber. I purposely have refrained from speaking on a number of occasions simply because I did not feel that it was necessary to become involved to the extent I should make a speech. I thought the merits of the case, sir, warranted my vote for the issuance of this license, but it is my candid, honest opinion, sir, in view of the delay, in view of the apparent disability of this Council to make up its mind as to what to do with this license, in view of the accusations, blanket accusations hurled today by both sides, in my opinion the Boston Finance Commission should thoroughly investigate this matter. I for one, sir, regret to speak the way I do, but I as a member of the Massachusetts bar do not intend to sit here as a member of the Council and have innuendoes hurled, that I as one of the members of the Massachusetts bar am interested in this matter other than strictly on its merits, and I feel, sir, that because of what Councillor Muchnick had to say and from what the gentleman from Ward 22 had to say that he has heard about shakedowns, I feel, sir, in view of all these things combined that the Boston Finance Commission should on its own investigate this matter to clear the entire atmosphere. This, sir, is not a matter of my doing, but I as one member of twenty-two feel that I have been unjustifiably brought into this, that I as one of the twenty-two will be forced to carry a certain stigma, and I personally would like myself cleared of whatever stigma may be attached to this matter. I hope, sir, the Finance Commission will investigate.

President KELLY—The question before us is removing this matter from the committee.

Coun. BAYLEY—Mr. President.

President KELLY—Councillor Bayley, not having spoken.

Coun. BAYLEY—I guess I started this debate by asking that the matter be taken from the committee. I agree with a great deal of what the distinguished councillor from Ward 4 (Councillor Chase) has said. It is unfortunate that the majority of us must be put under a stigma by the remarks of a minority. It is also unfortunate we stray so far afield when we argue the merits of a question. My motion was that this matter be taken from the Committee on Licenses, Mr. Presi-

dent. The petition of the Waterways came in six months ago, and six months ago it was referred to the Committee on Licenses properly, and the Committee on Licenses held a hearing. I believe at that time the matter was laid on the table. Eventually, in January, this matter was taken away from the Committee on Licenses and referred to the Executive Committee so that all of us have had an opportunity to discuss the matter. At that time, the members of the License Committee asked to have it referred back to that committee a second time to clear up certain points which had not been cleared up in their first hearing. Mr. President, that was on January 27, and the chairman of the Committee on Licenses, Mr. President, said he would hold a hearing on Friday and bring it back on Monday. If it had not been for that, I think a majority of the members of the Council would not have voted to send it to that committee. It was our understanding that on January 27 we would have a report on the following Monday, but we have not had a report since January 27. Mr. President, I think it is a wrong system in the Council or any other body when a small minority can hold up the wish of the well-intentioned majority. Mr. President, in a committee of seven members four votes one way can table a motion for one month, and we cannot take it away without 15 votes, and now we need 12 votes to take it away from the committee, a majority of the members on this floor, but if we have not 12 votes, a majority of the Council, the minority of the committee can hold it up. In the Legislature, it is voted it ought to pass or ought not to pass, and I think it is wrong for three men or four men to be able to table an order like this so that the wish of the majority is not regarded. I say to you, Mr. President, that it is up to us to take this order from the committee and those who are for it today can be so recorded and those against it can be so recorded. I want to go back in my district and say how I voted. If certain councillors are against it, let them be recorded and let us not hold it up by a small minority in committee. We have had this six months. What kind of Body are we that a matter like this license be delayed? We ought to tell the gentleman concerned either it passes or it has not passed, not that it is tabled and in a committee which took it away a second time and promised it back on Monday. What kind of committee is this? As long as I am chairman of a committee, I will report it ought to pass or it ought to be defeated. Now, Mr. President, on many matters I am in the minority but I don't believe in holding it up by such a trick as holding it in committee. I don't believe in holding it up by debate. They know when the vote is cast that it is passed or not passed. I don't believe in that sort of thing. I think the majority should rule. We have shown the Council in its usual light, even more so today than usual. There is now a proposal before the Legislature to cut this Body from 22 to 9, and also the proposal of Plan E. How can the people of Boston say they want 22 men when they know what is going on like this today—delay, delay, delay? This is about your last chance to show what kind of Body you are. They will eliminate the 22-man Council if this is continued much more. I don't intend to serve another term in this Body, and I hope they have a nine-man Body. Are we going to have a majority vote here, or have the minority control? Let us have a roll call and show ourselves we are a Body and not the laughingstock many people regard us, and I might say, with a great deal of justification.

Coun. SULLIVAN—Mr. President, I am not surprised one bit at the remarks that the gentleman from Ward 5 (Councillor Bayley) just made. It is remarks such as his and the other so-called social leaders of the city, so-called good councillors like the councillor from Ward 14 (Councillor Muchnick) who made statements here today that give this Body bad publicity. Look over the record last year. They are the same ones every Monday getting up here and saying we are going to have a Body of nine, we are going to have Plan E, we are going to have proportional representation, and it is coming. They are the ones who are to blame for any bad publicity this Body has received in the last several years.

Coun. BAYLEY—Mr. President.

President KELLY—Councillor Bayley, for what purpose does the gentleman rise?

Coun. BAYLEY—Is the gentleman speaking on the order? I think he should be confined to the question in front of us.

Coun. SULLIVAN—I am leading up to that.

President KELLY—Councillor Bayley, I think the gentleman was leading up to the matter. Councillor Sullivan.

Coun. SULLIVAN—Mr. President, it is just the procedure of a group on Beacon Hill to deprive the poorer sections of the city of representation in sponsoring a nine-man Body. Did you hear one of them here speak about a proposal now before the Legislature to ask that the Legislature give us the same powers as they would give the nine-man board? I am sick and tired of hearing these councillors say we should be legislated out. It is all right for them to say it, that you can't have true convictions unless it is a pay-off. I was against this from the beginning, and I am going to ask in my remarks that this be laid on the table for one week, until Councillor Muchnick comes back, and let him go into his statements relative to the pay-off. It is a fine how-do-you-do when you are sincere in opposing something, something right from the beginning, to try blackmail, that is about the

size of it, when he got up and made that statement. Nobody else heard it but him, and he has been the leader of the thing for the last couple of months.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Linehan, for what purpose does the gentleman rise?

Coun. LINEHAN—A point of order.

President KELLY—Will you state your point of order?

Coun. LINEHAN—I move the statement about Councilor Muchnick being the leader of this movement be declared out of order. Speaking on the motion.

President KELLY—Councilor Sullivan, the motion before the Body is to take this matter from the committee. Will you kindly confine your remarks to that motion?

Coun. SULLIVAN—Mr. President, there is nothing to stop me from talking on personal privilege.

President KELLY—Councilor Bayley, for what purpose does the gentleman rise?

Coun. BAYLEY—A point of order.

President KELLY—Will you state your point of order?

Coun. BAYLEY—Several gentlemen this afternoon have not been following Rule 21. I wish you would have that read out loud. I ask you to enforce Rule 21.

President KELLY—Councilor Sullivan.

Coun. SULLIVAN—I am talking now on a point of personal privilege due to the remarks of the councilor from Ward 14. Am I in order?

President KELLY—You have the floor now, Councilor Sullivan, but talking on the motion to remove this matter from the committee. That is the motion before the Body. Councilor Sullivan.

Coun. SULLIVAN—Mr. President, it seems to me every time I get up on the floor they want me to talk on the order, but it seems that they can get up and talk away and they don't want anyone to answer them. I always come right straight to the point and it takes only a few minutes to do it, but they talk for half an hour and take me for a trip around the world and then come back with everybody is a grafter and we are supposed to sit here and take it. It is the same story with the councilor from Ward 5; he hopes this Body is legislated out of here, he hopes to have a nine-man Body. Why? You gentlemen can answer that one. If we had his money we probably would not be here. Now, Mr. President, I am going to ask that this be laid on the table for one week until Councilor Muchnick returns.

President KELLY—Councilor Sullivan moves that this be tabled for one week?

Coun. SULLIVAN—Yes.

President KELLY—Councilor Sullivan moves that this motion be tabled for one week. All those in favor of the motion please say "aye." Those opposed, "no." It is not a vote. The question now comes on taking this from the committee.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Russo, talking on the motion.

Coun. RUSSO—Talking on the motion, Mr. President. Certainly it is too bad that we today have heard many indirect accusations just on a simple motion to take from the committee, and to impugn the motives of the councilors. It has been brought out again, this veteran question. I say to all the members that I for one don't want to have the public at large understand that my vote one way or the other is either for the veterans or opposed to the veterans because I believe that when any question comes in where the veteran is concerned we are doing something good for all the veterans or something bad for all the veterans. That is the only time that the question of veterans enters into my mind. So, therefore, I would eliminate any action of any councilor whether he votes for or against it. I maintain that all the discussion that has taken place here today certainly has put the Council in a bad light, but I would like to ask also to take into consideration the Congress of the United States, the Senate branch of Congress, the State Legislature, and the Senate, or take any alderman, take all; isn't it a fact that as soon as the word "politician" has been spoken, there is supposed to be graft and corruption? Then, if that is the intent, I say there is graft and corruption from the President of the United States down to the lowest public office holder. As I stated last week, with all its corruption, with all its faults, that we may be accused of, regardless of what branch we may serve, state, city, or Federal government, at least we have the right to express our opinion, and it is the best form of government throughout the world. I am not afraid of any accusations, I am not afraid of what they say behind doors as long as I vote according to my conscience. Therefore, in regard to taking this from the committee, I say that we ought not to take it from the committee. It is too bad the previous motion to lay it on the table until such time as Councilor Muchnick may have the time to be here to answer some of the accusations that he has made was not carried. I feel that the Council owes it to itself to lay this on the table or not to remove it from the members of the committee, but let the councilor from Ward 14 be here present, and I can assure you in so far as I am concerned that, if next week he is present here, I will vote to take it away from the committee if the committee does not bring in a report. I say we owe it to ourselves. It is too bad the accusations have been made, but as one of the members I feel each and every one of us feel the same way I do, that to take away that stigma either from the

proponents or the opponents of this particular license, we ought to wait for at least another week so that the councilor who made the accusation can be present.

Coun. COFFEY—Mr. President, I won't be long because I know we are all getting weary of this matter, but I can't help mentioning that I don't know how Plan E got in on this. As far as I am concerned, I don't care about Plan E, a nine-man board or 22-man Council, the hell with both of them. But I want to go back to about six weeks ago when the gentleman from Ward 14 was very much peeved when he asked me to bring the matter back and I told him the committee saw fit to keep it in committee. He got up here and had the gall to offer a motion to abolish the committee because he did not win his point in having it taken out of committee. That is No. 1. No. 2 is this, the councilor from Ward 5 states this has been before the committee six months. I have been chairman of this committee this year. I was not chairman of the committee last year. It has been held up a matter of five weeks. The councilor from Ward 5 made the statement I promised to give action on it within a week. That was on a Monday. I held a meeting that Friday, but I also made the statement in the presence of Mr. Fairbank and I think all the members here that I was not speaking for the committee, but that I would take a vote of the committee and I did not promise what action they would take, but I did promise action, and I got that action, and the action was in the reverse: they voted to keep it in committee. Now, several months ago an editorial appeared in the Boston Herald and it stated two members of the Committee on Licenses had spoken in opposition to Waterways, Inc. They meant Councilors Scannell and myself. They did not mention our names but then there was an editorial following it in the Herald-Traveler, another editorial written by William Mullins, and the editorial went on to state just these two councilors opposed it and these two councilors were councilors who had no other means of livelihood but politics. Let me say for Mr. Mullins who wrote the editorial that he has made more out of City Hall than any councilor, and that he has been a better councilor than any other councilor. He broke with one administration after another because he was not getting the things he wanted at City Hall. I would like to swap places with him tomorrow. Give him this seat, give him this voice but not write editorials, but just for the contacts he has made in the past in City Hall. That is why William Mullins is all for it, there must be something in it, and if there is something in it, there are not two payoffs, there is one payoff, and naturally it would not be to the opposition, and the best proof there is no payoff in the committee is the proof of the councilors who were never even approached, never were approached and asked to vote on this matter one way or the other because there were enough votes in the committee to keep it in committee. They were not approached, they knew nothing whatsoever about the four members who voted to keep it in committee. If there is any wrongdoing it is on the other side. I repeat, I am not the most honest fellow who ever came in this Council, and I repeat again, and it costs nothing to repeat it, I am not the only fellow who would take a buck. I am not casting any reflections on anybody when I say that because we can go back to Judge Wilson, probably the most honest councilor on this Body for twelve long years. He met a fellow at a ball one night who said, "You were taken care of today in such a matter." He said, "Not me." "Oh, yes, I saw your name down." You can take that from Judge Wilson making this statement he was even told he got something as a member of this Body, but nobody would talk, he was too big a man and still is too big a man, one of the most respected men who ever held public office or came in this Body. The gentleman from Ward 5 in his ignorance makes the statement that it would not happen in the Legislature. I have had bills in the Legislature kicked around and held up seven or eight months so that I could not get it on the floor and have the bill reported on for a vote. My little beano bill was deliberately kept back, and Councilor Chase can prove that. They fought it tooth and nail. He fought it, and I give him credit on this floor as a fighter. We have had a lot of good fights in here during the past eight years. We have fought a lot of times but we have never hit below the belt yet. They hold matters before their committees and do as they damned well please with them, but the shoe is on the other foot. Up there it is a Republican body, down here it is a Democratic body, and if we don't act the way some members want us to act, they always try to throw a cloak of suspicion over the members opposed to them, hoping as the result of that they will get favorable publicity. To me it does not mean anything one way or the other personally. I don't want it to pass, but it is not going to affect me personally. Being selfish I can say that. But my thought is that some of my boys in my district are making a living out of the airport, and it is going to hurt them in the future. It is up to you, do whatever you want to do.

Coun. MADDEN—I move the previous question.

President KELLY—The question is on the motion to take from the committee. All those

in favor please rise. Those opposed to taking from the committee, please rise. Eleven in the affirmative and three in the negative, and the motion is lost.

Coun. BAYLEY—I doubt the vote and ask for a roll call, and ask that you ring the bell.

Coun. COOK—I doubt the vote.

President KELLY—Councilors Bayley and Cook doubt the vote. The clerk will please call the roll.

The roll was called, with the following result:

Yeas—Councilor Bayley, Bryan, Cantwell, Chase, Cook, Hannon, Keenan, Lane, Linehan, Madden, McCormack—11.

Nays—Councilor Coffey, Russo, Sullivan—3.

Present—Councilor Kelly, Kinsella—2.

President KELLY—Eleven in the affirmative and three in the negative, and the motion is lost.

BEQUEST OF EMANUEL NATHAN.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the Honorable the City Council.
Gentlemen,—Charles S. Bolster, Esquire, Trustee under the will of Emanuel Nathan, late of Boston, Mass., has presented to the City of Boston a draft in the amount of one thousand dollars (\$1,000) payable to the City of Boston "to be used for the benefit of the City Hospital on Harrison avenue" in payment of the specific charitable bequest to the City of Boston by Mr. Nathan.

Emanuel Nathan was born in Hungary and in his early youth as an immigrant came to our country and adopted as his home our city in the early thirties of the nineteenth century. Mr. Nathan resided on Elmwood court in the Roxbury Crossing district, and in this district he engaged in business, organizing and developing the Roxbury Chemical Works.

As Mayor of the City of Boston and in its name, I am very pleased to present to your Honorable Body for your acceptance this charitable bequest of Emanuel Nathan. It is the underlying thought as expressed in gifts like Mr. Nathan's that cause our charitable institutions to carry on with renewed faith and zeal in the service of our citizens.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, Emanuel Nathan, late of Boston, Massachusetts, by his last will and testament provided as follows:

"Eleventh . . . I direct . . . that there be paid . . . the sum of one thousand dollars unto the City of Boston to be used for the benefit of the City Hospital on Harrison Avenue . . .", and

Whereas, Charles S. Bolster, Esquire, Trustee under the will of Emanuel Nathan, as aforesaid, has presented to the City of Boston a draft in the amount of one thousand dollars (\$1,000) payable to the City of Boston in payment of the testator's bequest to the City of Boston for the benefit of the City Hospital on Harrison avenue; now therefore it is hereby

Ordered, That the bequest of Emanuel Nathan, late of Boston, to the City of Boston to be used for the benefit of the City Hospital on Harrison avenue be, and the same is hereby, accepted by the City of Boston; and it is hereby further

Ordered, That the Treasurer of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to receive and receipt for the said draft in the amount of one thousand dollars (\$1,000) and such further sum or sums, if any, as may hereafter be paid on account of the bequest of Emanuel Nathan, and the Treasurer of the City of Boston is hereby directed to place the same to the credit of the City Hospital to be used for the benefit of the City Hospital on Harrison avenue.

President KELLY—The question comes on the passage of the order. Councilor Kinsella, talking on the order.

Coun. KINSELLA—I move the Council pass the order and send a letter of thanks to any proper party who may be able to receive such thanks.

Coun. SULLIVAN—Mr. President, the regular procedure is to send such matters to the Executive Committee.

President KELLY—It is referred to the Executive Committee.

Coun. BAYLEY—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—Speaking on that reference, I don't see why this matter should be referred to the Executive Committee. It is not costing the city anything, and there is no need to investigate. We are getting a gift, and I do not see why we do not accept it.

President KELLY—It is customary to send the acceptance of the gift to the Executive Session. That has been the custom over a period of years.

CLEANING OF STREETS, WARDS 6 AND 7.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That his Honor the Mayor request the Public Works Commissioner to repair and clean the streets along the route of the March 17th parade in Wards 6 and 7.

Passed under suspension of the rules.

RECESS.

Coun. SULLIVAN—I move we take a recess for the purpose of going into Executive Session.

President KELLY—Councilor Sullivan moves we take a recess for the purpose of going into Executive Session.

Coun. BAYLEY—I understood there was a motion to adjourn before. I make a motion now we adjourn.

President KELLY—He withdrew that motion.

Coun. BAYLEY—I make a motion we adjourn.

President KELLY—Councilor Bayley makes a motion that we now adjourn.

Coun. SULLIVAN—Mr. President, is my motion in order?

President KELLY—Your motion is in order, but Councilor Bayley's motion takes precedence over yours.

Coun. SULLIVAN—Was Councilor Bayley recognized?

President KELLY—I thought he was going to talk on your motion. I recognized Councilor Bayley.

Adjourned, on motion of Councilor Bayley, at 5.50 p. m., to meet on Monday, March 10, 1947, at 2 p. m.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL INSTRUCTOR (SHOE SHOP),
STATE PRISON COLONY, DEPARTMENT
OF CORRECTION, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: The entrance salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: Under supervision, to instruct from eighteen to twenty-five inmates in manual and machine operations of shoe manufacturing, including heeling, heel shaving, edge trimming and setting, heel scouring, heel finishing, hard finishing, treeing, dressing and packing in the making, finishing and packing room, or in lining making, staying, top stitching, vamping, and miscellaneous other operations in the fitting room; to inspect all shoes entering and leaving his section and during the progress of the work, in order to reject faulty work; to be responsible for the expeditious and proper completion of the operations of his section and the forwarding of the shoes to the next succeeding section; to be responsible for the proper use and care of machinery, equipment, and tools, including lubrication, adjustment, and other necessary operations for the continuous and efficient functioning of machinery and equipment; to initiate requisitions for materials required to maintain steady performance of operations in his section; to cooperate with the Industrial Shop Manager in assigning inmates to tasks in order to obtain maximum benefits of training for the inmates, production of work, and proper use and care of equipment; to assist the Industrial Shop Manager in maintaining good order, discipline, and cleanliness in

the shop, in closing the shop at the end of working periods, and in taking the annual general inventory; to furnish periodic or special reports concerning the skill, industry, and personal characteristics of the inmates in his charge; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-second birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have either (a) at least five years of experience in the fitting, making, finishing, or packing rooms of a regularly established shoe factory, at least one year of which must have been in a supervisory capacity, or (b) at least ten years' experience in a regularly established shoe factory in any manufacturing department.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CORRECTION OFFICER (HERDSMAN), STATE
PRISON COLONY, DEPARTMENT OF
CORRECTION, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: The entrance salary is \$2,130 a year; the maximum salary is \$2,610 a year. Full maintenance may be had at a deduction of \$360 per annum.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis. The hours of employment are from 4 a. m. to 6.30 a. m., 7.30 a. m. to 10 a. m., and 2 p. m. to 5 p. m., for six days a week.

Duties: To supervise and be responsible for the custody of an assigned group of inmates and to see that their work is performed properly; under the direction of the Head Farmer, to be responsible for the physical well-being and proper care of a herd of approximately fifty milking cows, forty young stock, and three herd sires; to interpret and follow any rules or policies set up for proper feeding, breeding and milking of the herd, as well as for processing milk; to make available and distribute the milking and feeding equipment so that all stock is properly fed and milked; to supervise the washing, sterilization and pasteurizing rooms; to see that all hay, silage and grain are weighed and recorded; to maintain mangers, gutter equipments and silos as the silage is used; to select proper stock to raise; and to perform related work as required.

Examples of Duties: To receive inmates from the Farm Dormitory at 3.45 a. m., 8 a. m., and 3 p. m., check them and telephone the count to proper authorities; to return inmates to the Farm Dormitory at the proper hours; to instruct and supervise inmates in milking and feeding of stock, taking stock out to paddock or pasture, cleaning barn, sterilizing maternity pens, and treating stock for diseases or illnesses; upon prescription of veterinarian, to see that cattle are properly treated for disease.

Familiarity with theories of breeding is necessary, as well as the ability to carry out veterinarian's instructions.

Entrance Requirements: Section 4A, chapter 125, General Laws, provides: "In certifying the names of persons eligible to appointment as Correction Officers at the State Prison, State Prison Colony, Massachusetts Reformatory and State Farm, the Director of Civil Service shall certify the names of persons over the age of twenty-two and under the age of forty." A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within three years after date of honorable discharge. (See chapter 440 of the Acts of 1945.)

Civil Service Rule 6 requires that applicants be not less than 5 feet 7 inches in height and weigh not less than one hundred thirty-five pounds.

Applicants must have at least two years' experience as a herdsman or assistant herdsman with a herd of forty cows or more. Substitution: Graduation from an agricultural school of high school or higher level with courses in animal husbandry or dairying may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, including questions on Correction Officer duties and questions on herdsman duties, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test.

Applicants must obtain at least 70 per cent in the strength test in order to become eligible, but the mark will not be averaged with the educational mark.

SENIOR ADMINISTRATIVE ANALYST, COM-
MISSION ON ADMINISTRATION AND
FINANCE, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: The entrance salary is \$3,780 a year; the maximum salary is \$4,320 a year.

Vacancies: At present there are two vacancies for males, to be filled on a permanent basis.

Duties: Under direction, to inquire into the business affairs of the Commonwealth and the laws governing them; to interview department heads, employees and representatives of employee organizations; to report on administrative problems affecting the economy and efficiency of the various departments of the Commonwealth; to recommend and follow up changes in law relating to such problems; and to perform related work as required.

Examples of Duties: To serve as the investigating agent of the Commission in assembling and reporting information to be used as a basis on which the Commissioners may individually and collectively act in the promotion of more economical and efficient operation of state departments; to be the agent on whom the Commission will rely for the basic work to be done in connection with formulating general policies for the administration of state departments, including fiscal administration as well as the practical and physical administration of departments and institutions.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISING OCCUPATIONAL HYGIENE NURSE, DIVISION OF OCCUPATIONAL HYGIENE, DEPARTMENT OF LABOR AND INDUSTRIES, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: The entrance salary is \$2,640 a year; the maximum salary is \$3,000 a year.

Vacancies: At present there is one vacancy for a female, to be filled on a permanent basis.

Duties: Upon the request of any industrial nurse, employer or employer's representative, on the basis of indicated need, on referral by any member of the staff, or upon request of any responsible person or agency in the Commonwealth, to render advisory service to nurses employed by industries in Massachusetts; to assist in the promotion of sound industrial nursing in accordance with the declared policy of the Division; on request, to assist in the medical, engineering, chemical, or other activities of the Division; and to perform related work as required.

Examples of Duties: Wherever chance or need arises, to assist industry in obtaining qualified nurses; to interpret the nursing needs of industry to local nursing, health and welfare agencies; to suggest or provide speakers on industrial nursing for medical, industrial, nursing, and labor groups; to encourage the development of courses in industrial nursing in accredited institutions and to stimulate industrial nurses to meet these opportunities; to participate in local, state and national industrial nursing organizational activities subject to established regulations relative to out-of-state travel.

Entrance Requirements: Applicants must be registered nurses under the State Board of Registration in Nursing on the date of filing application.

Applicants must have had one year's experience in the practice of nursing following registration.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS

INTERIOR WIRE INSPECTOR, BOSTON FIRE DEPARTMENT, APRIL 26, 1947.

Last date for filing applications, Monday, April 7, 1947, at 5 p. m.

Salary: The minimum salary is \$2,200 a year; the maximum salary is \$3,100 a year.

Vacancies: At present there are two vacancies for males, to be filled on a permanent basis.

Duties: To inspect the installation of all old and new interior electrical installations, including regular inspections of electrical installations in theaters and also regular inspections of places of

amusement and public halls, in order to see that all work is done in accordance with the rules and requirements of the Fire Commissioner for the Electrical Inspection Division; to investigate fires and accidents attributed to electrical causes; to submit written reports of inspections and investigations; and to perform related work as required.

A knowledge of the National Electrical Code is necessary. Copies of the 1947 issue of the Code may be obtained from the office of the New England Insurance Rating Association, Room 619, 89 Broad street, Boston, at 10 cents a copy.

Entrance Requirements: Applicants must possess a Massachusetts journeyman electrician's license on the date of filing application, and must have at least ten years of actual paid experience in the electrical field.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SIGNALMAN, BOSTON POLICE DEPARTMENT, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: \$3,000 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To respond to calls for necessary repair work to keep the police communication system in order; to do periodic service work on signal boxes, signal desks and department P. B. X. switchboards; to test cables for crosses, grounds, opens and shorts, and locate trouble; to install and maintain electrical appliances for light, heat and power, including wiring and installing all types of electrical lighting fixtures, electrical motors, and generators and transformers of various types and their control equipment; to service light and bell systems; and to perform related work as required.

A knowledge of the following is necessary: Wiring and operation of police signal system; wiring and maintenance of closed and open recording systems and of telephone systems including P. B. X. switchboards; care of storage cells, battery chargers, and motor generator sets.

Entrance Requirement: Applicants must be registered physicians under the State Board of Registration in Medicine on the date of filing application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NEW SOURCES OF MUNICIPAL REVENUE.

Philadelphia recently adopted three new city taxes: auctioneers are required to register and pay a tax of \$500 a year, bowling alleys \$20 for each alley, and coin-operated slot machines and other amusement devices \$20 a year each. Portsmouth, Ohio, has levied a license fee of \$25 a year on juke boxes, pin ball machines, and other coin-operated amusement devices. Santa Barbara, California, on February 23 adopted a local retail sales tax of one per cent on the recommendation of a citizens' tax committee. Sacramento, California, has adopted a new business license ordinance which will provide approximately \$110,000 a year revenue. In New York City Mayor La Guardia has proposed an additional one per cent sales tax to finance a three-year program of subway rehabilitation; the present one per cent sales tax raises about \$32,000,000 a year.

—Public Management.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

INDUSTRIAL RELATIONS ADJUSTER, BOARD OF CONCILIATION AND ARBITRATION, DEPARTMENT OF LABOR AND INDUSTRIES, MAY 3, 1947.

Last date for filing applications, Monday, April 14, 1947, at 5 p. m.

Salary: The minimum salary is \$3,240 a year; the maximum salary is \$3,780 a year.

Vacancies: At present there are two vacancies, to be filled on a permanent basis.

Duties: To conciliate industrial disputes between employers and employees and to supervise and assist in the negotiation of management-labor contracts; to formulate and put into effect plans for preventing or terminating strikes; to gather necessary data required by the Board of Conciliation and Arbitration in the arbitration of any industrial dispute between employer and employee; to serve as expert for the Board in matters of arbitration; to keep informed on personal procedures, general incentive wage plans, practical time studies and job evaluation and on industrial wage rates and working conditions in industries and crafts throughout the Commonwealth; and to perform related work as required.

A knowledge of the various types and locations of industries in the Commonwealth, and of all Federal and State labor laws in conjunction with the many

court decisions and rulings of governmental agencies on labor matters, especially an intimate knowledge of the provisions of sections 1-10, inclusive of chapter 150, and section 22 of chapter 149 of the Massachusetts General Laws, is required.

The duties may require night work, Saturday, Sunday, and holiday work.

Entrance Requirements: Applicants must have at least one year of responsible full-time, paid employment as (a) an employer, administrative official, personnel officer, or recognized employees' representative actively participating in the improvement of working conditions through the development of employee-employer relationship, or (b) as an officer or employee administering labor laws in a state or Federal agency or other agency or organization concerned with the promotion of labor standards, or (c) as an officer or employee engaged in the investigation of employee-employer relationship or engaged in economic investigations relative to wage earners in a State or Federal agency, or (d) in any time equivalent combination of (a), (b), and (c).

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PAINTING IN DOWLING BUILDING, BOSTON CITY HOSPITAL, 818 HARRISON AVENUE, BOSTON, MASS.

The Trustees of the Boston City Hospital invite sealed proposals for painting of operating rooms on sixth and seventh floors of Dowling Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract. Only proposals obtained at the office of the architects and engineers, James H. Ritchie & Associates, 38 Newbury Street, Boston, Mass., signed by the bidders and left before four (4) p. m., Wednesday, March 26, 1947, at the office of the Superintendent of the Boston City Hospital, 818 Harrison Avenue, Boston, Mass., with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract, shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached in the specification. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract. The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie & Associates, 38 Newbury Street, Boston, Mass., after twelve (12) o'clock noon on Monday, March 17, 1947. A deposit of \$10 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
DR. MARTIN ENGLISH,
(Mar. 15.) President.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ICE CREAM MIX.

The Supply Department of the City of Boston invites proposals for furnishing ice cream mix for city departments, as specified in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and plainly marked "Proposal for Ice Cream Mix." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Monday, March 31, 1947, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Mar. 15.) Superintendent of Supplies.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO THE EASTERN AVENUE WHARF FENDERS, EASTERN AVENUE, BOSTON, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for repairs to the Eastern Avenue Wharf fenders, Eastern Avenue, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, March 31, 1947, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
(Mar. 15.) Commissioner of Institutions.

THE SCHOOL COMMITTEE OF THE
CITY OF BOSTON.ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.PROPOSALS FOR FURNISHING ART EDUCATION
AND MECHANICAL DRAWING SUPPLIES FOR
BOSTON PUBLIC HIGH AND SPECIAL
SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools as directed by the Business Manager, art education and mechanical drawing supplies as per schedule. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Art Education and Mechanical Drawing Supplies." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, March 31, 1947. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,

Business Manager of the School Committee.

(Mar. 15.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LEAD PIPE.

The Supply Department of the City of Boston invites proposals for furnishing lead pipe, on specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$.25) for each set of proposals.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Thursday, March 27, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. *Envelopes containing bids to be sealed and marked "Proposal for Lead Pipe."* The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Mar. 15.)

CITY OF BOSTON.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR CATALOG CASES AND PERTINENT EQUIPMENT.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for supplying certain card catalog trays and pertinent equipment. Details and specifications as to finish and hardware may be had upon application at the business office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, March 19, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, March 10, 1947, at the business office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON,

By MILTON E. LORD,

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MARCH 22, 1947.

No. 12

LET US STAND UNITEDLY BEHIND PRESIDENT TRUMAN WHO HAS DEMONSTRATED COURAGE, VISION, AND PATIENCE, FOR AN END OF COMMUNISTIC CONTROL AND FOR A PERMANENT PEACE IN THE WORLD—MAYOR CURLEY, IN HIS ADDRESS BEFORE THE CHARITABLE IRISH SOCIETY ON SAINT PATRICK'S EVE, RECOUNTS HISTORY OF IRISH IN PAST 100 YEARS AND CALLS ATTENTION OF WORLD TO SACRIFICES AND CONTRIBUTIONS TO CIVILIZATION IN BLOOD, BRAIN, BRAWN, AND SPIRIT THAT PROGRESS MIGHT BE ACHIEVED—WARNS ALL NATIONS THAT AMERICA HAS RESOURCES FOR VICTORY AGAINST ANY FOE WHO MIGHT ATTEMPT TO CONQUER AND RULE.

The following is the address of Mayor James M. Curley before the Charitable Irish Society on March 16:

The "Poet Priest of the Southland," Father Ryan, spoke with a voice of prophecy when he wrote the following poem:

"A LAND WITHOUT RUINS."

"A land without ruins is a land without memories—a land without memories is a land without history. A land that wears a laurel crown may be fair to see; but twine a few sad cypress leaves around the brow of any land, and be that land barren, beautiful and bleak, it becomes lovely in its consecrated coronet of sorrow, and it wins the sympathy of the heart and of history. Crowns of roses fade, crowns of thorns endure, calvaries and crucifixions take deepest hold of humanity, the triumphs of might are transient, they pass and are forgotten, the sufferings of right are graven deepest on the chronicle of nations."

"Yes, give me the land where the ruins are spread
And the living tread light on the hearts of the dead;
Yes, give me a land that is blest by the dust,
And bright with the deeds of the down-trodden just.
Yes, give me the land where the battle's red blast
Has flashed to the future the fame of the past.
Yes, give me the land that hath legends and lays
That tell of the memories of long vanished days;
Yes, give me the land that hath story and song;
Enshrine the strife of the right with the wrong.
Yes, give me a land with a grave in each spot,
And names in the graves that shall not be forgot;
Yes, give me the land of the wreck and the tomb;
There is grandeur in graves—there is glory in gloom;
For out of the gloom future brightness is born,
As after the night comes the sunrise of morn;
And the graves of the dead with the grass overgrown
May yet form the footstool of liberty's throne,
And each single wreck in the warpath of might
Shall yet be a rock in the temple of right."

1847 Famine.

The futility of persecution and oppression has never been more apparent than in the case of Ireland today, as against the Ireland of 1847. Eighteen hundred and forty-seven marked the beginning of one of the most disastrous famines recorded in the history of Ireland until that time, when the population was approximately 10,000,000 souls, as against the present-day population of 3,000,000. It had suffered persecutions, oppression, rapine, and savagery for six centuries prior to the year 1847 because of the devotion of the Irish people to the religion which they received from Saint Patrick in the fifth century.

Not content with fire and sword, it was Ireland's horror to witness during the Cromwellian period the shipment of nearly one hundred thousand boys and girls, between the ages of 12 and 20, to the West Indies, and these were the children of those who had fought under the gallant Sarsfield. In the West Indies they were compelled, if they wished to exist, to intermarry with the Negroes who constituted the bulk of the population. Their descendants are to be found there today, with skin blacker than the African Negroes, still bearing the old names of Murphy, O'Brien, Curley, and retaining, in some measure, the ancient brogue. It is the darkest small chapter in the history of Ireland, recording persecution worthy of a Nero.

(Continued on page 375.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 24, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

To THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston; and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending March 15, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 168; nonresidents, 50; total, 218.

Death rate per 1,000 of population: All deaths, 14.79; nonresidents deducted, 11.40.

Death rate per 1,000 of population:

Last week, 15.60; corresponding week last year, 16.22.

Deaths by age periods, sex, etc.: Under one year, 24; one year to four years, inclusive, 2; sixty years and over, 117. Total deaths: Male, 117; female, 101; deaths in hospitals and institutions, 157.

REPORTABLE DISEASES: CASES AND DEATHS.*

MAYOR CURLEY URGES ALL TO STAND UNITED BEHIND PRESIDENT TRUMAN IN HIS EFFORTS TO BRING WORLD PEACE.

(Continued from page 373.)

The persecution and slaughter of the innocent and the priests of Ireland, who were hunted like wild animals, while spreading the gospel of Christ, represented in part the brutality and sadism of Cromwell's followers. Yet through it all the Irish have remained loyal to the faith of Saint Patrick and to the ideal of ultimate liberty.

The famine of 1847, of which this is the hundredth anniversary, was anticipated by both Irish and English statesmen. The people of Ireland who have depended for many years upon the potato crop as their chief source of sustenance, had suffered a period of rains and fog, rotting the crop in the earth, and yet it was common knowledge that with a famine coming, cattle and food supplies were still being shipped out by the English in control of Ireland. It is estimated that more than 1,000,000 died by the roadside, and were it not for the contribution, in those sad days, of America and other countries, it is possible that a majority of the Irish people would have died as a consequence of the famine.

FLED TO AMERICA.

They came to this country packed so tightly in the vessels carrying them, that it is estimated that one in every ten died on the journey over. They came at a time when the wage paid to workers was insufficient to maintain a family, and the working conditions were not decent or even healthful. The children were fed to the textile mills to be found here in Massachusetts and the men labored for a pittance, yet they came in ever increasing numbers. In fact, during the period from 1847 to 1872 covering the latter famine of 1867, more than 2,500,000 came to America seeking liberty and opportunity.

Men were needed in 1862 to save the Union and these men who had been born to privation and who had survived famine, eagerly accepted service in the Union Army. They contributed materially to Sherman's march from Atlanta to the sea, to Grant's campaign in the wilderness and in 1864 the Irish brigade led by Michael Corcoran and later by General Thomas Francis Meagher during the period when the fighting was most severe, captured more flags and standards than the rest of the entire Union Army combined, and never lost one flag or standard. Despite their magnificent contribution to the saving of the Union they were still a proscribed race, and even in our own City of Boston few were permitted to hold office higher than that of laborer or mechanic, until in 1884 when Hugh O'Brien was elected Mayor of Boston and gave them opportunities for advancement.

In every crisis in which America has been engaged, citizens with Irish blood in their veins have played an important part, from the days of the Boston Massacre in 1770 to Lexington Green in 1775, and Bunker Hill and the departure of the British from Boston on Saint Patrick's Day, 1776.

SERVICE IN RECENT WAR.

During the recent war men of Irish blood served with equal honors and distinction, representing substantially every

country in the world. There was no draft law in Ireland, it was voluntary service, yet more than 250,000 Irishmen enlisted voluntarily in the cause of the Allies in the English service, while 250,000 more worked in war industries. There has been criticism, at times, of the neutrality of Ireland during the period of the last World War, yet the fact remains that the neutrality of Ireland unquestionably resulted in the preservation of the lives of more than 500,000 American and English soldiers who trained in Ireland, free of the danger from bombing by the planes of Germany because of the neutrality of Ireland.

I referred to the futility of oppression and persecution and this is borne out by what has taken place in Ireland under Free State Government, where, during the first 12 years of Free State Government, more schools were erected than in the 700 years of British misrule, oppression and persecution. The population of Ireland today is less than 3,000,000, including men, women, and children, so that it can readily be seen that the contribution of Ireland to the cause of the Allies was greater in proportion to its population than that of any other country in the world not even excluding England and the United States.

The glory of Ireland lies in the fact that they have not only adhered, during persecution, oppression and savagery, to faith and to the ideals of liberty, but they have contributed materially to every movement based on justice and liberty for the people of the world. Today, Ireland is undergoing renaissance in government, art, and all that makes for the cultural progress of a people. They have been the targets, even in our land, for the small-minded and the ignorant. We have through the genius of our own John Boyle O'Reilly, dispelled in another day racial bigotry, through the poem in which speaking of the Irish in America, he said:

"No treason we bring from Erin—nor bring we shame or guilt,
The sword we hold may be broken, but we have not dropped the hilt.
The wreath we bear to Columbia is twisted of thorns, not bays;
And the songs we sing are saddened by thoughts of desolate days.
But the hearts we bring for freedom are washed in the surge of tears;
And we claim our rights by a people's fight, outliving a thousand years."

The people of Ireland appear competent to determine their own affairs and their own future, even in a much better manner than the nation which persecuted and oppressed them for seven centuries, and will work out their destinies with benefit to the world.

In America we have our problems and there is none that appears more interesting at the present hour than the establishment of a permanent peace under the leadership of the present President of the United States, Harry S. Truman, and Secretary of State, General George C. Marshall. The courageous pronouncement within the last week that it was the purpose of America to aid Greece and Turkey, and the serving of notice on Russia that it must cease its endeavors to communicate countries of Europe other than its own country, or cease looking to America for the aid which is vital to Russia at the present hour was timely and necessary. In World War I and in the succeeding Revolution, it is estimated

that Russia lost 30,000,000 people and in World War II, 15,000,000, and it is generally accepted that Russia would have been destroyed by the German war machine were it not for the contribution of men, money, arms, munitions, and food furnished by the United States.

ROAD TO PEACE.

There are many timid souls who feel that the action of President Truman is the prelude to World War III, but it must be remembered that America possesses the economic weapon that is most necessary to the peace of the world, and a refusal to furnish food and money to the Russian Empire, plus the mighty power of American men, money, atom bomb, air force, Navy, and in addition the industries for the fabrication of weapons of war, and over and above all else the unselfishness of America which desires neither territory nor subject of any country in the world, should be sufficient to cause Russia to join with America and the other countries who are desirous of a peace based on spiritual and economic justice.

No, there is little danger of a declaration of war by Russia. The leaders should or must speedily realize that a people who have been ground under the heel and who are sufficiently courageous to overthrow the rule of czars when the oppression became too great, would never hesitate to send Stalin and his cohorts along the same road trod by Hitler and Hirohito. We in America have it within our power to write a permanent peace that will bring joy and contentment to the hearts of the mothers of the world and security to the sons of those mothers. The present President of the United States has demonstrated courage, vision, and patience, and in God's name let us stand unitedly with him, for an end of communistic control and for a permanent peace in the world.

To the seekers of a permanent peace, I suggest the words of an unnamed poetess who wrote:

"We have run the gamut of want and woes;
Of hunger and pain and dearth;
The century's flood of our tears and blood,
Have deluged the plains of earth.
There was never a winepress in all the world
By those of our belief untrod;
Now we claim the price of our sacrifice
From the bar of the watching God."

That price is peace based on spiritual and economic justice through the providence of God, and a truly great leader, President Harry S. Truman.

DISCUSS BOSTON ELEVATED TAX EXEMPTION CLAIMS.

A conference was held on March 13 in the office of the Mayor at which were present the counsel and treasurer for the Boston Elevated Railway Company; the Assistant Corporation Counsel, William Kerr; the Chairman of the Board of Assessors, Peter J. Allen; City Auditor, Charles J. Fox; City Treasurer, Henry F. Brennan, and the City Collector, Daniel F. Donovan, to further consider conforming to the decision of the Supreme Judicial Court with reference to the exemption from taxation claimed by the Boston Elevated Railway Company under the decree of the courts. It was voted to confer further, with a view to closing the matter definitely, on March 20, 1947.

MAYOR CURLEY THANKED FOR EFFORTS IN BEHALF OF HOUSING FOR VETERANS.

The following letter was received on March 13 by his Honor the Mayor from Edward J. Deveney, Administrative Secretary, Buddies' Club, Boston Common, Mass.

DEAR MR. MAYOR,—The Housing Committee of the Massachusetts Department of the American Legion wants to thank you for your splendid contribution and initiative in your effort to alleviate the intolerable housing condition that exists in our country.

It has been taken for granted that Mayor Curley and Boston would do something magnanimous; these things have always been expected of your Honor, for you have constantly been first when anything has been wanted and needed for our veterans—and never have you failed them. Your subways, hospitals, and many other monuments too numerous to mention, built by veterans when work was difficult to obtain, is history.

This contribution of a thousand homes, while not a gift, and may we state here that the veterans do not want gifts, is giving them what they do want—the opportunity to bring up their families in the sanctity of their own homes. This you are making available to them, which is the finest foundation for our American way of life.

It is our humble opinion that of all the deserved monuments that you have created in Boston, these homes will be the greatest of them all. Countless numbers of unborn children will be given the opportunity to live in the sunlight; and be added to the thousands who pray every night and thank God that James M. Curley was born and lived to serve his people and make it possible to enjoy the privileges that their schools, hospitals, beaches, parks, etc., have afforded to them.

Not only do we wish to thank you again for what your program will mean to the City of Boston, but also for the impetus and example that it will give to the other communities in the country.

Sincerely yours,

EDWARD J. DEVENEY,
Administrative Secretary.

MAYOR CURLEY SEEKS INSTITUTIONAL HOMES FOR VICTIMS OF TUBERCULOSIS IN CONFERENCE AT GOVERNOR'S OFFICE.

On the morning of March 14 a conference was held in the office of His Excellency, Robert F. Bradford, Governor of Massachusetts, relative to the problem of proper disposition of state cases of tuberculosis hospitalized and not hospitalized in the City of Boston.

Those at the conference included his Honor, James M. Curley, Dr. James M. Faulkner, Dr. James W. Manary, Dr. John H. Cauley, Mr. Charles J. Fox, Mr. Rupert S. Carven, and Colonel Maxwell B. Grossman, Penal Institutions Commissioner.

The Mayor discussed with the Governor the problem of tuberculosis in Boston, and set forth that the Boston City Hospital, through the Sanatorium Division at Mattapan, is equipped with buildings, special equipment, and properly

staffed personnel, and outstanding specialists in the control of tuberculosis, and has an adequate number of hospital beds to care for all Boston settled cases of tuberculosis.

During the last four years, because of the State Department of Public Health being unable to accept the state settled cases of tuberculosis, it became the problem for the City Hospital to care for state settled cases of tuberculosis, in not only the sanatorium at Mattapan, but due to overcrowding at that institution, it was necessary to hospitalize tuberculosis cases in the general wards at the Boston City Main Hospital. This hospitalization exposed patients, personnel, internes, visiting staff, and all others, including visitors to the hospital, to tuberculosis.

In addition to these, there are many state settled cases at this time not at the hospital, but living within the city who are awaiting hospitalization in state institutions, whom the State is unable to accept for hospitalization, and these patients are usually required to wait a minimum of ten weeks to three months before facilities are available.

The Mayor requested the Governor to give immediate attention to the desirability of making available institutions in the State for adequate care of those cases of tuberculosis which are a state responsibility at the present time, but which are being treated at the Boston City Hospital and at private homes in the City of Boston.

The physicians present voiced the opinion of outstanding medical men in the Commonwealth, that this practice is not sanctioned by the State Medical Association, the Local Medical Association, or the various medical societies throughout the City of Boston, and tended to defeat the efforts of existing public health agencies to control tuberculosis.

MAYOR PLANNING FOR 1,000 HOMES FOR VETERANS — REPLIES TO CRITICS OF COMMON MEMORIAL FOR HEROES.

With reference to statements appearing in the morning press of March 14 in protest of memorials to the war dead, to be paid for from the George Robert White Fund, certain facts have been evidently overlooked absolutely, namely, that the expenditures from the White Fund are limited to certain works, which the city finds it difficult, if not impossible, to do with its own funds.

A memorial to the war dead of an enduring character, containing the names of all who died in defense of their country during World War II, has been under consideration for a long period of time. It is the judgment of the White Fund Trustees that a memorial such as contemplated, comes within the purview of the last will and testament of the late George Robert White, and that no more proper place could be found for its location than the sacred soil of Boston Common.

Other cities and towns throughout the country are erecting memorials of this character to their war dead and it is right and fitting that the City of Boston honor their men and women who lost their lives in World War II.

As regards housing for veterans, that is the obligation of the city, upon which the city is now working with a view to the erection, within the next twelve

months, of one thousand homes for veterans. There is no way in which the provisions of the will of the late George Robert White could be stretched to provide for other than what is specifically set forth in the will.

Action upon the proposed memorial has, as yet, not received the approval of the Boston Art Commission, which is necessary, and likewise has not received the acceptance of the George Robert White Fund Trustees. In other words, the proposal was received in December, and under the rules of the committee, was permitted to remain under consideration for a period of ninety days. The ninety days have elapsed and, at the proper time, final action will be taken.

LANDING PLACES FOR AIRPORT WATER TAXI SERVICE.

The following letter was on March 13 sent to Robert P. Curley, Commissioner of Public Works, by his Honor the Mayor:

DEAR SIR,—I am sending you herewith copy of a letter received this day from the President of the Boston Waterways, Inc., concerning landing places to be used in the operation of the ferry service from Boston Proper to East Boston.

I believe the assurances contained in the letter will eliminate any objections which might be raised regarding opening of city-owned bridges.

Respectfully,

JAMES M. CURLEY, Mayor.

BOSTON, March 13, 1947.

To the Mayor and City Council of the City of Boston in their capacity as County Commissioners of the County of Suffolk, Commonwealth of Massachusetts:

DEAR SIR,—In accepting the license issued to Boston Waterways, Inc., to operate a ferry service for hire across Boston Harbor, approved by the Mayor March 11, 1947, the licensee agrees that unless explicit written permission for a change is given hereafter by the licensing authority

(a) The regular landing place in Boston shall be on Fort Point Channel on the north side of the Congress Street Bridge; and

(b) On those occasions when because of the state of the tide it would not be possible for the boats of the licensee to reach or depart from this usual landing place without requiring the opening of the Northern Avenue Drawbridge, landings will be made at a secondary dock located north of the Northern Avenue Bridge.

Very truly yours,

BOSTON WATERWAYS, INC.,
By BEECKMAN L. FAIRBANK,
President.

EXTENSION OF CONTRACT.

SUPPLY DEPARTMENT.

Approval has been given to extend the completion date of the contract with the Warren Foundry and Pipe Company from December 31, 1946, to April 30, 1947. This extension is requested due to the difficulty they are experiencing in securing the needed materials to complete this contract.

MAYOR CURLEY FELICITATES PRESIDENT TRUMAN ON PLANS TO AID GREECE AND TURKEY.

The following letter was on March 13 sent to the President of the United States, Harry S. Truman, by his Honor the Mayor:

DEAR MR. PRESIDENT,—I wish you to know how profoundly impressed I was with your address of yesterday to the Congress of the United States.

It was one of the most straightforward, courageous and appealing messages ever delivered.

The American people are solidly behind you. By helping Greece and Turkey, and thereby establishing a front to halt the mushroom spread of Communism, we are helping ourselves and all the world.

You are steadily enhancing your stature among all of our people throughout the nation.

You have my highest esteem and good wishes.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

BIDS FOR SHIP CONSTRUCTION WORK.

His Honor the Mayor on March 13 received a communication which is in answer to a telegram he wrote with reference to a request of Local 25, RUMSWA, that the program for new construction and conversion of ships be adopted with an equitable distribution of such work to the Massachusetts area:

As you are aware, the Maritime Commission's presently proposed ship construction program for new construction and reconversion is severely restricted by budgetary limitations. However, for such construction and reconversion work as the Commission will be able to perform to carry on its long range program for a balanced merchant marine we are required by statute to make awards on the basis of competitive bidding by all qualified American shipbuilders irrespective of geographical location.

With respect to ship construction and reconversion in the Massachusetts area the shipbuilding division of Bethlehem Steel Company has previously arranged with the Commission that invitations to bid on any construction and reconversion work be forwarded by the Commission to the main office in New York with the understanding that Bethlehem will determine in the submission of bids the particular shipyard which it desires to perform the work in the event of an award of contract.

In this connection, Bethlehem's yard at East Boston has received three contracts for reconversion. Bethlehem's Fore River yard at Quincy, Mass., has not shown any interest in the performance of reconversion work although as you undoubtedly know, Bethlehem was the high bidder for the construction of three large combination cargo and passenger vessels intended for American Export Lines' Mediterranean service. Award of contract has been delayed pending the settlement of certain tax problems between American Export and the Bureau of Internal Revenue. During the coming months bids will be invited for a number of reconversions with respect to which

Massachusetts shipyards will have full opportunity to compete.

Sincerely yours,

RAYMOND S. McKEOUGH,
Commissioner.

VISITING FRENCH MERCHANTS PAY RESPECTS TO MAYOR CURLEY.

On March 13 his Honor the Mayor was visited in his office by members of the Federation Nationale Des Entreprises A Commerces Multiples. They are visiting in Boston, from March 13 to 15, as guests of the Retail Trade Board of Boston. The visitors are:

Mr. Jacques Lacour-Gayet, Membre de L'Institut de France (Academie des Sciences Morales et Politiques), President of the French Commerce Research Center, Vice President of the National Board of Commerce, President of the F.N.E.C.M., Chairman of Savoie-Dauphine Department Stores, Chairman of Radio-Luxembourg.

*Members of F.N.E.C.M., Department
Stores and Variety Chain Stores.*

Mr. Gerard Boulot, Commercial Manager of Bazar De L'Hotel-De-Veille, Paris. M. Rene Boulot (Brother).

Mr. Christian Bricard, General Manager of Belle Jardiniere, Paris.

Mr. Gabriel Brunner, Chairman of Brunner Stores, Nantes, Member of the Chamber of Commerce of Nantes.

Mr. Paul Chatin, Member of the Board of the F.N.E.C.M., Chairman of Chatin Stores, Grenoble.

Mr. Emile Decre, Member of the Board of the F.N.E.C.M., President of the Association of Nantes Department Stores, President of the Association of Independent Department Stores, Vice President of Confederation Francaise des Professions, General Manager of Decre Stores, Nantes.

Mr. Jean Demoge, Vice President of the Association of General Stores, Chairman of Uniprix, Paris.

Mr. Bernard Desenfans, Chairman of A La Cave Stores, Cambrai.

Mr. Lucien Dufoureaq-Lagelouse, Vice President of the F.N.E.C.M., President of the Association of Variety Chain Stores, Chairman of Au Soldat Laboureur Stores, Paris.

Mr. Jean Dumayet, Member of the Board of the F.N.E.C.M., President of the Association of Marseille Department Stores, Chairman of Pardame Stores, Marseille.

Mr. Pierre Fournier, General Manager of Maison Universelle Stores, Saintes.

Mr. Roger Gompel, Vice President of the Association of General Stores, Chairman of Paris-France, Paris.

Mr. Marcel Huet, Member of the Board of the F.N.E.C.M., President of the Association of Le Havre Department Stores, Chairman of A La Boule D'Or Stores, Le Havre.

Mr. Camile Haqueberge, Sales Manager, Au Printemps, Paris.

Mr. Andre Jeanieur, General Manager of Jeanteur Stores, Charleville.

Mr. Pierre Lajaunie, Member of the Chamber of Commerce of Paris, Vice President of the Association of Variety Chain Stores, Managing Director of Au Printemps, Paris, Chairman of the Societe Des Magasins A Prix Uniques, Paris.

Mr. Emile Legros, General Manager of Societe Du Louvre, Paris.

Miss J. Lehmann, General Manager of Nouvelles Galeries Stores, Royan.

Mr. Robert Roisse, President of Association des Anciens Elèves de l'école Centrale des Arts et Manufactures, Technical Manager of Au Printemps, Paris.

Mr. Eugene Simon, Vice President of the F.N.E.C.M., President of the Association of Lyon Department Stores, Chairman of Cremieux Stores, Lyon.

Staff.

Mr. Michel Jarre, Technical Adviser of the F.N.E.C.M., Manager of Editions Spid Paris, Treasurer of Franco-American Liberator.

*Comite D'Action, Economique Et
Douaniere.*

Mr. Paul Naudin, General Manager.

Mrs. Belin, General Manager of Credit Industriel, London.

The Federation Nationale des Entreprises A Commerces Multiples (F.N.E.C.M.) is the biggest French association of merchants engaged in the retail and distributing trade and the delegation arriving in this city is composed of the leading French executives in the field of merchandising and retail selling, being the owners and the officers of the most important department stores and retail sales corporations of Paris and other French commercial centers.

The delegation will be headed by Mr. Jacques Lacour-Gayet, President of the F.N.E.C.M. Jacques Lacour-Gayet, who is a distinguished writer and historian, is the author of several important essays on philosophical, sociological and economic subjects and a member of the Institute of France (Academie des Sciences Morales et Politiques). He is also President of the Centre d'Etudes du Commerce Francais and Vice President of the Conseil National du Commerce.

The idea of a trip started a few days after V-J Day, when in the apartment of Mr. Lacour-Gayet in Paris, a lunch was given to the President of the National Dry Goods Association; to Dean Edwards of the New York University; and to Mr. Kenneth Collins, then the head of the Paris *Herald Tribune*; Mr. Laguionie, Managing Director of Au Printemps, Paris, and Mr. Gompel, Chairman, of Paris, France, were also present. All felt that a new era was beginning and that, more necessary than ever, the merchants of the United States and of France should get together to tie new bonds of friendship and exchange ideas about the best way to give better service to their customers.

During their stay in the United States, the French delegates will familiarize themselves with American business methods used in department stores, specialty shops, purchasing groups, chain stores, etc., and will visit men's and women's clothing manufacturers, five and ten cent stores, specialty stores, modern installations, etc.

It is worth noting that this is the first time that such an important delegation of leading French merchants and heads of department stores is visiting the states in order to meet their American colleagues and to study American business methods.

The trip has been made possible thanks to the valuable cooperation of the Boston Retail Trade Board and of the National Retail Dry Goods Association. It will, no doubt, establish closer understanding between American and French businessmen, and will greatly contribute to promote and develop free trade relations between France and the United States.

TO REDUCE SINKING FUND DEBT REQUIREMENTS BY APPLICATION OF WATER DEPARTMENT RECEIPTS SURPLUS.

BOSTON, February 27, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—According to the records of this office, the receipts of the Water Division of the Public Works Department in 1946 exceeded total expenditures by \$2,558,966.89. Under the provisions of section 1 of chapter 324 of the Acts of 1914, this surplus "shall be used to meet interest and sinking fund requirements or serial loan payments on any debt of the City of Boston." I respectfully request your approval of my application of this surplus in the manner as prescribed by the statute previously mentioned. Your approval of this application will, in effect, reduce the amount to be provided in the tax levy for debt requirements by an amount equal to the surplus.

Respectfully,

CHARLES J. FOX,
City Auditor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

HOSPITAL DEPARTMENT.

General Division.

For the week ending February 11:

The following permanent employees have been appointed:

John J. Shea, 41 Atkins street, Brighton, from chauffeur-laborer at \$41.76 a week as chauffeur and \$38.76 a week as laborer to laborer at \$38.76 a week.

The Mayor has approved the following leaves of absence:

HOSPITAL DEPARTMENT.

Mary I. Vaccaro, 229 Marion street, East Boston, hospital medical worker, \$24 a week.

INSTITUTIONS DEPARTMENT.

Mary F. Fitzgibbon, 25 Thornton street, Roxbury, graduate nurse, \$1,800 a year.

OVERSEERS OF PUBLIC WELFARE.

Henry G. Mallowney, 1 Vista street, Roslindale, social worker, \$2,500 a year.

Philip McArdle, 71 Moraine street, Jamaica Plain, social worker, \$2,300 a year.

Vincent R. Esposito, 193 North street, Boston, social worker, \$2,200 a year.

Edith Goldberg, 26 Angell street, Dorchester, clerk and typist, \$1,800 a year.

John P. Quinn, 67 Chelmsford street, Dorchester, social worker, \$2,400 a year.

PUBLIC WORKS DEPARTMENT.

John A. Caulfield, 702 East Fourth street, South Boston, laborer, \$38.76 a week.

VETERANS' RETIREMENT.

The following employees of the City of Boston have filed applications for retirement under the Veterans' Retirement Act:

H. Dana Strother, also called Homer D. Strother, 21 Kemper street, Wollaston, assistant director in the Music Division of the School Department.

Michael Joseph Gould, 66 Perthshire road, Brighton, fireman, first class, in the Engineering Division of the Hospital Department.

Henry A. Weiss, 38 Woodville street, Roxbury, patrolman in the Eighth Division of the Police Department.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing groundwood-sulfite writing paper in packages and blocks for Boston public schools. Bids, opened Monday, January 27, were received from the following concerns:

E. E. Babb & Co., Gledhill Brothers, Inc., J. L. Hammett Company.

Award was made to the lowest responsible bidder in accordance with specifications and standards, and contract was awarded as follows:

February 19, 1947, J. L. Hammett & Co., \$9,198.40.

The School Committee has approved proposals for furnishing bread and rolls for Boston public school cafeterias. Bids, opened Wednesday, January 22, were received from the following concerns:

General Baking Company, Gentles Baking Company, Hathaway Bakeries, Inc.

Award was made to the lowest responsible bidders in accordance with specifications and standards, and contract was awarded as follows:

February 19, 1947, Gentles Baking Company (bread), \$6,684.

March 10, 1947, Hathaway Bakeries, Inc., \$1,766.

The School Committee has approved proposals for furnishing large incandescent electric lamps for Boston public schools. Bids, opened Thursday, December 26, 1946, were received from the following concerns:

Bell Electric Supply Company, Cooper Electric Supply Company, Eagle Electric Supply Company, Graybar Electric Company, Marshall & Co.

Award was made to one of the lower responsible bidders in accordance with specifications and standards, and contract was awarded as follows:

January 15, 1947, Bell Electric Supply Company, \$5,000.

SUPPLY DEPARTMENT.

Upon February 3 the Mayor approved a contract with Marshall & Co. for furnishing and delivering large incandescent lamps to the various city departments. The approximate total amount of the contract was \$12,000.

Bids, opened February 17, were as follows:

Discount from Standard List, Standard Package Quantity.—Marshall & Co., 37 per cent; Eagle Electric Supply Company, 35 per cent; General Electric Company, Lamp Division, 33 per cent.

Discount from Standard List, Broken Package Quantity.—Marshall & Co., 32 per cent; Eagle Electric Supply Company, 30 per cent; General Electric Company, Lamp Division, 28 per cent.

Cash Discount, Ten Days.—Marshall & Co., 2 per cent; Eagle Electric Supply Company, 2 per cent; General Electric Company, Lamp Division, 2 per cent.

Lamp to be Furnished.—Marshall & Co., Champion; Eagle Electric Supply Company, Sylvania; General Electric Company, Lamp Division, General Electric.

Upon February 3 the Mayor approved a contract with bidders according to the following letter:

BOSTON, January 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached is list of bids received on proposals for furnishing paper requirements for the various city departments which were publicly opened and read at this office on January 27, 1947, for a period from February 15 to May 15, 1947.

Owing to the extreme shortage of paper products which has existed for quite a few years, this office was unable to secure bids on four out of six of the items listed on the proposals.

In view of this situation, I would respectfully request that permission be granted me to purchase the items listed in the open market as needed, without entering into a written contract, as it has been the experience of this department to purchase this material considerably cheaper through the open market method than by means of publicly advertising for bids.

It is my intention, when the situation in the paper market becomes normal, to again open publicly advertised bids for competition, but it is my firm belief that the best interests of the city would be served, at the present time, by purchasing these items in the open market.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

Item 1. 300 Cases Oval Toilet Paper.—No bids.

Item 2. 50 Cases Single Interfolded Toilet Paper.—No bids.

Item 3. 100 Cases Double Interfolded Toilet Paper.—No bids.

Item 4. 50 Cases Roll Toilet Paper.—No bids.

Item 5. 500 Cartons Multifolded Paper Towels, Per Case.—Stimpson, Inc., \$4.70 (acceptance by February 6, 1947, delivery on or before March 8, 1947); Ralph F. Bass, Inc., \$4.30 (brown), 450 cases on hand; \$4.75 (white), 400 on hand; Carter, Rice & Co. Corporation, \$4.70* (for immediate delivery within 30 days only).

Item 6. 125 Cartons Single Folded Paper Towels, Per Case.—Stimpson, Inc., \$3.39 (acceptance on February 6, 1947, delivery on or before March 8, 1947); Ralph F. Bass, Inc., \$4.30 (brown); \$4.75 (white); Carter, Rice & Co. Corporation, \$2.90.

Discount.—Stimpson, Inc., 2 per cent, 31 days; Ralph F. Bass, 1 per cent, 10 days; Carter, Rice & Co. Corporation, 2 per cent, 10 days.

* Cannot protect price for 90 days.

Upon March 3 the Mayor approved a contract with the Cambridge Cement Stone Company for furnishing sectional grave liners to the Park Department (Cemetery Division). The total amount of the contract was \$2,860, less a cash discount of 2 per cent for payment within ten days.

Bid, opened February 10, was as follows:

Item 1. 100 Sectional Liners, No. 86.—Cambridge Cement Stone Company, \$13 each.

Item 2. 100 Sectional Liners, No. 88.—Cambridge Cement Stone Company, \$13 each.

Item 3. 20 Sectional Liner Covers for No. 86.—Cambridge Cement Stone Company, \$6.50 each.

Item 4. 20 Sectional Liner Covers for No. 88.—Cambridge Cement Stone Company, \$6.50.

Cash Discount.—2 per cent, ten days.

Upon March 3 the Mayor approved a contract with bidders as indicated for furnishing tobacco to the various city departments. The total amounts of the contracts were as follows:

Madden's Wholesale Tobacco Company, \$2,887.50, discount, 2 per cent, 10 days; Larus & Brother Company, Inc., \$3,175, net.

Bids, opened February 10, were as follows:

550 Gross "Our Advertiser," or Equal.—Larus & Brother Company, Inc., \$10 per gross, "Hi Plane," 1½ ounces, "Union Jack," 1½ ounces; James J. Duffy, \$5.30 per gross; Madden's Wholesale Tobacco Company, \$5.25 per gross,* "Our Advertiser."

5,000 Pounds Plug Tobacco.—Larus & Brother Company, Inc., 63.5 cents per pound* (5 to pound).

Discount.—Larus & Brother Company, Inc., net; James J. Duffy, 2 per cent, 10 days; Madden's Wholesale Tobacco Company, 2 per cent, 10 days.

* Contract awarded.

Upon March 3 the Mayor approved a contract with the Massachusetts Envelope Company for furnishing paper drinking cups to the various city departments. The total amount of the contract was \$5,497.50, with a 2 per cent cash discount for payment in ten days.

Bids, opened February 11, were as follows:

3,000,000 Drinking Cups, Flat Bottom, One Piece, Per M.—Carter, Rice & Co. Corporation, \$1.77, "Lilly," No. 450 P. B.; Massachusetts Envelope Company, \$1.77,* "Sunshine"; Lilly-Tulip Cup Corporation, \$1.77, "Tulip," No. 450 P. B.

150,000 Drinking Cups, Envelope Style, Per M.—Massachusetts Envelope Company, \$1.25,* "Meco."

Cash Discount.—Carter, Rice & Co. Corporation, 2 per cent, 10 days; Massachusetts Envelope Company, 2 per cent, 10 days; Lilly-Tulip Cup Corporation, 2 per cent, 10 days.

* Contract awarded.

Upon March 3 the Mayor approved a contract with J. L. Steeves for furnishing one new heavy duty service truck to the Water Service of the Public Works Department. The total amount of the contract was \$7,500.

Bid, opened Friday, February 7, was as follows:

J. L. Steeves, list price, \$7,500; less taxes, none; less discount, none; net price, \$7,500.

Remarks.—Year of truck not specified; no cash discount; only bidder.

Upon March 3 the Mayor approved a contract with the Sparrow-Chisholm Company for delivering 100,000 yards of towelling to the Park Department.

Bid, opened February 3, was as follows: 100,000 Yards of Towelling, Per Yard.—Sparrow-Chisholm Company, 17.5 cents; total, \$17,500.

Upon March 3 the Mayor approved a contract with the American Gas Accumulator, Signal Service Division, for furnishing reflector buttons to the Boston

Traffic Commission. The total amount of the contract was \$1,090.50.

Bid, opened February 25, was as follows: 1,000 Reflector Buttons, No. 1, Each.—American Gas Accumulator, Signal Service Division, 6.4 cents.

6,000 Reflector Buttons, No. 2, Each.—American Gas Accumulator, Signal Service Division, 6.7 cents.

5,000 Reflector Buttons, No. 3, Each.—American Gas Accumulator, Signal Service Division, 6.25 cents.

3,000 Reflector Buttons, No. 5, Each.—American Gas Accumulator, Signal Service Division, 6.1 cents.

1,000 Reflector Buttons, No. 1, Red, Each.—American Gas Accumulator, Signal Service Division, 6.4 cents.

1,000 Reflector Buttons, One and One Quarter Inch, Oval, Each.—American Gas Accumulator, Signal Service Division, 6.5 cents.

Total.—American Gas Accumulator Signal Service Division, \$1,090.50.

Remarks.—Prices quoted are net, 30 days.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, mercantile houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, February 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is respectfully requested for entering into a service agreement for the year 1947 with the International Business Machines Corporation for the preparation of varied miscellaneous reports from punched record cards furnished by the library. This is a service which has been performed by the International Business Machines Corporation for the library for many years. During 1947 the cost will be approximately \$1,400. Inasmuch as this is in excess of \$1,000, and since this service can be obtained only from the International Business Machines Corporation, it is necessary to obtain your approval for entering into this agreement without public advertising for competitive bids.

Your approval of entering into this agreement is hereby respectfully requested.

Respectfully,

ABRAHAM E. PINANSKI,
President.

PARK DEPARTMENT.

BOSTON, February 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The Board of Park Commissioners respectfully requests permission to arrange for the repair of the steam and gas rollers in this department. It is customary at this season of the year to have this equipment repaired so that it may be in proper condition for the rolling of park and playground areas early in the spring. These areas must be rolled and leveled off so as to be ready for use by the public when our out-door programs begin.

For the past several years this work has been done by the Clyde Everett Equipment Company, of Cambridge, Mass., who are the New England agents of the Buffalo-Springfield Road and Street

Roller Company. The rollers were originally purchased from this company, and I believe they are the proper ones to make the repairs.

This concern, the Clyde Everett Equipment Company, has submitted an estimate for the complete repair of four rollers in the amount of \$1,824.96.

Accordingly, I respectfully request that we be allowed to have this company do the work and to pay them on a service order, same to be charged to B-39, Park Department budget.

Respectfully yours,

T. C. HAFFENREFFER,
Acting Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, February 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of February 14, 1947, invitation bids were extended for transplanting trees in Gallivan Boulevard, Dorchester, between Granite and Neponset avenues, to four firms in the greater Boston area most qualified to perform this type of work.

In response to this invitation bids were received February 21, 1947, from three of the four firms requested to furnish bids as follows:

Eastern Tree and Landscape Corporation, \$2,781; N. E. Tree Expert Company, Inc., \$2,850; White Frank, Inc., \$3,300.

The transplanting work under this proposed contract is in conjunction with a chapter 90 appropriation from the Commonwealth in connection with work on the Gallivan Boulevard roadway, and this department is desirous that the transplanting of the trees commence at once upon the execution of a contract for this work.

Your approval is respectfully requested to the award of a contract, without publicly advertising for bids, to the Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, Mass., on the basis of the low bid submitted by them in response to invitation of February 14, 1947, in the sum of approximately \$2,781.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, January 31, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department has received an offer from Stop & Shop, Inc., for furnishing 40,000 pounds of bread flour at a price of \$5 per hundredweight. This office recently opened a publicly advertised bid for 600 bags of bread flour and the lowest price quoted was \$6.34 per hundredweight.

I have not solicited bids for bread flour for the usual length of contract, namely, six months, because this office is in receipt of advice from reputable agencies that a decline in price of bread flour is anticipated in the near future, and this purchase will take care of the requirements of the various city departments for a sufficient length of time until we are again able to offer proposals for the routine contracts through the means of public advertisement.

In view of the above, I would respectfully request that permission be granted me to award a contract, without public advertisement, to Stop & Shop, Inc., for

40,000 pounds of bread flour at a price of \$5 per hundredweight for delivery to the various city institutions.

The total amount of the award will be \$2,000.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 24, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—It is respectfully requested that permission be granted me to award an order, without public advertising, to A. Sandler, 185 Essex street, Boston, for 532 pairs of shoes for the Child Welfare Division of the Institutions Department.

The A. Sandler Company is giving the city an excellent price on these shoes because they are broken sizes and widths. For the best interests of the city, it is recommended that you approve the awarding of the above merchandise to A. Sandler.

The cost of the shoes is \$3.50 per pair; total amount of the order, \$1,862.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 25, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On October 23, 1946, you granted permission to this office to award contracts to the Eastern Salt Company and the Atlantic Salt Company for furnishing to the Water Service 1,000 bags of rock salt, bulk, at a price of \$10.40 per ton.

On January 1, 1947, the Interstate Commerce Commission authorized an increase in the freight rates of 40 cents per ton. In view of this action by the Interstate Commerce Commission, I would respectfully request that permission be granted me to amend the contracts by providing for payment to both contractors at a price of \$10.80 per ton on Item 1 of the contracts mentioned above.

No advantage would accrue by further public advertisement for bids because the Interstate Commerce Commission freight increase would be included in the price quoted by every supplier.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 28, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In the purchase of clothing for the Child Welfare Division of the Institutions Department, it has been found necessary to depart from the usual method of publicly advertising for our needs in order that the department may take advantage of spot offerings of this class of merchandise which occurs frequently and is productive of a great saving to the department.

If the department were to follow the customary procedure of public advertising for our annual requirements of this commodity it would deprive us of the opportunity of accepting specially priced offerings which, in the past, have resulted in considerable saving to the city.

I would request, therefore, that permission be granted me to purchase clothing for the Child Welfare Division

amounting to \$2,000 or more in the open market, without public advertisement, for the reasons outlined above.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

MUNICIPAL COURT OF CHARLESTOWN.

BOSTON, February 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under the provisions of chapter 156 of the Acts of 1939, it is respectfully requested that advertising be dispensed with for the budget items of this court as listed below for the reasons set forth.

B-4. Transportation of Persons. This covers commitment of persons by the Court Officer to Charles Street Jail, House of Correction at Deer Island, and occasionally to the State Hospital at Mattapan.

D-1. Office Supplies. This includes cost of U. S. postage; balance of account includes cost of all printing, docket sheets, forms, office supplies, etc.

Respectfully yours,

JAMES J. MULLEN, *Clerk.*

REALLOCATIONS AND AMENDMENTS OF BUDGET APPROPRIATIONS.

The Mayor has approved the requests of the various departments for the transfer or reallocation of appropriations as follows:

FIRE DEPARTMENT.

BOSTON, February 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Will you kindly make the following transfer, for the reason stated below:

From Reserve of Department Equipment Loan, \$0.98, to Fire Department, Electrical Inspection Division, Office Equipment Loan, \$0.98.

The amount in Office Equipment Loan was insufficient for the purchase of a typewriter which is necessary to carry on the work.

Respectfully,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, February 7, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to reallocate funds as follows:

Departmental Equipment Loan.

From Machinery Equipment, \$1,000, to Electrical Equipment, \$1,000.

To provide for purchase of dishwasher and frigidaire for Nichols Building.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON, February 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to transfer funds as follows:

Departmental Equipment Loan.

From Motor Vehicles Equipment, Long Island Hospital, \$650, to Motor Vehicles Equipment, Central Office, \$650.

To provide additional funds required for purchase of nine-passenger DeSoto custom suburban wagon, 1947 model, in place of Buick sedan which was originally requested. (See Central Office Requisition No. 12 under Equipment Loan.)

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 25.

I. OFFICER IN CHARGE OF DRILLING AND TRAINING OF MEMBERS.

Effective at 8 a. m., Monday, March 10, 1947, Deputy Chief Dennis J. Coughlin, at his own request, will be relieved as officer in charge of drilling and training of all members of the department.

Effective at the same time and date, District Chief John J. Crehan is hereby designated as officer in charge of drilling and training of all members of the department.

II. ASSIGNMENTS OF PROVISIONAL FIREMEN.

The following assignments of provisional firemen, effective at 8 a. m., March 12, 1947, are hereby announced: Norman L. Maddock to Engine 13. Robert J. Roy, Jr., to Engine 40. Daniel L. Crowley to Engine 9. Paul D. Craven to Ladder 6. George P. Duclos to Ladder 32. Walter E. Paris, Jr., to Engine 19. Joseph W. Mandeville to Engine 51. John J. McLaughlin to Ladder 2. Eugene G. Dinneen to Ladder 29. Robert C. Merritt to Ladder 8.

III. TRANSFERS.

The following transfers, effective at 8 a. m., Wednesday, March 12, 1947, are hereby announced:

Apparatus Operator William H. Loughlin, from Engine 2 to Engine 54. Hoseman Frank I. Benford, from Engine 27 to Engine 50.

Hoseman William A. Stowe, from Engine 44 to Engine 22.

Provisional Fireman Frank S. Douglas, from Engine 22 to Engine 44.

Hoseman John F. Booth, from Engine 40 to Engine 2.

Provisional Fireman Andrew V. Smith, from Ladder 8 to Engine 50.

Provisional Fireman Walter W. Corwin, Jr., from Engine 50 to Engine 27.

IV. REINSTATEMENT.

The following reinstatement of member, effective at 8 a. m., Wednesday, March 12, 1947, is hereby announced:

William E. Powers to Engine Company 9.

V. RESIGNATION.

The following resignation, effective at 8 a. m., Thursday, March 6, 1947, is hereby announced:

Provisional Fireman Thomas J. Guiney, Jr., Engine Company 20.

By order of Fire Commissioner RUSSELL S. CODMAN, Jr.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 849.

Patrolman Henry A. Weiss, Division 8, honorably discharged veteran of

World War I, having arrived at the age of fifty years, having been in service of the Boston Police Department for twenty-one years, and having requested retirement under provisions of section 56, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, that said Patrolman Henry A. Weiss be retired from active duty in the Police Department, and that his name be placed upon our pension roll at the rate of one half the compensation received by him in office from which he is retired; effective Tuesday, March 4, 1947, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 850.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Tuesday, March 4, 1947, at 9 o'clock a. m.:

Patrolman Joseph M. Mullen to Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 859.

The resignation of Patrolman James J. Donlin of Division 6 having been presented, it is hereby accepted, to take effect on Saturday, March 15, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 860.

Transfer of the following-named person from Superintendent's Office (armed service roll) is hereby ordered; effective Thursday, March 13, 1947, at 9 o'clock a. m.:

Patrolman Julian J. Rudack to Division 3.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 861.

The resignation of Patrolman John F. Glazebrook of Division 16 having been presented, it is hereby accepted, to take effect on Wednesday, March 19, 1947, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 862.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement

Board has approved for retirement on account of accidental disability, the following-named police officer; effective at the close of business Saturday, March 1, 1947.

Wherefore, In view of this operation of law, after March 1, 1947, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Lawrence F. McCarthy, Division 2.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 863.

The following-named persons are hereby appointed permanent patrolmen in this department and are assigned as follows; effective Wednesday, March 19, 1947, at 10.30 o'clock a. m.:

William R. Connolly to Division 2.
Mark J. Connolly to Division 4.
James N. Cotter to Division 6.
James P. McLaughlin to Division 9.
Joseph A. Ferrule to Division 10.
Mathias Sutton to Division 11.
Edward A. Gibbons, Jr., to Division 13.

George L. Powell to Division 14.
James F. Doherty to Division 15.
William J. Crowley to Division 16.
Joseph R. Goldrick to Division 17.
James J. MacDonald to Division 19.
James P. Walsh to Division 19.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to a defect in the roadway of Stuart street adjacent to the excavation for the John Hancock Insurance Company Building addition, estimated to be three (3) weeks, the following rules are effective March 13, 1947:

PROCEEDINGS OF CITY COUNCIL.

Monday, March 10, 1947.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President KELLY in the chair. Absent, Councilors Fish and Scannell.

The meeting was opened with the salute to the Flag.

Coun. BAYLEY—Mr. President.

President KELLY—Councilor Bayley.

Coun. BAYLEY—Mr. President, I would like to call to your attention and that of the members of this Body the salute we are using. Chapter 607, Public Law 287, House Joint Resolution 180, approved December 28, 1945, provides "Section 7 of Public Law Numbered 623 of June 22, 1942, entitled to codify and emphasize existing rules and customs pertaining to the display and use of the flag of the United States of America as amended, is amended to read as follows:

'Section 7. The following is designated as the pledge of allegiance to the flag: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands—one Nation, Indivisible, with Liberty and Justice for all." Such pledge should be rendered by standing with the right hand over the heart. However, civilians will always show full respect to the flag when the pledge is given by merely standing at attention, men removing the headress. Persons in uniform shall render the military salute."

Mr. President, I believe under those terms, whoever gives the salute should salute with his right hand over his heart and the rest of the members at attention in accordance with the Act of Congress approved December 28, 1945.

President KELLY—In view of the Federal statute, starting next Monday the President of the Council will salute the Flag in that manner, and the rest of the Council stand at attention.

ANGLE PARKING, DAY SQUARE, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, March 3, 1947.
To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Traffic Commission, relative to your order of December 8, 1946, concerning the making of arrangements for angle parking at Day square, East Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, February 28, 1947.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—This is in reply to Council order dated December 9, 1946, which reads as follows:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make arrangements for angle parking at Day square, East Boston.

At a meeting of this Commission held on February 27, 1947, it was voted to lay this matter on the table until more specific locations in Day square are requested.

Very truly yours,
WILLIAM F. HICKEY, Commissioner.

Placed on file.

SALE OF LAND AT COMMONWEALTH AND CHESTNUT HILL AVENUES.

The following was received:

City of Boston,
Office of the Mayor, March 8, 1947.
To the City Council.

Gentlemen,—An order was submitted to your Honorable Body on January 6, 1947, for the sale of land at Commonwealth and Chestnut Hill avenues, Brighton, at public auction, at an upset price of \$110,000.

It is my understanding that your Body has given this order one reading. I respectfully request that a second reading be given this order at an early date.

It would appear desirable and in the best interest of the city that prompt action in this matter be taken, especially in view of the fact that it is possible, at this time, to realize more from the sale of this land than may be possible at a later date.

Respectfully,
JAMES M. CURLEY, Mayor.

Referred to Executive Committee.

SALE OF PROPERTY TO ELIOT SQUARE POST.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1947.
To the City Council.

Gentlemen,—On March 3, 1947, I transmitted to your Honorable Body an order for the sale of land and building at Elmwood street, Roxbury, to the Eliot Square Post of the American Legion, for the sum of \$200.

On further consideration, and in order to comply with a policy of selling all public lands at public auction, I hereby respectfully request your Honorable Body to reject, without further consideration, the above-described order.

I am, however, transmitting this day an order for the sale of this property at public auction, and it is my hope that the Eliot Square Post of the American Legion are the eventual purchasers, in that this organization are the present tenants of this property and have, I am informed, spent considerable money in renovating the premises.

Respectfully,
JAMES M. CURLEY, Mayor.

Referred to Committee on Public Lands.

SALE OF PROPERTY ON ELMWOOD STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1947.
To the City Council.

Gentlemen,—I submit herewith an order for the sale of land and building on Elmwood street, Roxbury, no longer needed for any public purpose. The order contemplates the sale of this property, at public auction, at an upset price of two hundred dollars.

This order is in substitution for the order submitted to your Body on March 3 which, under separate message, I have requested your Body to reject without further consideration.

Before the property in question can be used satisfactorily for any purpose, a considerable expenditure must be made. Consequently, I have accepted the recommendation of the Superintendent of Public Buildings that it be sold for not less than two hundred dollars.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately three thousand five hundred nine (3,509) square feet of land, together with the building thereon, situated on the westerly side of Elmwood street, at the corner of Elmwood court in the Roxbury district of the City of Boston; and

Whereas, The said parcel of property is no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Superintendent, Public Buildings Department of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at public auction at an upset price of two hundred dollars (\$200), all the City of Boston's right, title and interest in and to said parcel of property, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to a purchaser at said public auction a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all the City of Boston's right, title and interest in and to said parcel of property, hereinafter described. The said parcel of property is bounded and described as follows:

Easterly by the westerly line of Elmwood street, thirty-nine and 95-100 (39.95) feet; southerly by land, now or formerly of John C. Goehring *et al.*, and of Carl Bisenbach *et al.*, eighty-one and 30-100 (81.30) feet; westerly by other land of the City of Boston by a line through the center of brick wall, forty-eight (48.00) feet; northerly by the southerly line of Elmwood court, seventy-nine and 14-100 (79.14) feet, containing three thousand five hundred nine (3,509) square feet of land, more or less. Said parcel of land, the location of the building thereon, and all of said measurements are shown on a plan marked "City of Boston, Elmwood Court, Elmwood Street, Roxbury, February 11, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

TRANSFER OF LAND TO FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 10, 1947.
To the City Council.

Gentlemen,—I transmit herewith an order for the transfer of 417 square feet of land in the rear

of Charter street, North End, from the Board of Real Estate Commissioners to the Fire Department.

In the construction of a new fire house at this location, it is desirable that this additional piece of land be available.

I, therefore, respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Real Estate Commissioners,
March 10, 1947.

Hon. James M. Curley,
Mayor of Boston.

My dear Mr. Mayor,—I am presenting for your approval and that of the City Council, four copies of an order for the transfer from the Board of Real Estate Commissioners to the Fire Department, of the following property, to be used for the location of a new fire house:

Land lying in the rear from the southwesterly side of Charter street, area, 417 square feet. File, M-173.

Very truly yours,
IRVING LEWIS, Chairman.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated February 28, 1947, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 6042, page 473, on about four hundred seventeen (417) square feet of land lying in the rear from the southwesterly side of Charter street, Boston; and

Whereas, The Fire Department has requested that the aforesaid parcel of foreclosed tax title property be transferred to the Fire Department for the purposes of establishing thereon a fire house; now, therefore, it is hereby

Ordered, That the aforesaid parcel of foreclosed tax title property be, and the same hereby is, transferred from the care, custody, control and management of the Chairman, Board of Real Estate Commissioners, to the care, custody, control and management of the Fire Department for Fire Department purposes.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz:

Claims.

Blacker & Shepard Company, for compensation for damage to car by fire apparatus.

R. A. Buccella & Sons, to be paid for sewerage work done in Appleton street.

William Corbin, for compensation for loss of clothing at City Hospital.

James E. Coyle, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

Richard DeCoursey, for compensation for loss of time and money as taxi driver caused by damage to taxi on Everett street.

Leo L. Duffy, for compensation for loss of clothing while patient at City Hospital.

Gertrude R. Ellis, for compensation for damage to property at 19 Mt. Vernon avenue, caused by truck of Fire Department.

R. W. Foley, for compensation for damage to car by fire apparatus.

John F. Gallagher, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

John M. Kelly, for compensation for damage to car by fire apparatus.

Lillian Lookner, for compensation for damage to property at 38 Walnut park, Roxbury, caused by defective sewerage system.

Elinor McLaughlin, for compensation for injuries caused by an alleged defect in Southbourne road.

Mary McMillan, for compensation for injuries caused by an alleged defect at 106 Westville street.

Catherine A. Murphy, for compensation for damage to car caused by an alleged defect in Everett street, Brighton.

Walter A. Ramsey, for compensation for injuries caused by city car.

Thomas P. Ryan, to be reimbursed as result of accident which occurred while in performance of duty as employee of Public Works Department.

Robert E. Smith, *et al.*, for compensation for injuries and damage to property at 106 Clare avenue, Hyde Park, caused by backing up of sewerage.

Eugene Sullivan, for compensation for damage to car caused by an alleged defect in East Cottage street.

William P. Gross, for compensation for clothing lost at City Hospital.

Executive.

Petition of Bridget A. Lynch to be paid annuity on account of death of husband, Patrick W. Lynch, late member of Fire Department.

PERMITS FOR CHILDREN TO APPEAR.

Petitions for children under 15 years of age to appear at places of public amusement were received as follows:

New England Chapter of R. S. R. O. A. (Bal-A-Rone), Boston Garden, March 17.
D. Tierney, Jordan Hall, March 14, 18.
Norris Studio of Dancing, Jordan Hall, June 7.
Rev. Thomas J. Burns, J. P. Timilty Hall, March 9.
Maria Paparello, Jordan Hall, June 3.
Permits granted under usual conditions.

DESIGNATION OF ACTING TRAFFIC COMMISSIONER.

Notice was received from the Mayor of designation of Robert P. Curley, Commissioner of Public Works, as Acting Traffic Commissioner.
Placed on file.

APPOINTMENT OF TRAFFIC COMMISSIONER.

Notice was received from the Mayor of appointment of Leo F. Curley, 122 Bowdoin street, to be Traffic Commissioner for term ending April 30, 1948, *vice* William P. Hickey, deceased.
Placed on file.

STATEMENT BY PRESIDENT KELLY.

President KELLY—The Chair desires to make a statement. The Chair will state that no debate or discussion will be permitted at today's meeting concerning the rumors or charges of irregularities in the city government. The Chair takes official notice that the District Attorney has these matters under scrutiny and investigation, and for that reason the Chair feels that these matters should not be further discussed in this Body until the present investigation has come to a conclusion. Consequently, the Chair now announces he will rule as out of order any attempt either by point of personal privilege, or otherwise, to discuss any matters concerning prevalent rumors or charges. The Chair is of the opinion, under the circumstances, this Chamber is not the proper place to debate such matters, which are or may be under scrutiny by responsible legal officials. The Chair hopes the membership will understand the motive for this ruling, and will accept it as made in good faith and with good intentions, and the Chair sincerely hopes he will not be forced to make any rulings on this matter today.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

1. Report on petition of Boston Elevated Railway Company (referred January 13) to operate motor vehicles between Maverick street and Logan Airport—recommending that leave be granted.
The report was accepted, and the permit was granted under usual conditions.

2. Report on petition of Alvaro Mezzetti, basement, South Station (referred February 3) to operate bowling alleys on the Lord's Day—that same be granted.

Report accepted; permit granted under usual conditions.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. BRYAN, for the Committee on County Accounts, submitted the following:

Report on message of the Mayor and order (referred March 3) amending Compensation and Classification Plans, Registry of Deeds—that same ought to pass.

The report was accepted, and the order was passed.

THE NEXT MEETING.

President KELLY—The Chair will accept a motion that when we adjourn today, we adjourn for two weeks from today on account of next Monday being a holiday.

Coun. SULLIVAN—I make the motion, Mr. President.

President KELLY—Councillor Sullivan makes a motion that when we adjourn today we adjourn for two weeks from today, to March 24.

The motion was carried.

RECESS.

Coun. SULLIVAN—I move we now take a recess for the purpose of going into Executive Session.

President KELLY—Councillor Sullivan moves that we now take a recess for the purpose of going into Executive Session.

The Council went into Executive Session at 2.16 p. m., on motion of Councillor Sullivan, subject to the call of the Chair.

The members reassembled and were called to order by President Kelly at 2.55 p. m.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. BRYAN, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment of John P. Cronin (referred March 3) to be Constable, without power to serve civil process and to serve without bond, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of Sidney M. Liner (referred March 3) to be Weigher of Coal, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of Edward D. Landry (referred March 3) to be Weigher of Goods, for term ending April 30, 1947—recommending that appointment be confirmed.

Report on appointment of Thomas F. Culkeen (referred March 3) to be Weigher of Goods, for term ending April 30, 1947—recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation of the appointments.

President KELLY—The question now comes on the confirmations, and the Chair will appoint Councillors Cook —

Coun. CHASE—Mr. President.

President KELLY—Councillor Chase, for what purpose does the gentleman rise?

Coun. CHASE—Mr. President, do I understand that one of those confirmations is pertaining to a city constable?

President KELLY—One is a city constable and three are weighers.

Coun. CHASE—One is paid by the city treasury?

President KELLY—That is right, councillor.

Coun. CHASE—Mr. President, I want to object to the appointment of this constable. I have in mind, sir, that his Honor the Mayor on the day of his inaugural said that he was not going to appoint any more constables, and he pointed out that there were already too many constables on the pay roll, and that they are unnecessary, and today and a few weeks back he violated that promise and he has been appointing constables. Today we have almost as many constables on the public pay roll as we did when he entered public office. I feel, Mr. President—

Coun. MUCHNICK—Mr. President.

President KELLY—For what purpose does the gentleman rise, Councillor Muchnick?

Coun. MUCHNICK—Will the councillor yield?

Coun. CHASE—I don't care to yield.

President KELLY—I am sorry, Councillor Chase does not yield for a question. Councillor Chase.

Coun. CHASE—I feel, Mr. President, that inasmuch as the city is spending approximately \$100,000 a year for these constables, and that since approximately one half the number are apparently political appointees by his Honor the Mayor and that I personally don't know where his political pets are being stationed, I don't know, sir, whether or not they are actually performing work that they are supposed to do, I feel I am not justified in casting my vote in the affirmative. I would like to know, sir, definitely what type of work these constables do, if any. I would like to know definitely, sir, relative to the personal appointees of his Honor the Mayor, whether or not they are actually performing duties and giving valid consideration in return for the money paid to them by the city treasury, or whether or not they report in once a week for their pay, that in and of itself being the only work they do, reporting in to the city treasury. The Finance Commission has on any number of occasions criticized your councillors, and I feel in view of what I have said, sir, that I would not be justified in casting my vote in the affirmative. I would like, sir, that the Committee on Constables definitely find out what departments the various constables are working in and what their duties are, how many hours per day they work on their jobs and so on. I, sir, can candidly say I don't have any idea of such information, and I shall vote in the negative.

President KELLY—The question first comes on confirmation.

Coun. MADDEN—Mr. President.

President KELLY—Councillor Madden.

Councillor MADDEN—I don't believe the councillor from Ward 4 (Councillor Chase) would object in this case if he knew it was a replacement. This is my constable, and I guard the appointment very zealously because in my 15 months at City Hall, the Mayor has magnanimously given me one job, one constable, and the constable he OK'd before is very sick and has been sick for some time in the Marine Hospital in Brighton. This nomination is merely a replacement.

President KELLY—The question now comes on confirmation, and the Chair will appoint Councillors Moriarty and Cook to receive, sort and count ballots.

Coun. LINEHAN—Mr. President.

President KELLY—Councillor Linehan, for what purpose does the gentleman rise?

Coun. LINEHAN—A point of information. President KELLY—Will you state your point of information, councillor.

Coun. LINEHAN—Are we voting on all the appointments at the same time?

President KELLY—That is right, all together.

Coun. LINEHAN—I move they be separated and voted on separately.

President KELLY—Councillor Linehan moves the division of the question. The first vote will be on the constable.

Coun. LINEHAN—Mr. President, may I clarify my motion?

President KELLY—No discussion now. I am sorry, councillor. No discussion now while we are balloting.

The appointment of John P. Cronin as Constable, without power to serve civil process and to serve without bond, for term ending April 30, 1947, was confirmed, yeas 19, nays 1.

President KELLY—The question now comes on the confirmation of the weighers, and the Chair will appoint Councillors Lane and Kinsella to receive, sort and count the ballots.

The appointments of Sidney M. Liner as Weigher of Coal, and Edward D. Landry and Thomas F. Culkeen as Weighers of Goods were confirmed, yeas 19, nays 0.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. HURLEY, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and ordinance (referred January 6) for increase in rates of City Record—that same ought to pass.

The report was accepted, and the ordinance was passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred March 3) accepting bequest under will of Emanuel Nathan—that same ought to pass.

The report was accepted, and the order was passed.

2. Report on message of Mayor and order (referred January 6) for sale of steamer "Michael J. Perkins" for upset price of \$5,000—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. MUCHNICK—Mr. President, I move this be sent back to the Executive Committee with instructions to request the Commissioner to get an appraisal before resubmitting it.

President KELLY—Councillor Muchnick moves that this be returned to the Committee.

Coun. COFFEY—Mr. President.

President KELLY—Speaking on the motion, Councillor Coffey.

Coun. COFFEY—Mr. President, we have had the Institutions Commissioner before us. He told us one other time he tried to auction the boat off for higher than \$5,000 and received no bid whatsoever, and the boat is in poor condition, and he is fortunate in getting anybody to bid \$5,000 which is the upset price. We have wasted about five weeks' time on this, and the Committee saw fit to report on this favorably. I think we will be wasting our time and the Commissioner's time if we send it back to Executive again. In Executive today a member sought to start this order and send it out on the floor so that we could get some action on it. I don't see any reason why there should be any delaying tactics used at this time. I hope the order is passed and as long as it is going off at public auction, nobody is going to be hurt.

President KELLY—The question is on referring this back to the Executive Committee.

Coun. BAYLEY—Mr. President.

President KELLY—Councillor Bayley, talking on the reference.

Coun. BAYLEY—I hope this matter is referred back to the Executive Session. We have had some evidence put before us that at least the sum of \$50,000 has been spent on this boat in the last two or three years. If a boat has had \$50,000 spent on it, is it not worth more than \$5,000? I think we can get that opinion from an appraiser, and I hope this is referred back to the Executive Committee.

President KELLY—Councillor Russo.

Coun. RUSSO—In so far as an appraisal is concerned, Mr. President, certainly it might be worth more if you can get the buyer. I feel if you have the buyers, they will be at the auction sale and they can bid more if they want, and if they need the boat, and if the boat is worth more to them, they will bid more. What are we going to gain if we get an appraisal of the boat and the boat is appraised at \$40,000? Can you expect to get \$40,000 if you cannot get the buyer? You are putting it up at public auction, and I feel that, if it is the \$5,000 upset price and if there are other bidders who feel the boat is worth more, they will bid for it, but we will get nowhere by having an appraisal of the boat, and we won't get more for it.

President KELLY—The question comes on referring this matter back to the Executive Session.

Coun. MUCHNICK—Several weeks ago when the Institutions Commissioner was before the

Executive Committee, he indicated he did not know why he picked the figure of \$5,000 rather than any other figure as an upset price. He agreed, if I remember correctly, with the majority of the members at that time that an appraisal probably would be a good thing, to give him a guide as to what the upset price ought to be, and what a fair price at auction ought to be. He indicated at that time that he would get such an appraisal and would report back to the Executive Committee. In view of those conditions, it seems to me the only logical thing to do is to send it back to the Executive Committee and wait until that appraisal is obtained and given to us so that we will know how to act intelligently.

President KELLY—The question comes on referring this matter back to the Executive Session.

Coun. RUSSO—Mr. President.

President KELLY—Councillor Russo.

Coun. RUSSO—I would like to ask if you know what was the upset price when it was first put up for public auction.

President KELLY—I don't think this has come before the Body before, councillor. I think you are referring to a fireboat; \$5,000 is the upset price on this boat, councillor. The question is on the motion to refer this matter back to Executive Session. All those in favor, say "aye"; those opposed, "no". The Chair is in doubt and will ask for a rising vote.

The motion to refer back to the Executive Committee was carried by a rising vote.

Coun. COFFEY—I move reconsideration.

President KELLY—Councillor Coffey moves reconsideration.

Coun. COFFEY—I want to amend the order to read \$100,000.

President KELLY—The first motion, councillor, is reconsideration.

Coun. COFFEY—I move to amend it.

President KELLY—Councillor Coffey moves reconsideration.

The motion to reconsider was not carried.

3. Report on message of the Mayor and order (referred March 3, 1947) relative to sale of pigs at Deer Island—recommending passage of accompanying draft:

Ordered, That the Commissioner of Penal Institutions be, and hereby is, authorized to sell three hundred surplus pigs at a fair market value after competitive bids have been received.

The report was accepted, and the order was passed.

ROPING OFF OF UNION PARK STREET.

Coun. HURLEY offered the following:

Ordered, That the City Messenger be, and hereby is, authorized to close and rope off the section of Union Park street between Washington street and Harrison avenue between the hours of 2 and 4 p. m., on Saturday, April 12, 1947, the expense of same to be charged to the appropriation for Flags, Ropes and Stakes. The purpose of the above is the Cathedral Club's 37th annual ten mile road race.

Passed under suspension of the rules.

ENDORSEMENT OF SENATE BILL 113.

Coun. HANNON and BRYAN offered the following:

Ordered, That the City Council record itself as approving the contents of Senate Bill 113, now pending before the Massachusetts Legislature, to provide proper sick leave and vacation regulations for the members of the Boston Police Department.

Passed under suspension of the rules.

PLAYGROUND, CORRIGANVILLE SECTION OF HYDE PARK.

Coun. CANTWELL offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of designating as a playground for the Corriganville section of Hyde Park, a portion of the property owned by the City of Boston under tax title, located on Cottage street, and be it further

Ordered, That his Honor the Mayor be requested to consider the purchase of the land known as the Thaw's Field for use as a part of the above-mentioned playground.

The order was passed under suspension of the rules.

SIDEWALKS ON BLAKE STREET, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That his Honor the Mayor be requested to direct the Commissioner of Public Works to install edgestones and granolithic sidewalks along both sides of Blake street, Ward 18.

Passed under suspension of the rules.

NEW FLAG AT BRIGHTON HIGH SCHOOL.

Coun. MADDEN and LANE offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to place a new flag at Brighton High School.

Coun. MADDEN—I don't know whether the same situation prevails in other schools throughout the city, but the flag at Brighton is in a deplorable condition. It looks as though it might well have come from Iwo Jima. It seems particularly out of place in view of the fact that the flag is only a few yards from the Marine Hospital where there are many hundreds of veterans recuperating. I think the least that can be done is to put up a flag that is not all tattered.

The order was passed under suspension of the rules.

CONDOLENCE TO MRS. AGNES C. HICKEY.

Coun. LINEHAN and SCANNELL offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby extends its sincere sympathy and condolence to Mrs. Agnes C. Hickey, widow of Honorable William P. Hickey, and former member of the Boston Common Council, House of Representatives, and State Senate, who has rendered valuable assistance to the residents of South Boston who greatly admired and respected him and also to the citizenry of the Commonwealth, and whose public service as Traffic Commissioner of the City of Boston for many years has been outstanding; and be it further

Resolved, That a copy of this resolution be forwarded to Mrs. Agnes C. Hickey.

Passed by a unanimous rising vote.

ROPING OFF STREETS, MARCH 17.

Coun. LINEHAN offered the following:

Ordered, That the City Messenger be, and hereby is, authorized to provide for the roping off of the streets in South Boston for the parade on Monday, March 17, 1947, the expense of same to be charged to the City Council appropriation for Ropes, Flags and Stakes.

Passed under suspension of the rules.

SIDEWALKS ON CENTRE STREET, WARD 11.

Coun. MORIARTY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install new sidewalks on Centre street, Ward 11, between Cedar and Marcella streets.

Passed under suspension of the rules.

PETITION OF BOSTON WATERWAYS, INC.

Coun. BAYLEY and MUCHNICK offered the following:

Ordered, That the petition of Boston Waterways, Inc., now pending before the Committee on Licenses, be removed from that committee and acted on by the Council.

President KELLY—One moment, councillors. The motion is in order, but before there is any discussion on this motion the Chair will once again read the statement he read at the first of the meeting for the benefit of the Councillors who were not present.

"Statement of the President. The Chair will state that no debate or discussion will be permitted at today's meeting concerning the rumors or charges of irregularities in the city government. The Chair takes official notice that the District Attorney has these matters under scrutiny and investigation, and for that reason the Chair feels that these matters should not be further discussed in this Body until the present investigation has come to a conclusion. Consequently, the Chair now announces he will rule as out of order any attempt either by point of personal privilege or otherwise to discuss any matters concerning prevalent rumors or charges. The Chair is of the opinion under the circumstances this Chamber is not the proper place to debate such matters, which are or may be under scrutiny by responsible legal officials. The Chair hopes the membership will understand the motive for this ruling, and will accept it as made in good faith and with good intentions, and the Chair sincerely hopes he will not be forced to make any rulings on this matter today."

Coun. BAYLEY—Mr. President, the petition of the Boston Waterways was brought before us in September, and was referred to the Committee on Licenses. It was then brought back in December and referred to the Executive Committee which in January referred it back to the Committee on Licenses. It has been there six weeks now, and I think the members of the Body are entitled to have it before them for full and frank discussion of the merits, and inasmuch as the Committee did not report inside the month from the time it was referred, I hope this order may pass so that we may act on this petition one way or the other.

Coun. HURLEY—Mr. President, I am very much opposed to the motion proposed by the councillor from Ward 5 (Councillor Bayley). As you already stated in the statement of the President, this matter is before the District Attorney's

office for investigation. If this matter is brought before the Council it might be passed, there is no question at all about that, but I don't think it is the proper thing to do, to come in here today and let us as a Body pass on this and grant a license to Fairbank and let him walk out of the door, the license in his hand, and turn around and thumb his nose and say, "I have mine, boys. Now you people sweat." I plead with the members of this Council today, do not take this from the Committee, it will be a bad thing for us. It is too bad with all of this scandalous talk and writings in the newspapers that we cannot wait a week. Of course, there will be an opinion handed down in about a week. Please, gentlemen, do not let this matter come before the Council today for a vote. I have in mind that if it is brought for vote it would be passed. Of course, I will object. I will vote against it anyway, but do not do it today. Let this thing stay on the table for a week. It will hurt no one.

Coun. MADDEN—I move the previous question.

President KELLY—No debate, councillors. The previous question has been moved. All those in favor say "aye"; those opposed, "no". The Chair is in doubt. All those in favor of moving the previous question will please rise. Thirteen. All those opposed will please rise. Five.

Coun. COFFEY—I doubt the vote and ask for a roll call.

President KELLY—Councillor Coffey doubts the vote and asks for a roll call, and a sufficient number having joined him, the Clerk will call the roll.

The roll was called, and the motion for the previous question was carried, yeas 13, nays 5:

Yeas—Councillors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Linehan, Madden, McCormack, Muchnick—13.

Nays—Councillors Coffey, Hurley, Kinsella, Russo, Sullivan—5.

Present—Councillor Kelly—1.

President KELLY—Thirteen in the affirmative and five in the negative, and the motion to move the previous question is passed. The question now is taking it from the Committee, and there is no debate. Those in favor will please say "aye"; those opposed, "no". It is a vote.

Coun. COFFEY—I doubt the vote.

Coun. SULLIVAN—A point of order, Mr. President.

President KELLY—State the point of order, councillor.

Coun. SULLIVAN—The motion was to take it from the Committee?

President KELLY—The question before the Body is to take it from the Committee, and there is no debate on the question.

Coun. SULLIVAN—It is to take it from the Committee?

President KELLY—Yes.

Coun. SULLIVAN—Do we need 12 votes?

President KELLY—And there has been a roll call—

Coun. SULLIVAN—The Chair asked for a voice vote.

President KELLY—The Chair will ask for a rising vote to take it from the Committee. All those in favor, please rise; those opposed. It is a vote.

Coun. COFFEY—I doubt the vote and ask for a roll call.

President KELLY—Councillor Coffey doubts the vote and asks for a roll call and a sufficient number having joined him, the Clerk will call the roll.

The roll was called, and the motion to take from the Committee was carried, yeas 14, nays 5:

Yeas—Councillors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick—14.

Nays—Councillors Coffey, Hurley, Kinsella, Russo, Sullivan—5.

Present—Councillor Kelly.

President KELLY—Fourteen votes in the affirmative and five in the negative, and the petition is taken from the table.

Coun. COFFEY—I move reconsideration.

President KELLY—No reconsideration, councillor, on account of the motion for the previous question having carried.

Coun. COFFEY—Mr. President, I ask unanimous consent to read a letter I received from Mr. Fairbank.

President KELLY—The question now is on the granting of the license, Councillor Coffey.

Coun. COFFEY—Speaking on the granting of the license: Mr. President, I see your point of view and I sympathize with you, but for the life of me I can't see why we cannot talk about and go into generalities on this thing. I think we should be allowed to for the simple reason that if this is passed today, Mr. Fairbank gets his license and he walks out of the lives of the members of the Boston City Council and leaves a stigma that belongs no place but on the shoulders of the same Mr. Fairbank. Mr. Fairbank, talking on the merits of this petition, has never been fair with the members of this Council. Some six months ago he filed for a petition to run ferry service from the South Station to the East Boston airport and he claims, according to statements I have read in the newspapers in the past few days, that he had no sooner filed the order when he was approached by a councillor—

President KELLY—Wait, councilor. The Chair will not permit debate on any of the charges of irregularities in the city government.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey.

Coun. COFFEY—If this is passed, it goes out of the lives of the members of the Boston City Council. What are we going to do, forget about it? I for one am not, because what am I going to talk on at the next meeting if it is passed today and he is granted the permit?

President KELLY—Councilor.

Coun. COFFEY—I think I am talking on the merits of this now.

President KELLY—Just a minute, councilor. The Chair has made its ruling. He does not want to declare any member out of order. If any councilor disagrees with the Chair, he has the right to appeal the ruling of the Chair.

Coun. COFFEY—Mr. President, what I can't understand is why this man waited six months to go to the District Attorney. If he is the upright, honest citizen the Boston *Herald* claims he is—

President KELLY—Councilor, the Chair will permit any discussion with regard to the merits of the petition, but no discussion—

Coun. COFFEY—Just let me say this, and I don't think I am out of order, if the gentleman had the permit granted last week, he would not have gone to the District Attorney. However, I said he had been unfair since the very beginning, and I reiterate my remarks. I have a letter here from Mr. Fairbank sent to me from his office is, and it says, "Dear Mr. Coffey. Immediately after the Licensing Committee hearing on January 31 regarding Boston Waterways, Inc., application to operate a boat service to the Logan Airport, I applied, as I had agreed to, for permission to withdraw the Bill pending before the State Legislature. Quoted below is the text of a letter I have received today from Mrs. Leslie B. Cutler, House Chairman of the Aeronautics Committee of the House of Representatives." And the letter says, "Dear Mr. Fairbank, This is to inform you that the Committee on Aeronautics has reported your bill, House 1259, leave to withdraw at the request of the petitioner. Very truly yours, Leslie B. Cutler. I think everybody within the hearing of my voice knows that Mr. Fairbank was not entirely truthful. At the hearing held January 31, in the Executive Session, Mr. Fairbank made the statement, being properly advised, he went to Freddie Willis, the Speaker of the House of Representatives. Mr. Willis is from Saugus, and he in turn turned him over to Mr. Jordan of Revere who, at Mr. Willis' request, according to Fairbank, filed this bill to take away the powers from the Boston City Council and give them to the Public Utilities, over all waterways going to and from the East Boston Airport. According to this letter, Mr. Fairbank says that he received a letter from Mrs. Cutler saying "The Committee on Aeronautics has reported your bill, House 1259, leave to withdraw at the request of the petitioner." In last Thursday's *Herald-Traveler* I read where Mrs. Leslie B. Cutler issued a statement to a reporter who carried the story in that paper, that House 1259 was never given leave to withdraw, and the proof of the fact is that it is coming up on Wednesday of this week. So Mr. Fairbank was not truthful in this matter, and he can be just as untruthful in every other thing. After waiting six long months, he decides because he is not going to get the petition he is going to holler "Cop." If the petition had gone through or the permit had gone through last week, there would have been nothing said, Mr. Fairbank would have kept quiet, and he would have been a dishonest citizen if he had kept quiet if somebody had approached him, as he said. I say this thing should be kept in committee and should not be passed here today. It is not fair to the members of the Council. Personally, I don't give a damn. I don't care what the hell the newspapers said, I never have—

President KELLY—Councilor.

Coun. COFFEY—I don't think you are very fair yourself, Mr. President. I think we should be allowed to elaborate on this and go into it. The papers have carried the damned thing for the last week. Let us bring it to a head once and for all.

President KELLY—The Chair will make a further statement. Councilor, will you kindly yield while the Chair makes a statement? The Chair regrets to call the attention of the members of the Council to the growing use of unbecoming language during meetings of the City Council. The Chair itself makes no attempt to excuse himself for permitting this practice to go on except to state that the Chair did not wish to give undue weight to what might be termed slips of the tongue. However, the Chair believes that now the time has come when it is necessary to insist that debate in the City Council conform to the accepted rules of parliamentary law. Therefore, the Chair now states the use of unbecoming language will cause the Chair to declare the member using such language to be out of order, and the member will remain out of order until proper apology is made to the Body. Of course, the Chair will not be too severe in making such a ruling unless it is necessary. Whenever the Chair is convinced that a member is unconsciously or accidentally using offensive or unbecoming language, the Chair will warn the member not to do so again. The repetition of the incident will call for the Chair to declare the member out of order. I will not attempt to define what is unbecoming or offensive language except to state that each mem-

ber is charged with the duty of choosing between acceptable and unbecoming language. It seems to me obvious to all the use of the word "hell" while not perhaps offensive is certainly unbecoming if used with the frequency with which it has been used in this Body. I shall, therefore, declare out of order any member who persists in the use of this expression. I wish at this time to call the attention of the Body to another rule of parliamentary law, and that is, the reference by members to other members. If a member of the Council wishes to refer to another member, he should do so by referring to him as the gentleman or the councilor from Ward 1, or whatever ward it might be. It is a violation of parliamentary practice to refer to each other by name and it very often causes bitterness of feeling which must be avoided. I, therefore, will insist hereafter that the proper practice be followed. I make this statement not in any sense of criticism of any individual member of the Body but for one reason, and that reason is to assure to this Body the respect it is entitled to. If, however, we ourselves do not act in a respectful manner, we cannot expect others to respect us. I ask the cooperation of all the members during the rest of this year so that we may be able to accomplish the business of the city in a dignified and orderly fashion.

Coun. COFFEY—Mr. President, I use the word "hell" an awful lot, I know that. I practically said "a hell of a lot." If I say it again, you correct me, and I will stop it. I will try to be on my dignity. Mr. President, this is going to be a pretty hard thing to stomach. I can't digest it. I mean, some member might say, "My hands are clean, my skirts are clean, I voted for it." What does that mean for the fellows who did not vote for it? It is a pretty hard thing to digest because there are a lot of us who opposed it right from the very beginning. I have opposed anything going to the airport, not only this. I finally found myself in agreement with William E. Mullins of the Boston *Herald* who opposed the Sutcliffe limousine, opposed it solidly for four solid months at least one editorial a week. That was to give direct limousine service to the airport. This is only for boats. It is not direct service to the airport because to begin with, they are going to park or tie these boats 400 yards away from the airport terminal. People will have to carry two or three pieces of luggage some 400 yards. There is no service here, in my opinion, and I know the airport better than any man in this room. I know darned right well this thing is not a good service to the Logan Airport, but to believe the Boston *Herald-Traveler* which has been writing editorials on this for the past six months, it is going to be a fine service to the airport, it is going to be a benefit to the citizens of Boston. They don't bring in the fact that the Summer tunnel is going to lose \$12,000 to \$20,000. None of the papers is carrying that as an argument of the opposition. They don't bring in the fact that the big operators of taxicabs and hundreds of individuals are opposed to this because they are going to lose money. That argument has not been brought out. It seems this man from Cohasset—and I say Cohasset because there is not a veteran in this room or the City of Boston, even if he holds the Distinguished Service Cross who can go down to Cohasset with the wife and family and go in swimming. He could not do it, he has to be a resident of Cohasset—still, this man can come from Cohasset and through some means or other get a petition through the Boston City Council, and I doubt if he knew one or two members of that Boston City Council previous to six months ago. He starts right off with editorial after editorial in the Boston *Herald* and Boston *Traveler* stating that this is a good thing. Surely, it is a good thing. For whom? For somebody behind Fairbank. This man is not a lost child, this man has very good contacts, very good connections. Who advises him to go to the Legislature? Who advises him to see Freddie Willis, the Speaker of the House? Who made the contact to see Mr. Willis? Who made the contact after he saw Mr. Willis to have Mr. Willis say to him, "Have Representative Jordan of Revere file the bill for you." Who made those contacts? Then, after he writes a letter to the chairman of the committee saying he had applied for permission to withdraw House Bill 1259 which is giving permission to the Department of Public Utilities to take the rights away from the members of the Boston City Council, Mrs. Cutler reportedly wrote a letter to him stating "Your bill has been given leave to withdraw," and then we find out in last Thursday's paper, the *Herald-Traveler*, a statement that Mrs. Cutler never gave him leave to withdraw, that the bill is still pending for action, and that action is taking place damned soon, that Wednesday of this week that committee is going to act on it. There is something wrong in Denmark, something damned wrong, and I think the thing should be thrashed out here and now. Too many times we have gotten up on the floor and had members of the Council say "A cloak of suspicion is over this," "A cloak of suspicion is over that." For what reason? None of us want to be caught. Naturally, we don't. Nobody wants to be caught, but that statement can draw votes because a person who might be neutral or a person who might be against feels that the easiest way out is to go along and give the man the vote he wants. I have never been scared since thetime I have been up here, and I never will. I have plenty of things to talk about today, and I worked all morning to get the things prepared, and I don't think it is fair. I can see the

view the President takes and I can appreciate it, but I don't think this should have been brought in today. It is supposed to be under investigation, and as far as I feel, the investigation will turn out to be a fizzle. I don't know how the Assistant District Attorney can take the word of a man who states in a letter above his signature that this bill has been given leave to withdraw, and then we find out last Thursday in the Boston *Herald-Traveler* that the bill has never been given leave to withdraw. This man has influence, this man has plenty of contacts and the proof of that is that he can get to the Speaker of the House, a man I can't get to, and I served with him, I could not get near him, and especially I could not get him to introduce any legislation to be in my favor, or to have him send me to the majority leader of the House and have him introduce such legislation for me. Not one of them is a Boston man. Fairbank is from Cohasset, little Freddie Willis from Saugus, and Petey Jordan from Revere. Those are the three who introduced that piece of legislation to take all the powers away from the members of the Boston City Council and given them to the Department of Public Utilities, because if he has gone so far with Mullins of the *Herald*, Jordan and Willis of the House, then he certainly has contacts up there where he knows that the Department of Public Utilities, if they get this power, will give him exclusive rights to the airport. And that is what that man wants. He is not going to make money on passengers. That is out of the window. He has a contract with the wool merchants down on Summer street to bring merchandise to the East Boston airport. That is the real purpose behind this. He never brought that out in any of the committee hearings. He has never had a word to say about that. All he talked about was passengers. It never was brought out in the papers that the Public Works Commissioner opposed this, and he did oppose it. It was never brought out until Danny Sullivan brought out the fact that a lot of revenue was going to be lost through the Summer tunnel. He does not care about that, he pays taxes in Cohasset. He did not say anything about the 150 young G I's from World War II who got medallions to drive cabs, and there are other veterans driving cabs, but he did not talk about such loss of money, and the truth is that 250 or 300 cabs use that tunnel every day, and it is safe to say on Friday and Sunday, the two busy days at the airport, 800 or 900 cabs go through the tunnel and back. None of that has been brought out. He does not care about who loses their job and who loses money in the City of Boston. All he wants to take care of is little Mr. Fairbank, and he has done a darned good job of taking care of Mr. Fairbank. Mr. President, I think we ought to be able to elaborate on that. We ought to bring this right out in the open. They wrote an editorial about me, saying I will take a buck—

President KELLY—Councilor!

Coun. COFFEY—Wasn't it with regard to this? President KELLY—Councilor, the Chair has made a ruling that the only thing under discussion is the merits of this petition.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey.

Coun. COFFEY—Doesn't that come under the petition, the editorial in last Tuesday's *Herald*?

President KELLY—The Chair has made its ruling, councilor. The question before this Body is on the granting of this license, Councilor Coffey.

Coun. COFFEY—At that meeting didn't I say I would take a buck, but I did not say I would take an illegitimate buck.

President KELLY—Councilor, the question before us is on the granting of this petition. If you insist on talking otherwise, the Chair will be forced to rule you out of order, Councilor Coffey.

Coun. COFFEY—Mr. President, the way the vote went today, what is the sense of talking on this thing? I think most of the councilors would rather forget about it. I don't want to forget it, and I don't intend to forget it. I think a rotten deal has been pulled off here and, by the way, Mr. President, how many times have I said I will take a buck on this floor? At least a dozen times, and nothing has been said in the papers before.

President KELLY pounded the gavel.

Coun. COFFEY—It has only come out here— President KELLY—The Chair regrets to state that the councilor is out of order.

Coun. LINEHAN—Mr. President.

Coun. RUSCO—Mr. President.

Coun. KINSELLA—Mr. President.

President KELLY—Councilor Linehan has the floor.

Coun. LINEHAN—Do I understand the gentleman from East Boston is out of order?

President KELLY—Councilor Linehan has the floor.

Coun. LINEHAN—Mr. President, I think all the members of the City Council are well aware of the pros and cons on this particular measure. As far as I am concerned, I think those who voted against this measure have as much right to vote against it as those of us who are voting for it. Probably I am going to sound like one who votes against it when as a matter of fact I am voting for it. If I thought there was one Boston resident who would go in this particular business instead of the gentleman petitioning, I would not grant this particular gentleman who is seeking the license my vote. I would give it to that gentleman who came from Boston. I agree with the gentleman from East Boston and the

gentleman from Roxbury that in all probability some taxi driver will lose some fares, and I further say that if a delegation of taxi drivers from my district, or at least a dozen young veterans, came to me and said it would hurt their business, the chances are I might vote against this measure. When the gentleman from East Boston says to bring out in the open whatever matter pertains to the issuing of the license, yes, it should be brought out in the open, and I hope I am trying to do it in an unbiased way. I think I am doing it when I take the objections of those opposed to it: first, that Boston residents will lose jobs from this, and if it could be proven to me, I think I would vote against it, but up to now, I have not had any delegation of taxi drivers come to me at my home or at the City Council or at my office and say they are against it. I have waited for them to come, but they have not come to this day. I agree with the gentleman from Roxbury who got up and said the City of Boston would lose some revenue as the result of the loss of tolls in the Summer tunnel, and I suppose if he could prove to me we might lose \$30,000 or \$50,000, I might vote against the license, but it has not been proved to my satisfaction that is so. There is a question of something like \$10,000 or \$12,000 loss, but I am voting for it though that may be true, we might lose \$10,000 or \$12,000 revenue. So it is a question of this being against, I suppose, the loss of revenue for the city which will not be made up by the small license fee we will charge the petitioner if he is granted the license. There is also the desire of some other gentlemen who oppose this, not to grant it to a nonresident of Boston, and, frankly, I almost find myself in sympathy. If I had heard of a Boston resident coming in about the same time as the gentleman from Cohasset, I would vote in preference for the gentleman from Boston, but so far I have not been requested to vote for any license to anybody from Boston on this particular venture. Now, I hope I have covered, you might say, the objections of those who are against the granting of this license and, mind you, gentlemen, I realize their arguments are valid ones, they are good ones. The gentleman from East Boston, the gentleman from Roxbury, and others who have opposed this certainly have all the right in the world to oppose it on those grounds, and they could use any parliamentary tactics they cared to so long as they are in order, so that this matter won't come to a vote, if they thought the vote would be successful, to stop the granting of this license to somebody they did not want to see it granted to, for the reasons I have outlined already. I think if I was in favor of their chain of thought, I would go along and do the same thing. You might wonder why am I voting for the granting of this license? I have weighed the arguments of those against the granting of the license with the facts, realizing fully the arguments they have advanced and which I have outlined. The big problem before us is, will this benefit the city as a whole, regardless of loss of revenue, regardless of the probable loss of some fares to the taxi drivers? I have made up my mind it is probably for the best interests of the taxpayers of Boston and, incidentally, they could say not only the taxpayers of Boston will use this but people outside of Boston will be coming into the South Station to go to the airport and they will use this much more than the Boston residents whom we represent. I agree with the gentleman from East Boston when he gets up here and shouts about the people outside of Boston getting the benefit and not the people from Boston, because only a short while ago the president of the Senate, as you well remember reading, was quoted as saying, "Why should the people from Wareham vote for anything which will help Boston when it won't benefit the people in Wareham?" That is quite an argument for the gentleman to use down in Wareham, and isn't it just as good for the gentlemen from East Boston and Roxbury and Charlestown to use it here against the people outside of Boston? I think it is just as good. I have been up in the Legislature for four years and I begged and beseeched the members of the Legislature to give Boston some help and, incidentally, there are about 40 or 45 representing the City of Boston as Representatives and about four or five Senators in the Senate representing Boston, and almost invariably, any time we ask the Legislature to vote for anything to benefit Boston, the members outside of Boston just laugh at you. That is the true situation existing at Beacon Hill. I can well remember when we voted for the off-street parking which is somewhat similar to this, I voted against off-street parking even though big business came here and advocated the passage of such legislation. I gave thought as to why I should not vote for it. When his Honor the Mayor said he was for building three- or four-decker parking areas, that overcame my valid objection, and I voted for the off-street parking. But to be honest with you, like this particular measure, the off-street parking had for its advocates people actually not living in Boston. They in almost every instance represented business. I am influenced by that to some extent due to the fact that I did not have any residents of Boston other than one gentleman representing the taxi owners actually get up and oppose the granting of this petition. I don't know whether I have outlined the pros and cons sufficiently in this particular measure before us, but I think I have. If I have not, I think it is probably within the rules for any other councilor to get up and

outline any other he thinks apropos. I sincerely hope when we vote on this matter, we do it on the merits of the situation, not on what has happened outside of the City Council. I say those who vote against it might be in the right more than those who vote for it. I don't know. Time will tell. If we have this so-called water taxi service and if we have a terrific accident on the water, then I am one councilor who will feel as though I passed a bad vote if sometime in the future we get a catastrophe. Those are the things we who vote for it are taking a chance on, that something like that might happen, and then I for one will be sorry I ever voted for the granting of the license. But, considering the fact that we are insisting the licensee, if he is going to be a licensee, put up enough insurance to cover those who use the service, we should not consider any future catastrophes which might happen too seriously. I thought we overcame the objection raised on the approach down at Congress street. For these reasons I voted in favor of the passage of this order, and for these reasons I am going to vote again for the passage of the order, and I hope everybody votes for it or against it as their conscience dictates because both sides have good arguments to vote either way.

President KELLY—The question is on the granting of the license. Councilor Russo.

Coun. RUSSO—Mr. President, I would like to state first that at the last meeting I made the statement when I asked the Council not to take action on taking it from the committee until this week that I promised then that I would give my vote to take it from the committee. However, I would like to make a statement that the reason why I voted against taking it from the committee at this time was due to the fact that I believe where this matter is now in the hands of the District Attorney no action should be taken at this time. I feel we should take action after this thing is brought to a head and either all the councilors exonerated or let the individuals who have made direct accusations or indirect accusations apologize to the Body. That is the reason why I voted against taking it from the committee. It seems to me, Mr. President, we have come to a point that when we vote for a certain measure you either have to be for it from the beginning or you have to be opposed to it from the beginning. I would like to ask anyone here in the Chamber or any public officeholder regardless of whether he is serving the Federal, state, city or town government whether or not at one time or another you might have taken a view for a measure and then through information received you formed a different opinion from the one you had at the start. I wonder if that is not the case with anyone, any public officeholder or anyone in business or anyone in private life. I merely state that, as the councilor from Ward 1 has so well stated, individuals who are opposed to it have said I have been opposed to it from the beginning and those in favor have claimed they have been in favor from the beginning. I don't take any stock in so far as that is concerned because I take the stand no man is infallible. We may be right, regardless of what our vote may be. As far as my conscience is concerned, if I believe I am doing the right thing, I will vote against it. This has been brought out due to the fact of what took place last week. At the closing of the meeting, Mr. President, the reason why I asked the councilor from Ward 14 to remain in the Chamber when he made the statement in so far as rumors are concerned —

President KELLY—No, Councilor Russo. The question before us is on the granting of the license. Talking on the merits of the license.

Coun. RUSSO—Mr. President, I don't know why the gentleman from Ward 14 left the Chamber, neither do I know the reasons why he left the Chamber the previous time that an attempt was made to take it from committee.

Coun. LINEHAN—Mr. President.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Russo.

Coun. LINEHAN—A point of order, Mr. President.

President KELLY—The Chair is going to make a ruling.

Coun. RUSSO—Mr. President.

President KELLY—Councilor Russo, please. The question before us is on the granting of the license, and I am going to ask you to confine your remarks to the granting of the license. I don't want to rule you out of order. Councilor Russo.

Coun. RUSSO—Mr. President, do you take away the right from me to quote what the record says? I believe that the record shows that on these two particular instances the councilor from Ward 14 was absent from the Chamber.

President KELLY—Councilor, the Chair has ruled at the outset of the meeting that no discussion will be permitted at today's meeting concerning the rumors or charges of irregularities in the city government. The Chair has made that ruling.

Coun. RUSSO—In so far as I know, at the present time I have not heard of any charges. I don't know what the charges are. It is merely rumors that I know of. I have not and don't know in so far as direct charges are concerned —

President KELLY—Councilor Russo, the Chair will repeat the first paragraph of the statement. The Chair will state that no debate or discussion

will be permitted at today's meeting concerning the rumors or charges of irregularities in the city government.

Coun. RUSSO—Mr. President, I understand very thoroughly your intent. However, I feel that I have never tried to impugn the motives of any councilor; at least I tried in the past seven and a half years I have been in the Council. However, I feel we owe it to ourselves not to take any action on this particular petition at this time because I believe that while there are investigations going on, we should hold this license until such time as the rumors so called — until such time, Mr. President, as I said before, that the District Attorney's office makes its ruling. I believe by passing on it today there may be, and I emphasize that, there may be councilors who might vote for it on account of the stigma placed upon this petition. In fairness to the individuals who honestly and sincerely oppose this petition, I believe that the Council should not take any action at this time. I believe that after the ruling of the District Attorney then we should take such action as we see fit, but until such time, I say to you gentlemen, do not pass this petition. I say it because I for one have not been convinced that this will benefit the airport in East Boston. I believe, and firmly so, this license is merely for excursion purposes from South Boston to East Boston. It may be, as the councilor from Ward 1 has stated, that it is to take merchandise from the South Station to the airport. That is possible. I don't believe it is only for the purpose, as the petitioner has stated, that it is merely to take and transport individuals in order to eliminate traffic in the City of Boston and to give service to the people who want to go to the airport. We have heard from presidents of various taxicab companies and they have opposed it. We have had some individuals that have opposed it. Do you believe, Mr. President, these gentlemen would oppose a petition if the majority of those taxicab drivers were not opposed to it? If you say "yes," I don't condemn you, but if I say "no," I don't condemn me. I have stated time and time again that I believe it is unfortunate when any one of the councilors or any one in any particular body will come into a body and say there are rumors of this and rumors of that.

President KELLY—Councilor, I will give you a final warning. If you do not talk on the granting of the license, I regret I will have to rule you out of order.

Coun. RUSSO—Mr. President, I don't know how much more convincing I could speak, but I trust that the Council does not take any action on this petition at this particular time. The councilor from Ward 1 stated here on the floor — and if I am not right, I wish the councilor from Ward 1 would correct me — that some veteran or veterans living in the City of Boston would like to have a license for a waterways. I don't know, but if this is so, there are all angles to it. The councilor from Ward 9 has brought out the loss of revenue through the Summer Tunnel. Still, I don't condemn any councilor who votes for it if he feels that it is giving service to the people of the City of Boston. It might be a good investment to lose \$12,000 or \$20,000 a year to give the service. We do that with the Boston Elevated but in the same tone, neither do I want the councilors to condemn the others because they have taken the opposite view. I sincerely hope, Mr. President, due to the fact of what I have stated and due to the fact that this is pending now for a clearing up by the District Attorney, this Council will not grant this permit.

President KELLY—The question comes on the granting of the license, and the clerk will read the proposed license.

The license was read by the clerk as follows:

Ordered, That license be issued to the Boston Waterways, Inc., to operate a ferry service for hire across Boston Harbor between a terminus in Boston proper at the intersection of Congress street and Fort Point Channel and a terminus in East Boston opposite the Logan Airport at a point on the shore on or adjacent to the lines of Maverick street projected approximately 500 to 550 feet southeast of Jeffries street, and that such license is issued under the following terms and conditions:

That licensee shall operate said ferry in accordance with the provisions of the General Laws of the Commonwealth with relation thereto.

That licensee shall furnish and properly maintain in good repair at all times when it shall be in operation, safe, sufficient and appropriate equipment for the accommodation of the public, including life preservers, riding and running lights, and all other safety devices, appliances and fixtures or appurtenances which by law may be required, including adequate shelter for patrons at each terminus.

That licensee will provide, subject to emergencies and extraordinary weather, regular passenger service at half hour periods, or more frequently, between 8 a. m. and 8 p. m. and such additional trips as may be necessary or desirable.

That licensee will charge no more than thirty-five cents per ride, per person, each way; and may provide a 60-trip non-transferable monthly commutation ticket for \$3.80. No charge will be made for children under two years of age when accompanied by an adult.

That licensee will permit all equipment and accessories to be examined or inspected at any time by the County Commissioners or such per-

sons as may be designated by said Commissioners, for the purpose of ascertaining if said licensee is operating the ferry service in compliance with law and this license.

That licensee will provide, as required in chapter 88 of the General Laws, a bond to the Treasurer of the City of Boston in the penal sum of \$5,000 with sufficient sureties for the faithful performance of the duties of said licensee.

That the licensee will not operate said ferry service until the licensee, in addition to complying with the provisions of chapter 88 of the General Laws, and the terms of this license, shall have deposited with the City Auditor a bond, or policy or certificate of insurance, with limits of \$10,000 per passenger and \$210,000 per accident, satisfactory in form to the Corporation Counsel and approved by the City Auditor, conditioned on or otherwise securing the payment of any final judgment obtained against the licensee for any injury to person or property or for damages for causing the death of any person by reason of any negligent or unlawful act, on the part of the licensee, his or its agents or employees, in the use or operation of said ferry. If any such bond or insurance policy shall be cancelled or a renewal policy, certificate, or bond, is not filed prior to the expiration thereof, or if the Mayor and City Council in their capacity as County Commissioners at any time after notice and hearing shall determine and notify the licensee that such bond or policy is not sufficient, said ferry shall not thereafter be operated until the licensee has furnished other or additional security approved by the Mayor and City Council in their capacity as County Commissioners. In addition to any other rights of enforcement, the rights of any person so injured or damaged shall, so far as appropriate, be enforceable in the manner as set forth in section 6, chapter 159A of the General Laws, relating to common carriers.

That licensee will comply with such other reasonable regulations as may, from time to time, be established.

That licensee will begin operation of said ferry service within one year from date of approval of this license. Otherwise said license shall be void.

That licensee will pay to the City Clerk who shall issue the license as herein set forth, a fee of ten dollars for each boat, regular or spare, used or operated in the ferry service.

President KELLY—The question is on the granting of the license on the petition read by the clerk.

Coun. MADDEN—Mr. President.

President KELLY—Councillor Madden.

Coun. MADDEN—I move the previous question.

Coun. COOK—Mr. President, a point of information.

Coun. MADDEN—I moved the previous question.

President KELLY—There is no debate.

Coun. COFFEY—A point of order.

Coun. KINSELLA—Mr. President.

President KELLY—There is no debate.

Coun. KINSELLA—I am not trying to debate. I want to raise a point of information, Mr. President.

President KELLY—Councillor Madden has moved the previous question, councillor, and there is no point of order or point of information or point of personal privilege.

Coun. LINEHAN—That is not the way the order was based some time ago, Mr. President. We had the opening of a bridge in the order. I wish the gentleman from Brighton would withdraw his previous motion.

President KELLY—Does the gentleman from Brighton withdraw his motion?

Coun. MADDEN—All right.

President KELLY—Councillor Kinsella.

Coun. KINSELLA—Who drew this in the form in which it was read to us?

President KELLY—The City Clerk, councillor.

Coun. KINSELLA—A further point of information.

President KELLY—Will you state your point of information?

Coun. KINSELLA—That is the finished document as a result of the various amendments from time to time?

President KELLY—I am informed that is the composed license as agreed in Executive Committee a while ago, councillor.

Coun. KINSELLA—A further point of information.

President KELLY—Will you state your further point of information?

Coun. KINSELLA—I would like to ask the clerk through you, Mr. President, if all the terms in that license fundamentally are the same terms applied to the old regular established ferry service across Boston Harbor.

President KELLY—I understand that the old ferry service across Boston Harbor was an independent service granted by the Legislature, councillor.

Coun. KINSELLA—Mr. President, a further point of information.

President KELLY—The Chair will make this ruling; if there are any further amendments or terms or conditions, they can be voted on at this time and inserted in the license.

Coun. KINSELLA—A further point of information, Mr. President.

President KELLY—Councillor Kinsella, will you state your further point of information?

Coun. KINSELLA—Mr. President, I must state this first before I ask the point of information. One of the terms in that license is that the gentleman in addition to charging 35 cents per person each way is also contemplating setting up the sale of commutation tickets at \$8.80 a month. He said 60 tickets?

President KELLY—That is right, councillor.

Coun. KINSELLA—That is right?

President KELLY—I will read the first paragraph.

Coun. KINSELLA—That particular line, will you?

President KELLY—(Reading) "The licensee will charge no more than 35 cents per ride per person each way, and may provide 60-trip non-transferable commutation tickets for \$8.80."

Coun. KINSELLA—Mr. President, may I now have the floor to speak on the granting of the license?

President KELLY—Councillor Kinsella has the floor.

Coun. KINSELLA—Mr. President, as one who has consistently voted against the granting of this license, I would like to say with all respect to any one of those who support the petitioner that my objections even though provincial are well founded. I can't imagine anybody going from Boston to Cohasset and receiving such generous treatment at the hands of the Cohasset town fathers, and that is a good objection, that is an excellent objection along with the others that have been raised. I don't understand, Mr. President, why the petitioner will take from soiled hands a petition into his own hands. How in good taste can he take a license from us today? How can he take a license from the Boston City Council today? There are more than 22 men involved, there are 23, and the involvement is something that has not yet been determined in any degree. The involvement goes beyond 22 Boston City Councillors if there is any involvement. And I call upon the good judgment and the good taste and the personal integrity of this man here, and not one of us is beholden to anyone in Cohasset for what we have in Boston, to stand up and reverse himself and put this petition back in the status it occupied at the outset of this meeting today at two o'clock. And I say that admittedly as one who has opposed this petition from the start. Now, Mr. President, I asked a series of points of order all leading up to the last one I voice, the sale of commutation tickets. I was always led to believe that the Boston Waterways, Inc., intended to run a service across the harbor for those people who had to make airplane connections quickly, yet by the sale of commutation tickets it puts this thing into an entirely different category. The assumption now is that somebody who buys a commutation ticket could or may have 60 rides going across the harbor, taking a trip to Chicago and coming back and using the water taxi to take him back across the harbor, all in the space of a day. As a matter of fact, it puts the gentleman in direct competition with the taxi services of this city across the harbor for 35 cents a trip, or 60 rides a month for \$8.80. In all fairness, will the most rabid, enthusiastic sponsor please as a man get up and tell me that up to today he heard any talk of commutation tickets? That is the big item with me, because I don't remember it being mentioned before. I thought the wool and leather merchants in the neighborhood of Dewey square were going to be the principal beneficiaries by virtue of saving an overland trip through the tunnel and into East Boston airport, when they can go across the hypothenuse. Now, we find out the intent of the licensee is that arbitrarily he may or may not sell commutation tickets at 60 rides for \$8.80, a little better than 14 cents at the rate of 60 rides for \$8.80. The straightaway fare is 35 cents and 35 cents back unless you buy a commutation ticket, and what man uses an airplane twice a day to take advantage of the cut rate on a 30-day ticket? That is another one of the little subterfuges sneaked in here. Last summer, if it will do you any good to know, gentlemen, I used to avail myself of one of the few pleasures I have, taking my little kids out on the road on blazing hot days, and on one occasion I stopped at a near-by city from which this gentleman does not come, and lo and behold, on the bathhouse was a sign, "Non-Residents of such a city pay 25 cents locker privilege." We were at Cohasset on another one of our peregrinations, and saw a sign, "Admission to this beach only to residents of Cohasset," and God in heaven knows they did not put the beach there, nor wash the shores of the beach with the ocean. We are holding up because we run to the defense of somebody out of Boston. Out of 75,000 veterans some one must be able to take this venture either alone or on credit. Now, we have the happy spectacle of 500 people, citizens of Boston, looking down on you and observing you being whipped into doing something you perhaps would rather not do, blackjacked right into it. I was told to stay out of this debate, and perhaps I should have, but I am in it now with both feet, and all I have to offer is a logical presentation of the type of opposition in which you put yourself. You heard the councillor from Ward 7 state that the opponents had what he was ready to concede might be valid objections. I had one type which I admitted at the outset was a provincial attitude to take, but the councillor from Ward 9 had another, and the councillor from Ward 8 had another, and the councillor from Ward 3 had another, and they were sufficient enough to stand up in the face of dark clouds, dark clouds whose

presence, if there is any justice in this, whose presence was contributed by 23 men, not 22; not 22 men. Get that firmly into your heads, not 22 men, 23 men. In the name of pity, get your backs up. How are you —

Coun. LINEHAN—Mr. President.

President KELLY—For what purpose does the gentleman rise?

Coun. LINEHAN—To raise a point of order, Mr. President.

President KELLY—Will you state your point of order, Councillor Linehan?

Coun. LINEHAN—I don't think there should be any statements such as "Get your backs up," or anything to that effect.

President KELLY—The point of order is well taken. Councillor Kinsella.

Coun. KINSELLA—It is all right when others say, it is all right for somebody to get up and say, "Why don't you go along on this?" which is a more moderate way of saying, "Get your backs up. Come with me, I am all right." That is all that it amounts to. I would like it thoroughly understood, Mr. President, that one of the cleverest phrases I have heard made was by the councillor from Ward 1, when he said, "This man walks out of your life," absolutely free and clear, and possessed of a right to do business, a right given to him by a body under a cloud. How can you do it? How can he take it? How can he take such a permission today from us? Or am I talking to the desert air? Am I talking to some preconceived notions of what we individually owe ourselves and the fair name of Boston? I am only talking to the logic of which every man here is capable, or does everything end today upon the giving of the license? Does everything end today upon the giving of the license? No, it does not end, and doesn't that mean anything to you? But how true it is that individually we may stand alone but if we fall, we will fall together. We can stand alone all right, but when we start to fall, we will fall together. That is all I care to say, but probably now I will regret that I opened my mouth. I know what these things here today are costing me. Don't worry, it isn't anything I can't talk about. I can tell you the personal cost to me for not keeping my mouth shut as I was ordered to do, but what happens to me is of absolutely no moment unless the 21 of you are willing to relegate yourselves second place to me, and I did not ask any one of the 21 of you to do it. I don't think I am a bit better than any one of you or the whole Body as such, but there is a matter of principle here to be sustained. Or do you believe now one cheek has been slapped you want the other to be laid open? I don't, and I don't care whether you do or not, but you owe it to your individual selves in this particular instance, if no other, not to return good for evil, and a big evil has been done. If he gets it, my final shot is this, I hope he makes a million dollars and is happy every moment. That perhaps he is entitled to.

President KELLY—The question is on the granting of the license.

Coun. LINEHAN—Mr. President.

Coun. COFFEY—I have an amendment to offer.

Coun. SULLIVAN—Mr. President.

President KELLY—Councillor Sullivan, not having spoken.

Coun. SULLIVAN—Mr. President, after you made your ruling today, I did not think any attempt would be made to take this particular item from the committee now when it is presently being investigated by the District Attorney's office. Your ruling to let it go so far as to be taken from the committee was very unfair to the men who have been fighting this petition right from the beginning. One week ago today the words were uttered in this Chamber that this was being held up pending a "pay-off."

President KELLY—Councillor Sullivan.

Coun. SULLIVAN—That is talking on what is on the record, Mr. President.

President KELLY—Councillor Sullivan, the Chair made a statement at the start of the meeting, and all other members are trying to live up to the statement of the Chair. I trust that you will, Councillor Sullivan.

Coun. SULLIVAN—Mr. President, in your ruling—as I stated, it was a very good ruling—but it is very unfair to the members opposed to this particular water taxi service. How can we when the statement was made, and it was made by this man who voted against it and nobody else? Can you stand there, Mr. President, and rule me out of order when a member of this Body here made that accusation, and just like that hit-and-run driver on the road, left the Chamber? Mr. President—

President KELLY—One moment, councillor. The Chair will rule this matter is under investigation by the District Attorney, and that is why I made the statement I made at the outset of the meeting.

Coun. SULLIVAN—Mr. President, you should not have entertained the motion, especially from the two gentlemen who made the motion to take it from the committee. You should have gone whole hog or nothing. There are 22 members involved, not one or two. There are 22.

President KELLY—Wait a minute, councillor. The Chair will state he only ruled on debate and discussion which had to do with the irregularities. He did not rule on any vote.

Coun. SULLIVAN—The motion had to do with the irregularity of one member on his state-

ment of one week ago today, which is in the minutes of our meeting.

President KELLY—Councilor Sullivan, the Chair wants to be fair with every member. He must insist every member talk on the merits of the granting of the license.

Coun. SULLIVAN—In all fairness I will try to keep it within that ruling.

President KELLY—One minute. Councilor Madden, for what purpose does the gentleman rise?

Coun. MADDEN—A point of order.

President KELLY—Will you state your point of order?

Coun. MADDEN—A very few minutes ago I moved the previous question, and I withdrew that for a specific purpose, and extended the courtesy of the floor to Councilor Kinsella. I again renew that motion.

President KELLY—Councilor, the Chair regrets that he cannot accept that motion at this time unless Councilor Sullivan will relinquish the floor to you. Councilor Sullivan, will you relinquish the floor to Councilor Madden?

Coun. SULLIVAN—Am I foolish, Mr. President?

President KELLY—Councilor Sullivan.

Coun. SULLIVAN—The gentleman from Ward 2 should know enough not to ask or even put the motion in.

Coun. MADDEN—Mr. President.

Coun. SULLIVAN—Ward 22.

Coun. BAYLEY—A point of order.

President KELLY—For what purpose does the gentleman rise?

Coun. BAYLEY—A point of order, Mr. President.

President KELLY—Will you state your point of order?

Coun. BAYLEY—I understood the distinguished councilor from Ward 22 moved the previous question and when Councilor Kinsella asked to take the floor, he yielded to Councilor Kinsella. When the councilor from Ward 2 finished speaking, then the motion to move the previous question was in order. He yielded the floor for a specific purpose.

President KELLY—Coun. Madden's motion to move the previous question is not in order at this time unless Councilor Sullivan will relinquish the floor.

Coun. MADDEN—I question the ruling of the Chair, Mr. President.

President KELLY—Councilor Madden questions the ruling of the Chair.

Coun. BAYLEY—I second it.

President KELLY—Councilor Madden appeals from the decision of the Chair.

Coun. COFFEY—Mr. President —

Coun. BAYLEY—I second the appeal.

President KELLY—There is no discussion.

Coun. COFFEY—A point of order.

President KELLY—No point of order. Who seconds the appeal?

Coun. BAYLEY—I second the appeal.

President KELLY—Councilor Madden appeals the decision of the Chair, which is seconded by Councilor Bayley.

Coun. COFFEY—Let us go back on the record.

President KELLY—The question is, shall the Chair be sustained in his ruling?

Coun. RUSSO—Mr. President.

President KELLY—Shall the Chair be sustained in his ruling? Those in favor will please rise, showing the Chair is sustained in his ruling.

Coun. LINEHAN—Mr. President, a point of information. What was the ruling? I was out of the Chamber.

President KELLY—Wait a minute. The Chair ruled Councilor Madden did not have the floor to make a motion to move the previous question. Those in favor please rise. Those opposed, please rise. Fourteen to three, and the Chair is sustained. Councilor Sullivan still has the floor.

Coun. SULLIVAN—Mr. President, I will try to stay within your ruling of this afternoon.

President KELLY—Councilor Sullivan.

Coun. SULLIVAN—Nevertheless, the remarks were made, and the gentleman who made them last week left the Chamber, thereby not giving the proponents of this measure the vote to take it from the committee. They have had sufficient votes ever since this came into the Body to pass it any time they saw fit. The same gentleman, Mr. President, back on January 20, six weeks ago, was in Executive Committee, and that was the day I doubted the quorum here on the floor, but had the same gentleman stayed here, Mr. President, that could have passed January 20 and any Monday since then if all those who were in favor of it were present at one and the same time when the roll call was taken.

Coun. MUCHNICK—Mr. President.

President KELLY—Councilor Muchnick, for what purpose does the gentleman rise?

Coun. MUCHNICK—A point of order, Mr. President.

President KELLY—Will you state your point of order?

Coun. MUCHNICK—It seems to me the gentleman is not talking on the merits of the particular license. It is my understanding that is what we are limited to.

President KELLY—The Chair will rule the gentleman from Ward 9 has not yet violated the ruling of the Chair, but he trusts that he will lead up to the discussion on the merits. Councilor Sullivan.

Coun. SULLIVAN—Mr. President, I am going to go around that ruling the same way they do. They have had the votes here. Mr. President, there is no question of that, and no member has taken the floor to say they never had enough votes, but when the statement was made it was made against five or six who have opposed this thing right from the beginning, I being one of them, and you are trying to shut me off today without any explanation whatsoever. A man in the legal profession should know this, he should know this should not be acted upon today while it is under investigation by the District Attorney's office. The councilor from Ward 2 stated there are not 22 involved, there are 23. Don't forget Mr. Fairbank, and if you gentlemen pass this here today, you have the votes, you can lay it on the table until this thing is cleared up one way or another, and gentlemen, if you pass this this afternoon and the so-called councilor who is named —

President KELLY—Councilor, councilor.

Coun. LINEHAN—Mr. President.

President KELLY—Councilor Sullivan.

Coun. LINEHAN—A point of order, Mr. President.

President KELLY—Councilor Linehan, state your point of order.

Coun. LINEHAN—Mr. President, the point of order is I don't see why you should keep warning the member not to go into any charges or so-called rumors of charges against any member of the Council or the Council. I rule all such matters be stricken from the record, if I can make such a notion.

President KELLY—The motion is out of order at the present time, councilor. The Chair is going to warn Councilor Sullivan once more that if he does not live up to the matter under discussion, he regrets he will have to rule him out of order. Councilor Sullivan.

Coun. MADDEN—Mr. President.

President KELLY—Councilor Madden, for what purpose does the gentleman rise?

Coun. MADDEN—A point of order.

President KELLY—Will you state your point of order?

Coun. MADDEN—On this order previously read by the President, don't you think it should be clarified, whether those who violate your order have three strikes and warned four times and take a walk?

President KELLY—I think the Chair will make the correct ruling. Councilor Sullivan.

Coun. SULLIVAN—Mr. President, my reasons for opposing this are the same as the other members who have joined me in opposing this. They give sound, logical reasons why this permit should not be granted. Those who favor it have given as their reasons that it is a good thing for the city. Is it a good thing for the city or is it a good thing for those people who live outside of the City of Boston? I am sick and tired of hearing "Let's build up Boston." Everything is being done for people outside the City of Boston but I say, let us take care of Boston first, last and always, and if there is anything left over, take care of those outside the City of Boston. This water taxi service is definitely going to affect the income of the Sumner tunnel, it is going to affect the cab drivers who live and operate here in the City of Boston. Gentlemen, further proof about the cab drivers is here in an ad in this morning's Post, "Taxicab rates slashed 45 to 50 per cent." Just what I have been saying right along. Are we going to make their lot any tougher? There are veterans, 156 veterans who within the last two years obtained taxicabs through an act of the Legislature increasing the number of medallions or taxicabs which could operate here in the city, and only those who were veterans could receive those medallions. They are 156 in number plus the number that they employ to drive those cabs to keep them going 16 and 24 hours a day. Isn't that sufficient reason why this should not be passed? Let us go back to the Sumner tunnel. From 1934 to 1945 the Sumner tunnel faced a deficit of over \$3,000,000 and of that figure from 1940 to 1945 there was \$600,000 given to the city by the state to help offset the deficit, but even with that \$600,000 the City of Boston faced a net loss from 1934 to 1945 amounting to 2½ million dollars which the taxicabs of Boston helped pay off on the deficit of that tunnel. The gentleman seeking this license has stated that in order to make the thing pay he will have to carry 300 passengers a day. I was very conservative in only taking one third of that figure of 300 and that he would stop 100 cabs a day from using the Sumner tunnel, and when the cab goes through he must return, whether he returns empty or with a load. Each one of these cabs represents 40 cents, and 100 times 40 cents is \$40 a day, and 300 operating days a year is \$12,000 a year. Mr. President, the proponents of this thing, with all those objections against it have offered nothing, they have shown no need for this service. The only thing is that it is going to hurt, hurt the Boston traffic tunnel and also the Boston cab drivers. I move, Mr. President, where this thing is now under investigation that this order ought to be laid on the table.

Coun. CHASE—Mr. President.

President KELLY—Councilor Sullivan moves that this matter be laid on the table. There is no debate. All those in favor say, "aye," those opposed, "no." It is not a vote.

Coun. SULLIVAN—I doubt the vote and ask for a roll call.

President KELLY—Two members having joined, the clerk will call the roll.

Coun. BAYLEY—Will you ring the bell?

President KELLY—Yes.

The clerk called the roll, and the motion to lay on the table was defeated, yeas 6, nays 13:

Yeas—Councilors Coffey, Hurley, Kinsella, Moriarty, Russo, Sullivan—6.

Nays—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Linehan, Madden, McCormack, Muchnick—13.

Present—Councilor Kelly.

President KELLY—Six votes in the affirmative and thirteen in the negative, and the motion is lost.

Coun. COFFEY—Mr. President.

President KELLY—Councilor Coffey, just a moment. Councilor Hannon, not having spoken.

Coun. HANNON—I will yield.

President KELLY—Councilor Coffey.

Coun. COFFEY—Mr. President, this amendment was drawn by the Law Department. (Reading.)

"As a condition of this license and in accepting it, the licensee agrees that if any person operating any vessel belonging to it or on its behalf shall exercise the right to request the opening of Northern avenue bridge (s) and such bridge (or bridges) are then opened upon such request, such action by the licensee shall be deemed sufficient cause for the revocation of this license by the Mayor and City Council, acting as the County Commissioners of Suffolk county."

President KELLY—The question first comes on the amendment. All those in favor, say, "aye," those opposed, "no." It is a vote, and so ordered.

Coun. BAYLEY—Mr. President.

President KELLY—The question now comes on granting the license as amended.

Coun. HANNON—Mr. President.

President KELLY—Councilor Hannon.

Coun. HANNON—Like everybody else, of course, I did not intend to talk on this matter, and I really feel enough already has been said upon it, and I would not take to my feet except to state the question to my mind appears perhaps a little differently than it does to some of the other members of the Council. As far as I can see, this question is no different from any other matter presented before this Council. Each and every one of us is sent here to decide these questions upon their merits, and each and every one of us is supposed to consider the pros and cons and reach a decision. This I believe we always do after matter-of-fact reasoning, and this I think has been done in this case. It is not unusual, in fact, it is the ordinary thing that there is a difference of opinion between the various members of this Council. It would be very, very unusual if we took any question presented here and especially one referred to a committee and reached a unanimous decision. We are all human beings, and each of us represents a different section of the city and it is only natural that each of us should follow varying lines of reasoning, and it is only natural each of us should reach a different conclusion. It is not unusual to be divided, and I think there are good arguments on both sides of this question. I think possibly this might affect the taxicabs of Boston, but I don't think it will affect them to a very great extent.

As a matter of fact, ever since this was first presented here, I have been of the opinion that most of these trips from Northern avenue to the airport will be made with nobody in it but the operator of the boat because I can't imagine people carrying bags from the South Station, hopping onto a boat, waiting for the boat to start up again, and then getting over to the airport and carrying those bags a distance to their plane. I think anybody, or at least the average person who is going to the airport would get off the train and get into a cab, and have that cab take them to their destination. I don't think that the man is going to make a success of this venture, and yet I do think that the man has the right to petition for the license, and I do feel that he has the right to have us act upon it, either pro or con. Like the other councilors here, I believe, too, that we should give preference in all these matters to residents of the City of Boston, but we have had this petition before us for months, and certainly enough publicity has been focused upon it so that any resident of Boston who thought that this would become a paying proposition has had every opportunity to come down here and petition us for a license, but nobody has approached me on it and nobody has filed, as far as I can find out, any petition with the City Clerk or with the City Council for any like purpose. There, again, I feel that even though this is granted, we are not stopping anybody else from getting a license. I certainly would vote for another license for anybody else if I felt that these licenses were for the best interests of the City of Boston. My position in this matter is this: when petitions are presented to the City Council, regardless of the pros or cons of the matter, we are paid to render decisions on those petitions. I have had this same fight on the floor on another matter. I have no sympathy at all with the idea of keeping anything in committee. Let us bring it out here, let us vote yes or vote no. We have heard every single argument presented here that could possibly be presented, and there is no question of our acting. I have been in here for years, and as far as I can make out, each and every one of the fellows here is just as honest as the other fellow, and each and everybody here has just as much right to reach his decision as I have to reach mine, and each and every one here has the same right to differ with his neighbor as I have to differ

with mine. Our problem, as I see it, is to act on this thing. We have had it six months, let us pass it or let us reject it. No new arguments have been presented today, and no new arguments could possibly be presented. Each and every one has reached an honest conviction, so let us express that honest conviction either by voting yes or by voting no.

President KELLY—The question is on the granting of the license as amended. Those in favor, will please respond when their names are called. The clerk will call the roll.

The license was granted, yeas 14, nays 5:

Yeas—Councilors Bayley, Bryan, Cantwell, Carey, Chase, Cook, Hannon, Keenan, Lane, Linehan, Madden, McCormack, Moriarty, Muchnick—14

Nays—Councilors Coffey, Hurley, Kinsella, Russo, Sullivan—5.

Present—Councilor Kelly.

President KELLY—Fourteen in the affirmative and five in the negative, and the license is granted.

SURVEY OF HEATH STREET, WARD 10.

Coun. CAREY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a thorough survey of Heath street, in Ward 10, with a view to devising some means of eliminating the now existing serious hazards to pedestrians, especially children, on that thoroughfare from the constantly increasing vehicular traffic.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LINEHAN, for the Committee on Claims, submitted the following:

1. Report on petition of Paul B. Curtis (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as member of Boston Police Department, recommending passage of the accompanying order:

Ordered, That the sum of four thousand seven hundred sixty-nine dollars and twenty-five cents (\$4,769.25) be allowed and paid to Paul B. Curtis in reimbursement for amount of execution issued against him on account of his acts as a member of the Boston Police Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

2. Report on petition of Edward Brosemer (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to Sanitary Division, Public Works Department, recommending passage of accompanying order:

Ordered, That the sum of twenty-one dollars and twenty-seven cents (\$21.27) be allowed and paid to Edward Brosemer in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

3. Report on petition of Thomas Murphy (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor truck belonging to School Department, recommending passage of accompanying order:

Ordered, That the sum of thirty-one dollars and two cents (\$31.02) be allowed and paid to Thomas Murphy in reimbursement for amount of execution issued against him on account of his acts as operator of a motor truck belonging to the School Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

4. Report on petition of Melvin J. Melanson (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Bridge and Ferry Division, Public Works Department, recommending passage of the accompanying order:

Ordered, That the sum of eight hundred eighty-one dollars and forty-three cents (\$881.43) be allowed and paid to Melvin J. Melanson in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Bridge and Ferry Division, Public Works Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

5. Report on petition of Axel J. Stenberg (referred February 17) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Street Cleaning Division, Public Works Department, recommending the passage of accompanying order:

Ordered, That the sum of ninety-seven dollars and fifty cents (\$97.50) be allowed and paid to Axel J. Stenberg in reimbursement for amount of execution issued against him on account of his

acts as operator of a motor vehicle belonging to the Street Cleaning Division, Public Works Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

6. Report on petition of Frank C. Burns (referred March 3) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Police Department, recommending passage of accompanying order:

Ordered, That the sum of five hundred dollars (\$500) be allowed and paid to Frank C. Burns in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

The report was accepted and the order was passed.

ACTION ON OFF-STREET PARKING.

Coun. MORIARTY offered the following:

Ordered, That his Honor the Mayor make known to the members of the Boston City Council or the public press what action thus far has been taken on the expenditure of the \$5,000,000 loan for off-street parking.

Coun. MORIARTY—Mr. President, it is apparent to us that the public press takes a lively interest in certain matters that come before our Body. He is fortunate who can get one of our local organs to support any measure or to support an action that might come before our Body. I recall definitely that some seven or eight months ago an order was submitted for a \$5,000,000 loan for off-street parking. We debated it pro and con and thrashed it out, and wandered to new locations, whether off-street parking would be the solution for our traffic problem, and still the public press chastises us when we do not take immediate action. We were belabored with such expressions as dilatory tactics, delays and so on. Now, the \$5,000,000 has been granted, and there is an apparent lethargy on the part of the press to follow it up. Therefore, Mr. President, I ask those reporters who come to City Hall to see if they cannot gather the news from the Mayor's office or where it might be, to inform us as to what relief we are going to get for downtown parking.

Coun. LINEHAN—Going along with the thought of the Councilor from Roxbury, I notice in the current issue of the *U. S. Municipal News*, "the Minneapolis City Council is considering as plan submitted by its Police and Street Traffic Committee proposing construction of 20 double-deck parking garages to be located in a rough circle near the city's business centre. The double-deck structures would handle 30,000 vehicles daily." Here we have a city trying to solve its traffic problem in the middle West. We thought we solved that traffic situation some months ago; at least, we thought we were on the way, and I agree with the gentleman from Roxbury it is about time we got some report on the progress. I filed an order some time ago requesting his Honor the Mayor to give the persons in charge of the off-street parking program an opportunity to visit the different cities that were trying to correct their traffic situation, but it is my understanding his Honor the Mayor struck that item out of the budget. So I don't know what the Real Estate Commissioner and the Planning Board Commissioner and also the Mayor have done relative to the loan we voted for so many months ago. I can't for the life of me understand why these people have not gotten after the Mayor and the commissioner in charge of this program. What have they done? About two weeks ago, I believe, I filed an order relative to the Boston Housing Authority and the \$10,000,000 loan, but the gentlemen on the board did not answer us particularly, but they did publish the development of that program up to date, I think it was, about three days ago, in the newspapers. I don't know why he has not sent it to this Body, because it was this Body who passed the order asking for information. He thought better to answer our Body through the press. I guess it is one of these things that department heads do, they answer through somebody else than ourselves. I hope this order is taken seriously to the extent that the Real Estate Commissioner, the Planning Board and any others in charge of the off-street parking program will let us know what has been done up to date so that we might get some relief in the near future with regard to the traffic problem.

Coun. MORIARTY—Mr. President, I would like to add Councilor Linehan's suggestion as an amendment, that the Traffic Commissioner and the Real Estate Commissioner and the Planning Board Chairman be in attendance at our next meeting.

President KELLY—The Chair will refer the order to the Executive Committee, and the Executive Committee will notify those gentlemen.

Coun. MORIARTY—That the Planning Board Chairman and the Traffic Commissioner as well as the Real Estate Commissioner be notified to be in attendance at the next Executive Session.

President KELLY—The Clerk of Committees will be so notified, councilor.

The order was referred to the Executive Committee.

REPORT OF COMMITTEE ON RULES.

Coun. SULLIVAN, for the Committee on Rules, submitted the following:

Report on resolve (referred March 3) that Congress enact legislation making April 19 a national holiday—that same ought to pass.

The report was accepted and the resolve was passed.

Adjourned, on motion of Councilor Russo, at 5.15 p. m., to meet on Monday, March 24, 1947, at 2 p. m.

SALE OF SEWING MACHINES.

The Mayor has approved the following request of the Public Welfare Department:

BOSTON, February 17, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Authority is hereby requested of your Honor and the members of the Boston City Council for the sale of the sewing machines described below which are no longer needed for the purpose for which they were bought for this department and, therefore, request is made that they be disposed of by public auction to be conducted by Mr. Irving Lewis, Chairman of the Real Estate Commission, in that the sale value will undoubtedly exceed five hundred dollars (\$500).

Home Type, National.—Heads and cabinets, 485; heads only, 108; head (broken), 1; cast heads, 21.

Singer.—Heads and cabinets, 3.

Commercial Type, Heads Only.—Wheeler & Wilson, 399; Singer, buttonhole, 10, special, 8, Singer, 92; Union Special, buttonhole, 11; Metropolitan shirtfacers, 2; Standard, 3; Beacon Special, 1; miscellaneous, 3; cutting machines (miscellaneous), 7.

Very truly yours,

MARGARET J. GOOKIN, *Chairman.*

Ordered, That the Public Welfare Department be authorized to sell, at public auction, the following-named equipment, no longer needed for public purposes, viz.:

Sewing Machines.

Home Type, National.—Heads and cabinets, 485; heads only, 108; head (broken) 1, cast heads, 21.

Singer.—Heads and cabinets, 3.

Commercial Type, Heads Only.—Wheeler & Wilson, 399; Singer, buttonhole, 10, special 8, Singer, 92; Union Special, buttonhole, 11; Metropolitan shirtfacers, 2; Standard, 3; Beacon Special, 1; miscellaneous, 3; cutting machines (miscellaneous) 7.

MAYOR'S OFFICE.

BOSTON, March 3, 1947.

To the City Council.

GENTLEMEN,—I am in receipt of the attached communication from the chairman of the Public Welfare Department, in which it is requested that authority be granted for the sale of the sewing machines, described in the communication, which are no longer needed for any public purpose.

In view of the fact that this surplus equipment is still scarce on the market, I deem it the part of wisdom to dispose of it at a time when its sale should bring a substantial return to the city. For this reason, I respectfully recommend passage of the accompanying order by your Honorable Body, providing for the sale of this equipment at public auction.

Respectfully,

JAMES M. CURLEY, *Mayor.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SUPPLIES AND EQUIPMENT FOR PHYSICAL EDUCATION IN BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing supplies and equipment for physical education in the Boston Public Schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Supplies and Equipment for Physical Education." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, April 7, 1947. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,
Business Manager of the School Committee.
(Mar. 22.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR ASPHALT OR COAL TAR PITCH, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 175 tons, more or less, of asphalt or coal tar pitch for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the department on and after Tuesday, March 25, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Friday, April 11, 1947. A properly certified check for five hundred (\$500) dollars payable to the city must accompany the proposal. The department reserves the right to reject any or all bids and award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY, Secretary.
(Mar. 22-29.)

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSAL FOR BOARDS, JOISTS AND PLANKS, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 535 thousand feet board measure, more or less, of Eastern spruce or fir boards, joists and planks and North Carolina matched boards for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the department on and after Monday, March 24, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 9, 1947. A properly certified check for two thousand (\$2,000) dollars, payable to the city, must accompany the proposal. The department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

D. P. MCGILLICUDDY, Secretary.
(Mar. 22-29.)

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of windows three times during the year 1947 at the Central Library building and at thirty-one other buildings as specified in the specifications.

Proposals will be received until 12 o'clock noon, Wednesday, April 9, 1947, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A certified check in the sum of \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, shall be submitted with the copy of the proposal filed with the Awarding Authority. The certified check shall be in a separate envelope properly marked.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Laws (Ter. Ed.), chapter 152, to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, March 24, 1947, at the business office, Public Library of the City of Boston, Central Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful contractor.

The Awarding Authority reserves the right to reject any and all proposals.

PENAL INSTITUTIONS DEPARTMENT.

SALE OF PIGS AT THE HOUSE OF CORRECTION, DEER ISLAND, BOSTON HARBOR, MASS.

Sealed bids for the sale of one hundred (100) surplus pigs—weight varying from one hundred to two hundred pounds each—will be received by the Commissioner of Penal Institutions, Room 803, City Hall Annex, Boston, Mass., up until 12 o'clock noon, March 28, 1947, and shall immediately thereafter be publicly opened and read aloud.

Said pigs were raised at Deer Island and may be seen there any day except Sunday, between 9 a. m. and 11 a. m. and 2 p. m. and 4 p. m.

The condition of sale of pigs will be as follows:

1. Bids are to be made on a basis of price per pound for the entire lot.
2. Weighing of pigs to be on certified scales at Deer Island.
3. The delivery of the pigs will be made at the piggery at Deer Island.
4. Any attendant charges in connection with the sale are to be assumed by the successful bidder.
5. Terms of Sale, F. O. B. Deer Island: The sum of two hundred fifty dollars (\$250) in cash or certified check, made payable to the City of Boston, to be deposited by the successful bidder on acceptance of bid and the balance, either cash or certified check, made payable to the City of Boston, to be paid on delivery of pigs after being weighed.
6. The successful bidder will provide suitable transportation for the pigs from Deer Island, and shall remove pigs from Deer Island not later than 4 p. m., April 3, 1947.
7. The Commissioner reserves the right to accept or reject any and all bids.

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.
(Mar. 22.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR GLASS GAS LAMP GLOBES AND EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing glass gas lamp globes and equipment to the Public Works Department (Street Lighting Division). The bidder must use the form of proposal with specifications and drawing, obtainable at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Tuesday, April 8, 1947, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Glass Gas Lamp Globes, Etc." The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

PROPOSAL FOR YELLOW PINE OR DOUGLAS FIR LUMBER, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering 1,625 thousand feet board measure, more or less, of long leaf yellow pine or Douglas fir lumber for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the department on and after Monday, March 24, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, April 9, 1947. A properly certified check for three thousand (\$3,000) dollars payable to the city must accompany the proposal. The department reserves the right to reject any or all bids and to award the contract as it deems for the best interests of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN THE RICHARD OLNEY SCHOOL, HASTINGS STREET, WEST ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in the Richard Olney School, Hastings street, West Roxbury, Mass.

Proposals will be received until 12 o'clock noon Thursday, April 3, 1947, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, March 31, 1947.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice of sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

All the above subject to approval of the Civilian Production Administration as applicable.

JAMES H. MOONEY,
(Mar. 22.) Superintendent of Construction.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

CONSTRUCTION OF VETERANS' HOUSING DEVELOPMENT.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, will receive sealed bids for the construction of Veterans' Housing Development located in the Dorchester (Mattapan) district, City of Boston, Mass., until one (1) o'clock p. m., Eastern Standard Time, Wednesday, April 2, 1947, at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond, as set forth in the specification.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specification must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, are on file at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass. Copies of the documents may be obtained by depositing \$100, in the form of a certified check, with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within ten days after opening of bids.

Sub-bids will be taken on the following portions of the work:

1. Heating. 2. Lathing and Plastering.
3. Plumbing.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders, in the amount of \$25,000.
2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority, and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

BOSTON HOUSING AUTHORITY.
(Mar. 22.) JOHN CARROLL, Chairman.

INVITATIONS FOR PROPOSALS FOR PAINTING WORK IN ARCHBISHOP JOHN J. WILLIAMS BUILDING, BROOKLINE STREET AND SHAWMUT AVENUE, BOSTON.

The Superintendent of Public Buildings of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for painting work in Archbishop John J. Williams Building, Brookline street and Shawmut avenue, Boston.

Proposals will be received until 12 o'clock noon, Wednesday, April 2, 1947, at the office of the Awarding Authority, Room 1005, City Hall Annex, at which time and place they will be opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$400, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained on and after Monday, March 24, 1947, at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to reject any and all bids if it be in the public interest so to do.

CITY OF BOSTON.

FIRE DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO THE FOLLOWING FIRE STATIONS: ENGINE 14, ELIOT SQUARE, ROXBURY; ENGINE 41, 16 HARVARD AVENUE, BRIGHTON.

The Fire Commissioner of the City of Boston, 60 Bristol street, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to Engine 14, Eliot square, Roxbury; Engine 41, 16 Harvard avenue, Brighton.

Proposals will be received until 12 o'clock noon, Thursday, April 3, at the office of the Awarding Authority, 60 Bristol street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority, 60 Bristol street, Boston. A deposit of \$25 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to bidders, upon receipt of said plans and specifications in good condition, by the Awarding Authority.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All sub-bidders' proposals must be in the possession of the Awarding Authority, and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, March 31, 1947.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each sub-bidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all sub-bids of any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 39

SATURDAY, MARCH 29, 1947.

No. 13

MAYOR CURLEY INAUGURATES MOVE TO HAVE MOVING PICTURE INDUSTRY ESTABLISH SITE AND OPERATE FROM SOME SPOT IN NEW ENGLAND, ASKS SPECIFICALLY THAT THEY LOCATE IN MASSACHUSETTS — ADDRESSES TO LEADERS IN INDUSTRY ON WEST COAST AN APPEAL TO CHOOSE THIS SECTION AS NEW HOLLYWOOD LOCATION BECAUSE OF REPORTED LABOR DIFFICULTIES THERE FROM WHICH MASSACHUSETTS HAS BEEN LARGELY FREE FOR A NUMBER OF YEARS — ALSO URGES CONSIDERATION OF HISTORICAL AND SCENIC ADVANTAGES THIS SECTION HAS TO OFFER.

Mayor James M. Curley on March 25 made public a copy of a letter which has been sent to thirty-eight of the country's leading motion picture producing companies in California:

GENTLEMEN,— It is my understanding that some of the leading motion picture producers of the country, not entirely satisfied with the costly problems they have been forced to face of late on the Pacific Coast, particularly unsettled labor conditions, are contemplating the opening of studios, and possibly creating a new Hollywood, somewhere in the East, near the coast line of the Atlantic Ocean.

For this reason I am making a direct appeal to you to give full consideration to New England, particularly Massachusetts, and possibly the Greater Boston area, in formulating your plans for the future.

At the very outset, I would like to call attention to the fact that for many years Massachusetts has been practically a strikeless state. As indicative of the attitude of labor and capital in this Commonwealth, I would like to cite one rather striking illustration to you.

Following World War I, when I was serving my second term as Mayor, Boston embarked upon a program of building and rebuilding. I obtained an agreement for complete harmony between the building trades employees and employers. Under this agreement all disputes that arose were to be submitted to the Mayor for adjudication. As a result of this spirit of industrial peace and conciliation thus created, Boston outdid itself in building. During my four postwar years, 1922-1925, there was expended for building and rebuilding in our city a total of more than \$500,000,000, an all-time high.

Matchless Beauties.

To you who have been fortunate enough to visit and travel extensively in New England, it is perhaps unnecessary to describe in detail the matchless natural beauties of this area, its invigorating climate, the friendliness of its people, the richness of its historical background, and its diversified activities in every field of human endeavor.

In Massachusetts, from the lofty, wooded hills of the Berkshires at its western gateway, through the restful vistas of lake-dotted Pioneer Valley and central Massachusetts, to the rock-bound coast of Cape Ann and the North Shore, or to the South Shore and the striking sand dunes and restless surf of Cape Cod, Nantucket, and Martha's Vineyard, with their picturesque and lonely lighthouses, are areas of loveliness.

From the standpoint of the motion picture industry there is no section in the country better adapted to its multiple needs. Vast sites are available. They are possible of quick development at exceedingly low cost. They present no transportation problems.

In addition to the scenic beauties of these areas are many of our most notable historic shrines. Boston has many scores of them. There is Faneuil Hall, "the Cradle of Liberty"; the Old North Church, from which lanterns gave Paul Revere the signal for his famous ride; Bunker Hill Monument, which looks down upon the oldest Navy Yard in the United States, where the frigate *U. S. S. Constitution*, "Old Ironsides," has a permanent berth; Griffin's Wharf, scene of the "Boston Tea Party"; historic Boston Common; and the beautiful Public Garden — just to mention a few.

(Continued on page 400.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand, first floor, City Hall Annex.

Advertising.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 63 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 31, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marqueses, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges, and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 63 City Hall, for historical, geographical, political, and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For week ending March 22, 1947.

Population as of July, 1943, Massachusetts State Census, 817,713; population estimated July, 1946, United States Census Bureau, 766,386; number of deaths (stillbirths excluded): Residents, 165; nonresidents, 62; total, 227.

Death rate per 1,000 of population: All deaths, 15.40; nonresidents deducted, 11.19.

Death rate per 1,000 of population:

Last week, 14.79; corresponding week last year, 16.15.

Deaths by age periods, sex, etc.: Under one year, 33; one year to four years, inclusive, 5; sixty years and over, 115. Total deaths: Male, 133; female, 94; deaths in hospitals and institutions, 152.

REPORTABLE DISEASES: CASES AND DEATHS.*

CITY AUDITOR CHARLES J. FOX PRESENTS PICTURE OF SOUNDNESS OF BOSTON'S FINANCIAL CONDITION BEFORE LEGISLATURE'S COMMITTEE ON MUNICIPAL FINANCE AT STATE HOUSE IN COMMENTING ON PETITION OF SENATOR PHILIP G. BOWKER FOR LEGISLATION TO ESTABLISH A FINANCE BOARD FOR THE CITY—CITY TEMPORARY DEBT REDUCED IN 1946 DUE TO CAREFUL HANDLING OF REVENUES, AND ALL KNOWN OBLIGATIONS PAID IN FULL OR PROVIDED FOR—SHOWS BOSTON'S FINANCIAL PULSE STRONG AND NOT IN NEED OF "STRAIT JACKET" PROPOSED.

The following are the remarks of Charles J. Fox, Auditor for the City of Boston, before Committee on Municipal Finance, State House, Boston, February 27, 1947, *re* petition of Senator Philip G. Bowker for legislation to establish a Finance Board for the City of Boston — Senate No. 321:

Mr. Chairman and Gentlemen of the Committee.

In everyday life when doctors disagree as to the condition of a patient it is customary to arrange for a conference of experts at which the symptoms as observed by each doctor are presented and the experts pass judgment on the various factors presented. This Committee is sitting in the role of experts. Last Wednesday you heard a summary of Boston's symptoms as presented by the proponent of this bill.

I am not going to comment on that presentation but I would like to leave before the Committee some of the symptoms which the proponent failed to mention in his presentation. These symptoms I am going to talk about refer solely to the finances of the city because I feel the financial position of any municipality is the best criterion on which to judge the true condition of the city. I would like to take a few minutes to comment on Boston's current financial accomplishments.

ORDINARY MAINTENANCE AND OPERATION.

During the fiscal year 1946, all known obligations of the city were either paid in full or adequate reserves were established to provide for their ultimate payment. All funded and temporary debt obligations were paid as they matured. Interest payments on all forms of outstanding debt were promptly made. The accounts and records for the year 1946, when closed, indicated that the total of tax and ordinary revenue receipts exceeded expenditures for ordinary maintenance and operation requirements by \$5,750,000. This surplus was applied directly to a reduction in the temporary debt of the city.

Water Department receipts during 1946 exceeded expenditures by \$2,500,000. This surplus will be applied in 1947, in accordance with the provisions of chapter 324 of the Acts of 1914, to the payment of outstanding debt of the city, thus reducing in like amount the burden on the taxpayers in the current year for debt redemption. In the twelve months ended December 31, 1946, the Sumner Traffic Tunnel was operated with a profit of, roughly, \$535,000. This is the largest operating surplus in the history of the Tunnel. These excess receipts have already been paid over to the Sinking Funds Commission under the provisions of chapter 361 of the Acts of 1945 to be used for the ultimate redemption of Traffic Tunnel bonds.

On December 31, 1946, 90 per cent of the 1946 tax levy was collected — the

best collection record established in the city in the past fifty years.

DEBT STRUCTURE.

On December 31, 1945, \$8,000,000 in temporary notes of the city was outstanding. At the close of the fiscal year 1946, the amount of such notes outstanding was \$2,000,000, representing not only a reduction of \$6,000,000 in this type of debt during 1946 but, also, the lowest amount of temporary debt outstanding at the close of a fiscal year since 1931. Despite liberal provisions for veterans' housing and plant reconstruction and expansion, the net funded debt of the city was reduced during 1946 by \$1,500,000. On December 31, 1946, the total net funded debt of the city was \$93,230,000, the lowest net funded debt since 1925. Of this total, 57 per cent was self-supporting, which means that the net funded debt of the city to be met in subsequent years from the tax levy was only slightly in excess of \$40,000,000. Few large cities in the country can offer a debt picture to match that of Boston.

Early last year, the last outstanding tax title loan with the Commonwealth was paid off, with the result that for the first time since 1933 all collections of prior years' taxes were available to meet ordinary maintenance expenses. On December 31, 1937, ten years ago, the net over-all debt of the city was, roughly, \$160,600,000. On December 31, 1946, the net over-all debt of the city was \$95,230,000. A reduction of over \$65,000,000 in ten years in the net over-all debt of the city is a definite accomplishment.

IN GENERAL.

On July 18 and November 22 of last year, the City Treasurer invited bids on City of Boston bonds authorized under various legislative acts, and bids were received in the first instance from syndicates representing over fifty different investment houses, and in the second instance from syndicates representing over seventy different investment houses. This widespread participation by the leading financial interests of the country in Boston bond offerings is an indication of the high credit standing of the city. Do you believe there would be this wide interest displayed by investment houses in Boston bonds if they felt that the over-all financial structure of the city was not sound?

Since 1940, Boston has had a fourth watchdog of the city's finances. In addition to the Auditing Department, the Finance Commission and the Municipal Research Bureau, we have had at

City Hall during the past seven years a staff of auditors from the Division of Accounts in the State House. I feel certain you will agree if there was any misfeasance or malfeasance in the handling of the accounts of the city that it would be readily recognized by these men.

On last Wednesday, the proponent of Senate No. 321 expressed the belief that the city was "in the red." I have in my hand a balance sheet of the city as of January 31, 1947, which reflects the condition of the accounts of the city at the close of last month. This balance sheet has been prepared in accordance with uniform State procedure and indicates this very significant fact — the balance in the Excess and Deficiency (or Surplus) Account exceeds total outstanding taxes by over \$500,000. From your experience in municipal finance, you gentlemen know that this excess represents an actual surplus which can be used this year in the determination of the tax rate. This is the first time since 1931 that the records of the city have reflected an actual cash surplus or an excess which may be appropriated.

The symptoms I have presented to you have little if any news value. They are not of the nature from which headlines are developed or editorials written. Unfortunately, purported shortcomings at City Hall are publicized every so often, and headlines are "blown up" in the papers and editorials are written to the effect that there is nothing right on School street. The proponent of Senate No. 321 laid much emphasis last Wednesday on an editorial which appeared in a morning paper on Saturday, February 15. This editorial was based on claims advanced the day previous by certain members of the Council that undue delay was attached to the starting of Council hearings on the current year's budget.

Using this editorial, the proponent of Senate No. 321 pointed to the fact that the 1947 budget represents an increase of \$6,000,000 over that of last year and concluded that possibly the powers that be were averse to prompt hearings on the budget because of this fact. He made a very plausible presentation, but, gentlemen, here are the facts. The 1947 budget was submitted to the Council by the Mayor, as required by law, the first Monday in February. There the Mayor's responsibility stopped. The responsibility for conducting hearings was then that of the City Council. For many years, it has been the custom that the budget must be in printed form before hearings are started by the City Council. That was the rule when I was Budget Commissioner in 1923 and it is the rule today.

Last year the budget recommendations submitted by the Mayor to the Council were in lump-sum form and when printed constituted a document of 27 pages. The budget for 1947, however, was submitted to the Council in full segregated form and, as a result, a document of some 125 pages was printed. Is it not reasonable to contend that the 1947 budget, being five times the size of last year's budget, would require a longer period to prepare in printed form? This is the real reason for the slight delay in starting the hearings on this year's budget.

The facts and figures I have given you represent the real answer to the financial condition of the City of Boston. In the light of the symptoms I have presented, I trust you will conclude that, medically speaking, Boston's pulse is strong, its blood pressure is normal and it has in its bloodstream an adequate supply of red corpuscles. In view of these symptoms, I see no need for a drastic strait jacket, as proposed in Senate No. 321, being imposed on Boston.

CITY TREASURY PRAISED FOR EFFICIENCY IN HANDLING COLLECTION OF INTERNAL REVENUE WITHHOLDINGS OF CITY EMPLOYEES AS OUTSTANDING EXAMPLE OF EXCELLENCE.

The attached letter was on March 21 received by Henry F. Brennan, City Treasurer, from Denis W. Delaney, Collector of Internal Revenue in Boston, commending the personnel of the City of Boston for the excellent manner in which the 1946 W-2 Forms covering earnings and withholdings of all city employees were prepared and submitted. The accounting method used in the preparation of these forms was as follows:

Each department maintained an earning and withholding record for each person employed by that department during the year. The City Treasurer's office developed master controls by pay rolls, in other words, a separate control for each of the six hundred individual pay rolls. Each quarter the departments checked with the office of the City Treasurer to determine the accuracy of their accounts. In November, the departments were supplied with especially printed W-2 Forms in fan-fold style with the name of the City of Boston imprinted thereon. The departments then typed the names and addresses of the employees of their department on these forms, and, at the close of the year, after proving with the office of the City Treasurer, inserted the amount of earnings and withholdings. These forms were then submitted to the office of the City Treasurer where they were consolidated, inspected and proved to the exact amount withheld from pay rolls and paid to the Collector of Internal Revenue.

The enormous task of filing by January 31 these 30,385 individual returns representing withholdings of \$3,805,399.88 could not have been accomplished in the above manner without the complete cooperation that was received from every department in the city and county.

MY DEAR MR. BRENNAN,— My attention has been directed to the 1946 withholding tax return of the City of Boston as an outstanding example of excellence in appearance, perfection in execution and accuracy in every detail. In the

care and skill given its preparation, this document is so utterly different from the vast majority of others that I feel obliged to let you know of the notice it has attracted.

The City of Boston returns is but one among three and one half million others that will immediately submit to twenty-one separate functional operations through channels of primary clearance in our office. Important, however, is the fact that a high percentage of the others will be quite indifferently prepared from a standpoint of completeness, arithmetical correctness, legibility and conformance with instructions of the Bureau of Internal Revenue. Endless time-consuming effort is always required in processing these imperfect returns. With this thought in mind you will quickly understand the reason I wish to thank and commend your officers and personnel for the cooperation they have afforded through submission of such a clean and faultless document.

I know our office is many times criticized for conditions which are completely beyond control because of the enormous volume of work to be performed within limited periods of time. It may truthfully be said, however, that if all the returns submitted were to compare in quality with that of the City of Boston our service to both business and members of the public would be greatly improved. Many harassing Internal Revenue problems would, likewise, promptly yield to solution.

Again, my appreciation.

Sincerely yours,

DENIS W. DELANEY.
Collector.

MAYOR CURLEY URGES MOTION PICTURE INDUSTRY TO ESTABLISH SITE AND OPERATE FROM NEW ENGLAND.

(Continued from page 397.)

BATTLEFIELDS HISTORIC.

Nearby are the battlefields of Concord and Lexington, and staid old Plymouth where the Pilgrims established the first permanent settlement in this country. And it should not be forgotten that this is the land of the Pilgrims, Paul Revere and the Minutemen, the Adamses, Lowell, Hawthorne, Longfellow, Whittier, Emerson, and Thoreau.

Boston, I might also state, in addition to having the oldest Navy Yard in the country, has a new Navy Yard in South Boston where are now tied up and decommissioned fourteen carriers which are available for motion picture enterprise.

Massachusetts has a wealth of dramatic and musical talent. It has numerous summer theaters, which not only serve as training or proving grounds for ambitious young actors and actresses, but attract outstanding stage and screen celebrities. The Berkshire Players at Stockbridge, the Dartmouth Players at Hanover, the Cape Playhouse at Dennis, the Lynn Summer Theater, the Priscilla Beach Theater at Plymouth, and the Worcester Drama Festival are among them. Many stars of stage and screen have graduated from the summer theaters of Massachusetts.

The musical festivals are as notable as the summer theaters. Outstanding among them is the Berkshire Festival each year at Stockbridge, where the famed Boston Symphony Orchestra is heard, and the esplanade concerts by the same orchestra at the Hatch Shell,

Embankment road, Boston. There are others throughout the state, which attract many thousands of people during the festival season.

The people of Massachusetts, it might be said, are very drama and music conscious.

I am sending you some illustrated literature concerning Massachusetts and New England which may interest you. It will supplement my letter, without further comment from me. I do hope you will consider my suggestion. I would not make it did I not know that we have something to offer you which may prove to be beneficial to you and to the people of this splendid part of the United States.

Sincerely yours,

JAMES M. CURLEY.
Mayor of Boston.

MAYOR LIGHTS ILLUMINATED MOVING SIGN.

March 20, 1947.

From Eversharp, Inc.,

New York, New York.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. CURLEY,—When you so kindly agreed to push the switch that would illuminate our new spectacular moving sign in Park square, you stated that either Thursday, the 27th, or Friday, the 28th, would be suitable for you, and in order to simplify some of our internal organization problems, we chose Thursday. We find, however, that the sign will not be completed and ready for illumination on Thursday and have, therefore, postponed the ceremony until Friday, March 28.

We crave your indulgence in this matter and hope this change of dates will not inconvenience you.

Many thanks and sincerest personal regards.

Cordially yours,

ARTHUR H. ROGOW.

MAYOR CURLEY APPEALS FOR RETENTION OF CUSTOMS GUARD FORCE.

His Honor the Mayor on March 24 sent the following telegram:

HON. LEVERETT SALTONSTALL, SENATE OFFICE BUILDING, WASHINGTON, D. C.

THE PROPOSAL TO REDUCE ALMOST TO THE VANISHING POINT THE NUMBER OF PERSONS EMPLOYED IN THE CUSTOMS SERVICE AT THE PORT OF BOSTON IS NOT ONLY AN ILL-CONSIDERED ACTION BUT ONE THAT MAY PROVE DESTRUCTIVE TO THE PLANS FOR THE DEVELOPMENT OF THE PORT. THE STATE HAS MADE AVAILABLE FIVE MILLION DOLLARS FOR THE DEVELOPMENT OF THE PORT FACILITIES AT CHARLESTOWN AND AT THE AIRPORT UPWARD OF FIFTEEN MILLION DOLLARS HAS ALREADY BEEN EXPENDED. THIS MONEY MIGHT JUST AS WELL BE CONSIDERED AS LOST TO THE COMMONWEALTH UNLESS THE INSPECTOR FORCE OF THE PORT BE MAINTAINED AT THE PRESENT QUOTA. THE OPINION GENERALLY EXPRESSED IN BOSTON AND MASSACHUSETTS IS THAT IT IS ILL-CONSIDERED ILL-ADVISED AND THE CHARACTER OF ECONOMY THAT IS NOT JUSTIFIABLE AND IT IS CLEARLY THE DUTY OF THE MEMBERS OF CONGRESS FROM MASSACHUSETTS TO PREVENT THIS ILL-CONSIDERED AND UNWARRANTED ACTION.

JAMES M. CURLEY.

BUILDING COMMISSIONER MAKES PLAN TO SAFEGUARD ALL BUILDINGS BOTH MER- CANTILE AND DWELLING IN CASE OF FIRE.

A conference was held on March 24 in the office of the Mayor, at which were present Fire Commissioner Russell S. Codman, Jr., Building Commissioner John J. Mahoney, and Assistant Corporation Counsel Nathan Moger, to consider the question of having added protection for the safety of the public, safety of the Fire Department, and contents of premises.

Under the provisions of the Building Code of the City of Boston, section 116-G of chapter 419 of the Acts of 1942, it is within the power of the Building Commissioner to compel the installation of automatic sprinkler systems in buildings used for manufacturing purposes.

The Building Commissioner informed the Committee that his department has just completed a survey of the installation of automatic sprinkler systems and fire escapes on all buildings used to house the aged and children throughout the City of Boston and that the entire inspection force is now making a complete survey of the city with a view to the installation of automatic sprinklers and adequate egress in buildings used for manufacturing purposes.

The Building Commissioner pointed out the fact that during the period of the war, it was customary for manufacturing concerns to assemble, sometimes without notifying the Building Department, a group of buildings by taking down the party wall and failing to install fire doors for the protection of workers on the premises.

It is the purpose of the Building Commissioner to insist that fire doors be installed whereby, in the judgment of the Building Department, it becomes necessary for the protection of life and property.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

ART COMMISSION.

The Mayor has approved the following:

Permanent clerk Henry Copley Greene, has been granted a leave of absence from April 1 to July 31, 1947; and Howard T. Clinch has been named to serve as temporary clerk at \$50 a month, during the period from April 1 to July 31.

FIRE DEPARTMENT.

Provisional Assistant Operator Robert L. Sullivan of the Fire Alarm Division has been appointed as temporary assistant operator at \$2,300 a year.

The following employee of the Fire Department has been retired:

John M. Ahern, 35 Carruth street, Dorchester, principal operator, at \$2,200 a year.

The following-named have been appointed as provisional firemen at \$2,000 a year:

Arthur W. Bunker, 10 Josephine street, Dorchester.

Paul D. Craven, 150 Rossiter street, Dorchester.

Daniel L. Crowley, 14 Concord street, Charlestown.

Eugene G. Dinneen, 16 Rill street, Dorchester.

George P. Duclos, 19 Quarley road, Roslindale.

Norman L. Maddock, 65 Robert street, Roslindale.

Joseph W. Mandeville, 43 Hobson street, Brighton.

David J. McKinnon, 775 East Sixth street, South Boston.

John J. McLaughlin, 58 Sullivan street, Charlestown.

Walter E. Paris, Jr., 14 Woodfield street, Dorchester.

Robert J. Roy, Jr., 9 Spring Valley road, West Roxbury.

Approval has been given for the following adjustment under A-1, Permanent Employees, in the 1947 Fire Department budget:

34 Apparatus Operators at \$2,800 a year should be changed to read: 33 Apparatus Operators at \$2,800 a year.

14 Engineers, High Pressure, at \$2,800 a year should be changed to read: 15 Engineers, High Pressure, at \$2,800 a year.

HEALTH DEPARTMENT.

Approval has been given for the designation of Roy B. Lindgren, M. D., 231 Park Drive, Boston, as Acting Director of the Division of Tuberculosis of the Health Department of the City of Boston.

Approval has been given for the appointment of the following-named physicians to the Boston Health Department as voluntary assistants, without compensation, to assist the Health Department in the immunization of children in the schools of the City of Boston. These appointments are for a period not to exceed three months from March 10:

James A. Keenan, Philip E. Sheridan, Francis G. Barnes, Herman C. Pettersen, Solomon H. Rubin, Carmi R. Alden, Jacob Applebaum, Henry Baker, Basil E. Barton, William H. Blanchard, Louis Cohen, John J. Dunphy, Jr., Harold Q. Gallupo, Anna H. Kandib, Charles Korb, Harry Korb, Joseph Laserson, Abraham F. Levine, Harry B. Levine, Maurice Lugitch, William E. McMahon, Samuel Nadel, George J. Oberlander, Elizabeth V. O'Neill, Gaetano Praino, Carlisle Reed, Edmund A. Rogers, Kermit C. Rosen, Louis F. Salerno, Hyman Sophiratolu, Harold L. Shulman, Warren N. Tilton, John P. Treanor, Jr., Francis X. Walsh, Sidney H. Weiner, Harry Fein, Bernard W. Pond, Mary Moore Beatty, Louis L. Bluestein, Edward F. Bowman, Eva Civen, Gertrude Como, Richard A. Cunningham, Sydney H. Lappin, Vincent J. DiMento, Herbert G. Finn, Murray Gateman, Richard J. Gorman, Joseph Gregorio, Irving L. Kushner, Alice D. Lynch, Joseph A. O'Brien, Maurice Rubin, J. Charles Seymour, Jess B. Weiss, Jacob Wexler.

HOSPITAL DEPARTMENT.

An increase in salary has been approved for the following employees, effective January 1:

Elizabeth T. Bergen, clerk-typist, from \$1,500 a year to \$1,700 a year.

Albert Smillie, X-ray technician, from \$1,020 a year to \$2,200 a year.

Helen R. Mooney, supervising nurse, from \$1,920 to \$2,120 a year.

Permission has been given for blanket authority to appoint floor duty nurses at \$2,200 a year, effective February 12, and to grant them a step-rate of \$50 a year after six months of service and an additional \$50 a year after one year's service. The maximum salary paid floor duty nurses will be \$2,300 a year.

Permission has been given for a \$50 a year increase for the following floor nurses:

Steva Belansus, Patricia Fay, Dora Finney, Mary Hurley, Mary Lehan, Ruth Walsh, from \$2,200 a year to \$2,250 a year; Charlotte Gorardell, Mary Reed, from \$2,250 a year to \$2,300 a year.

General Division.

For the week ending March 4:

The following provisional employees have been appointed:

John F. McHugh, 458 Shawmut avenue, John J. Meaney, 1675 Washington street, Andrew Beattie, 280 Bunker Hill street, Walter T. Marshall, 69A Circuit street, Leroy R. Randolph, 1119 Harrison avenue, Robert H. Murray, 112 Hillside street, hospital medical workers, \$25 a week; Grace Caizzi, 28 Northampton street, Mary E. Morgan, 40 St. Francis de Sales street, hospital medical workers, \$24 a week; Joseph Scully, part-time hospital medical worker at \$18.84 a week to hospital medical worker at \$25 a week; Albert F. Lynsky, 68 Winthrop street, hospital kitchen worker, \$25 a week; Theodora Ellis, 16 Worcester square, hospital kitchen worker, \$24 a week.

The following weekly nurses have been appointed:

Permanent.—Natalie Moreshead, 43 East Springfield street, Ann C. Bosak, 36 Worcester square, floor nurses, \$2,200 a year; Sophie Zorich, 710 Massachusetts avenue, floor nurse, \$1,784 a year.

The following special nurses have been employed at \$7 a day:

Priscilla Beckwith, 696 Massachusetts avenue, 5 days; Patricia Brennan, 11 East Newton street, 2 days; Rita Bryant, 51 Bloomfield street, 1 day; Martha Costello, 17 Henshaw street, 5 days; Delia DeHont, 289 West street, 1 day; Dorothy Dickinson, Randolph, 2 days; Hannah Donahue, 270 Huntington avenue, 6 days; Mary Donovan, 6 Morrow street, 7 days; Eva Durgin, Somerville, 6 days; Caryl Elms, 145 Hemenway street, 7 days; Margaret Hassett, 6 Buttonwood street, 1 day; Dorothy Maduskine, Norwood, Loretta Mara, 92 Rockview street, 7 days; Marie Marotta, 251 Washington street, 4 days; Ann C. Murphy, 115 Peterborough street, 7 days; Helen P. Nauss, 46 West Newton street, Isabel O'Brien, 70 East Canton street, 3 days; Theresa O'Leary, 29 St. Albans road, 1 day; Elaine Porter, Watertown, 3 days; Elizabeth Praino, Norwood, 7 days; Ann Sedote, 420 Washington street, 3 days; Bernice Stanely, 25 Beacon street, 7 days; Evelyn Keyes, 26 Creston street, Ethel Fitzgerald, Medford, 1 day; Doris Walker, Cambridge, 2 days; Bernice Rawlinson, 440 Newbury street, Muriel Sullivan, 117 East Cottage street, Grace Powers, 16 Spaulding street, Katherine McNamara, 59 Hillside street, 1 day.

The services of the following employees have been terminated:

Permanent.—Josephine M. Lehan, 11 Gates street, floor nurse, \$2,200 a year;

(Continued on page 402.)
